

HTC 4221

Chapter 4221

The crowd was obviously taken aback, and even the grumpy people were so disturbed by Yaxing, they shouted on the spot: “fu** What are you doing, what are you doing?”

“A bunch of rubbish, don’t you usually teach you? Damn it, come on!”

“Slow!” Pei Hu put away his smile and hurriedly shouted, he still didn’t completely lose his mind: “The spy Report, those who block it will die, this is an iron law, and no one can change it.” When the

words were finished, he raised his eyes to look at the spies: “Don’t panic, what is there to report? Take it slow, how excited you are.

” When the tiger’s words fell, someone laughed: “It seems that reinforcements from Mengxue City should have come, alas, these soldiers have been tense for a day, and suddenly a large number of reinforcements came, and they were overexcited for a while. I do n’t understand.”

“Yeah, in fact, soldiers are also human beings. Besides, they are always on the front line, so it is understandable that they are a little excited.”

“By the way, where are the troops in Mengxuecheng now, I will give a quick report.”

“Hehe . , I didn’t expect that group of elites to come very quickly, although it was expected that they would arrive at night, but I didn’t expect it to be so early.”

The other few were not as irritable as the first person, with a faint expression on their faces. Smile, as if the clouds are light and the wind is light, everything is calm.

A few spies, you look at me, I look at you, and my heart is speechless to the extreme.

They were really disgusted by the confident demeanor of the gang in front of them, that is, the official position was too low, otherwise they would really want to rush up, one knife at a time, and all their heads.

However, the hatred in their hearts returned to the hatred, the trouble returned to the trouble, and the professional ethics still made them calm down.

“I’m afraid, it won’t be as you wish.” The scout sneered.

After hearing this, and looking at the dissatisfied

expression , everyone who was happy was stunned for a moment, and then they all looked at each other.

“What do you mean by that?”

“Yeah, what does it mean that we can’t do what we want?” The spy

sneered again: “Isn’t this literal meaning still unclear?”

There are often many green light privileges in military operations, but these privileges are often used to pass information to them for convenience.

It is rare to say which spies are disrespectful to their superiors because of these privileges.

However, the relatively disciplined spies were suddenly uncharacteristically uncharacteristic.

“Damn spy, what kind of identity do you have to speak to us here in such a tone? How many heads do you have?”

” We can’t make it?”

It’s a joke. If this is all possible, there are no spies in this world, and they are all fu**ing generals.”

“Quickly kneel down and apologize, otherwise, you will be killed.” A group of

people are still immersed in the future. Among the power, they were naturally very angry at the spies’ contradicting, and at this time, the face even had the absolute upper hand in their minds.

As usual, this group of scolds would make many spies really frightened. After all, their status is low, and any order from their superiors can make them smashed to pieces.

However, today is different. At least, the spies are not afraid at all, but want to laugh.

“Just such a group of people dared to book the position of the old head of the family to host the Pei family.

I’m afraid it would be a real joke to say it out.”

Hearing the spies’ ridicule, the angry senior officials

became even more annoyed, and some even raised their swords and tried to rectify the Fa on the spot.

“It’s a death sentence to commit the following crimes, and I will kill you!” When the words were finished, he was about to step forward.

It was still Pei Hu, who hurriedly raised his hand: “Slow!”

“You don’t need to be slow, just kill if you want, just have fun. At least, although we look at you disgusting, after all, we are still members of our Pei family. It’s even happier than dying at the hands of the enemy, come on.”

“fu**, you’re right, at least it’s more fun to die like this, come on.”

“Come on!”

Not only were the spies not afraid, but they all regarded death as home, which made Pei Hu noticed something was wrong: “What did you just say? What died in the hands of the enemy?!”

Seeing Pei Hu doing this, one of the spies sneered: “The enemy’s 200,000 horses have broken through the city for about a few minutes, it’s clear enough. Is it?” When the

words fell, the audience was dead silent...

Chapter 4222

don't know how long it took. When the ping pong sounded, it was the sound of the sword in their hands falling, or the cup in their hands falling to the ground sound.

Pei Hu's eyes were lost, he stumbled and nearly fell from his seat, mumbling in disbelief in what he heard: "What did you say? The enemy...the enemy army broke...the city broke into?"

"...how is this possible?"

"Yeah, we...our reinforcements are almost here. Those people, they...how dare they!!"

"No, no, no, absolutely impossible, absolutely impossible, they The troops have long since withdrawn, how could it be..." The

faces of the group were ashen, their eyes slowly full of shock and fear.

"Why, didn't you say you were going to kill us earlier?"

"Yes,

you were all rhetoric just now, with a posture that I have in the world, why? Now you are all mute?"

Several spies mocked them in time.

"Didn't someone tell us just now not to panic? It's funny, it's funny, it's really funny."

"Haha, when it comes to others, it's the righteousness, it's my turn, I'm just like a dog.

