Chapter 4331

“What I mean by right means that the feelings between your father and son should be expressed in this way. But what is wrong is that even if the two elders are no longer Pei Hu and Pei Hu are better than father and son, and they are not always.”

“But what about his actions?”

Even crazier than the real father.

even metamorphosis.

After all, Pei Gu was an old fritter, and he immediately understood the true meaning of Han Sanqian, and immediately said, “Sanqian, you mean that the second elder didn’t take Pei Hu away because of missing or some kind of emotion?”

Han Three thousand heavy heads nodded; “Yes, I suspect that the purpose of the Pei Hu corpse he stole should be for some unknown secret.”

“He has the heart of rebellion!”

Pei Hu’s identity is the prince of the Pei family. , Even if he was slapped down by Pei Gu, he had been a prince for many years, and he still had an incomparably stable power and minions in the Pei family.

This

can be seen from the time when he forced Gong Pei Gu to step down.

After all, if there is no such support, Pei Gu will be ousted just by relying on one thing, what is it? !

With Pei Hu’s accidental death, Pei Gu also regained power, so the opportunity to take this opportunity to gain momentum was basically lost.

The only way is to revive Pei Hu in some way.

“In the land of the demons, there are too many evil methods to enumerate. The possibility of the three thousand you mentioned is indeed not small.” Pei Gu nodded.

If it is as Han Sanqian thought, once Pei Hu is resurrected in a certain manner, then he will definitely be able to bring out his old forces in the Pei family.

The second elder and the rebellious are indeed true.

“Immediately send someone to the border to pass the order. It is said that the original Pei Hu was abolished for treason and committed suicide because of guilt. However, the second elder colluded with foreigners and stole his corpse to seek independence. Let the border departments be careful guards to prevent the enemy from raiding.”

Pei Gu gave an order, and several people immediately took the order.

“Also, how should these people be dealt with?” Pei Gu asked.

“They are all confidants of Pei Hu. If they don’t kill them, they will cause civil strife in the future, but if they kill all of them, it will make many minions panic, and they will also be in civil unrest.”

“According to my opinion, it is necessary for the Pei family to rule their crimes. Yes, but it is necessary to judge the situation and make some corresponding concessions. It has both the power of punishment and the suspicion of forgiveness, and it has to give some people a way to live.”

After listening to Han Sanqian’s words, Pei Gu nodded: “I know what to do. I did it.”

“It’s your family business after all, I’m here, it will only add more unnecessary trouble, I’ll come back to Pei’s house for the dinner.” After

saying goodbye to Pei Gu, Han Sanqian left with Su Yingxia and his two apprentices. Pei House.

Throughout the day, Han Sanqian began to teach his two apprentices one thing.

patience.

Therefore, after returning to Qifeng Pavilion, Han Sanqian asked the two children to go back to their houses.

Then they didn’t tell them to do anything.

They wait inexplicably, without any purpose, and dare not do their own thing at will, this time will be the most boring.

But also in boredom, can the most perfect exercise a person’s patience.

This is what Han Sanqian wants to do.

Cultivation is boring, and patience is naturally important.

Secondly, on the battlefield, when it is hostile, it is also a game, so one’s patience will be extremely important.

If you have patience, you can take advantage of opportunities, and you can take care of one another if you have the first opportunity.

So, this is the first lesson of getting started.

In the evening, Han Sanqian went to see the two children.

Pei Mu is very honest, he almost kept his attitude after entering this afternoon, and did not move much, and is still waiting for Han Sanqian’s next instructions.

Pei Yuan obviously didn’t stay where he was. He was

almost walking around the room, and he couldn’t be idle all the time. He was always looking forward to Han Sanqian’s next step, so that this guy’s heart was almost overwhelmed. The tail never stopped.

Han Sanqian did not blame any of the two, and took them back to Pei's mansion to prepare for the banquet.

And almost at the same time, near the border of Pei's family.

A person is carrying a corpse on his back and is struggling to move forward at this time.

Although he was sweating profusely at this time, he still did not give up the corpse on his back.

"Hu'er, you hold on for me, we are almost there, I tell you, as long as we arrive successfully, even if the King of Hell wants to take you, it is not that he is qualified to decide whether to take you or not."

This person is none other than the second elder of the Pei family.

He suddenly raised his head and looked forward, and sure enough, under the night ahead, a black figure was standing there...

Chapter 4332

"Shishen, haha, I saw the gods, Hu'er, he came to us, we are saved."

He was excited shouted, and then carried Pei Hu's body even harder, and headed over there.

And behind the shadow, another shadow appeared slightly.

Looking at the second elder Pei who came all the way here, the little black shadow said softly: "Honored lord, do we really want to save that kid?"

"The devil is about to wake up, and at this time he will give a great power to this foreign race. Is it too much..."

He didn't continue, but his tone was already full of violence.

Obviously, Pei Hu is going to use their treasure, and he thinks that guy is not worthy.

"What the deity says is naturally like poured water, how can it be taken back? I don't think I have heard what you said, but next time, I don't want to hear it, do you know

?"

