

HTC 4031

Chapter 4031

the head of the Pei family spoke, and it was in this tone, the guards shivered in fright and retreated.

“Father, what are you talking about, he... how could he George Han... how could he be the VIP of our Pei family? Did you make a mistake?” Seeing this, Pei Hu couldn't help feeling anxious.

In front of him is his enemy. How can he be regarded as the supreme guest of his Pei family if he wants to take revenge? !

“What? Am I, Pei Gu, old enough to be incompetent?” Pei Gu shouted in dissatisfaction, “Do you want me to say it again? George Han, the supreme guest of my Pei family, Pei Hu, you understand “

Baby... I don't accept it!” Pei Hu gritted his teeth and refused angrily.

“Don't accept it?” Pei Gu smiled coldly: “You have to accept it if you don't accept it. It's not your turn to be the master of the Pei family!”

“The Pei family has heard me clearly, George Han is my Pei Gu's. Supreme guests

, if anyone has selfish intentions to cooperate with Pei Hu, don't blame me, Pei Gu, for being rude.”

“I know that many of you are so-called “***”, but you should be clear that the prince did not take the throne before he ascended the throne. I will always be the prince, and now I have the final say.” After the

words were finished, Pei Gu closed his eyes and looked at George Han slightly: “George Han, I'm really sorry, the old man has no way to discipline him, so that the dog doesn't know what to do, please also ask you Please bear with me, don't take it to heart.”

“The Pei family is really polite!” George Han smiled slightly.

“Qi'er, three thousand came, why don't you come to see me soon?” Pei Gu said with a smile.

Since the dog is not very useful, and he has sent a tiger girl to invite him, Pei Gu is worthy of being the head of the big family, and he is extremely smooth in handling things.

Being called, the seventh princess was a little shy, but she also stood up proudly: “Pei Lin'er has seen Young Master Han.”

George Han smiled slightly, and the meeting in Devil Cloud Ghost City, although it was hostile, she actually counted She had helped herself secretly, and in the first siege battle of Lucheng, she also relied on her to relieve the siege.

Although Pei Gu later took orders to attack him, George Han always regarded Pei Lin'er as a friend.

Not to mention, now that the two sides have turned their battles into jade and silk, Pei Lin'er's contribution must be indispensable, and George Han is naturally more sincere to this friend.

“It's time to say goodbye, I didn't expect to meet again so soon.” George Han smiled.

Pei Lin'er smiled happily, glanced at Amelia Su and Ziqing, and bowed slightly as a salute.

The two women also returned the salute in time and responded with a smile.

Seeing George Han being so polite to his own Xiaoqi, Pei Gu, the old father, showed a kind and amiable smile. At least, this shows that the relationship between his own Xiaoqi and George Han is indeed extraordinary.

"Qi'er, the distinguished guests are in power, don't stand at the door, and quickly invite them into the mansion." Pei Gu said.

Pei Lin'er

smiled and looked at George Han: "It's Xiao Qi being abrupt, three, please come in." After the words were finished, Pei Lin'er bent slightly to lead the way, and led George Han and Pei Gu together, and the five entered the mansion first. , After that, many senior executives followed and slowly walked towards the banquet hall.

Pei Hu, who was the busiest and the most diligent in running, didn't follow him in. He stood at the door depressed and punched directly on the door frame.

He was so f* **dissatisfied that he had welcomed the honored guest for so long, but in the end he was his own f*** enemy, which really made him very depressed.

Pei Hu has not entered, and some *** people naturally did not enter. Although Pei Gu is indeed the current owner of the family and has power, but Pei Hu is the future owner, so considering the future, many *** people still support With Pei Hu.

"Hey, the head of our Pei family does seem to be getting old, and he's even going faint. I thought this VIP was

the master of that power, but I didn't expect...he's a human kid who is nothing."

"Yes, we The descendants of the dignified scorpion have to bow down to a son of a human race and greet him with a smile

. For the honored guests, is this a blatant enemy of that force? What is he doing? Is this to bring my family into a dangerous situation? If the enemy forces lead troops to suppress the situation, then my Pei family should be Where are you going?"

"Master, Yu Zi, you can't let George Han's enemy ride on your head, and Yu Gong, you can't put my family in danger, let's go in and find him George Han to settle accounts.

", the crowd responded.

Hearing these words, a golden light suddenly flashed in Pei Hu's depressed eyes, and in the next second, he nodded heavily, and led a group of people to the banquet hall...

Chapter 4032

the banquet hall, everyone has just sat down.

With dozens of banquet tables, Han 3,000 people were naturally invited to the main table.

On weekdays, although Pei Lin'er, the seventh princess, is Pei Gu's biological daughter, she has always been able to sit at the guest table because she is not favored, but today she was unexpectedly arranged to sit at the main table. woman.

What does it mean to fly on a branch and become a phoenix? This is a living example.