"To vent their inner dissatisfaction, they tried their best to obtain information for them, but what they got was the same profligacy and ruthless ridicule of these people as fools.

They are fighting to the death, and even humiliating them for not doing anything at all, how can they not be angry? Anyway, the army of others has already broken the city, and they will die sooner or later. It is better to vent now, at least die

happily .

In the face of the abuse and ridicule of the spies, the crowd did not have the usual arrogance and domineering, and there was not even a single one in the crowd to talk back.

"Sir, what should we do, what should we do now?"

"Yeah, 200,000 troops rushed into the city, then we are like lambs waiting to be slaughtered. Let's... let's find a way to escape."

"Yes . , Young Master, if you run now, maybe you won't be able to come."

Faced with this urging, Pei Hu lost his previous calmness, and was quite flustered for a while: "But, if you go... go, what about the people in the city? Then... what about the family members of the Pei family?"

"Young master, if you keep the green hills, you are not afraid of running out of firewood. Let's withdraw."

“Yes, son, how can those people’s lives be as precious as yours? , withdraw.”

They urged anxiously, but they simply forgot the oath and promise they made to the people in the city during the day.

In their eyes, human life is actually a weed, use it when you need it and throw it away when you don’t need it.

“Okay, escape, escape!”

Pei Hu came back to his senses and responded.

Immediately afterwards, a group of people waited, made a mess, and fled to the outside of the attic in extreme embarrassment.

The spies didn’t leave half a step, they just looked at each other.

“This is our new owner, hahahaha!”

“It’s amazing, it turns out, it’s just a

piece of shit.” “Look at the way they run away, don’t they look like dogs.” The

spies laughed, but the senior officials tried their best to Running away, that scene is full of irony.

“The

Pei family is going to escape, and the generals will block any exit for me!”

When a group of people just came out of the attic, Ming Yu’s army has already reached the north of the city. Looking at the Pei family who fled in a panic, the leading vanguard general shouted loudly.

After a while, the army behind him quickly and neatly guarded the north gate of the city.

Pei Hu had just escaped halfway, but at this time he had to brake quickly, causing the people behind him to rear-end in a series of rear-end collisions, which was so embarrassing to watch.

However, Pei Hu couldn’t care so much anymore, and still instinctively returned to the city, unwilling to be caught.

The pioneer general waved his hand, and the soldiers encircling the north of the city immediately narrowed the encirclement, almost making the openings in the lower city wall waterlogged, and there was no way to go.

After that, the crowd dispersed, and a few people slowly walked out from the back...

Chapter 4223

to see its momentum, all the people of the Pei family instantly understand that the other party is obviously a general in the coalition.

Naturally, apart from Ming Yu, Zhu Yanshuo and others, they could not be anyone else.

In fact, at first glance at Zhu Yanshuo, a group of people were still a little hairy, but when they saw Mingyu, many people's attitudes were a little different.

It's not that they are not afraid anymore, they are all dying, how can they not be afraid? It's just that in this fear, there is a trace of guilt and disbelief.

After all, who would have thought that the group of people who wanted to kill them would be led by a woman?

It's okay to be a woman, but this woman with blood-like skin and a very beautiful appearance is amazing.

Beautiful, so pretty to the point of bubbling.

For most of the men in the Pei family, it is basically like a dog seeing the most fragrant shit, and they can't wait to rush to eat it on the spot.

And Pei Hu is also a person who has been washed by Xiao Xian'er, Amelia Su,

Ziqing, and other stunning beauties. Seeing that the other party is such a beautiful female general, he can't help but be very dumb for a while.

"Mr. Pei?"

Ming Yu has long been used to this kind of vision, without any emotion at all, just said indifferently: "What? Is there something wrong? Are you in such a hurry to leave?"

Pei Hu was suddenly embarrassed.

"This is our Shenlong Elder." Zhu Yanshuo said coldly.

"Haha, I've seen the elders, but Pei Hu never thought that such a ferocious army would be led by such a beautiful beauty. I'm surprised, but I admire it even more." Pei Hu said strongly.

Ming Yu smiled: "Young Master Pei, why don't you say polite words? Since we have already met each other, I don't think polite words are meaningful."

Pei Hu nodded, and the defeated general really had nothing to say: "What the elder said is."

"When we meet for the

first time, I should also bring some gifts for Young Master Pei." After

that, Ming Yu gave Zhu Yanshuo a cold look.

Zhu Yanshuo sneered suddenly, and then nodded towards his subordinates.

The subordinate drank in a cold voice: "Kill!"

Swipe!

The soldiers on the periphery suddenly drew their knives, aiming at those who were closer to them and hacking them to death.

Whether it is the ordinary people who fled nearby, or the defenders in the city who resisted and were seriously injured, or the original guards under the north gate city, as long as they see people, they will not show mercy. .

Therefore, almost in the blink of an eye, dozens of lives were wiped out on the spot, leaving only a sliver of blood.

“You...” Seeing this, Pei Hu was shocked and angry, but in the end, surprise was better than anger. After all, the anger of the loser is the anger of incompetence.

