

HTC 4271

Chapter 4271

He frantically shook his head, trying to back away from George Han.

But retreating to the corner is already impossible to retreat.

“No...no...no, don't kill me, you have to dare to kill me, the people outside will take revenge for me, George Han, stop, stop me!”

George Han sneered, approaching step by step. A black gas in the right hand solidified, obviously it was about to kill the killer.

Does he care who avenges Zhu Yanshuo?

Of course he doesn't care!

Not to mention the group of trash outsiders who are already the turtles in the urn, even if the whole world is against him, what is he afraid of? !

For George Han, the enemy is the enemy, and if there is revenge, it will be avenged!

With a cold face, George Han exerted force in his hands and grabbed Zhu Yanshuo directly.

Zhu Yanshuo panicked. In the panic, he looked back and saw Pei Hu who was not far away. At this moment, he didn't care so much. He grabbed Pei Hu and blocked his body in front of him.

“Pfft!”

At the same time, he heard a sparse sound from his throat. Before Pei Hu could tell what was going on, he already felt that his throat seemed to be crushed by someone, his Adam's apple exploded instantly, and the blood was completely gone. The controlled keeps pouring out of it.

Pei Hu's eyes were wide open.

He never imagined that at this critical moment of suffocation, one of the people he trusted most would suddenly betray himself!

Use yourself as a shield!

But now, he has absolutely no chance to regret it.

Because of George Han's blow, it can't be said to be heavy, but it is deadly enough.

George Han was slightly shocked.

In fact, at the critical moment, he also noticed Zhu Yanshuo's move.

But the arrow was on the string, even if George Han wanted to take it back at this time, it was too late.

He could only reluctantly use a

little force, but it was almost enough to kill Pei Hu.

Seeing the blood spurting out of Pei Hu's mouth, a group of cronies were completely stunned.

Their subconscious reaction was not to rush over to rescue Pei Hu and to care about how his body was, but to retreat to a more corner subconsciously.

They don't want to have any blood on their bodies at this time.

They just want to stay far away and don't want to be a scapegoat.

"City Lord Zhu, why?" Pei Hu asked incredulously while holding back the blood that kept spurting from his throat.

He doesn't understand and he doesn't understand either.

The think tank around him, and even himself, had already discussed it in private. That is their positioning of themselves in the Mingyu Department, which should be very high.

Mingyu is calculating against them, but why haven't they considered themselves? !

For them, the old

head of the Pei family has returned, and if their **** people want to support Pei Hu as the head of the family, there is only one way.

That is to try to strengthen their own power to fight against the power of supporting the old family master of the Pei family.

Otherwise, what awaits them is only the reckoning from the old family owner after the war is over.

In fact, they also know that collusion with external forces will inevitably make the future of the Pei family no longer as it used to be in the Pei family alone. But anyway, better than they were liquidated.

Therefore, they think that their role in the Mingyu Department should be considered good.

But who would have thought that at this moment, Zhu Yanshuo actually used Pei Hu as a shield!

Zhu Yanshuo was also a little panicked, this scene was not what he thought.

If Pei Hu dies, the major forces of the Pei family's civil strife will be completely removed.

This is tantamount to

cutting off his own back path and cutting off his own fruits of victory.

If Zhu Yanshuo was given a chance to choose again, he would definitely not do it.

Of course, this premise must be based on the fact that his life is guaranteed, otherwise, he will not regret his choice.

Yes, after Pei Hu died, he couldn't explain to Ming Yu, and he couldn't explain to the old master.

However, that is another story.

And if Pei Hu doesn't die, he has to die right now.

Who doesn't have a heart yet? !

At least, Zhu Yanshuo, who seems to be a gentleman, is far more selfish than others.

With this idea, Zhu Yanshuo suddenly turned his heart away and roared angrily: "What are you still doing? George Han killed the prince of your Pei family, the future head of the family."

After he finished speaking, he suddenly turned Pei Huchao in front of him . He pushed George Han vigorously, and in the next second, his figure moved directly...

Chapter 4272

George Han is still immersed in the shock of killing Pei Hu by the wrong hand.

Although he has a grudge against Pei Hu, he is just like teaching Pei Hu before.

He didn't mean to kill Pei Hu, otherwise he wouldn't be merciful that day.

Pei Hu was always Pei Gu's son, and Pei Gu was his ally.

They are always partners and there is no need to quarrel over these issues.

No matter how many mistakes Pei Hu has, from the point of view of allies, it should be handled by the Patriarch of the Pei family, not himself.

Therefore, seeing that Pei Hu's throat had been pinched in his own hands, George Hanyi was stunned for a while.

Zhu Yanshuo seized this opportunity, and after throwing Pei Hu away, he ran out in a hurry.

The few cronies were called by Zhu Yanshuo, and subconsciously rushed towards George Han, but they only rushed a few steps. They calmed down

and stopped quickly when they called out that they were fooled. Look at me, I look at you , he just stepped back again.

George Hanzhiwei, how can they afford it.

George Han took Pei Hu and hurriedly let go. Seeing that Zhu Yanshuo had fled, he was about to chase, but the hand stuck on Zhu Yanshuo's neck could clearly feel that his pulse was so weak that there was almost no pulse.

