

I Am Loaded 451

Chapter 451: I Am Full of Sincerity When It Comes to Business

“Old Du...”

“That’s it?”

In the back row of the small town in the Eighth Palace, everyone was dumbfounded when they saw Xu Xiaoshou struck a palm and Old Du disappeared.

No matter how defenseless he was, it shouldn’t be to this extent, right?

Old Du’s spiritual source protection wasn’t removed at all. In fact, when he realized that there was someone behind him, he even subconsciously used a defensive spiritual technique.

Even though this spiritual technique was not fully formed, it was only half-formed.

However, as a Master, how could it be destroyed by a single slap?

“Suspected, Passive Points, +424..”

Luo Qinglang snapped out of his daze and turned his head around. What he saw was the scene where Old Du was directly buried in the ground.

The level of the explosion caused blood to splatter on his body, which was several meters away.

One could imagine how terrifying the force of Xu Xiaoshou’s palm was.

“Innate Level Physique?”

Luo Qinglang was dumbstruck.

From the moment his hand was caught by this guy, he could vaguely sense that this person’s physical body was not simple.

But maybe he used some secret technique?

In short, he had never thought about the Innate Level Physique.

But the scene in front of him didn’t allow him to stop thinking.

A super-powerful swordsman with Master Sword Intent and an Innate Level Physique?

“Where the hell did this monster come from?”

Although he couldn’t see this guy’s face, he could tell that this guy wasn’t old just from his naked eyes.

Maybe he was from the same generation as him.

However, in the past few years, when did such a person appear in the ten counties around White Cave?

He, Luo Qinglang, had never heard of him before.

Yu Zhiwen, who had retreated to the back of the team from Qinggang Spirit Palace, frowned as memories flashed through her eyes.

Her star eyes were very unique, and she could basically remember everything she saw.

No matter how powerful her concealment spiritual technique was, it couldn't hide from her eyes.

The person in front of her vaguely reminded her of a certain figure in the Tiansang Spirit Palace at that time.

"This strange way of speaking, and this sword will, this physical body..."

"Xu Xiaoshou?"

Yu Zhiwen subconsciously took a step forward, but she quickly withdrew her foot and stopped in time.

"No, Xu Xiaoshou isn't that strong."

"Master Sword Intent, and this body that might have already reached the Master Physique..."

"It's only been a few days? A month? Less than a month... Xu Xiaoshou actually underwent such a huge transformation?"

"Is it a coincidence?"

Yu Zhiwen thought to herself.

To be honest, what truly made her let go of her doubts was not the rapid improvement of the person in front of her.

Ultimately, it was still the star eyes.

"In this world, there's no power stronger than these eyes."

"If it can't even remember..."

Yu Zhiwen laughed in her heart. "You're worrying too much. It seems like it's really a coincidence."

She pretended to glance at Cheng Xingchu who was beside her unconsciously.

If the person in front of her was really Xu Xiaoshou, then the person who was beaten up at that time would definitely have a stronger reaction than her.

After all, Cheng Xingchu was an outstanding talent from the branch of the Holy Divine Palace of the Dongtianwang City.

He had some special spiritual techniques that even Yu Zhiwen couldn't see clearly.

However, it was a pity that this guy seemed to only be surprised by the Masked Man's high combat strength. After frowning slightly, his face lost all color.

"It really is a coincidence..."

However!

“Teleportation?”

Yu Zhiwen muttered unconsciously.

Perhaps others would mistake Xu Xiaoshou’s disappearance as being too fast.

She was the only one who could completely see that the spatial fluctuation in that instant was not something that could be caused by movement.

“Amazing!”

“Teleportation... why would such a character come to the Eighth Palace to sell exquisite stones? Is he that short of money...”

“In Awe, Passive Points, +234.”

“Suspected, Passive Points, +128.”

In the arena.

Xu Xiaoshou calmly waved his hand.

He looked around.

This time, the subordinates of Old Du did not dare to act recklessly.

To catch a thief, one must first catch the leader. These old sayings were indeed true.

The alpha was dead, and there was really only a motley crew left.

“Calm down, don’t be nervous.”

Xu Xiaoshou suppressed his hand and calmed down. Then, he said, “I’ve said it before. I’m a businessman, and I don’t like killing. I like world peace.”

“Cursed, Passive Points, +334.”

“In Awe, Passive Points, +221.”

“How could this be called loving peace. I’ve gained some knowledge.”

“Mm, killing one person and suppressing the entire battlefield. Strictly speaking, this fellow has indeed avoided more casualties.”

“Uh, what you’re saying is...”

Those who dared to speak at this moment were naturally the unrelated people who had not made a move before.

They suddenly realized that they were too happy as spectators.

They thought that if Old Du made a move, the Masked Man with the straw hat would die.

They did not expect the situation to turn around in the end.

Yes, it seemed that it could not be said that it was turning around.

After all, that guy did not seem to be at a disadvantage from the beginning to the end?

“Where... where’s Brother Du?”

Old Du’s men were still somewhat loyal. At least after a moment of shock, someone finally spoke up.

They naturally saw the hole in front of Xu Xiaoshou.

But at that time, he was still crazily attacking. Who would have thought that Xu Xiaoshou would instantly disappear and blow Old Du away?

“Here.”

Xu Xiaoshou smiled and pointed at the hole in front of his feet.

In his “Perception”, Old Du did not die.

He did not use his full strength, so this guy naturally would not die.

And for him to be able to make a living, it was obvious that Old Du had some skills.

In just a few breaths’ time, he had actually completed self-healing in the hole.

At this moment, his face was ferocious as he flew upwards, about to break out of the hole.

“Thief, you dare to use a sneak attack on me? I will teach you how to be a human... oh!”

Before he could even let out a furious roar, Xu Xiaoshou had already switched his leg with the spirit of a young man above him. His left foot had blocked the entrance of the pit.

Old Du was shocked to discover that at the end of his flight, a footprint had suddenly appeared. However, within the footprint, there was actually a spark of fire.

The Lesser Fireball fell off from the soles of his feet and made intimate contact with his slightly opened lips.

The timing of Xu Xiaoshou being stuck was too exquisite.

It was as if he could monitor Old Du’s movements at all times. The compressed Fire Seed had fallen at the moment when he was about to leave the pit.

Old Du was once again caught off guard and barely managed to raise that half-defensive spiritual technique again.

“Boom!”

A series of explosions sounded on the ground.

Everyone’s bodies swayed rhythmically at the same time, and their faces froze.

“This is too ruthless, isn’t it?”

“What did this guy do? I’m afraid it’s not just the power of one kick?”

“He’s also a pure spiritual cultivator?”

“Fire-type?”

Cheng Xingchu had originally been holding a high and indifferent attitude.

After feeling the warmth from the floor and smelling the burning aura in the air, his entire being was in a bad mood.

“Xu Xiaoshou?”

Wasn’t this familiar smell of flames from Xu Xiaoshou’s special spiritual technique that had knocked him out at the entrance of the Council Hall that day?

Yu Zhiwen was completely stunned.

Her beautiful eyes stared straight at the back of the Masked Man in a straw hat, and she was momentarily speechless.

Just now, she had used various conclusions to directly refute her guess, but she had never thought that it had only been a few breaths of time?

It was a slap in the face!

“Is it really Xu Xiaoshou?”

She tilted her head and asked.

Cheng Xingchu’s entire face was green. He gritted his teeth and said, “This smell, I will never forget it in my entire life!”

Did her star eyes make a mistake?

How was that possible?

That was an existence that even the aura of a Sovereign could not recognize wrongly!

“This...”

“Suspected, Passive Points, +1.”

“Boom!”

As she was deep in thought, there was another explosion below the ground.

Yu Zhiwen looked over and saw that although Xu Xiaoshou did not move, the energy on his feet was directed towards where he was pointing.

As for Old Du, who had luckily survived the attack, he was now underground and could not come out at all.

He was like a gopher.

Even if this person did not appear, he was still hit by the compressed Fire Seeds one by one and was completely unable to find his bearings.

“Boom Boom Boom...”

Every time that brutal sound rang out, everyone felt their hearts skip a beat.

Looking at the floor that was about to shatter, everyone’s host body fell silent.

Such a terrifying attack, even the Eighth Palace’s town gate was unable to withstand it!

“This is the legendary... am I a businessman?”

“There’s more, there’s more, world peace!” Someone added in high spirits.

“Impressed, Passive Points, +424.”

Xu Xiaoshou laughed happily and gave a rare explanation.

“Third time’s the charm!”

“After all, I’ve already given him two chances before. If I give him another chance, I’ll lose reputation.”

Reputation...

When Luo Qinglang heard these two words, the corners of his mouth twitched and his body began to twitch.

If it wasn’t for your “reputation”, I wouldn’t have become a human-shaped club that was being swung around and bombarded!

“Cursed, Passive Points, +1.”

...

It had to be said that Old Du was too strong.

This fellow had been toyed with by the Refined Fire Seed for so long like a cat catching a mouse, but he was still able to withstand it.

After the time it takes for half an incense stick to burn.

The rumbling sound at the gate of the Eighth Palace did not stop.

Finally.

When the gate collapsed, Old Du seriously realized that the Masked Man who attacked with his feet had more spiritual source than him!

Because at this moment, there was not a single drop of spiritual source left in his energy reserve.

“Young hero, spare my life!”

Old Du’s humiliated voice came from underground. He immediately gave up resisting.

Because from the words of the person above, he was not a cruel person. He did not like to kill the innocent.

Perhaps this person was really just embarrassed.

Once he gave him a way out, he could retreat.

In the end, the remaining few Refined Fire Seed mercilessly shot into his nostrils, armpits, and between his legs.

“Boom Boom Boom!”

“Cursed, Passive Points, +1.”

“Pfft!”

Old Du spat out a mouthful of blood in confusion. His body was covered in wounds. He raised his head and roared, wanting to cry, but no tears came out.

“Let me go!”

“Received Plea, Passive Points, +1.”

Xu Xiaoshou received the kick.

At this moment, he realized that he had completely destroyed the underground of the Eighth Palace.

Even the vertical height of the ground had been reduced by several grades.

It was like a small basin.

“Tsk tsk.”

“What a tenacious fellow.”

Xu Xiaoshou poked his head down the pit.

Old Du could not see him clearly. After his “Perception” had advanced, even though he was separated by such a barrier, he could still see the nervousness in this fellow’s eyes through the gaps.

“Have you thought it through?”

Thought what through?

I didn’t think of anything at all!

After Xu Xiaoshou finished asking, he realized that he had a memory string.

Thought it through? That should be the matter of the Luo Qinglang?

He subconsciously turned his head, only to see the Luo Qinglang’s body tremble and actually take a step back.

“Feared, Passive Points, +1.”

“Hehe, don’t be nervous.”

Xu Xiaoshou raised his hand to indicate that he was a kind person. Then, he said loudly to the people below, "So, you want to buy my exquisite stones?"

Old Du's entire body almost collapsed on the spot.

What the heck...

Just one exquisite stone!

What the heck did I do? Why did I provoke this fellow?

"I'll buy it!"

Everyone could hear this mournful roar. It was 30% bitter, 30% resentful, 30% humiliated, and the last point of helplessness.

"Oh, if you want to buy, you should have said so earlier."

Xu Xiaoshou gestured with his hand. "What are you doing down there? We have to discuss business in person. Come up!"

"Cursed, Passive Points, +1."

"In Awe, Passive Points, +428."

This time, everyone looked at Xu Xiaoshou with a gaze that was no longer puzzled, confused, or doubtful of his strength.

No matter what his cultivation was, this person...

No.

This was a devil!

Old Du was filled with anger as he carefully protected the top of his head. He tightly closed his lips and pinched his nose. Only then did he dare to slowly fly out of the hole.

"Good guy!"

