

I Am Loaded 1031

Chapter 1031: Wang Chao, Come With Me! 3

Buzz.

There was a slight tremble in his ears.

The spatial passageway that connected to the Yunlun mountain range was closed, and darkness swept over. Xu Xiaoshou's heart couldn't help but beat faster.

If he was to calculate his options, he could travel to another location while avoiding the spatial fragment by "Ascending to the Heavens in A Single Step", "Teleport with the array wheel", or "Taking the easy way out of the spatial passageway that Ye Xiaotian opened in the Tiansang Spirit Palace to the Tianxuan Gate".

This seemed to be the first time that he had truly stepped into the spatial fragment and experienced the power of this unknown place.

Xu Xiaoshou was nervous, but he was also a little excited.

Other than Murong Ying's spiritual source as a barrier, the current him didn't seem to have any obstacles with the spatial fragment. It was as if they were facing each other openly.

In the air...

No, there was no air!

On the opposite side of this shattered and dark space, there wasn't anything from the heaven and earth element.

There was only the space node. It was fragmented and dense, messy and complicated.

Coming to this unique place that was filled with violence, chaos, unknown, and mystery, Xu Xiaoshou felt as if he had come to the dark side of the Shengshen continent.

Every space on the continent could be broken, and one could enter the spatial fragment.

However, without a powerful foundation, this place could swallow anything, even a demi-saint. If one was to get lost in such a dark place, one could very well die.

To those without space attributes, the spatial fragment was a place of chaos. It was a place where one could not stay for long.

However, when Xu Xiaoshou came here, it was as if he had returned to another home. It was dilapidated, lawless, chaotic, and filled with a violent aura.

He had all attributes, or rather, no attributes.

After experiencing the long process of having "no attributes", the first thing he comprehended was the space attributes.

Therefore, it could be said that other than the way of the sword, Infernal White Flame, and other special attributes that were imposed by external forces, Xu Xiaoshou's true main attribute was space.

Therefore, although the spatial power of the spatial fragment was violent, when he was in this place, he was able to perceive the path of space more clearly. It was like holding a spatial origin stone and comprehending it all the time.

However, when the spatial fragment was used by the spatial origin stone, the former had the risk of death after comprehending it for a long time, while the latter was extremely safe as the basic rule of the way of space.

After staying in the spatial fragment for a short while, Xu Xiaoshou felt that he had gained a deeper understanding of path and was enlightened.

Among the knowledge he had just gained, there was not only the enlightenment of the way of space.

His state of mind, structure, and so on were also opened up when he was in the spatial fragment.

It was as if he had seen the door to a new world...

Xu Xiaoshou quickly thought of many new methods of committing crimes, ways to destroy corpses and evidence, ways to deal with stolen goods, ways to lure the enemy in, and even ways to bring the power of the spatial fragment into the real world, using a short-term, efficient, and powerful blasting method.

"This place is very suitable for me..." Xu Xiaoshou muttered silently.

He had a premonition that this place would very likely become his second home, the kind that he would frequent.

Of course, the prerequisite was that he had to have the means to protect himself from the danger in his home.

Swish!

At this moment, a sharp spatial blade flew past from the side. There was no sound, but that speed allowed Xu Xiaoshou to imagine a sound in his mind.

What followed was a spatial storm that suddenly rose like a butterfly effect.

Countless spatial blade fragments coiled up and formed a tornado that was ten thousands foot tall and ten foot in size. It wreaked havoc in all directions, causing Xu Xiaoshou to break out in cold sweat.

"This place is too dangerous!"

He immediately dispelled the idea of making this place a second home.

Just as his thoughts turned, the spiritual source around him moved. Xu Xiaoshou discovered that he had been moved to another place by his captain, a place far away from the spatial storm, and was temporarily safe.

"Wang Chao!"

In the darkness, a faint telepathic communication came over. Xu Xiaoshou became vigilant and immediately remembered that there was actually another person beside him.

“Captain?” Xu Xiaoshou narrowed his eyes slightly.

With that said, he pressed the Aje on his chest with one hand and held it with the other hand. His spiritual senses had already reached the Yuan Mansion.

As long as there was a need, the fourth sword could be unsheathed at any time.

After doing these actions, Xu Xiaoshou finally had some confidence. He asked in a deep voice, “Captain, what exactly do you want to tell me? What secret need you to come to this damned place to tell me?”

Chapter 1032: Identity Exposed! The Terrifying Intuition Of Night Guardian! 1

“Secret...”

Murong Ying repeated in a low voice. He paused for a long time as if he was hesitating on how to say it.

He did not notice the small movements from his team member Wang Chao. Murong Ying brought a sovereign here not as a help, but to warn him about something.

“Wang Chao, I have some heartfelt words to say to you...” Despite being hidden in the dark, when Murong Ying spoke, he still appeared somewhat guilty and lacking in confidence.

Xu Xiaoshou secretly frowned, he could hear a different tone.

Based on Murong Ying’s performance, this guy might not have the evil intention of killing people to silence them.

However, Xu Xiaoshou did not dare to let down his guard. He was afraid that the other party was intentionally showing weakness to their enemy. So, he said with a slightly pained tone, like Wang Chao.

“Brother Murong, there are only the two of us now. If you have anything to say, just say it. It’s just that... your stuttering manner actually makes me very uncomfortable. Could it be that I, Wang Chao, have done something to let you down?”

“Eh? That’s not true!” Murong Ying rubbed his hands together and chuckled. At the same time that he did something that made Xu Xiaoshou’s eyes pop out of their sockets, he leaned over and said, “Just about what happened earlier, weren’t we both watching the battle under a big rock?”

“Yeah?” Xu Xiaoshou nodded. “What’s the big deal?”

“Of course, it’s big deal!” Murong Ying’s voice became louder as he sneered. “You haven’t become a team leader yet. I wonder how high Sword Deity Rao’s requirements for the team leaders are. If...”

He stopped for a moment and looked around. When he saw that there was indeed no one around, he lowered his tone and said again.

“If Sword Deity Rao finds out that the two of us have stayed under that big rock for so long and only informed the higher-ups when the battle situation has changed, then something bad will happen! This can already be considered as hindering military operation and opportunity!”

Xu Xiaoshou was shocked by these words.

He looked at Murong Ying with a face full of shock.

He thought silently, "Look at our current situation. Captain, how can you say this to me at such a time? Aren't we on the road of pursuing the enemy?"

The most urgent matter at hand was to take down the enemy as much as they possibly could. How could they waste their time on such a trivial matter?

So, Murong Ying was such a captain...

Xu Xiaoshou's worldview was refreshed in an instant. He immediately let down his guard and felt that there was no need to unsheathe the Fourth Sword.

"Speak!" Murong Ying saw that Wang Chao did not speak for a long time and urged him anxiously.

The corner of Xu Xiaoshou's mouth twitched. He knew that at this time, he should make the situation less awkward for Murong Ying. Thus, he said righteously,

"Captain, what are you saying? The reason why we were waiting there was that we felt that we have the confidence to defeat him with just a small team!"

"After that, the Eighth Sword Deity appeared, followed by Yama's Huang Quan. These were all unexpected circumstances, even if..."

