

“May I know where Miss Su is?”
Zhong Ji asked casually.

Su Ruijin simply thought that the man was asking in courteous and he simply gave him an excuse, “She is sick. And from now onwards, I will be in charge with all of the cooperation with your good company!”

Zhong Ji nodded and said, “If that is the case, let’s talk after Miss Su recovers.”

After saying that, Zhong Ji turned around and left.

Su Ruijin was stunned on the spot and he hurriedly chased after Zhong Ji.

“Mr. Zhong, you don’t have to worry about that. It is the same now that I am in charge. Rest assured. I am much more competent than Su Yimo, our cooperation will definitely...”

Before Su Ruijin finished his sentence, Zhong Ji stopped in front of his car, “There are countless people who wanted to work with Rumo. Since the Su family is not showing any sincerity, I will reconsider this contract.”

Su Ruijin was stupefied and he stared stupidly as Zhong Ji’s car drove into the distance. He thought that Zhong Ji didn’t care about the matter at all but the man was showing an uncompromising attitude.

Reconsider!?

That reply made the fine hair behind his neck stood. The Su family was simply the middle tier amongst all of the competing tenders. It was almost a miracle that they were able to secure this contract. If it were to be ruined in his hands, the old Madam would just kill him...

What should he do?

Must he really let that bitch take the credit?!

Su Yimo was in vex. He had just rubbed it in on Su Yimo last night. If he were to beg for her help, he would just be humiliated.

At that time, Su Ruijin's phone rang.

"Ruijin, your grandmother is in the company already. Is Zhong Ji not here yet?" Su Wenyi asked. The man was just conceited now that they managed to snatch the golden ticket from Su Yimo's hand. With this, they were able to gain even more prestige in the company. As long as Su Ruijin finishes this task properly, he would definitely be the chairman of the company in the future.

"I am going to the meeting room right now." Su Ruijin said in a grim voice.

Every one of the Su relatives were

present. After all, it was the most important project for the family. In order to show their sincerity, none of them dared to be absent.

The old Madam sat on the chairman's seat. The moment she saw Su Ruijin coming to the meeting room alone, she asked, "Is Zhong Ji not here yet?"

"Grandma..." Su Ruijin lowered his head and said.

The old Madam squinted her eyes and asked, "What happened? Don't tell me you offended Zhong Ji."

The moment she said that, all of the relatives looked at Su Ruijin worriedly, especially Su Wenyi. He was just smug that Su Ruijin was able to secure this opportunity. If he were to ruin this chance, all of his hope to succeed the position of chairman would be shattered.

"Ruijin, what happened? Is Zhong Ji

busy today and he changed the time?" Su Wenyi said.

"Because Su Yimo didn't show up, Zhong Ji was angry. He said... He said..."

The moment the grandmother saw that Su Ruijin was stuttering, she slammed her hand on the meeting table and fumed sternly, "What did he say?"

Su Ruijin answered frightfully with a shaky voice, "He said he will be reconsidering the cooperation with the Su family."

The old Madam's eyes widened and she was overcome with anger. If it wasn't for Su Ruijin that looked for her last night, the person in charge of the project wouldn't have changed and they wouldn't offend Zhong Ji.

There were so many companies that were coveting the collaboration

Novel Reader

with Rumo and they were just happy to have a little share. The Su family had the exclusive contract and yet they might lose their golden ticket because of Su Wenyi father and child.

“Su Wenyi, Su Ruijin, if the Su family fails to get this project with Rumo, the two of you will be ousted from the Su family.” The grandmother gritted her teeth furiously.

The moment the father and son heard that, their face turned pale. They hadn’t expected to cause a complication like that.

But they knew that the old Madam always walked her talk. If she said to oust them, she would definitely do that.

“Grandma, they have already signed the contract. How could they go back on that?” Su Ruijin said in frustration.

Novel Reader

The grandmother sneered, “Don’t you know who the person behind Rumo is!? Do you think us Su family can do anything against them? Even if he were to deliver the liquidation damage right in front of you, do you even dare to accept it?”

The moment the grandmother said that, the family members unknowingly held their breath. Just like what she said, if they were to deliver the liquidation damage, who would dare to accept it? The person behind Rumo was the Han family from Yan Jing!