“Between the players, there is a group of people’s souls disappearing, Mr. Pei, are you satisfied with this gift?” Ming Yu laughed coldly.

“You... what do you want to do?” Pei Hu asked.

“What do you want to do? Young Master Pei, how can you ask me?” Ming Yu sneered: “When you and I met, it was supposed to be accompanied by wine and food, but you both betrayed your trust and defected. You are now asking me what I want to do?”

“You...” Pei Hu was speechless, they really should have been like this, but it was all because of their father, because they chose George Han, and...

“City Lord Zhu!” Ming Yu continued.

Zhu Yanshuo hurriedly bent over to take orders: “My subordinates are here.”

“Send the army to seize the four gates, and then close them tightly.”

“Yes!”

“Within an hour, I want the screams and blood in the main city to stop. , do you understand?”

“My subordinates understand.” After the words were finished, Zhu Yanshuo looked at Pei Hu and the others on the north city wall: “What about these people?”

Ming Yu glanced at

Pei Hu and the others, and sneered: “Look at them Show it.”

After she finished speaking, she turned her head slightly and stopped looking at Pei Hu and the others.

Zhu Yanshuo smiled coldly, waved his hand, and immediately, all the generals beside him directly aimed all their weapons at the Pei family army of the people on the city wall. It seemed that they were going to attack at any time and let them die under the arrows.

On the other side, Zhu Yanshuo was no longer soft-hearted, and he led a team of elites with the four masters and went straight to the city to kill.

Although the city walls are all elites, it is obvious that under such a siege, all of them are already startled, and there is almost no room left. For a while, they screamed and were slaughtered frantically.

For a time, these screams formed a sharp contrast with the previous singing, dancing and laughter.

At this time, Mingyu clapped his hands gently at the side, and suddenly, a few people walked slowly from the array behind him...

Chapter 4224

I saw a few soldiers, carrying Zhang Dalong's chair, and stopped slowly.

The chair fell, and Ming Yu sat lightly on the dragon chair, looking back at the crazy slaughter on the city ladder, very satisfied.

Although Pei Hu is indeed a young talent with extraordinary abilities, he was already in a panic in the face of such a slaughter, and the whole person only subconsciously escaped for his life, so there is no other resistance.

Nested in the crowd, even if someone was guarding him at any time, but because of the large-scale stampede situation, he sometimes fell into the crowd, and the whole person was extremely embarrassed.

"Stop!!"

Sitting on the dragon chair, Ming Yu raised his hand slightly.

Zhu Yanshuo's leading team stopped immediately. In front of him, the Pei family's army had already lost its previous morale, and they stared at Zhu Yanshuo and others in horror.

Zhu Yanshuo looked at the frightened

and blue-faced Pei Hu, and smiled coldly: "How is it, Mr. Pei, I haven't understood what my parents said yet, so show up how you should behave?"

"You thousands of people don't talk much, Saying a lot less, at most a few hours can be slaughtered."

"Performance? What performance?" Pei Hu hesitated, not knowing what he meant.

Zhu Yanshuo smiled coldly: "The city lord's mansion, there is no one person, I think, Mr. Pei should know better than me, where did everyone go?" Hearing

this, Pei Hu suddenly realized, no wonder...

It was that old man who ran away with his family. fu**, I said why the enemy broke the city but still rushed straight to the north gate. Logically speaking, if you want to pounce, you should first go to our city master's mansion. go."

"Yeah, son, that old man is jealous of you. This shows that we are setting a trap for

us. Maybe, hum, the ghost of the east gate was opened by his ghost."

"They should have escaped to the secret room . Come on, son, why don't we take them to the secret room, at least there will be more ways to survive."

Pei Hu heard the words and frowned.

The family secret room, the entire Pei family is known only by the father, the head of the family, and the future heir, but the ancestors have already taught it.

Otherwise, once it is rumored, all efforts will be destroyed.

He, too, will eventually be reprimanded for violating the teachings of his ancestors.

“Young Master, you are wrong. You really thought that if you did this, the ancestors wouldn’t blame you? No, the ancestors would only scold you.” The subordinate reminded.

“Call me?” Pei Hu was puzzled.

“If you don’t say it, then our

Pei family elites will be almost wiped out in this catastrophe. Yes, there are still a large number of Pei family troops around us, but their main headquarters have been lost, and they are just scattered. So, it is obvious that the Pei family will gradually disappear into the long river of history. As the new family owner, you cannot afford such a crime.”

“That’s right . . . son, let’s talk about the secret room, there may be a chance of survival, but it’s just sacrificing some female relatives, our backbone is still there, in the future, we can revive the rivers and mountains and the Pei family by uniting the surrounding ministries. It’s a big plan for the future.”

A bunch of people, you and I, are talking about justice and the future, but in fact they are just to protect their own lives.

