

HTC 4371

Chapter 4371

“Oh, don’t come here.”

“Hey, you are an adult’s plaything, and I am also instructed to detoxify you.

” The sound was normal at first, and the adults nodded with satisfaction at the beginning.

But soon, when the adults were smiling, things started to look different again.

“What are you doing? Don’t come here, get up, you bastard, the poison is cured, you should go out!”

“No, bastard!”

Hearing Amelia Su’s angry and aggrieved scolding, the smile on the adult’s face immediately froze. .

Damn it, bastard, it’s nice to say it’s doing things for Lao Tzu, but it’s obviously doing it and doing it and fu**ing staring at it.

This fu**ing blowfly!

The adults couldn’t help it immediately, how could his beauty let others get involved.

Immediately, he got up one by one and kicked the sturdy door directly.

Inside the house, George Han was already

on Amelia Su’s body, frantically trying to take advantage of him.

With a bang, the adults got angry directly.

“Stinky boy, I fu**ing killed you, how dare you cut my dick?”

As soon as he finished speaking, he wanted to pick up the big knife and cut the three thousand in the South, but when he thought about it, he might accidentally injure him. That beauty, he still threw away the big knife and chose to directly pull George Han away.

However, when the others just rushed behind George Han, George Han seemed to have already discovered the clue. He turned around and took the initiative to move away. After that, he walked around the door towards the door.

The adults should have been able to reflect this, but when he looked worriedly at Amelia Su who was lying on the bed, he was completely lost for a moment.

Where is the beauty lying down, it’s George Han!

What about the beauty? !

“Bang!”

There was a muffled sound, the stone gate was closed, and George Han stood at the door with a cold smile.

Then where is George Han, who is clearly the beauty!

The two of them changed their clothes, and it was a day-to-day change.

“You!” The adults were shocked.

But where would George Han give him any chance to pay us back? He stood up on the spot, and the jade sword in his hand suddenly swung horizontally, and placed it directly on this guy’s neck.

“Don’t move!” George Han shouted coldly.

The grown-up looked angry, the little man dared to hold him hostage, it was simply not good to die:

“Quickly take your little broken sword to the deity, otherwise, don’t blame the deity for tearing you to pieces.

” Hmph, your mouth is really stinky, how many years have you not brushed your teeth? The knife is on your neck, and you are still talking mad to me here?”

“Joke, just relying on your little tricks, Do you really think you can hurt me?” He sneered.

If this was the case alone, he would have

been smashed into pieces by a long time ago.

Which person here didn’t get up and down from the bottom? Which one is not the tip of the knife licking blood and stepping on the corpses of enemies and opponents all the way to this day.

Although he is now intoxicated and obsessed, that is the privilege he should have enjoyed after the storm.

But these privileges do not mean that he has no strength now.

“I’m not afraid to tell you, don’t talk about this little broken sword in your hand, even if I thicken it ten times, or even hundreds of times, can you still hurt me?” It is true that he does not put Yujian in his eyes, but the truth is exactly as he said.

“Tell me, who are you?”

“Previously, I thought you were a good boy, but I didn’t doubt it. I lost my mind for a while when I saw the beautiful woman, and gave your boy a chance to put the sword on me. This is something you are proud of

. Of course, it is also the root of your qualification to let this deity personally ask you about your identity.”

George Han smiled softly and shook his head helplessly.

“When your mother gave birth to you, didn’t she tell you that qualifications are only for the strong? Are you worthy of bragging in front of me?”

“What do you mean by that?” he said coldly and angrily.

“It means, are you qualified to know who I am?” George Han sneered.

“You bastard! You are so nasty, don’t talk nonsense, come and kill me.” The lord shouted angrily, and his huge body suddenly opened up!

boom!

Just like a bomb exploded in the body, just the air around him has directly blown the windless around.

hum!

The jade sword hummed!

The sword is actually under the vigor, and it vibrates faintly!

“Looking for death!”

George Han Jian frowned and slashed directly at his head...

Chapter 4372

“Bang!

“

Very sharp!

But in the next second, with a muffled sound, the sword should have slashed directly on the skin, but the abrupt anti-Buddha slashed on the diamond.

Sword back!

The tiger’s mouth was also slightly numb.

George Han looked at the adult in disbelief and couldn’t help frowning.

In terms of George Han’s strength and cultivation level, not to mention cutting someone, even if ten masters stand in a row, they will definitely be able to wipe their heads with one sword.

But the strange thing is this, just this adult has a head, but George Han is just shaken by the sword.

