

HTC 4231

## Chapter 4231

“Kill the father!” A

sword cut down!

Its power is so great that it is bound to kill Pei Gu with a single sword.

And poor Pei Gu didn't realize the danger at all, he just tried his last strength to try to save his clansmen.

Or maybe he noticed it, but he didn't have the strength to take care of the things on his head, he just wanted to hurry up... hurry up to reach them.

“Swipe!”

Pei Hu didn't hesitate at all, he swung the sword straight, and it went down.

One meter, half a meter, ten centimeters...

The Seventh Princess and the others almost opened their eyes wide, and their hearts raised in their throats.

But it was less than one centimeter away from Pei Gu's neck.

Snapped!

A pebble flew out of nowhere, impartially, and centered on the blade.

And Pei Hu's seemingly powerful blow, but under the impact of the stone, he strayed directly from the track, and with a slam,

he bent on the spot and slashed beside him with a sword.

“Who?”

“Who?”

At this moment, not only Pei Hu was shocked, but also other soldiers such as Ming Yu couldn't help but hurriedly looked around.

Ming Yu frowned and let go of his consciousness.

However, there was not a single person around.

How is this going? !

Mingyu is a little confused. If there are masters, they are still in Mingyu's calculations. After all, the Pei family is so big, it is not surprising that there are hidden masters.

However, if it is a master who can't even detect her own consciousness, it will make her a little surprised.

After all, what is Mingyu's cultivation base now? Not to mention the vertical and horizontal, but at least it is one of the top masters, and there are absolutely not many people in the world who want to suppress her.

Not to mention the Pei family, I am afraid that it is rare to search the entire Demon Race.

But...

She looked at Zhu Yanshuo fiercely, and when Zhu Yanshuo saw this reaction, he suddenly felt like he was facing a big enemy.

"Hmph, whoever wants to kill me, don't ask me first?"

At this moment, a pleasant voice entered everyone's ears, and then, in a trance, they suddenly saw the root in the center of the playground in the mansion. On the flagpole, stood a figure.

Ming Yu couldn't help but feel even more nervous, because the flagpole was surrounded by playgrounds, and there were no high-rise buildings around. Therefore, if he wanted to get to the flagpole, he must have appeared in front of everyone...

But this guy seems like a flash. It suddenly appeared on the flagpole, so fast, how could it be possible? !

They were clearly in high spirits at the moment when the stone was thrown, and it was impossible not to notice that someone appeared.

But...the facts speak louder than words.

Therefore

, there is only one possibility, the person in front of him is a master!

No wonder his consciousness couldn't detect him!

However, although Ming Yu was shocked, he was not afraid, because even though the person in front of him was a master, he had 200,000 elite soldiers and many top masters.

"Your Excellency!?" Ming Yu asked coldly, looking at the figure on the flagpole.

The figure was dressed in black, and the black energy was so dissipated that it was not far from him, but he couldn't see his appearance at all, not even his body shape.

"If you are acquainted with each other, your Excellency should hurry up and leave here. It is not easy for you to cultivate, and we don't want to make it difficult for you." Zhu Yanshuo said.

"Hehe, if your Excellency is ignorant, then I have to be sorry. Maybe, you do have some skills, but do you think you have a chance to show it in front of us?"

Zhu

Yanshuo said very righteously, after all, the strength of the army behind him At this.

Hei Ying shook his head lightly and smiled disdainfully: "What? Are you guilty?"

"I'm guilty? Are you kidding me?" Zhu Yanshuo smiled disdainfully.

“So those who are not capable are publicly humiliated by you, and those who are capable are let go. Isn’t that a guilty conscience?” Hei Ying smiled disdainfully.

Zhu Yanshuo’s face changed suddenly, and he had to say that the other party’s words hit his heart and hit his old face.

The opponent can suddenly appear in the army of 200,000 people. Naturally, it has the strength to make people dread. Zhu Yanshuo chooses to let go, but he must admit that he does not want to cause trouble.

“Okay, for the sake of your guilty conscience, I also remind you, either you guys should leave while I’m in a good mood now, and I’ll treat it like nothing happened, or...” In the

next second, the other person suffocated. A scene happened...

### **Chapter 4232**

He just smiled, a huge breath was released directly from his body.

When Zhu Yanshuo heard the man’s words, he couldn’t help but want to laugh out loud, but just when he made an action, he just felt a huge breath coming directly to his face! !

call!

Like a gust of wind blowing.

Zhu Yanshuo only felt that at that moment he couldn’t open his eyes at all, and his body was suddenly blown away and was about to retreat.

He hurriedly resisted with luck, and it was a little bit fine.

At almost the same time, most of those soldiers did not have his cultivation. Whether they were resisting intentionally, or those who were bullying their female relatives, it was almost impossible to resist in this huge storm, or they were blown to the ground. , or directly blown on the spot for several laps.

