

I Am Loaded 1011

Chapter 1011: The Strongest Combination of the Younger Generation! 1

On the other end.

“Bang, bang, bang!”

The ancient trees exploded, sending the trial-takers flying.

In the mountains, Xu Xiaoshou, who had transformed into Mu Zixi, successfully seized the Holy Power Treasure under the horrified gazes of the crowd.

Those trial-takers who had been blasted but survived did not dare to attempt to fight against the little girl with two ponytails.

Some people seemed to recognize the green-dressed little Loli who was the leader of the group of ten or so brutal people. They cried out in panic.

“She, she seems to be the girl beside Young Master Xu, the Dragon Lord of the Fourth Dragon Range!”

“Run!”

The identity had been recognized. In the blink of an eye, the trial-takers ran away without a trace.

Xu Xiaoshou did not let his subordinates continue to chase after them because he had already cleared all the points that should be cleared. He only held a shield that was full of spiritual quality in his hand and fell into deep thought.

When his subordinates saw that the battle had ended, all of them shouted excitedly.

“Congratulations, Leader Mu, for seizing the fourth Holy Power Treasure. You’ve only been down the mountain for less than half a day, but you’ve earned 400,000 points. Leader Mu is incomparably amazing!”

“Leader Mu is blessed by the heavens and is the daughter of fate. I dare to say that this treasure-hunt speed is the best in the Yunlun Mountain Range. It’s amazing!”

“Ever since the treasures descended from heaven, the Yunlun Mountain Range has been one of the places where fewer treasures have landed. It is because most of them have been intercepted by the Cloud Realm World. However, Leader Mu could still make such progress in the treasure-hunt mission. This is simply inconceivable. We are really impressed.”

“That’s right. It seems like these four treasures came to us on their own... no, they were all found by Leader Mu!”

Even though the members of the Xu Faction were flattering her, they carefully chose their words so as not to anger Leader Mu.

They had rushed all the way down the mountain and because Leader Mu was in the lead, they were uninjured. They were all supporting her from the back, and the treasures were easily within their grasp.

Xu Xiaoshou listened to the flattery of the people around him and couldn't stop laughing, but his heart was a little heavy.

He turned his head and casually grabbed one of the faction members and asked, "How many Holy Power Treasures have we obtained?"

"This is the fourth!" The faction members were excited. Their leader had snatched four supreme treasures in one go. The progress was unbelievable even to them.

Xu Xiaoshou said in a low voice, "In less than half a day, I have obtained four treasures. Don't you guys think that this is a little..."

He suddenly stopped, and he chose to shut up in time.

Four treasures...

It was too many!

Even though he had "Perception" and was able to achieve twice the result with half the effort in the treasure-hunt mission...

The Holy Power Treasure came too quickly.

Just as the faction members said, it was as if they had come knocking on the door themselves...

No!

Perhaps, it really was?!

His thoughts paused, and Xu Xiaoshou suddenly made a bold guess.

The Holy Power Treasure was thrown out by Bazhun'an, and Bazhun'an was his own people. If he really had to scatter many treasures around the world as he didn't want to waste them, shouldn't he take care of his own people?

So, these treasures actually had the guidance of Bazhun'an?

"Then, what does he want me to do?" Xu Xiaoshou was suddenly stuck in his thoughts.

"Leader Mu?"

When the surrounding Xu Faction members saw that they failed to fawn over Leader Mu, they all cried out in surprise.

When she obtained the first three treasures, Leader Mu was extremely excited. She said that she would take ten or so people with her to plunder the entire Yunlun Mountain Range.

But now...

Was she over-excited that she now could not respond?

"Leader Mu!"

Someone nudged Leader Mu lightly. Only then did the latter wake up slightly and regain her senses.

“Oh, it’s nothing. I just thought of something...” Xu Xiaoshou replied subconsciously.

The members of the Xu Faction were speechless.

It was nothing and then it was something. This was indeed what Leader Mu would say.

“Leader Mu, what’s next? Which direction should we go?” someone asked.

Hearing this, Xu Xiaoshou took out the trial jade pendant. His gaze focused and he paused on the map as if he had understood something.

From the map, he could see that he had gone down from the Fourth Dragon Range being “guided” by the four Holy Power Treasure and the “active pursuit” during the treasure snatching process.

The route had deviated...

“One at the foot of the Fourth Dragon Range, one at the water stream, one at the Moon Valley, and here...”

Xu Xiaoshou marked the location of the treasure snatching on the map and keenly discovered that these four treasures could barely connect into an arc.

“Is there really a resonance?”

Xu Xiaoshou was shocked by this arc.

He didn’t expect that he had deviated so much from the original route.

According to the thoughts, the ones closest to the Fourth Dragon Range were the Second, Third, and the Ninth Dragon Range.

The Second and Third Dragon Range were currently controlled by Mo Beibei, Tai Xing, who were his people.

Xu Xiaoshou initially wanted to find the main group first and discuss with everyone and Young Master Xu whether he should carry out the treasure-hunt mission or get stuck in the middle of other people’s treasure-hunt mission to take down the title of the Ninth Dragon Lord.

Therefore, his original route was to head in the direction of the Third Dragon Range.

However, being “guided” by these four Holy Power Treasures, his route deviated and he had headed in the direction of the Ninth Dragon Range.

“Bazhun’an had good things to give to me in the Ninth Dragon Range?”

Xu Xiaoshou had no choice but to think this way because the only thing that could disrupt him, besides coincidence, was the arrangements of the mighty figures...

Xu Xiaoshou no longer believed in coincidence when he was caught up in the big game of chess in the Yunlun Mountain Range.

His intuition told him that at the Ninth Dragon Range, it was either the Saint Origin Crystal, the Devil Sword, or something more important than the two.

Chapter 1012: The Strongest Combination of the Younger Generation! 2

And these were definitely treasures left behind by Bazhun'an!

Since that was the case...

Xu Xiaoshou pondered for a moment before turning to look at the surrounding members of the Xu Faction.

These people obviously should not follow him.

"Everyone."

He calmed himself down and looked at everyone before saying solemnly, "I suddenly thought that if all of us leave the Fourth Dragon Range and someone takes this opportunity to steal the mountain, our home will be lost."

The Xu Faction members were stunned. "Didn't Leader Mu plant a large number of poisonous seeds at the foot of the mountain?"

"But I'm not on the mountain right now," Xu Xiaoshou spread his hands with an expression that said, "Are you having a pig's brain?" He then said, "I need all of you to return to the mountain right now and guard the Fourth Dragon Range!"

"This..."

When he said this, the Xu Faction members were stunned.

They were not Young Master Xu, nor did they have Leader Mu's combat strength of one against a hundred which she relied on the geographical advantage. How could they guard the mountain?

How could Xu Xiaoshou not have thought of this? He chuckled and took out the "Dragon Lord's flag".

