

I Am Loaded 1131

### Chapter 1131: Under the Deep Sea 3

However, once this balance was broken, he would not be able to hold on and would die in pain just like Murong Ying.

“No!”

“I still have the Vanishing Technique, I can hold on for a while longer...”

Xu Xiaoshou’s heartbeat quickened. However, when he thought about his own abilities, he relaxed a bit.

He really wanted to see what were the opportunity and risk mentioned by the Water Ghost. Perhaps, it was at the bottom of that unknown “Gate of Hell.”

He was falling...

It was an endless descend to the abyss...

At this time, Xu Xiaoshou did not know how far he had fallen.

His Perception was unable to detect the surface of the water at all. All he could see was the vast sea.

Time passed.

Without knowing how long it had been, his Perception was finally able to find another spiritual source.

It was very obvious that this time, the person was still alive. Just like what he had encountered before, the person was struggling helplessly, quietly waiting for death.

“Get over there!”

Xu Xiaoshou kicked again, using the force to close in.

Soon, he fell on the side of another water ball.

This water ball did not stop, as it was also falling. However, its speed seemed to have slowed down. This could mean that the other party’s life was about to come to an end.

“Elder Night Guardian?”

When they got close enough, Xu Xiaoshou finally recognized the person who was inside the water ball, judging from the blurry outline. It was the red-clothed night guardian that he had kicked off the cliff.

“Xu Xiaoshou?”

Finally, a voice came from the depth of the sea.

Inside the other water ball, a shriveled Night Guardian stared at Xu Xiaoshou in surprise with his bulging eyes.

They could communicate... Xu Xiaoshou thought to himself. He could feel the fluctuations of the water ball and figured out that the water ball had the ability to communicate with one another.

He kicked and controlled the falling speed of the water ball with the force of the recoil. While maintaining the same speed as the Night Guardian, he asked rather cheerfully, "Elder Night Guardian, you're not dead yet, are you?"

The Night Guardian said nothing.

Cursed, passive points, + 1.

The water ball was finally on par with the other side. Xu Xiaoshou saw that there was also a large number of elixirs and spiritual weapons floating inside the water ball.

However, Night Guardian himself was in a very bad state. His aura was extremely weak, like a flower that was about to wither.

"This old man is not far from death..." In the process of descending at the same time, the Night Guardian sighed heavily and no longer opposed him. Instead, he spoke with some kind of relief.

Under the deep sea, it seemed that the position of either side was no longer important.

Everyone returned to the state they once were when they first met at the White Cave, where they could hold a normal conversation and talk about their dreams and future.

Xu Xiaoshou looked at the Night Guardian's mental state and suddenly fell silent.

His heart was filled with sorrow, but he did not know why.

"Xu Xiaoshou..."

Inside the water ball, the Night Guardian noticed that Xu Xiaoshou's face was still glowing red. He could not help himself and let out a laugh.

"I knew that under the same circumstances, you would definitely fare better than most, because you are constantly undergoing this kind of test.

"Perhaps, without the world knowing, you have already grown from a small sapling in a greenhouse to the point where you can withstand the storms of the outside world."

Perhaps it was because he had spent too much energy to say what he wanted to say, that after the Night Guardian finished speaking, he coughed laboriously twice.

Praised, Passive Points, +1.

Xu Xiaoshou's mood became even gloomier when he saw this. He said softly, "I'm sorry that I kicked you up there, but I had no choice..."

Night Guardian's expression stiffened when he heard this.

Cursed, Passive Points, + 1.

After a long while, he shook his head and sighed again. He looked down at the endless deep sea.

“It’s no longer important. This place might be where I die...”

“I don’t blame you for taking a different stand.”

### **Chapter 1132: Shattered Faith, Broken Man! 1**

Xu Xiaoshou’s heart sank. He thought of how the Night Guardian in the White Cave had shouldered a great deal of pressure and had given him the ownership of the famed sword, Flame Python, as an olive branch offering.

He recalled the heartfelt words of the Night Guardian when he used the vanishing technique during the rainy night in the Imperial City. He also remembered how they had looked at each other through the railings.

He recalled how, even though they were on different sides, the Night Guardian was not like one of those crazy law enforcers who only wanted to kill him or cut his head down to gain credit.

From the beginning, the Night Guardian had always wanted to return to the right path.

Unfortunately..

The so-called “Right Path” had a very different meaning to each of them.

Looking at the dispirited Night Guardian in the water ball, Xu Xiaoshou’s heart was desolate.

Night Guardian might die, but he couldn’t die like this, right?

“Did you use up all your elixirs?”

Xu Xiaoshou didn’t know how to start a topic, so he could only use what he saw just now as a topic and said, “I saw Mu Rong Ying up there, but his blood had already been sucked dry and he is dead...”

The Night Guardian looked revived, his pale face suddenly had a color — green.

“Cursed, Passive Points + 1.”

“Ugh!” Realizing that he had started the conversation in the wrong way, Xu Xiaoshou quickly stopped himself. He even felt like slapping himself twice.

He suddenly thought of something and took out bottles and pots from his Yuan Mansion.

“I’m an elixir master at the sovereign stage. I’m lacking in everything except elixirs. These...”

Staring at the honey pots in his hands, Xu Xiaoshou’s face suddenly stiffened. With great difficulty, he said, “Ah, these are indeed low-tier elixirs. However, they are superior in quantity. Perhaps, they might be able to help you hold on for a little longer?”

Xu Xiaoshou wanted to pass the bottles through the water ball.

However...

Even though the water ball doesn't break easily, to pass the bottles over, he would have to break it, right?

If he broke the water ball, just the water pressure alone would be enough to kill the Night Guardian in his present state.

Of course, Xu Xiaoshou felt that he would also die on the spot because of the water pressure the moment he broke the water ball.

The two water balls continued to descend steadily..

The Night Guardian watched the actions of the young man in the water ball opposite him and said with a bitter smile, "I appreciate your kindness, but if you really break this water ball now, I will be obliterated."

He looked at himself up and down, shrugged his shoulders slightly, and said somewhat relaxed, "At least now, I will die in the water ball and still have a whole corpse. As for the elixirs... you will need them. Keep them for yourself. I wish you good luck."

Xu Xiaoshou held onto the honey pot and stopped moving, silently watching the water ball on the opposite side descend.

If he did not use the recoil force, his water ball would soon surpass the Night Guardian and continue to fall. Therefore, after staying for a while, Xu Xiaoshou continued to kick down fiercely, keeping the two water balls parallel.

He did not give up.

Xu Xiaoshou did not want to see the Night Guardian die so muddleheaded. His brain started to spin rapidly.

"What if I use the space attributes to teleport the honey pot to you?"

"But I'm not familiar with the space attributes either..."

With this thought in mind, Xu Xiaoshou suddenly thought of the space power Ye Xiaotian used to escape on the Gu Yin Cliff.