Even Mingyu had to block in front of him with his hands, which made the situation a little better.

“Just the strength of the wind, this guy’s aura can reach this level? Too exaggerated, right?” Beside Ming Yu, her cronies couldn’t help but exclaimed in surprise.

Ming Yu’s pupils opened slightly, and the whole person was completely shocked.

Yes, when a person releases his true qi, most of them are just surrounded by qi wind, but the flagpole is four or five hundred meters away from them. At this distance, the qi can still spread to the blowing wind. Falling people, this is not not that it is not scary.

“Your Excellency, your inner strength is indeed deep.” Zhu Yanshuo was at the forefront. After being slightly shocked, he knew where he was, so he said coldly to the shadow: “But, is it just based on this?”

” He first came to his senses and said, “Yes, as the saying goes, these two fists are hard to beat with four hands. What’s more, we have 200,000 horses, and you are only one person.”

The Black Mountain

Demon Girl also said coldly: "Your Excellency is also an old senior. As said, you should have a clear picture of the situation, right?"

"Sound."

Hearing the words of Hei Ying, the group of people could not help but be dumbfounded, it was obvious that one second, the two sides were still arrogant, how could the next second have such a sudden change of words?

However, if you don't have to deal with such a senior-level expert, it's not that he can't agree to this request.

A person of cultivation like him should actually be called Senior.

Thinking of this, the Black Mountain Demon Girl swallowed her saliva, but she still said, "Old Senior." The

Montenegrin Demon Girl said, the four masters and a group of others also said, "Old Senior."

"Very good . , The little grandchildren are very good. In fact, according to my temper, I

will never say something a second time. However, I also have to admit, you guys made me extremely happy for your grandfather, so , I'll make an exception for you!"

"Leave here immediately, I think nothing has happened, otherwise, you will stay here!" After the words were finished, he suddenly stopped joking like before, and the whole person was sharp-edged, surrounded by The air also prevents the Buddha from freezing in an instant.

Everyone was surprised!

But then, there is anger.

"You damn old man, do you really want to toast and not eat and drink? We just don't want to cause more trouble. Do you really think we are afraid of you?"

"Yes, old man, I think you think your life. It's been too long, since we have to die, don't blame us for turning our faces and being ruthless."

The crowd scolded, even Ming Yu couldn't help it at this time. Although she didn't call senior, she didn't

He didn't stop his men from shouting, and the purpose was not to waste manpower in front of such a master.

After all, the situation has stabilized!

But Wei Wei's forbearance doesn't mean fear, this old thing is shameless, it's just hateful.

It's just that under her anger, compared to others, there is still a hint of caution.

She didn't know the details of the other party, and she couldn't find out the strength of the other party. She could only suppress her anger and quietly looked at the shadow from the rear.

"I'm so afraid of what you said." Hei Ying smiled lightly: "However, it doesn't scare me, because I have no intention of reconciling with you. I'm here to kill more people."

"Joke, you fight alone. We are 200,000 people? You fu\*\*\* brag and don't look at the occasion?"

"Old man, you are presbyopic, and your brain is confused?"

Hei Ying smiled: "I am alone? Enough!"

" Moved...

### **Chapter 4233**

"Fuck, the fu\*\*\* taxi can't be killed or shamed, one person beats 200,000 of us, he fucks You're dreaming."

"Fuck, brothers, come on!" The

group of people were also very angry, this motherfucker is too hateful.

As a result, the four masters led a group of people fiercely, directly facing the shadow and killed them.

However, just after rushing forward for about a second, the black shadow suddenly passed through them. At the moment when they did not reflect at all, the black shadow was already approaching the nearest Zhu Yanshuo.

"What?!" The

four masters!

In addition, there are only one or two hundred soldiers less, not even a face-to-face? Was directly breached the line of defense? !

This can't be called a ghost, this is simply against the sky.

How did he do that?

There was no time for Zhu Yanshuo to think, because at the moment when he was stunned, the shadow was already in front

of him.

"Wow!"

He suddenly hides subconsciously, but even though he is still frantically gathering his inner strength in the process of hiding, it is obvious that his cultivation may not be worth mentioning in front of the shadow.

It was just a sweep of the shadow, and his entire body flew out, and then fell heavily on the ground.

"Pfft!"

Zhu Yanshuo spurted out a mouthful of blood, and the whole person was surprised.

Although he did not completely escape the opponent, he was not directly attacked by the opponent. He could confirm that the opponent was just passing by him.

But why is it just passing by, but it is enough to hurt him like this?

He tried to move a bit, but unfortunately, he felt that all the bones in his body were broken, and he was unable to move even a single finger.

“How is this possible?”

Zhu Yanshuo doubted his life. Although as a city lord,

he played more on his wisdom, but it did not mean that he had no cultivation.

