

HTC 3218

Chapter 3218

“What else do you want?” Jade-faced Shura said impatiently, holding back his anger.

“Princess Seven, look at him...” Ghost Zun was also very angry.

Obviously, George Han is not sincere at all. He knew he was playing with them.

“Although George Han is not a scholar, at least he still knows how a basic apology should be said? First, he has to be sincere in his attitude, have regrets in his tone, stand upright physically, and then bow slightly. This is the expression. The basics of apology. Am I right? Seventh Princess?”

“I think, since the Seventh Princess is a princess. It should be better than me, an ordinary man. No, to be precise, it should be the rubbish in the mouth of two people. The inferior people need to know more clearly.” After the

words were over, George Han looked at the seventh princess indifferently.

Too much is simply too much.

Not only must they have a sincere attitude and an appropriate tone, but they must also bow and apologize. This is simply annoying and annoying.

“Princess Seven, this kid is obviously sitting on the floor and raising the price, deliberately making things difficult. The purpose is naturally to trouble us. Humiliate us, you must not be fooled.”

“Yes, Princess Seven, I think. You should get out of the way quickly. , Let me wait and fix this bastard.” The two shouted angrily.

Princess Seven also looked at George Han. After a while, she smiled slightly and said, “Did you not hear what he said?”

“Princess Seventh...” The two were taken aback.

Even the entourage on the side was quite puzzled at this time.

“Apologize. Naturally, there must be enough sincerity.” The Seventh Princess said calmly.

The two popular men were about to crush their back molars on the spot, and the eyes that looked back at George Han wanted to cut him out, but their arms couldn't be twisted with their thighs. The Seventh Princess had already spoken, and the two had to turn around to face George Han again.

Stand up. Then he bowed slightly and said aloud at the same time: “Just now. It was me who were too reckless and caused you harm and insult for a while. Now we both formally apologize to you.”

After speaking these words forcibly, both of them. Turning his head to one side again depressed again, I felt suffocated and suffocated.

“I didn't say forgive you again. What do you mean by

turning your heads away so quickly?” But what the two of them would never think of was. Even though the two of them had endured their anger and did everything, the damn George Han still said these words unsatisfactorily.

The blue veins on their necks were trembling crazily, and the anger in their eyes could burn Han thirty-one million times.

“Just kidding, what are you two doing so nervously? Take it easy.” But just when the anger of the two of them was at its peak. George Han suddenly said that he was so immortal that he poured it down like cold water.

This makes the two people angry, but the anger in their hearts is like hitting the cotton, and the more suffocated, the suffocated.

“Well, since Young Master Han has forgiven you, you haven’t thanked him yet.” Seventh Princess said calmly.

The two were very depressed. But I still have to grit my teeth and say thank you.

The humiliating things that should be done have been done, and if this happens, if any clues happen again, both of them will be mad at death. Therefore, the two of them thought thoroughly about this impending kick.

The big deal is when you close your eyes and eat Xiang.

“Thanks to Young Master Han.”

I am afraid they would not even dream of it. The one who sneered at him one second before nodded and bowed at him the next second.

“Young Master Han. Are you still satisfied?” said the Seventh Princess.

George Han nodded: “It’s quite satisfactory.”

However, he still had to put on a very reluctant look on his face, continuing to ignite the depression of the two.

“Now that Young Master Han is satisfied and in a good mood, can we have a good talk?” Seventh Princess remained patient.

George Han did not immediately agree, he seemed to be hesitating while touching his chin.

“Damn, brat, don’t go too far, I... I warn you.”

“What you asked us to do, we can do it all. If you are...” The

two of them are irritable, even both. It’s smoking...

Chapter 3219

When you endure the humiliation and finish one process after another, you find that there is no sign of any progress in the progress that should have been progressing, or even when it is going backwards.

Not to mention that these two are big monsters, even a normal person with a good temper will be irritable in an instant.

The murderous heart is vicious enough, but to count this, I am afraid that a whip corpse has to be added.

“So nervous?” George Han looked at the two with a smile, as if looking at two second fools.

However, even if George Han’s eyes were frivolous, the two of them did not dare to get the slightest anger. After all, their hearts were about to explode at this time, but when George Han did not explicitly refuse, they did not dare to give up all their efforts. .

Forbearance, I forbearance.

“Tell me what you want to bet on.” Having played enough, George Han didn’t want to make any more changes in front of these two people. The anger of the two had reached the extreme, and not only did he exhale, but at the same time it also achieved some of its own goals.

Therefore, if there is a degree, there will be no effect.

When George Han said this, not only Yumian Shura and Guizun breathed out at the same time, but even the Seventh Princess beside him couldn’t help but relax slightly.

It is finally on the right track.

“I want to bet on your future.” The Seventh Princess smiled.

“My future?” George Han was taken aback.

“The world’s talents have always been the best among the people. Naturally, many people are looking for talents and thirsty.” The seventh princess smiled and said: “The young man just fought, and my palace likes it very much. Therefore, I want to set a condition, if it is a young man. I lost under this condition. I want to invite the son into my family. Do you think it is feasible?”

“Princess Seven, you want to accept him into our family? I heard that right? This is the person who is going to kill the Patriarch and his old family, and is also the culprit who annoys the son.”

“Including the marriage between us and Devil Cloud Ghost City, but also for...” The entourage next to him immediately whispered anxiously when he heard this.

Doing so much is to kill this kid, but the seventh princess suddenly goes the opposite way, which is really confusing and anxious.

Jade-faced Shura also hurriedly walked to the seventh princess and nodded: “Yes, seventh princess, this matter is absolutely not a joke.”

“Father and son, I will naturally find a solution. I also believe that if my father sees this person with his own eyes, he will have the same idea as me.” The seventh princess decisively cut the railway.

More importantly, the Seventh Princess has a small plan of her own.

Otherwise, why should she do this? !

“Then what if I won?” George Han said.

“If you win, no matter if you are seriously injured or in critical condition, I absolutely guarantee that people here will not take advantage of others, and even, I will arrange for someone to escort you out of the city of red soil, what do you think.” Seven princesses said.

Hearing this bet, George Han put away his emotions just now and frowned slightly, obviously considering it.

In fact, this point of the Seventh Princess actually hit George Han’s seven inches invisibly.

Now he was barely fighting with Xia Wei’s Phoenix blood. Given that the effect of the medicine was very slow this time, George Han was also worried about whether the effect of the medicine would continue to decline a lot.

At that time, even if you barely win, I am afraid that the body will not be able to insist on resisting the weak and remnant soldiers. With the promise of the Seventh Princess, it can indeed save a huge worry.

Moreover, if he loses, even his life is even explained here, the effectiveness of the seventh princess is actually not unacceptable.

No matter how you look at this deal, George Han didn’t suffer at all.

However, George Han is by no means a reckless person. On the contrary, he noticed a subtle detail: “Betting is somewhat interesting. However, you just said that it is under certain conditions. Then I would like to ask, this What are the specific conditions?”

Hearing George Han’s words, the seventh princess smiled lightly. It seemed that she hadn’t wasted her efforts, and now George Han had basically agreed.

“This condition is very simple...”