The latter had only used a little bit of his ability to perform spatial displacement, pulling the person in front of him as a shield.

What if he used this method to send the honey pot over to him?

He would do it!

At this moment, Xu Xiaoshou felt it was a pity that the spatial origin stone was not with him. Since the stone's location could be seen, he placed it with Xu Xiaoji and did not carry it with him. Otherwise, he should be able to quickly figure out Ye Xiaotian's method of using space ability.

However, even without the spatial origin stone, it was okay.

Xu Xiaoshou still had a second option — Imitator.

He did not transform into Ye Xiaotian because it was unnecessary. He was a space attribute ability user.

Holding the Imitator in one hand, Xu Xiaoshou's spiritual senses seeped into the Yuan Mansion and tied it to the "Path Pattern Initial Stone". Xu Xiaoshou replayed the scene of Ye Xiaotian's attack in his mind. He held a box of honey pots in each of his hands and began to try.

"Heaven and Earth Teleportation!"

Swish!

With a thought, the honey pots in his left hand suddenly disappeared.

Xu Xiaoshou was stunned. He could tell from the spatial fluctuation that the honey jar had been placed into a spatial fragment and was crushed instantly.

"Ugh, if this move is used, people will die, right? If I accidentally placed the Night Guardian's water ball into the spatial fragment..."

Xu Xiaoshou looked at the Night Guardian guiltily and calmly said, "Give me some time."

The Night Guardian could see that Xu Xiaoshou was trying to do something, but there was an inexplicable fear in his heart. It seemed that as long as Xu Xiaoshou gave up trying now, he would be able to live longer.

But if Xu Xiaoshou succeeded, he might die on the spot.

"You..."

He opened his mouth slightly, but the Night Guardian could not utter a single word.

Forget it. I'll just let him give it a try. They were desperate.

On the other side, Xu Xiaoshou did not stop trying. He continued to sense the spatial fluctuation, and the honey pots in his hand quickly disappeared.

Sometimes, it did not get crushed. Occasionally, it appeared above his head, and at times, below his feet...

Before long, the honey pots in his hand finally appeared outside the water ball.

In contrast, there was a puddle of water in his palm.

"I succeeded?"

Xu Xiaoshou's eyes lit up. However, his face froze when he saw the honey pots that appeared outside the water ball instantly crushed into powder by the deep sea water pressure.

"Do you trust me?" Xu Xiaoshou looked at the Night Guardian.

The corner of the Night Guardian's mouth twitched. He didn't say anything. He stepped back slightly and pushed the bottles in front of him away, pretending not to care. He asked, "When did you master the space attributes? I've never seen you use them before."

**Chapter 1133: Shattered Faith, Broken Man! 2**

"It's a long story, so I'd rather not talk about it." Xu Xiaoshou shook his head and cleverly refused to answer.

"Cursed, Passive Points +1."

The Night Guardian took a deep breath and decided to keep his words to himself.

...

"Heaven and Earth Teleportation!"

After several attempts, Xu Xiaoshou finally felt familiar enough with the skill.

Feeling more confident, he opened his palm and cast the spatial displacement skill at the Night Guardian in the water ball.

Swish.

This time, the honey jar in his palm disappeared and was replaced by a finger.

Xu Xiaoshou: ???

Finger?

A finger?

How could it be a f\*cking finger?

Wasn't I aiming at the abandoned elixir bottle in front of the night guardian?

Xu Xiaoshou threw the finger away in horror. Looking up, he saw the Night Guardian staring at him in equal shock and confusion from the water ball.

The little old man, who was already in a dispirited state, was gripping onto his right hand as blood seeped out from between his fingers.

This poor old man, who had not much time left to live, had to endure the tragic loss of his finger.

The Night Guardian barely kept his composure and stifled his cries of pain. With his purplish lips trembling and corners of his eyes twitching, he looked as if he was unable to accept the reality of what had just happened.

"So this is... Your spatial attributes?" The Night Guardian held it in for a long time before he finally shakily delivered his question.

"Condemned, passive points +1."

"Disliked, passive points +1."

"Doubted, passive points +1."

Xu Xiaoshou took a deep breath. "Sorry, that wasn't on purpose. Don't worry, let me try teleporting this finger back to you." He picked up the Night Guardian's finger.

“Don’t!” The Night Guardian’s face turned pale. His breathing became staggered from the repeated shocks and trauma.

“It was an accident just now...” Xu Xiaoshou quickly reassured the Night Guardian. “I was sure of my calculations, but I didn’t expect that although the water ball appeared to be relatively still, it was actually moving. That caused my spatial positioning to be off. Next time, I’ll definitely succeed!”

As he spoke, he lifted his eyes and stared intently at the Night Guardian’s head. He thought to himself, “He’s lucky that I realized and shifted the ability away at the last second. Otherwise, the finger would have been a human head...”

The Night Guardian took a few deep breaths before he started coughing violently.

He pressed his back against the wall of the water ball and moved not even a single muscle. Glancing miserably at Xu Xiaoshou, he prayed that his pitiful state would convince him to stop trying.

Unfortunately, in Xu Xiaoshou’s eyes, that just meant, “Come! I’m ready!”

This time, he made sure to account for the movement of the water ball. Calmly identifying the position of the space, Xu Xiaoshou cast the spatial displacement skill again.

“Heaven and Earth Teleportation!”

With another swish, the abandoned elixir bottle appeared in his hand. In return, the Night Guardian’s finger dropped onto the ground before him.

“I did it!” Xu Xiaoshou exclaimed excitedly. This meant that the Night Guardian could receive relief supplies!

He looked up and saw the Night Guardian attempting to reconnect his severed finger to his bloody wound. However, it was futile as he could not even activate his spiritual source.

The Night Guardian’s face was pale and green at the same time, as if he was suppressing a mountain of negative emotions.

“Cursed, passive points +1.”

Xu Xiaoshou chuckled awkwardly and said, “One finger for one life. Worth it, right?”

The Night Guardian gritted his teeth begrudgingly, “Definitely worth it!”

Xu Xiaoshou chuckled again. After this first successful attempt, he finally began teleporting heaps of honey jars into the water ball.

Those jars contained Spirit Cultivation Juice and Amber Juice, almost filling up the entire water ball.

Although they were low level supplies, these honey jars should be enough to help the Night Guardian hold on for a little longer.

“I tried my best.”

Xu Xiaoshou nodded at the Night Guardian, who was crouched in a corner of the cramped water ball, frantically opening the jar and licking the honey with great difficulty. Xu Xiaoshou couldn't help but find this scene pathetically comical.

After gulping down a whole jar of honey like he was on the verge of starving to death, the Night Guardian suddenly stopped.

With great perseverance, he put down the honey jar and looked at Xu Xiaoshou, "You gave all these elixirs to me, but what about you?"

Xu Xiaoshou replied with a cheeky smile, "Don't worry, with my age, I probably won't die before you. Care about yourself first!"