Between saving and chasing people, George Han could only grit his teeth and choose to save people.

One can really penetrate into Pei Hu's throat in an instant, and while he heals the wound on his neck, the other infuriating goes directly into his heart to keep his beating.

After that, George Han glanced coldly at the few followers: "Why are you still standing there? Come and help, I want to heal him."

A few close followers were afraid to die, but after being drunk by George Han, they still walked over obediently.

A few people can really take over George Han's job of stabilizing his heart, while George Han can spare time and hands to repair Pei Hu's broken throat.

Time is very tight, George Han must be as soon as possible, otherwise Pei Hu's life will be guaranteed.

At this time, Zhu Yanshuo, who had been turned out of the mansion, let out a sigh of anger, and his forehead was full of cold sweat.

"Damn, damn George Han, I almost died at your hands."

"If this revenge is not avenged, I, Zhu Yanshuo, swear that I will not be a human being."

Zhu Yanshuo's eyes swayed around when the words were finished, and finally he turned his eyes Locked on the corpses of several dead soldiers next to him.

"fu**, Pei Hu, you can't blame me, I don't want you to die, but it's better for you to die than me." When the

words fell, Zhu Yanshuo gritted his teeth, picked up the knife in the hand of the soldier's corpse on the ground, pointed it at his abdomen, and stabbed it abruptly. went in.

"Pfft

!"

With a muffled sound, blood flowed from Zhu Yanshuo's stomach, and his complexion instantly became more ugly and distorted.

But now, he has to.

A moment later, when Ming Yu was worried, Zhu Yanshuo walked out extremely weakly, covering his stomach with his hands, covered in blood and with his hair scattered.

Ming Yu and others were shocked and anxious when they saw Zhu Yanshuo.

"City Lord Zhu, this... what's going on?"

Zhu Yanshuo was covered in blood, just the amount of blood showed that his condition was extremely unsatisfactory. Ming Yu wanted to instill energy in him in a hurry, but Zhu Yanshuo refused directly.

"We are facing a great enemy now, and the elders should not spend any effort on Zhu, who is just a cheap life." He looked at Ming Yu and knelt down suddenly.

"My subordinate is incompetent, and was ambushed by George Han. At the critical moment, I wanted to take Pei Hu

to escape, but I didn't have enough manpower, so George Han was very powerful. He wounded me first, and then Then I killed Pei Hu."

"I also ask the elders to convict me."

Zhu Yanshuo lowered his head, seemingly sincere, but in fact his eyes kept twirling in the dark, and the corners of his mouth even showed a faint smile.

Ming Yu frowned, obviously shocked by Pei Hu's intentions, but it was unexpected when she thought about it carefully, she was just more unwilling to let her chess pieces die like this.

Taking a deep breath, Ming Yu sighed: "Forget it, I can't blame you for this."

Ming Yu is very clear about George Han's cultivation base, and it is not incomprehensible that Zhu Yanshuo is defeated.

"Where are the four masters?" Ming Yu drank coldly.

When the four masters saw Zhu Yanshuo come out, they were so embarrassed that they wanted to find a crack in the ground, and when they were called, they could only obediently walk out from the back...

Chapter 4273

"Subordinates are here."

Abandon Zhu Yanshuo and come out alone, if all the people inside are dead, then they can turn black and white, clean up charge.

But the good thing is that Zhu Yanshuo is alive now, and everything will be revealed.

They have been hiding behind the crowd and have not dared to show their faces, because they are afraid that they will be caught now.

The four of them were very depressed, but they could only obediently bow in front of Ming Yu.

"You waited to enter the mansion with City Lord Zhu, but failed to keep City Lord Zhu and Pei Hu safe, what's your guilt?" Ming Yu asked in a cold voice.

The four Black Mountain Demon Girls looked at each other with their heads lowered, and she took the lead in speaking: "Reporting to the elders, it is tantamount to fooling around with our dozen or so masters trying to resist George Han.

"?" Ming Yu snorted coldly and shouted angrily: "Come here, drag me down and beheaded."

"Elder, keep someone under the sword." Zhu

Yanshuo hurriedly raised his head, with an extremely sincere attitude: "Elder, the four masters have fallen. Although the escape is hateful, they shouldn't be blamed entirely."

"George Han is very capable. Whether the four of them stay or not has nothing to do with whether the ending has changed or not. I believe you know this better than me."

"So, they didn't leave that much to give away four more heads."

"Secondly, beheading generals before the battle is a major taboo in the march, not only destroying generals, but also a blow to morale. Now our army is using people's tactics, it is better to give A chance for the four great masters to commit crimes?"

Seeing the sincerity on Zhu Yanshuo's face, Ming Yu frowned slightly and did not speak.

Zhu Yanshuo did have some truth in what Zhu Yanshuo said, and the four masters are indeed rare talents. Since Zhu Yanshuo pleaded for mercy, she herself has stepped down, and immediately looked at the four masters: "You four have not thanked City Lord Zhu? The

four of them were shocked. They abandoned

Zhu Yanshuo first, but what they couldn't imagine was that Zhu Yanshuo not only ignored the previous grudges and did not attack them, but also greatly forgiven them and asked for love for them.