Xu Xiaoshou paused for a moment, he continued, "Even if the captain hesitated for a moment before issuing the highest alarm, that was understandable. After all, at that time, even my thoughts had stopped. Captain, it was not easy for you to still issue the alarm!"

When Murong Ying heard what he wanted, he finally let out a sigh of relief. Soon, his face turned serious and he said, "This is what I wanted to tell you."

"Which one?" Xu Xiaoshou was stunned. What did he say just now? It was all flattery, nothing important...

"Delay communication!"

Murong Ying said heavily, "You saw it too. The two of us had delayed the communication for some time, which caused Sword Deity Rao to not be able to rush over at the first moment. Thus, the boss of Yama and the Eighth Sword Deity escaped. This has happened before, and it was a big one. If we were to be discovered later..."

As he spoke, he stopped, his face filled with palpitations.

"You were clearly the one who delayed the communication, not the two of us. My channel was a one-way battle channel..." Xu Xiaoshou silently ridiculed in his heart, and then said, "How could this be discovered?"

His face was filled with disapproval.

At that time, Murong Ying was indeed mentally deranged, but the delay was not long. The crucial matter had already passed, so how could Rao Yaoyao be concerned about such trivial matters?

“You’ve underestimated Sword Deity Rao’s ability. It’s possible for her to use means and go back in time or something!” Murong Ying was worried.

Go back in time? Did Rao Yaoyao know how to go back in time... Xu Xiaoshou had a hesitant look on his face. He did not think that Rao Yaoyao had mastered such an ability. After all, her main focus was the emotion sword technique.

Murong Ying saw Wang Chao’s disbelief, he laughed coldly and said, “This matter concerns the Saint Servant and the boss of Yama. In the end, there will definitely be a huge problem. So even if Sword Deity Rao doesn’t know how to control the power of time, the headquarters will still send people to go back in time.”

With such an explanation... Xu Xiaoshou immediately understood.

At this moment, Murong Ying lowered his head again. He rubbed his hands and said, “This is it. This is what I want to talk to you about...”

His voice suddenly stopped, and his face was full of embarrassment.

Xu Xiaoshou’s mind was full of thoughts. As he sneered in his heart, he already understood that this guy in front of him wanted to align his words with his, so he continued to say.

“Brother Murong, when the Eighth Sword Deity and Huang Quan came out, I was immediately controlled by an unknown mental strength. It’s not that I didn’t want to remind you, but I really couldn’t move my body at all!”

“Thinking about it, brother, you were also like this at that time?”

Murong Ying’s eyes lit up and he said loudly, “Ah, right, right, right! I also felt the same way at that time, so...”

“That’s why we delayed the operation!” Xu Xiaoshou continued and laughed mischievously.

Murong Ying took a deep breath and sized up Wang Chao from head to toe as if he had gotten to know this person again. “You kid, you’re really good. You’ve hidden yourself well enough. Why didn’t I notice that you were so cunning before!”

Chapter 1033: Identity Exposed! The Terrifying Intuition Of Night Guardian! 2

“Hehe...” Xu Xiaoshou laughed dryly, “Doesn’t brother also have many hidden skills that I’ve never known or experienced before?”

The two of them looked at each other and froze before laughing out loud in the spatial fragment.

“Disliked, passive points + 1.”

“Belittled, passive points + 1.”

Good heavens... Xu Xiaoshou looked at the information bar, his expression did not change, but in his heart, he looked down on Murong Ying.

What kind of person was this? In the red-clothed, there was actually such a junior?

Afraid that Rao Yaoyao would blame him, he purposely dragged his team members along with him, in order to “unify the story”. Moreover, he only started to speak when he had entered the spatial fragment and had made sure that no one could trace it back to him.

He was still concerned about such minor details at such a critical moment...

Xu Xiaoshou felt that he had overestimated Murong Ying.

He felt ashamed for being prepared to pull out his Fourth Sword because he was afraid that Murong Ying had seen through his true identity and was planning to silence him.

It turned out that not every law enforcer was Rao Yaoyao.

Not every red-clothed was like the Night Guardian. Even if they were not a higher void, they could still give people a sense of oppression.

In the large red-clothed organization, the ones he had met in the past were all the elites.

People like Murong Ying were the most numerous, right?

“Let’s go!”

After Murong Ying finished talking about official business, he remembered his mission and exited the array.

“Let’s go.”

Xu Xiaoshou responded with a smile and allowed Murong Ying’s spiritual source to envelop him. Then, they left the spatial fragment together with the teleportation portal.

...

Area 42.

The law enforcers started a full-scale search, trying to find more traces left by the boss of Yama and the Saint Servant.

Nearby, in a dense forest, Lei Xi’er was holding Greedy the Cat Spirit while watching everything from afar.

Swish.

Suddenly, a figure dressed in black fell from the sky.

Lei Xi’er’s pupils constricted as she waited solemnly. This was clearly the uniform of a law enforcer.

“It’s me, Xu Xiaoshou.”

The Night Guardian's clone that had fallen from the sky immediately opened his mouth and reported his identity. Then, he went straight to the main topic, he said, "My main body has been taken away by Murong Ying. He's Wang Chao's squad leader, but there's no danger. He's currently planning to cross the spatial fragment and search for the headmaster's traces."

The headmaster...

Ye Xiaotian?

Lei Xi'er understood. She was also watching the battle from a distance. After witnessing what Xu Xiaoshou had done in Wang Chao's incarnation, she did not doubt him and asked, "Do you need me to go over?"

"Meow!"

Greedy the Cat Spirit also raised its eyes and called out, as if it was also asking.

Without waiting for a response, it jumped onto Night Guardian and licked the face of the portrait clone affectionately.

This made Lei Xi'er feel completely at ease.

Only the spiritual senses of Xu Xiaoshou could make Greedy the Cat Spirit so intimate. This meant that this "Night Guardian" should not be an imposter.

"Mm."

The clone of the Night Guardian nodded and picked up Greedy the Cat Spirit. He threw it to Lei Xi'er and said,

"Even if Murong Ying is nothing to be afraid of, he is still an expert in the cutting path stage. I need your help. Of course, we don't need to reveal our identity yet. We just need to wait and see."

"I already know his destination. Come with me. When the time comes, find an opportunity to meet him."

"If nothing goes wrong, the headmaster will not be stupid enough to wait for him at the exit of the spatial passageway. As long as the search is fruitless, I will use the Night Guardian's clone to appear and send Murong Ying away. Then, I will be able to escape completely."

Lei Xi'er took over Greedy the Cat Spirit. She pondered for a moment and nodded her head.

"Lead the way."

After saying this, she followed behind the Night Guardian's portrait clone and quickly left this place.

...

Not long after Xu Xiaoshou left with Murong Ying, area 42 finally welcomed the aura of the cutting paths.

One, two, three...

In just half an hour, more than ten cutting paths landed on the ground. The various team leaders had finally arrived.

Rao Yaoyao placed great importance on the Yunlun mountain range and Abyss Island.

