

HTC 4041

Chapter 4041

“What else?” Pei Hu asked suspiciously.

“Returning Divine Pill tastes good.” George Han smiled mysteriously.

Hearing this, Pei Hu’s eyelids twitched obviously, and he was very angry when he said it. Such a good thing, it was enough to give Yin Su, but how did he know that George Han was sent.

It’s also his fault that he didn’t ask clearly before. If he had known that it was George Han, he would rather turn the Divine Pill to feed the pigs than give it to his enemy.

But in front of him, everything has been sent out, and the water that has been spilled can’t be taken back, so what can he do?

“Hmph, George Han, let me tell you, don’t be complacent, what will happen if you eat my pills? In the end, you won’t have to be beaten and spit out by me.”

“Humph, a joke.

” Shaking his head slightly: “I don’t think so.”

“It’s you, don’t lose Dan and get beaten up again

, then you’ll lose a lot.”

“Sometimes, you know, a person is beaten by heaven for what? It’s like you and I meet for the first time, and then the woman you love just flew away. This time, it’s also likely to be the case, so you have to be careful.” The

words fell, George Han slightly smile.

“Yin Su!”

Upon hearing this, Pei Hu immediately thought of Yin Su.

Thinking about it again, Yin Su once treated George Han, is it possible...

“Impossible, do you think you are a peerless love? Let me tell you, Yin Su has already been in love with the two, and she is only about to get engaged. Do you still think it was the little fairy from last time?”

“Bah, let me tell you, last time Xiao Xian’er didn’t marry me because she liked you, but she just didn’t want to marry me. But Yin Su is different, she wants to marry me!”

George Han

heard the words , smiled softly: “Oh? Really? What are you doing so loudly? Someone said that when a person’s voice is louder, it often means that he is more guilty.”

“Are you guilty now?”

Pei Hu’s mouth crooked , my heart is really frightened.

Although he was actually very confident in Yin Su, for some reason, some words came out of George Han's mouth, but there was always an inexplicable coolness.

"Who the hell is guilty of you. George Han, take good care of me. Not only will I teach you a good lesson in three days, but at the same time, I will also tell you that I will be engaged to Yin Su in three days. Hmph, I am here. What you have lost, I will return it with interest."

"Oh, by the way, you reminded me that the two women around you are not bad. I don't mind taking two more concubines. Their groom. As for you that night, haha."

"If you're lonely, I don't mind you lying in the corner and listening to your tongue."

George Han smiled: "Okay, I'll definitely go at night to hear you're in the house. How did Li scream in pain?"

"Three days later, George Han!" Pei Hu smiled coldly, pointed to George Han, and then pointed to himself, signaling himself to wait for George Han.

Immediately afterwards, Pei Hu turned around and sat back in his seat, poured himself a glass of wine, and took a leisurely sip of his drink, not too beautiful for a while.

George Han also smiled lightly and sat back in his seat.

"Three thousand, what are you doing? In your current situation, why are you... Why did you agree with Pei Hu to compete in three days?" Amelia Su asked anxiously.

George Han's current physical condition, not to mention fighting Pei Hu, even fighting an ordinary person would be enough.

Amelia Su doesn't know, George Han

Why would he agree to compete with Pei Hu under such circumstances, but George Han is obviously not a person who acts with loyalty.

Ziqing was also quite anxious, and whispered: "I played against him just now. His cultivation base is very deep, and his moves are extremely strange. If it wasn't for his bloodline to be stronger than him, I'm afraid I wouldn't be able to beat him.

" George Han nodded with a smile: "I know."

George Han had played against him. Although he was not George Han's opponent, he was always there.

Pei Hu is the future son that the Pei family has cultivated with all their might. After not seeing him for such a long time, it is difficult to predict the extent to which his cultivation has risen, but it can be roughly estimated.

"Then you still promised him?" Amelia Su asked anxiously.

George Han smiled lightly: "I'm really not his opponent now, and I'm even easily manipulated by him, but isn't there three days left?"

Chapter 4042

for three days?

Perhaps, this time may not be enough for others.

But for George Han, it may not be a feasible time.

Although, it sounds a bit exaggerated.

Some are even impossible.

“Three days, can you really?” Amelia Su asked.

George Han smiled and shook his head: “I don’t know either, but my wife’s idea for me, I believe this trip to the Pei family will not come in vain.”

Amelia Su heard this and smiled slightly, since Han Three thousand said so, presumably he must have his reason.

Thinking of this, she nodded to Ziqing who was also anxious, indicating that she should not be nervous.

Pei Gu on the side saw all this in his eyes and kept it in his heart.

In fact, he just wanted to stop this

so-called competition three days later.

From the point of view of his interests, whoever wins is not a good thing for him, because if any party loses, it will only make his face unbearable.

If Pei Hu loses, the carefully nurtured son will naturally not add any favor to his father, and in turn George Han loses, it may not be a good thing for him.

So, it’s a lose-lose situation.