He is not very strong, but he is definitely not weak, but...

in front of that shadow, he is like a baby, unable to fight back? !

In the end, Mingyu of Fang also frowned. She has been observing the battle between the two sides, but the more she observes, the more frightened she becomes.

This shadow’s cultivation might be much higher than she imagined.

“Could it be...” Ming Yu suddenly thought of something.

“Could it be that there are people close to the true God in the Pei family?” The subordinate said softly, and at the same time, he waved his hand, and while protecting Mingyu slightly back, he ordered more soldiers to quickly rush into the mansion to support.

“It’s possible.” Ming Yu said coldly.

Although the Pei family is an old-fashioned force, it has been well-behaved in the land of the demons for many years. In recent years, the ambitions of the Pei family have expanded rapidly. Therefore, it is inevitable to think that the Pei family must be able to do it.

“At first, I thought that the young master of the Pei family did have potential, but now it seems that it is not only that.” Ming Yu said.

“They have ancestors who have reached the true god, or are close to the true god.” The subordinate said.

Ming Yu nodded, and now, this is indeed the greatest possibility.

“Go on the order, try your best not to kill him, but to capture him alive.” Ming Yu said.

“The elder wants to...”

“Although he is fierce, he is always just a trapped beast. Keeping him will be more useful to us in the future.”

“This subordinate understands that the elder wants to tame him like the son of the Pei family, to be an obedient dog with teeth!”

Ming Yu smiled coldly: "Send more experts, as for the female family members of the Pei family, let them temporarily stop playing, take them all captives, seniors of the Pei family, hum... I have a way to get him to kneel." The

subordinates naturally understood the meaning of Ming Yu

, and it was nothing more than taking these female relatives as hostages.

At the moment, he did not neglect, and hurriedly ordered others to rush to take away the female family members, Pei Gu and others first.

In the courtyard, after the black shadow broke through Zhu Yanshuo, he didn't listen to him at all, and passed by all the way, approaching the location of Pei Hu and others.

Pei Hu himself was very annoyed when he was interrupted. Now that he saw the black shadow dare to attack him, he couldn't help but get angry, and took a group of his cronies to kill the black shadow directly.

"Shushuashua!"

However, just a few moments after the fight, they only heard the bursts of strange noises, and the black shadow rushed behind them like a ghost.

When they lowered their eyes, they couldn't help being dumbfounded. At this time, there was actually a long mark on everyone's abdomen. When they touched it carefully, blood was slowly flowing out of it...

and what shocked them even more was that, Their son is gone...

#### **Chapter 4234**

Everyone glanced back, the shadow was behind their team, and he turned his back to everyone.

But his hand was slowly raised, and his son, who was caught in the throat by that hand, lifted it up in the air.

"This..."

"How is this possible?"

"He... how did he do it?"

These words should often be questions only from bystanders, because ordinary people who experience it themselves are often the authorities. Naturally, many situations can be seen clearly and thoroughly.

Of course...

it was their group of participants, the people in the game, who were completely dumbfounded.

They didn't see anything, so it was completely unclear what was going on.

"Young Master Pei rushed to the front of us. If that person's target was Young Master Pei, how did he take

Young Master Pei to break through our team directly?"

There were not many guards around Pei Hu, but at least they came. There are hundreds of people, and there are twenty or thirty men and horses who follow his attack.

These people, even if they are not the top masters like the four masters, are the leaders of his Pei family, and they can be regarded as talents of the younger generation.

But...

such a person, such a team, was actually directly broken through, and... unknowingly? !

But if these are terrifying and unbelievable enough, then how did he cut everyone's abdomen with one hand while holding Pei's son in one hand?

From the beginning to the end, they didn't say that they didn't see the appearance of this knife or sword, and they didn't even feel the slightest shadow of it.

"It doesn't seem like he hurt us with a knife or a sword!"

A bold but curious man opened his clothes and couldn't help but look at the wound on his abdomen.

The wound was only about an inch long and only one-third of its thickness. If it was cut by a knife or sword, the wound would never have been so small.

"It's not a knife or a sword, what else could it be?"

All the disciples of the Pei family were considered good hands, and they were all protected by infuriating energy.

"Could it be...is it his nails?" Someone exclaimed when they compared the shape of the wound.

This guess is bold, but it seems the most reasonable, because in terms of the shape of the wound, it is indeed more like a human fingernail.

"It's impossible, how can human nails

..."

"Yeah, even if we can't beat him, it's definitely not an ant in front of him. He wants to cut one of us with his nails, but I'm not arrogant. Denied, but he wants to complete the harvest of dozens of us, isn't that bullshit?"

"But the question is, apart from nails, can you find something that fits these wounds better?"

Even if the rebuttal just now was fierce, But when this sentence was said, everything around became extremely quiet.

Yes, they couldn't find a more appropriate weapon than this, and some of them even used their tail fingernails to swipe at the wound.