He turned his head and swept his gaze over, and his gaze fell on a familiar face.

"Li Yan!"

"Ah?" Li Yan was stunned. He stared at Leader Mu's "Dragon Lord's flag" and he seemed to have realized something.

Xu Xiaoshou passed the flag over and patted his shoulder. He then said earnestly, "I'll leave the Dragon Range Grand Array to you. I believe in your ability and talent. You need a platform to show your ability!"

Li Yan's face darkened and he almost knelt. He then shouted, "Leader Mu, think it over. I don't have the ability to take on the 'Dragon Lord's flag'. Moreover, I, Li Yan, don't have the intention to usurp the position!"

What was he thinking... Xu Xiaoshou then said happily.

"I know you're very loyal to the Xu Faction. Otherwise, I wouldn't have given the 'Dragon Lord's flag' to you."

“Don’t worry. As long as the Xu Faction still exists and its reputation is still out there, very few people would dare to have any plans on the Fourth Dragon Range.

“What I’m worried about is only ‘what if’.

“As long as you hold the ‘Dragon Lord’s flag’ and have the support of the Dragon Range Grand Array, you can eliminate the possibility of ‘what if!’”

Li Yan was still trembling with fear. “But...”

“There’s no but!” Xu Xiaoshou waved his hand and said solemnly. “Everyone, listen up and immediately return to defend the Fourth Dragon Range. If anything happens to our Xu Faction’s headquarters, you can bring your heads to see me!”

With this military order, the Xu Faction members did not dare to disobey.

“Yes!”

The ten or so people responded and carried the “Dragon Lord’s flag” as they hurried back.

...

“They’ve left.”

Xu Xiaoshou looked at the departing figures of the Xu Faction members and began to have a bold idea in his mind.

With a heavy heart, he sank into the Yuan Mansion world.

In the Yuan Mansion world, which was full of vitality and spiritual energy, poisonous flowers, plants, and vines were growing wantonly. There was the collapsed tower, the fish pond, the expanding land area, and the chaotic mist at the edge of the space as usual.

At the center of the world, there were treasures like the Bodhi ancient wood, the Blood Tree’s Yin Branch, and the Nine Great Ancestral Trees. Surrounded by all kinds of high-grade spiritual ingredients, they were growing healthily.

On the other side, Greedy the Cat Spirit, who had put in a lot of effort, was constantly moving among the 100,000 alchemy cauldrons, jumping back and forth.

“How did it become like this?”

Xu Xiaoshou entered the Yuan mansion with his thought and was immediately stunned.

The originally chaotic structure of the Yuan Mansion world had been well-organized.

The most eye-catching spiritual herb fields had all been moved to the center of the world. It was located under the Spirit Mark of Life, Path Principles Origin Stone, and so on.

“Lei Xi’er?”

Xu Xiaoshou’s thoughts entered his portrait clone, and the corners of his mouth suddenly curled up as he thought of a person.

Without a doubt, the only one who could clean up the dirty and messy situation of the Yuan Mansion world to such an extent was undoubtedly the newly promoted little gardener Lei Xi'er.

He turned his gaze toward the center of the herb field.

As expected, the silver-haired Lei Xi'er was dressed in a robe that belonged to Xu Xiaoshou. She was carrying a watering jug and moving around among the various spiritual plants.

A dignified Sovereign (stage) expert, a dignified descendant of the Lei family, and a dignified host of the God Devil Eyes...

Due to the monotony of the Yuan mansion world, it had fallen to such a state!

Xu Xiaoshou's expression became awkward. He walked to the vicinity of the herb field. He opened his mouth and subconsciously wanted to call out "Junior Sister", but when he looked at the tall and graceful silver-haired woman, he paused for a moment.

"Lei Xi'er," he called out her real name.

"Mmm?" Lei Xi'er stopped and turned her head around. The breeze brushed past her silver hair and landed on her delicate face.

Xu Xiaoshou was stunned. "What are you doing?"

Lei Xi'er regained her composure and gently gestured at the small wooden pot in her hand. She bent down again to water the spiritual plants.

Artificial cultivation of spiritual ingredients indeed required regular watering, but Xu Xiaoshou did not understand these things.

His aggressive cultivation method was to move all of these things to the Yuan Mansion world and use vitality and spiritual energy to madly irrigate them.

It was all thanks to the birth of the Yuan Mansion world and the Spirit Mark of Life.

Otherwise, these spiritual ingredients would have long withered to death in other places.

At this moment, Lei Xi'er walked past the spiritual herb field and came to the side of the Bodhi ancient wood. She squatted down and gently stroked the ancient wood as if she could feel the aura of the same origin.

"I can help you raise the Bodhi ancient wood. You already have the primordial purple mist. The rest is just a matter of time. With the Nine Great Ancestral Trees guarding it, your Yuan Mansion world will be very stable when it takes shape in the future."

Lei Xi'er paused for a moment and looked at the Blood Tree's Yin Branch beside her. "This won't do. It's just a withered branch that broke off from the blood tree. Although it contains the power of the blood tree, it has no chance of becoming a tree."

Xu Xiaoshou suddenly remembered that his junior sister had a wood attribute, to begin with. Raising these things was indeed her specialty.

Chapter 1013: The Strongest Combination of the Younger Generation! 3

But this time, he didn't come to Yuan Mansion to talk about growing flowers and plants.

He went straight to the point and asked, "Can you still change back to my junior sister's appearance? I need your help."

Lei Xi'er turned around and said, "No."

"Really?" Xu Xiaoshou still didn't believe it. Yuan Mansion World had such a huge life force, and even the Bodhi Ancient Wood had a chance of being cultivated. Couldn't Lei Xi'er take a few more breaths and change back to her junior sister's appearance?

Xi'er seemed to know what he was thinking, and the corner of her mouth curled up. She quickly regained her calm expression and said in an ethereal voice, "Can you turn smaller by taking a few more breaths of vitality and spiritual energy?"

Xu Xiaoshou choked. Indeed, she couldn't.

"I can't either," Lei Xi'er immediately released the small wooden pot. The small wooden pot turned into wood-type energy and retracted back into her body. "This is my normal appearance. What you saw before was an anomaly."

Xu Xiaoshou fell silent.

If she couldn't, then half of his thoughts would have gone down the drain.

"I want to go out," Lei Xi'er walked in front of Xu Xiaoshou and looked straight into his eyes. Her words were clear.

Xu Xiaoshou could faintly smell the fragrance and said with some difficulty, "It's still very dangerous outside. Rao Yaoyao should still be making some moves after this. Bazhun'an also just made some moves..."

"I want to go out," Lei Xi'er interrupted. Her voice was very soft, but her eyes were full of determination.

"This..." Xu Xiaoshou hesitated.

