

After they got into the dining room and had some drinks, Liu Hua saw that Su Wenlun and Jiang Yan were a little tipsy already and she reminded Jiang FungGuang.

The man then said, "Jiang Yan, brother wish to ask for a favor."

Jiang Yan simply waved her hand and said uncaringly, "Bro, just say it. As long as I can help, I will definitely do my best."

"Actually, brother isn't doing so well lately and now that Yimo is doing so great, I wish to borrow some money from you." Jiang FungGuang said.

Liu Hua hurriedly added, "We are just so desperate and we don't have any ways already. Otherwise, we wouldn't be making such a request. Jiang Yan, now that you are wealthy, you won't just sit by, right?"

The moment Jiang Yan heard that they wanted to borrow money, her drunkenness was swept away. She knew Jiang FungGuang's character all too well. Once she lends the money, it is just next to impossible for her to get anything back.

"Bro, how much do you need?" Jiang Yan asked carefully.

Jiang FungGuang showed two fingers.

Jiang Yan asked, "Two thousand?"

“Jiang Yan, are you trying to insult me? You think I need to borrow just two thousand from you?” Jiang FungGuang said and his tone showed a little anger.

“Then, how much do you want?” Jiang Yan steeled her mind. If the man wanted twenty thousand, she would just give in for the sake of pride. Now that the woman finally had it going on, she needed to show some muscle. Otherwise, she wouldn’t be able to convince her family.

“Two hundred thousand.” Jiang FungGuang said indifferently.

“Two hundred thousand?!” The moment Jiang Yan heard that, it was as if she woke up from a nightmare. Although life had gotten slightly better now, she didn’t have much cash in hand. Not only that, two hundred thousand was just too much of a greedy demand.

“Just the two cars in your house are worth more than one million already. Not only that, you are frequenting five-star hotels for a meal. Isn’t that just a little amount?” Jiang FungGuang said.

Liu Hua knew that Jiang Yan was a prideful person and it was important for her to rub some butter at this time to increase the likelihood to borrow money.

“Jiang Yan, you are different from before now. Two hundred thousand is just nothing for you. I

think you have gotten used to a rich man's lifestyle, no? Your net worth must be a few million already!"

When Jiang Yan heard that, it felt like honey in her ears. But she wasn't able to take out two hundred thousand.

When Su Yimo saw the expression on Jiang Yan's face, she hurriedly said, "Uncle auntie, if you want to borrow so much money, just go and take a bank loan. But even if you want to take a loan, it depends whether you have the ability to pay back or not."

Su Yimo had made herself clear. They didn't show any ability to repay the money, so why should she lend them?

Liu Hua's expression turned grim and she fumed, "I am talking to your mother, how can a youngling like you interrupt us!?"

"Jiang Yan, when you were at home, we had been speaking in favor of you. A lot of relatives were making fun of you that you've married to a useless man from a rich family. If you lend us money and after those relatives find out, do you think they will make fun of you anymore?" Liu Hua averted her head and continued to persuade Jiang Yan.

Jiang Yan desperately wanted to change her family's impression towards her. But two hundred thousand was just too high a price to pay. Most importantly, she didn't have so much

money at all.

Jiang FungGuang harrumphed, “Jiang Yan, don’t tell me you rented those cars just to show off in front of us!?”

“Don’t you want to go home properly this year?”

After their relentless persuasion and the fact that Jiang Yan wanted to go home properly, she nodded!

“Okay!!”

Su Yimo was just shocked. Where should they find two hundred thousand for Jiang FungGuang? Did the mother expect them to steal?

“Mum...”

Jiang Yan simply glared at Su Yimo. The mother was determined to puff herself up.

When Jiang Shen saw that the deal was sealed, he gave an excuse of going to the washroom and left the room.

Su Wenlun didn’t dare to utter a word the entire night. Because Jiang Yan was the one who makes every decision at home. Even if he were to protest, she wouldn’t entertain him.

“Actually, we are borrowing the money for Jiang Shen, he had an eye on a business project lately and needed a startup capital. Don’t worry,

after we earned enough money, we will pay you back immediately!" Jiang FungGuang said with a smile. The man made sure to tell her that he would pay back when he had earned enough. As for the definition of 'enough' rested solely on him.

Liu Hua simply pinched Jiang FungGuang's thigh and glared at him: Why are you saying something unnecessary?