"Thank you, City Lord Zhu, I will go through fire and water in the future, no matter what."

Zhu Yanshuo just nodded lightly on the surface, but in fact he was sneering in his heart.

The four masters have always been good-natured with him, and they don't work hard.

He has been looking for opportunities, but the four of them are old fritters.

it's good now.

Not only can the topic of Pei Hu's death come to an end, but also, he saved the four of them. If Ming Yu wanted to ask any details, he could lie and cover up the past, not afraid that the four would bite him at the end of the road.

At that time, if it was too heavy, it might bite myself into it, and if it was too light, it would make me a bad impression in front of Mingyu.

Of course, there is another point that he took the opportunity to win the hearts of these four people

. You must know that in this game of power, the more chips you hold, the more beneficial you are.

Although the army has suffered a defeat now, for him personally, he always has to reap the benefits that belong to him.

"You're welcome, everyone is on the same boat." Zhu Yanshuo pretended to be seriously injured and forced a smile.

"Come on, send City Lord Zhu to recuperate temporarily." Ming Yu said lightly.

Zhu Yanshuo waved his hand and hurriedly stopped his servants: "I was just stabbed by George Han, and I can't die. Right now, the war is so tight, how can I recuperate at ease, and ask the elders to leave me behind."

"But you're like this..." Ming Yu was slightly moved.

"It's okay, I'd like to ask a few masters to use some infuriating qi to help me heal for a short time, as long as I don't bleed."

Ming Yu nodded and looked at the masters beside him. The masters immediately shot and healed Zhu Yanshuo

's injury. .

“The spirit of City Lord Zhu is very touching, and he is also a role model for my generation. Telling the whole army about this matter not only commends City Lord Zhu’s fighting spirit, but also hopes that it can boost the morale of our army.” Ming Yu ordered.

The subordinate nodded and went to do it immediately.

Zhu Yanshuo, who was being healed by the digital masters, seemed to close his eyes on the face, but in fact he was already ecstatic.

With this method, he won another wave of popular support, and he also got a wave of goodwill and trust from Ming Yu, and he made a lot of money.

After a while, several masters withdrew their hands, Zhu Yanshuo opened his eyes, and he was not in any serious trouble.

Although, even if there is no one to treat him, he knows that the part he inserted himself will not put his life in danger at all.

Zhu Yanshuo stood up slowly, walked to Ming Yu’s side, and said softly, “Elder, it’s getting late, we should launch the final general attack.”

Ming Yu nodded, raised his hand slightly, and the entire army sounded a long cry. ...

Chapter 4274

“Kill!”

With the long beep, the final general attack on the Pei family mansion by Mingyu Headquarters has completely begun.

In the original onslaught, more soldiers began to smash doors and walls, and more people climbed over the mansion wall and entered the mansion.

For a time, the entire Pei Mansion was completely burned to the ground.

People in the main city will always remember that night, it was like day.

Screams and screams blend into one, you can say it is tragic, but it can also be called tragic.

“Four masters.” Zhu Yanshuo shouted coldly.

The four of them took orders in unison: “The subordinates are here.”

“I order you to immediately organize an elite force to enter the mansion, and be sure to kill Pei Gu, the Patriarch of the Pei family for me.” Zhu Yanshuo said coldly.

“My subordinates lead the order.” After the four of them finished speaking, they turned around and took the team to the mansion.

In the mansion, the elites of the Pei family fought hard again and again, and they were completely unable to resist the continuous influx of more enemy troops.

Although the seven princesses took the lead, they were still on the offensive, and they had to lead the few soldiers of the Pei family to retreat.

“Xiao Qi!” Pei Gu was covered in blood, and he couldn’t tell whether it was his own blood or the enemy’s.

At this time, he was also exhausted to the extreme, and finally met the Seventh Princess and the others in the corner of the mansion.

Seeing her father’s appearance, the seventh princess felt extremely uncomfortable for a while.

For a long time, in their eyes, his father was wise and wise, but at this moment, he seemed to have just climbed out of the dead.

However, it was too late for her to take care of this, the current situation was the most urgent.

“There are more than 2,000 people here, and now there are only less than 70 people left, and the army outside the house is still coming in, what should we do?”

Pei Gu glanced behind him. There were only a few thousand soldiers left.

Wanting to resist the Mingyu army with such a force is tantamount to a fool’s dream.

“Withdraw. It’s almost time.” Pei Gu said.

“However, once you evacuate, according to the plan of 3,000, father, you...” The Seventh Princess said worriedly.

“There is nothing wrong with the three thousand plan. The enemy’s target must be me. I will go to the east of the city to attract firepower for you. You quickly rush to the west of the city and secretly open the door.” Pei Gu nodded.

“But the problem is... there are guards in the west of the city. If we open the door,

we need to bring all the men and horses with you. Father, you... how... how do you fight against so many enemy troops?” The eldest princess was also extremely anxious.