Pei Gu was naturally not happy to see it.

But the reason why he didn’t say anything to stop him was because he saw confidence in George Han’s eyes.

Anti-Buddha, George Han has already made up his mind about the test three days later.

However, Pei Gu didn’t understand, what did George Han use to win his son three days later?

He personally took the pulse of George Han. George Han is now almost no different from the trash, and even ordinary people in this

eight -way world may be stronger than him.

However, such a person can challenge the masters of the masters in only three days.

This can’t help but make people feel unbelievable, and at the same time, they are full of curiosity about what means George Han has.

Therefore, Pei Gu chose to wait and see.

“It’s all a family. Since you have an appointment for a test three days later, it is really inconvenient for Pei to say anything. However, Mr. Han, the old man has something to say first.” Pei Gu said with a smile.

George Han smiled lightly: “Please tell me.”

“Although Pei Hu is my son, you are also my VIP, so we weigh the two, and ask for three days later, Mr. Han must not be because of my relationship, yes He has left behind. Young people, since they are young and frivolous, they should naturally pay for it, and the old man is looking forward to it

.”

“It’s better for me to teach my son a lesson than an outsider.”

Pei Gu laughed, But people with discernment can also see that Pei Gu is obviously looking for a reason to ease the relationship with George Han, so as not to hurt the peace.

George Han clasped his hands slightly: “Patriarch Pei, please rest assured, the son of the Pei family, Mr. Han, will teach you a lesson, and you will never be polite. However, you have something to say, and I have something to say.”

“Please speak.”

“Compete . In the beginning, swords and spears have no eyes. If you hurt Ling, please ask Patriarch Pei to forgive him. Naturally, Han will pay more attention and try not to let him lose his arms or legs.”

“However, he may lose something. .” George Han said.

Hearing this, Pei Gu was slightly taken aback.

For some reason, these words came out of George Han’s mouth, and it was really oppressive.

Only Pei Hu responded with a cold smile. He didn’t take George Han’s words into his eyes at all. To him, these words were no different from trash.

“Yes!” Pei Gu could only bite the bullet and nod his head at this time.

George Han got up slightly: “Okay, I’m full of food and wine

, so I’ll leave first.” “Mr. Han is in a hurry to leave without drinking the first sip of soup?” Pei Hu laughed road.

“There’s no way, there will be a beautiful meeting tomorrow morning, how can it be possible not to go to bed earlier?” George Han left a meaningful smile at Pei Hu.

Immediately afterwards, he got up and led Amelia Su’s two daughters to the outside.

When passing by Pei Hu, George Han suddenly stopped, and then leaned into his ear and whispered a few words. Suddenly, Pei Hu’s face changed greatly...

Chapter 4043

However, just when Pei Hu’s anger changed greatly, George Han didn’t care at all, with two women in a cold voice Smiling, he slowly left the scene.

Seeing that Pei Hu's face was obviously wrong, at this time, Pei Hu couldn't help frowning and asked softly, "Hu'er, what's wrong?"

Pei Hu was stunned, and after a while he raised his head in surprise: "Father... Ah? No...nothing."

"In a trance, you said nothing, just now, what did Mr. Han tell you?"

"Father, it's nothing. By the way, the child has something to ask for."

"You Let's talk."

"Yin Su and Ba'er are in love with each other. Ba'er thinks that three days later, when the competition is over, she will have a big engagement banquet with her." Pei Hu said.

"I want to get engaged in three days?" Pei Gu frowned: "But about Yin Su and you, the father has urged you several times, but you have been delayed, why this time

..."

"Also, three days later, I'm afraid it's a little embarrassing at

this time, right?" "I think it's very good at this time." Pei Hu said with a smile: "One is that Yin Su and I have already made a private appointment, but the time just happened, and two, the VIP is also present, but it is You can bless the baby."

"Although I will compete with VIPs in three days, father can rest assured that the baby will be merciful until the point is reached."

Seeing that Pei Hu knew what he was worried about, he said it until the point was reached . After saying this, Pei Gu didn't say much, and nodded: "Alright, it's a double happiness."

"I immediately ordered the people of the Yin family to come over. After three days, your engagement ceremony will be officially held."

"Thank you, father . ."

With his father's words, Pei Hu's heart was much calmer.

"By the way, father, Yin Su will have to diagnose George Han tomorrow. I think that

since the time of engagement will come in three days, we should send other doctors over to remove Yin Su." Pei Hu said.

Pei Gu frowned: "Yin Su's treatment is effective, why do you want to withdraw?"

"Just because she may be my Pei family's daughter-in-law, it is necessary to treat the VIP more. Once the VIP improves, then... this is all me. The credit of the Pei family." Pei Gu vetoed.

For Pei Gu, this is an advantage. The hand of an insider is better than the hand of an outsider. He can't understand Pei Hu's request, and naturally he can't agree.