Lei Xi'er tucked her silver hair behind her ear and looked to the other side. "I'm not Greedy the Cat Spirit, and I'm not your pet. You have no reason to keep me here all the time."

She paused and swallowed the last part of her sentence, "This place is very boring." She did not say it out loud.

Not far away, Greedy the Cat Spirit, who was eavesdropping on the conversation between the two of them, was frightened and immediately lowered his ears. With a meow, he busied himself with conducting alchemy again.

Xu Xiaoshou suddenly realized what his problem was.

He was indeed worried about the safety of his junior sister, but he had neglected the personal freedom that Lei Xi'er had as a person.

Who would want to be locked up by someone else?

In the past, Xu Xiaoshou could use danger as an excuse to temporarily lock up his junior sister and the others whom he thought were important in the Yuan Mansion World to tide over the dangerous period.

But that was because, at that time, his junior sister was indeed still weak, and she didn't dare to refute his words.

Now, his junior sister's strength had increased, and her name had also changed.

She was the Sovereign (stage), and she had the White Cave of the bounded domain, the God Devil Eyes, and other mysterious and special abilities.

In terms of combat strength, if he was caught off guard, he might not even be a match for her as long as he was controlled.

What other reason did he have to keep her locked up in the Yuan Mansion?

Lei Xi'er was not canary.

The Yuan Mansion world was not her cage either...

Xu Xiaoshou thought of a point that he had deliberately overlooked in the past.

He wanted to keep his junior sister by his side, and from the looks of it now, it was purely being selfish.

"You..."

Xu Xiaoshou said guiltily. Suddenly, a spiritual light flashed in his mind, and he had a new idea.

His original intention was that if Lei Xi'er could change back to her junior sister's appearance, she could replace his identity as "Mu Zixi" in the Yunlun Mountain Range... well, this was her identity, to begin with.

No matter what, as long as Lei Xi'er could change back, even if it was just her appearance and not personality, Xu Xiaoshou could still free up his hands.

He could either become "Young Master Xu" or transform into "Saint Servant, Xu Xiaoshou".

In short, his combat strength would be freed, and he could complete his next move better.

He had initially thought that if Lei Xi'er couldn't change back, his plan would be aborted. But now Xu Xiaoshou suddenly realized that he didn't need a real person to replace Mu Zixi.

With so many important things happening, Rao Yaoyao didn't have time to pay attention to Mu Zixi.

In such a situation, he could use a clone to cover her tracks, but he...

No!

Not only him, but Lei Xi'er could also leave the Yuan Mansion.

Her combat strength was very strong now, and she might not be able to fight against Yi in a one-on-one fight. However, her God Devil Eyes could even control Yi. Wouldn't it be easy for her to deal with other people?

If the portrait clone was used as a cover, and the Saint Servant, Xu Xiaoshou, and the descendant of the Lei family, Lei Xi'er, were summoned in the Yunlun Mountain Range...

This strongest combination of the younger generation, not to mention the stowaways of the Higher Void (level)...

But at least, most of the Sovereign (stage) and Cutting Path (stage) experts were unable to withstand it!

Thinking of this, Xu Xiaoshou expression changed and he said, "I can let you out of the Yuan Mansion, but for the sake of my junior sister's safety, you have to agree to a condition."

Chapter 1014: Messed Up 1

"What's the conditions?" Xi'er looked over. Her God Devil Eyes turned slightly, looking extremely mysterious.

Xu Xiaoshou said resolutely, "After we get out, I will be the main person in all our actions. We cannot act rashly, and you cannot leave my side. You cannot act on your own!"

Xi'er's eyelashes fluttered, and the corners of her lips curled up. Before she could smile, the smile had faded.

She could instantly imagine that Xu Xiaoshou was still treating her as his junior sister, and was afraid that she would cause trouble.

"Okay." After she agreed softly, Lei Xi'er asked again, "Are there any other conditions?"

"No," Xu Xiaoshou spread his hands. He did not expect Lei Xi'er to be so easy to talk to, "As long as you don't cause trouble, there might be a series of actions later which I need your ability to help. Pay attention, during the Imperial City Trial, listen to my instructions."

"What happens after the trial ends?" Lei Xi'er suddenly asked.

Xu Xiaoshou was stunned. He indeed did not think that far. Too many things had happened and it was too chaotic.

Lei Xi'er paused and said softly, "After the trial ends, I might no longer continue to stay in the First Pavilion in the Sky. Since I've woken up, I have my own matters to settle."

Did she want to leave?

Xu Xiaoshou's heart tightened.

He had a premonition that Lei Xi'er would not stay by his side for long after she woke up.

However, subjectively, he had been subconsciously avoiding this question. This time, he did not know how to respond to her direct question.

Junior Sister, she had never traveled far before...

Without Elder Sang and him, what if something happened to her?

"I have my own things to do," Lei Xi'er repeated as if she knew Xu Xiaoshou's hesitation.

"Are you going to look for Lei Shuangxing?" Xu Xiaoshou asked suddenly.

He felt that what Lei Xi'er was going to do was probably related to the Lei family, and this would definitely involve another member of the Lei family, Lei Shuangxing.

Lei Xi'er did not deny it. She only looked into the distance and shook her head slightly. "That's my own thing, you don't have to ask..."

Although it had been many years since the extermination of the Higher Void Lei family, there were many suspicions about this matter. There might even be more than one person behind this.

Xu Xiaoshou was still in the Grandmaster realm. In the eyes of his junior sister, Xu Xiaoshou was indeed omnipotent.

However, in Lei Xi'er's eyes, this was a big matter. Xu Xiaoshou was not capable enough, so naturally, there was no need to involve him.

Since his junior sister was so worried about him, then he would do her a favor and completely put him out of this matter to prevent any harm.

Xu Xiaoshou stared at the strange silver-haired woman in front of him for a long time before he sighed and said, "Let's talk about the rest later. Whether we can leave the Yunlun Mountain Range alive or not is still a question."

Lei Xi'er looked back and nodded.

"Okay."

Since the discussion had come to this point, the plan had to be carried out.

Xu Xiaoshou did not say anything else. He only gave one last piece of advice, "Wait here for a moment. When a spatial passageway appears, just go straight out of the Yuan Mansion."

With that, he looked at Greedy the Cat Spirit, who was moving around in the world of the alchemy cauldron. With a flash, he arrived beside the little white cat.

As he approached, Greedy the Cat Spirit let out a "meow" and intimately jumped onto his chest.

It had gained weight again... As soon as Xu Xiaoshou picked him up, he could sense that Greedy the Cat spirit's weight had increased by quite a bit.

"Meow, meow, meow"

"Owner, are you taking me along?" thought Greedy the Cat Spirit.

Xu Xiaoshou could read Greedy the Cat Spirit's intimate words. He smiled and scratched Greedy the Cat Spirit's nose, saying, "Yes, this time, I'm taking you out!"

"Meow?"

