

# His Unwanted Mate

## Chapter 3 Meet him

### **Lillian's POV**

Help! A snake bit me!

I stared at the snake wrapped around my leg in horror, almost fainting. I am most afraid of this cold and terrifying reptile! God, what should I do?

God seemed to have heard my prayer, a large and powerful hand pinched the snake by seven inches, and let it leave my calf in the next second. My heart was pounding, and I subconsciously looked at the owner of the hand. Then my eyes widened.

He is a full head taller than me, and he is definitely more than 6 feet tall. His hair is dark brown and stands short, revealing his full forehead. His nose is high and there was some shallow mustache on his chin. He wore a sleeveless tight top, showing his perfect muscles. His arms look very powerful, and his abdominal muscles are extremely sexy!

Oh God, he is just like a Greek god from a fairy tale!

The terrible snake was vulnerable to a blow in front of him. He waved his powerful arm and threw it forward.

The snake slid a long parabola in the air and sank heavily to the bottom of the water.

"Are you okay?" he looked back at me when he had done all this,

Now I can see his face thoroughly. He has beautiful blue eyes, and the shape of his lips is also very nice, I think it should be very suitable for...kissing.

Under his gaze, I felt thirsty in my throat inexplicably.  
"I....."

He suddenly walked towards me, and I was too nervous to speak. What does he want to do?

It turned out that I was thinking too much. He passed by me, bent down, and picked up a black cloak. Then he put the cloak on my body, his palm rested on my shoulder for a few seconds, and I could feel his palm being hot.

It wasn't until this moment that I realized that I didn't wear anything just now!

This is simply too embarrassing! I was naked in front of a stranger man, and I haven't reacted for so long! He must have thought I was a dissolute casual bitch!

"Th...thank you." I wrapped my cloak tightly around my body, my cheeks burning.

"There are many wild animals in the forest. You'd better not take a shower in the wild in the future." He kindly

reminded.

I feel more embarrassed. It's hard for me to explain this. I can't tell the story of my being bullied by Andy. Because he doesn't need to listen to my troubles.

I nodded, wanting to pack my things and go back to the hotel. But as soon as I took a step, I felt a sharp pain in my calf.

"Ah!" My feet were soft and I fell forward.

"Beware."

The man's low voice rang in my ears. I fell into a warm embrace and he caught me!

I only wore a cloak. The fabric was very thin, so I could feel his body temperature. I smelled a warm scent on his body, like sunshine in winter.

But this distance is too close. I can't help but want to stay away from him.

"Don't move." He put his arms around my shoulders and let me sit on the ground.

He lifted my cloak and saw the scar on my calf. "You were bitten by a snake."

"It's okay, I'll get medicine when I go back." I couldn't help but curl up my legs, not wanting to be stared at.

"The snake was so colorful just now, it's probably a poisonous snake."

"Oh, my gosh! What should I do?"

"I can help you suck out the snake venom." His tone was relaxed, and he seemed to be happy to do it.

He grabbed my ankle and forced me to straighten my leg, then he leaned down.

"Wait a minute!" I stopped him, "If that snake is really poisonous, you will be dangerous if you do it!"

"Are you caring about me?" he asked suddenly.

This question is very ambiguous, and I don't know how to answer it at the moment. He didn't seem to need my answer either, he did not continue to ask, just raised the corner of his lips, showing a charming smile.

"It's okay, I'm not afraid of snake venom." When he finished speaking, he lowered his head and kissed the wound on my calf.

The act of sucking brought pain. I bit my lip and couldn't help making a trembling moan.

### **Craden's POV**

Oh shit! Her groan is really nice!

I vomited the poisonous blood and glanced at her. She

closed her eyes and her lips trembled constantly. There seemed to be teardrops hanging on the eyelashes.

What a delicate human being.

She felt my sight and opened her eyes, the light green eyes were watery. "Is it over?"

"It will take a while." I lied calmly.

In fact, all the poisonous blood has been sucked out, but I still want to kiss her skin. I carefully licked her wound with my tongue, which helped the wound heal.

The human girl's pale cheeks due to pain turned red again when I finished all this. I can feel her peeping at me all the time, and my keen sense of hearing allows me to hear her faster and faster heartbeat.

It seems that she has a good impression of me.

"What's your name?"

"L...Lillian."

"Very cute name." I approached her, smelling the faint scent of jasmine on her body, "My name is..."

**Carden! Shut up quickly! I said she is not your mate!** My wolf growled at me again.

Austin, can you stop being so irritable? I don't want to fight with you.

**Then you leave her! Immediately!**

Why do you have to force me to leave her? Even if she is not our mate, can't I say a few more words to her?

**Listen, the best thing you can do now is to stay away from her.**

Then you go to hell!

I couldn't bear it, and for the first time shoved Austin into the depths of my mind.

But when I was arguing with Austin, Lillian also stepped back, breaking the ambiguity between us.

"Thank you for saving me. But it's too late, I want to change clothes and go home." She euphemistically expressed that she wanted me to leave.

Although I really want to spend some time with her, it may leave a bad impression on her. She lives near here, and I can come to find her again in the future.

"We will meet again."

Looking at her beautiful green eyes one last time, I turned and left.
