

I Am Loaded 1181

Chapter 1181: You Became the Host Body for Ghost Beast? 2

“You...”

The more Xu Xiaoshou looked at this face, the more his pupils fluttered.

Because even if the skin on his face had transformed, the basic structure had not changed.

That face was filled with vicissitudes of life, ferocity, despair, and disgust, and there was a slight astonishment, shock, and panic in his eyes after seeing Xu Xiaoshou.

There was no transformation!

“Night...Night Guardian?” Xu Xiaoshou’s Adam’s apple rolled as he asked with trembling lips.

He didn’t care about the other party’s answer. He knew the response the moment he asked the question.

This person was Night Guardian!

His instinct was correct!

Boom!

In the darkness of the deep sea, another Thunder Calamity exploded.

At the same time as it struck Xu Xiaoshou, shattering his flesh and numbing his head, the Thunder Calamity once again illuminated the face of the other person transcending the tribulation.

Amid the Thunder Calamity, it was as if he was strolling.

“... Xu Xiaoshou?”

The man had deep, heavily-burdened eyes, yet his smooth skin matched that of a sixteen or seventeen-year-old girl. Under the bombardment of two rounds of the Thunder Calamity, he seemed to have confirmed what he had seen with his own eyes. Who was this person?

At the same time, his eyes immediately lost all color, leaving only endless panic.

He was like a child who had done something wrong and was accidentally discovered by the person he trusted the most. He looked like he wanted to hide it.

He wiped the corners of his mouth and face, dug out his feathers, and hid his hands.

He suddenly stretched out his hands, turned around, and faced Xu Xiaoshou. He spread out all of his body areas to cover up the broken wings on his back.

All these things told him that he was in a panic and was at a loss of what to do.

“Xu Xiaoshou?”

“You, why are you here?”

Night Guardian’s body trembled as he asked in disbelief.

When Xu Xiaoshou heard this familiar voice, his eyes opened wide again.

At this moment, he discovered the details he had overlooked from his “Perception.”

The charred black feathers on the Night Guardian’s body were not clothes he had intentionally protected. Instead, these black feathers had grown out from his body!

Similarly, the broken wings on his back were no special protective spiritual weapons. They were a part of his body!

Xu Xiaoshou thought of Xin Gugu.

After Xin Gugu transformed, he did not look like a human either. Instead, he looked like a minotaur bathed in blood.

However, how did the Night Guardian end up here?

He was part of the red-clothed people!

Boom!

Another bolt of lightning descended.

However, the Nine Death Thunder Calamity, which the deep sea had weakened, could no longer bring deadly destruction to the Night Guardian and Xu Xiaoshou, who had an extraordinary defensive ability.

The only thing the Thunder calamity brought was pain.

And the pain brought confirmation that everything happening now was not a dream but a reality!

“I...”

Xu Xiaoshou opened his mouth and realized that he had too many questions at this moment. It was a mess, and he did not know how to open his mouth.

“I just wanted to see if you were dead...”

Night Guardian laughed.

After a moment of silence, he had cleared up all the panic in his eyes and returned to his usual calm and steady appearance.

Not long after, his body emitted an endless amount of ghostly energy. It was extremely dense and covered all the transformation of his body.

“I’m sorry for scaring you,” the Night Guardian hid within the endless amount of ghostly black energy, revealing only his eyes. He was like a parasite of the night, and his tone was extremely calm.

“I’m not scared...”

“I just..I...”

Xu Xiaoshou blinked, and his hands, holding onto his two swords, swung around wildly.

At this moment, he was the one who was at a loss.

Finally, after forcefully withstanding another thunder calamity, his thoughts returned to normal, and he calmed down.

“I just wanted to see if you were still alive. After I left, I realized that the deep sea was too deep. The elixirs I gave you were probably insufficient to support you to...”

Before he could finish his sentence, the smooth skin of the Night Guardian’s face flashed across Xu Xiaoshou’s mind.

His previous wounds were gone.

His baby fats were gone as well.

The wrinkles at the corners of his eyes and the spots on his face that had grown over time were also gone.

With such perfect powers, how could he still need his help?

Boom!

Another bolt of Thunder Calamity descended.

Night Guardian lifted the weight as if it was light, and the eyes hidden in the ghostly energy revealed a smile.

“I understand your good intentions, but as you can see, I no longer need anyone’s help currently...”

“At the same time, I will no longer rely on the power of outsiders.”

The murderous intent hidden in the latter half of his words caused Xu Xiaoshou’s entire body to tremble.

The Night Guardian was a murderer. His hands were stained with the blood of countless people. The murderous intent he brought with him every time he appeared made him one of the most dangerous men Xu Xiaoshou had ever seen.

However, this murderous intent was restrained in the past and seldom revealed itself.

Now, the Night Guardian did not even try to conceal it. The murderous intent that he tried his best to spread out was even more terrifying than the cold current in the deep sea.

Xu Xiaoshou didn’t know what to say, so he could say what he had prepared beforehand.

“I originally planned to give you some of my elixirs after finding you. You know, I have a lot of elixirs,” he took out his spatial ring and a lot of honey jars to prove himself.

“Also, I’m exceptional. I can help you shield yourself from the effects of the water pressure under the deep sea.” Xu Xiaoshou waved his hand, and the cold current in the deep sea surged around him but didn’t touch his body at all.

“I only discovered this lately. I can use certain things to achieve this ability.”

“But this doesn’t mean that I didn’t help you to remove the effects of the water ball when I saw you the last time; at that time, I only fell into the deep sea not long ago. There were many things I didn’t understand.”

Xu Xiaoshou explained in a hurry. Suddenly, he extended his hand and conjured a fake Sea God’s Trident.

“Also, I still have more secrets...”

He was thinking; secrets need to be traded, right?

“Xu Xiaoshou!” Night Guardian suddenly interrupted.

Xu Xiaoshou paused all his actions and his words.

Boom!

Another Thunder Calamity. Both of them used all their powers. One was unharmed, while the other survived the Thunder calamity in a bloody mess.

“I suddenly miss the Xu Xiaoshou of the past...” Night Guardian’s eyes rolled under the ghostly energy, with laughter in his eyes. “Because he wouldn’t beat around the bush at that time and wouldn’t hide anything like a hypocritical person.”

He was praised and complained about at the same time.

“Tsk.”

Xu Xiaoshou took a deep breath. He knew that he was indeed too hypocritical.