On the main table, in addition to the seventh princess, there are several beautiful women who are very young and should also be Pei Gu's daughter. However, just as Pei Gu wanted to introduce, he saw Pei Hu and a group of **** people rushing in a hurry. came in. Seeing the momentum, Pei Gu felt that something was wrong, he frowned and stood up angrily, looked at Pei

Hu coldly, and shouted, "Did my father teach you etiquette during the banquet? Again, do you want to rebel?" Hu and his party came to Pei Gu and the others and stopped. Pei Hu looked slightly cold and saluted his father, saying, "Father, Pei Hu is loyal to the family and filial to his father, and the child will never dare to do anything against the law. For this ." "The boy led a group of people in, not for other intentions, just, there are some questions I want to ask clearly." Pei Gu gritted his teeth slightly, trying his best to suppress his anger: "Ask." "Father . Treating George Han as a guest, does it mean that our Pei family has completely parted ways with the forces we previously cooperated with, or even become enemies with them?" Pei Hu said. "So what?" Pei Hu said coldly. "Father, others can have hundreds of thousands of troops, and at the same time have deep-rooted forces and become enemies with them. Did father ever think about how dangerous my family will be? Say something rudely.

, this will even bring disaster to my Pei family.

As soon as these words came out, many people present were shocked, and the voices of discussion in the audience also quietly rose at this time.

"There are not many soldiers, but more valuable than elites. Hundreds of thousands of straw bags will also lose to tens of thousands of elites. Also, as the head of the Pei family, I have my own considerations about what to do. It seems that there is no need to explain it to you. ?" Pei Gu said coldly.

"Father does not need to explain things to the child, but the power of the Pei family is owned by the Pei family. Shouldn't the father give them an explanation?"

" Father's actions won't calm people's hearts, right?" Pei Hu snorted coldly.

Pei Gu's face was cold, and he scolded angrily: "You disobedient son, are you teaching me to do things? Also, immediately apologize to the distinguished guests,

otherwise, don't blame me for being ruthless to you.

" , you are still the father of the child. As long as the father speaks a word from you, the child can kill himself immediately, but before the child dies, he still has to ask questions for the thousands of his subjects, and ask the father to answer. How can you reassure people?" Pei Hu said coldly without fear at all.

He has the power to back him, and there are enough reasons to force the palace. According to his budget, the worst result is that his father has to compromise himself, and the best result is that he can take advantage of this and gain a deeper grasp of the future family head.

Even, get on the throne early.

“The prince’s remarks are reasonable, and I also ask the owner of the family to explain it.”

“Yes, the prince is also considering the whole family. Although it is offensive, it is also excusable, and the owner is also asked to explain it in detail.”

Many The **** also took advantage of this to put up a rant from below, forcing Gong Pei Gu.

Seeing such a situation, Pei Gu frowned, anxious and angry in his heart.

“The head of the family has always been measured and measured, and he has to explain it to you? What are you waiting for?”

“Yes, the head of the family is supreme, how can you wait here to question? Where are the guards, let me take all these rebels and thieves.”

Some people support the prince, and naturally there are also people who support the current head of the family, especially many veterans .

With these voices of solidarity, many old officials also got up one after another and stood on the platform for Pei Gu.

Although the guards took orders, they were hesitant for a while. One side was the old head of the family, and the other was the future head of the family. It was not appropriate to listen to anyone, but it seemed that it was not appropriate to listen to anyone.

But at this moment, Pei Gu said, “Stop all of them!”

Chapter 4033

Pei Gu made a sound, and the whole scene immediately became peaceful.

As the head of the family, Pei Gu’s majesty still exists, no one dared to respond when he roared.

Sweeping the surroundings slightly, Pei Gu knew very well that *** people would really grab the pain points. Although he didn’t need to explain what he did to anyone, the people’s hearts have risen now. No explanation is not a big problem, but there will always be problems. Bad effect.

“When I first returned to the city, I only brought a few thousand elites. Don’t you understand, where have all the 100,000 elites that followed me go?” Pei Gu thought of this and smiled bitterly.

Although after this battle, the Pei family did not lose everything and gained George Han’s friendship.

However, from the point of view of fighting alone, it hurts to think about it, after all, they are all 100,000 children.

When Pei Gu mentioned it, many people noticed it.

"I thought the elites were staying in the border town, but after hearing what Lord Jia said, it seemed that he meant something else."

"Yes, Patriarch, what happened to the 100,000 elites?" Pei Gu smiled coldly: "A few days ago, I led 100,000 elites and formed a 400,000-strong army with the other 300,000 elites. I believe that even if you have never participated in the war, at least you have heard of it." Everyone nodded again and again. "The problem is that we were almost defeated when we attacked the city." As soon as these words came out, the words were light but the meaning was heavy, and it was more like a blockbuster, straight into the crowd. The crowd was silent, but the pot was opened shortly after. "What is the head of the family talking about? A combined army of 400,000 people should attack the city and lose?"

"This...it's impossible."

"Isn't this nonsense? For an army of 400,000 people, it's not easy to attack a small city that should be defeated? According to me, this doesn't even require others, just our 100,000 elites will do it. You can take Huanglong directly."

"This can be defeated, isn't it too exaggerated?"

Seeing everyone looking at each other, secretly shocked, Pei Gu sighed and shook his head.