The truth is, it really should just be the result of a cut fingernail.

But, sometimes, common sense can make a person not quite

believe the facts, at least, now it is!

Maybe everyone already has the answer in their minds, but they still don't want to believe it, or even, it should be said that they don't want to face it at all.

Pei Hu looked at the black shadow in front of him in panic, but even if he was so close, he couldn't see exactly what the black shadow in front of him looked like.

He was just shocked. With his strength, how could he be easily manipulated like this? He thought about struggling, but that hand was stuck tightly around his neck, and he couldn't break free no matter how hard he tried.

Anti-Buddha, in front of him, he is just a child who has not yet grown up.

However, Pei Hu knew that he was a super expert. Very few people could beat him, not to mention those who could abuse himself.

And this dark shadow...

### **Chapter 4235**

He... how did he do it? !

"Does it look good?"

Hei Ying said coldly, as if reminding, but also mocking.

Pei Hu suddenly woke up, and he didn't want to hide his shock. He looked at the shadow unwillingly, and roared coldly: "You...you...what the hell are you?"

At the bottom of the Pei family, as the son, as the future successor Man, I'm afraid there's nothing he doesn't know.

In the Pei family, there are no so-called mysterious masters, and they are so high.

If so, the development of the Pei family did not take such a long time to take such steps, but I am afraid that it has already ruled at least twice as much territory as it does now.

Could it be Dad's trump card?

Thinking about it carefully, it seems that this possibility is extremely high.

My father knew that he had always been very measured and confident in doing things. Now it seems that this old thing may have been hidden

for a long time.

It should be like this, otherwise, why did the old man not resist in the slightest after he was seized by himself, but obediently returned to the house? !

He has the trump card, he has the confidence, he is waiting for himself to make a fool of himself, and then take it out at the most critical moment.

After completing the Jedi counterattack on his throne and humiliating himself, he wants everyone to see who is the real head of the family!

Come to think of it, that's how it should be.

"Who are you? I'm the current head of the Pei family. Let me tell you, if you are acquainted, let me go and serve me. I will protect you under one person and under ten thousand people." Pei Gulian threatened to lead Soft words, shouted at the shadow.

"Who am I?" Hei Ying smiled coldly: "I am your father."

"My father? My father..."

"Yes, I am your father, your wild father, you unfilial son." Hei Ying sarcastically.

"You

..." Pei Hu was very embarrassed, because a second ago, he really thought it was his father, and he really thought it was because of some reason, but listening to it, it reflected that the other party was playing with him. of.

He's not stupid, he just sees Sombra's strength as too strong, of course he'd be happy to have such a father.

"I don't care who you are, but you must be my father's person, senior, you must see the situation clearly, you help him for a while, but then you will die."

"The other party's army of 200,000 people is besieging the city, I know senior. You have some skills, but no matter how good a person is, can you beat an army of 200,000 people? Impossible, even in the lower realm of a true god, it is absolutely impossible."

"Those who know the current affairs are Junjie. Ruin yourself?"

"Oh? What about in your opinion?" The shadow laughed.

"Join me, I have a list of 100 people, and I will keep you safe

. After that, after we evacuate, I will reunite my Pei family's multi-party forces as the new owner."

"At that time, we will re-launch , you can make a comeback. At that time, I was the head of the family, and you were the deputy head of the family. How?"

Of course Pei Hu wanted to talk to the master in front of him.

Because he can not only protect himself from harm now, but even in the future, he can also become his most powerful supporter of force.

Such a thing, why not do it? !

"Well, it's really a beautiful blueprint. To be honest, I'm moved." Soi Ying smiled.

"Really?" Pei Hu was overjoyed, and a smile suddenly appeared on his face: "Since this is the case, senior will let me go quickly, don't worry, what I said will definitely be done."

Hei Ying smiled lightly, full of disdain : “But speaking well and doing well are two different things.”

“Just rely on you, what kind of head do you want to be

? Although the main city’s guard strength is not too strong, but relying on the city defense fortifications, who want to persevere for a day or two should be There is no problem at all.”

“At that time, when the reinforcements arrive, the city of Savior will definitely be safe, and even if there are other reinforcements coming, the enemy will be dumped? How about you? What is this new head of the family doing? What?”

“Jokes, led the enemy into the city, and even the main city was destroyed. With a pig head like you, you are also worthy of being the head of the house?”

“People, how many pounds and taels really have no count?”

” Will there be no count? , I would suggest that you take a good piss and look in the mirror to see if you are worthy of it!” As soon as he finished

speaking, the expression on Pei Hu’s face was stiff!

He couldn’t hold his face, looked at the shadow and said, “You... who are you?”

“Your father, teach you this tortoise’s father!” After the

words were finished, the shadow moved...

## **Chapter 4236**

His other hand suddenly raised!

Snapped!