Pei Hu was anxious. Before George Han left, he clearly said in his ear that Yin Su had a doctor's appointment to find him tomorrow. He would be alone and widowed by then. As a VIP, if he played anything, forgive her Yin. For the reputation of the Pei family, he did not dare to resist more.

Pei Hu is anxious.

Although Yin Su has never been there,
everyone knows Yin Su is almost his wife and concubine.

If this was forcibly played by George Han, then it would be really green on the top of the head and light on the top of the face.

But now he is begging his father for mercy, and his father is not willing to agree at all. He is anxious and angry for a while.

But what can we do?

It was impossible to tell his father that he was afraid that Yin Su would be played by George Han.

Although George Han succeeded in being embarrassed by his own mischief tonight, and caused ridicule from some people.

But in any case, his status as a VIP is still there, how could his father really believe in himself based on his own words?

Moreover, Pei Hu didn't know George Han's bottom line with his father. In case, Yin Su's matter is in line with his father's bottom line, and his father tacitly agrees, then this matter is more than worth the loss.

George Han could do things according to the imperial decree, but at that time Yin

Su couldn't find a place to justify it, and if there was no father's acquiescence, even if George Han really did it, he could at least use it to play. Forcing him to George Han will ruin his reputation.

After thinking about it, Pei Hu nodded gloomily, this matter can only be hidden in his stomach, waiting for it to grow and sprout.

At this time, George Han and three people had already walked out of the Pei family mansion and got into the car back to Qifeng Tower. Back at Qifeng Pavilion, Han

George Han smiled before the two women could speak: "I know you two have a lot of questions in your mind, but you don't need to ask."

"Go back to your room and rest."

Qian took Amelia Su back to her room, and Zi Qing obediently returned to her room.

After turning off the light, George Han was lying on the bed, but suddenly laughed out loud.

In the darkness, Amelia Su muttered, "What are you laughing at?"

Chapter 4044

"I laugh at you." George Han smiled.

“Laugh at me?” Amelia Su said?

“Don’t think that if you turn off the lights, I don’t know that you are so angry and puffed up in the dark, and your little head is full of great confusion.” George Han said with a smile.

Hearing George Han’s words, Amelia Su knew that George Han was laughing at himself, and muttered, “Since you already know, you still don’t tell me.”

George Han smiled, then turned over slightly and approached Amelia Su. In his ear, he told Amelia Su the rough plan one by one.

In fact, without her asking, George Han will explain it clearly to her.

After all, Amelia Su is his wife, so George Han definitely doesn’t want to hide anything from her, and he must make it as clear as possible.

After listening to George Han’s words, Amelia Su nodded, but still couldn’t put her mind at ease: “Are you sure it’s really feasible?”

“It shouldn’t be a

big,” George Han said.

“But the problem is, playing with the mentality before the war was possible before, but not now. Because of your current foundation...”

George Han smiled slightly, put Amelia Su in his arms, and sighed: “The so-called car must be in front of the mountain. There is a way, I took such a fatal blow and didn’t die. It seems that God still keeps me for what use.”

“If you want to keep my life, how can you make me an ordinary waste?”

“No hurry . , don’t worry, just go to sleep.”

Amelia Su wanted to say something, but seeing George Han so confident, thinking about how he is now, other people may have given up on themselves, but it is rare for him to have such a mentality.

As a wife, you should be encouraged, not beaten.

Nodding, Amelia Su put her head on George Han’s chest slightly, closed her eyes, and fell asleep peacefully.

Soon after the sun rose the next day, there was a light

knock on the door.

However, in the house in the city, only George Han was left.

In a small teahouse outside Qifeng Pavilion, dozens of elites were waiting on the second floor at this time, and in the center of them, Pei Hu was sitting at the table, suffocating his head and drinking tea.

“Master, Yin Su has already entered Qifeng Pavilion.”

“I see, I’m not blind.” Pei Hu said depressedly, “Where are the two women in the mansion?”

“Ah?”

“I mean George Han brought The two women.”

“I don’t know, I heard from the guard of Qifeng Pavilion that the two women went out early this morning.”

“Damn!” Pei Hu shouted loudly, and immediately became anxious: “You mean, this He George Han is the only one in Xifeng Pavilion now?”

“It seems... it seems that it should be.” The subordinate was startled, trembling slightly.

Pei Hu was in a hurry, he was really a fu* lonely man and a widow, this Qifeng Pavilion looked more and more like a tiger’s mouth, and his

Yin Su was that poor little sheep.

“Young Master, what should we do?”

“Keep an eye on me. If there is any movement in Qifeng Pavilion, I will immediately rush in.”

“Yes!” The subordinates responded.

“However, you have to listen to me and see clearly. After all, George Han is now treated as a VIP by my father. If he breaks in rashly, it may cause unnecessary trouble.” “

Yes!”

Then Pei Hu sat back on the table depressed, and continued drinking his tea depressed.

Does he love Yin Su that much?

There are indeed some.

But it’s more of a face issue.

