

HTC 4001

Chapter 4001

Hearing Mingyu's answer, Pei Gu was obviously in a trance, and people also retreated at a loss.

"This..."

Ming Yu smiled bitterly: "I know, it may seem extremely abrupt to you when I say this. But believe me, there is nothing in this world that George Han can't do."

"Speaking of which, He had a code name before, do you know what it is?"

Pei Gu frowned slightly: "What?"

"Miracle!" Ming Yu sighed softly: "I know that some people must smile when they hear this kind of name. However, in George Han, this is not the case."

"The Bafang Central Plains, these are not ridiculous, but real legends."

"Not one, not two, but many."

"Like many people As said, once a person may be luck, twice may be luck, but three or four times is strength ."

"Isn't it?"

Pei Gu did not deny it immediately, his eyes just stared at George Han's hands. The stone seemed to want to see through it.

"I really didn't expect that a person would carry the most outrageous and absurd code name, but, as you said, this code name appeared on his body, George Han, I really can't laugh."

"It's just, even so, I don't quite believe that the Five Elements Divine Stone in his hand is real. It's unlikely. Destiny..."

Ming Yu interrupted Pei Gu's words and continued: "You said, The Stone of Destiny has no news at all in this world, and it doesn't even exist in this world at all, does it?"

Pei Gu didn't mind being interrupted at this time, and nodded: "Yes, and because of this, I am even more reluctant to

believe that the divine stone in George Han's hands will be the Five Elements divine stone."

"But I But it is precisely based on this restriction that it is determined that what he has in his hand must be the Five Elements Divine Stone." Ming Yu said bluntly.

Hearing this, Pei Gu frowned and was a little puzzled: "Oh? Elder, what do you mean by this?"

"Perhaps as you said, the Stone of Destiny does not exist in the Bafang world, it exists in another world. " Ming Yu finished his words and looked at Pei Gu: "But, George Han has another world in

his hands.” “He has another world in his hands?” Pei Gu was puzzled and puzzled: “Elder, I I don’t understand your words very well.”

“The Heavenly Book World.” Ming Yu explained: “A different realm that is separated from the Bafang world but exists in the Bafang world. I have been there once, it is vast and vast, like a smaller Bafang world.” Is it

true?”

“Thousands of Han’s three thousand tribes live here and live and work in peace and contentment, how can it be fake?”

Pei Gu didn’t speak, his eyes were full of surprise.

A place to live and work in peace is obviously not comparable to a fantasy. Naturally, it can only be the second world.

Of course, he has lived for so many years, and he has only heard rumors that there is such a place, but he has never tested it, and he has never seen it with his own eyes.

“Previously, the southern part of me was suddenly attacked, which was what the Book of Heaven did. Before he left the customs, he used the Book of Books to pack people in, and then he arrived at our department alone. With the ability of his George Han, he wanted to approach me on his own. It’s really simple to keep the troops undetected. After that, he pulled the soldiers out of the Heavenly Book World, so there was a sudden attack in the south, but I thought it was an ambush.”

“Such a world hides the destiny . The original stone seems to be very

likely , and it is in line with what you said, so I suspect that after George Han has such a world, he has already discovered the Stone of Destiny.”

“As for the other stones of the Five Elements, slowly, he will gather them together.” Ming Yu finished his words and sighed: “In the case of the Stone of Destiny, it is absolutely impossible to collect the Stone of the Five Elements more difficult than that. The Pangu Axe, but he even has the Pangu Axe, what is the stone of the Five Elements?”

Pei Gu nodded: “What the elder said makes sense. However, it was still difficult for Pei to accept it for a while. “

“Why?” Ming Yu asked inexplicably.

She believes that her explanation is enough, and although it is only speculation, it is basically true.

But why does Pei Gu still believe it?

Pei Gu gave a wry smile: “Because I accept that he has these things. It’s easy, but what about accepting me and waiting for failure?”

Chapter 4002

“I failed?” Ming Yu asked suspiciously.

“If he really has the Five Elements Divine Stone in his hand, how much chance do I have to wait?” Pei Gu said.

“I have an army of more than 200,000 people...”

Before Ming Yu finished speaking, Pei Gu interrupted him with a laugh.

“The power of the Five Elements, I am afraid that Elder Shenlong doesn’t know much about it, and neither does Pei.” Pei Gu chuckled, full of bitterness “Of course, after all, they are the foundation of the Five Elements.”

“What’s more, George Han Since the five elements are truly awakened, their power will truly reach the realm of terror.”

“Let’s see how the world changes.”

“More than 200,000 troops?” “Can it really block its edge?”

After falling, Pei Gu was speechless.

He knew that some things might really come .

Ming Yu didn’t reply for a long time. She really didn’t believe what Pei Gu said, but she turned her thoughts and thought about it. You know what the patriarch of one party said, how could it be false?

“Where is the ground wood?”

Suddenly, George Han shouted in the air.