“But...you can send the female family to the enemy’s hands, this is a bit...

it’s not a man, isn’t it?” Pei Hu couldn’t bear the humiliation, and couldn’t bear it.

“Young master, whoever makes a big deal, why bother with small details, what’s more, the immortal Pei Gu is ruthless first, how can you blame us for being unrighteous?”

“Yes, son, let’s talk.”

Looking beside him The eager appearances, Pei Hu thought about it carefully, after all, fear of death still prevailed, he turned his heart and bit his teeth: “Okay, I can take you to the secret room where they are hiding. However, I have one condition. “

Zhu Yanshuo snorted coldly: “Joke, people who are about to die, dare to talk to us about any conditions? Mr. Pei, are you not awake?”

“If you don’t agree to this condition, even if you die, I won’t tell you.” You, where are they hiding?” Pei Hu was firm.

Zhu Yan frowned: “What conditions do you want to make?”

Chapter 4225

“I want us to leave here alive.”

Zhu Yanshuo heard the words and did not answer immediately, but thought for a while: “I can’t make up my mind about this matter. .”

After he finished speaking, he turned and walked towards Ming Yu under the city.

It's just that the Pei family didn't pay attention. On the surface, Zhu Yanshuo, who seemed to be struggling and hesitating, turned his back on his back, but immediately put on a faint smug smile.

Walking in front of Ming Yu, the two smiled at each other, as if everything was under control.

It was said to be asking Mingyu, but in fact Zhu Yanshuo just had a face-to-face meeting, so he went back immediately, came to Pei Hu, and said: "The elder said, I can give you a list of 100 people alive. However, she also has Request."

"What request?" Pei Hu said.

"It's very simple, except for the hundred of you, the rest will be at our disposal." The

city has a large population, and even if the battle is defeated,

there are thousands of soldiers, and so many people fall into their hands, In fact, thinking about it, I also feel bad.

"What do you want to do with them?"

"Do we need to tell you what we want to do with them?" Zhu Yanshuo sneered: "However, this is nothing unusual. I can tell you that this enemy, according to our tradition, is of course After killing the root and staying."

"After killing the root and staying, what do you mean?" Pei Hu frowned, he had never heard of this.

"Killing the root is very simple. Killing the enemy's men, after all, they are fighting power, this is called eradicating. As for staying behind, it is easier to understand, we also have losses, we also need soldiers, the enemy surrenders, how can we be completely heartfelt, but keep Those women are different."

"Brothers follow us through life and death, and there is also a enjoyment. If we can keep a seed, we can supplement our future in the

future ."

Hearing this, Pei Hu's entire face was completely dead.

The meaning of this cannot be understood any more.

He can even imagine now, what kind of purgatory on earth will the main city become in the future, when the blood of men will be scattered all over the city, and the cries of women will break the sky of the city...

That's hell!

That is unimaginable horror!

"No...No, no..." Pei Hu shook his head subconsciously.

Zhu Yanshuo smiled softly: "Why, Mr. Pei is not willing?"

"Yes, yes, my son is willing." Before Pei Hu could answer, someone already answered first.

Although, the female relatives in Pei's house, not their wives, or their sisters and relatives, let them watch such a tragic situation happen, and they couldn't bear it.

But human nature can never stand any test, especially in the juncture of life and death.

"Then what are you still

doing? Even if my patience is good, my parents may not be willing to wait." After the

words were finished, Zhu Yanshuo raised his head in a cold voice, waiting for their actions.

Pei Hu was a little dazed, surrounded by some servants, he was about to get up and go down to lead the way, but Zhu Yanshuo in front of him stood there motionless.

"This..." A group of people wondered.

Zhu Yanshuo smiled lightly, then took a step with his right leg, rubbing his legs.

The meaning is obvious, to ask them to step over from the past.

Most of the people in the Pei family are elites, and their status in the main city is also extraordinary. They grew up, not to mention the humiliation of stepping down, but there are very few unsatisfactory things, but now...

Looking at the dazzling knives around Zhu Yanshuo, Pei Hu's face sank, his head lowered, his eyes closed, and he slowly got under Zhu Yanshuo's step.

"Master Pei, the future owner,

haha , hahahaha!" Zhu Yanshuo burst out laughing.

His generals, including the ten thousand soldiers in the city, couldn't help laughing.

For a time, the sound of ridicule was almost heard all over the city.

People with a little ambition in the Pei family turned their heads to one side, and even those who had no ambition couldn't bear to look at it at this time.

After all, Pei Hu is the new master they own, but now they are facing such a humiliation, how can they not feel uncomfortable in their hearts, and how can they not feel pain on their faces?

Pei Hu was also uncomfortable. A strong sense of humiliation burned in his heart, which made him almost suffocate. It was obvious that he was beautiful one second, but the next second...

Heaven and hell, he actually tasted all of them in an instant. Book.

Getting up from Zhu Yanshuo's step, Zhu Yanshuo showed no mercy and waved his hand: "All the generals have worked hard, let's go, Mr. Pei will take us to play with the women of the Pei family!"