If his dignified prince concubine was played by someone, it would spread out, and the light on his face would be gone.

He can’t afford to lose this man.

Inside the Qifeng Pavilion, with a creaking sound, the door was opened.

It is George Han.

He was in pajamas, obviously

looking like he just got up from the bed, he smiled lightly when he saw Yin Su, then invited Yin Su into the room, and closed the door again.

George Han didn’t say anything, and went all the way back to his bed, but he tapped the table with his hand as he passed the table. Yin Su pleaded with the eye, it was the box containing the Divine Revolving Pill.

Seeing this, Yin Su was immediately overjoyed, and hurriedly knelt down: “Yin Su thank the distinguished guests for saving their lives, Yin Su and the Yin family will always be grateful to Mr. Han.”

George Han sat back on the bed and smiled: “I will Put things away, and then come to the bedside.”

Yin Su nodded, got up and picked up the revolving magic pill on the table and put it away, obediently came to George Han’s bedside.

“My life-saving grace, let’s talk about it in the old-fashioned way. You can even promise it with your body. So, I think you should report your kindness earlier. I have something to do, and I just want to ask you for help.”

George Han smiled evilly... ..

Chapter 4045

Looking at George Han’s evil smile, in fact, Yin Su does not have any disgust.

In terms of appearance, he is above Pei Hu, and he can even beat Pei Hu by a thousand miles. In terms of temperament, he has the aura of a hero and king, and even more explosive Pei Hu doesn’t even know his mother.

Moreover, he was so young but was directly regarded as a guest by the Pei family. Such a person either had a strong background or was very capable.

Therefore, this question is really a simple multiple-choice question for Yin Su.

The same is to sell yourself, a better destination, why not do it? !

“What does Mr. Han want Yin Su to do?”

“It’s hard to tell.” George Han smiled embarrassedly.

“Although Mr. Han ordered, Yin Su will try his best to satisfy and promise Mr. Han in any matter.”

Seeing Yin Su’s words, George Han hesitated for a while, but nodded: “

Okay, in that case, I’m welcome. That’s it.”

George Han smiled and whispered a few words in Yin Su’s ear.

Yin Su frowned upon hearing this, but after a while, she nodded.

“Ah!”

A slightly sharp voice suddenly sounded in George Han’s room.

Immediately after, Yin Suwei’s voice of resistance.

Outside the door, the guards in charge of guarding frowned suddenly, and one of them ran quickly outside.

On the second floor opposite Qifeng Pavilion, Pei Hu was spinning around in a hurry, but at this time, the guard hurried to report.

“Young Master Report, the cry of Miss Yin just came from the room where George Han lived.” Hearing this, Pei Hu was startled, and suddenly he got up: “Are you sure?”

“Subordinate I’m sure, moreover, my subordinates clearly heard Miss Yin Su’s call for no, no, it seems... very resistant, and very frightened !”

“Fuck, this damn George Han, you fu* really want to. Bring a green hat to Lao Tzu.” Pei Hu slammed the table and shouted angrily.

“Come on.”

“Yes!” The subordinates who had been waiting for a long time immediately took the order.

“Fuck, follow me into Xifeng Pavilion and catch the thief.”

“Yes!”

“Wait!” At this moment, someone made a sound and hurriedly stopped Pei Hu.

He walked to Pei Hu in a few steps and said anxiously, “Young Master, don’t be in a hurry, it’s a big sin to trespass into the VIP’s place, if we don’t show any evidence, if this matter is known to the owner, it must be Do n’t forgive us lightly.”

“Evidence? What kind of evidence do you want? Is it possible that you have to wait for the mother’s raw rice to be cooked before calling it evidence? The hat is not on your head, of course you don’t know what the green glow is. How do you feel?” When the

words were finished, Pei Hu waved his hand and

led the group downstairs, killing them all the way towards Qifeng Pavilion.

When the group came out of the house, before entering, they had already heard a series of hideous and unpleasant words of tigers and wolves.

Pei Hu’s body trembled with anger on the spot, and his face was not only hideous, but also full of anger.

In the next second, regardless of other things, Pei Hu rushed up and kicked George Han’s door open.

However, just when he was about to point out angrily, he was completely stunned.

At this time, George Han was just sitting on the bed with his eyes closed, while Yin Su was gently applying medicine for George Han’s wounds.

A group of people rushed in, obviously startling the two of them, and the medicine bowl in Yin Su’s hand fell directly to the ground, scattering all over the ground.

George Han frowned, opened his eyes slightly, looked at Pei Hu, and suddenly became slightly angry:

“You bullied me and humiliated me last night, but today you even went

too far to break my door and break into my house.”

“Okay.”

George Han finished his words, stood up, and walked out of the house without saying a word.

“Mr. Han, what are you doing?” Yin Su said hurriedly.

“Since Xifeng Pavilion doesn’t welcome me so much, I should leave.”

George Han walked quickly outside without looking back.