“Haha, haha!” Seeing this, the grown-up laughed and said extremely arrogantly: “Waste, you are dumbfounded, this deity said that just because you are a mere boy and a mere broken sword, you want to cut me off. Your head, you are talking about a dream.”

“Put down your sword quickly, this deity can make your death more comfortable.”

Amelia Su looked at George Han in shock. Obviously, such a change was not in Amelia Su’s consideration. middle.

George Han’s black energy dissipated: “You don’t have to be too complacent, just now, just because you are afraid that a sword will really kill you

.

“

“Broken!”

This time, George Han’s energy was almost full. He really didn’t lie. Although a mere adult, although he seemed fierce, he should not be the absolute master behind him.

Because of him alone, it is impossible for him to achieve such an exaggerated and terrifying arresting action, extending from the Central Plains to the land of the Demon Race.

Therefore, George Han really wanted to save his life so that he could dig out the big fish behind him.

But after this strange situation, George Han has

begun to be a little unbelieving, and naturally there is not much restraint in his hands.

“Bang!”

This time, the sword with Han 3,000 strange power no longer bounced back, but directly converged on the blade and slashed towards the lord.

However, the crisp sound still sounded, and the huge body of the adult was directly knocked several meters away due to inertia, and smashed heavily on the bed, literally smashing the bed.

George Han looked closely at the adult who got up from the ground again, and he was extremely shocked that there was still no knife edge on the adult’s neck, but it was slightly red and swollen due to the force.

“fu, **kid, you’re a bit of a motherfuer**, you can actually knock Laozi away?”

The adult who got up from the ground sneered coldly, and also had a little appreciation for George Han in his mouth.

In this Demon Castle, of course, no one can kill him, but it is absolutely rare for people who can knock themselves away.

The thin guy in front of him is one of them.

“Hmph, but, so what? You can never hurt me in the slightest.”

“You cut me a hundred swords, but I only need one punch to send you back to the west.” , and then gently put it on the stone platform next to it!

boom!

The entire stone platform exploded on the spot, turned into countless powders, and fell all over the ground.

Amelia Su was obviously surprised, this guy is too powerful.

Although the stone platform was placed in the bedroom to act as a table, because of its huge size, it was not a few thousand pounds, but eight or nine hundred.

Such a solid boulder can be shattered with just a single punch. How can this kind of power not make people feel afraid? !

“Three thousand, be careful.” Amelia Su couldn’t help worrying.

George Han sneered, not only without Gu Amelia Su’s

reminder, on the contrary, he retracted his jade sword and walked two meters in front of the adult:
“Look at you, I want to try, can you knock me down with one punch? “

I guess, you can’t do

it.” George Han shook his finger, mocking him.

Amelia Su was dumbfounded, what is George Han doing? It’s obviously not the time to fight, right? !

But George Han knew very well that the adult in front of him was very strange. It would not be difficult to kill him completely, but if he wanted to hurt him with a sword and subdue him, it would be impossible for a while.

And here is his territory, once this guy calls for help, his actions may fail.

So, instead, find an opportunity to get in touch with this guy a lot, take the opportunity to learn more about this guy, and then find out the flaws and accomplish what you want.

“fu**, brat, where the hell did you get your confidence? Are you sure?”

Chapter 4373

“fu**, this deity has been in the world for so many years, and I have seen all kinds of cheap people, but you are the only one, I It’s the first time I’ve seen him.” The

lord smiled grimly, obviously, he didn’t take George Han seriously at all.

People like him, although much taller than most, are too thin.

It’s like a bamboo pole, let alone a circle, I even need two fingers to directly break it like chopsticks.

Outspoken, self-confidence.

“Since I can say this, sir, I naturally have no room for remorse, but I don’t know if you dare.”

“Damn, why does this deity dare? .” The grown-up said disdainfully.

“Okay, then I’ll give you three punches. If you can’t kill me, then I’m sorry, but you also stand up obediently and let me cut three swords ,

how about it?”

Whoever falls is the loser.” When the

lord heard this, he sneered: “You bastard, your stupid energy is really pleasing to the deity. It’s just a pity that stupid energy is liked because you are stupid enough and don’t like it. It will make people think about you any other way.”

“Idiot, damn it.”

“Three punches, are you ready?”

George Han smiled lightly, the black energy in his body was moving, it seemed he didn't do anything Too much preparation, but in fact, it has completely put on the defensive posture.

"Looking for death!" With a cold snort, the adult raised his fist and moved.