Between him and night guardian, some things didn’t need to be hidden, especially now that Night Guardian had turned out to be like this.

“I have a lot of questions,” Xu Xiaoshou said.

“You can say it,” The Night Guardian’s eyes were smiling. He looked up and said, “if you don’t mind the pain from the Thunder Calamity.”

How could Xu Xiaoshou still care about the Thunder Calamity at this time?

After being weakened in the early stage, the Nine Death Thunder Calamity could not kill anyone, but the transformation of the Night Guardian almost scared him to death.

“You know, I’ve not only come into contact with the red-clothed people but also a few Ghost Beasts...” Xu Xiaoshou began cautiously.

“Speak your mind. If you have something to say, say it!” The eyes of the night guardian were filled with impatience.

“Okay!” Xu Xiaoshou nodded heavily and pointed at the monstrous black gas opposite him, “Is this ghostly energy?”

“Yes.”

“You...have become a host body for Ghost Beast?”

“Yes.”

“Why would you do that? You’re part of the red-clothed people! I...I can’t believe what I’m seeing right now. I don’t mean to offend you, but I still want to ask...do you...do you kill people to silence them?”

“...No,”

“What about the previous question? Why?” Xu Xiaoshou’s eyes were filled with confusion.

A red-clothed man has become the host body for a Ghost Beast.

This d*mn thing was like a dream and made no sense.

Night Guardian’s answer was not that straightforward this time.

Xu Xiaoshou’s final question was spot-on, and he had to think about the answer.

After pondering for a moment, Night Guardian slowly said, “Perhaps it’s because when I was at Cutting Path, (stage), I had already grasped the power of the Higher Void.”

Chapter 1182: Night Guardian Is Dead 1

Boom!

Thunder Calamity struck again.

A bolt of lightning struck Xu Xiaoshou’s brain.

Although the Night Guardian did not speak much, how could he not understand the hidden meaning behind his words?

“So, the power of the Higher Void at that time was just...the power of Ghost Beast without its scent?” Xu Xiaoshou felt that the secret he obtained from the Night Guardian was even more exaggerated than what the Big Mouth of Fringe Moon Immortal City had said!

He thought of Lu Ke.

What was she like?

Was she just a Ghost Beast host body or something similar to the Night Guardian?

“Maybe.” The Night Guardian smiled noncommittally. “Just as you said, you need to find some answers yourself, especially answers for questions like these...”

He suddenly looked up at the thunder at the top of the deep sea, and determination appeared in his eyes.

“I will go and find it!”

The thunder exploded again, and the expressions on their faces became more apparent.

“It hurts...”

Xu Xiaoshou held his bloody head and couldn't let it go for a long time.

He only felt that the Thunder Calamity brought pain, which was even worse than the words from the Night Guardian.

It was too much!

The Holy Divine Palace had specially established a red-clothed organization, and there was also a white-clothed organization.

Of these two large organizations, one focused on killing Ghost Beasts and the other on killing the dark criminals.

In the end, the Holy Divine Palace itself was still using the Ghost Beast to strip its ability and “parasitize” it onto the spiritual cultivator?

How was this method different from the brutal Ghost Beast host body they mentioned?

“No wonder...”

Xu Xiaoshou suddenly thought of many things.

He recalled what Caramel had said when she handed over the Ghost Beast contract to him in the White Cave.

He also thought of how Bazhun'an, a respected figure, had become the leader of the dark faction and was bound to overthrow the rule of the Holy Divine Palace.

At the same time, the “Qiu Long Words” from Elder Sang of Tiansang Spirit Palace became more transparent.

“When a stone is thrown into the lake, are the ripples in the lake the ripples of the lake itself, or are ripples created because the heavens are watching?”

In the same way...

“When the part of the sky that trapped the world is pierced through, is it because man overcomes the heavens, or is there a heaven beyond the heavens, and what you see after defying the heavens is what the heavens beyond the heavens want you to see?”

“The truth that I used all my strength to find” and “the self-righteous truth that I wanted to find” were two completely different things.

Xu Xiaoshou could not calm down from what Night Guardian had said.

He thought of everything that had happened in the Holy Divine Palace.

It could not be denied that such a powerful faction on the continent gave all the spiritual cultivators in the five regions and all the ordinary people in the secular world mighty protection.

Without them, the world would be in chaos.

The dark forces of various factions, the Ghost Beasts, the power rivalry, and people living in poverty...all of these could be imagined.

Therefore, from the perspective of the Night Guardian, Elder Sang's "Qiu Long Words," what he saw and questioned about the Holy Divine Palace was his version of the story.

Perhaps the most righteous Holy Divine Palace also had their unspeakable secrets?

Xu Xiaoshou was already confused by the world of chess. He couldn't believe anything anyone said.

Bazhun'an had his version of the story.

The Holy Divine Palace also had its version.

Both sides had their versions of the story. They were both "righteous" and "radical" but "reasonable" at the same time.

"The struggle for the Great Path..."

Xu Xiaoshou thought of this long-lost phrase.

Perhaps what everyone was fighting for was the so-called right to write history.

The answer...returning to the words of the Night Guardian, Xu Xiaoshou thought about it and felt that compared to the utterly righteous Night Guardian before, he had become calmer. However, he was filled with hostility and was even more dangerous.

"How do you want to find the answer...or rather, how do you want to do it?" Xu Xiaoshou thought about the words and added, "What I mean is, what do you plan to do next?"

The Night Guardian raised his eyes silently and looked at the Thunder calamity descending from the sky. After taking the Thunder Calamity head-on, his body had only slight injuries. He smiled and said, "Survive the Thunder Calamity."

Xu Xiaoshou was again struck until his flesh was split open, and he grimaced in pain.

He felt that perhaps the Thunder Calamity was angry. It realized that two people in the deep sea were ignoring it and talking to each other. Therefore, the lightning that struck was more potent than the one before.

"What happens after you pass the Thunder Calamity?" Xu Xiaoshou asked again.

He compared the performance of the night guardian with his performance under the Thunder Calamity. He felt that the Night Guardian might have a 70% chance of passing the Thunder Calamity in his current state.

This was if no other accidents took place.

"One step at a time," the Night Guardian looked at Xu Xiaoshou's bloody appearance. He did not understand why this guy insisted on talking to him during the Thunder Calamity.

Everything could be discussed after the Thunder Calamity ends, couldn't it?

Facing other people, the Night Guardian might hide, counterattack, and kill to silence them.