Pei Hu was stunned, he didn’t expect the situation in the room to be like this, after a moment of stunned, he looked at Yin Su: “Yin Su, what the hell is going on, George Han isn’t treating you ...”

“Oh, I want to prescribe medicine for him, but some are taken internally and some are posted externally, but Mr. Han wants to not bother others, so Yin Su keeps telling him not to mess around.”

Hearing this, Pei Hu The whole person suddenly opened his pupils, secretly saying that he was bad, and just wanted to chase out, but unexpectedly, bad things have come...

Chapter 4046

Pavilion, you can already hear the voices of many people talking in private.

“Come so fast?” Pei Hu was a little flustered.

“Have you heard that Mr. Pei’s wife, who hasn’t been at the door, treated the VIP, but he was suspected of having s3x with the young master of the Pei family, so he broke into the door and caught him.”

“Cough, I heard that Mr. Pei intends to target him here VIP, so I’m always targeting.”

“I also heard that last night, the two of them agreed to compete in three days.”

“It seems that Mr. Pei is a little shameless. He deliberately made an excuse to harass his opponent. This is.”

Outside the pavilion, the residents of the city pointed and nodded, Pei Gu’s sedan chair was also falling at the gate at this time, and he received a hurried report from Amelia Su and others a few minutes ago.

At first,

he thought that Amelia Su was alarmist. It’s just that, as the head of the family, he has come to take a look, but he didn’t know that he was at the door, but he had already heard so many rumors.

His old face, Pei Gu, suddenly felt that he couldn’t hold it anymore, gritted his teeth, sullen his head, and walked into the Qifeng Pavilion with a pale face.

As soon as he arrived at the master bedroom, he saw Pei Hu and a group of people standing at the door, and Pei Gu’s anger had reached its peak.

Also fu* true!

“Crack!”

They couldn't help saying, and when Pei Gu went up, he slapped Pei Hu's face heavily and shouted angrily, "You rebel, you haven't made enough trouble? Are you running up to Qifeng Pavilion to make trouble?"

"Father!" Pei Hu felt helpless as he touched his aching face.

However, no matter how stupid

He also knew that his father could not have come so quickly, so there was only one possibility at the moment.

That was the trick that he fell into George Han, and he had deliberately arranged it for a long time.

"Father, this is simply a misunderstanding. George Han and Yin Su were alone in the house, and the boy was also worried about Yin Su's safety, so when he heard something wrong, he brought people in."

"One doctor, one Patient, how can it be so filthy words in your mouth? Straighten your ears and listen to what the outside world is saying about us."

"I'm really pissed off by your bas**** son."

"Father, please believe me, this is really a misunderstanding. He Han... George Han deliberately played with me." Pei Hu hurriedly explained.

"Playing with you on purpose

? Why didn't he play with me on purpose? Besides, do you think playing with you on purpose is worthy of your honor? This dignified future Patriarch of the Pei family was played with applause by others. Do you think you are smart?"

Hearing Pei Gu's words, Pei Hu lowered his head and did not speak.

Too much to say, too many mistakes, this game of chess was played by George Han, both openly and secretly.

He had no chance of struggling, as long as he kicked George Han's door open.

"From today onwards, I officially announce that without my order, you, Pei Hu, are not allowed to approach within a radius of 500 meters. Can you hear clearly?"

"Hu can only bite the bullet and grit his teeth: "Yes."

"Also, hurry up and bring George Han back, no matter

what method you use." Pei Hu finished his words and glared at Pei Hu: "You are already outside. When the population is real, I think about going to clean it up, you know?"

"Father, the child knows." Pei Hu was very depressed.

"Prince of the dignified Pei family, doing things so recklessly, I really don't know what to say to you." Pei Gu finished his words and took a few steps to leave.

However, when they arrived at the gate, they saw Amelia Su and Ziqing waiting outside the gate of Qifeng Pavilion.

“Patriarch Pei, we came here on the orders of George Han.” Amelia Su smiled.

Hearing this, Pei Gu was both surprised and delighted: “

Where is Young Master Han?” “Patriarch Pei, where he is is not important anymore. Otherwise, you should listen to him. What does he want to say?” Amelia Su laughed.

Chapter 4047

Pei Gu thought for a while, and said politely, “Miss Amelia Su, please speak again, this old man is all ears.”

“Miss Pei’s move , Although it did not cause any substantial harm, it caused a serious insult to George Han’s personality. In fact, George Han is not a stingy person, otherwise, he would have been angry with Mr. Pei’s actions last night.”

“Three thousand . Qian Nian greeted Patriarch Pei with a smile. It’s just that ordinary bullying is fine. However, like Mr. Pei today, it is really too insulting. Therefore, George Han deliberately Let Amelia Su come and say goodbye to the Pei family. He is grateful for the warm hospitality of the Pei family, and when you come to the city in the next day, he will also give you a warm welcome.” After the

words were finished, Amelia Su glanced at Ziqing, and the two women were together. He bowed to Pei Gu, then turned to leave.