The Night Guardian fell silent. As they talked, he could feel the water ball instantly sucking dry all the spiritual source he had just swallowed. He whispered dejectedly, "This is just a meaningless struggle. I...I am destined to die soon."

He pushed the honey pot forward. "Xu Xiaoshou, take them all back. You need these things more than me."

Xu Xiaoshou lightly shook his head. "Surviving for a moment longer is worth anything. It's not shameful to live ignobly. What if one day the water ball stopped sucking spiritual source? You wouldn't even have the chance to regret if you didn't try your best to live on now."

Hearing his words, the Night Guardian closed his fatigued eyes.

I've lived enough...

He began to reminisce his eventful life.

From white-clothed to red-clothed.

From an ordinary Spiritual Cultivator to the Cutting Path Stage. He was so talented that even when he was at Cutting Path Stage, he already possessed the power of the Higher Void.

He had already enjoyed the fulfilling first half of his life.

Perhaps the happiness that he relished from the first half of his life, will come to an ironic, rough end with the helplessness and silence from the latter half of his life.

The intent of death pervaded the air...

Xu Xiaoshou noticed that the muscles on the Night Guardian's face had suddenly shriveled.

It was not just his face, but his entire body as well.

The suction force of the water ball had once again escalated!

"Go ahead, eat it!"

After a moment of silence, Xu Xiaoshou angrily roared, "I've already given you everything. What's the point of not eating? Are you looking down on me?"

The Night Guardian opened his eyes with difficulty. His eyelids weighed down by lethargy, he said weakly, "I've given you everything I have."

### **Chapter 1134: Shattered Faith, Broken Man! 3**

"It will only get more dangerous in the deep sea. These elixirs would be wasted on me."

"You're right. Everyone is waiting for a turning point...perhaps, in the end, the elixirs you've given me will become your last life-saving straw."

"As for me..."

Night Guardian laughed bitterly, "Even if I can't turn you back to the righteous path, I won't be the one to destroy your last hope."

"Bullsh\*t!" Xu Xiaoshou cursed angrily. He wanted to teleport over, grab Night Guardian by his head and slap him twice to wake him up.

His anger was meaningless. He had to think of a way.

A way...

A turn for the better...

Xu Xiaoshou suddenly thought of Night Guardian's biggest obsession. He laughed coldly and said, "Old Man, do you know why I refused to accept your good intentions and become one of the red-clothed people?"

As expected, Night Guardian's body trembled when he heard Xu Xiaoshou's words. His turbid eyes flashed.

He grabbed a jar of honey, dug a finger into it, and stuffed it into his mouth. His eyes widened as he asked, "Why?"

Xu Xiaoshou sneered and said coldly, "I laughed at you for being in the middle of a game and not knowing it. Naturally, I didn't want to follow you. Did you know? The red-clothed organization you believe in, the Holy Divine Palace you are willing to sacrifice your whole life for, contains a group of sanctimonious people?"

Night Guardian froze. There was anger on his face, but he did not say anything to refute him.

Xu Xiaoshou raised his eyebrows and teased, "Looks like you already have some clues. It's just that the faith that you have been following all your life has gone wrong. Would you choose to avoid it and pretend that you didn't notice anything?"

Night Guardian was so angry that he laughed. He said weakly, "Xu Xiaoshou, I am about to die. You...still dare to provoke me?"

"I never provoked you. Everything I said was the truth!" Xu Xiaoshou didn't explain anything else and said directly, "In the White Cave, I saw it with my own eyes. Your junior, Lu Ke, who was also one of the red-clothed people, had ghostly energy coming out of his body because he lost control of his emotions!"

Ghostly energy?

Night Guardian's eyes suddenly became dull. He tilted his head and asked, "What did you say?"

"I said!"

Xu Xiaoshou repeated with heavy emphasis.

"Lu Ke! Red-clothed! Ghost beast host body!"

"Your higher-ups talk about justice but do so much dirty work simultaneously."

"I don't know what other secrets are involved in this, but I believe what I saw. That's why even though you invited me, I never chose to follow you because I was afraid!"

Xu Xiaoshou huffed, and his voice suddenly became gentle.

"I'm afraid that I'll be like you, a fool who's been blinded and only knows how to walk around in circles."

"I've said before that I want to see this world on my own."

"As for the truth of this world, as well as the 'Originator' who wrote the 'truth', he'll never be able to see through it with just his identity as a red-clothed member!"

Night Guardian's mind went blank.

These words were like a bolt out of the blue to him.

"Doubted, Passive Points +1."

"Impossible..."

"You are lying to me..."

"Lu Ke is the disciple of the Moonless Sword Deity. He is the reserve guard of the red-clothed and a famed sword wielder. How can he be the Ghost Beast Host Body?"

"The Moonless Sword Deity knows about this?"

"Impossible! The Moonless Sword Deity definitely did not know about this. He abhors evil so much. If he really knew about this, why would he join the Holy Divine Palace?"

"He is the ruler of the white-clothed people. He is one of the higher-ups, and he is the one who makes the rules. Since he chose to join the Holy Divine Palace, the Holy Divine Palace can't be wrong. So, you are lying to me..."

Night Guardian mumbled in a daze as he tried to analyze the authenticity of Xu Xiaoshou's words.

He was afraid of being lied to again!

However, before Night Guardian could finish his nonsensical ramblings, Xu Xiaoshou interrupted him with a cold smile.

“Night Guardian, wake up!”

“Your Moonless Sword Deity is in the Sacred Mountain Prison, in the Dead Sea! I even heard that one of his arms was broken.”

“Think about it with your knees. Is this the punishment the Holy Divine Palace will give to one of their own?!”

With a ‘boom’, all the thoughts in Night Guardian’s mind collapsed.

His lifelong belief seemed to have collapsed instantly, causing him to stagger violently in the water ball.

His horrified face, which seemed to have been sucked dry until only skin and bones were left, lifted up. He looked at Xu Xiaoshou in a daze and subconsciously asked, “What, what did you say?”

Xu Xiaoshou took a deep breath and said seriously,

“I said, live on!”

“Use your eyes to see the answer you want to see.”

“Believe me, this will be more exciting than the ‘truth’ others have given you!”

That was all he had to say.

Xu Xiaoshou did not wait. He lifted his hand up and pushed the water ball down quickly with the help of the recoil.

He did not take back the large number of honey jars he had given to Night Guardian.

The reason was that he believed that a broken person would either die or be reborn from the fire, nibbling away the darkness bit by bit and then relying on himself to walk towards the dawn!

### **Chapter 1135: Seduced, Passive Points +1 (1)**

“Swish!”

Sword light separated the heavy water, and an illusory figure stopped advancing in the deep sea.

“I reached the bottom?”

A murmur sounded.

Swordsman Gu Qingyi transformed into an intangible figure using the Swordless Sword Technique. After ignoring the water pressure and falling for a long time, he finally found the only concrete object in the deep sea.