Even though Amelia Su knew George Han's ability well, but at this time, George Han did not resist at all to take the opponent's big punch attack, Amelia Su couldn't help but worry.

After all, this is...

"Slow!" At the

critical moment, Han

George Han suddenly shouted.

Hearing this, the adult stopped in time.

He glanced at George Han coldly, and shouted disdainfully, "What? Brat, are you fu**ing scared?"

"With such a performance, what is he afraid of? !

George Han sneered, looked at the grown-up, and said softly: "Afraid of you? I'm not, but I suddenly remembered that we should make another rule!"

"Damn, you're so damn good, you've already started a lot. The problem, if it were an ordinary person, I would definitely be lazy. But today, forget it, it's your stupidity to take my fist, you say."

"It's nothing, we have to agree in advance, whether it will stay or win or not. If you lose, it's pain or suffering, if you're all a man, then keep your mouth shut and don't make any noise, how about that?"

George Han was afraid

that the movement would be too loud and cause trouble.

Hearing that George Han was this request, the adults immediately sneered disdainfully: "I fu**ing thought you wanted to say something, so that's all? Well, I promise you."

"Are you ready?"

George Han points nodded.

The next second, the adults did not intend to be polite at all, and directly used all their strength to punch out.

For the sake of security, George Han directly transformed into a force!

boom!

With a muffled sound, a punch hit George Han directly in the abdomen, and Amelia Su's heart rose to his throat almost at the same time.

George Han smiled slightly and patted his abdomen.

The grown-up also frowned. Originally, he was bound to get this punch, but what he never imagined was that George Han actually took this punch.

He looked at George Han coldly, and said somewhat incredulously: "Stinky boy, this is also okay? You must be hard to bear, right?"

"Would you like me to hit you a second time later?"

"In his eyes, although George Han was really capable of carrying this punch, he was definitely just holding on.

No one can escape unscathed from his own punch.

But only George Han knew that his punch had some power, but it was like someone slapped an egg on him.

"I see, you should just throw two or three punches together. Seriously, seeing how strong you are, I didn't expect you to be so weak. I can't wait to slash you, hurry up."

"fu**!" He was the most unbearable to be directly told that he was false. He immediately raised his fist and was not polite at all. He directly punched George Han twice in a row.

"Bang Bang!" The

two punches ended, but George Han still looked at him with a faint smile: "That's it? It's up to me!"

Chapter 4374

The adult is very depressed and unhappy. He punches three times in a row, and he punches to the flesh. He can also guarantee that almost every punch he punches exerted all his strength.

However, he didn't understand why George Han was still standing here.

It's just fu**ing impossible.

In this world, if there is someone who can eat his punch, he can understand.

But what about two punches? !

There should be very few!

At least in his cognition.

As for the three punches, it should be even rarer.

Although it is rare, it does not mean there is none, but at least it should not be what this guy in front of him can do.

He is completely a bamboo pole. How can a bamboo pole be so resistant to fighting? !

"Did you use some kind of underhand trick? It's impossible!"

"With your figure, I

can beat you with shit.”

“Speak!”

He was anxious, he was completely anxious.

“Why, now you are afraid of eating my three swords, so you are making excuses here?”

“Damn, who the fu** is afraid? This deity will be afraid of you, a thin bamboo pole like garbage? You couldn’t cut me before, you Thinking it’s all right now? I’m just curious about what kind of tricks your kid has used.” The adults naturally disdain and will not admit defeat.

George Han smiled lightly: “Don’t call me a young man, bullying you, an elderly person, let’s do it, or I’ll give you a chance to punch you three times?”

Hearing this, the guy instinctively wanted to yell, because George Han made it clear that he was humiliating himself. How the hell could he be so old?

Not to mention it is so big that someone needs to let

it !

But he didn’t say this, because, compared to this kind of anger, he was actually more willing to accept George Han’s opinion.

After all, he was too unbelievable and too curious that George Han actually ate his three punches.

Fighting again in a row can indeed make this guy unable to bear it, and at the same time, it can also give himself a better chance to figure out what little trick George Han has used.

In the end, reason overcomes anger: “Boy, this is what you said, don’t regret it!”

George Han smiled, knowing that the fish was hooked: “I will never regret it, come on.” The words ended, George Han Re-pose.

The adults are not wasteful, once again luck, punched George Han and smashed it.

You are rushing to court death, revealing flaws, is it possible that I can still be polite to you? !

However, with one punch, Han

George Han still stood there as steady as Mount Tai.

damn it!

Depressed, he took a sip, and then he gasped, and another punch!

One more punch!

Three punches in a row.