A slap slapped directly on Pei Hu’s face!

This slap, seemingly impermanent, was suddenly completely different when it was slapped on Pei Hu’s face.

Pei Hu only felt as if he had been hit hard by some behemoth. Before the whole person even had time to react, he just felt that his eyes were staring at gold stars and his consciousness was blurred.

When he woke up again, his left face was as if the Buddha had been scorched with fire, and the pain was so intense that he almost fainted and convulsed.

“As the leader of the army, there are a lot of tricks and tricks to let the enemy army break the city and let the soldiers of the Pei family and the people sacrifice innocently. This slap is for them.” “

Pa!”

At the same time, several teeth were also mixed with blood and flew out of its mouth!

The right side of Pei Hu’s face was also swollen. Looking from a distance, he could not see the normal appearance as before, as if it were a huge pig’s head.

“This second slap is that you, as the son of the Pei family, betrayed your family, led the enemy to capture the female family members, and even humiliated them.”

Pei Huren was stupid, and he was almost sane when he was slapped. .

In fact, it means that his inner strength is deep. If it were someone else, I am afraid that he would have been slapped by these two slaps to the point of being unable to take care of his own life, or he would have simply died on the spot.

“You...what the hell are you all still doing? Save me, save me.” Pei Hu couldn’t bear it, forced his consciousness, and shouted angrily to the cronies around him.

A group of cronies have long been dumbfounded. Now that they heard Pei Hu’s scolding, they reflected them one by one. A group of people hurriedly glanced at each other and rushed forward.

However, the shadow didn’t even turn his head back, he just raised his feet abruptly and stomped .

boom!

The ground is like the surface of a river, and the place where you stomp your feet is like the center of a wave.

boom!

Before everyone got up, they were directly knocked to the ground.

“I teach my son, who dares to intervene?” After the

words were finished, the shadow turned back and swept the crowd.

Even if they couldn’t see the appearance of the shadow clearly, the group of people suddenly felt a chill on their backs for some reason.

“You...you...” Pei Hu was anxious, and he wanted to cry without tears.

Instead, he fell to the ground, and Pei Gu, who was severely injured, smiled.

Good fight, good fight, this villain should have learned a lesson long ago.

However, after laughing, Pei Gu suddenly froze and frowned deeply. Who is this

dark shadow ? The Pei family does have several masters, which is true, but these masters are not actually in the main city. There is no way, the Pei family’s forces are relatively large and scattered. The border is an important place for the Pei family, and most of the experts from several parties have been sent out to support and guard the Quartet. Because the main city is in the center and is relatively safe, the defense of the main city has not been very deep. The top masters are also dominated by a few elders. Pei Gu doesn’t know where a master like Hei Ying came from.

And, in other words, even if all the experts from all sides were collected, Pei Gu would never have imagined that anyone’s ability could reach his level.

Pei Hu is someone who has been carefully cultivated by himself. In addition, he is very talented, and his ability is at least no worse than that of the elders.

But such a person has no power to fight back in the face of this dark shadow.

Even if goes up two generations, he can't think of which Pei family has such terrifying strength.

However, whether it makes sense or not, one thing that Pei Gu is relatively reassured about is that the person in front of him is in the same group as him.

“Could it be from George Han?”

Suddenly, a bold idea popped up in Pei Gu's mind. He was not from Pei's family. From this point of view, it seemed that it was true. Only those from George Han could meet this condition.

But this idea was quickly rejected by Pei Gu again.

This black shadow's cultivation is even more powerful than George Han. If George Han has such a master, I am afraid that it will be released when it is time to attack the fallen city. Why wait until now? !

Suddenly, Pei Gu's eyes widened, and an even crazier idea appeared in his mind.

“Could it be... Could it be... Could it be that he... Is he George Han?”

### **Chapter 4237**

From various conjectures, this is the boldest and craziest idea, but it may be the conjecture that best fits the current situation!

Pei Gu is even a little crazy!

But it's true!

George Han is most likely to be the shadow, and the place where George Han's accident happened is in the forbidden area of death. If he wants to support, he will be the fastest person to arrive here.

Everything seems to have found the most appropriate evidence for this.

But the next second, Pei Gu smiled and shook his head again.

How could it be George Han? !

Not to mention what happened to George Han when he was bombed in the forbidden area of death, it is not bad for him to come back with his own life. How could he still have such terrifying strength?

Secondly, George Han was injured himself, and even if he came out of it intact, he might not be able to bring any help.

The only possibility is that something in the death zone helped him

.

But in that explosion, how could he get away with it? !

Therefore, all kinds of things, added together, have become impossible!

Thinking of this, a trace of bitterness flashed in Pei Gu's eyes.

"Crack!"

Another loud slap brought Pei Gu back to reality from his imagination.

"The third slap, as a man, seeing your daughter-in-law being humiliated, but not helping, what kind of man are you?"