He didn't believe it himself when he said it, but after experiencing something in person, he had to believe it if he didn't believe it. "This is the truth." Pei Gu said: "And the person who guards the city is George Han. I want to ask, is this talented person qualified to be the guest of

my Pei family?"

Many people nodded.

A person who can do such a great feat against an army of 400,000 with only a small amount of strength is naturally a dragon and a phoenix. It is obviously qualified to be the guest of his Pei family.

Seeing everyone nodding, Pei Hu frowned: "Lord Father, that's all?"

Pei Gu glared at Pei Hu in anger, "Then what do you think?"

"Lord Father, he is our enemy, ten Wan Jingrui died in the siege, which means that he was

the murderer of our 100,000 children, we can just take his life, how can we talk to the guests?" Pei Hu said coldly.

"Son of recklessness, do you know what the pattern is?" Pei Gu said coldly: "Besides, when soldiers meet each other on the battlefield, it's not a grudge. If you were like this, the world would have been a mess."

Pei Gu wanted to refute, but he couldn't. Everyone around him shook his head.

He knew that arguing didn't make much sense, so he sneered: "Okay, let's not talk about the 100,000 wronged souls for the time being. Since my father talked about the pattern, let's talk about the pattern. Everyone starts with interests."

"Then I would like to ask my father, what benefits does George Han have now?"

“If I remember correctly, the VIP George Han is just a waste now. Can you help us not to mention that now we have to suck our blood and waste our resources. This is what my father called the pattern?”

” The other side,

even if the army is defeated by 300,000, it is only a skin injury, not

a fundamental injury, father, the pattern?” The words were full of provocation and disdain. .

In this Pei family, no one dared to speak to him with such an attitude, but his beloved son did so, which was really annoying.

“Why, my father can’t say, do you want to beat the child? You can beat the child, and you can even kill the child. The child has no regrets and no regrets. It’s just how the father should explain to the Pei family and the ancestors, and let the father think for himself.”

Pei Gu was stunned and had nothing to say. He was so angry that he wanted to hit but couldn’t do it, so he could only tremble in anger.

However, at this moment, a figure suddenly passed by Pei Gu. Before everyone could react, there was a crisp sound, and a slap slapped Pei Hu’s face heavily...

Chapter 4034

everyone is shocked.

However, when everyone came back to their senses, looking at the slapped man, they opened their mouths in surprise.

Pei Hu covered his blushing right face with his hand, and stared at the person in front of him in disbelief: “You...you dare to hit me?”

In front of him, it was none other than the seventh princess, Pei Lin’er.

In terms of gender, in the big family, women are inferior to men. In terms of status, Pei Gu is the future head of the family, but Pei Liner is just an ordinary child who is inconspicuous or even unpopular.

Although they are both Pei Gu’s children, the actual difference is heaven and earth.

However, at this moment, Pei Lin’er slapped Pei Hu abruptly.

“What do I dare not?” Pei Lin’er was not afraid at all: “On personal matters, you questioned your father, and even dared to

refute it openly, it is already disobedient, such a crime, killing your head is not an exaggeration, let alone a mere slap? “

Lun Gong, George Han is his father kissing the VIP. You dare to insult the VIP when your father is still here. Not only do you not take the VIP in the eye, but you also disregard your father, and you will be beheaded.” It’s not an exaggeration, not to mention a mere slap?”

“Adding the two together, you will die, and the ten slaps you slap are already counted for the sake of being from the Pei family.”

“You!! Pei Hu was very angry: “You are a mere woman from the Pei family, what qualifications do you have to do it. Although we are not the same mother, but at least in terms of age, I am still your brother!”

“You don’t even look down on the senior generation, but Are you talking about peer respect with me?”

“I was

arguing with my father for Eli.”

“Then I’m not arguing with you by Yi Li?”

After saying these words, Pei Hu’s teeth were tingling with anger, but he was really clueless.

Most of the people in the Pei family were surprised that the seventh princess was suddenly so brave, and at the same time they secretly admired the seven princess’s speeches.

George Han and Amelia Su also looked at each other and smiled. Who would have thought that this Seventh Princess was as quiet as water when she was quiet, but how terrifying it was when she moved?

Pei Gu’s anger gradually disappeared and turned into a smile, very satisfied with what Pei Lin’er said.

She not only expressed herself, but more importantly, she maintained the dignity of her old father.

Very good!

Pei Hu was speechless, but at this time, he turned back to ask for help from his own gangsters, but saw that those people bowed their heads and said nothing. Obviously, Pei Lin’er’s

output was really powerful and seamless.

“George Han, what kind of a f**** hero are you? You rely on women to help you confront me. If you have something, come out and fight me one-on-one?”

“Aren’t you a f**** VIP? So naturally, you You should have some skills, come on.”

If he failed, and now he can’t step down, Pei Hu simply set his sights on “George Han”, the culprit.

He may not have dared before, but now George Han is just a waste, why does he dare not?

If he dared to take the trick, he would naturally beat him hard, in order to show his anger and make his name famous.

If he didn’t dare, he would undoubtedly be embarrassed by George Han.

Two bottles of poison, whatever he chooses is a dead word.