"We are coming here for just a short time. When do you think you can give us the money?" Liu Hua asked.

Jiang Yan took a look at Su Yimo. Only Su Yimo could take out two hundred thousand. And now the mother was regretful already. However, she had given her words and now she had no choice but to charge right into the trap.

After so many years, she finally got a chance to make herself proud in front of the family. She would not allow herself to be humiliated.

"The day after tomorrow, we need time to withdraw money as well." Jiang Yan said.

"Good good!" Liu Hua had the sunniest smile on her face.

When Liu Hua saw that Jiang Shen hasn't been coming back after a long while, she was worried that something might happen to him. Just when the mother asked Jiang FungGuang to go check on him, the door to the dining room

was kicked open with a loud bang.

Jiang Shen was thrown inside the room and the man face was completely bruised. After that, a few huge and fierce looking men followed him inside.

Liu Hua was a protective mother. When she saw her son getting injured, she dashed towards him right away.

“Jiang Shen, are you all right?!” Liu Hua asked nervously.

Jiang Shen was covered in tears and snot. Just like a little girl.

“Who are you guys?! Why are you beating my son!?” Liu Hua roared.

One of the large size men with thick gold necklace walked forward, “Why are you barking? Crazy bitch. You got yourself a crazy son that dared to tease my woman. So why shouldn’t we teach him a lesson?”

When Jiang Shen went to the toilet earlier, he met a sexy woman in sensual dress. The man was a little tipsy and he teased the woman a little. But it turned out that she was the girlfriend to a gangster. His men gathered around him and beat him up.

Jiang Shen was so frightened and he broke into tears right away. The young man knelt and begged for forgiveness. But the other party just

wouldn't let him go. Not even after Jiang Shen gave them the Su family's name.

The moment Liu Hua heard that man, she was even riled, "Look at what that whore is wearing. Isn't she just seducing my son!?"

The moment the big guy heard that, he fumed in anger. The man stepped forward and made a menacing smile, "What a demented bitch! Even if my woman wears nothing, do you think your son has any right to try her?"

"That kind of whore is just asking f..."

Before she finished, the big guy's underling gave Liu Hua a punch right to her face.

Jiang FungGuang did not man up at all and his face turned completely pale. He hurriedly turned to Su Yimo and said, "Su Yimo, aren't you from the Su family? Hurry and get over to scare them off!"

Su Yimo simply ignored them. Jiang Shen brought that upon himself and Liu Hua made it even worse. Why should she get herself involved?

The moment the big guy heard Jiang FungGuang, he scoffed, "What bullshit Su family? Even if they come, I will not give a shit."

"Are you the father of this idiot? Come over here and bow your head. If I am happy with your apology, I might not beat you up." The big

guy spoke towards Jiang FungGuang.

Jiang FungGuang was trembling already. But he was firm and angry towards Su Yimo, "Su Yimo, do you really plan to sit back and ignore us? I am your uncle!"

Su Yimo showed an undisturbed expression and she wasn't even bothered to speak at all.

At that time, Su Wenlun mustered his courage and stood up. The man spoke towards the gangster, "I am Su Wenlun from the Su family. Give me some face and just let this go."

The big guy simply looked at Su Wenlun and broke into a laughter, "Su family? Who do you think you are? If you don't mind your own business, do you believe that I will beat you up as well?"

When Jiang Yan saw that the big guy was just uncompromising, she stretched out her hand and wanted to pull Su Wenlun back. But Su Wenlun reacted even faster and sat down right away, without another word.

"It is fine if you don't want to kneel and apologize. I am the most considerate person. Now that you harassed my woman, just pay back a few hundred thousand will do." The big guy smiled.

When he saw that none of them were responding, he gave Jiang Shen a heavy kick and fumed, "If you don't have any money, I'll

remove his manhood!”

“Bro, I don’t have money. But... I have a car, take the car and please let us go!” Jiang Shen took out the car keys of the Audi.

“Jiang Shen, that is my car! Who gives you the right to do that!?” When Su Yimo saw that, she stood up burning in anger.

And then, the big guy noticed Su Yimo and his eyes lit up.

What a beauty!

“Su Yimo, that is just a car. Do you really want to see them beating Jiang Shen to a handicap?” Jiang FungGuang couldn’t care less about other people’s belonging at all.