Everyone's eyes were fixed on him.

The scarred man in front of him, who was covered in burnt crow, had his hair and eyebrows burnt off. Even his spiritual clothing had been blown up, revealing his tattered body armor...

"Old Du?"

Perhaps he had gone underground to reincarnate and changed into another person!

If it was not for the fact that the iconic scar had not decreased but had increased a few more times...

Perhaps the crowd would not have been able to recognize Old Du.

"Boss?"

Old Du's subordinates were also stunned.

Wasn't this too tragic? A Master had actually been blown up like this underground?

"Boss, didn't you break through to the Star Worship State a few days ago?"

"Why are you still being beaten up so..."

"Shut up!"

Before the conversation could even begin, Old Du's furious roar silenced his subordinates.

Shameless!

He still dared to speak!

Everyone was dumbfounded.

Star Worship State!

No one present was ignorant. They weren't deaf, so how could they not hear this person's mutterings?

"But isn't it ridiculous for someone at the Star Worship State?"

"The explosion from before wasn't a very strong spiritual technique. How could Old Du become weaker after reaching the Star Worship State? He couldn't even dodge it?"

Hearing the discussion, Old Du's vicious gaze swept over to the other side.

This "inhuman" existence that had truly "crawled up" from the "abyss" frightened everyone and did not dare to speak for a moment.

Old Du felt helpless.

What the heck!

Have you guys ever experienced what it means to have an energy dot with eyes?

The movement of the underground was already obstructed, and this darned thing could even locate... could that fellow see it?

Were his spiritual senses so special?

Old Du looked at Xu Xiaoshou with lingering fear.

Xu Xiaoshou happily observed him, waiting for this fellow to speak.

The corner of his mouth twitched. After hesitating for a long time, Old Du finally managed to squeeze out a sentence.

"Young hero, how much is the exquisite stone?"

"In Awe, Passive Points, +454."

Everyone sighed.

Sure enough, Old Du had submitted...

“That’s how it should be!”

Xu Xiaoshou waved his hand. “If only your attitude was like this right from the start.”

Old Du had the intention of moving back into the pit on the spot.

But when he imagined that scene...

He swore that he would never have anything to do with the underground for the rest of his life.

From now on, even if it was his residence, he would have to move to a high mountain.

It was extremely cold up there.

It was so good up there.

It was so cool!

“Give me a price,” Old Du lowered his head and said in a muffled voice.

“You name it.”

Xu Xiaoshou narrowed his eyes. “I’m a person who values sincerity the most when doing business.”

Old Du’s body trembled.

“Cursed, Passive Points, +1.”

“He’s quite sincere...”

He muttered to himself, and his heart suddenly became lively again.

Usually, people who asked others to name a price were either very accurate in their positioning of the goods and could see the other party’s first sentence and brush them off.

But this method was used when there were too many monks and too little meat.

Now that he was the only one buying, why would he ask this?

Could it be that he didn’t understand the market price of the exquisite stone?

Old Du hesitated for a moment and squeezed out a look of embarrassment.

“Although I do need this thing, for now...”

“Cut the crap!”

Xu Xiaoshou interrupted him directly.

“Cursed, Passive Points, +1.”

Old Du gritted his teeth. “I want one. I’ll give you one million Spirit Crystals!”

“Hiss!”

Before Xu Xiaoshou could speak, a series of gasps could be heard from behind.

Old Du is such an unscrupulous businessman!

Even at this time, he still did not forget to scam people.

This fellow's body was so fragile. How could his heart be so strong?

However, this time, no one spoke.

After all, they were all born in the Eighth Palace.

Even if they had come a day earlier, they would still be natives.

If this Masked Man knew about the market, it would be fine.

If he didn't know, it meant that this fellow was just a lamb waiting to be slaughtered.

When Xu Xiaoshou heard the word "one million", his heart jumped.

This broken stone was so valuable?

Then he still had 16 stones on him. Wouldn't that mean he would earn another 10 million in assets?

This was freaking...

Wonderful!

However, those guys behind him reacted in shock. No matter how stupid Xu Xiaoshou was, he still realized something.

"Are you trying to trick me?"

He lowered his voice. There was a suppressed anger in his voice.

Old Du's heart instantly bloomed.

As expected, this guy was also a virgin!

He didn't know anything, yet he still came out to do business with others?

Today, he had tricked you so much that you couldn't even touch your underwear!

"One million... five hundred thousand!"

Old Du raised his eyes and they looked at each other. His expression was full of seriousness, and then he said solemnly,

"This is the market price. I can only pay this much. If it's higher than this, I won't be able to do anything."

Xu Xiaoshou "sensed" the people behind him.

He was indeed a newcomer and didn't know anything.

But this time, the people behind him didn't smile anymore. Even their expressions showed a bit of affirmation towards Old Du's words.

However, when he glanced at the information bar.

Xu Xiaoshou was enraged.

“Ridiculed. Passive Points, +250.”

This group of people was like a nest of snakes and rats!

The exquisite stone was definitely worth more than this price!

“Are you playing with me?”

Xu Xiaoshou didn't say anything else. He raised his hand and used the Seeds on All Five Fingers. Then, he used his claw to hit Old Du's head.

“Bang!”

He once again sank into the ground with an explosion.

Then.

“Boom Boom Boom Boom Boom...”

Not far away, Mu Zixi and Xin Gugu shrunk their necks at the same time. This... this time, even they didn't have time to react!

“It's this move!”

Cheng Xingchu's eyeballs bulged out.

At this moment, he was absolutely sure that this person was Xu Xiaoshou.

But...

How could Xu Xiaoshou advance so fast?

Master stage, Star Worship State?

Did he get slapped once?

Or did he get slapped twice?

“Doubted, Passive Points, +1.”

Old Du was stunned by the slap again.

“What happened?”

It wasn't until the blood on his head splattered again that he realized that he was wrong again.

The person in front of him couldn't be cheated.

“Darn it...”

Cursing in his heart, the bloody Old Du rose into the air again.

This time, he didn't dare to hide it anymore. He revealed an expression of grief and indignation.

“Five million!”

“I’ll buy one for five million. That’s enough. Don’t go too far!”

Xu Xiaoshou stared at him indifferently.

After a long pause, he suddenly turned to look at the onlookers behind him.

“Is what he said true?”

No one dared to say anything.

Everyone could feel Xu Xiaoshou’s real anger.

They couldn’t touch Old Du. They couldn’t afford to offend him either.

“You, say yes.”

Xu Xiaoshou immediately pointed at the person closest to him.

“Yes?”

That guy repeated a word in a daze.

“Deceived, Passive Points, +1.”

“Good guy.”

Xu Xiaoshou could not help but laugh in admiration.

He turned his head again, and his eyes were cold.

“Shoo!”

The Refined Fire Seed in his hand instantly appeared.

One, two, three.

Old Du suddenly felt a chill on his back. He opened his mouth, wanting to say something, but his pupils suddenly constricted.

“Thud!”

With a soft sound, the two Refined Fire Seed were instantly nested. The dense aura of death that was instantly emitted caused everyone present to be shocked.

“What the heck is this thing...”

The crowd’s cries did not end. The wrapped fire seed that Xu Xiaoshou had turned black once again emitted a soft “thud” and was wrapped in another layer.

“What the heck!”

“Feared, Passive Points, +465.”

This time, even Yu Zhiwen did not dare to look directly at this double-nested wrapped fire seed.

Old Du's face was even paler.

He immediately retreated.

"Brother, I was wrong!"

"10 million, the market price is actually 10 million. I'll buy yours at the original price. Three, I'll buy three!"

Xu Xiaoshou laughed coldly. "I don't feel like selling it to you anymore."

"I..."

Old Du's entire body nearly split open on the spot.

He realized that he might really have been wrong.

Who could withstand this thing!

If he was at his peak condition, he might still have a chance, but at this moment, his spiritual source had been drained dry!

"There's hope, there's hope. Don't panic."

"He might not be able to shoot me."

Old Du, who was retreating at the speed of light, only had this thought in his mind when he suddenly felt a piercing pain all over his body.

It was as if countless tiny swords had pierced into his body in an instant.

Even the tiny bit of spiritual source he used to fly was completely out of control at this moment.

"Shua!"

White sword energy that shot into the sky directly froze his figure through the air.

"Feared, Passive Points, +1."

"Stop, stop..."

He held back his panic and could only use the little spiritual source he had left to transmit his voice.

This was the Eighth Palace. If he was really controlled, he would really be shot through.

No one could save him!

At this moment, Old Du panicked.

Life was more important than money.

Xu Xiaoshou raised his hand behind him and threw a javelin.

Old Du said, "Don't shoot!"

"20 million, I'll give you 20 million!"

“I’ll buy all your exquisite stones!”

Buzz —

The air current surged, and the burning aura of the ember burned the entire area.

Everyone was scared half to death, but they were surprised to find that Xu Xiaoshou’s wrapped fire seed had not been released at all.

Xu Xiaoshou slowly put down his hand, and his eyes narrowed. The sword energy dispersed.

“I am full of sincerity when it comes to business.”

He said calmly, “Just now, you transmitted your voice to me. Tell everyone what you said. Everyone should hear it.”

### **Chapter 452: Business Is Indeed Profitable**

“Pfft!”

Old Du spat out a mouthful of blood.

Not only was he angry, but the injuries on his body had also exploded at the same time.

That awe-inspiring sword will actually pierce through his body through the air. This was something that he had never dreamed of.

“Is this the power of a master swordsman?”

Looking at Xu Xiaoshou’s hand that had returned to its original position, Old Du wanted to show off again.

However, when he thought about the range of this person’s shooting range, it seemed that whether it was close combat or long-range attacks, he would not be able to gain any advantage at all.

As for this guy’s shooting range...

Old Du fell silent.

“If I show off again, I guess I will really die, right?”

“But, if I don’t run...”

“20 million!”

The corners of Old Du’s lips were bitter. He had lived for so long, and this was the first time he had fallen so miserably.

20 million for one exquisite stone, and he had to buy it all at once. Didn’t this mean that he had to spend 60 million in total?

His savings for most of his life were only this much.

One had to know that the three exquisite stones that he had sold previously.

Added together, it was less than thirty million!

This was simply too much of a loss, okay?

“I...”

Old Du hesitated. Looking at the Masked Man with a straw hat, whose eyes were expressionless and seemed to have a hint of a smile, his entire body trembled.

“Forget it, 60 million. I’ll treat it as buying a lesson.”

Gritting his teeth, Old Du suddenly closed his eyes and shouted at everyone.

“20 million for one. I’ll buy all of your exquisite stones!”

“My God...”

At the entrance of the Eighth Palace town, regardless of whether they were Old Du’s subordinates or not, all of them gasped.

It was because they knew the price of the exquisite stones that they were even more shocked.

“Old Du is crazy. 20 million for one stone?”

“He can’t even afford it even if he sells his wife!”

“What the heck? I thought it was a good show to kill a lamb. Why did I see the prey and the hunter roles reversed?”

“Old Du is in a slump. It doesn’t matter if he loses his money after this. How can he survive in the Eighth Palace?”

“Survive? You still want to survive?”

Someone immediately refuted, “If he didn’t use 20 million to buy his life, do you think Old Du would still have a chance?”

Everyone fell silent.

After a long while, someone finally spoke up and added.

“60 million.”

“Marveled, Passive Points, +450.”

“Feared, Passive Points, +456.”

“Lauded, Passive Points, +411.”

Luo Qinglang was speechless.

20 million.

Even if he sold himself, he wouldn’t be able to afford one of these exquisite stones.

He was a man of few words. He quietly moved his feet and sneaked back to the team of Qinggang Spirit Palace.

“Brother Lang?”

The white-robed swordsman immediately came up to help.

He was afraid that if he slowed down, Brother Lang’s injuries would make him kneel on the spot.