"Subordinate After devoting all our efforts to the Honored Lord and dying, I naturally dare not say much. But small confusion actually means everyone's confusion."

"In terms of qualifications, some of our seniors are richer than him, and even crushed, in terms of talent, Although he, Pei Hu, was meticulously cultivated by the Pei family, it was nothing more than that, but what we want to give to him is our treasure, is this really okay?"

"The subordinates are not criticizing the Honorable Lord, but simply think that , I am afraid that I will be dissatisfied by others, so..."

"I know what you mean, and you don't need to explain it. Do you know? If someone else dared to ask me such a question, he would have died. But you have followed me for many years. , I can bear it."

"Let me ask you, what kind of blood does Pei Hu have?"

“Naturally, it is the purest bloodline of the ancient beasts.”

“The bloodline of Yutao itself is bloodthirsty and aggressive, but over the years, the Pei family’s inheritance has gradually lost its wildness. Although, they are also relatively aggressive now. But compared to before, it’s really far behind.” After the big black shadow finished speaking, he sighed and continued: “Do you agree with this point?”

“Subordinates agree.” The

big black shadow nodded and continued. Said: “The treasure can stimulate his bloodline to the maximum extent, and the bloodline will eventually explode and awaken. Sometimes, the bloodline is very useful, it can stimulate a person’s greatest potential.”

“Pei Hu, there is such a bloodline, this is It’s his advantage.”

“Of course, relying on this alone to get the treasure is definitely a fool’s dream. However, don’t forget the identity of Pei Hu.”

“The heir of the Pei family?” said the little black shadow.

“That’s right, this time the 200,000 army

raid ended in failure, but luckily, the Pei family and their sons had already fallen apart. If I can be the big Pei Hu, I will definitely be able to divide the Pei family’s forces.

” Now, a lot of the territory of

the Demon Race has been owned by us, but several old-fashioned families still don’t know the current affairs

. It’s the best performance.” The

second elder had already walked over with Pei Hu’s body on his back.

“I have seen the envoy.”

As soon as they met, the second elder knelt down respectfully.

The big black shadow didn’t speak, and with a slight look, the little black shadow came out and took Pei Hu’s body from Pei Gu’s hand.

“Elder Pei, you’ve worked hard.”

“It made the word of God heavy, and this time I didn’t get rid of the stubborn old Pei Gu.

Pei’s crime deserves death, so why bother. After the second elder answered modestly, he changed the subject and scolded:

“This is all to blame for that damned Han Sanqian, motherfucker, the forbidden area of death exploded like this, and he actually killed him, and even made a magic weapon. We were caught off guard. The

big black shadow smiled lightly: “Second elder doesn’t need to be so angry, he Han Sanqian does have some skills, but he is just jumping around now. One day, he will learn how powerful we are.” “

” Pei Mou will always wait for this day. “

Okay, Elder Pei, let’s go down and rest first. As for Pei Hu, this seat promises that it will only take three days to bring back the Pei Hu you most want to see.” “

” Pei Mou thanked the god for our son. After the words were finished, Elder Pei went down.

The big black shadow glanced at the corpse of Pei Hu in the hands of the small black shadow, and smiled evilly: “Come with me. “

Chapter 4333

A line of two corpses quickly disappeared on the border of Pei’s family.

About ten minutes later, somewhere in a lonely mountain.

There is a hole with a long and slender entrance, but the inside of the hole is winding and continuous, and it is several miles deep.

If someone enters the hole at this time, you can smell the bloody smell in the hole, which can almost make anyone nauseous.

In the deepest part of the cave, a large pond stood there. The pond was full of blood, as if they had been boiled by someone.

Gulu Gulu was steaming hot.

In the pool, a corpse was soaked in it.

At this time, the little black figure came out from the inside of the cave, and behind him, he was holding a few young women with ropes.

These women looked panic, but they didn’t panic as they imagined. On the contrary, they didn’t react much, because

most of their eyes were numb, and their expressions were almost a subconscious instinctive reaction.

It can be imagined that although these women are not young, at least they have experienced horrors that many people have never experienced in their lives.

Little Black Shadow didn’t talk nonsense. He turned a sharp blade in his hand, killed several girls, and pushed them into the blood pool.

Those poor girls didn’t even have a chance to scream, so they said goodbye to this world in an instant. The blood in their bodies kept flowing into the blood pool, but their bodies kept disappearing and melting in the blood.

On the other hand, looking at Pei Hu’s corpse, it began to gradually improve and become rosy in the process.

Under the red, the Pei family, hundreds of miles away, was the same at this time.

It's just that the red of the Pei family is festive .

The Pei family was almost happy.

The people around Pei Yuan, the fifth son, naturally don't need to say much, one person is a chicken and a dog ascends to heaven!

Even in the kitchen where Pei Mu was, the people who looked down on him before came to him and kowtowed in front of him to apologize, even if they didn't.