But what made him very depressed was that George Han still stood there steadily, not moving at all!

“Damn?”

This time, the adults were completely dumbfounded.

This is definitely not a dead end, but this kid really completely resisted his own attack, after all, it was a six-shot fist.

He couldn't make a reservation just by holding on.

"Hey...you kid, you're so fu**ing evil!"

"You can't control this, it's up to me!"

Although the adult was a little reluctant, he still straightened his body, stretched his neck, and patted: "Come on. Come on, don't say Lao Tzu bullied you, Liu Jian, cut it for me!"

"

Okay!"

George Han was not used to it, and when he raised the jade sword on the spot, it was six strikes!

George Han's strength is very strong, and each sword is extremely powerful. In order to stabilize his body, one of the force-bearing feet has to break through the solid floor before enduring it.

However, no matter what, his neck really couldn't stand the six swords.

Except for some **, there is nothing else.

George Han frowned, apparently not responding.

In fact, he carefully observed the process, but unfortunately he did not find any flaws!

This old thing is a bit interesting. It is difficult to subdue him.

"How is it? Brat!" The adults were very proud, looking at George Han and smiling.

George Han didn't speak, he smiled lightly, his eyes suddenly found something, and he placed it directly on the jade sword.

Weird!

Chapter 4375

is really strange.

The overall shape of the entire jade sword has been slightly crooked.

What kind of concept is this?

Logically speaking, judging from the strength of George Han and the accuracy of the jade sword's attack, if the continuous attack fails, it is like being chopped on scrap iron, so the blade should be damaged.

Like breaking out of the sword or something.

But strange is also strange here.

The mouth of the sword was intact, but the body of the sword was distorted.

The reason for this result is actually quite obvious.

That guy's neck should look hard, but it's actually soft. Otherwise, the Jade Sword would not have this twisted condition.

But the facts in front of them tell the real facts.

So...

George Han suddenly understood.

No wonder, no matter how much power I use, I can't hurt him in the slightest. It turns out that the beauty is here.

The outer skin is very hard and can effectively resist shocks, while the inner part is extremely soft and can help transform power.

This is like adding a sponge to an iron plate. If you want to destroy it with brute force, it is not a matter of strength or lack of strength.

It seems that he did not play with this guy in vain.

"How, do you still want to play? You may lose if you are playing." George Han laughed.

"Stinky boy, you really can brag, it's like you're taking advantage of it, goddamn, aren't we tied?!"

George Han shook his head: "A tie? Not necessarily? I have found your flaw, can you find my flaw?"

"You found my flaw? Haha, laugh at me, young man, you are like that. Like bragging? If you say it like this, then I have also found your flaws."

George Han shook his head: "You can't find my flaws at all, because I

rely on my true ability to withstand your attack, I it is even possible to directly increase the defense on this basis."

George Han really did not brag about this, and up to now, he has not even used the perverted defense artifact such as the Indestructible Profound Armor, and he has not used such as the Phaseless Divine Art. Cheating and cheating, he simply relies on his own flesh and true ability.

To deal with people like adults, he really doesn't need any other excessive defenses.

Infuriating in itself is enough.

"Your motherfu**er can really blow!"

"Blow or not, try it and you will know." When the

words fell, George Han moved his hand, and his right hand directly transformed into yin force, and the whole person drove the jade sword under the penetration of yin force. !

Like Tai Chi, it seems light and slow, like an old man.

Seeing George Han attack like this, the adults are naturally disdainful. For him, George Han's move is obviously too slow to be outrageous. At the

moment The adults believe that this blow will completely kill George Han. Although George Han's attack just now didn't have any effect, but that is because George Han was indeed defending in the process, but now it is completely different. George Han's energy is almost used on offense, and naturally, his defense will be relaxed and reduced.

Isn't that the best time for him to break George Han? !

Thinking of this, the adult sneered with a trace of grimness.

Boom!

The two punches directly hit George Han's stomach, and almost the next second, George Han's sword also slowly slashed towards the adult's neck.

It's just that compared to the last slash, George Han chose a straight stab this time, and unlike the previous slashing of the entire neck,

George Han's straight slash this time did not directly aim at his neck, and Just aiming for the thick skin next to his neck!

That appearance, as if George Hanyi sword accidentally stabbed crooked.

"What? Several powerful attacks have made your hands tremble? You can't even stab me?" The

lord sneered, obviously, such a low-level mistake should not happen in anyone's hands. And once it appears, it means that George Han has completely collapsed at this time.

With such a situation, what is there to be afraid of? ?