In fact, this is equivalent to asking Pei Gu to die.

“I can’t control that much now. If I die unfortunately, at least most of the Pei family will survive, and my seven lovely daughters will also survive.” Pei Gu laughed softly, as if not afraid of death: “I live It’s been long enough, and his mother has already earned enough money.”

“Father...” Tears rolled in the eyes of the seventh daughter.

“Go.” Pei Gu glanced at his daughters, and the next second, his face became serious, and he whispered to the soldiers: “The generals listen to the order.”

“Yes!” All the soldiers responded collectively.

“Escort my seven daughters to

the west of the city, and do everything possible to open the west city gate.”

“Yes!”

“The future of the Pei family is in your hands. You fought with me all night. Pei Gu is very grateful for this.”

After speaking, Pei Gu directly raised his knife and rushed outside in a few steps, speaking coldly. He shouted: “The bastards on the opposite side, your grandfather Pei is here.”

After attracting the attention of the other party, Pei Gu looked back at his daughter and the soldiers, and resolutely ran towards the mansion eastward. go.

The seventh daughter was already in tears, looking at her father’s disappearing figure and the large number of enemy troops chasing him behind him, gritted her teeth, and led a group of people towards the west of the mansion.

“Let’s go.”

Suddenly, the chaotic Pei Mansion began to look different...

Chapter 4275

If it was said before that it was a melee, then Pei Hu at this time is a swarm of pursuit.

With Pei Gu’s flight, the entire Pei Mansion had a new target all the time, and all the soldiers swarmed up and attacked Pei Gu directly.

The master team led by the four masters is even more in the lead.

Winning Pei Gu is the first achievement of this battle. This battle has sacrificed so many people and made so many things. Isn’t the ultimate goal of him?

This is true for the masters, and even more so for the soldiers.

After all, this is the best time to be promoted.

And poor Pei Gu, despite attracting a large number of people, moved extremely slowly due to overwork and severe injuries.

When he turned out Pei’s house before, he was directly approached by the pursuers for a lot of distance, and now he is constantly being drawn closer on the empty street in the east of the city.

At the end of the street, only a few hundred meters away from the east of the city, Pei Hu could no longer run.

He couldn’t run anymore, the masters who were chasing him rolled over and blocked the road in front of him, and a large number of chasing soldiers had already arrived.

With a wry smile, Pei Gu picked up the long knife in his hand and looked coldly at the crowd who had surrounded him.

“Huluo and Pingyang were bullied by dogs. I, Pei Gu, have been around for half a year, proud of the world. I didn’t expect that today, I would be buried in the hands of you rats. It’s desolate.”

“Pei Gu, you still need some face. Do you really think you are still the head of the Pei family? Even if you are, you are just the head of a bunch of bereaved dogs. If you know each other, put down your weapons and surrender, and you will be spared the pain of flesh and blood.” Heishan enchantress said coldly fight back.

Pei Gu laughed: “If you want to kill Pei, it’s up to you guys?”

“Come on, fight.” The

four masters looked at each other and knew what they had in mind.

Venerable Bigfoot

took the lead and rushed towards Pei Hu: “Old man, if you are so tough, you will die.” When the words fell, Venerable Bigfoot fell directly from the sky with one big foot and stepped on it with one foot.

Although Pei Gu was seriously injured and exhausted, he still dodged in an instant, and the long knife suddenly pulled back, hitting Venerable Dali’s big feet.

boom!

It’s sizzling!

The long knife seemed to be slashed on steel, except for the sound of metal collision and sporadic sparks, there was nothing else.

“Fuck you.” The Venerable Bigfoot roared angrily, and Bigfoot lifted it violently.

For a while, Pei Gu only felt that he had cut down a big mountain to prevent Buddha, and his big feet pressed directly against him.

As usual, Pei Gu must have been able to easily block and dodge it skillfully, but at this time, he was only at the end of his force and was already powerless.

The block is there, but the power is obviously not as good as before, and there is also evasion, but the movement technique is already

much slower.

So it was supposed to be an easy thing, but the phenomenon turned out to be a mess, and the abdomen was directly rubbed by the big feet, which made Pei Gu feel that his stomach was turned upside down, and the pain was endless.

“Hmph, old man, what’s wrong? Your mouth is so hard, but your body is soft like camel shit?”

He thought how powerful this old man was, but it turned out to be nothing more than that.

For him, it is like an ant, playing around at will.

Pei Gu endured the pain and stood up reluctantly. The dignity of the Patriarch of the Pei family did not allow him to retreat in the slightest: "Hmph, Venerable Bigfoot, do you deserve this name too?"

"I thought you were so powerful, but it turned out that even You are just scratching your itch to hurt me like this, why? Is the threshold for a master so low?"

Pei Gu's irony obviously hit someone's heart.

Venerable Bigfoot was furious on the spot, turned his foot directly, and attacked .

Although Pei Gu was not convinced, he looked at the big feet that had come again, but for a while he had no other thoughts.

Only the body was left to die.

With his current injury and strength, it is almost a nonsense to simply resist the re-attack of Venerable Bigfoot.