The next second, where the ground fissures, countless swarms suddenly rose up. Before the people on the ground could react, they had already wrapped their people, and then pulled them into the ground the next second.

On the other hand, George Han’s side also had the ground rising, but it suddenly stopped when it reached its surroundings, and obediently released a faint green light, shrouding the crowd inside.

In the hood, the three-door commander and others only felt the warmth in their bodies, and at the same time, the pain on their bodies was also healing.

“Tianhuo, earth shaking, vines, golden light, Tianshui, the five elements are gone!

” Pei Gu hurriedly shouted to Mingyu next to him: “Quickly let everyone, direct their energy to George Han to resist, the five elements of Tianwei, Coming soon!!”

“What?” Ming Yu woke up and said in shock.

“Everything will be destroyed by the power of heaven, hurry up!” Pei Gu shouted in a hurry, and shouted coldly at all the disciples of the Pei family: “Give up the attack, collectively defend, attack the three thousand places in the country, and attack me!”

“Yes!”

General Wan commanded the order, and in the next second, he gave up all offensives, turned to face George Han, and all methods could rush away.

Ming Yu also reflected at this time, and shouted: “Everyone gave up the attack and entered a defensive posture, targeting Han 3,000 !

” Suddenly, hundreds of thousands of magic energy slammed like the light of the earth, directly attacking George Han and leaving.

Looking at the almost boundless light of magic energy, George Han believed that even if anyone faced it alone, they would have an extremely powerful sense of fear. Even myself.

But George Han has long understood that when he takes that step, he will wait for this moment. die? What is there to fear? ! So many of his brothers have been sacrificed, how can he shrink back as a dignified leader? !

The only thing he worries about is that in the face of such a huge attack, will the ultimate power of the Five Elements Divine Stone be offset? He hoped that his move would reduce the number of enemy troops to the greatest extent possible. At least, the remaining 10,000 brothers would have more chances to survive.

“Brothers, I don’t dare to say anything else,
but someone from Han will really do his best.”

“The rest, you and my brothers and others, obey the destiny.” After the words were finished, George Han closed his eyes slightly, and at the same time The whole person adjusts all the energy in the body.

Half of the power is directly poured into the Five Elements Divine Stone to catalyze it. On the other side of the power, the left hand of the emperor is urged to the limit, and the right hand has no phase magical power to catalyze it to the limit.

You Huang can block, and Wuxiang Divine Art can be swallowed and reversed. Both are his strongest defensive killing moves. George Han has almost taken out all the things he can take out.

Of course, he is not for self-protection, but to ensure that the power of the five elements is not offset by these forces.

“Brothers, it’s up to you.” With
a cold voice, George Han’s hands moved at the same time! !

Chapter 4003

“Come on!”

Boom! ! !

The Five Elements Divine Stone suddenly released a huge force, and the sky trembled for it!

The ground is condensed by all kinds of firepower, and it also makes the earth tremble!

The two forces are skyfire and landmines, and they come with a bang.

All of them stared at each other with bated breath.

“Boom!!” The

two forces finally arrived and collided with each other.

With a loud bang, the Tianfang Buddha was trampled.

Countless people swayed violently, and they all sat upright on the ground.

And even though there was a high wall guarding the city, the powerful shock wave still shattered the houses in the city.

Houses that are a little more stable are not bad, but they often explode in the corners. Those houses that are a few years old are miserable because of this. Many collapsed on the spot, and there is no possibility of rebuilding.

“Crap... it’s terrible.”

Suddenly, Pei Gu roared.

Shun Pei Gu looked at it, and Ming Yu was also shocked. Above this sky

, although the two forces collided, they did not explode completely.

Instead, they are stalemate.

Compete against each other secretly.

“We... how could the attack of so many of us... how could it suddenly stop?”

“This is...”

Ming Yu didn’t know how to describe it.

More than 200,000 attacks, even if one person spit saliva, together, it will be a monstrous torrent, but it is so powerful, but it is resisted by George Han at this time.

This cannot be said to be unbelievable, it is simply unbelievable.

“George Han used the power of the five elements to resist our attack first, but did not use the power of the five elements to digest it. This guy seems... seems to want to eat our attack in another way, and then use the power of the five elements to digest our attack. , call us all. This bastard...” Pei Gu was inevitably flustered.

If one’s own attack cannot resist

the power of the five elements, then once the power of the five elements falls, won’t all the people below be beaten to pieces? !

“He would do this!” Ming Yu was also shocked at the same time.

“But the question is, with such a huge power, how can he eat George Han? Even if he explodes, it is impossible.”

“I don’t know, but I have played against him a few times and found him very strange. The Wuxiang magic can transform the power of ten thousand people, but now there is still an invisible escape, I...”

“Then what should we do now? We should continue to lead the master to destroy his rhythm, or hurry up and take advantage of the swallowing stage, How many counts? How important is life?” Pei Gu said in a hurry.