George Han smiled lightly: "Sometimes it's too early to be happy, why don't you know, I'm deliberately stabbed crooked?!"

"You can really **fuing blow it, fu!**" The adults contempt.

There was a coldness in George Han's eyes: "Then let me see, what is not bragging." When the words fell, George Han suddenly picked up the long sword...

Chapter 4376

brush!

The sword rises, and the tip of the sword lifts up so much skin!

Not much, but it's like pulling open the skin of a chicken.

Then the sword stabbed again at this time!

brush!

The sword pierced directly into the skin!

George Han laughed coldly and turned the jade sword in his hand!

Whirring whirring!

“What?!”

As the sword turned, the small hole that was stabbed a little bit was quickly enlarged, until at the end, it was already a huge wound.

“It’s now!”

George Han laughed coldly, his body suddenly spun and flew up, and stabbed the adult’s neck directly from another angle!

The iron on the surface was directly pulled out by George Han in this way, so the inner “sponge” actually didn’t have its original strength.

Kill all the way with the rotation of the sword belt!

Soon, George Han stopped gently.

And the jade sword also accurately stayed next to the artery in his neck,
only a small difference.

“You lost.”

George Han said indifferently.

He only needs to exert a little force, then what is waiting for this adult is the rupture of the artery, the blood will not stop, and he will die.

“What? How is it possible, how could you stab me in the throat! You, you...” The grown-up stared wide-eyed with a look of disbelief.

He didn’t understand, how can this guy George Han... how can...

George Han smiled lightly: “I know you are very rough, and general softness and hardness have no effect on you at all.”

“However, my It’s different.”

How could George Han, who is familiar with the principles of yin and yang and gossip, could not spy on this mystery? !

As long as this method is used, a large amount of power is stored on the tip of the sword, and the tip of the sword is used to stab, and the power of the tip of the sword will become infinite.

Not to mention that this guy’s skin is like an iron plate, even

an iron mountain can’t withstand the point-to-point blows of George Han’s strange force.

Therefore, once the pass is operated, it is natural to break its external defense.

As for the rest of the defense, for George Han, it was no longer any obstacle.

“You...” The big man became anxious.

“You have two choices, one is that you try to call someone, but you will definitely not see me if I die, what I can guarantee is that you will die, the second choice, what do I ask, what do you answer, maybe, you You can save a dog’s life!”

Hearing George Han’s words, the adults instinctively wanted to be angry, but found that he had no right to be angry any more, so he could only grit his teeth and said, “You bastard, how dare you talk to this deity, Say, what do you want to know?”

George Han smiled wryly, this lord should be used to it, it’s this time, and he’s still forcing it here.

“Who ordered you to arrest so

many women? What’s the real purpose? Are there any remaining women? Where are they?” George Han asked.

Hearing that George Han was asking this, he suddenly frowned: “Who is yours?”

“There are some things you can’t ask!”

“There are only things in this world that I want to ask or not, and there are no things that I should ask.” George Han said.

“Then you’d better do it. I have nothing to comment on this matter.”

“Okay.” George Han didn’t talk nonsense. He moved his left hand without the sword, only to hear a crackling sound, the guy’s arm. In an instant, one was directly twisted off.

However, this is not over yet. When the adult felt extremely severe pain, the jade sword in his right hand has been withdrawn mercilessly, and then pulled directly down along his flesh!

puff!

The sword went straight down from his neck, passed over his shoulders, passed his hands, and reached his

palms!

After that, the sword returned to the artery in front of the neck again in an instant.

If it hadn’t been for the skin from the neck to the shoulder to be directly cut with a long wound, the adults would even think that nothing happened just now.

Because everything is too fast, but in the blink of an eye, a second!

“Ah, ah, ah!!”

Just as he was stunned, suddenly, a stronger pain directly attacked his brain.

The wound will finally start to react, and it will start to hurt.

George Han was actually picking his skin just now!

Really cheap and cruel enough.

He distracted himself for a while by twisting his arm, and then used the sword to fu** himself up. When he came back to his senses, the sword stuck to his throat again, which made him really angry but not at all. any way.

At this time, George Han laughed again...

Chapter 4377

smile is very evil and gloomy, even adults can't help but feel a chill behind their backs at this time.

"What do you want to do?" asked the old man.

George Han smiled lightly: "In my hometown, pork is a common food, but this stuff is actually difficult to handle."

"However, people are wise, especially after mastering fire."

"As long as Gently burn it with fire, and immediately, the old and thick pork skin will be completely smoked and deformed. After that, the old oil seeps out and makes a crunch!"