However, Pei Gu had no intention of going out alive after running to the east of the city.

Thinking of this, Pei Gu not only did not have the intention of dodging but also did not have the slightest fear on his face. He just smiled indifferently, and even opened his hands, waiting for the big feet of Venerable Bigfoot.

His feet were huge, and when he was covered by the sky, it was already dark all around Pei Gu, preventing the Buddha's sunshine from dissipating, and preventing the Buddha's yin from attacking.

Of course, just as Pei Gu closed his eyes and waited for his death, suddenly, he could clearly feel it, but the foot was not pressing on him as he had imagined...

He suddenly opened his eyes, but a figure stood in front of him. ...

Chapter 4276

figure is thin, at least that is relative to Pei Gu's huge size.

But there is a heroic spirit in this thinness, not a handsome spirit, but a heroic spirit.

"Three...three thousand?" Pei Gu said in shock.

Han Sanqian didn't turn around. At this time, he was holding Venerable Bigfoot's foot with one hand, so that his huge foot defense Buddha was stuck there.

"You...why are you here?" Pei Gu said.

"If I don't come, do I want you to die?" Han Sanqian laughed softly: "Although my plan is to let you lead the enemy here, it doesn't mean that I will send you to the fire pit.

" Besides, we are partners, you have something to do, can I watch it?"

After speaking, Pei Gu's heart warmed, and he suddenly felt that after choosing Han Sanqian, even if many things were completely messed up There are also many dangers.

But being able to see the true feelings in
such dire straits, everything is worth it.

“Okay, with your words from Han Sanqian, I, Pei Gu, will die here today, and I will also rest my eyes .”

“Don’t worry, with my Han Sanqian here, how easy is it to die if you want to die?”

Han Sanqian’s eyes are very light, full of faint smile and confidence.

Without waiting for Pei Chen’s reaction, Han Sanqian had already blocked the big foot in front of him with a palm, and after that, his body was like an arrow, and he rushed directly to the venerable Bigfoot.

The poor Venerable Bigfoot was wondering why he didn’t step on it, when someone lifted his foot directly and fell to the ground.

Before this huge body was touching the ground, another figure came directly towards the face.

In an instant, he only felt an extremely strong force suddenly hit his waist.

He didn’t feel anything at first, but after a moment

, he felt that his waist bones were directly beaten into powder, and his body flew out on the spot under a tremendous force...

“Pfft!

” Blood spurted out, like rain in the sky in the process of flying.

boom!

With a loud bang, Venerable Bigfoot smashed directly onto the floor dozens of meters away, and there was no movement at all on the spot.

Spike!

Instant kill!

The three of Montenegro’s enchantress were all dumbfounded.

With the cultivation of the four of them, they dare not say that they walk sideways in the Demon Race, but at least they are not afraid.

Maybe someone is stronger than them and can beat them, but if you want to kill them, it may be extremely low.

And if you want to kill them in seconds, it will be a fantasy, like a dream.

But now this person...

right in front of their eyes, directly and neatly killed Venerable Bigfoot

in seconds.

And when they looked at it again, and after figuring out who was coming, they were even more heartbroken, and their souls were scattered.

“Han Sanqian!”

“It’s you again!”

“You... how are you...” The

three masters were almost collectively silenced, how arrogant they were before, and how silent they are now.

“What? Is there something wrong?” Han Sanqian looked at the three people indifferently, a little funny.

The three masters collectively shook their heads. Who would want to talk to this devil at this time? If any word or tone is wrong, they will be left with the same fate as Venerable Bigfoot.

Seeing that the three did not speak, Han Sanqian looked back at the soldiers who surrounded them.

Immediately, they kept moving closer and wanted to surround Pei Gu, but they all retreated together under Han Sanqian’s gaze, forcibly giving the two of them a large circle with a diameter of at least seven or eight meters wide. .

“I want to take Pei Gu away, who has any doubts?” Han Sanqian finished his words, walked over and pulled up Pei Gu on the ground without looking at anyone.

Pei Gu is the key figure in the pursuit, and it is also their death order to kill him.

If it were an ordinary person, I am afraid that when he said this, he would have been beaten to death, but when these words came out of Han Sanqian’s mouth, it was completely different.

None of the people present dared to speak back, let alone take a step forward to stop it.

No one fucking thinks their life is too long at such a time.

In this way, Han Sanqian alone, and supporting a wounded Pei Gu, went to the west of the city step by step under the eyes of the tens of thousands of troops...

No one stopped them, and many of them even took the initiative to give way. .

Until, a figure stood at the end of the soldier’s way out...

Chapter 4277

All the soldiers suddenly froze in place, not knowing what to do.

At the end, it is none other than Ming Yu.

Han Sanqian also stopped, looked at Ming Yu, and smiled softly: “We meet again.”

Ming Yu took a long breath, trying to suppress his anger in his heart.

With so many people on her side, Han Sanqian was so overwhelmed that no one dared to move. As the commander-in-chief, how could she not be popular?

But in the face of Han Sanqian, she told her rationally that she could not be angry, otherwise, she could only be pressed by Han Sanqian to the ground to rub her IQ.