“Only Su Yimo is able to fix this. The rest of you should see to it yourself.” The old Madam said that and left furiously.

After that, even the gaze of the family members to at Su Ruijin had a subtle change. They knew after what happened, Su Yimo’s position in the company would be different. She would rise to be a challenge to

even Su Ruijin.

Previously, they were rubbing butter and trying to get to the good side of Su Ruijin because he was likely to be the next chairman in line. But now that Su Ruijin made a grave mistake like this, his image in the grandmother's heart had dropped. It might no longer be a guaranteed deal for him to be the chairman.

"Ruijin, I'm afraid you are on your own this time. None of us can help you."

"Yeah, even if we want to, we just couldn't think of anything to help. Now that grandma is furious, you should hurry and get it done."

"I'm still busy, I will leave first."

The relatives dispersed.

Only Su Wenyi and Su Ruijin were left in the meeting room.

Su Wenyi had a hateful expression and he gritted his teeth, “This Su Yimo must know black magic! How could Zhong Ji not gave you any face with your position in the company?!”

Su Ruijin was gnashing his teeth as well and he sneered coldly, “Su Yimo might have even offered her body and cheated on that trash. What a surprise, Su Yimo is just a whore!”

“No matter what, now we need to her to clean up the mess. Your grandmother never went back on her own words.” Su Wenyi sighed.

When Su Ruijin thought about that, he just felt a stinging migraine. Had he known, he wouldn't have made that call to Su Yimo last night. Now that he needed to get Su Yimo to save his ass, it was just humiliating.

“Let me make a call to her.”

Su Ruijin took out his phone and dialed Su Yimo's number.

He didn't dare to drag this a second further. If Zhong Ji were to find another business partner, he would just suffer the wrath of his grandmother.

Su Yimo was ordered to rest at home and she was just frustrated. When she was watching the TV, her phone rang.

The moment she wanted to get up to answer her phone, Han Jingru stretched out his hand and grabbed the phone.

"This is from Su Ruijin. Let me answer it." Han Jingru said.

Su Yimo didn't know what Han Jingru wanted. But since the man said that, she simply let him do as he pleased.

"Yimo, come over to the company

Novel Reader

right now.” Han Jingru opened the loudspeaker and it was Su Ruijin’s voice indeed.

The moment Su Yimo heard Su Ruijin’s voice, her anger erupted again. That fellow had just rubbed it in on her last night, now he wanted to humiliate her in the company?

The moment she wanted to speak, Han Jingru shushed her.

“Yimo is sick.” Han Jingru said.

The moment Su Ruijin heard Han Jingru’s voice, he was just annoyed and he said, “Pass the phone to Su Yimo, you don’t have the right to speak to me.”

“Ok~” Han Jingru simply answered uncaringly and hung up the phone and switched it off after that.

“What are you doing?” Su Yimo asked in puzzlement.

“Su Ruijin is definitely asking for your help. It must be that Zhong Ji refused to work with him and he hoped for you to clean his mess.” Han Jingru said.

Su Yimo was stunned and she asked hurriedly, “Really?”

“Of course.”

Su Yimo stood up immediately and said impatiently, “Let’s hurry and go!”

“Chill~ you shouldn’t be the one to get anxious but him. I figured grandma must be erupting in anger now and Su Ruijin is desperate for your help. He had played dirty to snatch this project from you, do you really want to help him so easily?” Han Jingru said.

Su Yimo didn’t understand Han Jingru. This collaboration was of outmost importance to the Su family. If she could secure it, she

could definitely improve her position in the Su family. If anything were to happen, Su Ruijin would be punished but she wouldn't get any merits as well.

"Then what should I do?" Su Yimo asked.

"Wait. Wait until he begs you. This is a chance for your revenge." Han Jingru smiled.

"But..."

"Don't worry, have you forgotten that the owner of Rumo is my classmate? It doesn't matter if you postpone it a few days." Han Jingru explained.

Su Yimo sunk into a sudden realization and her eyes were flickering. She lied back to the couch and said mirthfully, "Han Jingru, I haven't expected you to be such a sly person!"

Novel Reader

When Su Ruijin's call was hung up, he was so angry that he slammed his phone to the floor.

"This piece of trash, how dare you hung up on me!? Who gave you the right?!" Su Ruijin roared furiously.

