

HTC 4291

Chapter 4291

or the familiar wing room, or the familiar bed collapse.

Amelia Su helped George Han to the bed, and then sat beside him gently, accompanying George Han the whole time.

Under her comfort, George Han told Amelia Su everything that happened in the forbidden area of ??death.

After a long time, Amelia Su lightly patted George Han on the shoulder: "Don't be too stressed out. In fact, the whole thing is none of your business."

"But?" George Han looked at Amelia Su: "The Seventh Princess has rescued us. Without her help, not only me, but also many people in our Mysterious People Alliance would have died under the siege of the city."

"For me, She is our benefactor and our friend."

"How could I?"

"Actually you don't want to, do you?" Amelia Su comforted.

She knew

very well how much this incident would hit George Han.

"It's because I don't want to, so I?" George Han said, punching directly on the bed: "It's all my fu*** fault, and I also blame this damn lava monster."

"It was he who influenced me, I "?"

While speaking, the remorseful George Han took his luck and tried to force the damn thing out.

Amelia Su hurriedly grabbed George Han: "George Han, don't do such a stupid thing. If he is in your body, how can you force him out?"

"Also, even if you force him out, then what?"

"There were several seniors helping you before, but now, no one can help you."

"At that time, it is almost invincible outside, and more innocent people will die for it. At that time, don't you have more burdens?"

Hearing Amelia Su's words, George Han stopped his movements.

What she said was

right, once the lava monster was born, with its ability, the Bafang world would definitely fall into despair.

Thinking of this, George Han nodded.

“Actually, it’s not that I’m partial to you because you’re my man, but the fact is, if it’s not the Seventh Princess who died today, but me, I have nothing to say.”

“Three thousand, do you know why?”

Amelia Su Knowing what can comfort George Han, how could George Han not understand what Amelia Su wants to say? !

“What do you mean?”

“Yes, in fact, you are bearing the consequences for many innocent people that they do not have to bear. Your body seals the troll. With its ability, no one can seal him safely at all times. “

Sometimes things change, it’s human nature.”

“No one has the right to blame you, do you understand what I mean?”

George Han nodded.

“On this

point , I believe Patriarch Pei thinks the same as I do, otherwise, even if he can’t beat you, he should hate you to the core. But just now, there was nothing in his eyes, and he arranged for us to live in The place.”

With Amelia Su’s comfort, George Han felt much more comfortable.

“By the way, Amelia Su, what’s the matter with you? I heard Mingyu say that you and Ziqing were completely surrounded by black beasts. I thought?” George Han asked.

“Actually, it’s very strange. At that time, Zi Qing was injured, and I couldn’t resist those beasts alone. Those beasts directly wrapped us three layers inside and three layers outside. I thought we were dead.”

“But it’s very strange that suddenly there was an aperture on the two of us. The aperture was very weak, but it seemed to be extremely powerful. It was because those beasts were very vicious, but they still couldn’t break

through .”

“After that , I hid inside with Zi Qing until the group of beasts completely left.”

Hearing this, George Han frowned.

It means that at a critical moment, someone rescued the two daughters of Amelia Su.

But who could this person be? !

Pei family?

If they have this possibility, then Pei Gu doesn’t have to blame himself for it.

Who would that be? !

Mingyu? !

Obviously, not likely.

She wished that she and the Pei family would have a split because of this matter, how could she possibly lend a helping hand? !

But within the Pei family's sphere of influence, apart from these two waves of people, there is no possibility of anyone else.

Seeing George Han frowning, Amelia Su didn't bother him, and just accompanied him silently.

After a long time, George Han closed his brows and looked at Amelia Su: "Can you accompany me to a place?"

Chapter 4292

"Where to go?"

"North of the city." George Han said: "However, before I go, I want to go to the Pei mansion first. , First, I want to try to see if I can save the seventh princess, and second, I also want to apologize to Patriarch Pei."

Amelia Su nodded: "Actually, you should apologize in person, I will accompany you. You."

"When Ziqing comes back, let her rest first." The

two couples turned and walked out of Qifeng Pavilion, all the way towards Pei Mansion.

After Pei Gu came back with the Seventh Princess all the way, he never left the Seventh Princess' room, and the imperial physician had been here several times.

But it is a pity that no imperial doctor can give any first aid to the Seventh Princess.

Basically, they have all announced the death of the Seventh Princess.

It's just because of the prestige of Patriarch Pei, they really didn't know what to do for a while, so they could only do everything possible to say that they were being treated!

Why doesn't Pei

Gu understand this?

It's just that as a father, he has always had a hard time accepting this fact.

When the couple arrived, the subordinate notified that Pei Gu got up rarely, then waved his hand, motioned for them to come in, got up by himself, and sat down in the bedroom.