“Pei Hu, you are going too far. Knowing that Young Master Han is

injured now, you have to pick this time. Are you a man?” Pei Lin’er shouted disdainfully.

“I didn’t talk to you.” Pei Hu was lazy to care about Pei Lin’er, and only looked at George Han: “I only talked to George Han, George Han, give me a nice word, do you dare?”

” As a VIP, naturally you should show your ability to open the eyes of everyone, right?” As soon as

these words fell, the *** people immediately nodded in rhythm to raise public opinion.

George Han gave a wry smile, shook his head slightly, and stood up: "Meaning, if Han conquers you, you will stop talking nonsense, right?"

"You can say the same, as long as you dare to fight!"

" Well, then Han will teach his son a lesson for Patriarch Pei today." After the words were finished, George Han walked out slowly...

Chapter 4035

Hearing George Han's words, Pei Hu subconsciously froze for a moment, a little unbelievable: "George Han, what the hell did you say? But really?"

"Someone Han will never break his promise." George Han smiled.

"Okay, today, I'll turn you a fake VIP into a drowning dog." After the words fell, Pei Hu swung his posture and wanted to do it.

"Wait!"

A voice sounded, Zi Qing walked slowly to George Han, looked at Pei Hu with a sneer, and shook his head disdainfully: "To deal with this kind of garbage, why do you need Brother George Han to do it yourself?"

" Just let Ziqing take the shot." When the

words fell, Ziqing raised one hand: "A cat and a dog like you also want to challenge my three thousand big brothers, it depends on whether you are qualified. If you beat me, you will be qualified.

" You?" Looking at Ziqing, Pei Hu frowned deeply: "Just a woman, you are not worth my shot."

"What? Are you afraid?" Ziqing

laughed coldly: "If you don't even know me I can't beat him, as the master who taught me, what qualifications do you have to fight?"

"I'm afraid?" Pei Hu snorted disdainfully.

He has already broken through the barrier, and now he is fully cultivated, so he is not afraid.

"Originally, seeing how beautiful you are, this young master still wants to pity Xiangxiyu, but if you are so obsessed and want to stand on George Han's side, then don't blame me for turning your face and being ruthless.

" Bring up an energy.

In the next second, the whole person ejected instantly, directly forcing Ziqing.

Zi Qing frowned, and her breath was also wide open. While turning over, she flew directly to avoid it, and at the same time, she turned her palm and slammed it out.

Pei Hu was straightforward and took it directly, and the two of them immediately came and went, from the inner hall to the outer hall.

Everyone chased out in unison, and the two of them had space were even more ferocious.

Although Ziqing is not rich in combat experience, and the details of offense and defense are not rigorous enough, Shengsheng is a holy fairy worthy of being one in ten thousand.

On the other hand, Pei Hu's combat experience is actually not very rich. In such a high-end game, his experience is actually much less than that of Ziqing, but the bloodline of the Yutuo family is indeed not bad, and Pei Hu himself is also not bad. However, she is talented, and compared with the "perverted" madman of Zi Qing's cultivation base, she is actually on a par.

The two sides are fighting against each other, and neither can suppress the other, but it becomes a tie.

Just when the two sides were about to continue the vicious fight, at this time, Pei Gu said, "Stop!" As soon as the words

fell, Zi Qing took the lead in withdrawing from George Han's side, and Pei Hu was also a little unwilling to fall to

his own . On the edge of the camp.

"It's all my own, just click until you reach it, and hitting again will only hurt the peace." Pei Gu said softly.

On the face of it, he could have stopped the Battle of Pei Hu from the beginning, but he didn't do it.

By choosing George Han, Pei Gu took a lot of risk, and he would be happy to have the opportunity to test George Hanfang's strength.

Judging from the current situation, Pei Gu was a little surprised.

Unexpectedly, it was just an inconspicuous woman by George Han's side, but in terms of cultivation, she did not lose to the tiger son carefully cultivated by her Pei family.

"Whatever comes to an end. If you give me a little time, I will definitely make her soul fly away. She is not my opponent at all." Pei Hu said stubbornly.

Ziqing smiled coldly: "Why, isn't it better than bragging about your ability? If so, then you really won, Mr. Pei!"

Ziqing

said the four words of Mr. Pei very seriously, and the mocking effect was naturally direct. full.

Pei Hu's nose was crooked, he wanted to refute, but was gently stopped by his subordinates, meaning to argue with the woman and lose his dignified face.

In this way, Pei Hu could only swallow it in his stomach.

“Young Master Pei, go home and practice more, use snacks, don’t just think about playing tricks. At least, in this case, maybe you have a chance to beat me in a few years, and also have a chance to be qualified to challenge Big Brother Three Thousand.” Zi Qing said softly.

When the words fell, Zi Qing gently retreated to George Han’s side and said no more.

Pei Hu was able to endure it before, but now it’s like a wrath for Ziqing.

He looked at George Han angrily: “It’s a woman again, George Han, do you only dare to hide behind a woman?”

“Isn’t your mother a woman?”

At this moment, a cold shout came. .

Chapter 4036

Everyone looked back and couldn’t help but be surprised.