Chapter 4226

sentence, almost the last bit of Pei Hu's dignity, stepped on the shreds.

Young Master Pei took them to play with the women of the Pei family, which sounded so harsh and heartbreaking.

He is the Pei family and the future master of the Pei family.

However, he had no choice.

Amid the cheers of the other soldiers, even though his feet were filled with lead, they always walked slowly towards the direction of the City Lord's Mansion.

Zhu Yanshuo and Ming Yu smiled at each other, took the army, and followed closely behind, heading towards the City Lord's Mansion.

Not long after, a group of people arrived at the city lord's mansion, and the soldiers immediately surrounded the three circles outside the city lord's mansion.

The soldiers of the Pei family were all disarmed, surrounded by a group, and captured in the central part of the frontal army. Only Pei Hu and a few followers were left to enter the city.

Zhu Yanshuo did not follow up, but only asked the four masters and a group of elites to follow.

They have nothing to worry about. After all, the city lord's mansion is surrounded by water, and it is impossible for anyone to escape.

"Pei Hu seems very depressed." Zhu Yanshuo stood beside Ming Yu and laughed softly.

"Young man, you are too angry, like that stone. If you don't smooth the edges and corners, it is not easy to use." Ming Yu laughed softly.

Zhu Yanshuo nodded: "The Pei family's ten-thousand-year-old foundation, after all, has a huge potential. Our mere 200,000 people want to swallow them, which is almost a fool's dream."

"This is the best way to humiliate this Pei Hu, After all its vigor is gone, it is naturally a dog that we tie on a rope."

Ming Yu nodded slightly: "He is only a yellow

mouth child, so don't be afraid. After all, there are so many George Han in this world."

Zhu Yanshuo nodded, which is also the fundamental reason why he agreed to Pei Hu's condition, to clear the wolf den, Wolf cubs are meaningless, killing the wolf king is the goal.

As long as the old fox Pei Gu and the little fox Pei Hu are found, there is no need to kill him.

Even, by controlling him, the forces of the Pei family can be really pulled into their own forces, which is far better than the so-called cooperation.

Zhu Yanshuo smiled lightly: "Although that guy George Han really hates him, I have to say that we have suffered a lot from fighting with him a lot, and facing these other enemies, we all have the pleasure of lowering our dimensions and attacking others."

Ming Yu smiled: "This is something that can be ."

"George Han used all kinds of clever methods to defeat us. We went to die in a forbidden place, but it gave us a great deal."

Ming Yu was also a little happy, and nodded: "Yes, this is called a turning point. If I had known it would end like this, I wish George Han would take us. It's time to leave the city and fall into the city, otherwise, we really don't know how to swallow such a big force of the Pei family."

"By the way, Zhu Yanshuo, how is your arrangement outside?"

"It has been arranged according to the previous plan, I started to set up an ambush, and when the reinforcements from Mengxuecheng arrive, they will definitely be unable to eat and go."

Ming Yu was very satisfied: "You did a good job, Yan Shuo, this time you have done a great job, when you go back , I will definitely reward you."

"The elders praise, this is what the young should do."

"Eating the 200,000 army of Mengxuecheng is equivalent to completely cutting off Pei Hu's last breath. From then on, the wild dog becomes a domestic dog, and this good show is up to you." Ming Yu said.

Zhu Yanshuo smiled lightly: "The subordinates understand that everything must be complete, and the reinforcements will not think that the city is broken. The city has already changed hands. Once they get close, they will surely die. These soldiers will do it well.

" When he fell, he looked up at the mansion: "But now, a better show is coming."

Hearing the swearing and the crying of the woman, Ming Yu nodded: "Old fox, it's true that he was caught. There's a good show..."

Chapter 4227

"Damn, Pei Hu, you are a jerk, you forgot how you swore an oath in front of your ancestors. Are you right? Have you forgotten the poisonous oath you made? You bastard, how could I have a disobedient and unfilial son like you."

"That's the hard work of my Pei family for generations, and that's the key to my Pei family. Do you know how much the ancestors paid for it?"

"It's ruined, it's all ruined, and it's all ruined by you, the idiot."

"God, ancestors, I am guilty. Ah, I... I actually gave birth to such a useless son, I am ashamed of you."

Pei Gu's voice was old and angry, and he was so angry that he could not stop.

He was really angry, because he probably never thought in his life that the son he had chosen, the son he had chosen, actually did the most shameful thing in the entire family.

The hiding place of the family

has always been a secret from the world, and it is only passed down to the current and next patriarch. The purpose is naturally to save seeds for the Pei family in times of crisis.

Therefore, the ancestors have already given strict instructions. No one is allowed to reveal the location of the hidden place under any circumstances. Even if you have brought your family in to avoid it, when you are approaching, you will cover everyone's eyes and lead them with ropes. They went in...

Pei Hu gritted his teeth, with an uneasy expression on his face.