"Patriarch Pei."

As soon as they came in, the two couples bowed to Pei Gu very politely.

Pei Gu smiled slightly and squeezed out a rare smile: "Have you rested so soon? By the way, George Han, are you feeling better?"

George Han smiled reluctantly: "Thank you for the concern of Patriarch Pei. The situation is critical, I'll just cut to the chase. I"

"We came here to see if there is anything we can do to help the Seventh Princess."

"Secondly, I personally gave You apologize and say sorry."

"If you have any dissatisfaction with George Han, even if you impose a heavy fine on George Han, even if you kill me, I will never say nothing."

It's time, and besides, you and I are allies again."

"The matter of the Seventh Princess should be a dream."

"But three thousand kills are not only the Seventh Princess." George Han said.

"Those are just remnants, they should be killed. As for the Pei family, not many people died in your hands."

"I'm talking about the son of the Pei family, Pei Hu." George Han said.

Because even now, it's just that Pei Gu came back with the seventh princess temporarily, and most of the Pei family are still busy cleaning up inside and outside the main city.

As for the corpse on the other side of the miscellaneous room, it is natural to find it in the future.

"Pei Hu?" Hearing this, Pei Gu obviously wrinkled his forehead.

"According to our plan, I did use Pei Hu to catch Zhu Yanshuo. However, unexpectedly, Zhu Yanshuo pulled Pei Hu out to block the gun at the last minute. I

didn't realize it, so? I accidentally killed him."

George Han After a thousand words, no more words, in fact, he can explain the details more clearly, but one wrong killing is enough, and again, he really doesn't know how to go on.

"Where is he now?"

"He died in the utility room. When I came, I saw that Pei's house had been cleaned nearly halfway. You should receive the news of his death soon. So?"

Pei Gu didn't speak.

The pain of losing both children for a while was indeed too great a blow to him.

In an instant, he became a lot older than Buddha, which was completely opposite to the previous appearance of high-spiritedness, who was about to lead the Pei family to the top.

He was sad and silent.

"Although Pei Hu is a person I have carefully cultivated, and the old man has put a lot of money into him, but?"

Although Pei Gu was very dissatisfied with Pei Hu through this incident, but Hu alone does not eat children

, not to mention This son is still his own efforts and the future of the Pei family.

He is getting old, and at this time, he still wants to expand the Pei family's power crazily. Why?

Is it himself?

Maybe.

But definitely more is in the future.

And this future can only be his own son.

However, Pei Hu is dead now, and the future is gone. How can Pei Gu not be confused? !

Although it doesn't matter what he said, only Pei Gu knows the pain in his heart.

But what can he do?

Are you working hard with George Han?

It may be that what the Pei family has lost is not only the future, but also the present.

"Patriarch Pei?"

"The dog deserves what he deserves. However, three thousand, he is my son after all." After the words were finished, Pei Gu stood up, his expression was cold: "Killing the son is not revenge, I have to avenge it." With

a move of his hand, Pei Gu has already gathered energy?

Chapter 4293

"The old man and you have an appointment first, and you should not do it. But you should also think for me from my standpoint. , I'm always a father, so?"

Pei Gu stopped talking, but he was ready to fight to the death.

George Han had no preparations at all, but just looked at Pei Gu lightly.

Since the words came out, George Han had no intention of resisting.

"Come on." George Han closed his eyes slightly.

"That being the case, swords have no eyes, so don't blame me for being ruthless." Pei Gu snorted coldly, and immediately wanted to move his big hands.

How could Amelia Su allow such a thing to happen, and hurriedly stood in front of George Han:

"Patriarch Pei, if you have to blame me, please blame me."

"If you have to kill Han If George Han comes to take revenge, then please kill me too, can I pay for George Han's life?"

George Han wanted to pull Amelia Su away, but Amelia Su stood abnormally straight.

Not going back at all.

“It’s really a deep relationship between husband and wife.” Pei Gu smiled coldly.

“Pei Gu, you and I are allies in the end. I also think that you are a good person. I believe that you will not hurt my wife, do you?”

“I killed the person. If you want revenge, you should find the right one. People.”

“Come at me.”

George Han shouted angrily, after the words were finished, he slapped his chest, and one person did the work and the other was responsible.

“Miss Amelia Su, what George Han said is absolutely right. The so-called injustice has a debt and a debt. Since George Han killed my children, I will naturally find him George Han if I want to pay for my life. Please step aside. .”

“If you kill George Han, I won’t be able to survive, so give me a treat first, come on.” Amelia Su was firm.

“Amelia Su, I’ll come!” George Han drank

softly , and then used his energy to move Amelia Su away directly. Facing George Han

, Pei Gu sneered and shook his head suddenly: “You husband and wife, you pushed me to let me go. I don’t know what to eat.”