A door!

In front of him was a heavy and unadorned colossal door. It was thick and about thirty feet tall.

The door didn't have any wall supports, and it did not form any mysterious barriers from being in contact with the water flow either.

Gu Qingyi circled around the door and found that other than pushing it open, there was no other way to crack the secret of this ancient door.

"The door..."

"Where will it lead to?"

Gu Qingyi, who had abandoned his figure using the Swordless Sword Technique, began to ponder.

From the moment he found the Lone Cliff, he had sensed an indistinct guiding power.

It seemed as though there was someone who wanted him to come to the Lone Cliff and find the secret at the bottom of the cliff.

Gu Qingyi was even more confident in his thoughts after seeing the remnant Sword Will of the Eighth Sword Deity on the Lone Cliff.

He left Gu Qing'er on the cliff as reinforcement and went down the cliff alone to find the lucky opportunity.

"With the sword will of the Eighth Sword Deity, the bottomless ocean below the Lone cliff, the special guiding power and the Spell Forbidden Barrier..."

"If nothing goes wrong, this 'door' might be related to the Sky City?"

Gu Qingyi didn't know if his speculation was correct. Still, he remembered that the Eighth Sword Deity had thrown the Holy Power Treasures to the Shengshen Continent to attract everyone to the Yunlun Mountain Range.

As for the Yunlun Mountain Range, currently, only Sky City could be connected to the motive behind everything.

If this deep sea gate didn't have some connection with Sky City, it wouldn't make sense.

"Should I give it a try?"

A bold idea appeared in Gu Qingyi's mind as he held onto the Evil Sword, Yuelian.

After all, it hadn't been long since he fell into the water. His second Junior Brother should still be waiting for him at the Lone Cliff.

Once he pushed open this door, he would see the opportunity more clearly. Then, he could choose to advance or retreat.

If anything went wrong, he could immediately retreat and return to the cliff to meet with his Second Junior Brother.

If he wanted to explore further...

Would he be able to get an answer by asking his Supreme Master?

With this thought in mind, Gu Qingyi looked at the massive door in front of him with burning eyes.

He seemed to have forgotten entirely about the premonition of danger and abandoned all possibilities simultaneously. Without thinking, he placed his hand on the ancient door.

“Open!”

He exerted force with his hand.

With a thump, the ancient door shook slightly.

However, under the heavy pressure of the seawater, the door was not so easy to open.

On the contrary, because of the external force exerted on it, the edge of the ancient door lit up with a faint light, as if indicating that it was not ordinary.

Usually, such a strange movement would make Gu Qingyi apprehensive and cause him to be more cautious of his decision as to whether or not to open the door.

However, his failure did not alert him. Instead, it stimulated his desire to open the door.

“Looks like this door is pretty heavy.”

Gu Qingyi sneered. He unsheathed the Evil Sword Yuelian and swung it forward.

“Shock path, unleash all techniques!”

With a loud bang, a sword light struck the ancient door. The powerful recoil instantly caused large currents of seawater within hundreds of miles.

Then, the ancient door shook violently and caved in the middle. A crack had been created by the sword light.

“Rustle...”

A terrifying suction force was emitted. It followed the door’s crack and sucked in large amounts of seawater within several miles.

“Uh!”

Gu Qingyi grunted, his face filled with shock.

His illusory body, which had been formed by the Swordless Sword Technique, could not withstand the enormous suction force from the door’s crack at this moment. His body was involuntarily pulled forward.

“You want to pull me in?”

Gu Qingyi’s expression finally became solemn.

When a sense of crisis came over him, he keenly realized that all his thoughts just now did not have the option of retreating.

Without a doubt, this was definitely the work of that strange guiding force!

“Broken Path...”

The Evil Sword Yuelian in his hand flipped again. Gu Qingyi wanted to make a defensive move to prevent his body from being pulled into the crack in the door.

However, before he could finish speaking, a bright light flashed through the crack of the ancient door, instantly engulfing all the concrete and illusory existences around the door.

This naturally included Gu Qingyi as well.

There weren't any screams.

No other unexpected happened, either.

With a “thump”, the deep sea's ancient door closed again, leaving behind an underwater world that seemed to have been silent for an endless and continuous amount of time.

...

“Damn it!”

“Why can't I break free?!”

In the deep sea, curses could be heard repeatedly from more than many water balls.

Golden Foot, one of the five killers with the gold hunting token, was currently in a water ball, doing a meaningless act of resistance.

She had tried all methods, but she was still unable to stop herself from falling into the deep sea.

As for the water ball...

With her ability, she felt that she could break it.

However, Golden Foot didn't dare to try at all.

After all, in the Spell Forbidden Barrier, any spiritual source was utterly ineffective.

Even with her higher void level, she was unsure. There was a chance that she would become the first person to drown to death in the history of the spiritual cultivation world once the water ball broke.

Or, she could be crushed into powder by the water pressure on the spot!

“My spiritual source can't hold on much longer...”

Looking at her energy reserve, a severe look of worry appeared on Golden Foot's face.

Even higher voids with a tremendous amount of spiritual source wouldn't be able to withstand the continuous suction.

### **Chapter 1136: Seduced, Passive Points +1 (2)**

Although the water ball around her protected her safety, it was also nibbling away at her life.

However, Golden Foot was too powerless to do anything about it.

“I’ll have to consume elixirs in about a moment. However, I didn’t bring much spiritual source recovery elixirs with me this time...”

“I have to find someone!”

“I have to catch another drowning person and suck them dry. Only then will I be able to hold on until the turning point.”

A fiery expression appeared on Golden Foot’s face. Her eyes were filled with anxiety as she licked her red lips.

After falling into the water, her simple disguise technique had long since been shattered by the water pressure.

Golden Foot could no longer maintain her ordinary-looking female form and revealed her true form. Even her face, filled with frustration, had a soul-stirring allure.

Sinking...

The water ball was still sinking endlessly...

Soon, the powerful endurance of a higher void gave Golden Foot a turn for the better.

In the vast deep sea, another water ball appeared in her field of vision. Her blurred vision could still notice this evident change even if her spiritual senses were restricted.

“Someone’s coming!”

Golden Foot’s eyes instantly lit up.

Even though she was under the deep sea, she could already smell the person’s scent on the other side without looking through the water ball.

A man!

It was the scent of a powerful man!

“Hehehe...”

Golden Foot’s lips curled into a smile, and her delicate body began to tremble simultaneously.

She lowered her head and quickly moved her hands. Soon, the simple and unadorned clothes on her body were torn to shreds and could barely cover her body.

Then, she faced the other side through the water ball and waved her hands vigorously.

“Save me!”

“Young sir, save me!”

...

“Called, Passive Points, +1.”

The information bar jumped, and Xu Xiaoshou was slightly startled.

This was the first time he had met a contestant who had taken the initiative to call out to him.

After parting with Night Guardian, he continued to sink into the deep sea and encountered other people.