This question was asked to Ming Yu, and it was indeed asked directly for a while.

To ask what to do, Ming Yu didn’t know for a while.

If they attacked George Han, they would definitely come into contact with George Han. If they failed, they would

endure .

But if they choose to withdraw at this time, the team will be scattered, and the momentum of the siege will inevitably be lost, which also means that their siege plan of a total of 400,000 people will be declared a failure.

One side is life, the other side is unwilling to take credit, how to choose is a huge problem.

“Elder Shenlong, there is not much time to choose, make up your mind quickly.” Pei Gu urged.

“It’s now, we can’t give up the siege of the city, let’s not talk about life or not, but I will become the laughing stock of the world in the future. What do you think, Patriarch Pei?” Ming Yu said.

Pei Gu didn’t speak. If there was no Xiao Qi’s words, Pei Gu naturally knew that what Ming Yu said was true, everything was short of the last breath, and there was no reason to choose to let go of it at this time.

But just because of Pei’s inherent Xiaoqi’s remarks, Pei Gu didn’t have to kill George Han at this time , so it was unreasonable to go all out.

Secondly, if he wants to accept George Han, it is even more impossible for him to do much for it.

How could he be willing to take his life to fight?

He was just out of love, so he couldn’t go up or down.

Said that he was unwilling to attack, and that he could not step down, Pei Gu sneered: “Everything about Pei, listen to what the elders have to say.”

Ming Yu heard the words, gritted his teeth, but did not notice Pei Gu’s heart: “Okay, since That’s it! The generals will obey orders!”

“Drink!”

“The war has already heated up. If George Han is not dead, then we are dead!”

“All masters, kill George Han with me immediately!” “

Yes!”

, Ming Yu waved his hand, and in the next second, he took the lead, followed by thousands of masters, attacking George Han.

Pei Gu glanced at his entourage and gave him a mysterious smile. After a while, the elites of the Pei family with hundreds of lives also set off with him...

Chapter 4004

The three-door commander couldn't help but break a cold sweat for George Han.

Can George Han resist such an offensive?

George Han didn't have no predictions about the expert raid, but George Han didn't prepare too much for it.

There is no other reason, it is really that George Han has no other way to deal with it.

There is only one person, so we can't come out with three heads and six arms, right? !

“George Han, stop immediately. If you are obedient and captured, I can promise you to spare your more than 10,000 soldiers from dying.”

Ming Yu was the first to arrive, and George Han pointed at George Han with a long sword and said coldly.

“Hmph, spare them from dying?” George Han smiled disdainfully: “Mingyu, I have been with me for so long, you should know me best, I, George Han, hate others to lie in front of me

. You are doing it for me. Are you worried about the lives of your brothers? I'm afraid not, are you begging me for your army of 200,000 people?”

“George Han, let me ask you, you have the Five Elements Divine Stone in your hand.” Ming Yu said coldly.

“You ask me, do I want to answer you?”

“You don't have to answer, even if you have the Five Elements Divine Stone in your hand, so what? With my firepower of more than 200,000 horses, you want to rely on yourself to swallow some of it, and then use The power of the five elements kills us, aren't you whimsical?”

“Can you swallow it? What awaits you will eventually explode and die. And once you die, I want to ask you, even if our army is captured by you. What about the injury? With so many masters of mine, are your gang still alive? You shouldn't be naive to think that with your rabble, you can beat us?”

“Hmph, the Pei family's 100,000 elites plus your 300,000

men make a total of 400,000 people. Even if I kill a lot of them, the foundation is still there. Therefore, with your huge numerical superiority, our army is indeed hard to beat. “George Han smiled coldly:

“Don’t make it sound like you guys are very powerful. When it comes to individual soldiers, you are all garbage.”

“George Han, winning the king and defeating the bandit, of course, the Ying family will write history according to what they say. , how can you be strong alone? It’s not the same as being destroyed.”

“Obviously listen to my advice, you are good, everyone is good, why bother? Why waste your energy, and why add casualties?”

Hearing this George Han laughed loudly at the remarks: “Mingyu, Mingyu, you really seem to have won what you did, where did you get your confidence?”

“Confidence is that I am surrounded by thousands of elites now, if you continue If you want to do what you think, I can guarantee that they will interrupt

you immediately. At that time, you have only two outcomes, either, you will be destroyed by us, go into flames and die, or we will kill you directly, and then More than 200,000 spells can directly explode your body into slag.” Ming Yu said coldly.

“Is there no third option?” George Han asked with a smile.

“Do you have a third option?” Ming Yu said coldly. “If not, I would like to ask, why are you hesitating just now?” George Han said with a disdainful smile, “Aren’t you afraid that if you fail to attack me? Isn’t it difficult for you to ride a tiger

?”

Yu’s face was solemn, and he didn’t say a word. Yes, George Han said nothing wrong. He did analyze everything completely without revealing anything.