Of course he had guilt and unease, after all, he was the future head of the family and knew the importance and strictness of a secret place.

But being scolded in front of so many people made him angry again, but he couldn't express it for a while.

He held back and walked out slowly with Pei Gu.

And behind them, there are all the female relatives of the Pei family.

A big family like the Pei family is naturally full of beauties, especially the seven daughters of the Pei family,

almost all of them are top beauties. There is no need to say more about a woman like the seventh princess who can be used as a political bargaining chip. Among them, the sixth princess and the fourth princess are not bad at all, so it is obvious what level the beauty of these seven princesses is.

When they saw this group of women, the soldiers were like hungry wolves seeing fat, drooling, and staring in their eyes.

"Damn, I'm getting rich. This woman from the Pei family is too beautiful, isn't it?"

"Yeah, each of them is a rare beauty, grandma's, it's too cool."

"Haha, follow the elders. City Lord Zhu, we have been defeated in a row, and now we are finally turning into serfs to sing and get back to the basics."

"That's not it, fu, **just such a beautiful woman, not to mention a fu**ing group, just one, Let Lao Tzu die a hundred times, that's enough."

" Damn,

let's go straight to the fu** in a while, I can't stand it now that I'm so excited."

"The elder said anyway, so the women are all of us. Yes, hey hey, you can stay cool enough."

A group of soldiers were discussing excitedly, and a strange light flashed in Zhu Yanshuo's eyes.

Although he is usually elegant and gentle, but in fact, it is because he has not crossed his bottom line.

It's like, when a person is not moved by money and beauty, it is basically unlikely that he is too upright, but often the bargaining chip is not enough to impress him.

Zhu Yanshuo is like this.

In front of Qin Shuang, he had exposed those dirty faces hidden under his own governance. Now, in front of this group of beauties headed by the seventh and sixth princesses, his wolf heart hidden in the dark, Moved once...

Mingyu glanced at Zhu Yanshuo lightly

, how could she not know Zhu Yanshuo's thoughts.

"Which one do you like?" Ming Yu said.

Only then did Zhu Yanshuo notice his gaffe, and he quickly lowered his head: "Elder, I..."

"Yan Shuo, love of beauty, it's normal, man..." Ming Yu smiled: "Choose three favorites, Take it away. As for the rest, you have to give me the rest."

Zhu Yanshuo shook his head quickly: "Elder, Yan Shuo doesn't... how dare you three..."

"This time you have worked hard and made great achievements, you should have been rewarded, you don't have to be there. Pretend to be rigid in front of me." Ming Yu smiled softly.

Hearing this, Zhu Yanshuo finally couldn't hold back, and immediately ordered the seventh princess, sixth princess and fourth princess, and then waved his hand: "As for the rest, leave it to you to play on the spot, give it to me!

" When they fell, the soldiers rushed towards the Pei family's daughters, taking off their armor while running...

Chapter 4228

Seeing these soldiers like tigers and wolves, let alone these children of the Pei family have never seen such a horrific scene, even if it is an ordinary woman who has never seen it before. A group of women screamed in horror on the spot, or they backed up again and again, or they fell to the ground on the spot, and they cried and scared stupid.

"Stop for me!"

Pei Gu shouted angrily, even if he didn't have a weapon in his hand, as the head of the family, he would definitely stand in front of his family in a critical moment.

With Pei Gu's violent shout, the powerful energy scattered directly, not only shaking Pei Hu and other Pei's family away, but also directly shaking the soldiers who rushed up.

A group of soldiers immediately froze and stopped.

"Whoever dares to touch my Pei family, step over the old man's body first." Pei Gu snorted coldly.

Although he had no weapons in his hand, and even though Pei Gu was surrounded by many, like a trapped beast, but with his block

, none of the mad soldiers who rushed for a while really dared to advance half a step.

"Patriarch Pei, what a powerful official." Zhu Yanshuo smiled softly and walked to the front of the soldiers.

“City Lord Zhu, killing people is just a nod to the ground. Today you won, Pei has nothing to say, but there is no need to be so humiliating.” Pei Gu said coldly.

“Patriarch Pei, why don’t you have to? You and I should join forces to attack. This has been decided in advance. However, when you turned your back on the battle, our army failed to attack the city, and countless brothers died unexpectedly. Is this what it should be?” Zhu Yanshuo also replied coldly.

“I’m waiting for my brother to be dead, and there is no other possibility of surviving. It seems very reasonable to sacrifice your group of women from the Pei family, right? Besides, they are just some bad insults. My brother can lose everything. life.”

“Brothers, you say,

right?” Zhu Yanshuo asked loudly.

“Kill, kill, kill!” The generals behind were encouraged and shouted in unison.

Zhu Yanshuo smiled, moved his hand lightly, took out a piece of paper, and looked at Pei Hu: “Mr. Pei, when you were just on the way, your cronies have already given me the list of the hundred people, and I have stamped them. Now, you only if you need to hold this piece of paper, you can leave safely from any city gate.”

