

HTC 4311

Chapter 4311

Pei Mu was obviously stunned, looked at the store, and then looked at Amelia Su. I don't know if I should continue to eat his food.

"Pei Mu, I know, you must hate everyone in the Pei family, but if you want to take revenge, you shouldn't use this method."

"Han Shaoxia, he is not only the benefactor of our current Pei family, but also our family with the surname Pei. The benefactors of future generations. Because without his old man's words, once the main city of the Pei family is destroyed, the forces of the Pei family will not only face chaos in the main city, but the entire Pei family will be ruined from now on."

"So, I beg you . You, as long as you go home quickly and stay honest, let alone four thousand amethysts, it is this shop, you can take it as much as you can." The

boss's words were sincere, which made George Han even more excited. Puzzled.

If it is said that four thousand

amethysts it can still be understood that the money is not because of his distress, then this shop is willing to give it away, it is no longer as simple as superficial.

Boss, he really wanted Pei Mu not to follow him.

What does it mean? !

Pei Mu was a little boy after all, and was a little confused by the store's attitude, but he still obediently stopped eating, got up and got off the table and was about to go to Pei's house.

And he did not take away the amethyst on the table.

"Stop!" George Han called out to Pei Mu.

If this kid really took the amethyst and left, maybe George Han wouldn't stop him, but he didn't do it, which proves that the kid's heart is actually pure and kind.

In this case, George Han really didn't understand what was going on.

He pulled Pei Mu back a few steps and let him sit back in his seat. Then, he glanced at the store and sighed: "It seems that the Pei family and I are two families after all."

"My surname is Han . , and Pei's family name is Pei, Amelia Su, and the way is different."

Amelia Su was originally wondering why George Han would suddenly say such a thing, but after quickly realizing what he meant, he changed his mouth instantly and snorted coldly. "Yeah, no matter how we help others, to put it bluntly, we are just outsiders."

Hearing the conversation between George Han and Amelia Su, the shop owner was full of grievances.

After struggling for a long time, I looked at the two of them: “Master Han, you...what are you talking about? You saved our Pei family, and we are so grateful that we treat you as a benefactor, as our life-saver, how...how could it be? What about the outsiders?”

George Han smiled softly: “Even if you took a child out for a meal, you all made us mess up, I want to ask, what is this not an

outsider ?”

“Master Han, you... .. You don’t know, this Pei Mu he... Hey, in short, with your identity and contribution to our Pei family, you want to bring any children, even my children, it is absolutely no problem. “

“Since I don’t know anything, then you can tell me, instead of covering up like this.” George Han said.

Seeing George Han’s resolute attitude, the store owner was very helpless for a while, but it was difficult to open his mouth.

However, his attitude is changing, which George Han sees very clearly.

“Just say what you want. If anyone asks you to blame, you can say that I ordered you.” George Han gave him a final boost.

“Okay.” With a sigh, with George Han’s words, the store owner has completely made up his mind.

“After all, if I don’t make it clear, once it hurts Master Han

If you have anything, then in fact, I also have countless responsibilities. I think...you shouldn’t blame me.

George Han nodded and exchanged glances with Amelia Su, but neither of them said a word. Amelia Su even poured a cup of tea for the shopkeeper and asked him to sit down and talk. The

shopkeeper held the cup and thanked Amelia Su, He raised his head and drank it.

Then, he slowly opened his mouth.

“Actually, there has always been an unwritten rule in the Pei family, and this rule ranges from the inner courtyard of the real Pei family to the Pei clan. Ordinary people in the main city are all obedient. “

That is to keep a proper distance from Pei Mu as much as possible. “

“Why?” “Amelia Su asked inexplicably: “He is just a child, very obedient, not aggressive at all, and won’t hurt anyone.” “

“Why keep a proper distance from him?” “

Chapter 4312

Amelia Su is also the child’s mother, and naturally understands what the child needs most.

Although Pei Mu is much older than Han Nian, the children’s nature is basically the same.

They need adult company, not alienation.

This can cause great psychological damage to a child!

“The problem is that although he doesn’t hurt people, his life hurts people.” The shopkeeper said bitterly.

“Life hurts?” George Han asked strangely.

“When Pei Mu was born, all the living animals in the main city of the Pei family disappeared overnight. The official officer checked the four gates of the city, and the four gates were all closed, and there was nothing unusual.

” I have also searched the city, but found nothing.”

“You said, is it strange or not?”

This matter is indeed a bit strange, after all, he is not an individual disappearance and it is difficult to detect.

There are 10,000 households in the main city, and there are as many as 10,000 animals in a family

. If the four sides of the city gates are all closed, then the disappearance of living creatures of this scale is indeed strange enough.

“Originally, although it was strange, we didn’t think much about it, especially as it was associated with a newborn child.