Pei Hu was even more angry and speechless.

“Pei Lin’er, it’s you again! You can’t fuck with me, right?” Pei Hu was angry.

It’s normal to be targeted by outsiders, but it’s simply too much for this family member to support himself all the time.

“Can’t make it through? It seems that you have a word in advance. If you defeat this girl, you can challenge George Han. The fact of the matter is that you have never fought, so you are not qualified to challenge. Now, you are not qualified. Who can’t make it through this nonsense?” Pei Lin’er said coldly.

“Secondly, what’s wrong with a woman? You weren’t born to your mother? Wasn’t your mother a woman?”

Pei Hu’s hands were trembling, but he couldn’t tell them apart.

Only you, you, you are endless.

“Father, Lin’er is just a girl and shouldn’t have the right to interfere in family affairs,

but if the head of the Pei family is hysterical in the future, I think the future of the Pei family will be nothing but darkness.” Pei Lin’er bent over Respectfully rushed to Pei Gu and said.

“Pei Lin’er!” Pei Hu roared angrily. He could barely endure Pei Lin’er’s insults to him, but at this time, he was trying to get rid of his crown prince position, and he couldn’t bear it any longer: “You bas****, what is it? What do you mean?”

“I think you’ve burned your head because of your hair, right?”

“For a man with a foreign surname, you slandered me, and now you are trying to covet my crown? What, you Do you want to follow this man and send my Pei family to his hands?”

Pei Lin’er was not afraid at all, and smiled coldly: “Pei Lin’er is just telling the truth, everyone is present, what is the truth, everyone can tell right from wrong.”

Pei Hu wanted to say more,

but Pei Gu waved his hand at this time: "Okay, the distinguished guests are here. So, what kind of relationship do you brothers and sisters have with each other? Hu'er."

"Yes!"

"Apologize to Mr. Han."

"Father, do you want me to apologize to him?" Pei Hu refused.

"Either apologize, or you can get out of the City Lord's Mansion now." Pei Gu said coldly.

Pei Hu clenched his teeth and stared at George Han angrily, asking him to apologize to George Han. Isn't this a fool's dream?

Thinking of this, he turned around angrily and walked directly outside the City Lord's Mansion.

Looking at the back of Pei Hu leaving, Pei Gu couldn't help sighing in his heart, Pei Hu was really spoiled by himself, and now it's a headache.

However, it was his own son, and he was the one who paid the most attention. Pei Gu shook his head helplessly, calmed himself, forced a smile, and said slightly to Han

George Han: "The dog has never been known since he was a child. Mother, I was a little rebellious, and Pei also mishandled him, which is why this is so unreasonable."

"How much I offend Mr. Han, the old man apologizes on behalf of his son." After the words were finished, Pei Hu slightly bent over as an apology.

George Han quickly grabbed his arm and asked him to be a dignified Patriarch of the Pei family to apologize to him, but George Han admitted that he didn't need to: "Young people, it is inevitable that you are more energetic, otherwise, how can you be called young and energetic? "

He had some friction with me before, and now it's hard to let go. It's understandable to have such emotions." George Han said: "You and I cooperate with each other, Han will not cooperate because of this trivial matter. There is a rift at the top, Patriarch Pei, you are too polite."

Not letting Pei Gu apologize in front of Pei's family, Pei Gu's face is also very decent, and Han

George Han is polite and satisfied with himself, Pei Gu is naturally in a good mood: "Mr. "

Okay, since that's the case, I won't say much more. Let's have a drunken break at the banquet to relieve you and me of the late encounter." After the

words were finished, Pei Gu happily greeted everyone to sit down and the banquet began. .

Accompanied by singing and dancing slowly, the whole banquet finally kicked off.

Pei Gu was very enthusiastic, pulling a group of executives to introduce George Han and respect George Han wine. Under such an atmosphere, the adverse emotional impact of Pei Hu's farce soon disappeared.

However, at this moment, a figure quickly walked in from the outside.

When everyone looked back, they couldn't help being stunned. This person was none other than Pei Hu, who had gone and returned.

It's just that compared to his anger just now, he has a faint smile on his face at this time, even though this smile is very sinister...

Chapter 4037

"What are you doing again?"

Looking at Pei Hu and replying, Pei Gu was obviously quite dissatisfied and asked coldly.

Pei Hu was not angry, completely changed his previous appearance, just smiled lightly, and in the next second, he bent slightly and looked at his father: "My child was reckless for a while, so his brain was hot, so he was a little emotional, I contradicted my father, and I asked my father to forgive me."

"Oh? You still know you were wrong?" Pei Gu was a little surprised, but he didn't let go of his anger at all.

Pei Gu bowed deeply and rushed to his father first, and then to George Han who was on the side: "Mr. Han, Pei Hu is impulsive, and he couldn't figure it out just now, so he's incompetent. Please also ask Lord Han to ignore the villain."

Looking at Pei Hu, George Han did not come to a conclusion earlier.

One second ago, this guy was still showing a mad dog attitude,

outputting a meal to himself, but the next second he was as good as a puppy. With such a big change in temperament, there are only two possibilities.