After all, they all knew very well that after Pei Mu had followed Han Sanqian, there was absolutely no problem in becoming the head of the family after he came back, and becoming a pivotal figure in the Pei family.

Moreover, Pei Yuan may be the head of the family, and he is Pei Yuan's senior brother, and this relationship is enough for many people to drink a pot.

Inside and out, this is not flattering, nor is it okay, especially since they had bullied Pei Mu before.

However, Pei Mu's temperament seems to be quite good.

Facing these people who had bullied him, not only did he not hold any grudge, but instead accepted their apology and sang with them.

"I really want to thank you this time, Sanqian." Pei Gu came over with two glasses of wine.

"Actually, at the beginning, when the main city was in crisis, I really doubted whether I had chosen the wrong person, but in fact, you made me feel very relieved."

"Thinking about my initial doubts now, I really feel that I'm a little stupid."

"You not only helped me stabilize the main city, but also helped me settle the child Pei Mu. In a blink of an eye, the Pei family, which was already crumbling in the wind and rain, regained its former peace and stability. Even more powerful."

"We are all brothers, and I don't want to say more, it's all in this glass of wine." After the words were finished, Pei Gu took the lead to raise the glass and do it first.

Han Sanqian smiled lightly: "As you said, since we are brothers, what we do is what we should do, so why should we say thank you?"

"Tomorrow morning, I'm going to go back to the city. The main city of the Pei family has just recovered, and everything is waiting to be rebuilt, so I don't need to send me."

"Are you leaving so soon?" Pei Gu was a little reluctant.

"It takes a goodbye to see you a thousand miles away. Our brothers will always meet again. Fulin is guarding the city, but after all, he is inexperienced. If there is any danger, I hope Big Brother Pei can rescue him in time."

“Brother, that’s what I said. In a word, the Pei family is here when they should be in the city.”

Han Sanqian smiled, drank the wine in one gulp, refilled it himself, and respected Pei Gu.

Early the next morning, Han Sanqian took Su Yingxia and two apprentices and set off...

Chapter 4334

Pei Gu originally wanted to send it, but was politely rejected by George Han.

Now that the Pei family is still unsettled, it is inherent to Pei that things need to be done.

But at Pei Gu’s repeated request, the Pei family still sent an army and a ritual team to escort them all the way back to the city.

In Pei Gu’s words, although the two are brothers, there is no need to share too much etiquette, but George Han is a VIP of the Pei family after all, and there must be no less.

Therefore, it is possible to enter Jane, but absolutely not to be absent.

Moreover, George Han thought that leaving with his two apprentices was actually a kind of political show for Pei Gu, and it was more conducive to him to stabilize the situation now, so he didn’t stop him.

After the trek, the group left the Pei family’s forces and entered Jiluocheng.

It’s time to fall into the city, in fact, it has been peaceful for a long time.

However, Fulin never dared to relax in the slightest. The city defenses were always strong and abnormal, and the

sentries never stopped.

When the Pei Jiali team came to play music, the group of people who should have fallen into the city went completely crazy.

“It’s the leader of the alliance, the leader of the alliance is back.”

I don’t know who shouted, the next second, the gate of the city should be opened, and then, all the people who should be in the city were boiling.

Ningyue, Mo Yang and others even rushed out of the city gate in person. “Fuck, what did I say? I said that the Pei family is reckless, but they are still trustworthy. Is George Han

not coming back?”

Yiyi, it should be.”

“Three thousand, how is your health? How is your recovery? If not, don’t be discouraged. Although we are not talented, we have already discussed it. In the future, no matter what, we will stand in front of you. If you want to hurt you, step on our corpses first.”

Hearing everyone’s words, George Han smiled slightly.

Amelia Su was the first to speak: "You guys, don't worry, the Pei family treats us very well, George Han is not only in good health, but his cultivation has been completely restored."

"The only surprise is that Zi Qing I have suffered some minor injuries and need to rest for a while."

"What? Three thousand, three thousand to recover?"

"I'll go, this is also possible?" A

large group of people continued to call for a miracle, but after thinking about it, it seemed that George Han Chien looks like nothing has happened.

"Okay, send Ziqing back first. As for you, if you are really happy, you will have a big banquet in the evening and cheer together." Amelia Su smiled.

"As ordered, Madam of the Alliance Leader."

"What are you doing? Please let them in." A group of

people laughed and made a fuss, and went back to the city like this.

The city is full of joy

.

After all, George Han is back.

Said to be drinking at night, these guys couldn't hold back in the afternoon, and they took George Han and started drinking directly.

A group of people chatting and laughing, it is not lively.

Amelia Su glanced at them, and happened to meet the eyes of Jianghu Bai Xiaosheng.

Intuition told Amelia Su that Jianghu Bai Xiaosheng should have something to tell him.

Amelia Su found a reason to get up and leave temporarily, and within a moment, Jianghu Bai Xiaosheng followed closely.

The two met in the back of the small garden.

"I'm very happy to hear that George Han is all right. I don't want to spoil everyone's atmosphere at this time, so..." Jianghu Bai Xiaosheng looked at Amelia Su and asked for her opinion.