Basically, as long as the basic work of the red-clothed in Eastern Sky Realm and the Holy Sword Land of the eastern region was not affected, she had transferred all the manpower that could be transferred over.

The Night Guardian landed among the cutting paths. He listened to the report of the incident prepared by Zhu Mi'er, a member of Murong Ying's team, and personally explored the scene.

"Huang Quan, the Eighth Sword Deity, and another expert with space attributes who seems to have grasped Spatial Upanishad..." Thinking about it, the Night Guardian felt a little incredulous.

How could there be so many terrifying stowaway people gathered here for no reason?

Forget about the others.

According to his understanding of the Saint Servant and the Eighth Sword Deity during this period of time.

Night Guardian felt that since the chief of the Saint Servants, Bazhun'an, had secretly manipulated the battle between the saints from the Yunlun mountain range and left in a flash right after, there was no reason for him to enter the battlefield so soon.

It didn't seem like he would enter the battlefield personally just to save one person?

Could it be that the expert of space attributes was also one of the Saint Servant Nine Thrones or a key member of the Saint Servant?

"No..."

"No!"

No matter how Night Guardian thought about it, he didn't think that the Eighth Sword Deity will come to save one person personally.

It must be known that the Eighth Sword Deity's physical condition wasn't good, and he rarely entered dangerous situations alone.

If he wanted to save someone, it was very likely that he had arranged for the Storyteller to come forward, holding The Four Pillars of Destiny Token in his hand, and go to the destined location.

In this way, who in the dark faction would not give him respect?

Why would he need to personally come out?

"Space attributes..."

Night Guardian pondered. He felt that in the entire Saint Servant, only Sang Qiye from the White Cave would have the honor of having Bazhun'an coming out personally to save him. Other than Sang Qiye, perhaps only Sang Qiye's disciple, Xu Xiaoshou, was left.

“Are you sure that the person with the space attributes really exists?” The Night Guardian suddenly asked. He immediately suspected that the space attribute expert was Xu Xiaoshou.

Chapter 1034: Identity Exposed! The Terrifying Intuition Of Night Guardian! 3

As for the reason..

There was no reason!

If one was to insist on a reason, the first reaction of the Night Guardian was that “Xu Xiaoshou” was the reason.

The Chief of the Transformation Division had died in a battle, in the Yunlun mountain range. Saint servant, Xu Xiaoshou, was suspected to be involved and played an important role.

The red-clothed had kept this information from the lower levels of the division, but the smart ones in the upper levels could think of such information without even asking.

Not only did Night Guardian think of it, but his idea had also been confirmed by Sword Deity Rao.

After all, he was the person in the red-clothed who was most familiar with Saint Servant, Xu Xiaoshou. Rao Yaoyao did not avoid his question. She only wanted him to agree not to divulge the information after understanding it.

Zhu Mi'er appeared to be trembling in fear in front of her senior. She replied solemnly,

“I'm sure!”

“At that time, the boss of Yama, Huang Quan, wanted to take the space attributes stowaway. The Eighth Sword Deity appeared and broke the situation, saving the person.”

“After the bounded domain was broken, I saw with my own eyes that the space attributes stowaway flashed, leaving behind 362 spatial passageway exits. Then, he disappeared without a trace.”

“This doesn't sound like something that a 'disguiser' can do...” Night Guardian's thoughts paused as a spiritual light suddenly flashed in his mind as he thought of something.

He was near the Abyss Island Rift and heard Sword Deity Rao's words with his own ears.

Bazhun'an was outside the Yunlun mountain range. His two fingers cracked open the void, causing Holy Power Treasures to fall from the sky like a meteor shower.

Bazhun'an should have already left Sky City by then. Since he had set up a trap outside the Yunlun mountain range, why would he come in alone to save a person?

Could it be that the expert with space attributes was real?

But Bazhun'an was actually fake?

Things were starting to become a little like Xu Xiaoshou's style...

“Have you ever seen the Eighth Sword Deity make a move?” Night Guardian asked.

Zhu Mi'er was stunned. She glanced sideways and recalled before she shook her head and replied, "No, but the boss of Yama, Huang Quan, beat that stowaway with space attributes half to death. This shows how powerful he is. Such a powerful person is still willing to give respect to the Eighth Sword Deity. From this, it can be seen that we might mistake him for someone else, but Huang Quan... wouldn't, right?"

Zhu Mi'er carefully probed.

She vaguely understood what Elder Night Guardian meant. Could it be that they had mistaken him for someone else?

Night Guardian did not respond, but he did not dare to agree with Zhu Mi'er's words.

If the disguiser was Xu Xiaoshou, anyone who hadn't been deeply hurt by him wouldn't be able to take cautious with how cunning he was. After all, Xu Xiaoshou was someone who was even capable of deceiving Yi.

Huang Quan, the boss of Yama?

It was the same!

Night Guardian had been deeply hurt by Xu Xiaoshou.

He knew that Xu Xiaoshou's ability to disguise was close to a demi-saint state. He thought for a moment and said, "Give me the portrait of the space attributes stowaway."

Zhu Mi'er immediately agreed and took out the Jade Scroll. She used her spiritual senses to record what she had seen just now.

"White hair, short, space attributes..."

Night Guardian took the Jade Scroll and scanned it with his spiritual senses. He instantly analyzed the main information.

As for the 'young man' and 'stowaway', which stowaway dared to appear old and frail in the Yunlun mountain range?

Since he was saved by the Eighth Sword Deity, he must have had a connection with the Saint Servant. Even if the connection was weak, even if they didn't know whether the Eighth Sword Deity was real or a fake...

From this perspective, coupled with the image of the stowaway with space attributes in the Jade Scroll...

Most importantly, not many people in the world possessed space attributes, so the identity of the suspect should be very easy to confirm...

Night Guardian, who was from the red-clothed of White Cave, was different from the red-clothed from other places. He was more familiar with Xu Xiaoshou's background and Xu Xiaoshou's past relationships.

In less than three breaths, a figure appeared in the mind of Night Guardian.

This person had a shocking 99% compatibility with the information he had deduced without any basis.

“Ye Xiaotian!”

Chapter 1035: The Hidden Pawn of Bazun’an! (1)

“Ye Xiaotian was trapped by the boss of Yama, Huang Quan, and Xu Xiaoshou rushed over upon discovering the situation. He then disguised himself as the Eighth Sword Deity. He didn’t dare to use force, but he still managed to resolve his headmaster’s predicament effortlessly before leaving...”

“This sounds very much like Xu Xiaoshou!”

Night Guardian speculated that his conjecture was... 50% likely!

This possibility was not low.

Even if his speculation was wrong and this matter had nothing to do with Xu Xiaoshou, it was enough to startle the higher-ups.

After all, if he was wrong, then the real Eighth Sword Deity and the real boss of Yama, Huang Quan, were fighting in the Yunlun mountain range. This thought was more terrifying than the one he was thinking about.

As he was thinking, a flying sound came from the distant sky, and Rao Yaoyao, who was carrying the Cang Godhood Sword on her back, floated down.

“Come here,” She said calmly.