"Crack!"

"Fourth slap, as a son of man, you are attacking your own father. Do you know what the gift of parenting is? It's not as good as a pig

and a dog!" With two consecutive slaps, Pei Hu was almost slapped like a beach Mud, softly planted in George Han's hands!

He was not as energetic as before, like a hundred-year-old old man who was about to finish his life.

As for his appearance

, let alone the pig's head in the pig's head, I am afraid that even the pig would not recognize it as his own kind.

"What? Can't stand it anymore?" Seeing that the shadow was already soft in his hands like a dead dog, he sneered disdainfully.

"I'll help you!"

After he finished speaking, the shadow shot energy directly into Pei Hu's arm with his right hand.

Suddenly, a black energy swept through Pei Hu's body, and after being baptized by this force, Pei Hu, who was already dying, began to recover slowly. Although the wound on his face was still swollen like a pig's head, but the damaged interior is improving rapidly.

Just a few seconds later, Pei Hu suddenly regained consciousness.

A bunch of cronies were stunned, but also trembling even more!

I've seen torturers, but I've never seen such torturers. They beat you to death, then cured you, and then...

just thinking about it, these people couldn't help but take a step back, for fear When I accidentally got into trouble, I became the unlucky one.

"Crack!"

Sure enough, some things will be late, but they will never be absent, and another slap slapped Pei Hu's face!

Pei Hu was so sore that he almost fainted for the second time, he gritted his teeth, looked at the shadow who didn't speak for a long time, and said angrily: "What's the reason for this fifth slap?"

" Think about it." The shadow said softly.

"you....."

"Crack!"

Sixth slap! Pei Hu was very angry

and was about to speak, but he heard the dark shadow and said in a cold voice: "This sixth slap is in front of me. You still talk so much."

in the throat.

What can he do? If we go on, I'm afraid the seventh slap will come again.

However, he quickly

seemed to think of something, and then, Pei Hu laughed out loud.

Hei Ying frowned, looked at him lightly, and did not do anything.

And a group of cronies looked at their son with complete ignorance. Obviously, they didn't understand why his son suddenly laughed so loudly.

Is there anything to be happy about?

Or, is my son being beaten stupidly? So, insane? !

"What? Isn't it strange what I'm laughing at?" Pei Hu looked at the shadow and opened his mouth with a sneer.

It was indeed rare for Hei Ying to not do anything, looking at Pei Hu, waiting for his next words.

"Hahaha, hahahaha!" Seeing the shadow waiting for him to follow, Pei Hu laughed even more crazy for a while.

"Hmph, I'm laughing at you, I'm laughing at you retard, I'm laughing at you coward!"

"Oh?" Sombra questioned...

## **Chapter 4238**

"I thought you were very capable, garbage, you don't dare to kill me, don't you?"

"If there is something , come, come!"

"Be a hero in front of me, bah!"

Pei Hu yelled, arrogant.

He has figured it out.

This man kept beating himself for the Pei family's sake. Obviously, he was on his father's side, which also showed that his own conjecture was actually correct.

The shadow in front of him is a master of the Pei family, the ace secretly cultivated by his father!

Therefore, he did not dare to kill himself at all.

Because he is the future of the Pei family!

What is he afraid of? !

Sure enough, with Pei Hu's clamor, Hei Ying did not kill him, but killed him as provocatively.

Instead, Sombra didn't

do anything, but still stood there holding onto himself, not even slapping his hands.

"What? I told you? Feeling guilty? Let me tell you, I am the head of the Pei family, you let me go, otherwise, you will be liquidated by the Pei family." With capital, Pei Hu is naturally more arrogant.

But in the next second, just when Pei Hu was a little proud, the shadow laughed.

"What are you laughing at?" Pei Hu said angrily.

Hei Ying shook his head bitterly: "I laugh at you for being stupid, and I laugh at you for being idiot."

"It is said that a dragon gives birth to a dragon, a phoenix gives birth to a phoenix, and the son of a mouse can burrow, and Pei Gu is also a hero, but how did he give birth to You are such a trash full of greasy pig brains?"

"I dare not kill you?"

"Why?"

"By the rules of the Pei family, you can't commit the crime!" Pei

Hu shouted angrily with his last confidence.

"Pei's family rules? The following violations?" The shadow asked suspiciously.

"Don't you know that committing the following crime in Pei's house is a capital crime?"

"I really don't know, but you reminded me that in that case, you will be punished for the capital crime of plotting rebellion." After the words were finished, Hei Ying grabbed Pei Hu hands will be hard.

But suddenly, he shook his head again: "It is reasonable to say that I am an outsider, but I have no right to take care of your Pei family's affairs. After all, the rebellion is always just your civil strife."