“Those injuries... are you okay?”

Luo Qinglang looked at his bloody clothes and his face twitched.

“No problem.”

He was supposed to be in the limelight, but why did he end up in this tattered state?

He scratched his head and stared at the Masked Man.

Was it because of this person’s arrival?

“Hu...”

Luo Qinglang heaved a sigh of relief. He indicated that he would not have any contact with this guy in this Eighth Palace.

Tilting his head slightly, Yu Zhiwen’s slightly worried gaze was cast over.

Luo Qinglang lowered his eyelids and directly avoided it.

He was too ashamed to say anything.

His gaze landed on a group of slightly flustered disciples of the Qinggang Spirit Palace.

Luo Qinglang once again fell silent.

“20 million...”

The lingering 20 million that lingered in his mind caused his entire person to become anxious.

“So the lives of junior brothers and sisters are worth 200 million?”

This time, not to mention the evil hands in the Eighth Palace, just looking at these lambs made Luo Qinglang want to make a move.

“Brother Lang!”

“Senior Brother!”

With the shaking of his arm, Luo Qinglang finally woke up.

The white-robed swordsman asked with concern, “Brother Lang, what are you looking at... that guy is over there.”

His trembling finger pointed in the direction of Xu Xiaoshou.

The murderous intent in Brother Lang's eyes just now almost made him think that he had done something wrong last night...

He had been discovered!

"I'm fine, I'm fine."

Luo Qinglang waved his hand and finally moved his body, looking in the direction of Xu Xiaoshou.

"Envied. Passive Points, +1."

...

"Come over here!"

Xu Xiaoshou waved at Old Du. The latter hesitated for a moment, but in the end, he did not dare to resist. He strode to the entrance of the shattered town.

"20 million per stone. You're buying everything?" Xu Xiaoshou confirmed.

"Yes."

Old Du swallowed his teeth that had been knocked out.

It was a little difficult to chew. If he endured it, everything would pass.

"You said it."

Xu Xiaoshou nodded and said to the crowd behind him, "Did everyone hear that?"

No one responded.

"It's good that you heard it."

"Cursed, Passive Points, +1."

As Xu Xiaoshou said this, he took out the small wooden table from before.

"Da Da Da."

The three exquisite stones were put down, and Old Du closed his eyes deeply.

"Forget it."

When he opened his eyes again, the exquisite stones on the table had turned into six.

"This is..."

He was puzzled and did not see any reply. Suddenly, his pupils constricted.

"Six exquisite stones?"

Old Du was so shocked that he arched his back and retreated. He raised his head and said in shock, "You have six exquisite stones?"

"Mmm." Xu Xiaoshou snorted.

“This...”

“You said to buy them all. You’re so sincere. I can’t lie to you. I can only take out all of my stock.” Xu Xiaoshou smiled.

This was...

Old Du’s state of mind exploded on the spot.

Don’t!

You lied to me!

Please lie to me!

When you do this... Don’t you know that there’s a saying, “when a dog is desperate, it jumps over the wall”?

When you come in this wave, if it’s someone with a weak heart, they will die on the spot!

Old Du panted heavily. Many thoughts flashed through his mind, but he was unable to speak for a long time.

“Is it useful when a dog is desperate?”

“Facing this person...”

“If I say one more word, my life will be over, right?”

“Cursed, Passive Points, +1.”

“So, six?”

The onlookers behind couldn’t see clearly due to Xu Xiaoshou being blocked. However, Old Du’s voice had already roused everyone’s spirits.

They opened their spiritual senses.

As expected, on top of the Masked Man’s table, there were six blurry items.

“What the heck, who is this guy? Did he rob a certain Spirit Palace team?”

“But the Spirit Palace teams are all led by an Elder at the Sovereign level. Could it be that he robbed all the geniuses of the major aristocratic families?”

“However, I remember that the major aristocratic families only have five exquisite stones at most. Those who have two or three are already at the top of the top forces. This...”

“This guy...”

“I’m speechless. There are so many exquisite stones in the world. Would it kill me to have one?”

It was as if two bombs had been thrown at the entrance of the shattered Eighth Palace. Instantly, the crowd was in a hubbub.

Everyone was green with envy. However, the soles of their feet were firmly dug into the ground. They did not dare to make any reckless moves.

Hold it in. Their lives were important!

Luo Qinglang's eyes immediately widened.

"This... is he crazy?"

"Six exquisite stones?" The white-robed swordsman beside him also muttered in disbelief.

"No."

"Those are not exquisite stones." Luo Qinglang was stunned.

"What is it?"

"That's 120 million! Spirit Crystals!"

...

"120 million, I'll give you a zero. Round it up, 200 million will do."

Xu Xiaoshou spread his hands, full of anticipation.

"Dong!"

Old Du's fists slammed powerlessly onto the table.

His entire body went soft.

"200 million?"

"No... 120 million?"

He wasn't foolish enough to take this fellow's joke seriously.

But the problem was...

"120 million, I don't have that much money either?" Old Du felt like crying.

"You've lived for so long, and you don't even have 100 million?"

Xu Xiaoshou's face was filled with shock. "What's your stage... no, I mean cultivation level?"

"Star Worship State..."

"Early-stage?"

"That's right."

"You're already a Master Star Worship State, yet you haven't even achieved a small goal?"

Xu Xiaoshou was speechless. It seemed like assassins were more profitable.

These people who could only rely on robbing others to survive were indeed too poor.

“Then how much money do you have on you right now?”

“I...” Old Du hesitated for a moment, but he didn’t dare to act recklessly.

“70 million.”

“70 million is still alright.”

Xu Xiaoshou thought that this amount of money was already an astronomical figure to others, so he didn’t hesitate anymore.

“Since you don’t have enough money, then I definitely can’t sell all the exquisite stones to you.”

“How about this, give me 70 million first. I’ll ask you for the rest of the money in the future.”

“As for me, I’ll give you three exquisite stones first. As for the rest, I’ll return it to you when the money arrives.”

As Xu Xiaoshou spoke, he knocked on this fellow’s head without any explanation.

“What are you daydreaming about? Where’s the card?”

“Hand it over.”

With a wave of his hand, Old Du took out a golden card in a daze.

“A card from the multi-gold trading firm? Just right.”

Xu Xiaoshou nodded in satisfaction. This way, he could just swipe it directly.

He casually took out the card that he had bought a house in Tiansang City. With a swipe, the amount on the other side changed from eight digits to three digits.

“That’s not right!”

Old Du looked at the pitifully short three-digit amount and suddenly came to his senses.

This wasn’t right!

“20 million for one exquisite stone, three, not 60 million? How did you swipe away all of my money?”

Xu Xiaoshou calmly put the card away and said, “You didn’t stop me with your spiritual senses just now, isn’t that a tacit agreement?”

“What the heck...”

Old Du’s eyes were wide open, and he almost drew his knife on the spot.

“Give me back 10 million!”

“Here, take it.”

Xu Xiaoshou casually took the three exquisite stones on the table and threw them into the Yuan Mansion.

He didn't dawdle and directly stuffed the rest into the other party's arms.

With this push, Old Du's body, which was almost twice as strong as the other party's, was pushed back. He almost fell to the ground.

Xu Xiaoshou put away the small wooden table and turned around to leave.

"When you have raised the money, come and ask for it from me."

"Then I'll deposit for the 10 million first."

"Don't worry, I'm full of sincerity when it comes to doing business. I'll definitely keep the exquisite stone that belongs to you."

Dong!

Old Du couldn't stand it any longer and directly smashed his butt down.

He looked at Xu Xiaoshou's back with a dumbfounded expression.

"Sincerity?"

"Is this what you mean by sincerity?"

He silently lowered his head.

Three exquisite stones...

No!

That was his entire fortune!

It was seventy million!

"Cursed, Passive Points, +1."

"Resented, Passive Points, +1."

"Missed, Passive Points, +1."

...

"Let's go."

Xu Xiaoshou waved at the three Masked Men behind him.

However, other than Aje who moved, the other two did not respond for a long time.

"Let's go, what are you waiting for?"

"I've taken the banner."

"Isn't it embarrassing to put it on display?"

Xin Gugu's eyes finally regained their luster.

A second ago, he was still amazed by Xu Xiaoshou's methods. The next moment, he was infuriated by this fellow's words.

Didn't you ask us to hold up the banner?

You weren't happy when we didn't lift it just now.

Now that we've lifted it, you find it embarrassing.

Mu Zixi was more direct.

"Cursed, Passive Points, +1, +1, +1, +1..."

"Where are we going?"

She threw the banner to Xin Gugu and quickly followed.

"This place has been harvested. In theory, there shouldn't be anyone richer than this Old Du."

"Let's change the place."

Xu Xiaoshou walked towards the ruins of the town entrance.

Suddenly, he came back to his senses and saw Luo Qinglang.

"Feared, Passive Points, +1."

Luo Qinglang subconsciously ducked his head and hid behind the white-robed swordsman.

However, when he remembered that he was the Senior Brother, he had no choice but to force himself to come out again.

Xu Xiaoshou looked at him and did not speak.

Luo Qinglang paused for a while and finally could not hold it in any longer.

"What are you doing?"

"Have you thought it through?" Xu Xiaoshou said cheerfully.

"Cursed, Passive Points, +1."

"I don't have any money!"

He spread his hands generously. "Even if you sell me now, I won't be able to come up with 20 million to give you."

"How do you know you're not worth this price?" Xu Xiaoshou asked.

Luo Qinglang was stunned, but his face immediately turned green.

Good, you darned scoundrel.

Are you really going to sell me?

"I really don't have any money."

His tone became weaker.

“I can see that.”

Ever since Xu Xiaoshou found out that a piece of exquisite stone was worth 20 million, he had already planned to let Luo Qinglang go and wouldn't let him buy it.

“But you have the exquisite stone, don't you?”

“Your Junior Brothers and Sisters should also have it.”

Xu Xiaoshou smiled and said, “If you don't buy it... how about selling it? I do buy exquisite stones too.”

The team from the Qinggang Spirit Palace instantly looked as if they were facing a great enemy, and all of them became vigilant.

Some even drew their swords on the spot.

“Do not misunderstand, I'm only doing business.”

Xu Xiaoshou hurriedly waved his hand. “If you don't want to buy it, you can sell it.”

“You all heard it just now. As the local boss, Old Du's information is absolutely accurate. He said that the market price of the exquisite stone is 10 million per piece, so it must be 10 million yuan.”

“How about this? I'll take 11 million each, and you guys will definitely earn 1 million without losing anything.”

“How's that?”

It wasn't just the Qinggang Spirit Palace. Everyone, including Old Du, was shocked.

What a guy.

He's so shameless!

You sold 20 million exquisite stones just now, and now you're asking for 11 million each?

“Blown Away. Passive Points, +498.”

“Cursed. Passive Points, +11.”

Old Du's face, which had barely recovered, lost its color again.

He felt that he had been enlightened.

Previously, the market price was indeed 10 million, but now he managed to double the price by himself!

Luo Qinglang was even worse off. He had a bitter expression on his face.

“Brother, I admit defeat. I was rude just now. Please don't play with us.”

“We really don't have any money. It's even more impossible to sell this exquisite stone.”

The people from the Qinggang Spiritual Palace nodded repeatedly.

Now that they admitted defeat, no one felt that Luo Qinglang had lost his reputation.

Instead, they subconsciously felt that this was a very normal thing.

It was a life-threatening situation if they insisted.

Yes.

It was truly “life-threatening”!

Xu Xiaoshou felt their bitterness.

But he still asked a wave of questions in return.

“You’re really not selling?”

“No!” Luo Qinglang was resolute and decisive.

“There’s still some time before the White Cave opens. What if you don’t sell and get robbed?” Xu Xiaoshou asked with concern.

The entire team of Qinggang Spirit Palace shook.