Greedy the Cat Spirit was dumbfounded.

It was just asking as usual. It didn't have any hope.

After spending so much time in the Yuan Mansion World, Greedy the Cat Spirit had almost forgotten about the outside world.

It was true that it had yearned for freedom.

However, Greedy the Cat Spirit also knew that it was still too weak at the moment and needed to grow. Every time its owner went out, he would not bring it along.

It did not expect that this time, when it asked as usual, its owner actually agree!

"Meow, meow..." Greedy the Cat Spirit was so excited that its ears were erected.

"You have become stronger. You should not just grow into a cat that conducts alchemy. Now that I'm going out, perhaps I will have the opportunity to use you."

Xu Xiaoshou thought of the Three Loathsome Eyes that Greedy the Cat Spirit had swallowed. He patted the little white cat's head and said, "Let me see your eyes."

Greedy the Cat Spirit responded and moved. Its left eye trembled and the three gray flowers began to turn in its pupils, revealing a mysterious power.

"You can control it now?" Xu Xiaoshou came to a realization. After a period of time of adaptation, Greedy the Cat Spirit had been able to control the stealth and appearance of the Three Loathsome Eyes. It did not need to constantly reveal itself and be discovered by others.

"Meow, meow!" Greedy the Cat Spirit nodded. When it thought of being able to go out and play, it was so happy that it would confess anything.

"How much power can you control now?" Xu Xiaoshou asked, his eyes filled with anticipation.

"Meow?" Greedy the Cat Spirit fell into deep thought.

How much power...

It didn't know.

"I was stupid," Xu Xiaoshou patted his head.

It was a cat. Being able to adapt to the special power of the Three Loathsome Eyes had been pretty good. How could it know how much power it had?

At this moment, a fragrant breeze swept over from behind him, bringing along a surprised voice.

"Three Loathsome Eyes?"

Xu Xiaoshou turned around and saw Lei Xi'er looking at the little white cat with shock in her eyes. Her red lips could not close.

"This?" He thought of something and instantly became embarrassed.

The Three Loathsome Eyes were originally the Lei family's eyes, and Lei Xi'er was the Lei family's orphan. In the past, she was Mu Zixi, so she didn't know about the Lei family. Now that she had woken up, all her memories had come back, and she saw her own eyes being put into a cat's eye.

Chapter 1015: Messed Up 2

Cough, cough!

This was...

How complicated would Xi'er's feeling be at this moment?

Wasn't this the same as seeing a portion of the ancestor's organs being dug out by outsiders and installed on a pet?

Just thinking about it made Xu Xiaoshou feel a little indignant, not to mention Lei Xi'er!

"I..." he hesitated and stuttered, "I think I need to explain..."

"You do need to explain," Lei Xi'er was shocked that Greedy the Cat Spirit who had been with her for a long time had the Lei family's eyes. It was also eying at the treasure of suppressing barriers in the Yuan Mansion World — the Eye of Heaven.

It was evolved from the Heaven Pearl that Xu Xiaoshou had swindled from Jiang Xian in Bazhun'an identity.

The Eye of Heaven was originally trapped in the Heaven Pearl and entered the Yuan Mansion World, turning into a treasure of suppressing barrier. Only by borrowing the power of the world could its power be released.

However, until now, Xu Xiaoshou still couldn't figure out what function the Eye of Heaven had.

However, there was a person with the bloodline of the Lei family standing in front of him...

Xu Xiaoshou felt that if he didn't tell the whole story, Lei Xi'er's God Devil Eyes, which were spinning at high speed, would probably cut him into a thousand pieces with just its ocular power alone!

Immediately, he told everything about how he disguised himself as Bazhun'an, entered the Jiang clan's mansion, and seized the Heaven Pearl, and how he used Elder Sang's body to enter the Heaven Prayer Forest and seized the Three Loathsome Eyes from Yama's organization.

After telling everything, Xu Xiaoshou added, "I know you don't believe me, but that's the truth. The Three Loathsome Eyes were accidentally swallowed by the Greedy the Cat Spirit. I had no choice. This was not intentional blasphemy, it was just an accident... and the Eye of Heaven, if you want it, I can immediately return it to you."

He felt that he had never been so humble, especially in front of his junior sister.

But there was nothing he could do about it...

The Lei family's eyes belonged to them. He had inexplicably obtained two of them, and they were discovered by the owner.

Even though he explained it, Xu Xiaoshou still felt he was like a thief.

Lei Xi'er listened in a daze.

The details that Xu Xiaoshou said were things that Mu Zixi had never heard of before.

For example, she knew that Xu Xiaoshou had acted alone before, but she didn't expect him to be so bold as to pretend to be Eighth Sword Deity and trick the Demi-Saint's descendant, Jiang Xian, into giving him the Eye of Heaven.

Wasn't he afraid of death?

What if he was caught!

And then there was the Heaven Prayer Forest...

For an organization like Yama that coveted the Lei family's eyes, its Cutting Path members had both the Flower Fairy Eyes and the Cross-Shaped Eyes at the cultivation level.

Under such circumstances, Xu Xiaoshou could still obtain the Three Loathsome Eyes with his Innate (stage) cultivation level.

It was unbelievable!

Did this guy even have a brain? If the plan failed, wouldn't he have to pay with his life?

Looking at Xu Xiaoshou in front of her, she was a little scared as if she wouldn't believe his words. However, Lei Xi'er was actually more frightened by Xu Xiaoshou's boldness and actions.

She was silent for a moment and did not say anything else. She only muttered the word "Yama" in Xu Xiaoshou's words and seemed to have come to a realization.

"I believe you."

Under Xu Xiaoshou's nervous gaze, Lei Xi'er regained her calm expression. After speaking softly, she pointed at the Eye of Heaven in the sky and said, "I won't forcefully take the Three Loathsome Eyes, but you have to return the Eye of Heaven to me."

"Of course!"

Xu Xiaoshou waved his hand, and the Eye of Heaven, which was still hanging in the sky, flew down.

He handed the eye over and said, "Return it to its original owner. This is its destiny."

Destiny... Lei Xi'er took the Eye of Heaven and stared at it silently for a long time. The Eye of Heaven suddenly stopped spinning, and her eyes showed grief.

"Uncle Tian..." she muttered to herself.

Xu Xiaoshou looked at the long eyelashes of the silver-haired woman in front of him and trembled. He felt as if he was about to cry. His heart clenched as he felt the sorrowful aura around Lei Xi'er.

He could not imagine how Lei Xi'er, who was still a child then, escaped from the great calamity when the Higher Void (level) Lei family was exterminated.

Perhaps, the appearance of the junior sister was fated and not an accident.

Or perhaps, she could wake up again, which was the choice of fate and not the work of human power.

But...

Sometimes, not knowing might be a kind of happiness!