“Yeah, we met again. I really didn’t expect that the forbidden area of death didn’t blow you to death. Han Sanqian really deserves to be Han Sanqian, I admire it.” Ming Yu replied.

Han Sanqian smiled and said, “Okay, I’ve already called to say hello, so let’s not do the same thing. Either call or I’ll take him away. What do you think?”

“

There will be reservations.

But now that Mingyu is here, Han Sanqian doesn’t think that he can rely on his strength and momentum to suppress them.

Therefore, Han Sanqian needs to see Mingyu’s choice.

“There are still hundreds of thousands of troops left in my city, and I am afraid that there is no one other than you, Han Sanqian, who can talk and laugh like this among the hundreds of thousands of troops.” Ming Yu said coldly.

“You talked a little bit less, and even made a request with you.” Han Sanqian said calmly: “However, this always requires you to make a decision.”

“Whether to fight or let go.”

Ming Yu didn’t speak, looked at Han Sanqian for a long time, and finally breathed a sigh of relief: “Okay, I can let you go, but I’m afraid you are not in the mood to take the Pei family out.”

“Well, let’s meet, Let go of Pei Gu, you leave safely, I can guarantee that no one will touch you
.”

Hearing this, Han Sanqian frowned slightly: “You treat me so well? Why don’t I believe it? “

Why don’t you believe it?” Ming Yu said, “Although you and I are enemies, Pei Gu and I are also enemies, and you and Pei Gu are still enemies. There is a saying that the enemy of the enemy is a friend.” Therefore, on this battlefield, you are my friend, I let you go, and no one will say anything more.”

“You and I will never be friends, maybe some time ago, but now and in the future, never Yes.” Han Sanqian said coldly.

Han Sanqian didn’t have any favors for this kind of person who betrayed him.

will never forgive.

“As for the enemy you said, what do you mean by that?” Han Sanqian asked.

Ming Yu smiled lightly: “I thought you, Han Sanqian, wouldn’t be able to catch the point.” When the words fell, she looked at Han

Sanqian: "As soon as you come back, you will help the Pei family fight this and that, have you ignored it? The people around you?"

Su Yingxia and Ziqing!

Han Sanqian frowned.

Although he has been helping the Pei family all the time, in fact, Han Sanqian has been looking for two women.

At the beginning, he thought that the Pei family was in a critical state, and the two women must be protected by the Pei family. After all, this was always the business of the Pei family. With Pei Gu's character, he would never let the two of them go to the battlefield in person.

After returning from outside the city, Han Sanqian knew that the battle in the house was about to start, so he had been looking for the two women.

It's a pity that I haven't seen them all the time, and then the army was in chaos until now.

Could it be that they were caught by Ming Yu, otherwise, why would she have to ask?

Thinking of this, Han Sanqian suddenly became anxious, staring at Ming Yu fiercely and said angrily: "You caught

them? I warn you Ming Yu, if there is any difference between the two of them, I Han Sanqian will not I'll cut you with a thousand swords, and you're inhuman."

Hearing Han Sanqian's words, Mingyu's heart was full of mixed feelings, how she wished a man could do this for her.

She also hopes that when she is threatened, Han Sanqian can come forward.

But she knew that she was expecting extravagantly.

Since she betrayed Han Sanqian, this kind of thinking has never been realistic.

But, what can she do now? !

Ming Yu shook his head, didn't speak, just looked at Pei Gu.

Noticing her eyes, Han Sanqian also looked at Pei Gu strangely, only then did he realize that at some point, Pei Gu had lowered his head and did not dare to lift it up.

Realizing that the situation was wrong, Han Sanqian grabbed Pei Gu's shoulder: "Patriarch Pei, Yingxia and the others, what happened?"

Chapter 4278

Pei Gu's body trembles, obviously from the heart.

"George Han, I... I'm sorry for you."

"Actually, she's right. You shouldn't save me, I'm not worth it."

Pei Gu released George Han's hand to support him and turned his back. Go away, cry secretly.

He was very guilty.

George Han handed the two daughters into his hands, however, he did not protect them well.

This is his dereliction of duty. He is sorry for George Han, and he is even more sorry for George Han to fight the enemy for his Pei family after returning.

"Patriarch Pei, what's the matter?"

George Han already had an ominous premonition in his heart. Seeing Pei Gu like this, he was completely panicked.

Yes, he can deal with thousands of troops indifferently, but in the face of Amelia Su, he can never be at peace.

That is his most important person

, and also where his inverse scales lie.

"When the beasts attacked the city, in order to help us alleviate the crisis of the city tower, Miss Ziqing sacrificed herself and rushed into the group of beasts. In order to save her, Miss Su was unfortunately both..." Speaking of which, Pei Gu couldn't help it. Go on.

It has been more than ten hours since the incident, and I am afraid that now, the bones that they have been bitten by are gone.

"George Han, I'm sorry for you, but the Pei family is innocent. You can kill me, but I hope you can leave here with the rest of the Pei family."

George Han stumbled suddenly, such bad news was like a bolt from the blue !

He looked at Pei Gu in disbelief, why, why did he tell himself now? !