The one following behind Rao Yaoyao was not the Chief of the Combat Division, Teng Shanhai, who was guarding the Abyss Island Rift. It was also not Teng Shanhai’s new subordinates, the thirteen higher voids.

Instead, it was the short, stooped, but solemn-faced Wang Dachui.

When the surrounding leaders of the cutting path stage heard this, they immediately went forward to greet her.

Zhu Mi’er was more terrified. She went forward to report everything that the leader, Murong Ying, had told her.

“What do you think?” Rao Yaoyao didn’t seem to have any reaction after she heard that. She only turned her eyes to the many cutting path subordinates in front of her.

What could they think of... Many of the cutting path team leaders had only dealt with ghost beasts in the past. They only knew about the Saint Servant and the boss of Yama from the arrest warrant and information list. The leaders had never seen them before, so they could only look at the other party awkwardly without any thoughts.

“I have some speculations about Saint Servant Xu Xiaoshou.” Night Guardian stepped forward and told everyone what he had thought just now.

Xu Xiaoshou...

This person, who wasn't known by everyone in this incident, was suddenly drawn out of Night Guardian's mouth. The mention of his name had successfully won the doubts of the law enforcers' team leaders.

"Night Guardian, are you serious?" The law enforcer, who was a cutting path and had a good relationship with Night Guardian, asked in a low voice. Even if he did not ask, he knew that Night Guardian's words were groundless!

Rao Yaoyao muttered the name "Xu Xiaoshou" in a low voice. Her gaze was also slightly strange as she glanced at Night Guardian. "What basis do you have?"

"No basis," Night Guardian replied very frankly.

He had never found any evidence for anything that he suspected about Xu Xiaoshou.

However, after every incident, he felt that he might have been right, but there was still no evidence to prove what he had thought at that time. As a result, a lot of things ended up in vain.

Night Guardian felt that it was time for the red-clothed to change some organizational policies.

This was not just because of the Saint Servant, Xu Xiaoshou.

It was because there were too many capable people in this world. After these capable people fully understood the red-clothed's way of doing things, they would find loopholes in the rules and take advantage of the red-clothed to achieve their goals.

Xu Xiaoshou might be one of them.

But Night Guardian believed that this was only one case. Xu Xiaoshou was definitely not the only one!

"There's no evidence. Yet you pinned all these things on the Saint Servant, Xu Xiaoshou?" Rao Yaoyao's eyes had a faint smile.

If she did not know Night Guardian's loyalty to the red-clothed and the fact that there was no irreconcilable enmity between Night Guardian and the Saint Servant, Xu Xiaoshou...

At this moment, she would have suspected that Night Guardian's selfishness was causing trouble.

That he wanted to take revenge on Xu Xiaoshou...

It was obvious that Night Guardian did not have such thoughts. He looked around and asked, "Sword Deity Rao, I have some personal thoughts that I would like to talk to you about in private."

"Sure." Rao Yaoyao did not think that this would waste her time. Night Guardian was a mature and steady person. He was also the first batch of participants in the Holy Divine Palace's plan. His personal abilities were extremely strong.

She waved her hand and dismissed everyone around her, leaving only Wang Dachui behind.

Wang Dachui did not say anything. He opened the bounded domain and isolated them from the outside world.

“Right now, no one else can hear your thoughts. If you have anything to say, feel free to say it.” Rao Yaoyao gestured.

Night Guardian took a deep breath and looked at the silent Chief of Physique Division, Wang Dachui, before he began to make his statement.

“In the White Cave, Xu Xiaoshou turned into his own master, the saint servant, Sleeveless. He imitated his aura, cultivation level, and other abilities perfectly, and deceived us.”

“Let’s put aside the fact that our red-clothed team’s abilities were indeed insufficient, but at that time, Xu Xiaoshou was only at the innate stage, and he could already imitate a higher void expert!”

Night Guardian’s tone became heavier as he tried to make Sword Deity Rao pay more attention to his words.

Wang Dachui’s mouth twitched, there was a sneer on his face. “Saint Servant, Sleeveless, is his master. He has the ability and the courage. He also has the prerequisite to imitate... No, to take out his infernal white flame. Is there a problem?”

Night Guardian glanced at him but did not reply. He continued to speak on his own.

“Sword Deity Rao, you have already deduced that Saint Servant, Xu Xiaoshou, was involved in the battle where the Chief of the Transformation Division died.”

“Furthermore, although he and the cutting path survived the Nine Death Thunder Calamity, they were still one step away from reaching the higher void level. The divine sorcerer who was suspected to be Patriarch Wuji, is a ghost beast who sneaked out of the Abyss Island and their ability is restricted by the Ghost Beast Host body. These three joined forces and killed Elder Yi in a very short period of time.”

“Let me ask you. Yi was a higher void and he was known to be ever-changing and elusive. Even if he was ambushed by the enemies in advance, how could he be killed by three guys who aren’t even at the higher void level?”

Chapter 1036: The Hidden Pawn of Bazun’an! (2)

“What had happened to Senior Yi that had caused him not to break the deadlock in the first instance and to choose to flee?”

Rao Yaoyao’s eyes were unperturbed. She was not affected the slightest by Night Guardian’s impassioned words.

What Night Guardian said was also the doubt in her heart. It was... hitting the nail right on the head.

Wang Dachui swept a glance at Deity Rao. The corners of his mouth twitched as he mocked, “In your deduction, are you trying to use your deduction to prove that your deduction is valid?”

Night Guardian glanced at Wang Dachui in astonishment. He did not expect such a person to be able to say such a mouthful of words.

He still did not respond. He only looked at Rao Yaoyao and continued.

“Xu Xiaoshou!”

“If Xu Xiaoshou was involved in this matter, he must be the mastermind of it.

“Storyteller of the Saint Servant has the ability, but most of his abilities are displayed in escape, control, fake spatial abilities, and so on. He lacks the agile thinking to lead the entire battle against Yi, which is the ability to see the big picture.

“Patriarch Wuji, assuming the Divine Sorcerer is Patriarch Wuji... Patriarch Wuji has been trapped in Abyss Island for so long, and he has been estranged from the battle, especially in this kind of battle that requires meticulous planning... If he really met Yi in the Yunlun Mountain Range, even if he had made thorough preparations, his desire for revenge would have destroyed his rationality. Yi couldn't be killed silently without even finding a flaw in the divine secret.

“He must have been deterred by someone... or to put it bluntly, he must have been led by the nose.”

Night Guardian paused for a moment, and his voice became solemn. “It could only be Xu Xiaoshou. He is best at defeating the strong with the weak, leading the situation, and making the enemy walk step by step into the trap that he has hidden beforehand!”

“Pfft!” Wang Dachui finally could not help but laugh out aloud.

After laughing for a long while, he finally restrained his emotions, and the corners of his mouth curled up as he ridiculed, “Night Guardian? You're Night Guardian, aren't you... Night Guardian, I don't know what had happened between you and that Saint Servant, Xu Xiaoshou. But you, a Cutting Path (stage), seem to have been scared out of your wits by that brat?”

Night Guardian calmly glanced at Wang Dachui, thinking that Yi might have died because of such contempt.