This time, even Cheng Xingchu couldn’t bear to hear it.

With Xu Xiaoshou’s mouth, it was likely that everyone in the Spirit Palace would be able to hear the shadow.

At night, it was estimated that no one dared to sleep here.

“I think you are the one who wants to snatch it, right?”

Cheng Xingchu said unhappily.

“Brother, who are you? You’re going too far. I’m just a businessman, don’t talk nonsense.”

Xu Xiaoshou glanced at him with a smile that was not a smile.

Cheng Xingchu immediately felt a dull pain at the back of his head.

This fellow definitely had a hidden meaning!

“Cursed, Passive Points, +1.”

Xu Xiaoshou didn’t talk much with them. He walked past the crowd and arrived in front of the familiar girl.

He was silent for a moment.

At that time, he couldn’t see through the star eyes, but at this moment, he still couldn’t see through it.

Not only could he not see through it, but as his vision improved, he could even feel a heart-palpating power from the other party’s star eyes.

Xu Xiaoshou knew that this was an even deeper insight into the inner world after reaching the Master stage.

In the past, he didn't believe in this kind of inexplicable feeling.

After many tests, he had no choice but to believe it.

"Even ghost beasts don't feel this kind of pressure!"

Xu Xiaoshou muttered in his heart.

What on Earth could it be?

These eyes...

"Your eyes are really beautiful," Xu Xiaoshou praised.

"Cursed, Passive Points, +1, +1, +1, +1..."

Yu Zhiwen's pretty face turned red.

With just this one sentence, she was certain that this person was definitely Xu Xiaoshou.

Because at that time, when they first met, this person had also given her such a direct compliment.

Her lips and teeth were slightly parted. Just as she was about to speak, Xu Xiaoshou had already turned around and left without any hesitation.

"This..."

He only likes his eyes and doesn't like talking to me?

"Suspected, Passive Points, +1."

...

Xu Xiaoshou led the three Masked Men with straw hats behind him.

This "straw-hat" organization, which had only been established for less than half a day, had openly stepped over the ruins... at the entrance of the Eighth Palace town.

As the time approached, everyone slowly retreated, as if they were afraid to avoid it.

"Impressed, Passive Points, +455."

"Feared, Passive Points, +421."

"Admired, Passive Points, +395."

Xu Xiaoshou deliberately walked very slowly.

In the end, under Xin Gugu's impatient push, he finished picking the last handful of wool and disappeared from everyone's sight.

"Passive Points, 37,511."

“It’s so easy to earn, right? Gaining more than 30,000 Passive Points all of a sudden?”

Xu Xiaoshou looked at the information bar and was almost overjoyed.

How many hours had it been?

At most, it was just a small interlude, and he almost earned passive points of 10 consecutive hits.

As expected, having more people was more suitable for him.

Especially this kind of obedient sheep who had never seen the world and had stuck its head out for him for the first time...

It had the most fur!

“70 million...”

Xu Xiaoshou muttered.

With a net worth of nearly 100 million, he admitted that he had gone a little overboard.

He had been here before and met many people along the way. His original intention was just to earn some passive value conveniently.

However, he had accidentally discovered the value of the exquisite stone.

“One is 20 million. If I sell the 16 pieces on me, how much would it be?”

“This business is indeed profitable!”

Xu Xiaoshou couldn’t count it anymore. He turned around. “Junior Sister, give me one of your exquisite stones?”

“Cursed, Passive Points, +1.”

“You’ve already given it to me!”

“Oh, I see. But you can give it to me again.”

“Xu Xiaoshou, can you say that again?”

Xu Xiaoshou looked at the girl’s hair standing on end and felt that it was better to give up.

He had sixteen exquisite stones, which was already a lot.

Two for her to protect herself was also quite good.

Although she might not necessarily need them by her side, what if?

The thing that Xu Xiaoshou feared the most in her life was “What if”.

“This broken stone is too valuable. I have to sell it before the White Cave opens.”

“But according to Elder Qiao, it seems like the Dean said that the White Cave will open in a few days?”

“How long will this be...”

He pondered.

He began to think about how he could use such a short time to sell the exquisite stones.

When there were few Spirit Crystals, he truly couldn't see any use for it.

After all, having little money was useless.

But this thing was the common currency of the continent. Once the quantity increased, it could be exchanged for almost anything.

At the very least, he could throw 100 million to the multi-gold trading firm.

Xu Xiaoshou felt that his Yuan Mansion could instantly become the top spiritual medicine Holy Land of the continent.

Even if it wasn't the top, it was very close to the top!

In addition, he had the Spirit Mark of Life.

Under the constant nourishment, perhaps the spiritual medicines that he needed for his future Art of Alchemy could be completely self-sufficient.

This was simply the dream of every high-level magic pill technician!

Countless spiritual medicines, as well as the year of birth according to need.

Most importantly, with the Spirit Mark of Life, everyone grew anxiously.

After the Yuan Mansion was formed, one day was equivalent to several years of medicinal herbs, and one year...

"Tsk tsk."

Xu Xiaoshou's saliva dripped out.

Earning money!

Not only did he have to earn passive points, but money also would never be too much!

"The few hundred people present just now should be able to spread their name very quickly."

"Then, next, I need to find a place with more people and place more exquisite stones."

Xu Xiaoshou was still happily calculating.

Suddenly, Xin Gugu raised his head and looked at the crack in the air. His pupils constricted.

"It's coming."

"What's coming?" Xu Xiaoshou unconsciously followed it.

In the sky, the crack in the air hummed and interweaved. It actually began to merge and finally turned into a huge crack.

A terrifying suction force was transmitted, and the stone floor in the Eighth Palace directly cracked.

This time, even the old spirit tree, which had been standing in the wilderness for many years, could no longer hold on to the ground and was uprooted.

“Ah!”

Mu Zixi cried out in surprise and flew up into the sky.

Xu Xiaoshou hurriedly made a move and pulled off the girl’s shoes.

“Cursed, Passive Points, +1.”

He hurriedly jumped and grabbed the little girl’s feet before pulling her back from the sky.

“The White Cave has opened?”

Ignoring Mu Zixi’s panic, Xu Xiaoshou looked at the endless black dots in the sky being sucked into the spatial rift and asked directly.

“Yes.”

Xin Gugu’s eyes were solemn as he nodded heavily.

Anyone could be mistaken when the extradimensional cracks opened. He couldn’t be mistaken.

“Then these people...”

The sky could not withstand the suction and many people were sucked up.

This wave of people who were not even in the upper spirit realm or did not have any special secret techniques would not be able to withstand the suction force.

This was especially so for these people who were walking on the street without any spiritual array protection.

“Die.”

“Or if they were lucky enough to enter the White Cave, they would be randomly teleported and then killed by extradimensional beings.”

Xin Gugu shook his head indifferently. “Those who can be sucked up into the sky are too weak. It all depends on whether or not the Red Coats are willing to save them.”

He knew that he was not a saint, so he couldn’t save these people who were weak but still forced themselves to risk their lives.

Chapter 453: Medium Difficulty... White Cave Opens!

Screams accompanied the cracks in the sky and resounded throughout the Eighth Palace.

This time, all the spiritual arrays that the inns had long prepared were opened. They didn’t dare to delay at all.

Some of the free walkers also grabbed the ground close to them and used all their strength, but they weren't willing to let themselves be sucked into the cracks in the void.

Xu Xiaoshou raised his head and looked over. The sky was filled with screams.

The black spots were made up of human figures and other miscellaneous items.

However, there was no doubt that once one entered the pit, they would be crushed into pieces.

"Whoosh!"

.

At the critical moment, a Red Coat flew up into the sky.

Like a savior, the Red Coat waved and a light golden energy screen covered the entire void crack.

"Bounded domain?"

This was the first time Xu Xiaoshou had seen such a method of using a bounded domain to cover a crack in the void.

"Can you endure it?"

Xu Xiaoshou was aware of such a frightening Way of the Heaven's force. Even a Sovereign would likely have difficulty using a bounded domain to resist the suction force that came from such close proximity.

As expected, the wild rustling sound of the void cracking only disappeared for a breath.

In the next second.

"Boom!"

A huge hole was suddenly pulled out of the bounded domain.

Xu Xiaoshou's eyelids twitched.

"This suction force..."

"I'm afraid that if I transform into a Berserk Giant and go up, my body and soul will be destroyed as well!"

With that little bit of calmness just now, his "Perception" was barely able to see the true face of that Red Coat under the sky filled with smoke and dust.

A bald head!

...

In the air.

Xin suddenly raised his head, his eyes revealing disdain.

"Extradimensional cracks?"

He murmured.

The opening time of the White Cave had indeed exceeded his expectations.

But that was all.

After all, the Way of the Heavens could shock everyone below with such a scene

Except for him, he was fearless.

As long as it was something that could be solved with brute force, Xin would definitely not be afraid.

“Way of the Heavens is, after all, only the Way of the Heavens.”

“As for me, I have already succeeded in Cutting Path!”

He raised his chest and placed his hands behind him. Xin’s entire body was exposed to the terrifying suction force of the void crack.

However, he stood there unmoved.

The Heaven and Earth Path Energy transformed into a huge beam of light that was hundreds of feet long. It instantly enveloped Xin’s hands before everyone’s shocked gazes.

Xin’s light hand was thrust into the bounded domain, which had been torn asunder.

“Boom!”

One closed.

The mouth of the torn bounded domain was closed by bare hands.

With the sound of the explosion, Xu Xiaoshou’s scalp tingled when he heard it.

“Cutting Path?”

It is easy to resist the power of heaven and earth by using the aura of path energy and the spiritual source.

If it’s not Cutting Path, what else could it be?

“En.”

Xin Gugu’s expression was solemn as he nodded slightly.

This was Red Coat!

This was the biggest natural enemy of ghost beasts and even ghost beast host bodies!

If one grew too slowly and met such an existence, their fate would be nothing more than death!

Mu Zixi was also amazed by this scene.

It could be said that just this scene made people feel that this trip wasn’t in vain.

The might of Cutting Path was so terrifying!

And this was only the tip of the iceberg that the Red Coat in the sky had revealed his strength.

“Elder Xin...”

On the ground, a young Red Coat with a longsword on his back witnessed all of this. His eyes were similarly filled with shock.

One person’s strength was enough to contend against the Way of the Heavens.

A real man was nothing more than this!

Although Elder Xin was indeed a little simple-minded, his limbs had reached a certain level. He really did not need things like brains anymore.

“Hum –”

Before the people who were lucky enough to be saved could finish exclaiming in admiration, another large screen of light enveloped the area above them.

This time, it didn’t cover the entire bounded domain, but the entire Eighth Palace.

“Everyone.”

A clear female voice resounded in all directions.

Lan Ling flew up into the sky. Her fluttering Red Coat completely covered her ordinary figure, making her seem even more mysterious.

She looked at the crowd below with a cold expression and opened her red lips.

“The White Cave is open.”

“Everyone knows how dangerous the extradimensional space is.”

“The extradimensional space that gave birth to ghost beasts is even more unpredictable.”

“So, those who weren’t ready just now are not recommended to go in.”

Mu Zixi’s face turned red when she heard that.

Did she belong to those who weren’t ready?

It couldn’t be... right!

That was just an accident.

The accident happened too quickly and she didn’t react to use the small tree to save herself.

Without Xu Xiaoshou, she would definitely be able to do it.

“I’m already a mature Upper Spiritual Level cultivator,” Mu Zixi comforted herself.

Lan Ling paused for a moment after she finished speaking.

Originally, everyone had definitely heard these words and there was no need for her to say them.

However, seeing that so many rookies were bent on dying, she couldn't help but feel pity for them.

However, she didn't give a long speech. After a few words of advice, seeing that everyone was still unmoved, she immediately went to the main topic.