“What? Are you dumb?” George Han laughed coldly: “How about, let me talk about the third option?”

Ming

Yu was very angry, but at this time he really couldn’t refute it. When he moved, he could only grit his teeth: “Then talk about it, I want to see what kind of shit you’re going to let out.”

“You want to stop me, there is such a possibility, but don’t rule it out, you can’t completely stop me. I know that I’m dead anyway, but if you are at such a close distance, can you bear it? If you stop my residual attack, then I don’t know.”

“In case the jade and stone are all burned, I can actually say it, I’m afraid there are some people, I’m afraid...” George Han shook his head with a smile: “At that time, the loss would be heavy. “

So, under this premise, I mentioned my third possibility, you quit the siege ranks, and I, George Han, can let go of the past, and everyone will not commit river water in the future, how about that?”

Chapter 4005

“George Han, what nonsense are you talking about?” Hearing this, Ming Yu frowned.

Let's not say whether she can accept it or not, she can't explain it to her master when she just goes back, and she can't explain it to the rest of the world.

No matter how bad she is, she still wants this face.

"Don't worry, I know what you're thinking, and I'll tell the whole world that you and I ended the war peacefully. No one wins or loses. Even if necessary, I should go to the city and suffer some losses, saying that my family suffered a small defeat." George Han cold voice.

"You're dreaming!" Ming Yu shouted coldly.

"Then you can take a gamble!" George Han laughed coldly, not at all afraid.

"You!" Ming Yu was furious.

Of course, she wanted to make a big move because of this, but quickly hesitated.

Because she knew very well that what George Han had just said was exactly what she was worried about.

No one cares about their own life!

Including her Mingyu!

But obviously

, she couldn't agree to George Han's condition.

"Actually, I really don't want to go this far with you, but at the moment, there is no other possibility except for us to fight each other." Ming Yu shouted coldly.

After the words fell, many masters quickly spread out and surrounded them.

George Han smiled coldly: "Really?" When the

words fell, George Han also urged the dragon's heart in his body again for the final energy gathering.

Both sides ****, the smell of gunpowder has reached its peak.

"Do it!" Ming Yu waved his hand.

Suddenly, thousands of masters attacked George Han directly.

"Roar!"

With a roar, a giant shadow suddenly rushed out and attacked the crowd.

In a trance, the sharp claws passed by, and it was already a shadow of a sword, light and sword. When turning around, it roared at everyone: "Roar!" "

That is..."

"What is that?"

Secretly startled.

And the masters who were facing each other in the sky suddenly had lingering fears, and tried to take a step back to maintain an appropriate safe distance from them.

“The gluttonous gluttons of evil are here, whoever dares to be the enemy of our lord, take a step forward!”

A mighty and domineering remark shocked the audience, like the sound of a bell, firmly hammering people’s hearts.

“The glutton of evil?”

Some people heard the words, some people had seen George Han before, and now seeing this behemoth, they couldn’t help retreating.

In fact, George Han was a little shocked at this meeting, not because it was a glutton of evil, but because it suddenly opened his mouth to speak.

This has never happened in the long time that George Han has been with it.

No one dared to step forward for a while.

Even Ming Yu and Pei Gu did not dare to leave at this time.

“Here, is there the blood of the ancient beasts?” Evil Taotie blinked slightly, and the one-eyed slowly looked at Pei Gu.

“I belong to the Yato family!” Pei Gu said proudly.

“Xiao Xiaoyao’s bloodline, dare to be mad here?” He drank coldly, and said with disdain: “For the sake of your ancestors and my acquaintance, quickly retreat, this matter, I can treat it as nothing. occur.”

“Otherwise, don’t blame me for not remembering the past and slaughtering your entire clan!”

Pei Gu was shocked when he said these words.

Maybe he didn’t care what others said, but facing the ancient beasts, Pei Gu, who was also the bloodline of the ancient beasts, had no choice but to be slightly afraid of it.

It is said and done.

Moreover, what terrified Pei Gu the most was that he had fought against Evil Taotie before, but Evil Taotie was obviously much smaller at that time and could not speak, but why now...

Pei Gu is not stupid, He knew that the gluttony of evil was growing, or, in other words, recovering towards its peak.

Once, at that time

, slaughtering his entire family will not be a joke, but in the near future.

Thinking of this, Pei Gu obviously wanted to quit.

Ming Yu noticed that something was wrong, and shouted at this time: “You don’t confuse the public with this demonic talk. It is still unknown whether you and George Han can get out of here today, and you dare to say who will kill the whole clan?”

“According to your attitude, Even if you are really a glutton of evil, I’m afraid it’s just a young age, and it’s easy to kill you.”

“It’s you, since you and the Pei family are of the same ancient bloodline, so if you are willing to submit to the Pei family, I will protect your life. , at the same time, I can give you a lot of resources to help you recover, you see how!”

Anti-General First Army!