He ignored Wang Dachui, who was rather angry because he had neglected him. After all, he was a member of the Physique Division. But even if he was the chief of the Physique Division, Night Guardian was directly under Rao Yaoyao. As he was not under the jurisdiction of the Physique Division, he didn't need to give him face.

Night Guardian looked at Rao Yaoyao, the Ruler of the red-clothed people who followed the path, and who had fallen into deep thought because of his words. He quietly waited.

At this moment, he suddenly thought that if the leader of this move was Gou Wuyue, then perhaps he did not need to make these remarks.

It was because Moonless Sword Deity had personally experienced Xu Xiaoshou's ability. With his gentle reminder, the other party would take it very seriously.

However, Sword Deity Rao was different. Before what happened in Dongtianwang City, she had never even heard of the Saint Servant, Xu Xiaoshou.

“What do you want to say?” Rao Yaoyao pondered for a while, then finally spoke.

Night Guardian took a deep breath and said sincerely, “I would like Sword Deity Rao to pay more attention to Saint Servant Xu Xiaoshou. He's not the type of person whom we can afford to only pay attention to for a while. The existence of this person, if we ignore him, will somehow interrupt our rhythm. He...”

Night Guardian thought for a long time, but he could not find a suitable adjective for Xu Xiaoshou. He could only try his best to describe it: "He is very 'cunning!'"

Rao Yaoyao smiled and said, "You seem to be very sure that Xu Xiaoshou was transformed by Bazhun'an. Are you very sure?"

Night Guardian lowered his head and shook it imperceptibly. He then said, "Not only about this matter, but I also want to say that if this person is left alone, there will definitely be an even bigger mess in the future!"

Rao Yaoyao nodded and resumed her solemn expression. "Xu Xiaoshou, I have always attached great importance to him."

Night Guardian still lowered his head and shook his head.

However, this time, he shook his head harder, to the extent that he even spoke impudently.

"No! Sword Deity Rao, the importance you speak of is only the kind of importance that a senior has on a junior..."

"I've had such importance on him before, and I'm certain that all the higher-ups of the Holy Divine Palace will have it.

"But it's far from enough!

"What I mean is..."

Night Guardian paused for a moment, and said solemnly, "Xu Xiaoshou can no longer be considered a junior. If you 'belittle' him with the name of 'attaching importance' to him'... Even you might be in danger!"

"Impudent!" Wang Dachui shouted angrily. He could not believe that a subordinate of the red-clothed people would dare to speak to Deity Rao in such a manner.

Rao Yaoyao's eyes also flashed with displeasure. She did not think she ever had the "contempt" toward Xu Xiaoshou as Night Guardian had said.

But when Night Guardian's words came out and he placed Xu Xiaoshou on the same level as her, she felt that it was ridiculous.

Yes.

It was ridiculous!

"How can a mere junior, a Master (stage), be on the same level as me, Rao Yaoyao?" No matter how much she tried to hide it, this was the thought that emerged in Rao Yaoyao's mind.

After that, she was shocked.

"Yi, to a certain extent, was on the same level as me. However, he had died in the hands of Xu Xiaoshou..." Rao Yaoyao seemed to have come to a sudden realization and finally understood the hidden meaning in Night Guardian's words.

Xu Xiaoshou's age and cultivation level were too deceiving.

This deceiving nature did not mean that if I had realized it, I could overcome it if I wanted to.

It was that I wanted to overcome it, but it was just my thought that I had overcome it, and it was not in reality.

Chapter 1037: The Hidden Pawn of Bazun'an! (3)

In this situation where she was deceiving herself, how could she not fail miserably when she "belittled" Xu Xiaoshou in the name of "attaching importance" to him?

"Perhaps this was how Yi died..." thought Rao Yaoyao. When she looked at Night Guardian again, her eyes were filled with surprise.

How deep his understanding of Xu Xiaoshou was that he could dissect such a person so deeply?

"You seem to have a story?" Rao Yaoyao waved her hand to dismiss Wang Dachui, who was about to teach Night Guardian a lesson and asked her subordinate.

Night Guardian sighed, his eyes filled with some disappointment. "I once wanted to take Xu Xiaoshou into the red-clothed and inherit my mantle. Before he became a Saint Servant, because of his aptitude, temperament, personality... and so on, he was still controllable at that time..."

Night Guardian no longer could continue.

When he thought of Xu Xiaoshou joining the Saint Servant, whether it was out of his initiative or being forced to, his heart felt like it was being pierced by a knife.

Wang Dachui looked at the affectionate Night Guardian and felt that he had read something else. He was furious. "Is this your son? I see that you have already developed a rebellious intention!"

The hunchbacked old man, Wang Dachui, was unhappy looking at Night Guardian. He immediately sneered and said, "Night Guardian, you seem to have gone off-topic. Right now, we are talking about the two leaders of Yama and the Saint Servant, not just Xu Xiaoshou!"

Night Guardian finally responded to this brainless Chief of Physique Division. He sneered and said in a deep voice.

"What I am talking about is a serious matter.

"In Tiansang City, before the name of Saint Servant Xu Xiaoshou spread to the five regions, and when this guy first made a name for himself in the City Lord Mansion of Tiansang City, he single-handedly beheaded a ghost beast host body that tried to plot against him. He was Zhang Taiying at the Dao realm of the Sovereign (stage)!"

"At that time, it was also the first time that I had a confrontation with him.

"Xu Xiaoshou, who had just entered the Innate (stage), systematically refuted all the questions of the red-clothed that could identify him as the ghost beast host body. There were no flaws at all, so no one could find any rebuttal points.

“Moreover, in the end, he even showed me the ability of the Innate (stage) to hurt the ghost beast of the Sovereign (stage).”

Rao Yaoyao’s brows twitched, “What ability?”

Night Guardian closed his eyes as the resplendent sword energy that had almost killed him appeared in his mind.

At that time, Night Guardian did not know the root of the sword energy and only had a rough estimation of it. He did not take it seriously.

Looking at things as a whole now, he now understood the truth of that ability.

“Sword Will,” Night Guardian sighed softly.

Sword Will?

Wang Dachui and Rao Yaoyao’s pupils constricted, and they were shocked at the same time.

What they were shocked about was not that Xu Xiaoshou had Sword Will.

The other party was a member of the Saint Servant, and he had outstanding talent in the Way of the Sword. With Eighth Sword Deity’s care, learning Sword Will was nothing.

However, Night Guardian was talking about the matter of Xu Xiaoshou in Tiansang City.

At that time, Eighth Sword Deity was not born yet. Even Rao Yaoyao thought that Bazhun’an was still in a “fallen” state.

In other words, Bazhun’an was still a dead man at that time.

However, at that time, at such an early time...

Xu Xiaoshou already had Sword Will?

“Why didn’t you tell me earlier?” Wang Dachui felt cheated. How could Night Guardian wait until now to tell him such information?

Night Guardian shook his head dispiritedly and did not explain.

The fact that Saint Servant Xu Xiaoshou possessed Sword Will was already in the information.

However, when did he possess the Sword Will was something that Night Guardian wanted to find out after the speculation that “Young Master Xu is Xu Xiaoshou” was overturned by the higher-ups and he summarized Xu Xiaoshou’s life experience after a painful reflection. It was after that that he suddenly came to a realization.