For a while, I really don’t know who to seek revenge.”

“Well, I don’t have to kill any of you, but I have a request.”

“If you can’t agree to my request, then, no matter what If it’s difficult to start with, I will also have a hard time choosing one.”

After saying this, Pei Gu looked at Amelia Su and George Han with a serious look.

Amelia Su was worried about George Han’s safety. Now, when Pei Gu said that there were other ways to resolve it, she naturally responded with a face.

“Patriarch Pei, we will agree on any conditions?”

“Wait a minute!” Han

George Han hurriedly stopped Amelia Su.

Amelia Su looked at George Han very strangely, obviously it was difficult to understand why he wanted to stop him like this.

George Han didn’t answer, but stared at Pei Gu’s eyes.

This guy keeps saying that he is avenging his children, and he can really understand his situation and his anger from his position.

But it was precisely this that made George Han feel very strange.

What are the conditions that allow a person to let go of such a hatred directly?

This guy Pei Gu, although he has been in contact with him for a long time, it is definitely not a day or two, and he still has some understanding of his character.

Therefore, intuition is telling George Han that Pei Gu's request is definitely not simple. If he agrees rashly, he will only make himself and Amelia Su fall into the abyss.

Pei Gu also knew that George Han seemed

to want to see through him, his eyes dodged, pretending to be arrogant and ignorant.

"How? My patience is limited, so I'm in a good mood at this time, so I'm willing to exchange conditions with you, otherwise?" Pei Gu snorted coldly, obviously keeping away from strangers.

George Han still ignored him, but Amelia Su was anxious like an ant on a hot pan, holding onto George Han's arm and shaking it.

"George Han, what else are you thinking about? Promise him, otherwise?"

George Han waved his hand and looked at Pei Gu with a slight smile: "If you want to exchange terms, I can listen, but I won't promise you in advance."

"If you are willing to say it, we are all ears, but if you want to say it, come here."

After that, George Han patted his chest, indicating that Pei Gu can do it directly?

Pei Gu frowned and stared at George Han?

Chapter 4294

two seem to be making eye contact, and they seem to be testing each other's bottom line.

It wasn't until a few seconds later that Pei Gu retracted his gaze.

He really couldn't face George Han in the line of sight.

He saw enough firmness in his eyes, so he knew very well that if he didn't step back, then the matter would end here.

However, with an unhappy look on his face, he glanced at George Han and Amelia Su, and opened his mouth.

"Actually, I've just thought about it carefully. If I kill either of the two of you, even if you don't seek revenge from me, I think our alliance will be cracked because of this.

"I will eliminate the matter of you killing my children, and I can only say that I really can't cut this piece of meat, so the result is the

same, there are still cracks in our alliance."

“Our two families have already offended the Mingyu Department, although They have even suffered defeats, but you and I should also know very well that what we won is thrilling.”

“Once Mingyu has more troops in the future, if you and I have to fight alone, I am afraid that both you and I will be difficult to cope with. “

If the alliance is broken, there is actually no benefit to both of us, even, only harm. I say so, do you two agree?” The

couple looked at each other, and Pei Gu was indeed right.

The two sides form an alliance, help each other, depend on each other, and strengthen each other.

On the contrary, both loses!

“Patriarch Pei, feel free to say what you have to say, there’s no need to beat around the bush.” George Han said.

“Okay, then I’ll go straight to the point.

” Pei Gu glanced at the two of them again, and continued: “Actually, I have a method that combines both, which not only saves me from avenging the murder of my children, but also allows you to do the same. I also got a happy ending.”

“This method is very simple, since I have lost a son and a daughter, for me, the future of the Pei family is gone.”

“So, I want you to give me a future. Hearing this, Su Amelia Su

frowned immediately: “Patriarch Pei, I and I will definitely contribute more to the Pei family in three thousand days, you can rest assured. “

What about the power? Even if you put my Pei family on top of this world one day in the future? At that time, when I return for a hundred years, where will the Pei family go?”

“It’s just a meteor in the sky, shining, but also It ‘s gone in a blink of an eye.”

Hearing his words, Amelia Su felt a little depressed.

On the other hand, George Han smiled, and it seemed that he had already heard some eyebrows: “I said Patriarch Pei, don’t go around in circles.”

Realizing that George Han had heard what he meant, Pei Gu smiled: “My so-called future , I hope there will be someone to lead the Pei family in the future.”

“However, among my males, only one Pei Hu has some talent, and the family resources have basically been inclined to him over the years. Now, if you want to re-establish other males, it is not It ‘s real.”

“So, I can only find an heir among my daughters.”

“The land of demons has always been extremely cruel, and it is always difficult for a daughter to keep the world. Therefore, I need someone to assist my daughter

” Is it clear enough?”