"Speak straight." Amelia Su nodded. ,

"Qin Shuang's situation is not very optimistic." Jianghu Bai Xiaosheng shook his head: "She has been in a coma for a long time. Three

days ago, she was almost half dead. I think, if it goes on like this, I'm afraid... "

Jianghu Bai Xiaosheng didn't say anything, Amelia Su also knew what he was going to say.

"Do you want to notify Three Thousand now?" Jianghu Bai Xiaosheng asked.

Amelia Su was also a little confused for a while, not knowing what to do.

In theory, George Han should be notified, but the problem is that George Han is just recovering from a serious illness. The most important thing is the current state of George Han.

The magic is too strong!

It was difficult for George Han to control these demonic qi, so that when Ziqing was injured, George Han did not help, but let Ziqing recover slowly.

And Qin Shuang, who may be more serious right now, needs George Han's demonic energy even more. If George Han is told, then it may not be just any of them at risk...

"Welcome to summer?" Jianghu Bai Xiaosheng asked again urged.

Chapter 4335

Amelia Su suddenly woke up: "For the time being, don't tell George Han."

"But Qin Shuang, I'm afraid..."

"I'll go." Amelia Su said.

"You're going?"

Amelia Su nodded heavily, although to a certain extent, she knew that she didn't have the ability.

But since she made up her mind, she didn't plan to save Qin Shuang by herself, she just wanted to temporarily stabilize Qin Shuang's condition by herself.

Then, after George Han's situation is a little better, tell George Han again.

After listening to Amelia Su's arrangement, Jianghu Bai Xiaosheng nodded: "It's good, but... Is it really okay for us to hide from George Han like this?"

"At the critical moment, we must use the key method. Alone, we can't count on him for everything, can we? Besides, you also know what he's like, if you let him know that Senior Sister Qin Shuang's situation is

not right, no matter how big the danger is, he will rise up to it."

Jianghu Hearing this, Bai Xiaosheng nodded heavily.

This is true.

"So, come with me."

After he finished speaking, Jianghu Bai Xiaosheng led Amelia Su all the way to a certain wing in the backyard of the City Lord's Mansion.

In front of the door of the wing, it was unusually quiet, and a few potted plants exuded bursts of aroma.

However, only in front of the door, Amelia Su frowned.

Because the whole surrounding, there is a very strong and very strange aura.

Some are like magic, but some are not.

“Do you feel anything?” Amelia Su asked Bai Xiaosheng next to Jianghu strangely.

Jianghu Bai Xiaosheng shook his head very simply: “I didn’t notice anything strange, what’s the matter?”

Amelia Su didn’t speak. She didn’t know if it was her own illusion, or whether it was because her cultivation had improved again during this period of time, or she could follow suit. Han has been three thousand years old, and he knows more about demonic energy, so that he is more familiar with it.

Hopefully, think about it yourself.

Without saying anything, Amelia Su pushed open Qin Shuang’s door.

On the bed, Qin Shuang lay there quietly, her beautiful face did not diminish in the slightest because she closed her eyes, on the contrary, it made her look like a fairy in her sleep.

Amelia Su walked gently to her side and sat down against the edge of the bed.

Judging from her breathing, the situation Jianghu Bai Xiaosheng reacted to was real, and her frequency was so low that you even thought she was dead.

With a burst of energy, Amelia Su hit Qin Shuang’s hand directly.

She wanted to explore Qin Shuang’s meridian breath.

Of course, as soon as the breath entered Qin Shuang’s body, a huge force emerged directly from Qin Shuang’s body, and Amelia Su

barely reflected, this powerful force instantly bounced Amelia Su away several meters.

“Pfft!”

Amelia Su spurted out a mouthful of blood on the spot, and the hand that was touching Qin Shuang also trembled slightly because of the pain.

“Amelia Su!” Jianghu Bai Xiaosheng quickly supported Amelia Su.

“It’s okay.” Amelia Su endured the pain and looked at Qin Shuang who was lying in front of her in disbelief.

Obviously she didn’t do anything, but why, the breath in her body is indeed so powerful.

“Heavenly Qiongqi, are you there?”

Amelia Su asked suspiciously.

But nothing echoed.

Tianzhiqiongqi is the initiator of the whole thing. It is also an ancient beast and knows a lot about it. It is the best choice to turn to it.

“Amelia Su, or else, let three thousand...”

“No.” Amelia Su shook her head resolutely: “That will kill Senior Sister Qin Shuang.”

If it is said that Amelia Su felt the low pressure before the entry If the demonic energy of her can still be explained by the possibility of wrong induction, then the power that Senior Sister Qin Shuang resisted, which she was able to penetrate just now, was the real demonic energy.

Moreover, the strangest thing is that this demonic energy seems to make Amelia Su feel that it is somewhat similar to George Han’s demonic energy.

But not exactly the same.

They are all pure and domineering, like some kind of power that has existed since ancient times.

However, they have their own differences.