"George Han, don't you understand? Some people just use you as a tool

. Otherwise, I shouldn't mention this matter now, and you will know what happened, right?" Ming Yu said coldly. road.

Yes, even if there is an accident, Pei Gu shouldn't tell himself the truth until now.

"Three thousand, it's my fault, but..." Pei Gu couldn't go on.

In fact, he didn't want to use George Han as a tool. What's more, he really didn't know how to talk to George Han.

"In addition, what I want to tell you is that although Pei Guhua explained the general situation clearly, it is not exhaustive." Ming Yu continued coldly.

George Han suddenly frowned and looked at Ming Yu.

"The people who attacked the city by wild beasts are not only Ziqing and Amelia Su on the city wall. As far as I know, the Pei family is all there."

“Also, when Ziqing

resolved the crisis for them, although she accidentally fell to A group of beasts, but except for Amelia Su, the other Pei family members have never rescued them at all.”

“I must admit that Ziqing was hurt by me. However, at that time, she was not without a chance to survive.”

“As long as the Pei family members Immediate assistance, whether it is air support or opening the city gate to send soldiers to help, can help Zi Qing and Amelia Su come back to their senses and stand up. You also know that in terms of their two girls’ cultivation, they may not be able to fight. But if you want to save your life and come back, you know better than me how easy it is.” Ming Yu said seriously.

Hearing this, George Han’s whole body trembled.

Although Mingyu is an enemy of herself, she is not

the kind of person who deliberately fabricates lies in order to create conflicts.

It was hard for George Han to imagine such a scene.

He grabbed Pei Gu directly, and his eyes instantly lit up: “What she said, is it true?”

Pei Gu was speechless, because what Ming Yu explained was basically inseparable.

“Oh, by the way, George Han, don’t blame me for not telling you, the Pei family was not just sitting on the sidelines at that time.” Ming Yu said with a cold smile: “As far as I can see, after the accident of Amelia Su’s two daughters. , Pei’s family is still laughing.”

“This point can be seen by all the soldiers present. If you don’t believe me, you can ask them.”

Seeing that Pei Gu still lowered his head and did not speak, George Han knew clearly that Ming Yu did not lie!

The black aura on his body suddenly surged, and an invisible murderous aura struck the audience lightly. Everyone just felt as if they had fallen into an ice cellar...

Chapter 4279

“Pei family, I want you to die!

” The madly black body began to tremble wildly, and his eyes suddenly turned blood red.

boom!

A powerful breath suddenly rushed out of his body, and suddenly, George Han’s hair was silvery white, and his clothes were moving without wind.

Mingyu opened her eyes wide and looked at George Han in surprise.

“He... what’s wrong with him?” Before she could finish the words

, the sky above her head suddenly changed color, but in a blink of an eye, it was already rolling black clouds.

What's even more maddening is that the earth at this time is also slowly shaking. Although the power of this trembling is not very great, it has been swaying and never stopped.

"Ah!"

Suddenly, George Han suddenly raised his head and shouted, his voice breaking the sky!

The meridians of his body began to appear, and his skin slowly turned from fair to dark, then turned red, and finally turned white again.

boom!

The clothes on the upper body shattered into powder without the wind, and the strong muscles filled his body, but in the muscles, everyone could see a red and black aura rushing frantically in it with rays of light.

"Huh!"

A gust of overcast wind blew past, the wind was very light, but it blew abruptly so that everyone could not open their eyes, and subconsciously covered it slightly with their hands.

When the wind stopped, everyone looked up again, only to see George Han still standing there.

"This..."

"Who is this guy?"

"It's too evil, right? Just standing there, I'm... but my legs are weakening." The soldiers whispered to each other quietly, but they couldn't help but keep retreating.

For some reason, George Han exuded a suffocating murderous aura.

Even though they were all from the Demon Race, even though they had already seen a lot of slaughter, but

in their eyes, George Han at this moment was far more terrifying than this.

The three masters of the Black Mountain Demon Girl also glanced at each other. They did not dare to make a sound and quietly retreated.

Intuition is telling them that George Han is not right at this time, too wrong.

Ming Yu frowned, as the commander in chief, but for some reason, she chose to take a step back at this time.

If the previously demonized George Han felt suffocated, then the current George Han can only bring death...

a kind of death without any hope of life!

"Roar!"

Suddenly, George Han roared in the sky!

The sound of its sound, like a Hong bell, is actually the roar of heaven and earth!

“Kill!”

With a light drink, George Han looked back at the bloodthirsty surroundings.

Seeing this, everyone present was trembling with fear, and their hearts and hearts were torn apart.

Of course, at this time they knew to escape, but it was already too late.

Between turning his hands, a breath was directly released, and another terrifying thing happened.

Those who were directly hit by the breath, almost a large area, were like a terrorist attack suddenly.

I saw white smoke, and they disappeared collectively!

“kill!”

In the next second, George Han directly drew his knife and got up, and like a shadow, he flew directly into the enemy army.

boom!

The pot was fried directly in the crowd, as if water had been poured into the lime, death for a while, fleeing, screaming screams, screaming screams, that scene... the scene

of slaughtering people , no exaggeration.