Or, what a huge blow this guy has been through.

Or, this guy is staying for a while, and once he seizes the opportunity, he will retaliate against himself.

Obviously, the possibility of the former is not high, so how could George Han not be on guard?

However, what should be done is still to be done. Since everyone seems to be humble on the surface, if he is still holding it, doesn't he seem too arrogant?

Thinking of this, George Han smiled politely: "What happened back then was caused by you and me when we were young. Since the incident has passed and now we have close cooperation, it's good to assume that nothing has happened. Well."

Hearing George Han's words, Pei Gu was overjoyed, is he angry with his son about this? Of course angry.

But even more angry are

the limitations above the family business.

Now, since George Han has taken the initiative to speak up and let go of the previous suspicion, naturally, this is a great blessing, and Pei Gu should be happy.

Pei Hu smiled, and then, Wei Wei picked up two glasses of wine, walked over to George Han, and handed one of them to George Han: "Young Master Han is indeed a great general, and his broad-mindedness is admirable. A glass of wine, Pei Hu respects you to make amends."

George Han glanced at the wine glass he handed over and reached for it, but the wine glass did not move at all.

George Han frowned slightly, and after taking a closer look, he discovered that although this wine glass looks ordinary on the surface, the actual surface where the bottom of the glass is in contact with his hand was firmly sucked by this fellow with dark force.

If it was the previous George Han, it would naturally have no effect and could be picked up with a light hand.

However, George Han at this time is obviously extremely difficult to deal with. He secretly exerted his strength several times, but the wine glass did not move at all.

At this time, George Han also completely understood that this Pei Hu was not reforming his heart at all, but just taking the opportunity to trouble himself and make himself embarrassed.

Sure enough, he guessed right.

Seeing that George Han couldn't hold the wine glass, Pei Hu stared at George Han with a look of innocence and confusion, full of grievances: "Brother Han, why didn't you take the wine? Could it be that you still hold a grudge against you? "

It's just that he said it nicely?" As soon as the words were picked, many people looked at George Han.

George Han was a little embarrassed and tried his best to remain calm.

"Before there was a woman who blatantly blocked the move for you, I was also in a hurry and almost fell for you. However, I have a capable minister to remind me, so I'm back again, George Han, at the moment, I want to see how long they can hold you back."

Taking advantage of his posture,

Pei Hu's cold words were full of deep provocation.

"My husband has just recovered from a serious illness and is really uncomfortable drinking. I think he still uses tea instead of the bar." After the words were finished, Amelia Su stood up and brought a cup of tea to George Han.

After George Han took it, she raised her jade hand lightly: "As for Mr. Pei's glass of wine, let the little girl drink it on behalf of her husband." After the

words were finished, Amelia Su moved her hand, and under the power of secret luck, she took the wine glass easily. Next, cover the sleeves slightly, and drink down.

As soon as the wine glass was put down, the whole room cheered, but it was neat and tidy, without any sloppiness.

George Han smiled lightly, raised his hand, picked up the teacup, and slowly drank it.

Seeing this, Pei Hu couldn't help but sneered: "What? Do you think I'll get angry because of this? George Han, don't be so anxious. To tell you the truth, now, it's just the beginning..."

Chapter 4038

it comes to this, he smiled evilly.

George Han responded with a smile, very disdainful.

In fact, after guessing what this guy wanted to do, George Han didn't think that this matter would be abandoned because of a drink.

On the contrary, in George Han's eyes, these are just the beginning, or even a small test.

"Okay, okay, okay, since everyone has turned their battles into jade and silk, then they will be a family in the future. Come and come, sit down and eat, sit down and eat."

For an old character like Pei Gu, this is actually a subtle point. It's not that he can't see it, but more, it's actually a kind of deception.

Is that his own son after all, is it difficult to get rid of the cocoon and check it bit by bit?

Not to mention whether it is possible or not, even if it is possible, how could Pei Gu be willing

?

He is more willing to believe in his own son.

Believe that all is well.

After a group of people sat down again, Pei Gu was in a good mood: "Come on, everyone, move your chopsticks and move your chopsticks." As

soon as he finished speaking, everyone was about to raise his chopsticks, and now Pei Hu was acting like a demon again.

"Yu Li, the guest seems to be at the moment. Since the guest should taste it first, Yu Qing, Mr. Han is injured, so he should take supplements."

After speaking, Pei Hu got up and picked up his chopsticks, and took the tonic in the soup in the center.

"This is Snow Mountain Black Chicken. It is more tonic than Ten Thousand Years Snow Lotus. It is simply the best among supplements. Mr. Han suffers from a weak body. These supplements are specially prepared for

you."

After that, this guy actually picked up a piece of chicken with chopsticks and handed it to George Han.

However, just as he was about to reach

George Han's bowl, he suddenly stopped, as if he couldn't reach it. He obviously needed George Han to stretch out his bowl to pick it up at this time.

George Han smiled softly and just wanted to get up, but was directly held down by Amelia Su.

Her eyes moved, looked at Pei Hu's hand, and said softly: "He wrapped his hand with internal force, it should be weird." As

soon as the voice fell, Zi Qing already picked up the bowl and stretched it directly to Pei Hu's hand, and then With a slight stroke of chopsticks, the piece of chicken instantly went into Ziqing's bowl.