Amelia Su couldn’t tell the difference, but she could clearly feel it.

“I want to try again!” Amelia Su looked at Qin Shuang.

Jianghu Bai Xiaosheng had two big heads, and he was extremely ashamed for a while: “Do you want to try?”

“Try!” Amelia Su nodded resolutely, and gathered her energy again in her hands!

Chapter 4336

Immediately after, Amelia Su nibbled her teeth and penetrated Qin Shuang’s body again with energy.

However, compared to the previous rashness, this time Amelia Su was obviously much smarter.

Her power to detect Qin Shuang was very small, and she retained most of her power to protect herself.

Sure enough, it was still a familiar rebound, but after Amelia Su fought desperately for a few minutes this time, although it did not mean that she won and suppressed the force, at least she did not lose, nor was she bounced off by the rebound.

“It’s a little bit weak, it’s really damn.” Amelia Su whispered in a depressed voice.

All her strength now can only hold him down temporarily, and it is almost impossible to go further.

“Or, shrink some probes?”

Although it is rarely used, it is actually relatively speaking.

Amelia Su felt that she was almost able to break through the limit of the rebound force,

so as long as she drew back a little more from the detection force, she might be able to complete the counterattack.

Thinking of this, Amelia Su immediately started to move.

Everything was as she thought, when she strengthened her anti-rebound force, she could clearly feel that the rebound force was constantly shrinking and giving way.

And her own strength, which is growing and shrinking, is also compressing inward step by step.

But before she could be happy, those recoiled rebounding forces suddenly acted like a huge vortex, directly controlling their power in the opposite direction, and then desperately pulling them into the body frantically.

At that moment, Amelia Su only felt that her energy entered a huge vortex.

Although she has precautions, she is only protected from being bounced back. Where did she think there would be a backlash? In a moment of panic, her energy directly lost a lot!

“Hmm!”

Amelia Su’s face turned pale instantly,
and a cold sweat broke out on her forehead!

But at this time, she wanted to withdraw her power, which was equivalent to a fool’s dream.

Seeing that Amelia Su’s situation was not right and that he was rapidly emaciated, Jianghu Bai Xiaosheng completely panicked. The next second, he didn’t care about anything else and rushed out of the room to find George Han.

George Han over there was drinking with Mo Yang and the others at this time and was not happy.

The brothers hadn’t seen each other for a long time, and it was rare to have such an opportunity to get drunk, so none of them kept their mouths shut, and frantically fed each other.

George Han’s face was a little red, and his eyes were also slightly drunk.

However, when he was happy, Bai Xiaosheng rushed over in a hurry.

Just a few words attached to George Han’s ear instantly made George Han almost jump up, and the wine immediately woke up.

Regardless of the others, George Han rushed over anxiously.

When he was in the room, Su

Amelia Su was already lying on Qin Shuang’s shoulders, her face was pale and bloodless.

George Han wanted to try to lift Amelia Su up, but when he first touched her, he was bounced away by a force.

“It’s you fucking again.” With an

angry curse, how could George Han not know about this situation? He had healed Qin Shuang several times before, and he had been harassed by this strange force.

Now that I meet again, I know what happened.

“Hurt my wife, don’t say you’re just fucking angry, even if you’re a god, I have to poke a hole in you.”

After the words fell, a superpower suddenly rose, and then suddenly slapped on Amelia Su.

Black energy instantly enveloped Amelia Su's body.

At the same time, the inner strength also began to compete wildly with the rebound force.

"Just because you fucking want to fight me? Give it to me!"

Boom!

With George Han shouting loudly, the black qi

instantly became more ferocious.

break!

Whoa!

The force of the rebound seemed to be very powerful, but under the impact of George Han's super-strong black energy, it was almost completely shattered in an instant after resisting it for just a second.

Anyone in this world who wants to stop George Han from saving Amelia Su will never exist, let alone a mere mass of breath power in front of him!

boom!

Amelia Su has directly bounced away, and George Han couldn't care less. After pulling Amelia Su away, he directly took over Amelia Su's power with a single palm, facing the energy in Qin Shuang's body.

He knew that the disappearance of the rebound force did not mean that everything was over. Next, there would be more ferocious devouring!

"Come on, let me see, whether it's you who sucked harder, or whether it was Lao Tzu who came crazier!"

"Come on, fight for me!"

Roaring furiously, George Han, who was touched to the reverse scale, was completely Angry...

Chapter 4337

It is strange to say, that breath seems to be able to understand George Han's words, the next second, a sudden movement, a change, and then the huge suction force directly rolls in frantically.

George Han has already exhausted his inner strength!

Don't be afraid at all!

Hit hard!

The two forces instantly seemed to have switched the battlefield. One second before, they were still fighting against each other, but this second turned into a tug-of-war, pulling each other, trying to suck the other side into their side completely.

But obviously, some things are not as simple as imagined, and some people are no longer the people they used to be.

Perhaps the previous George Han would still be injured from time to time because of this power. This was also the previous fact, but now, it is completely different.