Seeing the piece of paper, Pei Hu obviously wanted to move subconsciously, but when he saw his father in front of him, he hesitated for a while.

“Humph!” Pei Gu smiled coldly: “No wonder you betrayed the secret place of your family. It turned out that you were someone else’s lackey. Hahahaha, what a joke, my dignified son of the Pei family, the future head of the Pei family, Actually, willing to be a traitor and a lackey.”

Pei Guzhi’s words pierced Pei Hu’s heart like a thorn.

The position of the head of the family

is the only belief he insists on after he has lost all honor and disgrace. He did not allow Pei Gu to say this to him, and immediately said angrily: “You still have the face to talk about me?”

“I can’t help it! Like you, are you burying all my stable Pei family? You are too embarrassed to say me? You don’t even think about it. It’s also broken, all of this, it’s all your fault, it has nothing to do with me!”

Pei Hu finished drinking angrily, and in the next second, the cronies beside him hurriedly jumped out: “That’s right, Pei Gu, you This shameless old man is just wiping your ass and cleaning up the mess for you, but you are still pretending to be arrogant here, bah!”

“If you can keep 100 people, you will always keep 100 people, don’t you want everyone to do it ?”
Paying for your mindless choice, Pei Gu, and losing your life?”

“Pei Gu, the

Pei family was destroyed in your hands, remember it.”

The Seventh Princess snorted coldly: “We are hiding in a hidden place, and there are three or four hundred people. Compared with the so-called one hundred people, it seems that there are more people

to survive, right? Are you making such a bad excuse to treat us all as fools? It's clearly because you are greedy for life and fear of death, so you betrayed your family to save your life. The joke, when it comes to your mouth, is so fresh and refined?! There are a lot of old men, I really want to ask you, where is your face?

"A very active cronie, he was literally speechless, and Pei Hu couldn't hold his face, because what the Seventh Princess said was indeed the truth.

"Okay, I'm not interested in listening to your nonsense, Mr. Pei, I will send the four masters to help you. If you want to get this list, exchange it with Pei Gu's head." After the

words were finished, Zhu Yanshuo threw a long sword directly. Throwing it in front of Pei Hu...

Chapter 4229

Pei Hu is sweating coldly on his forehead

. Father, if you want to kill him with your own hands, this is a person, and you can't do it for a while.

However, if you don't kill your father, you won't be able to get the list. Naturally, you can't live without this city.

"Young master, kill Pei Gu."

"Yeah, you don't have to feel any guilt, don't forget, our current situation is all due to his stupidity. If Han

George Han comes back, how can the Pei family have today? You kill him, just to clear those bad debts for the Pei family. ."

A group of cronies kept instigating in their ears!

"Pei Hu, how dare you!" The seventh princess shouted angrily and stepped directly

in front of Pei Gu: "Although the main city is quite dangerous, is it really my father's fault?"

"Don't forget, it was you who neglected your duties, Even if the city gate is broken, and the enemy is let go deep, you, the new head of the family, should be responsible. Also, he is your father, do you want to kill your father?"

Looking at the seventh princess, who he usually ignores the most, Now he is the bravest to stand up to protect him, and the son he values most is going to kill him now, and Pei Gu has mixed feelings for a while.

Is he wrong?

Maybe he was really wrong!

But what's even more outrageous, I'm afraid it's my own eyes that recognize children and daughters!

"I...I..." Pei Hu was speechless.

“Master, don’t listen to her nonsense, the seventh princess is clearly a scourge, don’t forget, she has a big

credit I think it is this demon girl who is going to kill my Pei family. “

Yes, kill Pei Gu first, then kill this demon girl to comfort the soldiers who died in my city, son, order, I will join you in slaughtering the enemy.”

All the cronies rallied, and Pei Hu clenched his teeth: “That’s right. Kill, kill, kill, kill for me!”

After he finished speaking, Pei Hu directly picked up the long sword on the ground, his blood-red eyes turned towards Pei Gu and the seventh princess.

The cronies behind him did not dare to be idle at all, and responded one after another, besieging them directly.

Under Zhu Yanshuo’s eyes, the four masters immediately approached Pei Gu.

For a time, at Pei Gu’s place, the enemy was immediately plunged into a siege battle.

Pei Gu guarded the Seventh Princess behind him. When the disaster was approaching, he knew who was the person he should be close to and trust the most. Now he can

see clearly .

Even if she was besieged by many people, he planned to never allow anyone to hurt her even if he fought for his life.

For a time, in the courtyard in front of Pei’s gate, there were shouts of killing, and swords, lights, swords and shadows did not stop.

“Hmph, dog bites dog.”

Watching the Pei family fighting, Zhu Yanshuo showed no sympathy, only endless ridicule.

This in itself is what they want to see. Now, although the drama is late, it has finally arrived.