“What do you mean...” Amelia Su seemed to understand, but she didn’t seem to understand.

George Han smiled bitterly: “What he meant was to let me marry one of his daughters and be the son-in-law of his Pei family.”

Pei Gu smiled: “Yes, a son-in-law is half, and three thousand are the son-in-law of my Pei family, so I will also have half a son, so naturally I won’t have the pain of losing my son.”

“On the other hand, he is also half of me . A daughter, of course, the death of the daughter will be completely eliminated.”

“The Pei family will be handed over to George Han. I also believe that George Han will never occupy a magpie’s nest. He will help the Pei family to move forward. A better peak, and I can relax after a hundred years.”

“However, this condition depends on whether you agree or not!”

Chapter 4295

Amelia Su was obviously stunned.

This request...

She really didn’t know what to say.

Totally unexpected.

With such a big incident and such a big hatred, in fact, Amelia Su thought that Pei Gu’s requirements should not be low.

It should even be the kind that is extremely difficult to accomplish.

But who could have imagined that this thing looks so simple and so accessible.

In fact, this requirement is...

extremely difficult to do!

Want George Han to marry another woman.

Not to mention whether Amelia Su is willing to agree or not, even if he is willing, what about George Han?

Based on Amelia Su’s understanding of George Han, it is basically certain that this is impossible!

“Patriarch Pei, this request...you have to ask three thousand.” Amelia Su said.

George Han smiled softly: “Patriarch Pei, you should do it directly.”

“I can understand your

mood and thoughts, but I also hope that you will respect me in the face of your allies. I, George Han, am incompetent in my life. I only love Amelia Su, let alone marry another woman.”

“If I have to choose between death and this, I won’t have any other hesitations, come on, come on.”

Hearing George Han’s words, Pei said For a while, he thought that George Han would resist fiercely, but he didn’t expect it to be so fierce.

However, this was all within Pei Gu’s expectations.

His goal is Amelia Su. Since he has been in contact with Amelia Su for so long, he is very clear about Amelia Su’s knowledge.

Therefore, after Pei Gubei started from his heart, he quickly arranged a good play that he directed, acted and composed.

Pei Gu looked at Amelia Su.

Amelia Su was also quite embarrassed for a while.

On the one hand, she knows what George Han means, and on the other hand, she understands

Pei Gu’s mood very well. If Pei Gu is rejected, then Pei Gu will definitely not give up.

She really didn’t know what to do.

“Miss Su, would you like to hear a few words from this old man?” Pei Gu said softly.

Amelia Su nodded: “Senior, please tell me.”

“Pei thought that the alliance between the two parties will inevitably occur after a long period of time. Does Miss Su agree with this?”

” It must also be separated for a long time, and it must be separated for a long time. This is the normal state of the world.

Therefore, there is no problem with Pei Gu’s words. The stability of the alliance is only temporary and will not be too long-term.

“Ms. Su can understand this truth, and Pei is very pleased.” Pei Gu nodded lightly and continued: “So Miss Su is also very clear that generally speaking, the only thing you want to be firm in forming an alliance is a marriage.

” In this way, the relationship between the two parties will be

more stable. For you and me, it can actually be regarded as a double win.”

“Also, three thousand are men after all. Although the forces of the Pei family seem to be allied with him, in fact, isn’t more of it his personal thing?”

Amelia Su was silent, Pei Gu’s meaning was quite clear.

If they get married, at least half of the power of the Pei family may belong to George Han in the future. This is a huge increase in George Han’s strength, and it is also an inexhaustible prosperity and wealth.

“One step can go to the sky, and one step will fall to hell, Miss Su, I’ve already said it very clearly, right?”
Pei Gu said softly.

Amelia Su nodded, not only clear, but also very tempting.

Half of Pei’s family, as long as they’re not fools, anyone can do multiple-choice questions.

“But this question...” Amelia Su was obviously shaken.

She hoped that

George Han would stay with her and grow old, but the environment in the Bafang world has completely changed from the previous one.

If you still hold this kind of thinking, you will only have a hard time in this world.

The words Lu Ruoxin said to him at the beginning began to revolve in Amelia Su’s mind again.

She touched her temple with a headache, and her expression was a little uncomfortable.

Pei Guhe and other elites, seeing Amelia Su’s appearance, knew that this matter was as he expected.

After a while, Pei Gu hurried to Amelia Su’s side and smiled softly: “I can guarantee that you are still the real wife of George Han, and any daughter of mine who marries George Han’s side will always be a concubine, what do you think? “

This directly puts Amelia Su’s position very high, it seems that Amelia Su doesn’t agree with it.

But right at this moment, a sword light suddenly flashed...

Pfft!