But later, things started to look a little wrong.”

“Every year As soon as Pei Mu celebrates his birthday, the scene in the city will reappear, almost exactly the same as when he was born. When he was three years old, we were so overwhelmed that we decided not to sit still.”

“So, that day, the Pei family, both soldiers and civilians, guarded their homes and their cities. Our purpose was very simple. One was to thoroughly understand this matter, and the other was to clear the child’s innocence.”

George Han frowned: “But in the end, the accident happened?” The

shopkeeper nodded heavily: “Yes

, on his birthday, Pei Mu blew out his birthday candle, and as the candle went out, the whole city It was also completely darkened, and this time, all the live animals in the city disappeared in front of everyone’s eyes.”

“Later, when the old owner of the family hadn’t passed away, he made up for this child. I know, this child is a celestial star.”

“Anyone who comes into contact with him will be unlucky.”

“It’s easy to lose money and suffer from disaster, but in the worst case, it’s bloody pain.”

“And being close to him for a long time, Then there will be no good end, only death.”

Amelia Su frowned: “Is it so mysterious?”

George Han also nodded, although the numerology technique is false but also true, but such an exaggerated numerology technique Han Three thousand is the first time I've seen it.

Because it's a little too silly.

It's also because the store owner said that this was fortune-telling by the old master of the Pei family, otherwise, George Han would have scolded him on the spot.

Pei Gu is a good person, so his father's education should not be too bad, and a person who can educate his children well is naturally not too bad.

Therefore, Mr. Pei's hexagram, although George Han thinks it is outrageous, he will not completely deny it.

"Xuanhu? In fact, everyone who knows Pei Mu will not think that this is something evil, but a normal thing. We can only say that the old owner is too accurate." The

shopkeeper smiled bitterly.

"Master Han, when Pei Muda was in his mother's womb, within three days, his father died suddenly."

"Afterwards, when he was born, his mother also died. To be precise, this child is a The coffin."

"Shortly after he was taken out of the coffin, his father's family was destroyed." "When he was half a year old,

his mother's family was also destroyed."

"He was alone, and the Pei family brought him back. The Pei Mansion took care of him. At first, an old servant took him, but in the past few years, almost everyone who took him has not survived for two years."

"You said, is it still evil?"

Hearing this, George Han and Amelia Su looked at each other and couldn't help taking a breath.

This is not called evil, this is simply a bomb, whoever holds it will die.

It seems that George Han can understand why since seeing Pei Mu, the people around him seem to be extremely repelled and disgusted by him.

"So, after he is twelve years old, he can basically take care of himself, and we have this unwritten rule inside and outside of Pei's family. Master Han, you are still..."

George Han smiled, and then he put the Pei Mu put his arms in his arms: "Since it's so scary, then I want to give it a try."

Chapter 4313

Seeing George Han's actions, the store owner was obviously scared and his face was full of panic.

"Don't, don't, Mr. Han, please don't."

George Han didn't have the slightest fear, and still hugged the child in his arms: "I, Han 30,000 army standing in front of me, not afraid, will I be afraid of a little boy?"

"He doesn't eat people, so what's there to be afraid of?"

Amelia Su also nodded: "Although some things sound really scary, but, think about it, everyone is following him. It doesn't matter, why do you want him to bear all the consequences? Three thousand, I support you." The

store owner was in a hurry for a while, he thought that if he told George Han and his wife about Pei Mu, the two couples would be relatively restrained, and even obediently took photos. Do.

But who could have imagined...

Not only are these two not what he imagined, but they hug him even tighter.

Isn't

this life-threatening.

"Brother, sister, why don't you still let me go back? Uncle is actually right at all. Pei Mu has been an evil star since he was a child. Anyone who gets close will be unlucky..." Although Pei Mu was very moved, but He still managed to speak out.

George Han smiled lightly: "It's a coincidence, you're unlucky, but my brother has a hard life. So many times over the years, I have passed by death so many times that I'm falling in love with this feeling now."

"So, you can rest in peace . Just stay at ease."

"Go, I'm full, I'll take you to play."

After saying that, George Han directly pulled up Pei Mu and Amelia Su and walked towards the street.

When a group of three people took to the street, the citizens on the street quickly changed their faces.

The couple who recognized George Han and Amelia Su were naturally greeted on the spot, but when they saw Pei Mu next to George Han

, a group of people hurriedly avoided as if they had seen a ghost.

George Han bought some candies for Pei Mu by himself, gave them to him to eat, and led him towards Qifeng Pavilion.

"Everyone here seems to be..." Amelia Su couldn't say it directly for a while because Pei Mu was right next to him.

But the meaning of each is also very clear, but everyone in the city can't avoid Pei Mu.

George Han nodded slightly: "Sometimes people's prejudice is like this, like a giant mountain, it is difficult to move away. In fact, I really like Pei Mu."