"All those who have the exquisite stone, immediately go to the teleportation portal below the light beam and prepare to enter!"

Her delicate hand pointed below.

A purple light beam rose from underground at the right time.

At this moment, everyone's attention was taken away.

Xu Xiaoshou was locked onto by his "Perception". He could see a huge spiritual array covered in resplendent patterns below the beam of light.

The complexity and precision of the spirit patterns were so great that even though he already had the foundation of a Master who was proficient in weaving, he still felt dizzy just by looking at it.

"Big project."

When it came to space, especially spatial teleportation, one had to pay special attention to the safety of extradimensional space teleportation.

It was no longer as simple as the spirit gathering array that Xu Xiaoshou could draw with just a few hundred spiritual patterns.

Suddenly, he thought of Ye Xiaotian again.

A super-strong man who was able to forcefully tear open the door of the extradimensional space under a chaotic situation by himself and even constructed an extremely stable spatial passage.

He regained his senses.

Under the beam of light, there was a teleportation spiritual array that was as wide as a football field. With just a glance, Xu Xiaoshou could see tens of millions of spiritual veins.

"A Spirit Array Caster?"

Xu Xiaoshou could see all kinds of defensive spiritual array patterns on the female Red Coat's body.

Obviously, this person was afraid of death.

Xu Xiaoshou started to think deeply.

"This female Red Coat, how could she still have so much hair?"

"Clearly..."

Xu Xiaoshou looked at the bald man who had already recovered his mental strength and was protecting the female Red Coat.

Clearly, this fellow was more like a great Spirit Array Caster!

However, "Perception" pushed forward again, and Xu Xiaoshou saw that the fair-skinned woman in Red Coat, had dark circles under her eyes.

He immediately felt comforted.

"The second fellow who often stays up late..."

...

"Let's go?"

Xin Gugu turned his head and asked.

Unknowingly, even he, who was the strongest, regarded Xu Xiaoshou as the backbone of this team.

After all, it was just that wave of transactions worth 70 million just now. He might have to spend a lifetime of effort to barely achieve it.

The brain really depended on one's fate!

"Wait."

Xu Xiaoshou raised his hand to signal for everyone to stop.

He had spent a lot of effort putting on so many layers of clothes for this trip. He had even put on a straw hat.

What was the reason?

Lone wolf!

To put it bluntly, Xu Xiaoshou did not want to snatch the position as the leader of the second team.

There were no rules in the White Cave!

This was a place where he could fully unleash his combat strength.

Once he was bound by an acquaintance, he might have to be afraid again.

Therefore, his identity could be recognized by other unimportant strangers, such as Yu Zhiwen, Cheng Xingchu, and the like.

However, Rao Yinyin, that girl, definitely could not recognize him.

Strictly speaking, the last time he stole... he accidentally saw this girl coming out of the bath, which was a stain on his life.

And he had been extorted of a Sovereign Pill.

At that time, he was still not very clear about the value of the Sovereign Pill.

But now.

"Hehe, a Sovereign, a fourth-grade pill. She was daring!"

Xu Xiaoshou was puzzled. At that time, he should have pestered her and wanted to deny this thing.

It was a pity.

He felt guilty in front of her.

“This time, I will definitely be restrained.”

“So, I’ll give them the task of training those little brats.”

“My mission...”

Xu Xiaoshou thought of the Fourth Sword, and his head began to ache.

“Let’s talk about it later. My mission is just to play around.”

“I’ll also find a training ground to earn passive points.”

“There is Fourth Sword, so there’s no need to force it.”

He waited quietly.

Under the protection of the great Heaven and Earth spiritual array, his perception saw that many people had finally walked out of the barrier of the inn and headed for the teleportation formation.

There were many familiar faces.

The team of Luo Qinglang and Yu Zhiwen.

The team of Rao Yinyin and Zhou Tianshen.

“Oh? Zhou Tianshen?”

Xu Xiaoshou was puzzled. How did this fellow have the qualifications to come here?

He focused his eyes and was surprised to find that this one-track-minded aura was completely different from half a month ago.

After the one-arm, the blade will soared.

From the newly broken Innate of the “Windcloud Competition” to this moment, it was actually in a slightly perfect state.

“This progress...”

Xu Xiaoshou was shocked.

“Is it because of that one-armed spiritual technique?”

At that time, before the Tianxuan Gate obtained Aje, he had seen Zhou Tianshen training with his single arm at the Slaughter Cape. He had almost gone mad from the killing.

Now that he thought about it, it was not unreasonable for someone with such talent to work twice as hard as others.

It was not unreasonable for him to grow so quickly.

Xu Xiaoshou turned his gaze away in relief.

He was determined to wait until all the members of the Tiansang Spirit Palace had entered before he would go over.

However, once he entered the White Cave, he would definitely not be stingy with his help if there were any difficulties that he could help.

After all, they were on the same side.

“Su Qianqian.”

When he calmed down, a little girl with a big sword on her shoulder and four tall men and women behind her stepped into the formation in an imposing manner.

“This little girl...”

A faint smile appeared on Xu Xiaoshou’s lips.

“This is?”

Immediately, his attention was taken away again.

Three people with extraordinary appearances appeared out of nowhere. They quietly blended into the main group and silently stepped into the teleportation spiritual array.

Xu Xiaoshou’s heart palpitated when he saw them.

“These three...”

He couldn’t help but look at Xin Gugu. “How many people did you send this time?”

“What do you mean by this time?”

“Your organization.”

Xu Xiaoshou said firmly.

Xin Gugu hesitated for a moment. “Two.”

“And your sister?”

“Not my sister. It’s just a form of address. We’re not related. Just Jiao Tangtang,” Xin Gugu corrected him.

“Oh.”

Xu Xiaoshou fell silent.

The three fellows he had seen just now gave him a feeling.

It was the same feeling he had when he first saw Mo Mo, Xin Gugu, and Jiao Tangtang.

It couldn't be said that they were exactly the same.

These three fellows had hidden it a little too well.

It was simply perfect.

But at the very least, that throbbing feeling couldn't fool Xu Xiaoshou.

Under the premise that he completely believed in his "Perception", Xu Xiaoshou was certain that they were three ghost beast host bodies!

"Darn, what exactly does this White Cave want?"

Xu Xiaoshou thought of the middle-difficulty dungeon that Elder Qiao had mentioned.

This was still a middle-difficulty dungeon.

He, Xu Xiaoshou, could do a live stream while eating upside down... cough cough, that was too much. There was no need to say that.

Secretly memorizing the characteristics of these three men, Xu Xiaoshou had some thoughts in his mind.

He was sure that these guys were definitely not here for the Fourth Sword.

Then, what kind of existence would attract so many ghost beast host bodies and risk their lives to carry out a mission that could be like catching a turtle in a jar?

Xu Xiaoshou's line of sight suddenly stopped.

In the slightly anxious and chaotic scene, he suddenly moved with light steps and walked into a woman in a white dress.

It was just like the first time they met, with unchanging tranquility.

The gentle sandalwood fragrance that accompanied the small bronze stove directly purified everyone's mind.

"Mo Mo..."

Xu Xiaoshou recalled the scene of the "Windcloud Competition" finals, where the girl almost completely sealed herself.

In this world, what kind of level was the ability that could even restrain passive skills?

For a moment, Xu Xiaoshou knew why the three suspected ghost beast host bodies had come.

Perhaps Mo Mo was also what they had been looking for, someone who could fight against their natural enemies...

"Leader?"

Xu Xiaoshou muttered unconsciously.

Other ghost beast abilities might not be enough to do this.

But sealing...

Was completely possible!

Xin Gugu's pupils constricted.

He did not have "perception", but he was a Sovereign.

His spiritual sense was many times stronger than the others.

Even though they were so far away from the teleportation portal, he immediately focused his attention on this eye-catching white lotus flower.

"Legendary Beast Control Artifact."

From Xu Xiaoshou's question, he could vaguely sense that something was wrong.

But if there were other ghost beast host bodies...

At least, he didn't find them.

But the "Legendary Beast Control Artifact" was too obvious.

Such a special item developed by the "Xu Yue Grey Palace", how could this girl, whom he didn't know at all, have it?

"Is she the target?"

Xin Gugu thought of the mission information Jiao Tangtang had revealed when they first came to the White Cave.

One was to find a suitable ghost beast host body for Greedy the Cat Spirit.

This was actually dispensable. Unexpectedly, it was completed for Xu Xiaoshou.

At present, there was only the last step of the ritual. The two should be able to combine as one.

There was no rush.

Secondly, he had to find someone.

A person that even Xin Gugu himself had never heard of.

"Elder Feng..."

Xin Gugu frowned.

Although this girl's appearance was average, she looked so clean. She didn't seem like a person who would be called "Feng Yujin"!

According to what he heard, shouldn't the target be a white-haired old man?

After all, Jiao Tangtang had said that she wasn't even born when she was roaming the continent!

"So, it's not this little girl..."

“Ghost beast?”

With this thought, Xin Gugu became even more puzzled. “But ghost beasts are ghost beasts. How is it related to Elder Feng?”

Secretly memorizing this girl’s symbol and aura, Xin Gugu immediately felt relieved.

Since even she could notice him so easily, Jiao Tangtang would definitely notice this person.

She was only responsible for the execution of the battle orders.

The mission’s goal and progress were obviously not something that a guy who could lose control at any time had the right to care about.

“I saw your sister.”

Xu Xiaoshou suddenly said.

Xin Gugu nodded. He also saw Jiao Tangtang among the crowd.

It was very obvious that this girl seemed to be planning to take the proper route to enter the White Cave.

If so many unexpected characters had obtained the White Cave quota, then the Eighth Palace must have been in turmoil for the past few days.

“Why do you look as if you know it better than me?”

Xin Gugu hesitated for a while, and finally couldn’t hold back his curiosity and ask.

Xu Xiaoshou was too abnormal.

This guy’s cultivation level was a drawback.

Whether it was fighting, intelligence investigation, or scheming...

All of them were not levels that ordinary youths could reach.

Even some old foxes had eight lifetimes of bad luck under this guy’s toying.

Zhang Taiying was a shining example of Xin Gugu witnessing his fall from the beginning.

And now...

Xin Gugu sized up Xu Xiaoshou with a strange expression.

“From the last time we met, I couldn’t even see any flaw.”

“Has his merit reached perfection?”

“Did he also make up for his cultivation?”

“Suspected. Passive Points, +1.”

Xu Xiaoshou smiled and didn’t reply.

It was impossible to explain “perception”.

No matter how much it was said, it was just that his spiritual sense was a little special.

It didn't have any nutrients at all.

Mu Zixi stretched her neck by the side like a swan.

Just by listening to the conversation between Xu Xiaoshou and Xin Gugu, her heart felt like it was being scratched by a cat. It was itchy and uncomfortable.

“Xu Xiaoshou, how are you able to see it?”

“It's understandable that Xin Gugu is a Sovereign. Your realm is lower than mine. Don't think that I don't know. How did you see it?”

Xin Gugu's head, which was originally turned away, was pulled back again.

Xu Xiaoshou was helpless.

“You can't see it?”

“I thought this was a normal operation. There's no need to explain.”

She was so angry that she stomped her feet.

She hated herself for spouting unnecessary words.

“Cursed, Passive Points, +1, +1, +1, +1...”

...

The moment Jiao Tangtang stepped into the spiritual array, she turned her head slightly to take a glance, and Xu Xiaoshou found that she had been discovered.

“What a good fellow.”

This was the first time someone was able to notice that he was spying on them, right?

“Locked-on, Passive Points, +1.”

The information bar suddenly jumped.

Xu Xiaoshou raised his eyebrows.

Locked-on?

After entering, do you want to come over and play with me?

This...

This is simply too great!

He looked at Xin Gugu.

“Two Sovereign-level thugs?”