But in the face of Xu Xiaoshou, the Night Guardian would never do that!

“...” Xu Xiaoshou was silent.

He could hear the strong determination in the Night Guardian’s words.

This confidence and certainty differed from when he was part of the red-clothed organisation.

At that time, the Night Guardian was merely following orders. But now, he seemed to have an exact target, and because of this, he might go to the other extreme.

Chapter 1183: Night Guardian Is Dead 2

“How could this red-clothed person who firmly believed in justice and light, inexplicably turn into a Ghost Beast host body that he hated the most, during a Thunder Calamity?”

Even though Night Guardian looked very calm now.

Whether his heart was perverted or not, Xu Xiaoshou could easily come to this conclusion.

The calmer Night Guardian was, the more uneasy he felt!

“What does it mean when one is not quite clear about the situation?”

Even though he knew that his ‘thorough questioning’ would make people very unhappy, it was because Night Guardian was being ambiguous and did not intend to respond to him directly.

However, Xu Xiaoshou still asked resolutely.

Night Guardian remained calm. His eyes, which were hidden under the ghostly energy, did not show any hint of impatience.

On the contrary, he said in a slightly mocking tone, “In the words of the Holy Divine Palace, one should ‘strive hard to move forward, and forge ahead’.”

Xu Xiaoshou: “...”

“What a good move.”

But the more tolerant Night Guardian was, the more he stood to lose.

“How should I understand this sentence that is full of justice and passion?” Xu Xiaoshou’s eyes were blazing. After the Thunder Calamity, his skin had been shredded, his flesh exposed and his blood was also burning.

Night Guardian smiled. “To get the answer, I will do whatever it takes.”

Boom!

Another bout of Thunder Calamity struck, causing Xu Xiaoshou’s head to bleed. It also caused his heart to palpitate.

“Do whatever it takes...”

“How could someone state this so calmly?”

Now if it had been elsewhere or someone else, Xu Xiaoshou would really think that the other party was joking.

However, at this moment, Night Guardian did not seem to be joking. He was really serious.

“Should I say it or not? Right now, you look like you’re about to turn into a dark evil boss...”

In the end, Xu Xiaoshou still couldn’t bring himself to say those words. However, at this moment, he felt that Night Guardian seemed very much like the lead character of some Chinese novels that he had read in his previous life.

He had suffered all sorts of hardships, had been deceived and endured so much torture...

After undergoing this Heavenly Tribulation, his identity had completely changed. He had transformed into the ruler of the world of darkness and now possessed great powers...

However, what suited him most was that Night Guardian himself still had dark attributes...

“Perhaps the best way now is to end his life and nip any danger in the bud that might jeopardize the future of the continent?” Xu Xiaoshou thought as he shook his head.

He had thought too far ahead!

“What the hell was this!”

“With Night Guardian’s personality, even if he had become like this, he wouldn’t turn into the extremist he imagined, right?”

But just in case, Xu Xiaoshou still asked, “What kind of position are you in now?”

What Night Guardian said earlier was “Their Holy Divine Palace,” “In their words” ...

Obviously, after his transformation, Night Guardian didn’t plan to stay with the red-clothed people anymore.

“Neutral,” Night Guardian replied calmly.

After pausing for a moment, he smiled and said, “Don’t worry. No matter what happens in the end, I will never become your enemy.”

“Why?” Xu Xiaoshou did not believe him. He felt that going by Night Guardian’s train of thought, perhaps in the end, he and Xu Xiaoshou would become enemies.

“Why are you here?” Night Guardian asked.

Xu Xiaoshou was stunned for a moment and was speechless.

Night Guardian smiled and said, “This old man met Rao Yaoyao under the deep sea, but she didn’t even give me the lowest grade nine or grade eight elixirs.”

Xu Xiaoshou was embarrassed for a moment. "I only have these on me. I don't have any high grade elixirs..."

"This old man doesn't mean to blame you." Night Guardian couldn't help but laugh. "On the contrary, I'm very grateful to you. I'm even more grateful that you came back to see me a second time. The difference is..."

The Thunder Calamity struck Night Guardian again and stopped him from speaking.

After a pause, his tone became mocking and he said,

"I pleaded and shamelessly begged her to save me.

"I even revealed that I knew the secret of the Holy Divine Palace, with the intention of giving her a choice of either not saving me or killing me..."

"But she hesitated again."

"She could choose to save me, or choose to kill me at that time..."

"But in the end, she just turned around and walked away, leaving me to the mercy of the deep sea..."

Night Guardian sighed and said mockingly, "I think she made a wrong decision again. She didn't even make a decisive decision to kill me. She can't even be compared to the Moonless Sword Deity."

Xu Xiaoshou silently responded again.

He could hear the great resentment in Night Guardian's calm words.

This should not only be a grudge against Rao Yaoyao for leaving him in the lurch, but it should also be mixed with all the bad emotions that Night Guardian had towards the whole incident after his current state.

"Boom!"

Thunder Calamity struck once again.

Xu Xiaoshou felt that he was somewhat unable to withstand it.

Night Guardian's innate elemental power, as well as his own foundation in the cutting path stage, were already very powerful.

This time, he had transformed into a Ghost Beast host body, causing the Nine Death Thunder Calamity to be weakened by the deep sea. It basically couldn't cause any physical damage to him.

But this was because Night Guardian had become stronger. This didn't mean that the Thunder Calamity was weakening.

Xu Xiaoshou didn't know which Thunder Calamity this was, but he felt that if it were to happen a few more times, he might really be struck to death on the spot.

"You should go."

Night Guardian saw the young man's predicament and said with a smile, "I don't know why you insist on talking to me in the midst of this Thunder Calamity, but I have a promise to give you."

"What promise?"

"I will leave the red-clothed people and from now on, I will no longer be obsessed about clinging on to you. Regardless of the road ahead, as long as you need me, I will be at your beck and call."

Chapter 1184: Night Guardian Is Dead 3

Xu Xiaoshou was stunned.

Night Guardian suddenly dispersed the ghostly energy around him, revealing his black-feathered body and the pair of broken dark night wings on his back. He bowed slightly and said sincerely,

"Thank you."

"What for..." Xu Xiaoshou was at a loss because it was such a solemn thank you. He said hurriedly, "I'm just..."

"Your 'I'm just' is already a great help to me." Night Guardian straightened up and said with a smile, "Even if it's just a jar of honey or just a sentence from you."