Judging from the situation, Ming Yu’s move was a bit of a draw. Evil gluttonous gluttony did not have any contract with George Han. Naturally, he could withdraw at any time and go anywhere he wanted to go at any time.

“Really have a lot of resources?” Evil Taotie asked.

Oops!

Chapter 4006

George Han heart sinks.

Evil Taotie is a super foodie. Naturally, the biggest temptation for it can only be eating.

Obviously, this product has now been tempted by eating.

Damn, when is it not good to be rebellious, but this time.

Ming Yu and others were obviously overjoyed, and quickly explained: “Yes, this is not a joke at all.”

“The Pei family is a member of the Wannian family. The family is rich and powerful, so it is not a problem for you to ask for anything. Shan Zhen, Seafood, natural materials, and earth treasures are all trivial matters.” Ming Yu’s words fell, and he gently reminded Pei Gu next to him: “Am I right? Patriarch Pei?”

” How could he, who was still threatened before, react so quickly and return to his house in the next second

.

However, after the reflection, Pei Gu’s face was obviously filled with joy: “Exactly, although the Pei family is located in the barren land of the Demon Land, I can’t wait for it, or after many years of management, I have A rich old man. As long as you are willing to nod, I will help you get enough food and drink to help you get back to the top.”

“Really?” There was a hint of excitement in the gluttonous words of Evil.

“Speaking of which, you are considered our senior. Naturally, Pei does not dare to deceive the senior at all.”

“Taotie, eating, there is nothing that worries me more than eating.”

“Okay, the surname is Pei, I can be more polite to you.” Evil gluttonous said.

Hearing this, Pei Gu was very happy, and Ming Yu was naturally also very happy, looking at George Han, although he didn't speak, his

eyes were full of provocation and ridicule.

George Han was indeed a little helpless, he didn't even think about releasing the gluttonous gluttonous gluttony to fight, it just ran out by itself.

At first, I was a little moved to protect the master at a critical moment, but now, it seems that it sensed danger in advance and came out to save itself.

Everything has come to this point, what else does George Han have to say? !

“Well, let's kill these ants together. After that, I'll go to your house to eat and drink. After I recover my strength, the future of your family will be my business.”

“How?”

” In the next paragraph, when the glutton of evil said it, everyone was stunned again.

Ming Yu's eyes widened, and Pei Gu was completely dumbfounded for a while. Even Han

George Han himself, who was also a monk with two feet at the time, couldn't figure it out.

what does this mean?

“Senior, you mean... let... let me betray them, help... help you and George Han?” Pei Gu wondered.

“Could it be that I didn't say it clearly enough?” Evil Taotie said in a low voice.

“Well, you are a glutton of evil, I kindly want to find a home for you, but you want to retaliate against our water, you are really hateful.” Ming Yu said angrily.

The gluttonous glutton of Evil was lazy and looked at Pei Gu: “How about it, boy, I'll give you half a minute to think about it, if you want to do as I say, if you don't want to, then...”

“I don't want to . What about it?” The entourage next to Pei Gu snorted coldly.

Evil Taotie sneered: “If you do

n't want to, it's very simple.”

“I want your things as well, but before you were obediently serving with both hands, now I have killed you, and then robbed you of those things. Something.”

“You!!” The attendant was in a hurry.

“What are you?” The glutton of evil said coldly and disdainfully: “I was originally an ancient beast, and I don't have the heart to tell you about benevolence, righteousness and morality .

“

As soon as the gluttonous claws came out, the posture was swung, and he directly assumed a combat posture.

Ming Yu couldn't bear it any longer, and waved his hand: "Kill them."

Thousands of masters immediately rushed towards George Han and the gluttonous gluttons of evil.

And almost at the same time, Pei Gu and others also came, but...

Chapter 4007

"Wow!"

Ming Yu took the lead in attacking, and a stream of water attacked directly towards George Han.

Behind her, thousands of masters also launched an onslaught of magic energy at the same time, and the forces wanted to smash George Han on the spot.

However, just at the critical moment, and when George Han was about to subconsciously resist, hundreds of golden lights suddenly appeared several meters in front of George Han.

Suddenly, those seemingly ferocious attacks vanished in an instant, and the blow that Ming Yu and others were bound to get completely dissipated.

Ming Yu was shocked, and looked back at the place where the golden light emanated, full of confusion: "Patriarch Pei, what do you mean?"

Yes, at this most critical moment, Pei Gu and others took action, But their goal was not George Han, but instead turned against themselves and others.

"This is a difficult decision." Pei Gu looked at Ming Yu: "I didn't want to be an

enemy of you, so I sent troops to help, but I also didn't want to be an enemy of George Han, so I didn't do my best."

"But always We have to make a real decision."

"So, this is Patriarch Pei's decision to defect?" Ming Yu frowned and said in a cold voice.

"From your point of view, it is considered a defection. However, from my point of view, this is a final decision that was not made until now." Pei Gu said: "I choose George Han as a friend."