They are all demonic energy, and they are all very pure, but George Hanalei is more ferocious and domineering.

Especially under the rage, George Han

's a confrontation at all costs has completely occupied the first opportunity.

The aura that seemed to be hidden in Qin Shuang's body was very domineering, but it only took less than five minutes to inhale with George Han, and he chose to retreat.

George Han was unrepentant, and the black energy outside his body spread wildly, and he was bound to swallow the breath that hurt Amelia Su.

At this time, Ningyue and others also arrived one after another. George Han suddenly left the table at the wine table, and his expression was wrong. After they noticed it, they hurried over, but when they entered the room, they found Amelia Su who was dying, and George Han who was full of black energy. Thousands, could not help but be shocked.

Ningyue took a step ahead and quickly brought Amelia Su to her side.

"Go...to help George Han, although George Han has recovered, his body is extremely powerful and he is unable to control himself. His mood

swings will become very large, and he must be stopped as much as possible. Otherwise...everyone should fall into the city. There will be danger!"

Although many people didn't understand George Han's current situation, they couldn't care less when they heard Amelia Su's words and hurried their luck to try to pull George Han away.

However, even if everyone worked together, when they first arrived at George Han's side, the black aura instantly became extremely aggressive. Everyone didn't even understand what was going on, and they were all thrown away.

The black air was frantic, and everything around the house shook.

Ningyue quickly got up from the ground, glanced at everyone, endured the pain, and shouted loudly: "Everyone, don't relax, we are in the periphery and are so embarrassed by the black qi of George Han, Qin Shuang is in it. , I'm afraid it will be even more difficult."

"In any case,

open George Han and rescue Qin Shuang."

"Yes!" Everyone took the order.

The next second, under the leadership of Ningyue, everyone rushed to George Han again.

This time, the collective efforts of everyone finally broke through the shackles of the black qi and successfully reached the surroundings of George Han. A piece of energy in each person's hand also directly entered George Han's body, trying to help him stabilize his heart.

"My God, why is the aura in his body so chaotic? I've never seen such a scene of true

qi in someone's body!" "Not only demonic energy, but many other auras, my God, this guy is Is it human? If it is human, I think anyone could have exploded and died."

Some things are not known, but they are startled when they see it. Now everyone has the opportunity to peek at George Han's body. Naturally Shocked and speechless.

This is simply a big metamorphosis alive!

With such a chaotic aura in the body, actually...

How could it be so? !

It should have exploded long ago. This is basic common sense.

"Don't be distracted, control him!"

Although Ningyue was shocked, she understood the more important task at the moment.

Everyone obeyed, and only then did they refocus their attention from the shock.

At this time, George Han still had no intention of letting go of that breath. Most of the power in his body is still chasing wildly in Qin Shuang's body!

Qin Shuangjuemei's face clearly showed an extremely painful expression, but George Han, who was already red-eyed, he couldn't see it at all.

"Qin Shuang is in danger!" Ningyue

was shocked when she noticed it.

If this goes on, I don't know what will happen to George Han, but Qin Shuang will definitely die!

Chapter 4338

Regardless of other things, Ningyue has no choice, at this time, she can only pounce on George Han herself.

Buzz!

At that moment, Ningyue only felt as if she had encountered a super-powerful synthetic strange body.

Her body was obviously being madly rebounded by George Han's black qi, but the true qi in her body was madly draining.

Suffering, extremely uncomfortable.

The damage rebounded from the outside is like a meat grinder, but the absorption inside the body is like a huge sponge, madly rolling in her breath.

Under the double attack, even Ningyue felt that everything in her was rapidly draining.

“Ningyue is in danger, everyone please help.” Mo Yang shouted.

In the next second, a group of people stepped up their efforts again, almost without reservation, and their attack on George Han became more ferocious.

No way, maybe there were people who thought he was the leader of the alliance and didn't dare to kill him,

but now that Ningyue and Qin Shuang have had accidents one after another, everyone can't control that much.

Jianghu Bai Xiaosheng kept shaking his head, from the current point of view, the situation in front of him was not good.

“For us, it is a great thing to have George Han as a teammate. He alone is enough to destroy the land. For us, it's a disaster.”

“Except for Qin Shuang and Ziqing, our good players basically have everything they can, but you can see the scene.”

Yes, Amelia Su must admit that, That is, even though so many good players played together, George Han did not fall into any disadvantage at all.

You know this is when George Han's attention is all on Qin Shuang.

Once George Han attacked everyone with all his strength, it would be a devastating blow.

“

Now Ningyue is trapped. Although everyone is rescued, the stalemate is only temporary. I believe that they will end up the same as Ningyue.”

“And at that time, do we have anyone else who can save them? ?”

Amelia Su understood what Jianghu Bai Xiaosheng said, and he obviously wanted to help himself at this time.

“What do you think I should do first?”

“Three thousand is obviously irrational because of demonic energy, and now he is completely disowned. Anyone trying to stop him is futile, and the only way at this time is to make him stop. “

George Han cares about you the most in his life. I believe that at this time, the only person who can really make him return to himself is you.”