It was also at that time that Night Guardian realized that everything he had originally imagined was all wishful thinking.

From the very beginning, Xu Xiaoshou had always been a pawn that Bazhun’an silently hid.

An important pawn!

This pawn was important and successfully hidden. Even if he was exposed to the eyes of the world, the masters of the five domains of the continent didn't take it seriously.

Thinking of this, Night Guardian suddenly sighed.

Yes, he had grown to this extent in less than half a year. If he hadn't personally witnessed and experienced it, how could he believe that such a person was called Xu Xiaoshou?

This was practically a replica of Bazhun'an!

No!

Bazhun'an still had the legend of "Three breaths for innate stage, three years for Sword Deity."

From the Night Guardian's point of view, if he really gave Xu Xiaoshou three years to grow, the entire world would go crazy for him!

Chapter 1038: The Moment of Terror! Two Wang Chao? (1)

"From the very beginning, Xu Xiaoshou had mastered Sword Will. It was just like how he had mastered the Infernal White Flame which originated from the same origin, Saint Servant Sleeveless..."

Rao Yaoyao seemed to have understood what Night Guardian had wanted to say: Xu Xiaoshou could also imitate Bazhun'an.

Moreover, based on Bazhun'an's current weak state, the more sloppy Xu Xiaoshou's disguise was, the more the people at the higher level did not dare to act rashly.

This helped Xu Xiaoshou disguise himself as Bazhun'an more successfully.

Not to mention after Yi died in the battle, the imitator had very likely fallen into Xu Xiaoshou's hands. This had helped Xu Xiaoshou disguise himself as Bazhun'an even more successfully, not just one level more.

"I really can't underestimate him..."

Rao Yaoyao finally raised her guard.

The words of Night Guardian were unpleasant to hear, but they were true and there was a reason for their existence.

If she fell into Saint Servant's trap and was surrounded by many people, and she even treated Xu Xiaoshou with more contempt, then even Rao Yaoyao would not face a good consequence.

However...

The only thing that was still unacceptable was...

"He had just broken through to Master (stage) under my sword not long ago..." Rao Yaoyao frowned. She couldn't accept that a Master (stage) junior could be a threat to the Higher Void (level).

"Let's get out!"

She had understood what she needed to understand. Rao Yaoyao didn't wait any longer. She got Wang Dachui to remove the bounded domain's seal and led Night Guardian back into everyone's line of sight.

"Inter-Spatial Wheel."

She personally requested the Inter-Spatial Wheel. She then looked at the recording of the battle traces on the wheel and reflected on the scene. However, she was unable to find Huang Quan, and traces of Bazhun'an and others leaving.

The only traceable traces left at the scene were the spatial passageway aura left behind by the stowaway with space attributes.

Stowaway with spatial attributes... Rao Yaoyao pondered. She felt that since Huang Quan and another stowaway with space attributes had appeared at the same time, then in the Yunlun Mountain Range, based on the probability, a third person with space attributes shouldn't exist.

Therefore, the space attribute stowaway that escaped in the end was very likely the white-haired short young man, the one that she had paid attention to previously and probed with spatial origin stone. However, it was disrupted by Young Master Xu, Jiang Xian, and other conflicts. In the end, due to the various major events that happened frequently, she had no choice but to let it go.

This was only a suspicion.

Rao Yaoyao didn't verify it immediately. Instead, she personally came to see the remnant fluctuations of the spatial passageway.

After such a long period of time, the remnant spatial traces had disappeared.

Fortunately, the Inter-Spatial Wheel had recorded the coordinates of the 362 exits of the spatial passageway. Rao Yaoyao slashed out the spatial fragment to verify them one by one, but she still couldn't find many clues.

The spatial fragment was too chaotic. It could erase many traces in an instant, not to mention after such a long time.

Standing beside the spatial fragment, Rao Yaoyao was not discouraged.

To her, this was just the beginning of the mission. She had come into contact with more complicated and difficult tracking events than this.

"Where's the image of the stowaway with space attributes? Give it to me."

Rao Yaoyao spread her hands and Night Guardian went forward. He handed over the jade scroll that Zhu Mi'er had carved and expressed his thoughts.

"I suspect he is the Dean of the Inner Yard of Tiansang Spirit Palace, Tiansang City, Ye Xiaotian."

Rao Yaoyao's brows twitched. She scanned the jade scroll with her spiritual senses and successfully identified that he was the one whom she had probed with the spatial origin stone.

“He didn’t take the spatial origin stone back then as he had anticipated my probe? He’s very smart...”
The corners of Rao Yaoyao’s lips curled up. Her eyes met the Night Guardian’s serious gaze and she said softly.

“I suspect the same.”

Suspicion was useless.

Rao Yaoyao was a person of action.

She immediately turned to look at her subordinates and said in a deep voice.

“Immediately send a message to the headquarters of the Holy Divine Palace in Dongtianwang City. Have them contact the City Lord Mansion of Tiansang City and get all the information about the Dean of Tiansang Spirit Palace, Ye Xiaotian, as soon as possible. Also, send someone to Tiansang Spirit Palace to verify it.

“I don’t want hearsay. I want the City Lord of Tiansang City to see it with his own eyes and reply to me personally on all the information he has verified.

“After that, the headquarters of the Holy Divine Palace in Dongtianwang City will send someone to Tiansang City to verify it. If what the City Lord of Tiansang City said doesn’t match what our people said... The City Lord Mansion of Tiansang City will be destroyed!

“As for Ye Xiaotian...”

After Rao Yaoyao gave her instructions on all the procedures in an orderly manner, the corners of her mouth suddenly curled up. She then teased, “If nothing goes wrong, you should be able to submit a report of Ye Xiaotian’s resignation. At the same time, tell me who the new dean of Tiansang Spirit Palace is, right?”

“Yes!”

The many red-clothed people around her shivered when they heard this.

In just a short while, Sword Deity Rao had concluded what she wanted the most, and what was most likely the correct answer.

She had even suspected the possibility of the City Lord Mansion secretly communicating with the Tiansang Spirit Palace and included other minor details in her suspicion. She also gave clear instructions for her actions.

From the beginning to the end, how much time had passed?

Even Night Guardian could not help but exclaim in admiration. As expected of the Ruler of the red-clothed, her thoughts were clearer than ever before!

The Cutting Path (stage) subordinates around her took their orders and left. Rao Yaoyao returned to look at the spatial crack.

She slightly narrowed her eyes and her spiritual senses transformed into 362 portions. In an instant, they passed through the spatial fragment and landed at the 362 exits.

There were still no clues...

After all, it had been too long.

“Did you guys say that Murong Ying and one of his team members had headed toward the only exit with an anomaly of the spatial passageway?” Rao Yaoyao asked.

Chapter 1039: The Moment of Terror! Two Wang Chao? (2)

“Yes, Sword Deity Rao,” Zhu Mi’er stepped forward and said respectfully. “The captain found a problem with one of the exits of the spatial passageway. Without wasting any time, he had immediately led his men to trace it.”