"That is to be our enemy. Patriarch Pei, don't blame me for not saying my ugly words before, do you know what the consequences of being our enemy will be?"

Pei Gu smiled lightly: "I know that you have millions of soldiers, and you are powerful. It has penetrated into many places and become enemies with you, which is definitely a disaster for the Pei family."

"Not to mention that I want to develop the power of the Pei family, even if I want the Pei family to protect themselves, it may be an extravagant hope, am I right?"

Ming Yu frowned: "Since the patriarch Pei knows the stakes, why do you want to do this ? Betrayal? If you and I join forces, in the future, we will definitely be able to dominate the land of the demons."

“At that time, wouldn’t it be easier for you and my Holy Master to share the same share?”

“Then you have to live until then, right?” Pei Gu He chuckled and shook his head: “There are always choices in life. Sometimes you choose the right one. A pig can go to the sky when you stand on the wind, but sometimes you choose the wrong one, and you will never be able to extricate yourself from the abyss.”

“I think George Han is the wind . “

He’s not alone, and now he’s a defeated army. You invested in him? Patriarch Pei, let me take the liberty to say, are you crazy?”

Patriarch Pei smiled and shook his head.

Of course he wasn’t crazy. He had been observing George Han since the battle started.

Yes,

among the children, Xiao Qi is indeed not recognized by him, there is nothing to say. But this does not mean that he will completely ignore Xiaoqi, after all, it is always his daughter.

Pei Gu will not necessarily obey her words, but it is absolutely impossible not to go through it in his heart.

With the deepening of the battle and the gradual increase in understanding, Pei Gu recognized Xiao Qi’s words more and more in his heart, and also appreciated George Han’s ability even more.

It’s just that the power of Ming Yu and others is too great, so he has been forced to suppress this inner desire.

He needed a reason to convince himself to break out and break free of these shackles.

The Five Elements Divine Stone and the Pangu Axe have become the most crucial keys!

When he knew that George Han still had such a fetish in his hands, Pei Gu was astonished and at the same time he almost settled his position.

In particular, even the ancient vicious beast, the gluttonous

beast , stood up and resolutely protected the master at this time, which completely dispelled all doubts in his heart.

He is also an ancient vicious beast, and even the gluttonous gluttons can do so without hesitation. He is only a person from the blood of the ancient vicious beast, so why not dare to bet on it all?

Is there a saying that is not particularly good? Even if you are really stupid, but the wind blowing from the wind, you see other pigs go to the sky, you have to follow along.

If you can’t even follow along, how can people who are inferior to pigs develop in this life?

“Patriarch Pei, you saw that George Han has the Pangu axe and the Five Elements Divine Stone, so you think you have found a good thigh, right?” Ming Yu smiled softly: “Don’t forget, I said , George Han’s Pangu axe...hehe.”

“You put down the knife, we will kill him together, and the Five Elements Divine Stone will be yours, how about it?”

Chapter 4008

“Think about it, if you kill George Han, he will no longer exist. You and we are still friends. Say, what’s the downside? On the contrary, if you bet on Han 3000, even if you go out alive, what will happen?”

“You may have one of your helpers, but at the same time, you have also established a great enemy. I think, this comparison is not difficult, right?”

Pei Gu didn’t speak, obviously, Ming Yu’s words had an effect.

George Han laughed: “Patriarch Pei, it seems like a simple comparison, but you have to be careful.”

“You are afraid of their strength now, and when they have the Pangu Axe in the future, they will suppress you even more. In the end, the one in the future is not your friend, but your boss.”

Hearing this, Pei Gu suddenly woke up suddenly in his eyes.

He didn’t think about this, he must have thought of it, but he was really

fooled by Ming Yu’s words just now.

“Don’t listen to his nonsense, our Holy Master has never had such a heart.”

“Since there is no such heart, Patriarch Pei, then ask him, don’t I have the Pangu Axe and the Five Elements Divine Stone in my hand? After killing me, you will Pangu Axe, she wants the Five Elements Divine Stone, if you ask her if she would like it.” George Han continued to add fuel to it.

Pei Gu looked at Ming Yu fiercely, obviously according to what George Han said, he was looking for answers here in Ming Yu, even though he never said a word.

Ming Yu was in a hurry, but it was not easy to attack at this time, so he had to look at Pei Gu and said: “I have no right to inquire about this matter. Patriarch Pei can discuss it with my Holy Master at that time.”

“Look, Patriarch Pei, some people have begun to refuse. There you are. I think, given how many years you have lived, you should know how to distinguish these fake courtesy.” George Han continued to argue.

Pei Gu nodded, but still

didn’t say anything, but Ming Yu knew that George Han’s servant added fuel to the fire and succeeded.

“Don’t worry, Patriarch Pei, since you are helping Han at this time, Han will never treat you badly. Just give me three days for your cultivation, and I will make you at least half-fold.”

“That’s right. , your cronies can also enjoy such special training.”