Chapter 4296

When the two of them heard the voice and looked back, a jade sword had been inserted into George Han’s above the chest.

“Three thousand?” The

two exclaimed in surprise almost at the same time, and Amelia Su grabbed George Han’s hand tightly.

“What are you doing?”

Amelia Su’s distressed tears were about to fall out when she saw George Han’s wound was bleeding.

“I said that George Han has only one wife, Amelia Su, in his entire life. He will not marry him. If you insist on forcing me, I have only one choice .

“

refute.

Seeing George Han like this, Amelia Su couldn’t bear it anymore, she nodded repeatedly: “Okay, we won’t marry, we won’t marry, I promise you, okay?”

“Even if we die, we will be a ghost couple. .”

Seeing that Amelia Su finally changed her attitude, George Han couldn't help showing a shallow smile.

“Okay!”

George Han responded, looked at Pei Gu, and said, “Patriarch Pei's kindness is accepted by our husband and wife. Since it is a blood debt, let's pay it in blood.”

“I have inserted a sword for you, you can always You can continue.”

Seeing that George Hanyi's sword was so ruthlessly inserted into himself, Pei Gu was very moved, and the whole person froze in place for a while, not knowing what to do.

Want to plug in?

Of course he didn't want George Han to die.

He admires this young man very much, and George Han is now the great benefactor of his Pei family who saves the Pei family in dire straits.

Although both children died in his hands, which made Pei Gu extremely sad, one was an accident and the other was an accident.

Besides, Pei Hu should have died.

Collusion with foreign parties, betrayal of the same clan, according to the Pei family's order, should have been asked to be executed.

On the night of the big

counter-offensive, the thief also met with Zhu Yanshuo's group of enemies, so...

he just wanted to use this threat or play emotional cards to keep George Han.

Just as he said to Amelia Su himself, some alliances are destined to be just alliances, and they are far from being as strong as a union.

“Forget it.”

Pei Gu shook his head in disappointment, got up and sat back in his seat.

“Since you are both unwilling and willing to die, I have nothing to say. We have always been allied friends, so how can I force you to die?”

“You leave, I want to accompany the meeting. Xiao Qi.”

Pei Gu immediately issued an eviction order!

Amelia Su pulled George Han and motioned him to say a few words.

It was obvious that Pei Gu was in an extremely bad mood, and this, to some extent, had something to do with the two of them, so how could he really leave like this? !

“Actually, I know your concerns.” George Han said.

“The white-haired man gave the black-haired man after raising a son so old. It’s hard to accept as a person. Even my smartest little girl is in the current situation...”

“I’m sorry, but I do have the issue of the heir. There’s no way to help you.”

“Well, I’ll make a condition, what do you think?”

Pei Gu didn’t answer, but his footsteps stopped abruptly.

This proves that he is still interested.

“It’s too embarrassing for me to recognize you as a father. It’s too embarrassing. You and I get along like guests, more like brothers, isn’t it?” George Han said.

Hearing this and thinking carefully, Pei Gu suddenly realized the meaning of the words: “Three thousand, what do you mean...?”

“If you don’t dislike it, I am willing to become brothers with Patriarch Pei, you see. How?”

Hearing this, Pei Gu’s eyes lit up obviously,

if it is impossible to join relatives, then sworn brotherhood is indeed the safest way.

I have a fierce guy like George Han as my younger brother. Damn, it’s not only a face, but more importantly, it is full of deterrence. what.

No matter how you think about it, it doesn’t hurt.

“Why, aren’t you satisfied? I can add another condition.”

Although Pei Gu didn’t turn around, in fact he was so excited that he couldn’t turn around at all.

What the fu** is going on? He just didn’t realize that George Han would suddenly marry him, but in George Han’s place, he might have misinterpreted that he wasn’t satisfied with his offer...

Hehe, there’s no need to pretend Now , George Han has also added Ma...

Thinking of this, Pei Gu resisted his excitement and pretended that I was not satisfied, but he pricked up his ears for what George Han was about to say...

Chapter 4297

“Pei Hu was cultivated by you with a lot of energy, and suddenly lost, I know it will be a big blow to the future of the Pei family. Well, I will choose one of your other sons and follow me in the future. As for me, take him as an apprentice and do everything I can to teach as much as I can, what do you think?”
The

words fell, George Han Looking at Pei Gu, he felt a little uneasy in his heart, and he didn’t know whether he could accept this suggestion.

But one thing is, this is the maximum compensation that I can make.

George Han was apprehensive, but Pei Gu was trembling.

If it was enough to make people crazy and excited to marry a brother before, then now, his whole person has completely floated from the ground to the sky.

Choose a son to be George Han's apprentice!

George Han's apprentice!

Damn, that's a pig, and it can be blown

up by , not to mention his Pei family's son? !