Amelia Su also agreed with this view, although Pei Mu He speaks few words, but his thoughts are pure, and he occasionally speaks softly and softly.

Yes, this thing may be in ordinary children, but it is just gentle, sensible and polite, but if you put him in the environment where Pei Mu grew up, he can still be

like this, then the meaning is completely different.

How can it be so easy to get out of the mud without being stained? !

“Actually, I also know some of these Qimen Dunjia techniques myself, plus some unique explanations that Qinglong gave me. I dare not say a top expert, but at least I won’t be mistaken.”

“From my point of view, In fact, Pei Mu’s bones and fate are not bad, even...”

Amelia Su frowned and asked slightly strangely: “What?”

“Even from a certain point of view, there is the appearance of an emperor.”

“The appearance of an emperor?” Amelia Su was slightly shocked.

The contrast between the front and the back is too great, and it is really difficult to accept it for a while. After all, one second, Pei Mu was still a poor worm who was not loved by anyone, but now, in the blink of an eye, he has become the image of an emperor.

George Han nodded: “Yes, he has a heroic spirit between his eyebrows, and he has the power to rule the world. Generally, such a person

is not an emperor but also a king.”

“Also, he was said to be a evil star, but it is not true.

” The shaman has fierce eyebrows or black energy around his hall. But not only does he not have it, but he has bursts of red light on his body, which shows that Pei Mu is not what they said.”

“You said The contrast between what they said and what they said is too big, right? These are completely two extremes.” Amelia Su frowned: “I don’t doubt any of your intentions, I just think...why are there two completely different evaluations? ?”

This is also a strange point for George Han.

Even if he was in Qimen Dunjia, his accomplishments in gossip metaphysics were false, but what he saw with his own eyes should not be bad.

George Han didn’t answer. He touched his chin carefully and thought: “You say, is there such a possibility?”

Chapter 4314

“Actually, from the beginning to the end, someone was deliberately engaged in Pei Mu.” George Han looked at Amelia Su.

Hearing this, Amelia Su frowned: “What do you mean... In fact, everything was not caused by Pei Mu at all, on the contrary, it was a deliberate incident created by someone at a deliberate time, and the ultimate goal was to put Pei Mu This person with the appearance of an emperor has completely turned into a shameless waste and a disaster star.”

George Han nodded, this is his biggest guess, and at the same time, it is also the most likely guess.

Although the Pei family is not an absolute country, the huge family power is still like a family of emperors.

That being the case, the emperor's house is full of palace fights.

The civet cat for the prince can still be staged, so what is it? !

"I agree with what you said, but

there is a problem with this, that is Pei Mu's identity." Amelia Su said.

Yes, if there is a palace fight, then Pei Mu should be in the line of the Pei family patriarch, but obviously, Pei Mu has his own parents, which makes no sense.

"Could it be that because Pei Mu has the appearance of an emperor, the head of the Pei family is afraid that he will threaten the position of the main family of the Pei family, so..." Amelia Su guessed.

This is a possibility, but there is still the same problem.

"The best way is to cut the grass and remove the roots. According to what you said, why should you keep Pei Mu? Isn't that the same as setting a time bomb? Besides, it's still in Pei's house." George Han disagreed somewhat. idea.

"Those who kill the emperor's prime minister may be punished by heaven, so..." Amelia Su explained:
"As for why they are detained in Pei's residence, this is not convenient for them to monitor
."

George Han shook his head: "Although I don't know much about Pei Gu, I still know a little about his character. I think he should not be such a person."

"I also believe that Pei Gu is not such a person, but Don't forget to tell a store owner that when Pei Mu was there, the previous old owner was still alive."

"Perhaps it wasn't Pei Gu who did it, and even Pei Gu might not know the truth of the whole thing, everything is the old owner. The purpose of what he does is to make Pei Gu climb the country steadily."

George Han still shook his head, although Amelia Su's words were well-founded, there were still loopholes.

"It's a matter of time!"

Pei Gu ascended the throne, and even if Pei Mu really had the appearance of an emperor, it was absolutely impossible to threaten Pei Gu's status.

After all, even if Pei Mu Shi's chosen son, he would not be able to lead the entire Pei family .

No one would support a fart kid who, to use royal feud parlance, is still a baby.

Even if Pei Muzhen wanted to threaten, it should be Pei Hu.

“Could it be that Pei Hu did it?” Amelia Su asked.

But this goes back to the question just now, which is what Pei Gu did.

He shouldn't be that kind of person.

“It's not, it's not that, it seems that this matter is very difficult.” Amelia Su said.

“It must be difficult to say that it is difficult, but it is not difficult to say that it is not difficult, because Pei Mu is still alive.” George Han said.

“What can you do?” Amelia Su asked.