Boom! Thunder rumbled through the skies again.

Xu Xiaoshou's limbs were blown away and his body flew backward.

"It's time for you to leave." Night Guardian waved his hand and said, "It's already the 107th Thunder Calamity. After one more Thunder Calamity, the Thunder Calamity will undergo a qualitative change. At that time, no matter how powerful your skills are, a mere Grandmaster Realm cultivator could really be killed by a single Thunder Calamity."

"Have they started driving people away?"

Xu Xiaoshou felt that there were still too many things that he did not understand.

However, after getting Night Guardian's promise, he felt that there might still be a chance for the two parties to meet in the future.

"I understand."

He turned around and was about to leave, but at this moment, Xu Xiaoshou suddenly thought of something.

In his impression, when he first stepped into this Thunder Calamity, he sensed that there was a strong and a weak Calamity power. This meant that there should be two two of them who transcended the tribulation here.

Night Guardian was in excellent condition.

Thinking about it, he should have the ability to help the other tribulation transcendents.

“Because they could be his former comrades. Even if it had nothing to do with the upper echelons of the Holy Divine Palace, the basis of friendship alone should be enough for the Night Guardian to lend a hand, right?”

But after so long, Xu Xiaoshou’s ‘Perception’ sense did not see any outsiders, not even a corpse.

“You...”

After hesitating for a while, Xu Xiaoshou recalled the first time he saw the back view of Night Guardian who was hunched over and taking some medication.

“Could those low-grade Amber Juice and Spirit Cultivation Juice have lasted him until now?”

“Shouldn’t they have been used up long ago?”

And there was more...

The last and most important question, which Xu Xiaoshou had yet to ask.

Logically speaking, after the onslaught of the Nine Death Thunder Calamity, Night Guardian should be in the same state as the others, with all four limbs broken and in a dispirited condition.

“Could having a Ghost Beast host body bring such a powerful effect? Did Night Guardian feel as the Nine Death Thunder Calamity was just a leisurely stroll in the park?”

“The power of the Ghost Beast should also be suppressed by the barrier of the forbidden spell, so it could not be used under the deep sea, right?”

“How could Night Guardian suddenly just emerge from among the rest of the dispirited tribulation transcendents, and still have such exceptionally unblemished skin?”

Before he arrived, what else had happened here?

Staring at Night Guardian’s incomparably smooth face, Xu Xiaoshou’s voice suddenly trembled, “There are still hundreds of Thunder Calamity. Are you confident of surviving them all?”

“Yes.” Night Guardian nodded.

“Where are the elixirs? Do you have any left?”

“No, but I don’t need them anymore.”

“You don’t have any more elixirs? When did you run out?” Xu Xiaoshou’s voice suddenly became agitated.

Night Guardian paused in his speech. He raised his eyes and looked directly at Xu Xiaoshou. After a moment of silence, he did not hold back and replied, “I ran out of elixirs a long time ago.”

Xu Xiaoshou’s heart skipped a beat. His hand which was holding the two swords trembled even more violently.

“What about just now?”

“What were you eating?”

The dead silence spread throughout the deep sea.

Night Guardian had delayed his answer for too long this time.

In the face of Xu Xiaoshou's previous questions, even though he had been vague, he had answered truthfully in the end. However, this question had hit his sore spot.

"I'm sorry, I have to live..."

With a rumbling explosion, the 108th bolt of lightning lit up the darkness under the deep sea, cutting off the remainder of his words.

While Xu Xiaoshou was covered in wounds, the Thunder Calamity merely highlighted the ghostly energy that surrounded Night Guardian's dark aura.

He was unharmed!

After another lightning strike, Night Guardian quickly recovered and was almost unscathed!

He was too strong!

Xu Xiaoshou was both shocked and angry. He raised his sword and shouted in disbelief, "Night Guardian, are you..."

He did not finish his sentence.

"Bang!"

The power from a higher void, a mass of grand vital energy, erupted from Night Guardian's body and instantly turned into a 'Polluted' black color.

This black grand vital energy instantly enveloped Xu Xiaoshou, who was already in a weakened state, and threw him out of the range of the Thunder Calamity.

"You really have to leave..."

"You won't be able to withstand the next Thunder Calamity..."

Night Guardian muttered in a low voice. He raised his eyes to look over the top of the deep sea, as if he sensed the 109th Thunder Calamity that had instantly undergone a qualitative change.

However, he did not care at all. He narrowed his eyes and looked in the direction where Xu Xiaoshou had been thrown. His voice suddenly sank, as deep as if it came from the lowest level of Hell.

"Also, I forgot to mention..."

"Night Guardian is dead. From today onwards, call me He Yezi!"

..

PS: the detailed process of the night Guardian's blackening doesn't appear in the main text anymore. After all, the blackening was indeed exciting, but in essence, it was still a more bloody and violent content, for fear of being banned. However, it wasn't that it wasn't written. Just treat it as an update

and write it as an extra. If you want to see the public account, search my name and stay up late to eat an apple.

Hey, this last sentence should be said like this..

My name, stay up late to eat apples!

PFFT, so silly..

Chapter 1185: Trivial Matters 1

“Night..”

“From ‘Night Guardian’ to ‘Hei Yezi’?”

Even though the voice of Night Guardian did not travel far, and he seemed to be muttering to himself, Xu Xiaoshou had not been teleported away. He had only been flung aside.

At the final moment of ‘Perception’, he still heard the voice of Night Guardian that seemed to be filled with a murderous rage.

“He has changed...”

Xu Xiaoshou found it difficult to describe this feeling.

It wasn’t due to the fact that Night Guardian’s appearance had changed and turned into the Ghost Beast host body.

Rather, it was that this person’s personality seemed to have changed along with the transformation of his appearance; he seemed to have become another person.

This was like...

Night Guardian was Hei Yezi and Mu Zixi was Lei Xi’er.

Both of them had gone through huge setbacks and had completely transformed into another person, but this was also them.

Perhaps this description was a little different from the essence of ‘Transformation’.”

Xu Xiaoshou couldn’t accept it, but he felt that a different concept would be more appropriate.

“After more than a decade of naivety, when the layer of beauty in the fantasy is ripped apart and the bloody reality comes pressing down, the person will return to their original form.”

It wasn’t that Mu Zixi had become Lei Xi’er, nor was it that Night Guardian had become Hei Yezi.

It should be...

Mu Zixi had reverted to being Lei Xi’er.