Don't say too much, just learn half of George Han's skills, that's enough to fu** up the sky.

Say it earlier, say earlier that I will be my own son, and then I will give myself to you as an apprentice.

If you die a rebel son, another son can worship George Han as a teacher. This business is a good deal...

If there are a few more rebel sons, he can't wait to cut them all in one breath, and then worship the rest at George Han's door. down.

Moreover, the double guarantee of the sworn brother and the master-apprentice relationship, this alliance, there is nothing better than this.

However, although his heart is excited, he is the owner of a family after all, so he still has to dress up.

Resisting the excitement, he looked at George Han, and he asked, "Are you serious? I mean, I want to take you as a teacher, and you should try your best to teach him, don't you just risk your life?"

"I don't

like to accept it? Apprentice, there is no apprentice. Naturally, if you want to accept it, you must accept it seriously." George Han said.

Damn, as soon as you enter, you are still a big disciple, who the fu** can stand it?

Even if it collapsed, Pei Gu was really unable to collapse, and there was an obvious smile overflowing from the corner of his mouth.

"Okay, someone in the Pei family can learn from you, George Han, and the old man will be relieved." Pei Gu said.

George Han smiled and said: "However, I also have a condition."

"You say."

"I must have my own requirements for accepting apprentices, so how to select the apprentices at that time, according to my choice."

"Master chooses apprentices . , of course, everything is according to the master, there is no problem." Pei Gu nodded.

“Okay, then I’ll call you Big Brother Pei.” George Han said.

“Okay, I’ll call you Brother Han from now on.” The two looked at each other and smiled, as if everything before had completely vanished.

“The matter of selecting disciples, let’s take a moment. Now that our misunderstanding has been eliminated, I want to go and see the Seventh Princess now.” George Han said.

Pei Gu shook his head a little depressedly: “Just now, I have ordered all the still alive imperial physicians in the main city to come and see them.”

“Although they didn’t say anything, I’ve seen them from their faces and eyes. I saw the answer in here, and there is a high probability that it is hopeless.” After he finished speaking, Pei Gu sighed deeply: “I also used my qi to heal her injuries, and like you, my muscles were almost broken.”

“You can survive. , because you are George Han, but for ordinary people, this is deadly enough.”

George Han nodded, he really couldn’t measure the physical condition of ordinary people with his own body.

From the perspective of a healer, the descendant of Xianling Island, if a person is injured like this, then it is basically impossible for him to save his life.

“But I want to give it a try.” George Han said sincerely.

Pei Gu nodded: “Okay.”

A group of three came to the bedside, George Han sat down, and an energy in his hand slowly penetrated into the body of the Seventh Princess.

The meridians are indeed completely messed up, and there is almost no possibility of repairing them.

If you want to survive with this body, it is indeed a bit of a fool’s dream.

However, the good news is that there is still a trace of the Seventh Princess’ heart, which means that the Seventh Princess has not completely died.

I’m afraid, it is precisely because of this little thing that a group of imperial physicians can never declare death, so they can find excuses and save them.

“There is still a little heartbeat. For others, it may be no different from death, but for me, there is a chance, but Patriarch Pei, do you dare to bet?” George Han asked back.

Chapter 4298

“Betting?”

Hearing this, Pei Gu frowned. Of course he knew what George Han’s bet meant. But the question is, the Seven Princesses are already like this, what else is there to bet on?

A dead horse becomes a living horse doctor, isn't it?

"The advantage of a dead horse being a living horse doctor is that if the bet is right, at least people will be saved. But the problem is that my bet may be a little different." George Han said.

Pei Gu frowned: "What's the difference?"

"From a doctor's point of view, the Seventh Princess' body was attacked in such a way that she could only wait to die. But her luck was that cases like hers were not absent before. And I am the case."

"As it happens, I am still the doctor."

No one knows the situation of this case better than George Han

, and naturally, the experience in dealing with it is unparalleled by others. .

The most important thing is that George Han is completely different from the previous self.

"However, the forbidden area of death has its magic, and there are more boss-level characters. They can help to restore the cultivation from the complete failure of the meridians, but I may not be able to do it."

"That is to say, even if my doctor Okay, seventh princess, later..."

Pei Gu nodded and waved his hand indifferently: "My Pei family doesn't say how unparalleled in the world, but there must be a foundation. As a princess, it is the same whether she has cultivation or not. "

Furthermore, it is virtue that a woman is incompetent."

"It doesn't matter."

George Han nodded: "These are all skins. The real bet is that it is me now.

Save her, so my demonic energy will definitely be inside my body. "

You are also very clear that I can't control this demonic energy very well now, so once it's inside the body..." You are

still powerful, but in this process, you can't keep up with powerful demons. With the gas-phase confrontation, the Seventh Princess was cured without even a single point of cultivation. Once the demonic energy wants to control the body, the consequences will not be envisaged.