"And the inside is also It 's starting to get a little familiar."

"At this time, I grabbed Laopi and slammed it, haha..."

Seeing George Han's perverted appearance, the adults could not help shaking.

Isn't this just about scorching his own old skin, and then roasting the flesh under the skin, then grabbing the skin and tearing

it out ...

He couldn't imagine how heart-wrenching it would be. It hurts, he just went through that picture in his mind, and he already felt goosebumps all over his body.

"Is he a human? I warn you, if you dare to mess with me, you...you must not die."

Seeing that the adults were obviously sweating, George Han didn't talk nonsense, just directly With the left hand, the fire of the sky is in hand!

"No, no, no, don't come here, take your fire away from me! If you're a man, don't do these dirty tricks, you want to kill or cut, I will listen to you!"

"Okay! Are you sure?"

"Of course I am."

This is no more than a nod to the ground. He is not afraid of death. He is only afraid that George Han will torture himself.

"Okay, what you said." George Han smiled coldly, the sky fire withdrew, pinched with

two fingers on his left hand , and directly squeezed out a drop of poisonous blood, and then in the eyes of the adults, it was gently put into the adults.

in the opening that was previously cut.

“Hey!” The

black smoke rose in an instant, and the adults were somewhat unclear.

It wasn't until a few seconds later that the pain hit the whole body.

When he looked down, the blood dripping on his shoulders had turned into a black hole, and along the black hole, he could even see that the yellow floor tiles were slowly corroding.

“You...what did you do to me? Beast, beast!” he yelled in panic.

You know, he is also a big little giant. You can imagine the thickness of his body, but such a thickness can be directly penetrated by people from top to bottom. It is not only terrible to think about. The thing, and more importantly, the pain.

“In our hometown, there is a thing called

briquettes.”

“It's a round piece of coal. In order to make it easier to burn, a lot of holes have been punched in it. You say, if you have a body like this, you will have a lot of holes from the beginning to the end. , what kind of feeling? Will it make me miss my hometown?!”

George Han's sneer was like a knife, deeply in the heart of ** adults.

The sweat on his face was almost raining.

“However, don't worry, I agreed to your request, and I won't do it.”

“Then you...then do you still want to do this?” The adults panicked and said angrily.

George Han smiled lightly: “Why so nervous? I'm just trying.”

“What do you want to try? What do you mean?”

George Han patted him on the shoulder: “It's very simple. I know that you have thick skin. If you want to cut it one by one, it will be too much trouble.”

“So, after trying it, I know that this thing can help me directly separate your flesh and skin and save me trouble.”

“Oh, yes, my lord, doing this is not a nonsense, because you said Well, if you want to kill or cut, I just cut your skin, is it enough to keep your word?!” The

lord was speechless, what the hell is keeping your word? After all, isn't it the same as before, to completely rip off your old skin from yourself?

It's just that one is roasted with fire, and the other is corroded with this thing!

There's no fu**ing difference.

"You...you bastard, you..." At first

he wanted to scold, but seeing that George Han had started pinching his fingers again, ready to bleed, his anger was completely replaced by panic...

He could I don't want to be a skinless monster with only meat...

"Wait a minute!"

Chapter 4378

"What?" George Han closed his hands in time.

He also didn't want to kill this guy. After all, killing such a person is not meaningful at all.

Otherwise, no matter how thick this guy's skin is, he can let him say goodbye to this world with a single axe.

"It was the city lord who asked me to do this."

"I am his left general, and people in Jianghu are called the judge of life and death."

George Han took a careful look at this guy's expression. Although he was very flustered, it was more because of his fear of himself. His eyes were very clean, which showed that he did not lie.

"Will you take me there?" George Han asked.

"The city lord's methods are extremely vicious. If I let him know that I betrayed him, I will die miserably. I can tell you anything you want, but..."

"He is vicious? Is it like me?" George Han sneered.

He didn't know whether George Han was vicious or not, and he didn't want to make a comparison, because he didn't want to try any of these two methods again.

"I think, instead of wasting your time on me, you might as well go directly to the city owner. Let me tell you this, it's not just us who are doing the arrests in the Demon Castle."

"There are many places where the Demon Race is actually We are all doing the same thing. We all belong to a certain force, and arresting people is just doing things for them."

"Also, after such a long period of layout and action, the entire plan has been implemented almost to completion."

Han

George Han . In fact, he had already expected this for no other reason, because it was compared with the same things he had encountered in the Central Plains earlier.

Today's Demon Castle is even crazier and more cruel.