However, these people were either already dead or afraid of being taken advantage of. They hurriedly manipulated the water ball and left, cutting off all communication.

In line with the principle that it was better to avoid trouble, Xu Xiaoshou did not interact with other people.

The reason was that he was also afraid of being taken advantage of.

After all, anyone who fell into the sea had a higher cultivation level than him. Who knew what trump card they had?

Besides...

After learning from Water Ghost that he was a wanted criminal, Xu Xiaoshou didn't dare to do anything else.

However, he really didn't expect that there would be someone calling for his help at this moment.

Judging from the voice, the person was a woman?

"Go over?"

Xu Xiaoshou was a little hesitant.

He had long noticed that there was a water ball nearby. He wanted to avoid it, but the voice on the other side was pleasant to hear. It was too inviting, and he was stuck in a dilemma.

"Save me!"

The pitiful and helpless voice sounded again.

Xu Xiaoshou's heart trembled, and he shivered. He immediately decided to meet her!

He felt that he was a righteous person. Under the circumstances where he could only do what he could, saving a helpless woman was very gentlemanly.

He stomped his foot.

With the help of the recoil, Xu Xiaoshou quickly approached the water ball.

However, soon, his movements were completely frozen.

"This?"

When his vision was no longer blurry, "Perception" finally showed the scene in the water ball. Xu Xiaoshou's eyes were wide open as if he had seen something unbelievable.

In the water ball opposite him, there was a woman who was so poor that she could not afford clothes and could only wrap a few simple strips of cloth around her body. She was crying for help.

Each of her actions covered the key points on her body perfectly. However, she also displayed her perfect figure, showing off her beauty.

“Gulp.”

Xu Xiaoshou’s adam apple bobbed. Suddenly, he felt that the Spell Forbidden Barrier had lost its effect.

This was because his body was starting to heat up. The Infernal White Flame’s mischievous act was definitely to blame.

“You...”

When he got closer, Xu Xiaoshou asked with difficulty, “What do you need help with?”

“I’m poisoned.” The woman in the water ball held her chest with a helpless and pitiful look. It could easily trigger people’s desire to protect her.

“Seduced, Passive Points + 1.”

“Seduced, Passive Points + 1.”

The information bar popped up as if it was reminding Xu Xiaoshou of the unusual situation.

At this moment, Xu Xiaoshou hated that this annoying information bar didn’t have a mute button. He asked calmly, “Poisoned? How can you be poisoned under the deep sea?”

After all, with the information bar’s reminder, he calmed down before his lust got to his head. At the same time, he thought of many things.

“I’ve never seen this person before. There shouldn’t be such a person at the bottom of the Lone Cliff, right?”

“But no matter what, those who can fall into the water are all big shots. They’re definitely either at the early stage of Sovereign, a higher void, or even higher than a higher void. There’s no way to determine if a person was trapped at the bottom of the Lone Cliff.

“She is so beautiful...”

“Bah! What am I thinking?”

“Is this a disguise? I have never seen such a beautiful girl on the Lone Cliff! Is this her real appearance, or is it her disguised appearance?”

“I hope this is real...”

“What a big water ball...”

While Xu Xiaoshou’s thoughts were a mess.

The woman, who was so poor that she could not afford any clothes, bit her lower lip and said pitifully, “This water ball is draining my spiritual source. I could not withstand it and took elixirs, but...but...”

“But what?” Xu Xiaoshou couldn’t help but ask.

The woman in shabby clothes suddenly blushed and buried her face in her chest with embarrassment. “I originally wanted to eat elixirs to restore my spiritual source, but in a moment of panic, I took the wrong elixirs. I took another kind of elixirs...”

“Another kind?” Xu Xiaoshou’s adam apple rolled again as he repeated, “What elixirs?”

“Spring Heart Elixir!”

“Seduced, Passive Points, + 1.”

“Seduced, Passive Points + 1.”

As soon as she finished speaking, the information bar instantly popped up.

Xu Xiaoshou exhaled. He felt that the heat emitted from his body was about to evaporate the water ball.

He was almost destroyed by the three words “Spring Heart Elixir”.

These elixirs were aphrodisiac elixirs. The applicable scenarios were indescribable. They were suitable for both men and women.

As an elixir master at the sovereign stage, how could Xu Xiaoshou not understand what the other party meant?

The other party needed someone to help her dispel the ‘poison’ of the Spring Heart Elixir!

Xu Xiaoshou panted heavily. If the information bar hadn’t reminded him, Xu Xiaoshou felt he would have fallen into the trap.

However, the other party’s obvious temptation and seduction could still make him fall into the trap. Xu Xiaoshou could not help but start to think,

“This witch’s technique is not simple!

“Perhaps, the thing she cultivates is compatible with the ‘Guidance’ power. If I go over, wouldn’t I be eaten clean?”

“What a white water ball...”

“Spit!”

Xu Xiaoshou shook his head to get rid of his jumbled thoughts. He said with a slightly steady voice, “Miss, I’m afraid that there is only one way to cure the poison of the Spring Heart Elixir in the entire world!”

When the woman heard this across the water ball, she immediately buried her head lower. Her voice was like a mosquito as she replied, “Yes, so, can you...can you help me?”

“Bewitched. Passive Points +1.”

Xu Xiaoshou almost lost his mind once again.

Fortunately, every time this kind of situation happened, the 'Spirit Awakening' that came with the 'Disillusionment Finger' would come out and disrupt the case.

He took a deep breath and said, "Fortunately, you met me. With my expertise, I can just help you."

"Then, can you come over?" The woman raised her head. Her eyes were full of emotion, and her cheeks were as red as blood.

Xu Xiaoshou was stunned by this incredibly charming face, but he quickly woke up and knew that the other party's technique caused this. He immediately shook his head and said,

"I can help you even without going over."

"The Spring Heart Elixir is a grade eight elixir. Its aphrodisiac medicinal efficacy is strong, but its grade is too low."

"I don't have the detoxification pill on me for the time being. However, using 'Flower and Grass' as the main ingredient, supplemented with the 'Heart-Clearing Fruit', 'Cooling Stamen', and 'Yangzhi Wood', with the ratio of 7:1:1:1, I should be able to achieve the effect of alleviating the aphrodisiac medicinal efficacy."

Xu Xiaoshou spoke with assurance.

After saying that, he took out the corresponding spiritual herbs from his ring and said, "I'm sorry, there's still a Spell Forbidden Barrier under the deep sea. I cannot help you by conducting alchemy, so I can only let you eat raw spiritual medicine."

Golden Foot was confused.

She was stunned for a moment, "What did you say?"

A smile appeared on Xu Xiaoshou's face, and he said, "You are very lucky to be able to meet me while you were poisoned. Fortunately, I'm very familiar with medicinal principles!"

After pausing for a moment, Xu Xiaoshou puffed out his chest and said confidently, "I am an Elixir Master at the sovereign stage. I can cure your poison!"