“Slow!” Pei Gu was so anxious

that cold sweat broke out on his forehead.

If this makes George Han and the others go back like this, not to mention the rest, the cooperation with the Pei family will definitely be cut by half after they fall into the city.

Even if the two sides maintain the same cooperative relationship, the mutual trust and closeness have been frozen since then, which is definitely not what Pei Gu wants.

Moreover, as a party, even if Pei Hu was his own son, Pei Gu knew that the responsibility for this was on his side.

Therefore, he caught up with the two daughters of Amelia Su, and said a little apologetically: “The dog is negligent in discipline, and this time he has caused such a big disaster. Rest assured, I have punished him, and he will not dare to approach this area in the future. Within 100 meters, in addition, I will have other punishments, I hope you can express your anger.”

“Three thousand means, the meaning of punishing Young Master Pei is actually not big, everyone is friends, there is no need to hurt the peace. That’s it

When it’s over, he doesn’t pursue it, and Patriarch Pei doesn’t take it to heart. “

Amelia Su finished her words and continued to walk forward.

Pei Gu's old face was very embarrassed, and he caught up with him again in a few steps, this time he simply blocked in front of the two girls.

"You two, it's because of my Pei family . . . I, Pei Gu, as the head of the family, should naturally handle this matter satisfactorily. Three thousand is my VIP, and now he is treated like this. As a man with a family background, I really understand his heartache. "

"Patriarch Pei is serious, the three thousand are here for treatment, but now..." Amelia Su said.

"I understand, I understand." Pei Gu nodded: "That's good, I'll ask that Nizi all over the city to apologize, and give three thousand innocents. Besides, as you said, you're here to treat the disease, so let's treat the disease well." "

For the past three days, I have not allowed anyone to approach Qifeng Pavilion, unless

George Han allows it." In addition, I brought 3000 here before because my Pei family is a special place, so I could give him a try. Isn't it a pity that he just left? "

"Well, let him come back, I will take him to the forbidden area of my Pei's house tomorrow, let's see how?" Hearing Pei Gu's

words, Amelia Su was obviously hesitant.

Ziqing said slightly: "Sister Amelia Su, it is true that Pei's family owner is really thinking about the health of Big Brother Three Thousand. Otherwise, let's put down the trivial things and feel at ease. Heal for the three thousand brother. "

Amelia Su nodded and looked at Pei Gu: "I don't dare to make up his mind for him, so let's do my best to persuade George Han." Hearing this ,

Pei Gu finally let out a sigh of relief: "If that's the case, then it's time to welcome the summer. "

"You're welcome." "Amelia Su saluted slightly, turned around and left with Ziqing.

Looking at the backs of the two women leaving, Pei Gu

sighed again, this dead son who made a headache, this kind of trouble at such a time is really a headache.

Fortunately, I arrived in time, although it was a bit late, but it was not bad to make up for it.

However, what Pei Gu didn't expect at all was that, after Amelia Su left, the corners of her mouth were slightly raised, and she was about to snicker with joy.

George Han's move, I have to say, not only made Pei Hu go up and down, but also tossed Pei Gu to the most uncomfortable position, killing two birds with one stone, and most importantly, George Han achieved what he wanted. the goal of.

When the two women passed through the crowd and confirmed that no one was following behind them, one accelerated and turned into a remote small house.

George Han was lying on the grass there, holding grass in his mouth, looked at the two women who came back, and said with a smile, "How is it? Is it done?"

Chapter 4048

Amelia Su and Ziqing looked at each other, and then nodded in unison.

Amelia Su smiled lightly and said, "As you expected, Pei Gu seemed to be very flustered when he heard that we were leaving, and tried his best to keep us from staying. Finally, according to what you said, I mentioned that we are here for treatment. If you're sick, Pei Gu has promised to take you to the forbidden area of Pei's house tomorrow."

George Han smiled lightly, as expected.

"Amazing, three thousand, or else, go out and hold a painting and write a Han Banxian for fortune-telling. Today's affairs, almost everything is as you told me, without the slightest deviation, it is really god. Yes." Amelia Su teased with a smile.

George Han smiled bitterly: "Do you really think I'm a fortune teller? I'm accurate, that's because these things can be counted, but fortune-telling is not within the scope of calculation."

In fact, everything is It can be imagined

or arranged.

Since last night, George Han had already figured out that Pei Hu would definitely fuck up today because of what he said about Yin Su.

With his impulsive personality, a little trick can definitely make him appear instantly.

What George Han wants is that this guy becomes impulsive. Once he becomes impulsive, the big net that George Han has set up will be ready to net him into it at any time.

Once the network is in, George Han will spread the news that has already been arranged, and the people who spread it are of course the word traffickers that Amelia Su and Ziqing paid for.

The two women went out early in the morning. One was to create the situation that Pei Hu was worried about for Qifeng Pavilion, and the other was to go out ahead of time to lay out the traps that George Han needed.