He had fallen into the trap... Rao Yaoyao smiled in her heart. She didn’t think the cunning fox-like Ye Xiaotian would leave such an obvious flaw.

Immediately she could think: If Ye Xiaotian was really present, he would have been able to erase all the spatial traces.

However, he had still left behind 362 exits. It was nothing more than a cover-up.

He also left behind an anomaly at one of the exits. It was an attempt to deceive and confuse people, making them firmly believe in the “correct answer” that they had painstakingly found and continue to waste more time and energy pursuing it.

However, it did not matter...

“There are quite a number of law enforcers. Even if there is only a trace of possibility, we can still send people to verify it. Perhaps Murong Ying is harboring such thoughts.” Rao Yaoyao had also thought of this point.

Since Murong Ying had pursued the only anomaly, there should not be any major changes.

Seeing more and more law enforcers in the surroundings, Rao Yaoyao pinched the battle communicator at her earlobe and ordered the law enforcers not to come over anymore.

There were already enough people here.

“Based on what Night Guardian has said, we can follow Ye Xiaotian for the time being. But Huang Quan and Bazhun’an are the most important. After all, the latter could be Xu Xiaoshou’s disguise.

“Even if Night Guardian’s deduction is wrong and Bazhun’an is not Xu Xiaoshou’s disguise, the whereabouts of these two people... will become even more important!

“One is Yama’s cultivation, and the other is Saint Servant’s chief...”

Suddenly, Rao Yaoyao’s eye expression was awake. Her spiritual senses were magnified and expanded infinitely, trying to search for any unusual fluctuations in the Yunlun Mountain Range.

However, with the release of her spiritual senses, all the stowaways could have sensed a premonition and hide well in advance.

Therefore, Rao Yaoyao didn't gain anything out of this.

"The rats that are hiding everywhere..." Rao Yaoyao couldn't help but curse in her heart, but there was nothing she could do. If Yama and Saint Servant were so easy to track, then they weren't worthy of these two names.

"Spread in all directions!

"Dig out every inch of the land!"

Rao Yaoyao could only use the most primitive method of searching for people.

The law enforcers of Cutting Path (stage) and Sovereign (stage) responded to the instruction and flew in all directions, hurriedly taking action.

At this moment, there was a small commotion at the entrance of the dense forest by the side.

"What happened?" Rao Yaoyao looked over.

Not far away from the entrance of the forest, a man with disheveled hair and a dirty face jumped out. He had more than one layer of thick mud on his face, making it hard to see his face. He was wearing only a pair of colorful underpants, which made him look very abnormal.

He was obviously captured by the law enforcers who were searching for people.

"Sword Deity Rao!"

Zhu Mi'er from Murong Ying's team ran over in a hurry. On the way, she even sprained her ankle. She staggered and looked very panicked. "Sword Deity Rao, there's, there's a situation..."

Rao Yaoyao's eyelids constricted and her eyes turned cold.

Zhu Mi'er was at the Sovereign (stage) Dao realm. What had she encountered that could make her so frightened?

Rao Yaoyao could feel the fear that came from the depths of her soul from afar.

"Speak!" she said indifferently.

Zhu Mi'er's teeth were chattering, and her face was pale. She bowed and said, "Sword Deity Rao, we found someone nearby, but he's not an enemy. He's... he's our people..."

Rao Yaoyao was surprised. "Law enforcer?"

"Yes, yes..." Zhu Mi'er looked as if she had seen a ghost. She was still frightened and said choppily, "Not only is he a law enforcer, but he's also my teammate. He's under our team leader, Murong Ying..."

Rao Yaoyao knew Murong Ying.

This team leader of the Cutting Path (stage) was leading one of his team members on the way to track the spatial fluctuation anomaly left behind by Ye Xiaotian.

"So?" Rao Yaoyao released her spiritual senses in an attempt to calm Zhu Mi'er's panic. She didn't choose to yell at her.

Zhu Mi'er felt the power of the Higher Void (level) and her emotions calmed down a little, but there was still a sense of horror.

She turned around and pointed at her teammate who was clutching his lower body, chest, and calves. She then said, "He... his name is Wang Chao..."

"Wang Chao?" Rao Yaoyao was puzzled. "Is there a problem?"

"Yes!" Zhu Mi'er had goosebumps all over her body. It was as if she was at the most terrifying moment. She turned her finger and pointed at the spatial crack behind Rao Yaoyao. She then said in a terrified voice.

"Before Sword Deity Rao came, our captain, Murong Ying, had already led a team member into the spatial crack..."

"His, his name is Wang Chao!"

Rao Yaoyao was stunned on the spot.

Beside her, the few Cutting Path (stage) guardians including Night Guardian and Wang Dachui who had not gone far, were also stunned on the spot.

After that, a gust of wind blew at the back of their heads and a chill ran down their spines. As if they had seen a ghost, they all jumped out of the spatial crack at the same time and were a full ten feet away!

"Are you joking?" Wang Dachui widened his eyes and stared straight at Zhu Mi'er. "You scared me to death!"

"I'm not joking..." Zhu Mi'er felt wronged and said,

"We have verified this Wang Chao. The details, words, actions, and everything are of the normal Wang Chao.

"But, but that Wang Chao who went with Captain Murong Ying is also normal.

"He... he is so normal that together with him the captain found Yama and Saint Servant. Then, they talked, took action, and left together..."

"In such a long time, the captain and all of us didn't notice anything unusual about that Wang Chao!"

Hiss!

Everyone sucked in a breath of cold air.

There were two Wang Chao?

This was too horrifying!

The Wang Chao at the scene was real as his identity could be verified. Then what the hell was that Wang Chao that Murong Ying brought along?

Night Guardian felt a little chilly at this time.

He had been dealing with ghost beasts for half of his lifetime. There was a “ghost” in the name of the ghost beast, but most of them were not so smart. Under the circumstances of being well-prepared, they were nothing to be afraid of.

Right now, these “two Wang Chao” were really like ghosts. It had nothing to do with the cultivation level. The incident itself made people feel terrified.

“Wait...”

“Ghost? The second Wang Chao?”

Night Guardian’s thoughts suddenly froze, and he turned back from a certain point.

Wasn’t this somewhat similar to his prediction just now?

However, the main character of the prediction had changed from Eighth Sword Deity to the unremarkable Wang Chao, which had made people unable to react for a moment...

Night Guardian turned his eyes to look at Rao Yaoyao and found Sword Deity Rao was also looking at him as if she had comprehended something.

The two of them paused for half a breath before speaking in unison.

“Xu Xiaoshou!”

...

“Coo...”

A mournful sound of the wind that sounded like the wails of ghosts and wolves echoed from the cliff before reaching the clouds.

Amidst the swirling clouds, Ye Xiaotian landed on the top of the cliff and felt as though he was on top of the highest clouds.

His entire body was bathed in blood but he did not seem to care. He only looked at the world below the cliff in shock.

The cliff in front of him was originally a towering mountain that reached the clouds. But now, the mountain seemed to have been cut into halves from the middle by an immortal with a giant sword.