“Also, I have heard of some things, so, if you should be in the city, I will not give you any official position. You will be the honorary city lord in the future. If you have anything, No need to notify others, you can pass through at will, even including the garrison.”

As soon as these words came out, Pei Gu was obviously shocked.

He did not expect that George Han would offer such conditions that made him very excited at this moment.

The former, it is natural to say that it is related to its own interests, and the latter has almost given up the exercise of most of the right to fall into the city,

and the tooth in front of his Pei family's forces has finally completely disappeared at this time.

Especially the one that can be garrisoned.

It means a lot.

"Patriarch Pei, when the time comes, there are my elite soldiers stationed in the city, and if anyone wants to beat you, George Han will keep your mouth shut for you. You don't even have to do anything."

"And if you want to send troops, you can send troops freely at any time."

"Think about it, where can I find this kind of good thing."

George Han finished, seeing Pei Gu looking at him a little excitedly.

Yes, even if there is an enemy attack at that time, it is necessary to gnaw away the hard bone that should fall into the city. At that time, George Han will guard his throat for himself.

But on the other hand... it

's just a combination of offense and defense.

Moreover, he has seen the technique of George Han defending the city with his own eyes at this time, and there is nothing more convincing than this.

Thinking of this, Pei

Gu nodded.

"Patriarch Pei!" Ming Yu was furious.

The Pei family has nearly 100,000 soldiers, almost half of her current army. If they rebel to George Han at this time, then this siege battle, Ming Yu believes, has completely ended. .

Pei Gu turned his eyes and looked at Ming Yu: "Is there anything else to do with Elder Shenlong? If there is something, I should talk about it as soon as possible, but if there is nothing, the battle between you and me will start."

"You!" Ming Yu Anxiety, Pei Gu now sees that it is obvious that the king has taken the scales.

"Where is the Pei family's army!"

Pei Gu shouted coldly.

"Here!"

Nearly 100,000 people in total beside Pei Gu, and under the ground, suddenly roared in unison. " Take up your weapons

, listen to my orders, and protect Han for three thousand years!

Chapter 4009

Facing the defections of friendly forces, many soldiers obviously did not expect it for a while, surprised and at a loss for a while.

They are like this, why is it not like the masters who besieged George Han in the sky?

Originally, this concerted effort was good, but suddenly it became the current situation, and it was difficult to know whether it was successful or not.

Ming Yu glared at Pei Gu angrily. His defection could not be said to have completely reversed the war situation, but at least the impact on her side was fatal.

"Pei Gu, if there is a way to heaven, you won't go, but if there is no way to hell, you will break in."

"Okay, you choose the way yourself, so you will bear all the consequences. Where are the generals?"

"Yes!" Everyone All should be.

"Clean up the traitors and kill the Han thieves."

"Yes!" As soon as

the voice fell, Ming Yu led the army directly.

At almost the same time, Pei Gu was not afraid at all, and with a wave of his hand, the leader greeted him.

"George Han, you have plenty of time to perform

." Pei Gu drank coldly and directly confronted Mingyu.

The disciples under his command also suddenly greeted the army of Mingyu.

For a time, the two groups of people fought, and the fire was everywhere.

George Han smiled softly, no longer neglected, and turned his hands to stimulate energy.

Emperor You resisted a lot, and Wuxiang Divine Art also swallowed a lot, and the remaining George Han tried to absorb the power of those attacks through himself.

"Ah!" The

powerful and ferocious energy directly made George Han's body redden quickly.

He was like an object that had been roasted red on an iron rack.

The inextinguishable profound armor is also like red-hot iron.

Pain, tear, burn.

All kinds of pain were madly stimulating George Han's every nerve, so that his whole face was twisted and looked extremely annoyed.

Pei Gu doesn't have time to take care of this. Right now, the only thing he can do for George Han is to buy enough time for George Han to play by himself.

During Mingyu's fight, he couldn't help being slightly distracted because of George Han's side.

Suddenly, George Han suddenly widened his eyes.

"The transformation of heaven and earth, the power of the five elements, you are all ants, break it for me!" The

energy of the mixed body suddenly exploded!

boom! !

The power of the five elements is like a flood. After a brief confrontation with the attacking energy of 200,000 people, it slowly spreads and pushes forward as if it were rushing across a dam.

In the end, after a trickle passed through, it meant that the dam was completely on the road to failure.

boom!

Wangu Wuxing Shenwei finally broke through the confrontation, and rushed straight to the ground like Tianwei! !

At the same time, the residual attack force also suddenly hit George Han. Seeing this, the gluttonous glutton hurriedly rushed towards George Han.

Although the power of the sky is strong enough, the power of the enemy is obviously not small. If it is purely counterattack, even George Han is not sure that he can ensure that the power of the five elements can completely offset

those attacks, and then he can attack the enemy again.

So, George Han's strategy is, I let you attack me, but you don't want to escape my attack.