George Han didn't speak, the whole person was thinking quietly. He had a very special idea, but to demonstrate this idea, he had to think and

perfect .

Otherwise, this is not easy to do.

Thinking of this, George Han looked at Amelia Su: “Actually, there is an opportunity right now, but I can take this opportunity to do some investigation. Moreover, I believe that the final result can also fulfill your wish.

” My wish?” Amelia Su looked at George Han strangely, and looked at George Han with some confusion.

From beginning to end, she never seemed to have any wishes to George Han.

George Han smiled and did not speak, although Amelia Su did not say what she wished, but how could her own wife not know?

“Let's go, let's go back to Qifeng Pavilion first.”

“Now? Your so-called opportunity is in Qifeng Pavilion?!” Amelia Su was surprised.

George Han shook his head: “No, it's just **** there, let's wait for the fish to bite the hook!”

Chapter 4315

“Yutai?”

Land, how did it suddenly become a so-called ***? !

It should have nothing to do with Pei Mu!

But why is George Han...

But looking at George Han's confident appearance, Amelia Su believes that he must be able to.

After thinking about it that much, they pulled Pei Mu and followed George Han, and the couple returned to the mansion all the way.

The two couples first went to see Ziqing.

Although after being rescued, Zi Qing knew that George Han was not dead, but when she really saw George Han, she couldn't help crying.

For Ziqing, George Han actually means a lot to her.

Pei Mu was very obedient and obedient. He never said a word, and looked at Ziqing with concern.

Only when George Han introduced him to Ziqing,

he gave him a polite smile, and after that, he kept talking about it and never let it go, being extremely polite.

George Han had seen it for Ziqing, and basically the body was injured with minor injuries, not fatal.

The only bigger one is the internal injury she was injured by Ming Yu, but there won't be any major problems during the recuperation period, and there is no need for George Han to save her.

After settling Ziqing, George Han arranged another room for Pei Mu, letting him rest here temporarily without returning to the main mansion.

"But, brother, I have a lot of work to do in the main mansion every day, I have to chop wood and carry water, and I do it all by myself. If I don't go back, I'm afraid... I'm afraid that I will work overtime and work overtime. I can't finish adding more points." Pei Mu said worriedly.

His lovely and clean eyes were almost full of urgency.

He desperately wanted to go back.

George Han smiled slightly: "Don't worry,

I will tell Director Zhang about the work of the main mansion and let him arrange for others to do it."

"No no no!" Pei Mu shook his head desperately: "If someone else replaces me What should I do in the future? If... if my brother insists that I stay here for a while, and you want to say hello to Director Zhang, please ask my brother to take a few days off for me, and I promise After the holiday, make up for the delayed work as soon as possible."

You two look at me, I look at you, this child is sensible and scary.

At such a young age, he worked so hard to survive.

He said this, obviously because he was afraid that his job would be replaced because he lived here, so he was more willing to help him ask for leave.

George Han smiled: "Don't worry, my brother won't let you lose your job and starve to death."

"You rest first, we will have dinner together at night."

Pei Mu

nodded .

After coming out of Pei Mu's room, Amelia Su couldn't help sighing. The poor child was in charge earlier, but he didn't expect Pei Mu to be in charge earlier.

“What shall we do next?” Amelia Su asked curiously.

“For fishing, at least you have to put the bait first. I’m not Taigong Jiang, where will the wisher take the bait.

“

Watching George Han leave with a smug back, Amelia Su couldn’t help but scolded: “Damn bastard, sell your shit.”

Then, she followed into the room.

In the room, George Han had already sat down.

Seeing Amelia Su come in, he beckoned: “Daughter-in-law, I need you to do something for me.”

“Yo, now you think of me? Didn’t anyone look like an old man with a raised butt?” Amelia Su became pale He glanced

.

George Han smiled: “Hey, that’s not to want the admiration of your wife and adults. I was wrong, I was wrong, okay?”

Amelia Su didn’t say much, and said: “What do you want me to do for you? “

There is something, I have to ask my wife for help.” George Han said.

Then, he took out a bag of amethyst and put it on the table.

Amelia Su wondered, how could the two husband and wife help them, why did they even put out the money? !

Come to think of it, it shouldn’t be for yourself, right? !

“What is this for?” Amelia Su asked.

George Han beckoned, and after Amelia Su passed, he snuggled into her ear and gently told her his plan one by one.

After saying this, George Han smiled mysteriously: “Ma’am, whether the fish can be hooked or not depends on how you make the bait.”

Amelia Su gave him a white look and grabbed the purse: “I’ll do it now. .”

Chapter 4316

George Han took a nap.

When he woke up again, at this time, the entire main city was already in a frenzy because of a news.

“This famous evil star of the Pei family, I heard that George Han was interested in Han Ye and wanted to make an apprentice.”