Even, to a certain extent, they have reached the point of killing the chicken and getting the eggs.

If an action is only in the early or mid-term, as long as they are not fools, they will almost never do it.

Because this will make their follow-up operations impossible to start at all, and even the entire operation will die.

The only reasonable explanation is that they have reached the late stage, and they only need to do their best to make up the last point.

Therefore, they will completely ignore it.

“Actually, to tell you the truth, according to the plan, the number of tasks we have now has actually been completed.

It’s just that there are too many people participating in this operation, and if there are too many people, it is inevitable to take the card, and because of this, it is only now. It ‘s a little slower than the original progress.”

“I don’t care what your purpose is, in short, this matter is not something you can intervene, nor can you change it. So, let me go and get out of here immediately. When you leave the Heavenly Demon Castle, the deity suffers a little bit of a loss, just pretend it never happened, what do you think?”

This may be a good choice for anyone.

After all, things seem to have become a dead end, and it is best to retreat at this time.

But unfortunately, what he met today was George Han.

A person who is not so easy to compromise, one might even say, is someone who, in a sense, will never give up until his goal is achieved

.

George Han smiled slightly: “Don’t say anything else, just because you are only one person away from this action, I, George Han, will never give up. Since I decided to take care of this matter, then I will definitely take care of it. After all, I don’t care who is behind you, let alone how powerful you are!”

“What? Are you George Han?

“

Who dares to meddle in this kind of business. Originally, I really didn’t want to take you to the city owner, but now, I have changed my mind.”

“Don’t you want to see him? Just because you are George Han, I will take you there. ” When the words fell, the adults simply raised their hands and stopped resisting.

George Han and Amelia Su looked at each other, George Han gently withdrew his sword...

“However, I’m going to talk about it first.”

“If you insist on taking care of this matter, the implications behind this may be far away. It’s far bigger than the enemy you should have faced in the first place.”

Of course George Han knew this.

A power that can play from the Central Plains to the Demon Race, if you say that he is small, it is purely ignorant.

But George Han had to take care of this.

One is for those women, and the other is for the world.

George Han is not such a great person, but he is definitely not a useless person.

Just thinking about the bullshit magic that this group of people practiced before, so many women have become victims.

The trouble is right in front of you, how can you ignore it? !

“Three thousand, no matter what, I support you.” Su Amelia Su also expressed her attitude.

She knew that this matter was huge, so she had

to give George Han a belief.

George Han nodded. With the support of Su Amelia Su, it was equivalent to the support of the whole world.

“I’m sorry, I said just now that even if I am an enemy of the whole world, I will never frown.”

“Okay, George Han is George Han, is it really him?”

“I will take you there. .” When the

words fell, he went out directly, and was about to open the door.

At this time, George Han grabbed his hand.

He smiled: “Although Lao Tzu is not a good person, he also has his own principles. Since I promised you, I will absolutely do what I promised.”

“I won’t go out and let people outside, do you think it’s so easy for us to go out? “!”

After thinking about it, George Han still withdrew his hand, and at the same time moved his hand slightly, and a burst of energy spread on his body, slowly treating him.

The adults smiled and then opened the door

.

The two couples are somewhat nervous. After all, sometimes it’s hard for you to know if this guy’s words are true or not.

But when it comes to this, there is no choice.

Soon, the group returned to the main hall.

The lord suddenly burst out laughing: "Yes, yes, the deity is very satisfied."

"Come on!"

George Han clenched the jade sword in his hand almost at the same time!

"Go, immediately go to inform the city lord, tell him the old man, this deity patrolled today and found an extremely beautiful fairy, ready to present it to him."

Hearing what the judge said, George Han released his jade sword.

"Yes!" The subordinate took the order and immediately withdrew to leave.

"Slow!"

The man hurriedly stopped: "Sir, what else is there!"

"Tell him, this woman is really like a fairy, otherwise I will not violate the rules privately." "My subordinate

understands."

Leaving, the adults

let out a long sigh.

George Han didn't speak. From the current point of view, this judge is still a man, and he did not betray himself.

"You, too, go back first."

"Sir, according to the rules of the city lord, since we are the judges, we should always guard the adults and not neglect our duties, otherwise..." The guard immediately refused.

"You bastards, the city lord asked you to protect me, why do I feel that you bastards are more like monitoring me?!" The adults said angrily.

A group of people hurriedly bowed their heads: "I don't dare to wait."

"If you don't dare, why don't you retire for me?"

"This woman is the one that I will present to the city lord immediately, and I will dress her up before sending her off. What? Do you want to covet?!"