### **Chapter 1137: Staying Close For Warmth 1**

Did she need him to help her detoxify the poison?

She wanted him to come closer so she could suck him dry and restore her current weak state!

Golden Foot's heart was roaring crazily. She was almost angered to death by Xu Xiaoshou's words.

For a moment, she felt that Xu Xiaoshou had already seen through her intentions.

However, her confidence in her spiritual cultivation technique, the Book of Heaven, gave her a feeling that Xu Xiaoshou had not seen through her thoughts.

This was because the most potent ability of the Book of Heaven was that it could, like the will of a Saint, inadvertently change the thoughts of the enemy to achieve the goal that the user wanted the most.

Golden Foot used this method to express her desire for help and “charmed” Xu Xiaoshou’s arrival.

The fact that the other party could get close was already a sign of successful guiding from the spiritual technique.

As for Xu Xiaoshou’s wish to use spiritual medicine to cure her poison, the probability of a coincidence was even more significant in Golden Foot’s eyes.

“You are a Sovereign Stage Elixir Master?”

Golden Foot didn’t let her inner emotions erupt. Her sorrowful eyes were filled with shock and respect, making people pity her even more.

“Seduced, Passive Points, + 1.”

Disillusionment Finger’s “Spirit Awakening” was triggered again, and a notification re-emerged on the information bar.

Demoness!

Xu Xiaoshou cursed in his heart.

This demoness was already so weak, yet she could still seduce him with a single technique. She managed to affect his mind and make him lower his guard.

If it wasn’t for the ‘Spiritual Awakening’, Xu Xiaoshou wouldn’t even know how many times he had fallen into her trap.

However, like the other party, he didn’t express his emotions. Instead, he seized the opportunity. His face revealed a foolish smile as he chuckled, “That’s right, I’m a Sovereign Stage Elixir Master. I’m at Stage Four!”

He’s still under control. Looks like what happened just now was indeed a coincidence... Golden Foot thought to herself. At the same time, she was a little surprised by Xu Xiaoshou’s identity.

A Sovereign Stage Elixir Master... This wasn’t recorded in detail in the bounty notice.

From the side view, this secondary identity could be said to significantly help Xu Xiaoshou.

Usually, if she wanted to kill Xu Xiaoshou, she would have to pass through the defense line of countless protectors around him.

Now, however, it was completely different!

Xu Xiaoshou was alone and underwater. Wouldn’t this be an excellent opportunity to hunt him?

Golden Foot glanced nonchalantly at the spiritual medicine on Xu Xiaoshou’s hand. She immediately retracted her gaze and said pitifully, “We are now in the deep sea, and a Spell Forbidden Barrier is separating us. How can you give me your spiritual medicine?”

"I have my own way..." Xu Xiaoshou almost blurted it out, but he woke up and immediately sealed his lips. He then said in a slightly confused manner, "Yes, this is indeed a problem. What should I do?"

He threw the question back to see what the other side was trying to do.

Xu Xiaoshou began to bite the tip of his tongue. He used the sharp pain to prevent himself from temporarily losing control to the demoness's strengthened passive charm.

Dealing with such a witch, a momentary loss of control was likely to mean death!

"How about this!" Hearing his reply, Golden Foot's eyes suddenly lit up as if she had thought of something. "I have a way, but I need you to get closer. We...are too far apart~"

She suddenly crossed her legs. She took a step forward and stretched out her hands, which were clasped in front of her chest. Her tattered clothes fell down, and her beautiful body naturally revealed.

Under the cover of the blurry water ball, all these beautiful scenes were faintly discernible, and it was even more heart-wrenching.

"Gulp."

Xu Xiaoshou swallowed his saliva and forced himself to turn his head away.

However, even though his head was turned away, his eyeballs did not move. In fact, his footsteps were subconsciously moving forward as well.

"Seduced, Passive Points, + 1."

"Threatened, Passive Points, + 1."

Threatened?

Xu Xiaoshou suddenly woke up in shock.

This demoness's strength was too strong!

Even in the Spell Forbidden Barrier, she could still have such a strong influence.

Furthermore, if she could make the information bar warn him of a "threat"...

Didn't that mean he had entered the enemy's attack range after taking a step forward?

Xu Xiaoshou subconsciously wanted to retreat.

However, at this moment, Golden Foot no longer needed to hide her intention.

She lifted her jade-like legs backward and forcefully kicked back. Her special technique of exerting force brought about a recoil similar to Xu Xiaoshou's, causing the water ball around her to move forward a few feet.

The two of them were already close, and their distance had shrunk to less than ten feet.

"Ambushed, Passive Points + 1."

The information bar jumped suddenly.

Xu Xiaoshou's pupils constricted. He realized that he had been too careless. This demoness's strength was probably even more terrifying and strange than he had imagined.

"Vanishing..."

He muttered in his heart. Xu Xiaoshou wanted to use his trump card to save his life instantly.

However, before the word "Technique" could be said, Golden Foot, who was opposite him, covered her mouth and giggled.

"Little brother, why are you resisting me so much?"

"Come closer. The deep sea is so cold. Why don't you stay close to me? We could stay warm together."

With a boom, Xu Xiaoshou's mind went blank.

At this time, he finally realized that the power of spiritual attacks was not limited to the kind that Yi had displayed.

The demoness in front of him had perfect control over the way of men and women, and her use of the Bewitching Technique was simply superb. Every frown and smile could captivate one's soul.

The "Vanishing Technique" was not activated in time.

Although the "Spiritual Awakening" had removed the control of the bewitching power at the first moment, still, it only delayed the process for a short while.

### **Chapter 1138: Staying Close For Warmth 2**

Golden Foot did not let go of such a good opportunity.

Her expression became ferocious and demonic. The corners of her mouth curled up, and she spat out words like beads.

"Marrow Absorption Technique!"

Both sides were separated by a water ball, which was half a meter apart.

Even so, Golden Foot's cheeks shrunk, and then her red lips pouted. A terrifying suction force erupted from within.

"Sizzle"

Spiritual source and blood essence were instantly extracted from the pores all over Xu Xiaoshou's body.

The powerful suction force from the woman's mouth was even more exaggerated than the suction force from the water ball at this moment.

Xu Xiaoshou was completely unable to withstand it.

He felt as if his body was being pulled by a violent wind and started to shake uncontrollably.

However, he still had “Toughness” on him. No matter how strong the violent wind was, he had never taken even half a step forward passively.

At this moment, her battle awareness as a higher void was displayed.

Sensing the special transformation on the other side, Golden Foot did not hesitate.

She took advantage of the situation and allowed her water ball to push her toward Xu Xiaoshou’s direction due to the terrifying suction force of the “Marrow Absorption Technique”.

There was naturally a risk.

This was because the bounty stated that Xu Xiaoshou’s battle strength was close to a cutting path, and he had a sovereign physique.

If she was to recklessly approach him, she might very well be killed in her weakened state.