"In other words, even if Qi'er survived with a very small possibility, It's also possible that she'll never be who she was before, right? "

"Not bad. It might even be like when I'm in a demon, like a beast, only in love with killing. "George Han said.

He can still rely on his super strength to block people from killing people, and Buddha to block and kill Buddha. Although he is demonized, he

is free after all. But

what about the seventh princess?!

Even if the demonic energy can make her stronger, she can't. But just like those beasts, they can only attack.

This is dangerous for her in a place like the Demon Race.

Therefore, once she becomes like this, she will either be killed, or she may have only one ending. That is to be regarded as a lunatic by the Pei family and kept in a dark miscellaneous room forever.

For a person, life is actually worse than death.

Therefore, he can only ask for the advice of the Seventh Princess. His father's opinion.

It's like the consent form for surgery when he was on Earth.

"Brother Pei, and you have to understand one thing, the probability of living is very small, but even if you do, the probability of becoming a demon is very high. They are completely

inversely proportional. Pei Gu nodded, his heart swayed: "

Do it, she did this to save me, so even if she is really crazy, my father will definitely take care of her for the rest of her life. "

"Anyway, I have always owed this child a debt. This gives me a chance to atone for my sins and fulfill my responsibilities as a father."

"Brother Han, you can do it."

George Han nodded and continued. Wei Wei got up: "For your safety, you should wait outside first."

Pei Gu and Amelia Su looked at each other, nodded to each other, then walked out of the house and brought the door to them.

In the house, only George Han and the Seventh Princess were left soon.

With a move in George Han's hand, the black magic energy suddenly condensed in his hand...

Chapter 4299

"Bang!" The

powerful magic energy directly poured into the Seventh Princess's body, and then quickly dispersed throughout her body, filling every corner of the meridians. Then George Han made frantic repairs almost without retaining his demonic energy.

For nothing else, even if all the energy in the body is used up, George Han will do his best to save the Seventh Princess.

Afterward, George Han held out a chaotic power with his left hand to stabilize the seventh princess' heart, so that she could save her life in the process of repairing the meridians.

With this shake, it took more than ten hours to repair.

The day was dark, and the next day came.

Amelia Su had already been arranged by Pei Gu to rest in the next room, and only Pei Gu himself was waiting quietly in front of the gate.

Even if he was busy with official business, he did it on the spot and never left half a step.

When the sun rose in the early morning, Pei Gu was already unconsciously lying in the doorway and fell asleep

. He suddenly woke up when he heard footsteps in the back room.

Immediately afterwards, the door was opened, and what caught his eyes was George Han's somewhat pale face.

"Brother..." Pei Gu wanted to ask, but he didn't know whether he should ask about the seventh princess first, or whether he should be concerned about George Han.

George Han shook his head: "After a whole night of tossing, from my point of view, I have basically tried my best, and I can make up for what I can do on her body. But... Can I wake up or not? I don't know."

"It depends on her personal will."

"In addition, I have repaired it for a long time and used a lot of magic energy, so if the seventh princess wakes up, the situation we mentioned before is very likely to be even bigger. probability of occurrence."

After listening to George Han's words, Pei Gu nodded with some difficulty: "I see."

"Thank you for your hard work, brother."

"

I should have done all of this."

"Amelia Su is resting next door, you Go find her, and you can rest more."

George Han nodded: "I want to go out with Amelia Su later, we have something to figure out."

"Do you need me to send someone to follow you? I don't want to follow you. What you mean, it's just that you have been treating Xiaoqi all night, and your physical strength is inevitably exhausted, so... they can help with some things." Pei Gu quickly explained. "

No need, with the skills of Amelia Su and I, if there is any danger, it would be much more convenient for the two of us .

" , What kind of treatment is Xiaoqi, the girl Ziqing must be treated." Farewell to Pei Gu, George Han returned to the cabin where Amelia Su was temporarily staying. Amelia Su also stayed there for a long time last night, and went back to the house to rest just before dawn . At this time, her eyes were slightly closed, and she was already sleeping. George Han walked gently to the bed, bent over slightly, kissed her on the forehead lightly, and then just sat on the edge of the bed like that, looking at her quietly. Seemingly aware of something, Amelia Su slowly opened her eyes and saw George Han sitting next to her, and suddenly smiled softly: "Are you back?" "En." George Han nodded with a smile. "You've worked hard all night, are you alright?" Amelia Su said, "I'll get you something to eat." Seeing that she was about

to get up, George Han hurriedly stopped: "For me, the happiest thing is actually watching you in Beside me, I slept peacefully and happily."