Only by killing each other in a large area can you have a chance to create a chance for your brothers to survive.

Therefore, George Han had no other choice.

He can bear the attack of the enemy without his life, and he is willing to give his brother even the slightest chance.

"Pei Gu, look, this is the result of you betraying us for a certain person. Now, have you seen it? That George Han didn't even want his life, you betrayed a loneliness." Ming Yu sneer.

Pei Gu naturally looked at these things in his heart, but in fact he was also very depressed.

After all, what did he do so much for?

Isn't he George Han?

Mingyu's sarcasm is in the center of the nest, but it is an iron-clad fact.

But up to now, it has been difficult to ride a tiger, and he has turned his back. How can there be any room for repentance? !

Broken teeth have to be swallowed in the stomach.

Pei Gu did not speak, so he had to use all his depression on his own attacks.

For a time, Pei Gu attacked fiercely, killing Xiang Mingyu again and again.

Ming Yu coped with ease, and even had a faint smile on his face: "Pei Gu, don't say I won't give you a chance, if you stop now, I can guarantee that the previous thing I thought nothing happened, and now we work together Killing George Han, everything is still in time."

Pei Gu hesitated, he finally made up his mind to choose George Han, but George Han's operation really left him extremely hopeless.

If George Han died, this rebellion would be meaningless.

However, just as he hesitated, the power of the five elements had completely reached the ground, and at the same time as the explosion sounded, the attack on George Han's side had also detonated...

Chapter 4010

Boom! !

Explosion all over the sky!

In the air, it was as if someone had released countless fireworks. At the same time as the air was burning, the sky was dyed.

And almost at the same time, on the ground, it was as if someone had dropped a huge bomb, and the entire ground was lifted with a bang.

The dust billowed and the flames blazed.

The energy of the two huge explosions also formed a huge hedging pressure in the air for a while. Even if a group of masters transported their shields to resolve them, they suddenly shattered their air shields.

"Leader!" A

few dozen meters away, the three-door army that had not been attacked had almost all been blown over by the blast wave for dozens of meters.

The explosion there was where the leader of the alliance was,

and they were more concerned about the safety of their leader than the scars on their own bodies at this time.

"Humph!" Ming Yu smiled bitterly, staring at Pei Gu fiercely: "Pei Gu, are you satisfied now?"

As soon as she finished speaking, a gust of wind swept through her hand and blew directly. Ground battlefield.

The wind blew, the dust was blown away, and the scene of the ground gradually appeared in front of everyone.

It was a barren scorched earth that was still bubbling with smoke and fire. There was not a trace of life, and there was not a single living thing. Everything was vanished in an instant.

If you have to say what else is on it, maybe the sporadic remains that are not completely scorched are still declaring to some surviving people how cruel and terrifying the scene of death just now is.

“This...” Looking at the scene on the ground,

Pei Gu was completely stunned.

Looking at this, it is a piece of scorched earth...

How could this be?

That’s a whole army of 200,000 people, just... so completely obliterated? !

“That’s what you did.” Ming Yu was angry and scolded angrily.

Pei Gu stumbled. In fact, even he did not expect such an ending.

He knew that the power of the Five Elements must be fierce, but what he never imagined was that it would be so fu* violent.

“George Han divided the attack. In other words, the attack of our group did not cause much hindrance to the power of the five elements at all. He used his body to carry those.” Ming Yu shouted in a hurry: “If you and I were just now. If we join forces and directly stop him from doing this, then how can the people below die?”

“The power of the five elements
must be counteracted by our joint attack!”

Yes, if you don’t give George Han such an exchange Change the operation, then the entire power of the five elements will definitely not cause such serious damage as it does now.

The sergeant under his command will definitely not sacrifice so in vain in this battle.

Does he regret it?

Of course he regretted it, but it wasn’t much of a regret, after all, he could bear it all.

What he just can’t accept is that he made enemies and killed people, but in the end he got nothing.

He couldn’t help raising his eyes to look at the explosion site of George Han in the sky, George Han, are you really going to leave some scum to me?

“What are you looking at?” Ming Yu smiled coldly: “Do you want to see how much residue George Han has left for you?”

“

200,000 attacks, even one saliva, can drown him George Han. Pei Gu, you are getting old, don't you even understand this?”

“Hmph, the foundation built by the Pei family for thousands of years, today, was destroyed by your hands.”

Ming Yu finished his words and glanced at the thousands of masters beside him: “Everyone, follow me into the city!”

“Yes!”

” Wait a minute!”

A soft drink sounded.

Ming Yu turned back subconsciously and looked at Pei Gu coldly: “Why, does Patriarch Pei want to attack the city with us now? George Han is dead, I'm afraid we won't need you anymore.”

Pei Gu frowned slightly . Wrinkled, he came back to his senses: “No... I didn't say that!” In the next second, the two of them sensed something was wrong at the same time, and looked back at the higher place above their heads..