However, Golden Foot couldn’t wait any longer. She only needed to take a sip.

The ‘Marrow Absorption Technique’ was powerful to begin with, and the gap between the two was getting smaller.

If she was to take a sip, Golden Foot believed that with her higher void level, she would be able to swallow the spiritual source, blood essence, and even the life force of a master stage in an instant!

“Wheeze!”

The closer they were, the stronger the suction force.

The uncontrolled blood in Xu Xiaoshou’s body seeped out from his pores and passed through the water ball, flowing into Golden Foot’s red lips and nourishing her body.

Golden Foot’s listless state was recovering at a speed visible to the naked eye.

On the other hand, Xu Xiaoshou, who was at his peak, collapsed in the blink of an eye. Even his body began to shrivel up.

“Absorbed, passive points, + 1.”

“Absorbed, passive points, + 1.”

“...”

The information bar started to pop up rapidly.

Xu Xiaoshou watched as a large amount of spiritual source and blood essence flowed out of his body. However, he seemed to be unable to do anything as he stood rooted to the ground.

However, in reality, the ‘Spiritual Awakening’ had been triggered once and he had already recovered from the enchantment of the witch opposite him.

In other words, in his current state, Xu Xiaoshou could clearly sense his terrible situation, and he had the ability to fight back.

He believed that the witch definitely did not know this.

The other party was absolutely naive to think that he was under the control of the illusion and could only helplessly let the life energy in his entire body be absorbed by her until he was drained dry.

The moment she had triggered her “Marrow Absorption Technique”, 70% of his spiritual source disappeared!

Xu Xiaoshou knew that this was an unbridgeable gap caused by the difference in cultivation level.

However, he had “Eternal Vitality”, “High Spirits”, and “Transformation”.

When his life force was drained, these three sovereign stage passive skills were naturally triggered and circulated crazily.

In an instant, he replenished his blood essence to more than 70% of his peak condition.

Based on his current situation, he was about to be drained to death. However, he could still hold on for...

Seven seconds!

“This Marrow Absorption Technique is a little strong... but if you want to suck me, you looked for the wrong person!” Sensing that the opponent’s ability could not kill him, Xu Xiaoshou laughed in his heart.

Seven seconds was too long.

This period of time was enough for him to do a lot of things!

In fact, Xu Xiaoshou approached her despite knowing that the opposite side had spiritual guidance and control. The reason was naturally not because of the desire between a man and a woman, but because he wanted to take the initiative to inquire about the crisis.

Although this demoness looked unfamiliar, her strength was strange, and her realm was not ordinary. There was a high probability that she was one of the people who had been blasted down from the Guyin Cliff by the Water Ghost.

As for the people on the Lone Cliff, after receiving the Water Ghost’s advice, Xu Xiaoshou already knew that most of them had come to find him and wanted to kill him.

Instead of waiting for death, it was better to take the initiative to attack!

Under the Spell Forbidden Barrier of the Deep Sea, a higher void was suppressed by nearly 99% of their strength.

If he still did not dare to take the initiative to approach the remaining danger, how could he face a large number of assassins in the future?

With these thoughts in mind, Xu Xiaoshou took the initiative to step into the other party’s trap step by step, wanting to see what the other party would do.

However, after holding back for so long and going through so many twists and turns...

It turned out that an esteemed higher void, under the Spell Forbidden Barrier of the Deep Sea, could only use techniques that he, Xu Xiaoshou, could completely counter to attack him.

“I’ve overestimated you...” Xu Xiaoshou no longer hid it, and a mocking smile appeared on his face.

One breath.

Two breaths.

Three breaths...

Time passed.

Golden Foot greedily absorbed the nectar one mouthful after another.

This thing was just like Mu Zixi absorbing life force. One mouthful was enough to cause addiction, and it couldn’t be stopped.

Only after three breaths did Golden Foot suddenly wake up.

That’s not right!

How could Xu Xiaoshou have so much spiritual source? Wasn’t he only at the Master Realm?

At this time, Golden Foot could see the mockery smile on Xu Xiaoshou’s face through the two water balls.

He was smiling?

How could it be?

He wasn’t under the control of the Book of Heaven?!

Just as Golden Foot was shocked, Xu Xiaoshou, who seemed to be unable to move, suddenly twisted his neck and asked gently, “Have you sucked enough?”

Golden Foot instantly felt her scalp go numb.

All the pores on her body stood up as she realized that Xu Xiaoshou was really out of her control.

### **Chapter 1139: Staying Close For Warmth 3**

She could be in danger if she was in such close contact with him.

“Retreat!”

Golden Foot chose to retreat without hesitation.

However, she barely lifted her foot before Xu Xiaoshou laughed and said, “Didn’t you want to absorb my energy? Since you’re already here, don’t retreat. It would be so rude to leave without saying goodbye.”

After saying that, Xu Xiaoshou raised both hands and stopped suppressing the Engulfing Power of his Breathing Technique.

“Wheeze!”

He took a breath and his entire body relaxed.

After a loud bang, a large amount of water element outside the water ball, the spiritual source and blood essence that had left his body, the demoness’s body, as well as her spiritual source and life force were all absorbed into Xu Xiaoshou’s body.

“Ptui!”

The backlash from the surging suction force caused Golden Foot to suffer a heavy blow and she spat out a mouthful of blood.

The Marrow Absorption Technique was forcefully interrupted and her body was persistently stuck to the wall of the water ball due to the strong suction force. Golden Foot was startled as her life force was rapidly draining away. She was horrified at her current state.

“This is impossible!”

She couldn’t believe everything that had happened. “How could he still use spiritual technique within the Spell Forbidden Barrier?”

“Doubted, Passive Points +1.”

“Feared, Passive Points +1.”

Xu Xiaoshou smiled. “If you can do it, why can’t I? Are you discriminating against me?”

He pushed the Breathing Technique to its highest limit without saying much.

Under the premise that he had to suppress not destroying the water ball, Xu Xiaoshou absorbed back everything that he had lost and everything within his opponent’s body!

Golden Foot’s condition fell to its worst state once again.

At this time, she could not retreat. She could only hold on to her last hope and take out an object that she kept near the chest area.

“Thump thump!”

“Thump thump!”

The sound of a heart beating suddenly rang out.

Xu Xiaoshou’s gaze was fixed on the item. He then realized that Golden Foot had taken out a heart.

He was shocked.

Was this demoness so flustered that she took out her own heart?

Xu Xiaoshou’s gaze settled. After he had a clear view of the situation, he realized that he had gone off track again.

What the witch had taken out was a special object that looked similar to a heart. It was not her actual heart.

The special heart-shaped object was black in color. The left and right ventricles were dark red in color. In the middle of the heart, there was an open mouth with fangs.

“What’s that object?” Xu Xiaoshou asked.

He was keenly aware that this object could pose a threat to him.