Night Guardian had also returned to being Hei Yezi.

“Fate... Huh?”

With a heavy sigh, Xu Xiaoshou didn't want to try to untangle the story any longer.

Just like how Night Guardian had refused to answer his question, Xu Xiaoshou felt that there were some things that he didn't need to understand so clearly.

Because in the end, the one who could not accept it was himself.

Even at this moment, he already had a terrifying guess about the transformation of Night Guardian.

“There were clearly two layers of calamity power...”

Shaking his head and putting all of this aside, Xu Xiaoshou tried his best to get his thoughts back on track.

It seemed that there would not be any other mishap during Night Guardian's tribulation. Although the torturous process was a little strange, based on the consequences alone, it was clearly better than having no bones left.

Big Mouth was still waiting for his 'Senior Water Ghost' in front of the ancient gate under the deep sea. He didn't know if he had met Rao Yaoyao at this time.

“Where did Ye Xiao and Teng Shanhai disappear to?”

In theory, with so many people undergoing the tribulation of the cutting path stage, even the higher void level wouldn't dare to trespass. However, during this period of time, he had crazily barged into the center of the tribulation...

It was good that he didn't meet them. If he encountered them, it would be like seeing a ghost.

Unfortunately...

Oh, Water Ghost also said that there was an opportunity hidden under the deep sea. Presumably, consuming the Nine Death Thunder Calamity could also increase one's cultivation level. It was impossible for him to predict this.

Then, the opportunity he mentioned was probably that ancient door.

“Should he really open it?”

His thoughts were all over the place...

He stood in the deep sea, allowing the passive skills such as 'Eternal Vitality' to repair his body that had been shattered by the Thunder Calamity. He felt that after absorbing the Thunder Calamity, his late-stage of the Heavenly Image state had stabilized.

Xu Xiaoshou suddenly felt a little lost.

The impact from Night Guardian was too great. Even if he tried his best to walk out of it, he didn't know which direction he should take.

He raised his head and looked up.

As an Imitator, there were no limits in the deep sea.

The best way now was to make a dash for it out in the deep sea. Water Ghost shouldn't be sitting on the Lone Cliff just to intercept him.

As long as he returned to the Yunlun Mountain Range and continued to train, he would definitely escape from the current stormy whirlpool. That would be the safest choice.

However, this was just an idea.

Once his heart started pounding, it was very difficult to calm down.

Although Xu Xiaoshou did not want to admit it, he still knew that the Yunlun Mountain Range's trial was considered a child's play for him.

He could go back to the secret department to train.

He thought that after he went ashore, he could continue using Young Master Xu's identity. Then, he could recruit a large number of people and train them. He could also grab passive points along the way.

"But would there be enough time?"

It was as if there was an intangible big hand manipulating fate, so that no one could breathe.

Xu Xiaoshou knew that even if he went back to the Yunlun mountain range, Rao Yaoyao, Ye Xiao, and the others would not give up and would relentlessly pursue him till the matter in the deep sea was settled.

Unless they died in the deep sea, those from the higher void level would be very difficult to kill.

Even if they died, a second Rao Yaoyao and a second Ye Xiao would appear. If they wanted to take revenge, they might be even smarter.

"At that time, I would be in the light, and the enemy would be in the dark."

Even though he used Young Master Xu's identity, who knew when this cover would be blown.

Most importantly..

"Where will this deep-sea situation lead to?"

Xu Xiaoshou looked down again, but he could not see the end of the deep sea at all.

He did not know if Water Ghost would end the situation quickly after absorbing the power of the Heavenly Tribulation.

He also did not know what Water Ghost's real purpose was, but he did not think that it would be so coincidental that he would bump into his target. He also wanted the lives of Rao Yaoyao, Ye Xiao, and the others.

Water Ghost might even be after a bigger target!

And before attaining this big goal, Rao Yaoyao and Ye Xiao might not be sacrificed so quickly. In other words, it would be more dangerous for him to return to shore.

This was because the Yunlun Mountain Range didn't have any barriers that could help to deter the enemy.

When the time came, Master stage would fight the higher void and the Sword Deity...

Xu Xiaoshou thought that perhaps he didn't need Ye Xiao and Rao Yaoyao. Both Golden Foot or Little Ninja could torture him to death.

"Strength."

In the end, it boiled down to strength!

Xu Xiaoshou suddenly thought of a way out.

Currently, his passive skills had reached the highest level, and he did not have many other requirements. He just needed to cultivate other types of passive skills.

Chapter 1186: Trivial Matters 2

Thus, acquiring passive skills was secondary.

On the contrary, what would limit one's combat strength would always be the cultivation level!

Even if one's breakthrough speed was already very fast, as long as one's foundational roots were stable, it didn't matter whether it was fast or not.

Some people could even cut the path short in one night.

"Elder Sang is waiting for me in the Dead Sea..."

"Cutting the path short is just a piece of cake for my enemies. Now, they're basically at the higher void level..."

"I can use Young Master Xu's identity to fool them for a while, and I can use a decoy to simulate the current situation, but a fake is still a fake. If someone really doesn't listen to reason and attacks me directly, I can only run, just like that guy Night Guardian..."

"So, I need to break through to the Sovereign stage quickly!"

"Only after I ascend to the Sovereign stage can my passive skill possibly... reach the Saint stage! I don't know if this is the algorithm..."

Xu Xiaoshou probed into his sea of energy reserve.

His cultivation at the late-stage of the Heavenly Image State had already stabilized slightly.

However, he still had some way to go before reaching the final-stage and breaking through to the Ying Yang State and Star Worship State.

This distance was a bottleneck for other spiritual cultivators.

For Xu Xiaoshou, this was not an obstacle at all!

While the other Master stage were still trying to sense the Way of the Heavens, Xu Xiaoshou was already comprehending the Way, solving the Way, and even participating in the struggle for the Great Path.

Even if he didn't use the fire attribute or the space attribute to comprehend, just using the Way of the Sword to break through, his current comprehension was at least at the Sovereign stage.

Therefore, the amount and degree of energy reserve in his spiritual source was limited because Xu Xiaoshou's cultivation time was too short.

His rise to this point had only been about half a year.

Ninety percent of the time, he had been forced to participate in all kinds of disputes.

If it wasn't for the fact that he could cultivate passively and had the occasional fortuitous encounter, he reckoned that his cultivation level would have reached the Innate stage limit.