“Go, go, go!” Ming Yu panicked, and hurriedly called his soldiers to stop.

At the same time, she also set her sights on the team of masters led by the three masters.

Obviously, in this kind of game, the effect of the masters is obviously more important.

Being watched by the commander

in person, even if the three masters and the others were already trembling with fear, they had no choice but to send arrows on the strings at this time.

With a heart, the three masters quickly joined the battlefield with a group of masters.

For a time, dozens of attacks directly and collectively hit George Han.

Bang bang bang!

George Han’s body suddenly exploded at the party.

Taking advantage of this gap, the soldiers also gritted their teeth and began to rush forward. Various weapons and spells emerged one after another, and all of them aimed at George Han.

boom!

Thousands of Dharma Doors exploded in unison!

For a time, the sky was lit up again by the light of the explosion.

And George Han, who was in it, didn't seem to have resisted from the beginning to the end. He just killed people when he saw them, that's all!

Ten thousand spells stopped, and the scene seemed to stop completely in an instant.

The silence is almost audible.

Everyone can't help but look toward the center of the explosion...

Chapter 4280

explosion center is in a mess, full of gunpowder smoke.

Many of the soldiers in it have long since been completely turned to ashes under this ten thousand attacks.

As a result, the ground was thickly covered with ashes of nearly ten centimeters...

Everyone looked for the sound, and among these ashes, a figure stood there, motionless.

Ash covered his entire body, making him look like a stone sculpture.

Everyone's eyes shrank sharply, and those who came close couldn't help but retreat in fright.

"It's really amazing, we have so many people bombing him together, how can he keep his body so intact when he can't dodge?"

"fu**, is this guy a human or a monster ? Right?"

"Damn, he won't be alive, right?"

the crowd whispered, even if they were facing George Han's motionless "corpse", no one of these people dared to step forward casually, let alone Dare to speak

loudly .

The Black Mountain Demon Girl frowned, and she slightly reached out to stop the masters she was leading.

Intuition told her that there seemed to be something wrong.

"Our masters, plus tens of thousands of people, if this George Han can resist it, it is still easy to say, but this guy directly bears it without hesitation. At this moment, he actually... Can still have such a physical body? "The Black Mountain Enchantress looked at George Han's corpse somewhat unimaginably, and said softly to the person beside her.

All the masters also understood what the Black Mountain Demon Girl said, otherwise, they would not stop completely when the Black Mountain Demon Girl just raised her hand slightly.

Be careful, it is not easy for everyone to cultivate.

Zhu Yanshuo gritted her teeth and looked at Mingyu: "Elder, find some people to see first?"

Mingyu didn't speak, she looked at George Han's "corpse" tightly, as if she was thinking

about something.

“Yan Shuo, do you think he is dead?” Ming Yu suddenly asked.

Zhu Yanshuo didn't know much about this, but since Ming Yu asked, he naturally wanted to answer: “I always feel that killing George Han in this way doesn't seem right.

” The problem is, he didn't dodge or dodge just now, he just ate all the attacks so hard, if it's okay, then it's too unreasonable.”

“This is not a matter of miracles or miracles, but the real Yes...”

He didn't say anything in the second half of the sentence, but Ming Yu already knew what he was going to say: “It goes against common sense, doesn't it?”

“Exactly.” Zhu Yanshuo nodded: “In the world of eight directions, there is no doubt that the true God They are the best, they are not only extremely high in cultivation, but also extremely strong in their bodies.”

“But even

the body of a true god is absolutely impossible to survive under such firepower.”

Ming Yu nodded slightly. Nodding, what Zhu Yanshuo said is indeed very reasonable.

The true God may not be besieged to death by this group of people, but that must be based on the fact that the true God will resist with his own law.

If you simply stand still, the true God will not be able to resist.

The strength of the physical body, the upper limit is there.

“So what do you mean...” Ming Yu asked with a frown.

“It's really strange that George Han was killed like this without hiding, but reality is always reality, and no one can go against its principles.” Zhu Yanshuo came to a conclusion: “So, my subordinates believe that George Han has already die.”

“As for why he didn't dodge, his subordinates thought it might be related to the forbidden area of death.”

“Oh?”

“The black gas emitted by the explosion of the forbidden area of death can make those beasts become bloodthirsty and manic, fearless of life and death, just for the sake of Slaughter, and just now George Han is obviously similar to those beasts after he entered the devil.”

Ming Yu understood what he meant and said: “Yan Shuo, what you mean is that George Han is also the same as those beasts, only slaughter, and There is no life or death, so he has no intention of evading our attack.”

“My subordinates think so.” Zhu Yanshuo nodded.

Ming Yu smiled lightly, Zhu Yanshuo's explanation was reasonable and should be the final solution.

Nodding, Ming Yu directed two gullibles to inspect the body of George Han.

It's just that the group of people was not enough to take a few steps, and suddenly, the previous vibration of the ground came again.

And this time the vibration is obviously much stronger than the last time.

What's even more terrifying is that there seems to be a sound of terror in the sky at this time...