"Why, are you afraid? Are you looking for excuses?" Pei Hu expected that Hei Ying was a member of the Pei family, a trump card cultivated by his father. Naturally, when he heard these words, he thought that the other party was just a broken excuse for his own daring to kill him.

At the moment, not only is there no

fear, but the confidence has become more full. Hei Ying smiled coldly

: "Sorry, the word fear is not in my dictionary."

“I was just thinking, what calendar should be used to punish you for the death penalty. By the way, I have.”

Stare at the shadows.

“I think I’m the same generation as your father, but you keep insulting me here, right?”

“Well, although it is indeed a bit reluctant, but as the saying goes, if you want to add a crime, you can have a name, That’s enough to kill you, am I right? Young Master Pei?” Hei Ying sneered, his words full of extreme coldness!

And it was almost at this time that Pei Hucai really felt that death was approaching him.

Consciousness is telling him that the person in front of him seems to have murderous intentions

.

“You dare!” Pei Hu roared loudly.

But this kind of roar, obviously because he was too scared, called out to give himself the bottom line.

Hei Ying smiled lightly: “Why don’t I dare?” When the

words fell, Hei Ying directly moved his hand, and Pei Hu suddenly felt that his throat was being squeezed by two mountains, even though he tried his best to use all his energy Gathering between his throats for life-saving resistance, but compared to the death of the hand, it seems to be a drop in the bucket.

He opened his pupils wide, staring at the dark shadow in front of him.

He didn’t believe that he actually dared to kill himself.

He was not reconciled, and his life came to an end...

His struggle became slower, and his limbs began to become weak.

Of course, at this moment...

### **Chapter 4239**

“Stop!” An angry shout

came!

When everyone looked back, a large number of elites had been rushing in from outside the gate and moving towards the shadow.

In just a moment, this group of people directly surrounded the three circles inside and three circles outside.

Zhu Yanshuo also regained his confidence. After drinking loudly, he took a few steps forward, but always kept a safe distance from the shadow.

He had suffered a loss just now, and now that he has Pei Hu as an example, he certainly wouldn’t let himself end up like that easily.

Hei Ying was disdainful, stopped his hand slightly, dazzled his surroundings, and couldn't help laughing: "What? Do you want to stop me?" When

he finished speaking, he turned his right hand and swept it directly to his side!

boom! !

The circle on the right suddenly exploded!

The elites who were just surrounded were instantly blown down by a large piece!

"Give it to me!" Seeing this, Zhu Yanshuo waved his hand without talking nonsense.

Suddenly, hundreds of

elites rushed towards the shadow from all directions.

Hei Ying smiled coldly, held Pei Hu directly with one hand, chopped with his feet, and at the same time the ground shook, he was already flying into the sky.

After that, when he held it in his hand, a sword condensed by black energy appeared in his palm obediently, and he waved the sword!

Bang bang bang!

Taking the place where he was standing as the center, it exploded directly in a radius of one meter!

boom!

The innermost soldiers who tried to besiege George Han were immediately bombed and screamed!

The black shadow laughed coldly, and in the next second, he rushed into the enemy army like a ghost!

Brush brush!

Like a fierce tiger entering the sheepfold, all he could hear was a rustling sound, and then one after another, the elites fell straight down.

It is not an exaggeration to say that he has crossed Jianglong.

Zhu Yanshuo gritted his teeth, his face condensed.

He has seen a lot of masters, but he

has never seen so many masters who treat so many elites like trash.

Even George Han, who is in his own shadow, is absolutely impossible to come and go freely among so many elites, and to kill.

This is just fu\*\*\*\* horrible.

It was as if a peerless master entered the novice village.

"Four masters!" The

Black Mountain Demon Girl and others immediately took the lead.

“Bring someone up!” Zhu Yanshuo shouted.

The four masters glanced at each other, and in the next second, they led the men and rushed towards each other.

“What are you doing? Come to me!” Zhu Yanshuo waved his big hand again, and for a while, more people rushed towards the shadow.

Their tactics are very simple, even if they are surrounded, they must completely surround George Han to death.

With more and more masters and elites joining in, for a while, the playground of the Pei family was almost full of people.

And the shadow is still ruthless killing, but the frequency of action is much .

In the end, it is still a group of elites and masters. Even in the eyes of Sombra, it is garbage, but the garbage becomes a mountain, and it will always cause great obstacles to any individual.

Seeing that the speed of the shadow is getting slower and slower, so that it starts to pass through the crowd and becomes surrounded by the crowd.

This time, Zhu Yanshuo was completely excited.

“Just take it easy for me, whether it’s Pei’s son or this guy, I want to live.” Zhu Yanshuo shouted anxiously.

The black shadow paused slightly, and looked back coldly at the layers of black waves that surrounded him.

With such a large number of people and such a dense siege, if this continues, the situation will only get worse.

Thinking of this, Hei Ying glanced at the trash Pei Hu that he was carrying on his left hand, and smiled coldly: “I don’t have time to take care of you now.”