"I'm sorry, I made you recall bad things," Xu Xiaoshou didn't know how to comfort her, so he could only stand by the side and wait quietly.

Greedy the Cat Spirit seemed to have noticed that the atmosphere wasn't right, so it hid in its owner's arms and didn't dare to move.

It thought of how this girl with a familiar aura had fed it in the Yuan Mansion world a long time ago.

Although she had changed her appearance, Greedy the Cat Spirit could recognize that she was the same person.

It slowly stretched out a claw as if to comfort her. It scratched in the void and meowed softly.

Xi'er returned to her senses and looked at Greedy the Cat Spirit. Suddenly, she smiled sweetly.

She stretched out her delicate hand and stroked the soft white fur on Greedy the Cat Spirit's head. Then, she looked up at Xu Xiaoshou. Her eyes were filled with determination, "We should go now."

Xu Xiaoshou was shocked by the murderous intent in her eyes. He hesitated for a moment, and he still tried to persuade her. "Although I told you about Yama, Yama is too strong and mysterious. Even I don't dare to act rashly... With your current cultivation level, you can't even defeat one of the members. After you go out, you must not act rashly."

"Don't worry," Lei Xi'er said indifferently.

Xu Xiaoshou took a deep breath and didn't say anything else.

Junior Sister was no longer here. What would happen to Lei Xi'er was something that needed to be considered in the future.

Chapter 1016: Messed Up 3

At this moment, it was better to settle this matter first!

"Wait a moment."

With a wave of his hand, Xu Xiaoshou casually sketched out a portrait clone of "Mu Zixi". It was the spitting image of Mu Zixi. It was able to walk and speak eloquently like a real human.

At this moment, in the Yunlun Mountain Range, on the mountain road leading to the Nine Dragon Range, there was a young girl in a green dress with twintails running in.

Suddenly, she stopped.

It was as if she was stuck in a frame. Under this subtle detail, Xu Xiaoshou's body was swamped with the portrait clone.

The portrait clone continued to move forward on the mountain road, but it slightly changed its direction.

The original one escaped into the Yuan Mansion.

When his original body returned to the Yuan Mansion World, Xu Xiaoshou no longer disguised himself.

With a shake of his body, he returned to the appearance that 'Xu Xiaoshou' should have. He was extraordinarily handsome. He also had a slender and well-proportioned body.

This time, he didn't even bother to hide his shining treasured body anymore, and he completely revealed his magnificence.

He didn't belong to the saint servant, Xu Xiaoshou, who had been hiding his head and tail in the past.

He didn't belong to the ordinary-looking Xu Deye of the first pavilion in the sky.

This time, Xu Xiaoshou was just Xu Xiaoshou. He didn't have any prefix at all!

"So comfortable..."

After maintaining the 'Transformation' for a long time and using the 'Imitator' to imitate others, Xu Xiaoshou felt that the world had become much cooler when he returned to his original self.

Lei Xi'er looked at the person who had appeared in the image of "Mu Zixi". Then, that person shook his body and transformed back into the familiar but slightly different "Eldest Senior Brother". When Lei Xi'er saw that, her thoughts suddenly went blank.

She smiled as brilliant as a blooming flower. Then, she stretched out her hand and gestured at the person in front of her. With a tap of her toes, she blurted out, "You've grown taller?"

This voice no longer had the charm that was unique to Lei Xi'er's voice. Instead, it was like a junior sister from the past. Lei Xi'er had not seen this familiar person for a long time. She was stunned that he became taller, and his look had changed a lot.

Xu Xiaoshou was stunned when he heard this.

She had a gentle action and soft tone that only a junior sister had.

Lei Xi'er was...

Before he could think further, the silver-haired woman in front of him quickly withdrew her hand after saying that. She looked sideways and her face was slightly red.

"Hmm?" Xu Xiaoshou instantly understood something. He scratched his head and said with a silly smile, "It should be. There were some changes when I broke through to the Sovereign Physique the last time."

As he spoke, he lowered his head and realized why he felt so cool.

It turned out that the green dress that belonged to his junior sister had been shortened by him. Now, he was a big guy in cross-dressing!

“I’ll go out first. When the spatial passageway appears later, you can just leave the Yuan Mansion.” the silver-haired woman said to Xu Xiaoshou.

Xu Xiaoshou also had an awkward look on his face. He hurriedly used the Vanishing Technique to change his clothes. He then flashed out of the Yuan Mansion and rushed back to the Yunlun Mountain Range. He split way with the portrait clone, Mu Zixi, and headed straight for the nine Dragon Range.

In the Yuan Mansion World, after losing Xu Xiaoshou and Greedy the Cat Spirit, only Lei Xi’er was left alone.

“How can it be...”

When they were alone, Lei Xi’er relaxed slightly. She bit her lip and bashfully blamed herself.

She stared at the hand that she had reached out to indicate Xu Xiaoshou’s height.

After a long time.

Lei Xi’er felt that it was this hand that destroyed the image that she wanted to establish in front of Xu Xiaoshou. It was the two different images of “the past me” and “the present me” so that the other party would know their limits.

However, Xu Xiaoshou was aware of his limits.

She, on the other hand, would still mess up her limits!

“D*mn it...”

Lei Xi’er stretched out her hand, wanting to hit herself, but when her hand reached into the air, her movements naturally changed.

She squatted down with a face full of resentment. With one hand supporting her cheek. She was upset, and the corners of her eyes were curved downwards. With the other hand on the ground, she unconsciously drew circles in the sand.

“D*mn it, Xu Xiaoshou, you abandoned me again...”

With a buzz, a spatial passageway that could allow one person to pass through suddenly appeared in front of her. Following that was Xu Xiaoshou’s voice, “Come out!”

As if she had just woken up from a dream, Lei Xi’er suddenly raised her eyes and looked at the spatial passageway.

Her face instantly turned red. It was like blood could drip out from her red face. Even her delicate earlobes had turned completely red.

Lei Xi’er looked around guiltily. After realizing that there were no other people around, she patted her chest and let out a long sigh of relief.

However, this action seemed to have triggered some sort of mechanism. Lei Xi'er's body trembled and she suddenly pouted.

"What are you rushing me for?"

After mumbling, she lifted the edge of her skirt and jumped into the spatial passageway.

"Coming!"

Chapter 1017: Triple Control! Pathetic Law Enforcer 1

Yunlun Mountain Range.

On the road leading to the Nine Dragon Range, Xu Xiaoshou, who had revealed his true form, was flying side by side with the silver-haired Lei Xi'er.

"Where's the trial jade pendant?"

Lei Xi'er asked in a low voice while flying at high speed.

Previously, Xu Xiaoshou had promised to let her enter the Yuan Mansion. Then, he would find a trial jade pendant so that she could swap her identity to come out from the Yuan Mansion.

Now, she had come out. However, it seemed like Xu Xiaoshou did not care about the trial jade pendant at all.