“My darling, I am not short of money. It is just an Audi and it wouldn’t be enough to impress me.” The big guy threw the car keys away and walked towards Su Yimo.

“What do you want?!” Su Yimo looked at the big guy vigilantly.

“Why not you accompany me for one night and I let this go?” The big guy leered at Su Yimo indecently.

"You dream." Su Yimo was in distressed. She wasn't related at all but the big guy involved her forcefully.

The big guy simply smiled and continued to leer at Su Yimo and exclaimed, "Look at that body~ I wonder how it feels when I strip you naked. My darling, I'm afraid you don't have a say anymore. And I advise that you better obey my words. I have never let a woman I like escape me!"

"You better don't push it. She is a granddaughter of the Su family. The Su family will not let you off easily!" Jiang Yan wouldn't allow this guy to take advantage of Su Yimo. If the grandmother were to find out about this, Su Yimo's future would be doomed.

"Su family?" The big guy frowned. They kept mentioning about some Su family and he didn't even know about them. The man asked, "What is this Su family? Are they really that great?"

"You don't even know about the Su family? How did you even live in the Yun city, she is Su Yimo!" Jiang FungGuang said.

The big guy simply gave Jiang FungGuang a kick and spat on him, "Who do you think you are? You should bend down when you talk to me, got it?"

Jiang FungGuang just want to give himself a slap. Why did he even bother? Then he wouldn't need to get beaten up for no reason.

The big dude turned around and looked at Su Yimo. The man didn't show the slightest fear and he was grinning ear to ear at Su Yimo, "No wonder you managed to cause such an uproar three years ago. What a beauty! Don't tell me your trash husband is that thing?"

The big guy was pointing at Jiang Shen. But at that time, even the crazy Liu Hua didn't dare to speak a word.

"I advise that you better not bring trouble to yourself. Otherwise, you will definitely regret it." Su Yimo said.

"A spicy one, but I like it. I wonder if you can act this way in bed as well~ But no worry, I still have a guest and I will give you some time to reconsider. After I am done with my meeting, I'll come back for you." Before the big guy left, he asked his men to stand guard outside the door.

Jiang Shen wanted to escape. He opened the door quietly but what welcomed him was another round of beating.

Liu Hua was just heartbroken. But she didn't dare to utter a word.

"What should we do? Yimo, why not you just call your grandmother? If Madam were to show up, she might be able to handle this." Jiang Yan spoke to Su Yimo fearfully.

Su Wenlun simply sighed. How could the grandmother care about this? Not only that,

that big guy was obviously unafraid of the Su family.

“Mom will not interfere. And that man doesn’t seem like an ordinary person at all.” Su Wenlun said.

“Then what should we do? Do we really let our daughter serve him?” Jiang Yan glared at Su Wenlun.

Su Yimo stared at Jiang Shen and she was just erupting in anger. If it wasn’t for him, why would they have got into such trouble!

When Liu Hua saw that enmity from Su Yimo, she hurriedly fumed, “Su Yimo, why are you glaring at my son like that? That woman was dressing so provocatively, how can you blame my son?”

Now that the big guy wasn’t here, even Jiang Shen’s temper rose and he said, “That woman was just a whore. I just teased her a little and they were just being unreasonable!”

Su Yimo gave up and simply smiled powerlessly. Even up to that point, Jiang Shen didn’t feel that he had done anything wrong. And Liu Hua was still protecting her son.

“Really? Why didn’t the lot of you say that earlier? Okay, I shall relay a message when he comes back later.” Su Yimo said coldly.

“You...” Jiang Shen pointed his finger at Su

Yimo but he just couldn't say anything.

"Let's not find fault now and think of a solution. Yimo, hurry and call your grandmother!" Jiang Yan urged her.

"Mum, do you think grandma will entertain something like this? Don't you know her personality already? She can only show her overbearingness in Su family. And she just wouldn't offend others for my sake." Su Yimo drew a deep breath and continued, "He, is the only one that can save me."

"Who?" Jiang Yan asked curiously.

"Jingru."

"Han Jingru?" Jiang Yan looked at Su Yimo in disbelief, "Have you lost your mind? You expect that trash to save you?"

"Yimo, why not you try calling Su Ruijin? Maybe he has connections that can handle this." Su Wenlun simply filtered what Su Yimo said earlier.

Han Jingru? How was that possible that he can handle that big guy?