Amelia Su rolled her eyes at him with a smile, but happiness also filled her face.

Sometimes happiness is just that simple.

You have him, he has you!

"By the way,

how?" Amelia Su asked.

George Han shook his head with a wry smile: "She has done her work, and the rest can only be left to fate. I hope her will to survive will be strong enough.

"..." Amelia Su shook her head.

"This requires Pei Gu to accompany her to talk more." George Han said.

"Let's rest for a while, I'll take a nap with you, and then when you wake up, let's go to the north of the city." Amelia Su said.

George Han smiled lightly, and then lay obediently beside Amelia Su.

Amelia Su patted George Han on the shoulder lightly, coaxing him so quietly and accompanying him.

At that time, the sun had begun to rise to the middle, and the earth had returned to the hot and dry time that belonged to the demons.

The two couples got up, and after simply eating something, they set off from the Pei Mansion and walked all the way to the north of the city...

Chapter 4300

order in the city has not been restored, but after a night of cleaning, it has been cleaned a lot, without the horror and horror of the hell on earth yesterday nausea.

The people also began to reset their lives, and there were countless people who repaired houses and tiles.

The two walked back and forth, which naturally attracted a lot of onlookers and discussions.

"Did you see, that's the VIP of our Pei Mansion, shit, when I came here before, I heard that I can't do anything, but this time the army forced the city, it was all relying on him to be invincible, which saved us from dire straits." At

such a young age, but with such ability, one has to sigh that future generations are terrifying."

"Our Pei family is blessed by our ancestors, and there are gods and people who help us in times of crisis. I will definitely go to offer some incense to our ancestors.

"What they passed was all kinds of compliments and sighs, and the two couples were also in a good mood.

Sometimes giving doesn't require anything in itself, as long as everyone is happy, it's a reward in itself.

"It seems that the VIP of the Pei family, you are really determined in the future." Amelia Su teased softly.

George Han smiled and said, "Who can think of it? I wanted to be just a person who made a name for himself, and I could rely on Patriarch Pei to get some VIP treatment."

"But strength doesn't allow it."

Hearing George Han Amelia Su couldn't help but roll his eyes: "Smelly beautiful." While the two were laughing, they had reached the north of the city.

Many soldiers were building walls and fortifications outside the city, and when they saw the couple, they greeted each other obediently.

George Han put away the previous laughter, and at this time, he looked around seriously, and his consciousness was even more exaggerated.

Amelia Su is very strange, this is too close to the city gate, and there are many soldiers around the city gate, how can you notice any difference?

Moreover

, the corpses of the previous beast group have been cleaned up almost completely, how to check this?

"Were you in this position at the time?"

George Han asked softly, standing where Amelia Su had landed.

Amelia Su roughly observed the surrounding environment and nodded: "Yes."

George Han didn't speak, his eyes swept around, he wanted to see clearly, if there was someone in ambush at that time, then this person would be hidden in the Where is it? !

Soon, his eyes landed on a relatively remote place, and then hurried over.

When George Han stopped there and looked back, he suddenly seemed to understand everything.

In the current position, standing on the main city is a complete blind spot, and standing behind the enemy, this is also a relatively blind spot, he is almost a blind spot.

Only if you look here from the place of the wild beasts, maybe you can get a glimpse.

But it should have been difficult for the wild beasts to discover his existence, and even Amelia Su and the others were more likely to find him artificially, but in the chaotic situation at that time, if someone hadn't deliberately wanted someone to look here, they would have wanted to find him. , that really might not be that big.

Thinking of this, George Han didn't say much, and began to search silently in this dead corner.

"The person who saved you should not be very tall, and it is very likely that he is not from the Demon Race. Even if he is, he may not be above the conventional Demon Race."

Although the blind spot is hidden, it is almost impossible to put down a large figure in this environment.

Amelia Su nodded: "It's more like a woman."

"It may also be an old man." George Han added.

In fact, this place felt a little crowded even when George Han entered, so people can easily guess what it can hold.

"It's strange, an old man and a woman are in the core area of the Pei family. This is really incredible." Amelia Su said.

Yes, even if he didn't save Amelia Su, this kind of action is extremely doubtful.

"Could it be someone from the Pei family? I mean, it belongs to the Pei family, but it may not be the idler Yehe recorded by the Pei family?"

George Han did not reject the proposal. He actually hoped that what Amelia Su said was Yes, at least in this way, there is an advantage that this is not a needle in a haystack.

No matter how mysterious the other party is, it is always a member of the Pei family. Naturally, it is relatively easy to find out who this person is in the Pei family.

The most worrying thing is that this person came quietly following the Mingyu Department. In this way, his whereabouts are almost hidden, and there is no way to find out...

"What is this?"

Suddenly, Amelia Su said anxiously.