"Brother 3000 doesn't like chicken. Usually, at times like this, I will do the chicken for you."

After saying that, Zi Qing sat down and took a big mouthful of the chicken in the bowl.

It's really hard for this girl, for the sake of acting in a full set, Hu Shihai, who doesn't care about her image, starts

drinking .

Pei Hu smiled, shook his head, retracted his body, and said bitterly: "Since you don't eat chicken and don't drink wine, then let's have some soup. This soup is very nourishing, and there is no taboo, I believe Mr. Han is this Zong will not refuse." After

speaking, he picked up the spoon, scooped a spoon, and handed it to George Han.

Amelia Su and Ziqing suddenly became nervous at the same time. After the two women looked at each other, they quickly looked at George Han.

Obviously, the two women hoped to help George Han again.

However, George Han just shook his head lightly.

Actually, it is not necessary.

The first gear, the second gear, and maybe the past, but what about the third gear and the fourth gear?

Even if it was blocked, it was too stiff.

And if this Pei Hu has some brains, use this as a reason to say that he

He was arrogant, saying that he did not accept his apology at all, and that he did not intend to cooperate honestly with the Pei family.

Then, the troubles derived from this will make people feel that the gains outweigh the losses.

Moreover, there is one more point, even if you escape today, what can you do? Does this mean everything is fine?

Obviously, highly unlikely!

I can hide the first day of the first year, but I can't hide the fifteenth.

Everyone is in the same place, and Pei Hu has the opportunity to find trouble, so what should come will always come.

Thinking of this, George Han smiled and then picked up his bowl: "This soup is indeed drinkable." The two women were immediately nervous. Obviously, once George Han reached out, then Pei Hu would definitely find a way. Let George Han

be eaten up... But at this moment, George Han smiled and stretched out his bowl...

Chapter 4039

George Han's move immediately made the two women nervous. At this time, even Pei Gu frowned. Staring deeply at George Han.

Then, he glared fiercely at Pei Hu, hoping that this son would never look for trouble at this time.

It's a pity that Pei Hu's eyes were fixed on George Han, and he didn't look in Pei Gu's direction at all.

Seeing that George Han took the bowl, Pei Hu smiled, lifted the spoon full of soup, moved it slightly, and placed it in George Han's bowl, and the soup was immediately poured into his bowl.

However, although the bowl and the spoon seem to have no contact on the outside, in fact, Pei Hu has already poured the real energy into the bowl through the spoon, so that although George Han seems to be carrying the weight of a bowl of soup at this time, the real inner energy is But it's about a thousand pounds in hand.

George Han's hand holding the bowl was trembling frantically, and his face was distorted in pain.

"Yo, Mr. Han

, what's the matter with you?" Seeing that he had achieved his goal, how could Pei Hu miss such an opportunity to ridicule him, looking at George Han with a worried and puzzled look.

It seemed that he wanted to support George Han's hand, but it only reached the edge and didn't move.

Pei Gu's expression turned deadly.

The others were surprised, wondering what happened to the VIP.

"A bowl of soup weighs only a few taels. Is Mr. Han so empty? It's unbearable?" Pei Gu pretended to ask, "How about I help you?"

George Han stared at Pei Hu, thinking He had to do his best to bring Tang to his side, but no matter how hard he tried, it would be nothing short of whimsical to want to fight with Pei Hu without the help of True Qi.

Amelia Su's brows furrowed, and she directly hit Pei Hu with a real energy.

However, Pei Hu had already noticed that, when he suddenly withdrew the energy in his hand, George Han, who was exerting force, pulled it into the

air, and when his body lost his center of gravity, he suddenly leaned back.

Although Zi Qing had quick eyes and quick hands, she hurriedly supported George Han from her back, but after all, her body stabilized, but the strength and inertia in her hands were not eliminated.

The bowl was turned over, the soup was sprinkled, and it was poured directly on George Han's face.

All of a sudden, George Han was extremely embarrassed and didn't care.

"Yeah!" On the side of Pei Hu, he exclaimed loudly, pretending to be shocked by George Han, but in fact he just wanted to attract more people's attention in this way, so that George Han could Qian makes a fool of himself in front of more people.

"Mr. Han, what's wrong with you? Why are you so careless? Are you struggling to drink a bowl of soup? You said earlier that Pei Hu would bring it to you directly and feed you personally, why bother you? Where's the big driver?"

A distinguished guest, so incompetent, Pei Hu's

strategy was successful, although most of the people present were whispering in private, but many people obviously questioned before contacting Pei Hu, and began to confront George Han. The comments are enough.

"What kind of VIP is this, the owner of the family said that he was very heroic, but in fact, it is just like that."

"Yeah, I can't hold a bowl steady. Those who know know that he is only in his twenties or thirties, but those who don't know think that He's in his seventies and eighties."

"Don't say that, my grandfather is over a hundred years old this year, and his body is not weak."