“Hur hur, hur hur, hur hur hur”

“Watched, Passive Points, +1.”

The inexplicable terror from “Watched” interrupted Xu Xiaoshou’s imagination.

He raised his eyes and looked over.

Three swordsmen!

In front of the huge teleportation spiritual under the purple light beam.

The Sword-hugging guest took the lead and stopped. He twisted his head and looked in Xu Xiaoshou’s direction.

“He’s coming.”

The swordsman with nine swords and the swordless swordsman was stunned. They turned their heads as well, but they couldn’t see anything.

“Who?”

The swordsman holding the sword, Gu Qingyi, didn’t say anything. He looked at his Junior Brother and smiled.

The two of them understood.

“Xu Xiaoshou?”

“I didn’t realize it...” Gu Qingyi clenched his hands, looking annoyed.

“I didn’t realize it in time...” Gu Qingsan also clenched his hands into fists, his eyes filled with worry.

“Eldest Senior Brother is still vigilant,” the two of them shouted in unison.

This time, the gazes of the surrounding people shot over.

Gu Qingyi’s head hurt.

But he didn’t care so much.

He was a bit puzzled. After not seeing Xu Xiaoshou for a few days, how had he changed?

A swordsman, and an ancient swordsman whom he had met before, had actually almost fooled him. How was it possible?

“Take a look. What exactly is the level of the concealment spiritual technique? Can you tell?” Gu Qingyi asked his two junior brothers.

“Xu Xiaoshou?”

The two of them looked over, but they couldn’t smell any familiar sword will in the direction where their Eldest Senior Brother was looking.

“Eldest Senior Brother...”

“Eldest Senior Brother...”

The two voices were full of guilt.

Gu Qingyi was a little surprised.

He was very surprised that his Second Junior Brother couldn't see it.

But his Youngest Junior Brother had held it in for so long, and even his Supreme Sword Body couldn't see through this sword will?

“Don't use your eyes, use your heart.”

He lowered his voice and explained,

“Any sword mark that has appeared in the world can be traced.”

“Even the Way of the Heavens operates according to the established rules. Only by jumping out of this limitation and beyond the heavens can the two of you see... more!”

The two of them were still somewhat confused but in the next second...

“I saw it!” Gu Qinger was overjoyed.

“I saw it too!”

Gu Qingsan jumped up in joy, but his expression immediately dimmed. “Second Senior Brother is still better than me. I'm trash. It took me more than a breath to understand what Eldest Senior Brother said.”

Gu Qinger patted his Youngest Junior Brother's head happily.

“Otherwise, how could I be your Second Senior Brother?”

Gu Qingyi comforted him, “Develop your Supreme Sword Body well. Sooner or later, you will be able to barely catch up with your Second Senior Brother.”

“Oh.” Gu Qingsan was even more depressed, barely...

“Remember, when practicing the sword, you must not only use your heart, but also use your brain, use your feelings, and use the true profoundness of your Swordless Sword Technique.”

“None!”

Gu Qingsan's eyes instantly lit up.

Gu Qinger, on the other hand, immediately curled his lips.

“Eldest Senior Brother is being biased, you are giving Junior Brother a personal lesson.”

Gu Qingyi's head started to hurt.

He looked in the direction of Xu Xiaoshou again.

“How do you feel?”

Little Junior Brother immediately ended his state of epiphany.

Eldest Senior Brother was going to teach Second Senior Brother?

What a guy!

He directly stole the lesson!

Epiphany was common, and Eldest Senior Brother teaching was not an ordinary thing.

However, looking in the direction, Gu Qingsan felt something strange, but he could not tell what it was.

"It's... a very strange feeling."

Gu Qinger hesitated and tried to say, "It's also like the divine secrets or the Way of the Heavens, but it doesn't seem like it. It's as if... it surpasses the cover of the Way of the Heavens."

"To put it bluntly... I can smell something similar to Master's power."

Master?

Gu Qingsan's eyes widened. Just as he was about to refute, he suddenly felt that his Second Senior Brother's words were reasonable.

"You spoke well. To be honest, I can't tell what it is either," Gu Qingyi praised.

"But!"

Gu Qingyi held his sword, and his eyes seemed to pierce through the cracks in the sky.

"If you have the king's belief, no matter what level you are at, if you don't conceal it to a certain extent, it will not be able to hide from your sword hearts."

"10,000 swords returning to the sect, coming from all directions."

"I am your subject. No matter how much I try to hide, if it is a sword, I will be able to see through it with one look!"

The two on the side were shocked by what they heard. They retreated and entered the state of epiphany again.

"10,000 swords returning to the sect, coming from all directions?"

The more Gu Qinger muttered, the more he felt that something was wrong.

The two of them ended the state of epiphany almost at the same time and exclaimed in shock at the same time.

"Eldest Senior Brother, has it come to this?"

The swordsman holding the sword gently stroked the gray sword in his hand. The solemn teachings of his Master on the Eastern Mountain appeared in his mind.

He paused for a moment and repeated, "Yes, but there's no need."

## Chapter 454: I Bid 100 Million!

“Let’s go.”

When he saw the group of people led by the Tiansang Spirit Palace disappear at the entrance of the teleportation spiritual array,

Xu Xiaoshou then said to the three people behind him.

When the four Masked Men rushed to the teleportation spiritual array, they were already the last train of all the people who had officially entered the White Cave.

There were very few people at the teleportation portal.

There were a lot of onlookers outside, but they were unable to enter. Instead, there was a sea of people.

“Make way.”

Xu Xiaoshou was squeezed.

“What are you squeezing for? Do you even have any exquisite stones to enter?!”

It was fine if he couldn’t squeeze in, but he even got scolded. Xu Xiaoshou was immediately enraged.

“Turn around!”

The guy in front turned around. Three dazzling exquisite stones almost blinded him.

“Suspected, Passive Points, +1.”

“Exquisite stones?”

The opponent exclaimed, instantly suppressing the clamor of the crowd.

This time, not only did those who were close to him turn their heads around to look, even those who couldn’t see outside also cast their spiritual senses.

“Attention, Passive Points, +425.”

“Envied, Passive Points, +892.”

“Doubted, Passive Points, +1945.”

“Feared, Passive Points, +232.”

This wave of rising passive points immediately gave Xu Xiaoshou a big fright.

What a fellow!

Business opportunity!

As far as he could see, there were at least 2,000 people here.

All of them were spiritual cultivators!

What did this mean?

Xu Xiaoshou's eyes instantly lit up.

This meant that if they were to cause a ruckus here, tens of thousands of passive points would be added in the next minute!

"Little Xin, Little Junior Sister, pull the banner!"

Xin Gugu couldn't react for a moment. It was only when Mu Zixi pushed him helplessly that he realized that Xu Xiaoshou was calling him "Little Xin".

"Cursed, Passive Points, +1."

With a flapping sound, the banner was instantly unfolded.

This time, everyone was dumbfounded.

"Masked Man organization: Straw Hat."

"— specializing in selling exquisite stones."

Two lines of extremely clear words spread from mouth to mouth, covering the entire square.

"Exquisite stones? There's someone who specializes in selling exquisite stones?"

"What kind of organization is this, Straw Hat? Why haven't I heard of it before?"

"You must be joking. There's still someone selling exquisite stones at this time. Does he not intend to enter?"

"I'll rob him straightaway. How dare he sell it here?"

"I advise you not to."

Someone immediately spoke out to dissuade him. "You know Old Du, right? If the organization you're talking about is really Straw Hat, then it should be the person who savagely abused Old Du at the entrance of the town earlier."

"This... is a pervert!"

"Old Du?"

Everyone was stunned.

Old Du's reputation could be said to be well-known in the Eighth Palace.

A high-end auction with three exquisite stones had directly raised his reputation to the position of number one on the villain list in the Eighth Palace.

Such a person had been abused by the Straw Hat organization?

And it happened just now?

"Watched, Passive Points, +2333."

“Suspected, Passive Points, +1989.”

“In Awe, Passive Points, +2020.”

Within a breath’s time, the passive points had increased by nearly 20,000.

Xu Xiaoshou immediately felt that spring had arrived.

Old Du’s appearance was too timely!

If it wasn’t for the violent beating just now, he would have wasted a lot of time trying to make a name for himself to sell the exquisite stones here.

However, because he was standing on the giant’s shoulder, he had plundered all the popularity that Old Du had accumulated during this period of time!

“Hu!”

He took a deep breath and led the three people behind him, pulling the banner as they walked towards the entrance of the spiritual array.

This time, no one dared to stop them.

More and more people saw this oddly dressed organization. They were very curious about this group of people who dared to make such a big commotion under the gaze of the Red Coat.

Xu Xiaoshou did not shout directly.

Instead, he raised his head to look at the Red Coat above him.

Previously, no one had been watching the entrance of the town. It did not matter what they did.

Right now, the Red Coat was watching from above. It seemed that there were no rules in the Eighth Palace. Once such an existence appeared, their words would be the rules.

“Senior, may I ask how long this spiritual array can last?”

Lan Ling frowned as she watched from above.

This strange organization, its leader’s cultivation level, characteristics, and other hidden information, with just a glance...

She couldn’t see anything.

“This is strange.”

She glanced at Xin.

“A rat?”

Xin was also stunned.

He realized that his intuition had no effect on the leader of the Masked Men with the straw hats.

He didn’t even notice anything.

Even when he secretly used a screening technique, there was no movement at all.

“I can’t see it, and I don’t feel anything.”

“But this guy’s concealment technique is too ingenious. It’s unusual.”

“I suggest that we treat it with caution.”

Caution... Lan Ling acknowledged it in her heart.

This fellow who had suddenly appeared had caught her attention.

But even if this fellow was a ghost beast, the final result would still be to be placed in the White Cave.

So...

“Fifteen minutes.”

“Currently, there are about fifteen minutes before the teleportation spiritual array closes.”

Lan Ling replied.

On the surface, the Masked Man with the straw hat had the exquisite stone, so he was naturally the target of their Red Coats’ protection.

People like that were considered “one of them”.

Obviously, they had the basic right to ask questions and get answers.

Xu Xiaoshou nodded with relief.

Fifteen minutes...

It was already a long time.

He took a deep breath, then cupped his hands to his mouth and roared with a ferocious face,

“Have a look! Come and take a look!”

“Exquisite stones, these are genuine exquisite stones. The Red Coat Seniors are on top of our heads. They can inspect the goods on the spot.”

“At this moment, there are only three left. The auction will be over in half an hour. The starting price is 20 million spiritual crystals. The highest bidder will get it!”

As he spoke, Xu Xiaoshou tossed up the three exquisite stones that were in his hand.

Under the manipulation of the spirit threads, the three crystal clear beads circled around the crowded square, avoiding the range of the teleportation spirit array and circling around wantonly.

Everyone saw it.

“This...”

“My God, a real exquisite stone? If he dares to say that, then that is a real exquisite stone.”

“But why is he able to take out so many? Three?”

“Oh my God, this ‘Straw Hat’ is really smart in business. At this time and under such circumstances, I simply can’t imagine how crazy those guys who can’t enter will be!”

“But isn’t he afraid of being robbed?”

“Robbed?”

Everyone saw the two Red Coats above them who were also shocked by Xu Xiaoshou’s methods.

They wanted to snatch it.

But they only dared to think about it.

The Red Coats were above their heads. Who would dare to snatch this exquisite stone that was distributed by them?

...

It was exactly as Xu Xiaoshou had expected.

After circling around for a week, the exquisite stone returned to their hands unscathed.

However, what it brought back was not just the whistling of the wind.

“Impressed. Passive Points, +2,530.”

“Attention. Passive Points, +2,647.”

“Expected. Passive Points, +729.”

In an instant, a large number of passive points entered Xu Xiaoshou’s account. Xu Xiaoshou felt as if his soul had been sublimated.