Su Wenyi's heart sank. If Su Yimo didn't step up to handle this situation, they would meet their demise.

"Ruijin, what happened? Su Yimo isn't willing to step forward?" Su Wenyi asked.

Su Ruijin sneered coldly, "Han Jingru answered the phone and he said that Su Yimo is sick."

"Sick?" Su Wenyi spat on the floor and scoffed, "I think she is pretending to be sick and purposely wanted to make things difficult for you."

Although Su Wenyi was enraged, he

didn't lose his cool. He knew that they must get Su Yimo to clean up the mess. It wouldn't bother them to lose the business contract but it would be a great deal if they were to be ousted by the Su family.

"Ruijin, let's go. Dad will go with you." Su Wenyi said.

There was a thunder brewing in Su Ruijin's face. After Han Jingru hung up on him, he was just boiling in anger and he was in favor to find fault with Han Jingru.

When they reached the residential area of Su Yimo, Su Wenyi was showing a scornful expression.

"As expected of the lowest in the Su family, staying in this kind of filth."

"Dad, it is fortunate that they could even afford a nest like this. Just a few thousand dollars per month, do you expect them to stay in a mansion in Genting or something?"

Su Ruijin giggled.

The Genting residential area was a reflection of a person's stature. It was the old Madam's biggest wish to be able to move the Su's household inside. Because that signifies that the family had finally risen to the top tier family in Yun city.

The moment Han Jingru heard the knocking on the door, he asked Su Yimo to get back to her room. Since they have decided to pretend to be sick, they should at least put in some effort.

The moment the door was opened, Su Ruijin looked at Han Jingru furiously.

"Han Jingru, did you just hang up on me?" Su Ruijin fumed.

"That's right."

Right after that, Su Ruijin gripped

his fist and hurled it towards Han Jingru's face.

"You piece of shit, how dare you do that to me!"

Thud

Han Jingru thrust his leg towards Su Ruijin's abdomen in lightning speed.

Before Su Ruijin's fist touched him, he was sent flying and knocked on the wall.

The pain from the abdomen twisted Su Ruijin's face and he doubled over to the floor.

"Han Jingru, you dare to hit my son?!" The moment Su Wenyi saw that, he erupted in anger.

Han Jingru simply leered menacingly at Su Wenyi and said, "If you dare to run your mouth again, I don't mind beating you up as well."

Su Wenyi was intimidated. As he looked into that trash's eyes, he felt terror.

Wasn't he a meek loser? Why was he acting so overbearing today?

"Han Jingru, how dare you hit me!?"
Su Ruijin gritted his teeth.

"If you come here to beg, you should at least do it properly. Didn't grandma tell you the consequence of losing the contract clearly?"

The moment Su Wenyi and Su Ruijin heard that, their anger subsided instantly. If they couldn't save the business collaboration, they would be ousted by the Su family.

"Han Jingru, does that have anything to do with you? Get Su Yimo out here." Su Wenyi said.

"Why not? Su Yimo is my wife. Now that she is sick, I shall be the one taking charge of our family." Han

Jingru said.

“Wife?”

The moment Su Wenyi and Su Ruijin heard that, they broke into a giggle.

“Han Jingru, do you even have the pride of a man? Relying on a woman? Did we even ask for your opinion?” Su Wenyi mocked.

“Have Su Yimo even agreed to you doing this? And I suppose you don’t even know Su Yimo had cheated on you. Otherwise, how do you think she managed to secure such a deal with Rumo?” Su Ruijin scoffed as he looked at Han Jingru.

The man’s eyebrows lowered. He knew how Su Yimo got it and Su Ruijin was slandering Su Yimo maliciously.

He walked towards Su Ruijin and his eyes were exuding a murderous intent.

Novel Reader

Su Ruijin shrunk back as he felt an unnamed terror. The man stammered, "You... What do you want?"

"If you dare to say another word to slander her, I will make sure you beg for a quick death."

Su Ruijin swallowed a gulp. The man didn't doubt what Han Jingru said at all.

"What are you doing?" At that time, Su Wenlun and Jiang Yan happened to come home and they bumped into the group.