Amelia Su asked, “Do you want me to wake him up?”

Jianghu Bai Xiaosheng nodded heavily, this is the only way: “But you will be in danger in this way.

“

“It was because of my recklessness, what should I be afraid of when I am in danger? Besides, he is my husband. , I believe he won’t hurt me.” When the

words fell, Amelia Su directly regrouped, and then suddenly attacked George Han.

“Three thousand, it’s me, wake up!”

Amelia Suyi called out beside George Han.

But at this time, George Han’s eyes were still blood red, and his internal strength was still chasing Qin Shuang.

“Amelia Su, let’s beat him directly. Our true energy is being absorbed by him crazily, and these forces not only did not stop him but made him stronger.” Ningyue used all her strength and shouted loudly.

Amelia Su gritted her teeth and watched Qin Shuang getting worse and worse, and hit Han 3,000 directly with one palm.

boom!

A muffled sound!

But George Han seemed to be like steel and iron bones, unaffected at all.

On the contrary, Amelia Su, like Ningyue and others, rebounded and absorbed again.

Ningyue and the others were still able to persevere no matter what, but Amelia Su was injured in the previous process, how could she still have the strength to resist?

She was sucked directly, and a mouthful of blood flowed directly from the corner of her mouth.

“Three thousand, are you crazy? That’s Amelia Su! Stop it!”

“Three thousand, stop, you will kill Amelia Su like this, I beg you!”

“Three thousand!”

Everyone panicked She shouted, but George Han didn’t react in the slightest. Gradually, Amelia Su’s face was as pale as paper, and her breathing became extremely weak...

At the moment when George Han suddenly heard a voice in his mind, the next second, his red eyes Disappeared, and his whole body was instantly awake.

Looking at Amelia Su, who was so angry, George Han suddenly realized what he had done!

He suddenly pulled back: “This devilish energy...”

Chapter 4339

He glanced at Qin Shuang in horror, and the next second, he quickly supported Amelia Su and put her on the bed.

The Five Elements Divine Stone was directly sacrificed, but for the sake of safety, he only used a small amount of power to catalyze it. After that, he turned his eyes to Mo Yang and the others behind him.

Even though Mo Yang and others were also injured, seeing George Han's eyes, they instantly knew what he meant without him even saying a word.

Everyone put in their efforts, and the three thousand powers of Han injected energy into the Five Elements Divine Stone.

Despite the lack of George Han's main strength support, fortunately, the Five Elements Divine Stone moved slowly.

With the rotation of the Five Elements Divine Stone, a faint light began to gradually sprinkle from above, wrapping Amelia Su.

With this light, Amelia Su's complexion began to slowly recover.

George Han finally let out a sigh of relief and felt relieved, but the strong self-blame still made his clenched fists

bleed from his clenched nails.

How clever is Ningyue, after discovering this subtle movement, she hurried to George Han's side, patted his shoulder, and comforted him: "George Han, don't be like this, we all know that you are unintentional, but, can you let us know what happened?"

George Han sighed and told everyone what happened in the forbidden area of Pei's house.

"Previously, everyone was very happy to meet each other, so I didn't want to spoil everyone's mood."

"In addition, I didn't want you to worry, so I didn't elaborate."

"Unfortunately, I didn't expect..."

Having said this, George Han sighed. one sound.

Mo Yang patted George Han on the shoulder: "In fact, don't say that you have experienced those things yourself, even if a group of us listened here, we all felt trembling."

"To

survive, You are already amazing, so don't blame yourself for being infiltrated by demonic energy."

Dao Shane also nodded: "Yeah, didn't you teach me before? Sai Weng loses his horse and knows that it is not a blessing, demonic energy will affect you. Mind, but it may not help you even more in the future."

George Han smiled bitterly: "If Sai Weng loses his horse at the expense of hurting the people around him, then what kind of blessing comes, I don't care about it at all."

Ningyue He frowned: "To be honest, although I know that you are all comforting George Han, I also agree with what George Han said. The price is too high, and a little stimulation of this devilish energy will make George Han feel uncomfortable. Thoroughly rational, if it goes on for a long time, for everyone, it will be accompanied by a tiger.",

“I said this, not because I am greedy for life and fear of death, but I think it doesn’t matter if we are friends around 3000.

Even if he is a devil, we will recognize him. But what about the others?!” The

Mysterious People Alliance has a large number, and now there are soldiers and people who should fall into the city. If George Han is really the devil who kills without blinking, Ningyue’s Worry is not a fantasy, but a reality that can explode at any time.

“Actually, I’m not defending myself. But, although the devilish energy can easily make me lose control, theoretically it shouldn’t be detonated so easily.” George Han finished his words and looked at Qin Shuang.

In fact, Qin Shuang’s inner anger hurt Amelia Su, and George Han was really angry. But he definitely wouldn’t take Qin Shuang out of his anger.

In the final analysis, Qin Shuang is innocent, so it is really impossible for him to attack Qin Shuang’s infuriating energy at all costs.