However, Xin Gugu almost cursed.

When he pulled open the banner, he realized that things might develop in a bad direction.

But he didn’t expect Xu Xiaoshou to be so ostentatious.

Darn it, he had practically attracted everyone’s attention to this place, okay?

More than two thousand gazes, plus the two Red Coats who was eyeing him covetously.

Xin Gugu was about to cry.

He was a ghost beast host body!

His heart couldn’t bear such a heavy burden.

If he was seen through, how was he going to live his life?

He did not even have a day to live!

Xu Xiaoshou steadied his mind and looked at Xin Gugu's hand that was pulling the banner beside him. His hand trembled slightly and he knew what he was thinking.

"Rest assured."

"At this time, no one will pay attention to you."

"They might not even be aware of your existence, hehe."

Xin Gugu's face was pale and he could not say a word.

His other hand, which was holding the Golden Staff tightly, was sweating profusely. Even his forehead, which was under the straw hat, was drenched in a cold sweat.

"Steady."

"I'll take care of everything."

Xu Xiaoshou patted his shoulder before turning his head to look at the two stunned Red Coats above him.

"Senior, there's still half an hour left. Should I go in later?"

"Business is still business. Instead of entering the White Cave to search for those unknown fates that are accompanied by great danger, I feel that the spirit crystals are suitable for me."

"And as the owner of the exquisite stones, I think that I should still have the right to control this thing, right?"

Xin was so angry that he almost tore this person apart.

When he found out earlier that someone was auctioning the exquisite stones, he felt that this was a form of disrespect to the Red Coats.

It was clearly an extremely important treasure, and it was clearly a chance that could change fate.

How could someone do such a despicable thing?

Lan Ling held him down.

Compared to Xin, who was simple-minded and well-developed, she felt that there were all kinds of people in the world.

And there was a reason for existence.

In order to survive, people would choose to compromise.

It wasn't that there weren't any.

In fact, most of the time, this was the reality of most humans.

"You have the right," she said lightly.

Although she did not know where this guy got the exquisite stones, she was not interested in knowing.

As long as she was responsible for sending the people here, her mission would be completed.

The small incidents that occurred during this time were obviously harmless.

“Hehe, then it’s easy to handle.”

After receiving the authorization from Red Coat, Xu Xiaoshou became bold.

He flew high into the sky and raised one of the exquisite stones high up in the air under everyone’s watchful eyes.

“The starting price is 20 million. Each increment must be no less than one million. Within ten breaths, if no one raises the price, the transaction will be established!”

There was an uproar in the crowd.

After all, it had only been a short time. The news of Old Du being ripped off did not spread that quickly.

Therefore, no one knew that the market price of the exquisite stone had doubled for Xu Xiaoshou.

“20 million?”

Regarding this figure, everyone felt that they were about to vomit blood.

This act of bidding up the price at a critical moment was simply shameful!

And using 20 million to buy an admission ticket, was the kind that could possibly lead to death after entering. Who the hell could withstand this?

Only a fool would buy it!

“Suspected, Passive Points, +2,680.”

“Ridiculed, Passive Points, +2,188.”

“Belittled, Passive Points, +2,323.”

However, the truth was that before Xu Xiaoshou could finish his sentence, those guys who had long been envious could not hold themselves back anymore.

“Twenty-one million.”

“Twenty-two million.”

“Twenty-five million!”

Hiss!

This time, all the people nearby looked like they had gone crazy.

When they turned their heads to look at the people who participated in the bid.

This group of people...

Had actually gone crazy!

Every one of them had red faces and red eyes that were emitting smoke. It was as if they had gone mad.

White Cave, Fourth Sword, special extradimensional space...

Just these few words were enough to make countless people rush over.

It could be said that there was no lack of rich people present.

However, those who had a slim chance, those who were stuck at a bottleneck in their cultivation, or those who wanted to explore but could not find a way out, were all present!

Xu Xiaoshou had been told that the auction would end in ten breaths' time, and the last three exquisite stones had truly hit the sore spot of these people.

The last three stones.

It was still a chance for the Red Coats to admit it.

If they hesitated any longer and waited for such an opportunity, who knew how many years would pass.

And once they entered the White Cave first and found some resources.

Perhaps the starting price of 20 million was not important at all!

“35 million!”

A voice of determination shook the hearts of everyone.

The restless square quieted down.

Even Xin went from being indifferent at the beginning to extremely solemn at the end.

“Thirty-five million. If the market price is ten million, that’s more than three times...”

“This guy.”

Xin slightly turned its head. “He is definitely not a ghost beast. If ghost beasts had such a mind, humans would have long been extinct.”

Lan Ling’s lips curled into a smile.

She also felt that he was insignificant in the beginning.

However, the madness of the people under her had truly exceeded her expectations.

Clearly, these two people who had been in high positions all year round had already forgotten how intense the desire for an opportunity in the low positions was.

“It won’t stop at 35 million. This is only the first exquisite stone. There are still two more to come.”

Lan Ling thought to herself.

Xin’s heart trembled, and he didn’t say anything more.

He continued to look down, and his gaze was already filled with anticipation.

“This fellow, isn’t it fun?”

...

“Passive Points, 78,221.”

Xu Xiaoshou closed his eyes deeply.

This was awesome!

This was already more than 70,000?

And looking at the speed at which the information bar was flooding, it didn’t decrease but instead increased. It was even on the rise!

“Fifteen minutes of glory, huh...”

After calming himself down, Xu Xiaoshou said, “Thirty-five million. Is there anything higher than this price?”

“I’ll count down from ten. If there are still no bids, then this exquisite stone will belong to him, alright?”

“Fourth Sword...”

Xu Xiaoshou raised his eyebrows.

“Detested. Passive Points, +2555.”

“Hehe.”

“Ten, eight, six, four, two...”

This strange counting method seemed to not give people a chance at all as it reached the node in an instant.

“Darn!”

Those fellows who were still hesitating at the end all panicked.

Even though they knew that there were still two exquisite stones, but having gone through similar situations, they all knew that if they bought the first one, it might be the most valuable.

“40 million!”

A furious roar that was accompanied by the last word of “successful transaction” finally sounded.

“Awesome.”

Xu Xiaoshou immediately clapped and encouraged, “Is there anyone else? Ten, nine, eight, seven...”

Everyone was instantly shocked.

“40 million? Oh my God, is he crazy? That’s a four-fold difference. Is there really someone who wants to buy it?”

“Darn, I can never imagine the happiness of a rich person. He’s willing to take action just like that. Give me this 40 million. I’ll die on the spot!”

“Why did his counting return to normal?”

“This detestable fellow must have done it on purpose!”

“Sob sob sob sob sob, I forgot to bring money. Who can lend me 39 million 990 thousand? I only brought 20 thousand...”

The sounds of gasps and wails instantly mixed together and exploded in the square.

“No one?”

“The transaction is successful!”

Seeing that no one increased the price, Xu Xiaoshou did not hesitate to decide the result.

With “take the easy way out”, the exquisite stone was no different to him.

Moreover, it was only one...

He still had a basket of them!

“Brother, let’s settle the bill first. Come over.”

Xu Xiaoshou waved his hand, and a figure in green flew out from below. It was extraordinary and had an outstanding temperament.

This was a guy wearing a mask. It could be seen that he was male and he was young. He should be a disciple from a big family from a foreign land.

Seeing that he had a sword, Xu Xiaoshou knew that this was another person who had been attracted by the “Fourth Sword”. Obviously, he was also a fan of the Eighth Sword Deity.

“What card do you have?”

The man did not conceal his voice at all. His voice was very firm, and one look was enough to tell that he was a forthright swordsman.

Xu Xiaoshou was shocked by this heroic spirit.

What card...

Did it mean that no matter what card he took out, he would have a way to trade?

“A lot of money...”

He slowly took out a card from the multi-gold trading company. The man directly swiped it, and Xu Xiaoshou could see his account jump.

Nine digits!

This guy took the exquisite stone and cupped his fists at Xu Xiaoshou. Then, he nodded at Red Coat and directly jumped into the spiritual array.

“Whoosh!”

It was clean and neat, without any hesitation.

The figure disappeared.

The whole place was in an uproar again!

“Darn, he really went in?!”

“That’s crazy! I want to go in too! Ahhhh –”

“I’m going to collapse. I’m going to collapse. I’m the jealous king today. How come I don’t have so much money?”

“Can I exchange it with something else? I really don’t have any money with me!”

“Envied. Passive Points, +2626.”

“Begrudged. Passive Points, +2510.”

“Resented. Passive Points, +2333.”

Xu Xiaoshou looked at his card happily.

Xin Gugu was dumbfounded below.

Even the nervousness in his heart was scared away by the sudden calculation in his mind.

“If I’m not wrong, 70 million plus 40 million...”

“Xu Xiaoshou earned 100 million in one afternoon?”

Mu Zixi was also shocked into a daze by Xu Xiaoshou’s methods.

She looked at the man in the sky.

She felt that there was nothing in this world that could defeat him.

Even when it came to earning money, he either didn’t earn it, or he earned 100 million in one go?

“No.”

She shook her head and corrected, “100 million, 10 million.”

“Envied, Passive Points, +2.”

“Ma Ma...”

“Called, Passive Points, +1.”

...

“You don’t have time.”

Lan Ling’s reminder rang in his ear, and Xu Xiaoshou could not help but look up.

Seeing the Red Coat woman nod, he immediately realized that he did not have much time.

“Thank you for the reminder.”

After cupping his fists, Xu Xiaoshou began to ponder.

Of course, given time, he could sell the remaining 12 exquisite stones in this place four times and peddle the last three.

Then, while earning passive points, he could also obtain a large number of spiritual crystals.

However, the current situation did not allow it.

Xu Xiaoshou raised his hand and calmed the crowd. Then, he cleared his throat and said,

“As everyone knows, the White Cave is extremely dangerous. If you enter with only one exquisite stone, you will only have one chance to request a Red Coat and teleport away from the danger

“If you encounter danger ahead of time and the exquisite stone is exhausted, you might have to be afraid of taking risks for the rest of your journey.”

“This is an extremely unsatisfying and imperfect experience for an expedition.”

Everyone below was stunned. They did not know what Xu Xiaoshou was trying to say.

However, this fellow was the owner of the exquisite stones. It was obvious that everyone had to listen to what he said.

With a wave of his hand, Xu Xiaoshou was in high spirits, and his voice was even louder than before.

“However, once you possess two exquisite stones, these situations will cease to exist!”

“Even if you encounter danger immediately after entering, there will still be one more after you use one!”

“This is the benefit of having a spare!”

Everyone was quiet.

“Belittled, Passive Points, +2,735.”

“Now, I will package it and sell the two exquisite stones. No bargaining, no auction.”

Xu Xiaoshou slowly raised a finger and shook it. “One price, 100 million.”

“Hiss!”

The air in the room was almost sucked dry.

When the shocking figure of “100 million” was heard in his ears, the shock that came from the heart was the most fatal.

“Doubted, Passive Points, +2,777.”

“Marveled, Passive Points, +2,244.”

Xin Gugu's entire body swayed.

At this moment, he even had the intention of leaving the "Xu Yue Grey Palace" and follow Xu Xiaoshou for the rest of his life.

This guy was too good at bewitching people's hearts.

He was also too good at making money.

If he followed him, even if he could not eat the bones, the soup he drank would still be gold and silver soup!

In the air.

Xu Xiaoshou looked down at the deathly silence of the entire venue and continued his profound and short speech.

"Comfort can destroy people. Sometimes in life, you need to be impulsive once."

"100 million, is that much?"

"Not much."

"What can 100 million buy?"

"Nothing."

"But two exquisite stones, two opportunities to reverse the universe and reverse yin and yang."

"This is completely different."