The power leaking out had destroyed the two shores of the cliff.

The cliff that was so high was now split in the middle. At this moment, the sky was filled with endless clouds, and the bottom of the cliff was filled with endless seawater. It was simply terrifying.

“There’s such a high cliff in the Yunlun Mountain Range?”?

“Furthermore, the Sword Will in between the cliffs doesn’t seem to have been left behind since ancient times. It seems to have just appeared not long ago...”

Ye Xiaotian sighed with emotion. He touched the broken rocks beneath him. As he used Elder Sang’s elixirs to treat his injuries, his thoughts wandered.

The sword marks of the slash that destroyed two shores and cut off the cliff reminded him of a person...

Eighth Sword Deity!

It was rumored that during the night battle in the Imperial City, a figure suddenly appeared in the Yunlun Mountain Range. That figure appeared to be a great Buddha. The great Buddha held a sword, and the sword light shone brightly in the night. It had attracted the people of the Holy Divine Palace to the Yunlun Mountain Range to defend themselves. Then, they also summoned the Sky City that had the title of “foundational roots of Saint Ascension” in the sky above the Imperial City!

“Is this the scene here?”

Ye Xiaotian recalled the information spread by the residents near the Yunlun Mountain Range after the night battle in the Imperial City. He felt the shocking sword marks around him and was somehow moved.

Bazhun’an saved his life inexplicably, and he had come to the origin of the Great Buddha Chop inexplicably...

Was it a coincidence?

Or fate?

Chapter 1040: Another Path to Saint Ascension! Qiao Qianzhi’s Request (1)

“Is it because of Elder Sang...”

No matter what Ye Xiaotian thought, he could only get Bazhun’an’s help to save him. It was because Elder Sang was the second-in-command of Saint Servant

He stopped thinking about it. After applying the medicine, he looked at himself up and down.

The flesh and blood on his body, which was almost shattered by Huang Quan, had begun to recover under the effect of Elder Sang’s powerful healing medicine.

However, the recovery speed was not fast enough.

Ye Xiaotian pondered for a moment. He spun the Spatial Upanishad under his feet and his body gradually turned transparent. Then, he completely merged into the space.

“Crack!”

The moment his body merged into the space, his injuries were also transferred to the space.

In just a blink of an eye, the space around him collapsed and shattered. It showed how serious his injuries were after the battle with Huang Quan.

However, the space had self-healing properties. After a short while, the surrounding space recovered to its original state.

The void rippled again, forming a blurry silhouette that seemed to be struggling, trying to escape from the void space.

After a long time, Ye Xiaotian finally completed his morph forms and returned to his human form.

He sized up his body again. His injuries had all healed, which was a good thing, but Ye Xiaotian still had a lingering fear.

“Turning into space, I can use the Great Path of space to heal my injuries, but the consequences are also very serious.

“As the number of times I assimilate space increases, my consciousness will gradually integrate into the Way of the Heavens. In the end, I will live as long as the heavens.

“This is ‘eternal Life’ in a certain sense, but it is also ‘death’ in a different sense!”

The power brought about by the completion of the Spatial Upanishad was almost flawless.

Ye Xiaotian had such a method to heal himself, but he still used healing elixirs. He was just afraid that one day he would really live as long as the heavens.

He didn’t like eternal life.

He only liked to follow his consciousness in his limited life and walk through this uneventful life.

Unfortunately, after his battle with Yama, what awaited him would be an endless storm!

“Saint Origin Crystal...”

Ye Xiaotian took out the hexagonal crystal hidden in his own space. The crystal stone of the size of a fist was emitting a fascinating mysterious Holy Light.

But it was also the same thing that had got him into this mess.

“Elder Sang, Elder San. I’ve helped you to this extent. I have indeed done my best...”

Ye Xiaotian sighed, holding the Saint Origin crystal he protected with painstaking efforts. For an instant, he lost the next target.

“Elder Sang’s letter only told me to snatch this Saint Origin Crystal, but he didn’t tell me what he wanted it for...”

“He wouldn’t give it to me to make me a saint, would he?”

Ye Xiaotian knew very well that although he had mastered the Spatial Upanishad, he still had a long way to go before he could become a saint.

It was impossible that Elder Sang had wanted him to fight for this Saint Origin Crystal to make him a saint.

Then...

“It was for Xu Xiaoshou?”

Ye Xiaotian speculated and quickly rejected it because Xu Xiaoshou was far from becoming a saint.

“Pop.”

Just as he was thinking, the unique spatial bead on his body cracked into pieces.

Ye Xiaotian took out the fragments of the spatial bead and frowned.

There were originally two spatial beads that formed a pair. The other bead was in the hands of Qiao Qianzhi from Tiansang Spirit Palace.

Although this thing did not have a communication function, and even though they were separated by two domains, the other one would react if one of them was crushed.

Ye Xiaotian knew that communication was prohibited in the cloud realm world. Hence, during his trip this time, he left this spatial bead at Tiansang Spirit Palace.

“Unless the Tiansang Spirit Palace is in a life-and-death situation, Qiao Qianzhi will not crush the spatial bead. Obviously, he has wanted to contact me...”

“What has happened over there?”

Ye Xiaotian’s heartbeat accelerated slightly. He raised his eyes to look at the sky. A spatial barrier instantly appeared above him, changing the image of this place.

Then, he waved his hand in the void, creating a mirror.

At the end of the Tiansang Spirit Palace, even Qiao Qianzhi had tried his best, he couldn’t contact Ye Xiaotian in the Yunlun Mountain Range. However, Ye Xiaotian’s Spatial Upanishad had reached the final stage. With a little effort, he could see any space in the five domains of the continent.

In the spatial mirror, Qiao Qianzhi’s face slowly appeared. Even though there was a distance limit, Ye Xiaotian could still see the anxiety on his face.

“What has happened?” Ye Xiaotian asked.

Qiao Qianzhi was in a slightly dim space. Behind him was a square table with a dark red roast goose which made one mouth-watering.

He was holding a chopstick in one hand and a fragment of the spatial bead in the other. Apparently, he had received some kind of information in a hurry and immediately sent out an invitation communication.

Seeing the spatial mirror appear, he could not wait to speak and get straight to the point.

“Someone from the City Lord Mansion came. Fu Zhi acted personally. With the search warrant from the Holy Divine Palace in hand, he took away all the information about you.

“Not long after, the people from the Holy Divine Palace personally came to verify your resignation report.

“Of course, there’s nothing wrong with this report. The relevant procedures have been completed in the past few days. Old Xiao is now the new dean, so they can’t find anything wrong with it.

“But they left a message.”

Qiao Qianzhi paused, and his eyes were full of worry.

“What message?” Ye Xiaotian took a deep breath. He understood that his identity had been exposed. Rao Yaoyao had sent people to verify it and it had been verified successfully.

Qiao Qianzhi sighed and imitated that person’s sarcastic tone, “In Tiansang Spirit Palace, first there was Saint Servant Sleeveless, and then Saint Servant Xu Xiaoshou. Now, there’s also the stowaway, Ye Xiaotian. The quality of the elites you’ve nurtured is really good’... These are his exact words!”