But here is the problem.

When her own demonic energy comes into contact with the demonic energy in her body, the two are like enemies.

face, particularly red eyes.

In this unknowing battle, George Han took the lead, so that he could not control himself in the end, and his whole person was completely controlled by demonic energy.

Ningyue also looked at Qin Shuang who was in a coma: “You mean, there is something strange in Qin Shuang’s body.”

George Han nodded: “I used to have it, but I don’t know it very well.

” But the problem is, today...”

With his current demonic energy, he was much stronger than when he first discovered that Qin Shuang was wrong.

At that time, the secrets in Qin Shuang’s body could not be found, and George Han felt that the problem might be that his cultivation was not qualified enough.

But now...

even if he is stronger by N grades, he can chase after that devilish energy, but George Han still can’t handle it.

In other words, it is also getting stronger, or...

George Han suddenly opened his pupils and thought of a terrifying possibility...

Chapter 4340

“Sponge”

George Han suddenly blurted out.

Two words, not a lot of words, but enough to make everyone have a question mark, and have no idea what George Han is talking about.

Ningyue thought for a long time, and suddenly guessed: “You mean... the power in Qin Shuang’s body...”

George Han nodded: “Yes, the magic in her body should exist in the form of a sponge. “

So, when it can’t be broken, it itself is like a sponge, which can directly rebound any force.

And once it breaks through its enchantment point, it softens directly, like a sponge absorbing water, and constantly devours it.

“Although you don’t understand it very well, your statement is actually the most in line with the situation just now. It is both rebound and absorption. However, what does this mean?” Ningyue said.

George Han shook his head: “I don’t know what it means,

but I believe that this must have a deep meaning behind it.” No matter how

strong the demonic energy on the opposite side is, it is absolutely impossible to be strong enough to compete with him all the time.

It’s not that George Han is arrogant, but it should be the case.

After all, George Han’s demonic energy is so strong that he can’t even control it himself. On the other hand, Qin Shuang, no matter how strong the demonic energy in her body is, is still only a small individual that exists in Qin Shuang’s body.

But they were leveled.

Therefore, the only weirdness can only be on this “sponge”.

George Han also believes that this seemingly inadvertent point may actually be the key point of cracking.

Maybe there is no answer now, but George Han believes that sooner or later, everything will surface.

Looking at Amelia Su, George Han saw that her complexion had improved significantly, and she felt more at ease.

He gently lifted

Qin Shuang up, and then once carried black energy in his hand.

“You... are you still coming?” Seeing George Han like this, Ningyue quickly stopped her.

“A fool will never make two mistakes in the same place, let alone do you see me as a fool? Senior Sister Qin Shuang’s body is already very dangerous. I fought again just now. If I don’t help her, she will I can’t even survive tonight.”

“Don’t worry, I have dealt with the demonic energy in her body, I know how deep it is.”

After that, George Han re-injected the black energy into Qin Shuang’s body.

But the difference from the previous one was that this time George Han had indeed changed his strategy, and... he had become extremely obscene.

If it was said that George Han was chasing after that demonic aura before, then now the roles are completely reversed, and George Han’s aura is like a thief.

Constantly dodging in the east is not doing any
head-to-head confrontation with that demonic energy.

At this stage of you chasing me and hiding, George Han continued to irrigate the Qi of Chaos into his demonic Qi, and used the Qi of Chaos to repair some injuries in Qin Shuang’s body.

The Qi of Chaos can transform all Qi, and using it to repair the wounds in Qin Shuang’s body can complete the camouflage to the maximum extent and not be destroyed by the devil’s Qi.

When this was done, George HanShane breathed a sigh of relief, but at the same time, he was completely hurt again.

He doesn’t have much chaotic energy anymore, and the gluttonous eater of evil has been in a bad state recently, and it is difficult to lick its wool.

“George Han, how is it?”

Seeing George Han open his eyes, Mo Yang hurriedly asked.

“I helped her mend a lot of wounds, but her breath and pulse are very strange. I’m not sure about this. I’ll go back and study the ancient books on Xianling Island to see if I can find anything.”

“She deserves her life. Don’t worry for the time being.”

“Three thousand
, go back and rest, you look very tired,” Ningyue said.

George Han nodded, anyone would be exhausted after such a toss.

Reaching out to check Amelia Su’s pulse, the Five Elements Divine Stone has been repaired for so long, and Amelia Su is obviously much better.

He got up and took down the Five Elements Divine Stone. George Han hugged Amelia Su and returned to his house.

Amelia Su was resting, and George Han was not idle. He picked up the book from Xianling Island and began to study it.

Qin Shuang’s body is too strange. Although she did have a lot of injuries during the repair just now, these are not enough to kill her, but Qin Shuang has always been on the brink of death.

In addition to that weird magic energy...

George Han didn't think that Xianling Island's book could have any record of this situation, but he was also idle when he was idle, and people were lying there. He always thought of a way.

Do your best.

But the accident soon appeared..