Hearing this, a group of guards looked at each other.

Peeking at the city lord's woman, even if she didn't die, she would almost be blinded, and the crime was definitely not light.

Thinking of this, a few people stopped talking, silently bowed their heads: "Subordinates obey!" After the

words were finished, a group of guards finally left one by one.

The hall was soon empty.

“In fact, our guards are very serious, not only against outsiders, but also against our own people.” The superiors are also monitoring the subordinates. In fact, this can be seen from the outside when the leader is doing things.

They are almost layers of cards!

This is understandable, otherwise, such a big thing would have been leaked long ago, and it would spread all over the world.

And definitely not George Han to deliberately investigate, and there will be interruptions in clues.

Thinking of this, George Han nodded.

In less than a moment, the subordinate just now came back, and when he saw the lord, he knelt down slightly: “I tell the lord, the city owner has a request

Chapter 4380

The two couples glanced at each other, the place of the city lord’s mansion is really secluded enough, if it wasn’t for someone to lead the way, they might be able to find someone who is old and old.

“Others say that tortoises hide their heads, but you see, these guys hide far more than tortoises.” Su Amelia Su sarcastically said.

George Han nodded, Su Amelia Su did not say anything wrong.

Entering the trail, it began to be very dark, almost invisible.

But as several people continued to go deeper, the trail began to shine, but what followed was that the trail became extremely numerous and complicated.

“

Each path seems impermanent, but in fact there are hidden mechanisms. If you are not careful, it will be irreversible. You should follow closely.”

George Han urged softly.

Su Amelia Su all nodded.

As this went deeper, the trails began to decrease, and eventually only one remained, and it became the main road.

The light became brighter and brighter, and from a distance, several people could see the guards standing on both sides.

Obviously, they should have successfully passed through the labyrinth and entered the vicinity of the city lord’s place.

The judge nodded at Han 3,000 people and signaled them not to act rashly.

Then, he walked ahead and walked over first.

“At the order of the city lord, bring a beautiful lady to honor the city lord.”

There were four guards in total.

The guard glanced at a few people, and finally set his eyes

on Su Amelia Su.

This is indeed a great beauty.

“Open the door!”

One of the guards ordered, and soon, the other two guards walked over, and with the two of them working together, the gate in front of the avenue was slowly opened.

Behind the door, a splendid and huge palace came directly into the face.

That is the smell of money, that is the smell of local tyrants.

The entire palace is about 100 meters high, and it is almost impossible to see the top. In the blur, only dragons and phoenixes can be seen flying at the top, and it seems that evil ghosts are chasing each other.

In short, there are both evil and immortals, but in terms of ostentation, George Han absolutely believes that this place is a temple of a god and a king or a temple of a great devil.

It is indeed too big and too imposing.

Walking into the palace, it is about a few hundred meters in width and length, and the guards on both sides are lined up neatly, like a heavenly soldier.

“Damn, this scale...” Su Amelia Su

couldn't help but swear.

Yeah, it's so damn flamboyant, so fu***ing luxurious.

After the few people walked in for about a few hundred meters, they finally stopped. The judge bent slightly, and then said aloud: “My subordinate judge, has brought the beautiful woman.” After the words were finished, the entire hall was quiet except for the echoes. Incomparable.

But just when George Han and the others were a little stunned, there were bursts of footsteps in the hall.

Everyone was looking for the sound, and they couldn't help but be dumbfounded for a while.

In the distance, nearly 40 or 50 people came from the depths, pushing carts and fans, with extraordinary style.

On the golden car of Nuoda, a handsome man with a national character was sitting in it.

To be honest, this man is very handsome. He has the maturity and stability of a middle-aged man. He is about two meters tall, and his muscles are like gold. He looks very hard.

George Han frowned slightly. This

guy , who didn't know it, thought he was a tall and mighty human race, and he didn't look like a demon at all.

At least, this was George Han's first reaction after seeing so many demons.

"He should be from the Central Plains." Su Amelia Su really had the same problem.

George Han didn't speak, his eyes were fixed on the guy.

"Judge, you are here." He said softly.

"The judge is my right arm and my good brother. He came to my mansion in person, why don't you give him a seat soon?" The

words fell, and the ground suddenly trembled. The chair stretched out slowly, impartially, right at the feet of the judge.

"Two positions are missing, Mr. George Han and Miss Su Amelia Su!" He suddenly laughed.

In a word, not only the judge was shocked, but Su Amelia Su and George Han were also startled on the spot..