“Damn, I don’t know where this guy got his luck.”

“Yes, I heard that Han Ye originally I was going to accept the young masters of the Pei family as apprentices, but I don’t know what happened, so I put away Pei Mu.”

“Master Han is being betrayed.”

“Hey, it must be Pei Mu’s bastard in Korea. You are pitiful in front of the Lord, you all know, what kind of person Han is, he is a god, a god, he is kind-hearted, it is estimated that he softened his heart, and this is...”

“Hey, originally Han was going to accept it. The Pei family’s apprenticeship is a great event for the Pei family, but right now...”

“We can’t be happy.” On the

street, there

were rumors that George Han might want to accept Pei Mu As a disciple, naturally for a while, there was a lot of discussion everywhere.

Some wailed, some wailed, and even more unwilling.

In the Pei family mansion, although it is the farthest from Qifeng Pavilion, it is actually the most explosive among them.

Without him, it’s just that these things are related to the interests of many people here.

The young sons who are to be selected do not need to say much. The dream of flying up the branches and becoming a phoenix is directly shattered. Of course, they are unwilling and angry after waking up from the dream.

The executives of the Pei family were actually very depressed.

After all, the sons of the Pei family each have their own powers, and the sons they fancy don’t get the chance, which naturally means that their promotion path is cut off.

“What on earth did this Master Han do? Didn’t he agree to take the children of our Pei family as apprentices? Why now... now take away a Pei Mu?”

“That’s right, then Pei

Mu is a demon , is a fool, why do you accept him?”

“Patriarch, you have to talk to Master Han about this matter. After all, Master Han’s apprentice is not only a glory, but also his strength in the future, which is extremely important to our Pei family, not...”

“Yeah, is it possible, will it be possible to let Pei Mu lead us in the future? What’s that like? Although his surname Pei Mu is also Pei, but his blood relationship with us is not the same clan, they are separate lines.”

“Yes, Patriarch, or He will accept the children of our Pei family, or he will accept the s3x. Seriously, if he hadn’t helped us, I really doubt whether he and Mingyu are in the same group. Here are a few more mountains. What do you mean? Is it possible, will our Pei family be in complete chaos in the future?”

“Yeah, Patriarch, you must not be careless about this matter, you have to ask George Han to make it clear.”

A group of executives frowned. At the time, they all wrote letters to Pei Gu in the main hall above to express their dissatisfaction.

Pei Gu looked at the chaotic courtroom, and he was completely distraught: “I’ve said enough.” With a light drink, the whole courtroom suddenly became quiet.

Everyone looked at Pei Gu eagerly, not daring to make a sound.

“I can understand your feelings about this.” Pei Gu said in a slow tone: “However, you don’t need to panic. Let me ask you, where did you hear this news? But George Han said it himself. What?”

Everyone shook their heads, but it was just rumors.

“However, Patriarch, when George Han walked through the back door today, he did take Pei Mu with him. He was eating and shopping outside. Many people saw it with their own eyes. Moreover, according to a store owner, George Han did not shy away from Pei Mu at all. The identity of Mu Shaxing.” Someone said.

It is precisely because of these, coupled with the rumors flying outside, that many people subtly take these rumors as the truth.

“This is not right, everything is just heard, but George Han wants to accept my son as a disciple, but it is his own words, you, now you want me to question the authenticity of what he said to me personally because of a rumor. What am I doing? Where have you put the dignity of the Pei family of a big promise?”

After speaking, everyone bowed their heads in unison.

“Okay, I don’t want to hear about this issue. I know that many of you have your own favorite sons of the Pei family, so if you have the energy to guess here, it’s better to spend some time thinking about how to improve your favorites. Young Master. Besides, we are all a family, I hope you don’t play tricks here and compete fairly.” After

he finished speaking, Pei Gu got up and prepared to retreat, and the crowd began to disperse, but only one person seemed to want to. What did you think fell into God...

Chapter 4317

glanced at Pei Gu who was leaving, he did not speak, and walked away silently.

In the evening, dishes were already cooked in Qifeng Pavilion, and Pei Mu personally cooked, saying that he wanted to thank George Han and Amelia Su.

Although the young man has been doing errands in the kitchen all the year round and has never touched the spoon, the advantage is that this guy is very smart, he often steals lessons, and remembers every frame of the chef’s actions clearly.

He knew very well that he didn't have the opportunity to take charge, and naturally he didn't have the opportunity to experiment with what he had learned, so the timing of each step was very important.

He was a little nervous. Seeing this, Amelia Su pulled George Han away, trying to let Pei Mu play more freely.

Soon after, Pei Mu brought a few pots of fragrant dishes to the table.

The people are not big, but every dish served is full of color, flavor, and taste. It is hard to believe that this is a delicious food that a

sixteen-year-old child can make.