It was like using a water pipe to pour water, but the container wasn't a pond, but the sea.

It was said that the water would flow naturally, but the pipe was too thin. By the time the sea filled with water, it would already be three to five years later.

The most urgent task now was to widen the water pipe and even divert the water. Only by using both pipes would he be able to break through the only bottleneck of 'time'.

"Relying on passive cultivation to break through, even for an ordinary person, the speed would be extremely fast, but it's no longer enough for me."

"Drastic times call for drastic measures!"

During this period of time, Xu Xiaoshou had been beset by all kinds of problems and he had almost neglected his own breakthrough.

However, when he returned to confirm his goal, he immediately had a direction.

For example...

"Thunder Calamity!"

Xu Xiaoshou looked up at the sound of distant thunder. He already knew that this was a source of food.

However, after listening for a while, he shuddered.

At this time, the Falling Thunder had already gone bad. Those who were still enduring the tribulation under the deep sea, if they weren't already dead, would have basically survived until the 108th Tribulation.

If he ate the Thunder Calamity at this time, he faced a certain risk of death...

"Then there's only one last method left."

Xu Xiaoshou abandoned the thought of danger. The root solution for the rapid cultivation level advancement in the White Cave naturally appeared in his mind -devouring treasures.

Eating treasures that contained the calamity power such as the Infernal Original Seed and the Three Days Frozen Calamity was the only way for him, a spiritual cultivator who didn't have a bottleneck in cultivation, to shorten the time he had to cultivate.

In other words...

Even if he ate the Thunder Calamity, he would also eat the treasures.

Only by eating more would he be able to quickly reach the Sovereign stage cultivation level!

Once he reached the Sovereign stage, there was no need for him to talk about revenge.

At the very least, he would be able to fight against the higher void level by himself!

"Why do I feel like I should be called the Greedy the Cat Spirit..."

After being stimulated by Night Guardian, Xu Xiaoshou, who was thinking about his future path, suddenly felt there were some changes in the water around him.

Then, a teasing voice called out from behind him.

"What are you daydreaming about?"

"Who's that?"

Xu Xiaoshou turned around and was so scared that he almost activated his Vanishing Technique.

This was too stealthy. He was the second Elder Sang!

When he turned his head, he saw a familiar person with half a Golden Beast mask on his head and the Sea God's Trident in his hand. It was the Water Ghost!

Xu Xiaoshou shivered violently. He thought of his 'unscrupulous' behavior in the deep sea and subconsciously wanted to retreat.

However, just as he moved, he remembered that due to the Thunder Calamity, he had been sent back as Xu Xiaoshou.

Fortunately...

Fortunately, he had not changed back to his original appearance. Otherwise, when the Water Ghost meets another Water Ghost in the deep sea, their eyes would be "teary"...

Xu Xiaoshou secretly rejoiced in his heart. He put the two swords protectively in front of his chest and tried to calm down, "Water Ghost? What are you trying to do now?"

"TSK, TSK, TSK..."

The Water Ghost sized up the young man and said, "How rude. Going by seniority, you should address me as ... 'Senior Water Ghost'."

Xu Xiaoshou suddenly felt goosebumps breaking out on his arms.

This familiar 'Senior Water Ghost' reminded him of Xiao Kongtong.

“Am I too sensitive?”

“He can’t possibly be stalking me secretly like a pervert, right?”

“Otherwise, when I imitated him and traded favors with Xiao Kongtong, he should have killed someone because of it, right?”

Xu Xiaoshou tried his best to get rid of this feeling of discomfort, and since he didn’t hear anything odd coming from Senior Water Ghost, he thought that Water Ghost probably still didn’t know that he had been made a scapegoat in the deep sea.

“Senior Water Ghost?”

After making up his mind, Xu Xiaoshou sneered and directly took out a ‘Bazhun’an’ token. He said, “We still haven’t settled the score for kicking me into the water! Moreover, seeing a command token is like seeing a person. Logically speaking, you should still call this command token ‘chief’.”

Water Ghost glanced at the command token, and he sneered. “You’re really bold. Have you forgotten what I told you before about how valuable your head is?”

“Uh!” Xu Xiaoshou’s expression froze, and he immediately put away the command token. He smiled apologetically and said, “Hehe, Senior Water Ghost, so why are you looking for me?”

“...”

This change in attitude was too sudden, which made Water Ghost speechless for a moment.

However, he was not too bothered about it and directly stated his intention.

“There’s a small matter that I need your help with.”

“Small matter? How small?”

“It’s just a simple matter.”

“If it’s so simple, then why do you need me? I’m sure Senior Water Ghost can settle it by himself! I still have something to do, so I’ll take my leave first.”

Xu Xiaoshou did not want to continue the conversation. He turned around casually and took the easy way out.

“Dong!”

At this moment, his heart thumped as if someone had grabbed it. His body was rooted to the spot.

“Cough Cough... Cough!”

“Hehe, I, I was just joking... Ah, Senior Water Ghost, don’t take it seriously...”

Xu Xiaoshou’s face turned green instantly because he felt that the blood in his body had really morphed into a hand that gripped his heart.

This feeling was so unbearable that he almost suffocated to death.

“How rude. At the very least I’m the fifth-in command-saint servant. Can’t you just give me some face and at least hear me out?” Water Ghost chided him with a smile, and then released his hold on Xu Xiaoshou.

He cleared his throat and said, “Now, can we talk?”

“Yes, Big Drop, yes!”

Xu Xiaoshou thought to himself, “When I break through to the Sovereign stage, if you are not a demi-saint, I will definitely let you have a taste of the Water-type punishment.”

In the past, he might have thought that the time and space attributes were awesome and worthy of his time to comprehend them.

But now, it was different.

Xu Xiaoshou felt that the imitator could help him achieve the Water-type Upanishad.

In the future, this Water-type Upanishad would be used to fight Water Ghost and Yu Lingdi. These two were simply too annoying!

“Let’s put aside the important matters. I have a question to ask first...”

Panting, Xu Xiaoshou looked up and said hopefully, “You’re the fifth-in-command saint servant. You won’t harm me, right? I’m a proper saint servant.”

“Generally speaking, yes.” Water Ghost nodded.

“What about the other times?”

“That’s hard to say.”

Xu Xiaoshou’s face paled instantly. He had the urge to turn around and leave again.

“Then the small matter you mentioned shouldn’t endanger my life, right?” Only then did he return to the main topic.