Although Pei Gu is fierce, facing the entanglement of the four masters, he can’t do it at all. In addition, Pei Hu is already very powerful. Although he was frightened when he was facing the enemy, it would kill his father. Not being soft-handed, every sword was aimed at killing Pei Gu.

Now that he has made up his mind to do this, Pei Hu is unwilling to leave any words, and naturally he should do his best.

Poor Pei Gu, who was domineering

for a while , was facing such a situation. In addition, he had to take care of Xiao Qi behind him. After only ten minutes, he was covered in scars.

Just like the old lion king in the lion group, under the siege of several young male lions, he slowly walked down the altar and slowly died.

“Father!” The Seventh Princess was guarded behind her, but seeing Pei Gu covered in blood, she cried out in sadness!

Those who heard his voice and saw his father’s likeness couldn’t bear to witness the tragedy during the siege, and they all turned their heads to one side.

Suddenly, a coquettish shout came. Among the female family members, the eldest princess led a group of women to come to the rescue. After all, they could not bear the family owner being tortured and killed like this...

However, Zhu Yanshuo did not panic at all, and glanced at the person beside him. Soldiers: “Women are so active, what are you waiting for?” When the

words fell, all the soldiers understood in seconds, like mad dogs, and rushed over...

Chapter 4230

When male soldiers and female relatives collide, there is no fighting sound of weapons connecting with each other on weekdays. Yes, but the soldiers are crazy Lewd laughter.

Those female relatives who went to try to rescue Pei Gu not only did not rush into the encirclement, but were directly thrown down by a large number of soldiers while they were still in the outer circle.

After that, it was naturally the soldiers biting and tearing like wolves.

The female relatives struggled and cried, but it was obvious that the effect was almost negligible.

“Eldest sister, what should I do?”

Behind the female family, the sixth princess hurriedly said.

The eldest princess looked forward coldly, her brows furrowed, her eyes anxious.

She was the one who started the daughter-in-law. Her mother died early. In this harem, she, the eldest princess, had the final say. Of course, as the eldest daughter, she certainly couldn’t watch her father being slaughtered and remain indifferent.

However, she did not expect that the female relatives she sent not only couldn’t help anything, but also pushed the female relatives into the abyss of the devil.

She is good at managing the affairs of the harem, but she really has no experience in marching and fighting.

“Sister, quickly make up your mind.”

Seeing more and more female relatives being surrounded by the crowd, the pieces of clothes fluttered in the sky like scraps of paper, and the sixth princess burst into tears.

Not to mention that these are their family members, even ordinary women will be unbearable to see.

This is simply hell on earth!

“I don’t know what to do.” The eldest princess shook her head, full of helplessness.

“It seems that it is only a matter of time before my Pei family is destroyed. You and my sisters, from today onwards, you can only have your own destiny. If you meet a woman in a cave in the future, you should not know each other and save each other some face.

”, The eldest princess closed her eyes slightly, already accepting the ending.

Being insulted, or even being insulted too much, will die. If you are lucky enough to survive, I believe that any woman is better than death, but it is just a walking dead.

At this point, no longer recognize each other, no longer mention the past, perhaps, is the last respect between relatives.

Seeing the eldest sister like this, the other five princesses also had tears in their eyes and looked at each other miserably. They also knew what the ending was.

It’s just a pity that in those dreams, in those thoughts, finding a good man to spend a good life together is a broken bubble, not worth mentioning, and very ironic.

The female family members were humiliated and cried loudly. Finally, some male soldiers couldn’t stand it any longer and wanted to rescue them one after another.

However

, many of these people have not even come and rushed over, and they have already been shot with bows and arrows by the soldiers surrounding the city lord’s mansion.

For a time, there was nothing solemn at all in the originally splendid City Lord’s Mansion, but it was a humiliation of men and women

. pushed to the maximum.

As the head of the family, how could he witness his female relatives being humiliated collectively, in broad daylight.

His eyes were blood red, and he shouted loudly and was about to pounce over there.

However... just

rushed out a few steps, and Pei Hu had already clenched his teeth and slashed at Pei Gu’s left leg.

boom!

As the strength of the support on his left leg disappeared, Pei Gu half-knelt on the ground with a bang.

And obviously, this knife, almost

It was the last straw that broke the camel’s back.

“Pfft!”

“Pfft!”

The imbalance of Pei Gu's body is naturally the best time to make up for the knife. Pei Hu's few cronies were not at all soft, and slashed his right leg with one knife, and another knife on his arm. !

"Bang!"

Another hammer hit Pei Gu's back heavily, causing Pei Gu to lie on the ground, unable to stand up again.

Of course, Pei Gu didn't have the slightest sense of reassurance. He struggled to support his body, and his hands kept shaking because of this.

As soon as he gritted his teeth, with long bloodstains, he dragged his body and tried to crawl towards the female family...

Pei Hu, who killed the red-eyed, also looked back and saw the misery of the female family there. He bit his teeth and walked a few steps. Behind Pei Gu, he raised his long sword and aimed it at the back of Pei Gu's neck...