"Hey, maybe Mr. Pei is right, our old master is indeed old. Enemy against the stronger, but be in the company of the weakest, hey, the future of the Pei family seems to be really unsuitable for the old master."

"Ever since I saw that the VIP is a personal boy, I have long felt wrong. Yes . The two women around him seem to have a

good cultivation base, plus that kid's appearance, hum, a typical soft rice king."

"The owner of the house is old, I'm afraid he doesn't know the routine of the king of soft rice and hard food, and he thinks that this kid does everything, so I think this kid is very good, but in fact, it's a piece of shit, our son is this one. It came out after the test."

"Yeah, say you're sick, I see, it's just pretending, the purpose is very simple, but it's just to take an opportunity to get some supplements at our Pei's house. You know, this is The king of soft rice needs to replenish his body." "The more you say it ,

the more reasonable it is, haha, it seems that this is the truth."

"Hey, it seems that we should really support the son, the master, he is old."

Although the voice was not loud, George Han and others could hear it to some extent. George Han's face was ugly, and anger suddenly ignited in his eyes...

Chapter 4040

He gritted his teeth, gently took the towel in Amelia Su's hand, wiped it reluctantly, and sat back down again.

He sneered: "Young Master Pei, don't worry so much. Han has been in the car for a day, and his feet are a little numb, but he can't stand up."

"Well, give me three days to rest, three days later, You and I will have a test in this Pei family mansion, to calm your son's doubts, and to calm down the doubts of the Pei family, what do you think?"

Hearing this, Pei Hu was naturally very surprised. At the same time, he was overjoyed.

He couldn't ask for such an opportunity.

"Mr. Han is serious? Are you really willing to have a friendship with Pei and have a test?" Pei Hu asked.

George Han smiled coldly: "If this is not a competition, I am afraid that in the next few days, Han may have trouble sleeping and eating."

Obviously,

if George Han does not agree, then Pei Hu This kind of small action is bound to be endless, what can I do at that time?

Could it be that he was crying and complaining to Pei Gu?

Not to mention how embarrassing this is, is it possible for Pei Gu to control Pei Hu just because of his parent-child relationship?

From the current situation, this is almost impossible.

Even if the discipline is more than words, then the exchange must be more crazy revenge from Pei Hu, which naturally means more small actions.

At that time, George Han estimated that he would be annoying to death by him.

"Master Han, the facilities in Qifeng Pavilion are just right, but there may be imperfections." Pei Hu pretended to be confused, and transferred George Han's sleeplessness to the literal meaning, and then threw the pot at Qifeng Pavilion.

"However, it's not interesting just to compete, what do you think, Mr. Pei." George Han smiled.

"Oh? What does Mr. Han mean?"

"Let's add some more." George Han said.

Pei Hu understood in an instant, hehe smiled: "Then what kind of bet Mr. Han wants to add, although Pei Hu is the young master of the Pei family, but his father's education needs to be diligent and thrifty, so Pei's person actually has no money, if he wants to bet In terms of money, Pei may find it difficult to accompany him."

Obviously, the purpose of Pei Hu's words was not to sell the poor, but to raise the stakes even higher.

His Pei family son is diligent and thrifty, and this thin dead camel is bigger than a horse. If he wants to gamble, he will be more generous than most people, but the reason why he said this is that he does not want to gamble with George Han.

In other words, he's going to bet on something bigger.

"Since Mr. Pei doesn't gamble, what do you want to gamble?" How could George Han not know what he was thinking, and smiled lightly, wanting to try his bottom line.

Hearing this, Pei Hu

pretended to think carefully, but in fact he already had an idea in his heart.

"That's it, let's play a little gamble. If whoever wins, whoever can ask the other party to do one thing, and the other party has to do it obediently no matter what it is." After the

words were finished, he turned his eyes quietly. He turned to Amelia Su and Ziqing next to him.

Obviously, Pei Hu's goal is very clear.

Both women are as beautiful as gods. If they win, and let George Han send two women to come to sleep, wouldn't it be beautiful?

There are two beauties not to mention, the most important thing is that they are all from George Han. If they are played by themselves, I am afraid that George Han will never get over the face.

Perfect double win, hehe!

George Han knew his maliciousness when he saw his eyes, and smiled lightly: "Anything? Can you be sure about Mr. Pei? I have always liked beautiful women. If I win, it is possible for Mr. Pei to become Miss Pei.

"

Young Master Pei, are you sure?" If George Han asked

if he was sure, Pei Hu would really have to weigh it, but now George Han is in this state, he can't even hold a bowl. What is there to be afraid of?

For him to turn into a woman, this is indeed insulting enough, and it will certainly make him unable to lift his head for the rest of his life.

However, the premise is that George Han has the possibility of winning. If not, even if this threat is broken, it will be useless.

"Although Pei Hu is young, his father has always taught him to count. Besides, this note is mentioned by Pei Hu, please rest assured, no matter what, Pei Xi will never go back on it."

"Okay!" George Han smiled softly. : "If that's the case, then we will officially see the real chapter in three days."

"Okay, Pei Hu must also look forward to this day." Pei Hu smiled.

“Oh, yes, Mr. Pei, there is one more thing...”