Water Ghost pondered for a moment, then smiled. “It’s hard to say.”

“What!”

Xu Xiaoshou’s heart suddenly felt congested and his face turned green with panic.

“Tell me then, what’s the matter? But let me say this first, I have the right to refuse.” Xu Xiaoshou spoke very quickly. “A person should know his own worth, and my trivial life is also quite important. After all, Bazhun’an gave me seven missions, and I only completed three.”

“Is this how people use their own worth ... ?”

“Also, you made it sound so real. Your skills are very proficient...”

Water Ghost smiled and glanced at him. He did not care about these little tricks. He waved his hand and said, “You don’t have to care about Bazhun’an’s stupid matters. As I have explained, if the truth is made

known, you can judge the saint servant later. In the future, if you have any problems, you can look for me. I'll cover you. You can call me anytime."

Xu Xiaoshou: "? ? ?"

"Merely from these words, I can tell that your request will not be a small matter!"

"I really have to thank you. Can you just scram? Don't let me see your ugly face again!"

Chapter 1187: Who Does He Think He Is! 1

"So, what's the matter?"

Xu Xiaoshou probed carefully. He was already prepared for the worst and would rather die than yield.

"Ah... Blasphemy." Water Ghost smiled. "Life and death is unpredictable..."

"What? Saint-slaying?" Xu Xiaoshou's eyes suddenly lost their light.

"Yes."

"Excuse me, goodbye!"

Water Ghost nodded and Xu Xiaoshou turned around to leave again.

"What kind of sick joke is this, Saint Slaughterer?"

"You should look for Bazhun'an for this matter, he's the God!"

"Talk to me? Am I, Xu Xiaoshou, that capable? Do you think I'm omnipotent too!"

Water Ghost watched Xu Xiaoshou turn around and leave, but this time, he didn't use his ability to force him to stay. Instead, he smiled and said, "Don't you want to hear the details before deciding if you want to stay or cooperate?"

"What was the difference between 'stay and 'cooperate'?"... Xu Xiaoshou's heart was in a mess.

However, Water Ghost had already said so much. Even if he did not force Xu Xiaoshou to stay, it did not seem right for him to leave directly.

If he did not listen to the details, he would not be able to leave at all!

"I can listen to the details, but don't think about getting me to kill a saint. I can kill chickens and dogs and even then I'll do it reluctantly." Xu Xiaoshou sighed deeply.

Water Ghost smiled, "I didn't ask you to kill a saint. What you need to do is to create some form of blasphemy. It's not a big deal."

"It is still a Saint!"

Xu Xiaoshou thought, "You make it sound so easy. My life could be at risk if I do this. How can this be a small matter?"

“With regard to this ‘Saint’, is it just a person’s name, or...” Xu Xiaoshou still had a little hope.

“What are you thinking about!” Water Ghost mercilessly destroyed his fantasy. “The Jiang clan’s demi-saint from the Northern Region. I want to kill him. You only need to help me with a small favor.”

Xu Xiaoshou: “...”

His face turned green.

“So it is really a demi-saint!”

“You are really daring!”

“No, how dare you? You are only at the higher void level. How dare you plot against a demi-saint?”

“Shouldn’t a demi-saint be detached? This was the Holy Saint from the Shengshen continent.”

“How could a mortal kill a Saint?”

“The Jiang clan of the Northern Region’s demi-saint...”

Xu Xiaoshou took a few deep breaths and recalled something, so he still didn’t give up. “I remember that there’s a demi-saint descendant from the Jiang clan. His name is Jiang Xian. Did he offend you? You’re talking about this demi-saint descendant, right? He should... have some connection with the Saint?”

“Yes, it’s him...” Water Ghost nodded, which made Xu Xiaoshou overjoyed.

After a pause, he continued, “I’m talking about the demi-saint behind this demi-saint descendant. Our target this time is him.”

Xu Xiaoshou was speechless again.

“Damn you, get lost!”

“Why did you provoke a demi-saint for no reason?”

“Can’t you just follow the steps I suggested? I’ll help you kill a demi-saint’s descendant without any compensation. Can’t you just let me go?”

“Damn...”

“I’m only at the Master stage ...” Xu Xiaoshou’s eyes were dull, and his tone was pleading.

“You’re not just an ordinary Master stage. Don’t belittle yourself!”

Water Ghost flicked his hand and an arrest warrant appeared. His eyes were filled with encouragement and praise as he said,

“Look, the Three Incenses evaluation of your combat strength shows it’s at the level of cutting path stage .”

“And in my opinion, you can even play with the higher void level. Your combat strength is not just at the level of cutting path stage.”

“You are young and promising, so you should surpass the legend of Bazhun’an and become a Master stage blasphemer, a Sovereign stage slaughtering a saint, and a cutting path stage exterminating the Five Great Holy Emperor’s aristocratic family!”

After a pause, Water Ghost raised his eyes and looked up. His eyes sparkled, and his expression became more animated.

“Wow! Think about it, what a beautiful picture!”

“After this, you Saint Servant, Xu Xiaoshou, will be famous throughout the five regions. You will surpass the Eighth Sword Deity and become a role model in the hearts of the young people in the new era.

“Countless people will want to be like you. They will try to surpass you and they will do their best to achieve this and become stronger. Your name will go down in history and you will be remembered for eternity...”

Xu Xiaoshou felt a headache coming on when he heard that.

“Stop, stop.” He quickly stopped him.

“What?” Water Ghost looked at him with a smile. “Am I wrong?”

“Did you get it right? ! Can you reflect on what you just said, is it even a human speech?!”

Xu Xiaoshou almost slapped Water Ghost’s face which was just in front of him. Of course, he didn’t dare to. After all, with that slap, his life would be in danger.

He mused about it for a long time before he said dazedly, “Senior Water Ghost, do I, Xu Xiaoshou, look like a hot-blooded protagonist?”

This abrupt turn of words stunned Water Ghost.

“Not... not really?”

“... then do you think that telling me all these things is useful?”

The corners of Xu Xiaoshou’s mouth twitched, and he tried to swallow a gulp. He sighed and said, “I’ve let you down, alright? Please don’t tease me anymore. I really have something important to do and really don’t want to waste your time.

“If you really want to kill a saint, can I help you to give Bazhun’an a nudge? Trust me, he might take you up on your offer.”

Water Ghost smiled again and went forward to pat Xu Xiaoshou’s shoulder. Suddenly, he felt a sharp pain in his hand and hastily withdrew it.