“However, don’t even think about getting out of trouble.” The

words fell, his hand moved, and the black energy directly It was poured into Pei Hu

’s arm.

Pei Hu suddenly felt as if his body was sealed. Not only could he not be able to mobilize the true qi in his body, but even the most basic movements of hands or feet were as difficult as reaching the sky.

He looked at the shadow in fear, not knowing what he had done to himself and what he wanted to do next.

“Your dog’s life is up to your father, let me go!”

As soon as the voice fell, the shadow grabbed it and threw it. Suddenly, he was like a kite with a broken string, crossing the waves of people. , and flew directly to the position where Pei Gu was lying.

“Bang!”

With a muffled sound, Pei Hu didn't miss a single penny, just fell in front of Pei Gu.

With such strength, if someone carefully studies it, they will surely be shocked.

At this time, the shadow is not idle, and his hands are vacated. It is also time for this group of people to learn what a real master is and what is real suffocation...

## **Chapter 4240**

“Huh! Ants!” A

cold voice hummed, the next second, the shadow seemed to be rushing forward, and it seemed to be backward Run, it's like going to the left, and it's like going to the right!

But when he looked back, the shadowy figure seemed to be standing there, not moving at all.

“Illusion?” someone exclaimed.

But in the next second, someone noticed something was wrong.

“That's not an illusion at all, it's true, he's just too fast and his breath is too strong. Even the breath left behind didn't keep up with his own speed, everyone is small...”

Pfft!

The somewhat formidable expert didn't even have time to finish speaking, his stomach squeaked softly, and then he said goodbye to this world with his unbelievably huge pupils.

Of course, these are obviously not finished!

“Puchi puchi!”

Taking that person as the starting point, the dozens of people around him didn't even have time to react, and they only felt

a blackness in front of them, and then the blackness was darkened, and they said goodbye to this world forever.

“Over there!”

The person who was not attacked suddenly shouted with his left finger.

Of course, just when everyone turned their heads and looked over there.

puff puff!

On the right side, another dozen elites have fallen.

This time, everyone was completely panicked.

The left side and the right side are completely opposite directions, and even the farthest distance. This is going back and forth again and again, not to mention that it is full of human walls, and it is absolutely impossible to blink in the open space. Just...

This guy, is he a human or a ghost? !

“Shushuashua!” Before

they could figure out the problem, they were attacked again.

And then, it's the back!

I don't know if the other party is deliberately provocative, or if it's more fun to go on a rampage like this, anyway, the people in the entire encirclement are completely dumbfounded, and everyone is in danger.

They

are holding their own weapons and protecting them in front of their chests. They are no longer murderous and going to attack the enemy, but cautiously looking around them, for fear that there will be a sudden danger and they will not be able to respond in time. .

As a result, the entire army's offensive was stagnant.

Zhu Yanshuo gritted his back molars. As he witnessed the whole incident, he was both shocked and angry.

He was naturally surprised that the other party could act so recklessly, and he was naturally surrounded by anger, yet he could come and go like this.

“Today, you really taught me a good and vivid lesson.” “

However, the more so, the more interested I am in you.”

Why is he afraid of Zhu Yanshuo? !

Even if he encounters an opponent like George Han again in the future, he can send troops to crush him without fear.

The evil spirits of the past will eventually cease to exist, and what is left to them will be a glorious history of hundreds of battles and perils.

As for himself, if there is such a master by his side, and if he is fortunate enough to follow him to apprentice and learn art, then what kind of existence will he be in time?

Although, he hated George Han deeply in his heart, after all, this man gave him too much shame.

But in fact, if his own force can reach his level one day, Zhu Yanshuo's heart is actually happy.

Even dream.

Thinking about George Han's ability to look down on the world and laugh at the heroes with that one-handed cultivation base, it is really enviable.

If you can be like him one day in the future, presumably, he should also be treated like him, right? !  
At that time, beautiful women were around, and they could also enjoy  
the blessings of Qi people.

Thinking of this, and thinking of Amelia Su, Zi Qing and other beauties, Zhu Yanshuo unconsciously revealed a happy and satisfied smile on the corner of his mouth.

Even at this moment, blood and flesh on the battlefield should not be like this.

But he still laughed.

Who can refuse such a peak? Who can stop such a beautiful dream from happening? !

Suddenly, Zhu Yanshuo's eyes suddenly lit up!

Now that the dream is here, it is of course to do everything possible to make this dream come true.

Thinking of this, he glanced at the subordinates next to him: "Go outside and call more elites and masters over."

"Yes!"

"Wait a minute!" Zhu Yanshuo suddenly stopped the man.

The man frowned, turned around in a hurry, and said, "What else is there to order from the city owner?"

Zhu Yanshuo smiled softly and beckoned, the man quickly put his ear to his mouth...