Therefore, as long as Pei Hu dares to rush into the house, the closed loop of this network will be completed.

Everything developed as George Han planned.

Pei Gu has done so much. If George Han is released at this time, he will be unwilling to know that the relationship has been damaged, and as long as he proposes to keep it, Jiu can force his palace to take him to the forbidden area of Pei's family as soon as possible. .

George Han didn't want to wait any longer. In fact, the main purpose of coming to Pei's house was to see if the forbidden area of Pei's house could help him.

Otherwise, George Handa would not have to rely solely on the treatment of famous doctors and medicinal materials.

With his identity and his money, wouldn't it be easy for him to ask for these things?

It's just that everyone is a partner, and George Han didn't mention it, but Pei Hu appeared and gave George Han such a chance.

"It not only made Pei Hu suffocated, but also completed the forced palace. Brother three thousand, everyone has a long head, but I am curious, what exactly is in your head? How can you be so smart." Zi Qing laughed.

George Han smiled: "Would you like to find a stone to break it open?"

"I really want to, but I'm afraid Sister Amelia Su will hit me." Zi Qing said with a smile.

Amelia Su sighed, looked at George Han, and gave him a slight glance: "Okay, I know what you are capable of, so should you get up now, we have to go back, Pei Gu is still waiting for us there. "

No hurry." George Han shook his head: "Let him wait longer."

"He is also the owner of the Pei family. It doesn't seem right to you to have people wait at the gate all the time?" Amelia Su road.

George Han chuckled and said, "It's just because he's the head of the family, so he's embarrassed to wait there. The more angry you are, when you want to find out, guess who he will find." The two women almost

didn't need to think about it, knowing that this punching bag must only be Pei Hu, and couldn't help snickering.

"Pei Hu is really unlucky. It's not good to provoke anyone, but he wants to provoke our 3,000 eldest brother. Although our 3,000 eldest brother can't take action now that his meridians are damaged, his IQ is also completely madly crushing him." Zi Qing said with a smile: "What is this called, a dead camel is bigger than a horse."

"So we can't look down on anyone." George Han said, ", every person living in this world has His advantage lies in whether he can discover it or not." When the

words were finished, George Han stood up slightly: "Let's go, two beauties."

"Where are you going?" The two women were at a loss. Are you waiting? Where is this going?

"Take you to a fun place." George Han smiled mysteriously, strode in the opposite direction to Qifeng Pavilion..

Chapter 4049

Although the two girls are confused, George Han, like them, is a newcomer here, so I don't know where he can take them, but Since George Han had already led the way, all they could do was follow.

After walking through the streets for dozens of minutes, a group of three people finally suddenly opened up and walked into Kangzhuang Avenue. After walking for about 10 minutes, the group has entered a secluded place again.

However, the silence here has nothing to do with desolation, it is purely due to the scenery here.

Green water and green trees, curling around people, are like the landscape world in the painting.

“I didn’t expect that such a barren place in the land of demons would have such a fairyland-like place.”

“Yeah, this is like the world in the painting, it’s too beautiful.” In

the middle of the rippling green water lake, A pavilion stood there slightly, with the three characters .

“Let’s go.” George Han smiled softly, led the two girls, got up and walked towards Fengyi Pavilion.

The pavilion is not big, about several square meters. When a group of three people just arrived in front of the pavilion, a middle-aged man appeared out of nowhere in the pavilion.

Dressed in black, he was dressed in a simple yet somewhat majestic manner.

“The three of you, please stop. This is Fengyi Pavilion.”

Amelia Su is a little strange. This pavilion is only a few square meters, and there is nothing unusual in sight. How can someone come and remind them that this is Fengyi Pavilion. Woolen cloth? !

Zi Qing was also confused, and she couldn’t understand the current situation at all.

George Han nodded slightly: “Miss Yin Su asked me to come, this is her hand.”

When the words fell, George Han took out an iron card from his arms and handed it to the man.

As a result, George Han scrutinized the hand cards handed over, and the man

frowned : “You don’t look like the son of the Pei family, but more like a human family. That being the case, Miss Yin Su’s hand cards, Why did it appear in your hands? Could it be stolen?”

George Han was not angry, but smiled slightly: “Since you know Miss Yin Su and Young Master Pei, then I ask you, what do you need? What kind of skills can you steal from Pei’s residence?”

The man seemed to think that what George Han said was very reasonable when he heard the words.

Immediately, he handed the sign back to George Han: “Don’t worry, no matter what relationship you have with Miss Yin Su, Feng Yiting always acts according to the sign, and we will keep the customer’s secret.”

After he finished speaking, he suddenly squatted down. , and then banged twice on the ground with his hand.

The sound from the ground is empty, which means that the ground is empty.

Sure enough, after he finished knocking several times, the ground suddenly

rumbled, and then, a large hole appeared in the center of the pavilion.

Looking at the cave, it is brightly lit, and there are even bursts of fragrance.