He frowned and thought that this was a hedgehog. He should not be waiting for an opportunity to take revenge, so he did not care anymore and going back to the main topic, he said, “Believe me, in this matter, Bazhun’an can’t even be compared to you. You are very powerful, but you don’t know it.”

“Please don’t give me any more of this crap! I don’t like this!” Xu Xiaoshou flew into a rage and turned around to leave. “The joke ends here. Senior, stop. You don’t have to keep me anymore. I won’t cooperate.”

The cold current of the deep sea parted, and Xu Xiaoshou’s figure disappeared into the distance.

Chapter 1188: Who Does He Think He Is! 2

Surprisingly, Water Ghost did not stop him. After a long time, he said with a playful expression, “But you don’t want to kill him. He has his eyes on you.”

Xu Xiaoshou stopped in his tracks.

He has his eyes on me?

At some point, he wanted to turn back and have a good chat with Water Ghost.

However, on second thought, it’s not only one demi-saint who had set eyes on him. The Jiang Clan’s demi-saint, no matter how strong he was, could he be more powerful than the elites of the Holy Divine Palace?

He had already encountered with Demi-Saint Zang Ren.

He had also encountered those Holy Emperor-level Bosses of the Abyss Island who had made a stealth attack on him.

A little trouble like this could be exhausting, but people would get used to it if they were to repeat it many times.

“I’m sorry, I’m not interested.”

Sensing that the Water Ghost did not intend to falter, Xu Xiaoshou quickened his pace. He was so close to taking the easy way out.

The Water Ghost watched with a smile and said, “You got the skills to disappear, so you are not afraid. However, he has his eyes on your family and friends. Don’t you want to stay and chat more?”

In this deep sea, it seemed that no matter how far one ran, as long as the Water Ghost wanted to, his words could be heard by anyone.

Family and friends... Xu Xiaoshou thought, “I have lost Elder Sang, my closest relative. What else is there to lose in this world? It’s not like a demi-saint can find my biological parents in the other world?”

He did not even turn his head. He was very determined.

When Water Ghost saw this, he could not help but laugh and shake his head.

Was he quite decisive?

“Is there really nothing in this world worth worrying about? Then what about your little girlfriend? Do you not care about her life and death?” Water Ghost finally said.

Huh?

Xu Xiaoshou seemed to have been triggered by something sensitive. He stopped and hesitated for a while before he took the easy way out and returned to Water Ghost.

“Little girlfriend?” He asked hesitantly, “Which one?”

“Which one?” Water Ghost stared at him in disbelief. “You have a lot of them?”

“Let’s discuss the main issue here!” Xu Xiaoshou was speechless.

“That one...” Water Ghost played with his expression and drew two curves in the deep sea with his hands. He said with a flirtatious smile, “The silver-haired one, who else is there beside her?”

Clearly, Water Ghost was really curious this time.

Silver-haired... A graceful figure suddenly flashed in Xu Xiaoshou’s mind. He immediately rolled his eyes, “This is my junior sister, not my little girlfriend.”

“Oh, junior sister.” Water Ghost chuckled and said, “Isn’t junior sister a benefit for something?”

“Why didn’t I notice it before? You’re quite flirtatious...” Xu Xiaoshou sneered and said unhappily, “Let’s get to the point. The Jiang Clan’s demi-saint, why would he target my junior sister?”

“God Devil Eyes.”

Water Ghost became serious again and uttered, “He found me and mentioned Lei Family’s Eyes. It seems that he wants to collect all of them.”

“All of Lei Family’s Eyes?” Xu Xiaoshou raised his eyebrows. Wouldn’t that clash with what Yama wanted?

However, Yama was already on the move. The Jiang Clan’s demi-saint had just started?

Then the person he was looking for shouldn’t be his junior sister but Yama. After all, there were many Lei Family’s Eyes there!

“You’re not lying to me, right?” Xu Xiaoshou looked suspicious. “There’s too little information about my junior sister. But regarding Yama collecting Lei Family’s Eyes behind the scene, from the perspective of your class of people, it shouldn’t be a secret, right?”

A look of approval was seen on Water Ghost’s face. He said, “You’re brilliant. I didn’t say anything, but you guessed the real intention of the Jiang Clan’s demi-saint.”

What did he mean?

Xu Xiaoshou looked confused.

Water Ghost didn’t dilly dally. He went straight to the point. “That’s right. The Jiang Clan’s demi-saint first target is Yama. He wants me to help him find someone and then take away all of Yama’s Lei Family’s Eyes.”

This?

Xu Xiaoshou suddenly felt angry.

The Jiang Clan's demi-saint wants to find Yama. What does it have to do with my junior sister?

You even put the blame on me. Could it be that you leaked the information regarding my junior sister having God Devil Eyes?

Even though Xu Xiaoshou felt inexplicably angry, he wouldn't lose his mind and roar.

Whether to say it or not, Water Ghost was still the fifth Saint Servant. He was one of them, so he wouldn't be so heartless to leak this matter to outsiders. Otherwise, the first person who would cause trouble for him would be Bazhun'an.

After all, Bazhun'an had connections with the Lei Family, and he protected Lei Shuangxing.

"Let's talk about it. The Jiang Clan's demi-saint wants to find trouble with Yama. This is a good thing. How is it related to my junior sister?" Xu Xiaoshou frowned and said. He unconsciously moved closer and lowered his voice.

"It's a big deal." Water Ghost smiled and took a step back. He put his hands behind his back and said,

"Think about it. How can Yama Huang Quan's time and space attributes be so easy to capture?"

"If he fails, the Jiang Clan's demi-saint will settle for the next in line. He will find the other Lei Family's Eyes and work his way up to continue his goal.

"During this process, how long do you think your little girlfriend can hide from the demi-saint's ability?"

Water Ghost smiled and raised his eyebrows. He shrugged and spread his hands. He looked as if he knew how powerful a demi-saint was.

"My junior sister." Xu Xiaoshou corrected him in a deep voice. He has given up on this comment.

"Continue."

Junior sister... Water Ghost muttered silently and then continued,

"Think about it another way. If the operation was successful and the Jiang Clan's demi-saint obtained all of Yama's Lei Family's Eyes."

"Then, will he stop here?"

"No. He will continue to search for the remaining Lei Family's Eyes scattered across the continent. There is a connection between Lei Family's Eyes and other Lei Family's Eyes. I don't know if you know this..."