Faced with the question, Xu Xiaoshou only waved his hand slightly and said, "It's fine."

"There's no need to."

"My trial jade pendant is now in Xu Xiaoji's hands, and your "Mu Zixi" trial jade pendant is now on my portrait clone. We don't need them for this trip."

Although the portrait clone, Mu Zixi, was also moving in the direction of the Nine Dragon Range, it used a different way.

If they were closer, he could control the portrait clone easier. Even if they were discovered, the portrait clone would not be affected by Xu Xiaoshou and Lei Xi'er who were closer.

This was what Xu Xiaoshou wanted.

Lei Xi'er thought for a moment and looked over. "Is it because of the Cloud Realm World?"

"Yes." Xu Xiaoshou nodded. After meeting many big shots in the Yunlun Mountain Range, he finally understood that he did not need to be so careful.

There were too many stowaways here. Many of the best stowaways did not enter with the trial jade pendant in hand. Instead, they used the spatial crack.

Xu Xiaoshou pondered as he flew, "I suspect that the trial jade pendant is just a tool to locate trial-takers. If we keep this thing with us, the red-clothed people will be able to see us."

"On the contrary, we could move freely without this thing."

“The only thing we have to guard against is encountering a law enforcer halfway without any proof of identity.”

“But now, we had revealed our true identity. We don’t have to be afraid of ordinary law enforcers.”

Xu Xiaoshou turned around as he spoke. Greedy the White Cat Spirit was enjoying the breeze on his shoulder.

He thought that with his combat strength and Lei Xi’er’s sovereign stage, they could deal with the Cutting Path easily.

Moreover, after losing Young Master Xu and Mu Zixi’s identity, he still had another trump card.

Touching the metal ball in his arms, Aje seemed to sense his owner’s thoughts. He called out in a low voice, “Ma Ma...”

Lei Xi’er nodded in agreement, but she still said, “But this is only your speculation.”

“That’s right.” Xu Xiaoshou said affirmatively. “Next, we’ll see if anyone will chase after us if they see us. If not, then my speculation can be established.”

Lei Xi’er didn’t say anything else.

The God Devil Eyes had its danger warning. If there was any danger to herself, she could even detect it before Xu Xiaoshou did with the help of divine power.

But after flying for such a long distance, she still didn’t sense any danger.

This meant that Xu Xiaoshou’s speculation was most likely valid.

After speeding forward for a while, even without the trial map, Lei Xi’er could see where the target was.

“This is the direction to the Nine Dragon Range... What’s there?” Lei Xi’er asked softly.

“I don’t know...” Xu Xiaoshou shook his head. He didn’t know what Bazhun’an would leave for him. After all, this was just a guess.

Halfway through his words, he suddenly stopped and stopped abruptly.

Lei Xi’er did the same. She stopped in mid-air and lowered her head to look at the ground.

“Fluctuation of Holy Power...”

She could keenly sense that there was a faint fluctuation of Holy Power coming towards her and Xu Xiaoshou.

“Something’s wrong.” Xier’s eyes narrowed, and her God Devil Eyes began to spin at high speed.

“No, it’s fine!” The corners of Xu Xiaoshou’s lips curled up slightly.

They only waited for a short while before a ‘bang’ sounded from below. The ground split apart, and an unknown object wrapped in Holy Light shot towards him.

“As expected...”

Xu Xiaoshou stretched out his hand and blocked the treasure.

The shockwave of Holy Power hit his body. However, the 'Strengthening', 'Recoil', 'Toughness' and so on blocked this terrifying power.

Xu Xiaoshou was unscathed.

After taking the attack of the weak Holy Power head-on, his internal organs were slightly injured. However, the 'Eternal Vitality' and the 'Transformation' also healed his injuries instantly.

Xu Xiaoshou immediately spread the item in his hand.

"Tower?"

What appeared in his hand was a small tower of a high rank. It was black and nine stories high, emitting a dark light.

"A second grade spirit tower?" Lei Xi'er was surprised.

When the battle of the saint happened in the Yunlun Mountain Range, she was still in the Yuan Mansion World, so she didn't know what happened in the outside world.

Xu Xiaoshou smiled and said, "Here it's come again, and I'm on the way to the Nine Dragon Range too. This is already the fifth treasure that came to me on its own."

The four treasures he found before were mainly third and fourth grade.

This time, the small pagoda in his hand was a second grade spiritual weapon that surpassed the sovereign stage.

Xu Xiaoshou didn't know if other people had such good luck as him. He knew that if he continued at this pace, he could still obtain a large number of treasures unless all the treasures in the Yunlun Mountain Range were plundered by the treasure-taker in a day.

What kind of place was Sky City?

Chapter 1018: Triple Control! Pathetic Law Enforcer 2

Why were these treasures all over the place?

At this moment, Lei Xi'er withdrew her gaze from the small tower and didn't ask any more questions. She looked in the direction where the treasure had broken out of the ground. "There are still people chasing after us."

Xu Xiaoshou looked over as well.

Using the "Perception", he could feel a cold aura rapidly approaching from the underground.

"Swish!"

In the blink of an eye, a black shadow flew out from the hole in the ground.

"Holy Power Treasure... Eh?"

A black-clothed person stopped in mid-air. He saw a man, a woman, and a cat floating in front of him. His words came to an abrupt halt.

At the same time, he saw the small black tower in the young man's hand.

Damn it, I was a step too late, and this trial-taker took it... a hint of pain flashed in the black-clothed person's eyes. In order to maintain his basic dignity, he quickly calmed down and did not snatch it.

"Law enforcer?" Xu Xiaoshou's panicked voice sounded at the right time.

Black-robed, with a cultivation level of a Sovereign, traversing the Yunlun mountain range without fear...

Without a doubt, this was a law enforcer!

Facing the law enforcer once again, Xu Xiaoshou treated him as an equal. He saw many details that he had not observed before.

For example, this fellow only had a cultivation level of a Sovereign, and his callousness and indifference were all faked. He clearly coveted the small tower in his hand, and...

There was a black rhombus-shaped object on the earlobe of this law enforcer, which looked like an earring.

No!

It wasn't an earring!

Perhaps this was the exclusive communication device between law enforcers!

Xu Xiaoshou suddenly understood a lot. His "Perception" stayed on the black rhombus-shaped object for a long time, and he had an idea.

"Okay." The black-clothed law enforcer, Wang Chao, nodded coldly.

"Law enforcer? You, you are here for this treasure of Holy Power?" Xu Xiaoshou raised the small tower in his hand as if he wanted to hand it over.

Wang Chao really wanted to take this thing. He was only in the Sovereign realm, he was tempted for a second-grade spiritual weapon.

However, as a law enforcer, he couldn't bring himself to fight for the treasure with the trial-taker.

If the others found out about his behavior, he would be punished by Sword Deity Rao.