"Su Yimo, are you humiliating me? Asking him to solve my problem. If you don't want to help, just say it. Why are you humiliating me in such a way?" Jiang Shen said furiously.

Unbelievable...

Su Yimo was just overcome with anger and she didn't even know what to say. That idiot had truly... an amazing sense of superiority.

"Do you think I want to help you? If it isn't for the sake that I am dragged down by you, I wouldn't even bother." Su Yimo said that and took out her phone.

When Jiang Yan saw that Su Yimo was browsing Han Jingru's number, she was even more anxious, "Yimo, do you really want to call him and waste your time? What if the big guy comes back?"

"Mum, stop talking. The lot of you, shut up!" Su Yimo raised her voice and said impatiently.

Liu Hua glared at Su Yimo. That young lady was just hot tempered. But as she thought that the big guy will be sleeping with her and letting her son go, she felt that it was acceptable.

Once the call went through, Su Yimo asked, "Jingru, where are you?"

Han Jingru was slurping on his instant noodle and he answered, "Home."

"You... I got into some trouble over here. Can you come and help?" Su Yimo said in embarrassment. They didn't bring Han Jingru when they were eating and now she was calling her because they got into trouble. It was all Jiang Yan's fault, if it wasn't for her, they wouldn't have left Han Jingru alone at home.

"No problem, I'll be on my way now." Han Jingru said unhesitantly.

When Su Yimo heard that, she was relieved. She wouldn't force Han Jingru to do anything by strong-arming him with their fake relationship. If the man wasn't willing, Su Yimo wouldn't pressure him.

When Jiang Yan saw that Su Yimo ended her call after a few simple words, she was even more worried. The mother hurriedly said, "Yimo, hurry and make a call to your grandmother. How can you rest all of your hope on Han Jingru?"

Su Yimo simply said indifferently, "I believe in him."

"You, that..." Jiang Yan was so furious that she didn't know what to say.

Jiang Shen simply looked at Su Yimo with a sneer. If they couldn't solve this situation, he would get beaten up but Su Yimo would need to sleep with that man. And since Su Yimo wasn't worried, why should he?

In the other dining room in the hotel.

The big guy was giving his toast obsequiously, "Mr. Heng, if you succeed in the future, please remember to take care of me as well. Now even Cheng Gang fell by your hand, the entire Yun city will be yours in no time!"

Ling Heng simply continued to drink. He wasn't showing any expression but he was smiling bitterly inside.

Previously, he would have accepted those fawning words heartily. Because the Yun City was within his grasp.

But after that incident with Changbing, Ling Heng could feel that his distance from the first seat in Yun City had become greater. His performance in the underground casino had disappointed Han Jingru.

And now that Molan showed signs to re-engage in the underworld, he just didn't have the courage to compete with the man.

"Don't worry. If I get the chance, I will not forget you." Ling Heng said.

The big guy was smiling fawningly and he hurriedly nodded, "Then I shall thank you in advance, Mr. Heng! Let's drink!"

When they were drinking, Han Jingru came into their room with a grim face.

The moment Ling Heng saw Han Jingru, he jumped up from his seat right away.

What is he doing here?

"Mr. Jingru." Ling Heng bowed and greeted the man respectfully.

The big guy was a little drunk and he asked Ling Heng with a smile, "Mr. Heng, who is that? And why are you treating him like that, is this a joke?"

Ling Heng glared at the big guy and he was afraid that he might run his mouth to offend Han Jingru. The man fumed, "Shut your mouth right now. This is not a place you can speak!"

"Is this your friend?" Han Jingru asked Ling Heng.

Ling Heng couldn't guess the reason behind Han Jingru's sudden appearance. He didn't dare to admit and simply answered, "Just someone I know and drink together."

"He is quite the bold one, forcing my woman to sleep with him." Han Jingru said with a cold tone.

The moment Ling Heng heard that, he felt a chill down his spine. The man was aware of the reason Han Jingru stayed in the Su family like that for the past three years.

And that big guy dared to do that to his woman?

Ling Heng grabbed a wine bottle and hurled it on the big guy's head.

The big guy was brought sober. He held his head and asked Ling Heng in puzzlement, "Mr. Heng, you, what are you doing?"

“What am I doing? Do you not fear death? To even covet Mr. Jingru’s woman?” Right after Ling Heng said that, he raised his hand and the man’s underlings seized the big guy and pummeled him on the floor.