"Wenlun, your son in law is just so daring, he even beat up my son!" The moment Su Wenyi saw Su Wenlun, he acted arrogant again. This younger brother of his was always so meek. He snatched his toys when he was little, his books when he was studying and even his girlfriend in college. Su Wenyi had never lost, not even once and he

had that sense of superiority in front of Su Wenlun.

And Su Wenlun had been bullied all his childhood and the man had developed a trauma towards his elder brother. Whenever he sees him, he would be overcome with fear.

“Han Jingru, are you crazy, you’d even...”

Before Su Wenlun finished, Jiang Yan grabbed him back.

Although Jiang Yan didn’t like Han Jingru one bit, Su Ruijin had just snatched the project away from Su Yimo yesterday. She was just looking for a vent. Now that she saw Su Ruijin getting beaten up, she was just elated.

“Brother, your son deserves that. After what he did, of course he should face some kind of retribution~” Jiang Yan said.

Novel Reader

“You...” Su Wenyi was erupting in anger and even his fingers that pointed towards Jiang Yan were shaking violently.

“What about me? Why are you pointing at me and what are you doing here at my home? I do not welcome the two of you!” Jiang Yan was a crude woman. When her temper strikes, not even Su Wenyi could talk back to her.

“By the way, brother, what are you doing here? You have never visited me.” Su was curious as well. None of the relatives had ever stepped foot in their house. It was just a blue moon!

Su Wenyi and Su Ruijin felt embarrassed and they couldn't say anything.

At that time, Han Jingru explained, “The person in charge from Rumo wasn't willing to speak to the new person in charge. Therefore, they

are here to look for Yimo's help. I figure grandma must be furious."

The moment Jiang Yan heard that, she laughed heartily.

"Brother, serves you right! What comes around goes around, have you ever expected that you will need to ask for our help one day?" Jiang Yan said.

Now that Su Yimo had a leverage on Su Wenyi future, he just didn't dare to talk back despite his frustration.

"Wenlun, we have wronged you this time. I apologize." Su Wenyi said.

Su Wenlu had only seen the overbearing side of his elder brother. And now that Su Wenyi was apologizing, he was just stunned.

Su Ruijin lowered his head and he felt humiliated. But he could do nothing but swallowed it all in.

Novel Reader

“Brother, mother must be punishing you quite severely. Otherwise you wouldn’t be apologizing to me.” Su Wenlun said curiously.

“You must help me this time round. Otherwise I will be ousted by the Su family!” Su Wenyi did not hide the truth from them. Since he had embarrassed himself, he wouldn’t mind humbling himself as long as he was able to maintain his position in the Su family. If he were to be ousted, he would lose everything.

When Han Jingru heard that, he was surprised as well. Although he expected the grandmother to pressure Su Wenyi, to oust the two of them had far exceeded his anticipation.

“No way. Why should we help you? The two of you had created a fair share of trouble for us in the past!” Jiang Yan rejected right away.

“Sister-in-law, why are you doing

something that harm others and not benefiting yourself? If we can work together with Rumo, it is also beneficial for your family. If I were to be ousted by the family, you might be happy for a while, but what can you get?" Su Wenyi said.

Jiang Yan pondered about it carefully and she was agreeable. If Su Wenyi were to be ousted, nothing about their family situation would change. But if Su Yimo could secure this business deal, everything would be different.

"Where is Yimo?" Jiang Yan asked Han Jingru.

"She is sick and resting inside." Han Jingru and said.

"Sick? Why is she getting sick all of the sudden?" Jiang Yan ran inside nervously while screaming for her daughter.

The moment she got into the room,

she saw Su Yimo and the woman appeared completely normal, showing no signs of sickness.

The mother asked, "Yimo, are you feeling unwell?"

Su Yimo smiled cheekily and replied in a low voice, "Mum, I am not sick. It was Han Jingru's idea to get me to pretend to be sick."

"Pretend?" Jiang Yan was stunned. But in split second, she understood Han Jingru's intention. The mother said unbotheredly, "This piece of trash is quite the cunning one!"

"Mum, do you mind not to make such a rude remark towards him in the future?" Su Yimo said in annoyance.

Jiang Yan glared at Su Yimo, "Although he did well this time, you really think this kind of slyness is something to be proud of? Don't tell me you have fallen for him because

of something like this!”

“Mum, I am married to him for three years already.”