"Since you have obtained the treasure, it belongs to you. Submit it. It is worth 100,000 points." Wang Chao endured the pain and said calmly.

Xu Xiaoshou turned his eyes and exchanged glances with Lei Xi'er. His eyelids blinked.

The latter immediately understood and turned his head back calmly.

Xu Xiaoshou turned his head back and said with a troubled expression, "I can't submit it..."

"Oh?" Wang Chao snorted, seemingly displeased.

He interpreted the trial taker's words as "Although it's worth 100,000 points, I don't want to submit it."

As a spiritual cultivator, Wang Chao understood the importance of "100,000 points" or a "second-grade spiritual weapon." If it was him, he wouldn't want to submit it either.

However, as a law enforcer, he knew that none of the treasures from Sky City could escape the Yunlun Mountain Range.

At that moment, Wang Chao sneered and said,

"Even if you don't want to submit them, you won't be able to take them away in the future.

"I'm giving you a piece of advice out of goodwill. Submit the treasure now and get 100,000 points. Hurry up and continue the Imperial City Trial. This is the path you should choose."

After saying that, Wang Chao raised his eyes and looked to the other side.

He felt a special fluctuation of Holy Power rapidly approaching, so he wanted to leave and continue searching for treasures.

However, Xu Xiaoshou still shook his head. "If it's possible, I want to submit it, but I really can't submit it now..."

As he spoke, he held Greedy the Cat Spirit in his arms. The little white cat obediently curled its body and its eyes rolled around like a harmless cutie.

Wang Chao was stunned. What did he mean by that?

He suddenly had a whim and had a bad premonition.

The two trial-takers who suddenly appeared in front of him had a low cultivation level, but they did not seem to have any fear when facing the law enforcer.

Wait a minute!

Cultivation level?

Wang Chao keenly sensed that the two young people in front of him had low cultivation levels and a listless aura.

However, after a closer inspection, he could not see through the spiritual cultivation level of the two!

"Who are you?" Wang Chao became vigilant and shouted, "Take out the trial jade pendant and let me have a look!"

Xu Xiaoshou smiled and shrugged. He raised Greedy the Cat Spirit up high and said, "I only have a cat, and I really don't have the trial jade pendant. If I did, I would have submitted the Holy Power Treasure in front of you."

Wang Chao instantly felt a chill down his spine.

These two guys...

Are they stowaways?

He immediately reached out his hand and wanted to touch the black battle communicator on his earlobe to send a signal.

However, as he thought in the direction of the stowaway, a human face suddenly appeared in his mind. It was ninety percent similar to the young man in front of him.

Wang Chao's pupils instantly constricted. "You are Saint Servant Xu..."

Before he could finish his sentence, he felt like the world was spinning

"Hum!"

Wang Chao's mind went blank on the spot. It was like countless silver needles were stabbing his body wildly.

Wang Chao's consciousness immediately collapsed. His hand, which had been pressing down on the battle communicator, stopped in midair.

To the side, Lei Xi'er's God Devil Eyes were spinning at high speed. White mist floated out of her left eye. Her silver hair was blown to a side by the wind, making her look extremely evil.

"He's under control." She said indifferently.

"She's really strong..." Xu Xiaoshou looked at Xi'er's mysterious God Devil Eyes and couldn't help but be amazed.

She could control a Sovereign level red-clothed person in an instant even though she was far away from him

Even with his Soul Reading, he could only control the other party for a brief moment!

Chapter 1019: Triple Control! Pathetic Law Enforcer 3

Once the control was removed, he could move and could can the other party.

However, Lei Xi'er was different.

She could completely control anyone without any sign!

Just based on these God Devil Eyes, Lei Xi'er should be able to crush any Sovereign realm expert, right?

No wonder the higher void Lei family of the past had a reputation that was not inferior to, or even higher than the demi-saint family!

"We don't have much time. Once they discovered this law enforcer is in trouble, Rao Yaoyao might be coming for us." Lei Xi'er knew that Xu Xiaoshou was looking at her, but she didn't even turn her head.

Xu Xiaoshou came back to his senses. He instantly walked towards the Sovereign level law enforcer and raised Greedy the Cat Spirit. "It's up to you. Now, do as I say."

"Meow!"

Greedy the Cat Spirit let out a cat cry, and three flowers began to appear in his left eye.

“If I remember correctly, the most famous ocular power of the Three Loathsome Eyes is called the Mind-changing Aperture. It can manipulate other people’s souls and understand the information one wants” Xu Xiaoshou suddenly looked in the direction of Lei Xi’er.

Lei Xi’er’s face was still cold. She calmly explained, “It’s not just information, and it’s not just targeted at the soul. If you’re strong enough, you can directly twist his will, plant a soul seed, make him your slave, or even manipulate a corpse to become your second clone.”

Xu Xiaoshou was shocked by this sudden big piece of information.

Lei Xi’er knew that Xu Xiaoshou was asking how to use the Mind-changing Aperture, so she immediately said it. She looked at Greedy the Cat Spirit, and her voice became gentler. “Focus, turn into a point. Try to pierce through his soul and try to control it...”

“Okay.” Xu Xiaoshou said to Greedy the Cat Spirit.

Greedy the Cat Spirit stared as hard as it could.

Soon, the three gray spots in its left eye rotated and merged, pulling all the colors to a point in the center.

Then, a strange gray hole was in the middle of its eye!

“Ugh...”

Wang Chao’s body immediately trembled, and his eyes turned white as he subconsciously let out a guttural sound.

After breaking free from the control of the God Devil Eyes, he entered the powerful control of the Three Loathsome Eyes.

“It worked.” Lei Xi’er cried in surprise, and the God Devil Eyes immediately stopped functioning.

As a cat, Greedy the Cat Spirit was able to grasp the power of the Mind-changing Aperture so quickly. This cat had an extraordinary talent!

“Very good.” Xu Xiaoshou was also overjoyed. The plan had succeeded, and he began to send a mental message to Greedy the Cat Spirit.

Greedy the Cat Spirit listened to the order and conveyed its owner’s mental message, “Meow, meow, meow.”

Wang Chao replied subconsciously, “Wang Chao... Sovereign realm...”

Xu Xiaoshou looked at the black rhombus-shaped object in Wang Chao’s earlobe.

Greedy the Cat Spirit, “Meow, meow, meow”

Wang Chao, “This is... a one-way combat communicator... It was stimulated by physical contact to send out a warning signal... I didn’t succeed just now...”

Xu Xiaoshou nodded.

A one-way combat communicator?

Very good. This situation was within his expectation.

Indeed, no law enforcer would immediately send a warning signal when they encountered two “Ordinary trial-takers.”

It made sense that a combat communicator could only be used by physical stimulation.

This was because some stowaway bosses might directly seal the law enforcer’s spiritual source the moment they met.