“Three, please come inside. Remember, the guests in the pavilion are all distinguished guests in the pavilion, and they are polite and well-mannered. I hope the three of you will do the same after entering. Try to keep your voice down. Fengyi Pavilion is not a market place.” Yi Ren gently reminded the three of them while salute.

George Han entered first, followed by the two women.

After entering from the small hole in the ground, everything suddenly became clear, and at the same time, it was even more resplendent and sparkling.

However, it does not belong to the oppression of the local tyrants, on the contrary, it has a faint scholarly atmosphere.

Anti-Buddha is a kind of golden house temperament with its own golden house in the book, which makes people feel more comfortable and quite enjoyable at the same time.

As for the layout of the interior

, like a library, it is divided into several lanes. And in each of the two volumes, there are many small rooms of all kinds.

Most of these rooms are all kinds of shops.

If you have to give an accurate description and metaphor, George Han believes that this place is more like a fusion of a small underground shopping mall and a library.

There are not only the dazzling variety of goods in the small shopping mall, but also the comfort and tranquility of the library. Fengyi Pavilion is really worthy of such a name. “Wow, I really didn’t expect that there

is such a big world hidden under such beautiful and beautiful scenery.”

“A lot of exquisite goods, this is too beautiful.”

Can not help but sigh.

And it was the expressions of the two of them at this time, but they were completely captured by another person...

Chapter 4050

In front of a pawnshop not far from the three, a man dressed in extremely graceful and luxurious saw the two women. The expressions on their faces were not only slightly shocked by the peerless faces of the two of them, but also secretly delighted by the surprised expressions of the two women.

Those who can come here are often not rich but expensive, with natural dignified manners and natural demeanor.

However, because of the rules and regulations that only recognize cards and not people, there are often people who try to fish in the water and sneak in to gain knowledge.

Although this is unusual, it is a common occurrence.

But it is often this kind of person, who is so greedy and vain, as long as he just clicks his finger, these beauties will come close to him.

Here, he has dealt with several such women.

They have needs, they have needs, and they happen to be together.

However, what was a little different today

was that there was a diaosi man next to the two women. Although they were dressed neatly, they were definitely not related to wealth.

According to his experience in the love scene, it is obvious that the diaosi man has some kind of good buddy, borrowed the card, and then brought in the woman to pretend.

He has seen a lot of this kind of drama, and it is extremely simple to dismantle it.

The only downside is that it may cost a little more, but looking at the peerless looks of these two women, it seems worth the money.

Besides, for him, money is nothing but a number.

Thinking of this, his eyes closely followed the two women, not moving at all.

George Han on the other end didn't notice it, he only knew that there were indeed many eyes on his side.

However, this is normal. After all

, the appearance of the two women has always been at the ceiling level, and it is normal to attract attention wherever they go.

Moreover, George Han's meridians are now broken, and he has no cultivation base. Naturally, he can't use his spiritual sense to lock some special eyes. Therefore, he is not aware of anything now.

"When Yin Su was treating me this morning, she mentioned this place to me, saying that this place is a high-end place here, and all high-end items can be bought here, let me come and take a look, is there anything I need?" George Han asked.

Now that the injury is so serious, George Han really wants to come over to see if there are any good materials that can be used for alchemy.

In addition, Evil Taotie also needs to be supplemented, if you can find some treasures to go back, it is also a good choice.

It just so happened that this would consume Pei Gu for a while, but it happened to be a piece.

Amelia Su nodded when she heard the words.

It can indeed be looked at.

Thinking of this, Amelia Su looked around and set her eyes on the fourth row.

“It looks better over there.” Amelia Su pointed.

George Han nodded slightly. From the perspective of the scene, it is indeed very possible.

The crowd mainly swayed in the first, second, and third rows. Although there were sporadic people in the fourth row, the number was actually much worse.

Moreover, in terms of clothing and temperament, the sporadic people are indeed better than those in other rows, which fully shows that the things in the fourth row should be higher gear and more expensive.

Thinking of this, George Han walked slowly towards the fourth row with the two women.

As soon as they entered the fourth row, the various treasures of the shops on both sides were directly displayed

in front of the three of them, and many of them even exuded a faint fragrance, which was refreshing.

The three randomly found the most eye-catching store and looked at the goods on the shelves in front of his house.

It’s really good.

Especially one of the snow lotuses, just by looking at the appearance, it is known that it is absolutely the best among the best, which makes George Han very excited.

Amelia Su also took a fancy to this snow lotus, nodded at George Han, and motioned for him to buy it.

“Store owner, how do you sell this snow lotus?”

“300,000 amethyst, can you afford it?” The store owner looked at George Han’s clothes, and knew that there were often people with mixed eyes here, and said with disdain.

Seeing George Han’s hesitation, he smiled coldly: “What? Can’t afford it?”

“No!” George Han smiled and was about to speak when a big hand suddenly passed in front of him and picked up the Duo Xuelian...