At this moment, Golden Foot parted her red lips slightly and spat out a mouthful of blood essence onto the black and red heart. She shouted with much clarity,

“Heart of Marrow Absorption, activate!”

“Thump, thump, thump...”

The sounds of the heart beating instantly intensified.

After swallowing the blood essence, the “Heart of Marrow Absorption” emitted a scarlet light. Then, a suction force that was even more terrifying than the “Breathing Technique” exploded inside the mouth with fangs.

This suction force was not only stronger than the Marrow Absorption Technique but it was also stronger than Xu Xiaoshou’s Breathing Technique!

“Uh!”

Xu Xiaoshou’s passive was interrupted and he grunted in slight pain.

He could no longer absorb any more energy into his body.

On contrary, what goes around comes around. The energy in his body started to flow out at an alarmingly fast speed and was swallowed by the opponent entirely.

“Ah!”

While holding onto the Heart of Marrow Absorption, Golden Foot let out an extremely seductive moan of satisfaction after she swallowed Xu Xiaoshou’s powerful life force.

At this moment, Golden Foot was completely relaxed. She even tilted her head and laughed.

“Little brother, you are quite a powerful figure. However, compared to my absorption ability...”

“Hmph, you are still too weak!”

**Chapter 1140: Crack!**

So strong!

This demoness’s divine object was even stronger than his breathing technique!

Xu Xiaoshou instantly knew that his breathing technique, which was at Lv.1 sovereign stage, would definitely not be able to absorb the opponent's Heart of Marrow Absorption.

The moment Golden Foot dug out this black and red heart, their situation instantly reversed.

This was the first time Xu Xiaoshou had lost to an enemy in "Breathing". However, he was not stupid enough to continue using his own weakness to attack his opponent's strength rashly.

"It seems that the reason why you are able to use your ability in the barrier is not that you have transcended the shackles, but because of this 'Heart of Marrow Absorption'?"

Although Xu Xiaoshou felt the spiritual source in his energy reserve and the blood essence in his entire body rapidly disappearing, he continued to speak unhurriedly.

"So, I presume that other than this item, you shouldn't be able to use any of your other abilities, right?"

Upon hearing this, Golden Foot's mocking expression froze slightly. This was the first time she had seen a person who could remain so calm while under the effect of the Heart of Marrow Absorption!

Opposite her, Xu Xiaoshou seemed to be rooted in the space beneath his feet. No matter how much life energy flowed out of his body, he was not even the slightest bit affected by the violent force.

Under such circumstances, how could he still speak so freely?

Was his sovereign physique that strong?

Golden Foot was suspicious, but her face remained calm. Flashing a charming smile, she said, "Why would I need to use other abilities to deal with you in the Spell Forbidden Barrier? Just one move is enough!"

"I'm afraid that this is the only thing you have left to use. As for the 'moves', frankly speaking, you can't even use one!" Xu Xiaoshou derided her.

Golden Foot's beautiful eyes narrowed slightly, sensing the hidden meaning behind Xu Xiaoshou's words.

However, no matter what, she did not believe that under the Spell Forbidden Barrier, Xu Xiaoshou, who was being forcefully controlled by the 'Heart of Marrow Absorption', would be able to do anything else.

"Could it be that you can achieve transcendence within the Spell Forbidden Barrier?" Golden Foot tilted her head and said with a smile like a flower, "If that's the case, can you teach me the method? I can repay you."

With Xu Xiaoshou in the current state, she was happy to stall for time. After all, the longer she waited, the more abundant her life energy became!

"I'm sorry, I can't teach you my ability..." Xu Xiaoshou shook his head, laughing.

After feeling the life energy in his body that was about to be drained to its limit, and confirming that Golden Foot really had no other ability to counterattack, his eyes suddenly focused.

"However, I can indeed transcend the Spell Forbidden Barrier!"

As soon as he finished speaking, the sense of danger in Golden Foot's heart intensified.

The life energy from the Heart of Marrow Absorption was too abundant! The power of the other party's sovereign physique was far beyond her imagination. It was like a bottomless pit, completely impossible to be sucked dry.

Stuck in the dilemma of fight or flight, Golden Foot did not choose the latter in time.

The next second, she saw the eyes of Xu Xiaoshou, who was opposite the water ball, shining with a mysterious light.

"You're too greedy..." Xu Xiaoshou said calmly. Without giving his opponent time to think, he activated his awakening skill, "Soul Reading!"

There was a huge explosion. Through the water ball, Golden Foot could not offer much of a reaction. It was as if thunder had exploded in her mind, and then only nothingness remained.

Her hand, holding the "Heart of Marrow Absorption", dropped to her side. It was as if her consciousness had left her body in an instant, and it was unbeknownst to her that the divine object in her hand had fallen.

"How...Did...You..."

Until the moment her consciousness was under control, Golden Foot's face still had disbelief written all over it.

She could not believe that Xu Xiaoshou, who was being controlled by the "Heart of Marrow Absorption", could still break free!

Xu Xiaoshou clearly did not take out a divine object like the Heart of Marrow Absorption, so how could he use a spiritual technique while inside the Spell Forbidden Barrier?

She had no answer!

Xu Xiaoshou was not stupid enough to explain his tactics to an enemy. In fact, the total number of spiritual techniques he had learned could be counted with only one hand. However, he had a full array of passives.

The Spell Forbidden Barrier could control the spiritual technique of a spiritual cultivator, but it could not control the way of the sword of an ancient swordsman. Similarly, it could not control his powerful passives!

With a few swishes, Soul Reading was performed.

Immediately, a series of scenes appeared. Xu Xiaoshou experienced the entire life of the Golden Foot.

With the experience of reading the memories from Yi's soul, Xu Xiaoshou knew that at the higher void level, there was a high chance that he could come into contact with a saint.

He was very careful. He decided he would skip the scene immediately if he found anything wrong.

The immersive experience began...

The immersive experience ended...

“Three Incenses, gold hunting token, assassin, Golden Foot...”

In just a blink of an eye, Xu Xiaoshou identified the demoness.

Naturally, through Golden Foot’s soul memories, he recognized her as the first spectating higher void, who was chased by Granny Tianling, on the Lone Cliff.

Apart from Golden Foot’s identity, a large amount of knowledge that Xu Xiaoshou craved also entered his mind through Soul Reading.

For example, all the abilities that Golden Foot had learned while growing up... The large number of men and women that Golden Foot had absorbed while cultivating... The other assassins that had come with Golden Foot to hunt him...

Among them were the four gold hunting token killers, Double Dumba\*s, Elder Xie, Ghost Granny, and Little Ninja.

Golden Foot had done a nearly perfect background check on all four of them as a precaution.

The information included their abilities, battle results, who they had killed, and what level they were at as higher voids... Without exception, all of this information entered Xu Xiaoshou’s mind!

It was worth mentioning that a person like Golden Foot, who had grown up on her own and did not have a large faction supporting her from behind, was indeed inexperienced in the world.