At such a time, using the spiritual source to send a warning signal was not as simple as the physical activation.

Xu Xiaoshou quickly thought of another problem.

What if there were other law enforcers around during the questioning?

Thus...

Greedy the Cat Spirit, “Meow, meow, meow”

Wang Chao, “There are... leaders... team members... Cutting Path ... Sovereign...”

There were law enforcers around?

Cutting Path and Sovereign?

Xu Xiaoshou was shocked. He suddenly realized that he still had many problems. According to the telepathic message, asking Greedy the Cat Spirit to question him was a little too slow.

His heart sank.

Greedy the Cat Spirit, “Meow, meow, meow.”

Wang Chao: “Recently... other than... just now... I haven’t seen... a demi-saint...”

With a slap, Xu Xiaoshou stuffed Greedy the Cat Spirit into the arms of Lei Xi’er. Under the latter’s astonished gaze, his eyes widened.

“Soul Reading!”

Chapter 1020: Law Enforcer Xu Xiaoshou! 1

With Lei Xi’er’s God Devil Eyes taking the lead and Greedy the Cat Spirit’s Three Loathsome Eyes probing, this was the first time Xu Xiaoshou felt so at ease using Soul Reading.

The miserable Wang Chao was a majestic Sovereign red-clothed with countless battle experiences. However, he could not resist at all under these three consecutive controls. He entered a half-fainted state.

After three rounds of mental control, Wang Chao was blasted unconscious and foaming at the mouth.

In just an instant, Lei Xi'er and Greedy the Cat Spirit could see that Xu Xiaoshou had ended Soul Reading and returned to his normal state.

"How was it?" Lei Xi'er tilted her head and asked.

She knew that Xu Xiaoshou would definitely make a big move since he brought Greedy the Cat Spirit out.

However, his first target was the red-clothed law enforcer. She had to admit that he was really bold!

"Nothing unexpected happened." Xu Xiaoshou replied with a smile.

With the Three Loathsome Eyes, when he was "Soul Reading", he only needed to deliberately avoid Wang Chao to watch the battle between the Saints. There was almost no danger at all.

But in fact, even if he really went to watch Wang Chao watch the battle between the saints, it would not be a big deal.

That was because when Dao Qiongcang and the Demonic Emperor Black Dragon were fighting, why would he pay attention to an ordinary law enforcer in the Sovereign stage?

However, Xu Xiaoshou skipped those scenes just in case. He only read the information he wanted.

For example, the great array of the Cloud Realm in the Yunlun Mountain Range was previously controlled by Rao Yaoyao. Now, it was controlled by Yu Zhiwen.

For example, the trial jade pendant was indeed used to locate trial-takers in the Cloud Realm World.

As long as the stowaway did not have the trial jade pendant, the cloud realm could only locate the stowaway through the people who had the trial pendant and had close contact with the stowaway.

Xu Xiaoshou had long expected this.

This was because his storyteller's portrait clone had wandered the streets for a long time before it was discovered by the red-clothed law enforcer.

Now that his conjecture had been verified, he would be more at ease with his next move.

Turning around, he saw that Lei Xi'er was still waiting for the information. Xu Xiaoshou did not reveal everything directly but instead raised Greedy the Cat Spirit up high.

"Three Loathsome Eyes. Since they have the ability to manipulate the soul and will of others, they should be able to erase the memory of this guy meeting us, right?" Xu Xiaoshou turned around and asked.

"Yes." Lei Xi'er nodded slightly. She pointed at Greedy the Cat Spirit with her finger and poured a spiritual light into it.

Greedy the Cat Spirit meowed and understood. It opened the Three Loathsome Eyes again and completely erased the memory of the unconscious Wang Chao meeting them.

Wang Chao fell to the ground with a bang, sending up dust on the mountain road.

"It's too simple..."

Xu Xiaoshou looked at this scene and could not help but sigh. The combination of the two of them and the Cat Spirit was simply a divine instrument for cheating.

They got rid of a Sovereign with just a single move!

“You killed him?” Lei Xi’er suddenly stared at Wang Chao. She used the lightest tone and said the most cold-blooded words. She did not have any good impression of people from the holy divine palace.

Xu Xiaoshou’s eyebrows jumped and he hurriedly said, “Since the memory can be erased, then there’s no need to kill this person. Killing him will only put us in trouble because the red-clothed will chase after us. We only need to take one thing from him.”

With that, Xu Xiaoshou was guided by his spiritual source, and the combat communicator at Wang Chao’s earlobe flew over.

He stuffed the little thing into his ear and used Drawing Expertise to cover it up, turning it into a flesh color. If outsiders were not paying attention, they would not be able to see this little detail.

After watching this scene in silence, Lei Xi’er asked, “Aren’t you worried that they will be able to locate you through this communication device?”

Xu Xiaoshou chuckled and gently touched the communication device:

“No, I have looked through almost 90% of Wang Chao’s soul memories. their communication device is only used for communication and is not connected to the Cloud Realm World.

“After all, this is something used by the red-clothed people only. It has nothing to do with the Imperial City Trial.

“Furthermore, they did not expect that there would be such a three-person team would spend a lot of effort just to snatch this communicator that they might not know how to use.”

“Meow!” Greedy the Cat Spirit suddenly raised its head and called out, as if to correct its owner’s slip of the tongue. It was a noble cat, not a vulgar human.

Lei Xi’er was once again speechless.

Yes, Xu Xiaoshou did not follow common sense at all.

Other than him, who else would mysteriously target this small communicator that could bring bad luck to themselves?

However, this guy not only took it but also knew how to use it.

He even got the information that he would not be located if he wore this communicator.

As expected, he was still him. His thoughts were clear and strange, and there were many wicked ways.

However, they were all useful!

“Meow!”

At this time, Greedy the Cat Spirit saw the unfriendly look in his owner's eyes and called out again. It even stuck out its tongue to lick Xu Xiaoshou's palm affectionately. "Master, you're really amazing!"

"Ha, flattery cat!" Xu Xiaoshou rolled his eyes. He bent down and pet the cat. While stroking the cat, he called out to Lei Xi'er, indicating for her to continue flying forward.

"He doesn't need to care anymore?" Lei Xi'er stood up as well, but she looked at Wang Chao. Wang Chao had been trampled by Xu Xiaoshou and thrown into a big pit. Even his clothes had been stripped off.

"Don't worry about it. He can't remember anything..." Xu Xiaoshou suddenly paused as he spoke. He remembered something and asked, "His memory was erased by the 'Three Loathsome Eyes'. But, is there a possibility that his memory can be restored by using an external force?"

Tears seemed to be pondering and quickly replied, "Yes."

"There is. A higher void who is proficient in the path of spirit and soul can do that. They can use a special spiritual technique, but this will damage the person's soul. He is also a red-clothed, so he will not be interrogated like this."