"If I hadn't seen it with my own eyes, I really doubt that this was done by a chef who has been cooking for many years." George Han took a bite and couldn't help but smile happily.

Amelia Su also nodded and gave Pei Mu a big thumb.

After being affirmed, Pei Mu was very happy, wiped his nose, and sat down at the invitation of Amelia Su.

"In the evening, you are going to sleep well. Maybe there will be some unrest in this room, but you can rest assured that nothing will happen." George Han said softly while putting vegetables in Pei Mu's bowl.

"Is this place not clean?" Pei Mu asked innocently.

George Han shook his head: "It's very clean here, but sometimes people's hearts may not be clean."

"Although I don't understand what you're talking about, brother, Pei Mu will be obedient at night and won't

come out."

George Han nodded and patted his head.

After eating, he chatted with Pei Mu, and Amelia Su sent him back to his room to rest.

George Han looked at the night: "It's time for us to rest."

Amelia Su nodded and looked at George Han strangely: "Are you really sure that the fish will take the bait at night?"

George Han smiled Xiao Xiao did not speak: "The dog is in a hurry, it will definitely jump off the wall. Go to sleep." The

two returned to the house and turned off the lights.

About two or three hours later, Qifeng Pavilion was already immersed in darkness for a long time. The whole courtyard was eerily quiet.

Suddenly, a figure jumped up from under the high wall, and quickly shuttled along the top of the wall, jumping over several houses, stepping on the tiles without making any sound.

After a while, he fell like a leaf in a backyard
of .

Light as a swallow, but that's it.

He looked around vigilantly, and after making sure that no one was around, he quickly walked to the door of a room, and then moved his hand, and a flame immediately appeared in his hand.

In the darkness, he clearly smiled coldly, then flicked his hand, and the flame was immediately thrown directly at the door of the house.

Strange to say, the flame was only a little small in his hand, but once it got on the firewood and other things on the door, it instantly ignited a huge amount of gasoline.

boom!

With a loud bang, the fire suddenly shot into the sky, the house was directly engulfed by the fire, and then the fire continued to spread, and several rooms followed in the blink of an eye.

He sneered, and it only took about a minute for the house in the backyard to be completely immersed in the fire.

He nodded with satisfaction, and was about to turn around to leave

, when he suddenly turned around and saw two figures standing on his path.

"With such a fire, in fact, no matter whether anyone finds out, the backyard will be completely annihilated in the fire, because the fire is too fierce." A female voice said softly and coldly.

Then a male voice laughed: "Your Excellency, arson is not a good behavior. As the saying goes, murder and arson, you see, arson is on the same level as a felony such as murder, you shouldn't do this, Your Excellency."

These two voices Besides Amelia Su and George Han, who else could it be?

Seeing that he was discovered, the man was obviously shocked in place.

He didn't understand how he was discovered: "I shouldn't have made any noise, right?" The two couples shook their heads in tacit agreement almost at the same time.

"Then how did you find me?" he wondered.

Chapter 4318

"We didn't find you, we just know that you will come."

"In our words, we predicted you Prediction." George Han laughed softly.

"What do you mean? You know I'll come?" He wondered.

This matter is only himself, and no one else can know it. It can be said that it is completely confidential. How can they know that they will come.

“You made Pei Mu a lonely star, and now, I suddenly heard that I was going to accept him as a disciple. How could you be willing? The character you have worked so hard to build has collapsed and you are still in the situation you least want. Development, can you bear it?”

“You can’t help it, so you will come naturally.”

“Then how do you know that I will burn the backyard, from your appearance, you should have arrived here early, right?”

“I did come here early, but I don’t know what you want to do.”

“Why do you know that I’m here?”

“Your family can’t kill people, right? Besides, it’s still in front of my eyes. Killing people, you are not that stupid.”

“Besides, what you want is Pei Mu’s character design, and what you want is to make me not accept Pei Mu as a disciple. Naturally, it is a good choice not to disturb me.”

“Without disturbing me, I think the backyard should be the best choice, am I right?”

The man didn’t speak, but those shocked eyes had already explained all his emotions at this time .

Yes, George Han was almost right, he really planned it.

However, he didn’t show any clues, and he was really unwilling to be caught like this.

“You already know what you want to know. Choose, shouldn’t it be time to talk about what I want to know?” George Han smiled and said, “Of course, if you

think you have a chance to escape, you can try it.

” However, don’t blame me for not saying my ugly words in front of me, I’m thinking of you as a family member, to give you face, and once you start it, it will be different.”

Escape?

Wanting to escape in front of George Han, isn’t this a fool’s dream?

Suddenly, with a move of his hand, his right hand snapped towards his neck.

He is going to kill himself!

However, as soon as the hand reached his throat, there was an instant difference, but an invisible force grabbed his hand tightly, preventing him from having any chance to commit suicide.

“You...” He hurriedly looked at George Han. Obviously, it was George Han who was playing tricks.

“I forgot to tell you that if your Excellency wants to commit suicide, I’m afraid it will be very difficult to achieve it. No way, someone Han is good at everything, but he has always been extremely stingy about what he wants and cannot tolerate any sand.”

“You Look,

did you say it obediently, or did I use some means? Let me say it first, your thoughts of suicide have already irritated me a bit.”

“You are Pei’s family, so you should know what will be the consequences of angering me?”

“Of course. , you can also choose not to say anything, just spend it with me like this, don’t worry, I will give Pei Gu face, I will not kill you, but I will never accept the son of the Pei family as an apprentice, only Pei Mu.”

There was no violence, but it was these words that made the man sweat coldly on his forehead.

Obviously, he was hit by George Han repeatedly.

“In the end, this matter is the Pei family’s own business. I have no intention of hurting your husband and wife.”

“If you have such thoughts, do you think you can still have a chance to talk to me here?” Of course George Han knew that he had no ill will towards himself and Amelia Su.

“Then why do you know?” he said

helplessly .

“Okay, since you said so, then I won’t force you, and I won’t force you to say that I will accept Pei Mu as a disciple.” George Han simply decided to retreat instead of advancing.

He knew that this must be the guy’s soft spot, otherwise, he wouldn’t have the biggest reaction every time he heard this.

Sure enough, when he heard the words, he hurriedly said, “No, you can’t accept Pei Mu as your apprentice.”

“Why?” George Han frowned.

“Nian Zai Gu is sincere to you, and also wants to befriend you in Pei’s family, so please don’t intervene, okay? I can kneel down and beg you.”

“Both parties pay attention to integrity, since you also know this. , shouldn’t you be frank with me? What’s more, you also said that this concerns Pei Gu, and I have to take care of it.”

He was speechless, silent for a long time, and said, “This matter concerns the entire Pei family. stability, do you really want to listen?”

Chapter 4319

George Han did not answer, but his expression has already explained everything.

With a heavy sigh, he shook his head bitterly: “Actually, no one should know about this matter, whether it’s you or the Pei family.”

“Even, it’s the owner of my family.”

Pei Gu? !

George Han frowned, what does this mean? That means that even Pei Gu himself doesn't know what's going on?

This was completely beyond George Han's expectations, because even though George Han had made a lot of speculations and made a final plan, he still missed the calculation because Pei Gu didn't know it.

"You may not believe it when you say it. Now, the Pei family is under the control of the owner of the family, so how can the owner of the family not know anything about it."

George Han nodded, not denying what he said.

Yes, this is the Pei family, whether it is the owner of the family or the emperor,

in fact, it is impossible to have no eyeliner, and do not know what happened in the place under his command.

In particular, this is still the main city.

At the foot of the god.

How could Pei Gu not know? !

However, from this person's tone, George Han could hear again that he didn't seem to be lying to himself.

"Are you trying to exonerate Pei Gu? Actually, you don't have to, because in the end, these are always the family affairs of your Pei family. Our alliance is strategic, so..." Amelia Su said.

She really is the woman who understands her best, and George Han is very satisfied with what he said at this time.

The man shook his head: "I don't need to exonerate him. As you said, this is always the family matter of the Pei family, so why should I exonerate him."

"Then why do you need to cover up for a long time?" Amelia Su questioned. .

He smiled bitterly: "I don't want to say it, because family ugliness can't be exposed. Can we talk in another place?"

Amelia Su glanced at George Han, George Han nodded, and then moved his hand, a line that can really directly cover the burning house , put out the fire instantly.

After that, he grabbed the man in black by the shoulder and disappeared.

When he appeared, he was already in a remote corner room in the front hall.

George Han let go of him and said, "It can be said now."

He nodded, making sure that there was no one around, and then sighed heavily.

"Actually, I like Pei Mu quite a bit, but I also know that I have always harmed him."

“Yes, as you said, what happened to Pei Mu Shaxing was actually caused by me.”

“He’s just a child, and looking at your age, you should be very old. There should be no hatred between you. Why do you treat him like this?” Amelia Su asked.

“There is

no , it can even be said that it is a relative.”

“Are you still like this?”

“I don’t want to.” He smiled bitterly: “But for the entire Pei family, I can only sacrifice myself. For some things, someone has to be the bad guy, right?”

“Why?” George Han asked.

“Because Pei Mu’s identity is not as simple as you think.”

Amelia Su snorted coldly: “Actually, I don’t want to ask anymore, because he said it himself, it’s a relative, but what is this relative doing? It’s okay to slander Pei Mu with the evil star, the most hateful thing is that he still killed Pei Mu’s parents, as well as the two families.”

“What can I say to him about such a beast.”

This is actually what George Han is most confused about.

It is not incomprehensible to slander a child and suppress his identity.

But the problem

is that other gimmicks are just fine, such as the disappearance of live animals, or the creation of rumors, etc. However, it is not necessary to kill so many people, right?

Or kill Pei Mu’s parents, as well as their families.

This is not a past that can be covered up by a reason. This is simply a waste of life, but George Han feels that the person in front of him should not be the kind of vicious person.

At least, his eyes are relatively clean.

The mouth can lie, but the eyes are hard.

After patting Amelia Su’s hand lightly and comforting her, George Han let out a sigh of relief: “I believe you have your troubles, right?”

“But, I must know the whole truth of the matter.”

“I can tell you this, Pei Mu, Pei Gu’s younger brother!”

What? !

One stone stirred up a thousand waves, and George Han and Amelia Su were almost shocked at the same time...

Chapter 4320

What is a depth bomb, this is the best display.

What age is Pei Gu, not to mention eighty but also one hundred years old, this can be seen from his cultivation.

As for Pei Mu, he was only about sixteen years old. ,

With such an age gap, it is enough for Pei Gu to be Pei Mu's grandfather, but of course, these two are brothers.

How can the two couples not hesitate, panic, or surprise?

"Brother?" Amelia Su frowned: "Isn't it impossible? The age difference between the two of them..."

The shadow smiled lightly: "This is the truth."

Amelia Su wanted to say something, but George Han stopped him. .

George Han smiled lightly: "What he should say is true, because only in this way can everything be explained. That is the problem we mentioned before, it's not like Pei Gu did this. ."

With George Han's reminder, Amelia Su also seemed to have reflected.

Thinking about it carefully, it seems that some places do make sense.

"Actually, this is the scandal of the old patriarch."

"Before the patriarch took the throne, the old patriarch still controlled all the affairs of the Pei family. At that time, the Pei family was in the early stage of development, and the momentum was just right. Because the patriarch was young, he led the army to fight outside all the year round, while the old family was in the early stage of development. The master handles internal affairs."

"But when it was developing, there were a lot of affairs, and the master of the hometown worked day and night."

"One day, after finishing the official documents, I drank some wine, and happened to be a female slave..."

"After this happened, the old family owner has no time to regret it. After all, he is already very old, and doing such a thing will inevitably make people feel very embarrassed, and it will make outsiders make irresponsible remarks."

"The old family owner does not want to destroy The reputation of the Pei family, and he didn't want this to ruin the development of the Pei family, so he ordered me to secretly send the slave girl out of the house, and gave

her a sum of money, and also asked me to arrange a marriage for her."

Hearing these , George Han basically understood.

Pei Mu's father was not actually his biological father. To be precise, he just had a pick-up man.

“Actually, everything is okay. But who knows, that slave girl is pregnant.”

“And as her belly gets bigger and bigger, some things can’t be concealed.”

“So, you started killing people . ?”

He nodded: “There is no way, if outsiders know that Pei Mu is the son of the old family owner, what should the old family owner do? Think again, what will happen to the Pei family at that time?”

” Understood. Yes.” Amelia Su also nodded.

The families of the man and the woman were wiped out because of suspicion, and they might even know that the child was someone else.

In order to prevent them from investigating and causing trouble,
he simply did not do anything.

“As the child grows older, many things become more and more unbearable. Therefore, in response to such a situation, I devised such a strategy.”

“Let Pei Mu completely become a evil star that everyone despises.”

“This way As soon as it comes, no one will approach him, so naturally, no one will know his secrets.”

“Of course, this can also save his life, it is better than killing him, right? He, after all, is still the son of the old family owner. .”

I understand, I understand, no wonder George Hanliang and his wife always felt that every analysis seemed to be able to tell the truth of the matter when they reviewed the matter, but they always buckled on the key link. not good.

It turned out that from the beginning to the end, they all locked their eyes on Pei Guna, and never thought that the old master would say such a thing.

This conjecture is indeed too

bold and too wild.

“I am the only one who has known about this matter since the death of the old master, and it has nothing to do with other people.” After Heiyong finished speaking, he looked at George Han: “I also hope that Han Shaoxia and Madam Zun can keep the secret after knowing this secret. “

Of course, if you stand in Pei Mu’s position, you can kill me at any time. This old man should have gone with the old master for a long time.”

“This is your family matter, and I have no right to deal with it. To you. However, do you really intend to hide this from Pei Mu for the rest of your life? He has been targeted by you everywhere because of his identity, but he has not gained any benefits because of his identity, so is it fair to him?” George Han asked.

“I know I’m sorry for him, but I have no other choice. For the reputation of the old family owner, I can only...”

Amelia Su stood up at this time: "Can I say a few words?"