With a solemn face, Xu Xiaoshou said earnestly,

"Spiritual Cultivators cultivate the spirit, the heart, and the goal. Isn't this the so-called heaven-defying change of fate

"The opportunity is right in front of you now. It's up to you to decide

"As usual, if no one makes a move for ten breaths. I will use the exquisite stones for myself."

"Remember, no bargaining, no haggling. The first person to speak is the owner of these two exquisite stones, the creator of the two chances to change fate!"

"Huff, Huff..."

"Peng, Peng, Peng..."

The crowd was so quiet that one could hear the sounds of their breathing and their heartbeats.

Before anyone could react or think, the death-like countdown had already landed.

"Ten!"

"Nine!"

“Eight!”

“...”

“Three!”

“Two!”

“One!”

Xu Xiaoshou narrowed his eyes.

No one?

As expected, 100 million was still too much?

Forget it!

Even if he did not get an answer, he did not hesitate.

He decisively made his move and put the two exquisite stones back into his ring. Then, he turned around and jumped down to his partner’s place.

“Deal...”

“I’ll give you 100 million!”

#### **Chapter 455: Big Brother ~**

“I’ll throw!”

The shocking words were thrown directly onto everyone’s eardrums.

The entire place was in an uproar.

This time, whether it was those who were purely watching the scene unfold, those who looked annoyed, or those who had fallen behind by a step, or even those who were still hesitant, all of them raised their eyes to look for the first person who dared to take the lead.

Xu Xiaoshou also looked over in surprise.

He really didn’t have any hope left.

The concept of 998 and 1000 was different, and he knew it very clearly .

On the same logic.

100 million, this kind of slogan sounded like a dream just by listening to it. Xu Xiaoshou actually shouted it only to fulfill his dream.

He didn’t expect that there was someone in the world who could materialize his dream.

And this person would actually appear in front of him, and even help him fulfill his dream?

However, when his line of sight came to a stop, Xu Xiaoshou was stunned.

The person who spoke was a young man. He was neither tall nor thin. He had a medium build and was holding a walking stick in his hand. He looked to be only a few years older than Xu Xiaoshou.

On one side, there was a woman in white who was half a head shorter than him.

Both of them had spiritual artifacts that prevented others from prying. Spiritual senses would not be able to see through it, and even the mask itself was blurry.

However, Xu Xiaoshou's "Perception" gave him an extremely familiar feeling.

His gaze was fixed on the man's walking stick.

Even if this thing had been changed into a completely different appearance.

As a true ancient swordman, how could Xu Xiaoshou be unable to detect the unique and immutable aura of the famous sword?

"Lei Shuangxing?"

Xu Xiaoshou's heart tightened.

Xu Xiaoshou recognized the master through his famous sword.

Furthermore, the Lei Shuangxing he met then was someone who could rely on all sorts of treasures to fight against the Spirit Palace tycoon Ye Xiaotian with his Master Swordsman cultivation.

It was impossible for such a person to make the famous sword change its master in such a short period of time.

Therefore, he must be the Lei Shuangxin who belonged to the 'Saint Servant'!

If that was the case, who was the woman next to him?

Xu Xiaoshou could guess it even with his toes.

"Luo Leilei!"

"These two guys..."

Xu Xiaoshou felt uncomfortable.

The difficulty of the White Cave was already scary enough. If these two guys also joined in, it would undoubtedly make things worse!

One could say that the others were here for a trial.

But if one were to say the two from "Saint Servant" who appeared here were here to train themselves...

Who would believe that!

If they didn't turn White Cave upside down, would it be in line with the personality of the 'Saint Servant'?

Looking back at Lei Shuangxing's actions in forcefully tearing open a void rift and escaping with Luo Leilei.

If they were to f\*cking enter and complete the mission, would there be no one to pick them up when they came out?

Xu Xiaoshou's heart sank to the bottom of the valley.

At that time, Lei Shuangxing had come to pick up the undercover, Lorelei.

Now that the White Cave was open to the public, with these two as the ones carrying out the mission, who else could the fellow who would appear last be?

"Masked man!"

"Or Cen Qiaofu!"

Xu Xiaoshou felt very tired. The White Cave had not even f\*cking started, how could he already foresee the arrival of a World War?

"Brother, are you serious?"

If it was anyone else, Xu Xiaoshou would definitely not have asked this question.

After all, if he gave the other party a way out, perhaps his 100 million would really go down the drain.

But Lei Shuangxing was different.

Xu Xiaoshou thought that if he could really reject 100 million as the price of preventing these two unstable factors in...

It seemed to be not bad?

But then he thought, if they did not have the exquisite stone, would they not be able to enter?

Sigh!

It was unsolvable!

"Yes, I'm serious."

Lei Shuangxing did not even hesitate as he spoke directly.

As soon as he finished speaking, there was not the slightest movement but a golden light flew out from his sleeve directly in the direction of Xu Xiaoshou.

"Ka!"

Xu Xiaoshou pinched with both of his fingers.

It was a card.

Xin Gugu leaned his head over at the right time. However, after his pupils contracted, he abruptly withdrew.

When Mu Zixi saw this, she couldn't help but stand on tiptoe. Then, she paused.

"Cursed, Passive Points +1."

She had no choice but to cover her hand in spiritual source to press on Xu Xiaoshou's shoulder, indicating for him to lower his height. Only then did she see the contents of the card.

Her heart skipped a beat. Mu Zixi quietly withdrew her foot. She and Xin Gugu looked at each other, the shock in their eyes obvious.

Nine digits!

"Envied, Passive Points +2."

"Mama?"

Aje turned its head around and stood on tiptoe. Then, it looked at the back of Xu Xiaoshou's head and obediently stood properly with its arms crossed over its chest again.

It didn't understand what the two people beside it were looking at.

"Mama..."

Xu Xiaoshou held another Plenty Gold Company card in his hand, and his heart began to feel anxious.

He originally thought that he would be so happy that he could fly if he really got 100 million.

But now, he was not happy at all.

But to say that he should return this card...

It was not to the extent of it.

Quietly putting away the Gold Card, Xu Xiaoshou took out the two exquisite stones on his chest, raised them, and then withdrew them.

"Brother, is your walking stick for sale?"

This sudden question caused everyone to be a little stunned.

Involuntarily, everyone's gaze focused on the ordinary walking stick of Lei Shuangxing.

Lan Ling and Xin, who were in the air, were the same.

They were different from the onlookers below who could not see what was going on.

With just a glance, the two of them felt that something was off.

However, neither of them were swordsmans. Even if they sensed that something was wrong, they could not immediately see what it was.

"A sword?"

Xin scratched his bald head.

He had killed too many people to the point that he actually felt a faint sword will on the walking stick for the first time.

It was simply ridiculous.

A walking stick and a sword, how could they be the same thing?

Lan Ling suddenly had a look of realization.

She was a little puzzled at first, but Xin's words really opened up her train of thought.

"A famous sword!"

"If my guess is correct, it's the famous sword, Divine-extracting Crutch!"

Xin was stunned for a moment, then immediately felt relieved.

"It seems... that's right!"

"I have indeed heard of the legend of the Divine-beating Crutch. It seems that this thing doesn't look like a sword, but a thin awl, and is extremely sharp."

"However, the scariest thing about this thing is that it is not used to stab, but to beat."

"It is said that the compatibility between the previous sword wielder and the Divine-extracting Crutch was perfect. After the Heavenly Unravel, one move from the crutch could even beat a fully condensed power of the Higher Void apart!"

Xin mulled over it and said, "So, the walking stick is just an outer shell. The real mystery is inside?"

Lan Ling nodded.

Although she was only guessing.

However, with her experience with many famous swords, it would be still have been fine if Xu Xiaoshou did not say anything.

Once he said that, she took note.

Even if there was only a trace of Aura coming from the walking stick, one could still see a hint of it.

Lan Ling was a little surprised.

"How many has it been?"

"The first two undisguised famous swords should be from the people of the Burial Sword Tomb. It's understandable."

"I still haven't seen the Xu Yue Grey Palace. They probably won't come. If they do, they must be preparing to sneak in."

"But this one..."

Lan Ling frowned. "Which family is the owner of the Divine-beating Crutch?"

Xin pondered for a moment and said hesitantly, "If I remember correctly, the previous owner of the Divine-beating Crutch was from the Higher Void family of the Central Region, the Lei Family?"

"The Lei Family?" Lan Ling's heart skipped a beat.

Xin nodded and said uncertainly, "But wasn't the Lei family destroyed..."

"Shh!"

Lan Ling instantly used her spiritual source to silence Xin.

Xin was stupefied. He turned his head and saw Lan Ling slowly shaking her head and not saying anything.

He was a little surprised.

He had long heard that the change in the Lei family was somewhat mysterious. Otherwise, the Continent would not have been so tight-lipped about this matter.

Lan Ling seemed to know something?

Xin did not ask.

Since the other party had already done so much, it was likely that there were some things that could not be said.

"Perhaps the owner has changed."

He speculated, "After all, the famous sword recognizes people. If... There was no one left in that family who could inherit it, it would be understandable if the famous sword was to go out into the world."

Lan Ling nodded, but did not reply.

She did not dare to discuss further.

..

Lei Shuangxing's face which was hidden under the spiritual artifact was very ferocious. It was like a malicious spirit that had run out of the abyss, even its facial features were blurred.

Others could not see his expression, but Luo Leilei, who was at the side, felt this short silence.

Something was not right.

Luo Leilei frowned.

The two Red Coats above seemed to be communicating with their spiritual senses, so she could not hear anything.

But the masked man in a straw hat which was opposite them...

How did this guy see through Brother Shuangxing's Divine-beating Crutch?

That was something that the Chief had personally sealed. At the very least, it would only be exposed if they encountered a pure swordsman from the Red Coats.

Theoretically speaking, before entering the White Cave, it definitely wouldn't attract any attention.

But judging from this guy's voice, he wasn't very old. His cultivation base was definitely not at the Sovereign or Cutting Path Stage. How could he be so sharp?

It was fine if he was just sharp...

“Did he do it on purpose?”

Luo Leilei did not use her spiritual sense, but her eyes slightly darted towards the two Red Coats above her.

“Is he reminding the two of them?”

Although she did not know why Big Brother Shuangxing suddenly fell silent just because his famous sword was recognized. It was not a big deal.

However, Luo Leilei still gently touched Big Brother Shuangxing’s arm slightly, indicating that there should be some reaction.

If he continued to be motionless, something would really happen even if initially there was nothing.

Lei Shuangxin’s ears moved slightly, and he came back to his senses.

“It’s not for sale.”

His words were still flat, or even emotionless.

“If that’s the case, then it’s a pity.”

Xu Xiaoshou sighed softly and said enviously, “I just feel that you look very imposing when you’re walking with that walking stick. Next time, I’ll get one too, Hehe.”

“Cursed, Passive Points +2.”

“Belittled, Passive Points +1,310.”

“Criticized, Passive Points +2,118.”

No matter how the other party reacted, Xu Xiaoshou still threw the two exquisite stones in his hands over to them.

Since the purpose of the reminder had been achieved, then it was fine.

At least, the Red Coats knew that this guy had a famous sword, so they would be aware that he was also a strong contender for the “Fourth Sword”.

They would definitely pay more attention to the two of them.

In this way.

Firstly, it would be able to suppress the unknown actions of these two guys after they entered the White Cave.

Secondly, comparatively speaking, less attention would be paid on him.

“Are you really not selling it?”

Xu Xiaoshou watched as the people opposite caught the exquisite stones and was somewhat unsatisfied. “I have a lot of money.”

“Even if you want to exchange them for exquisite stones, I still have...”

“Cursed, Passive Points +2.”

Lei Shuangxin led Luo Leilei into the teleportation portal without looking back.

“Still have?”

The onlookers were shocked.

He had already sold three exquisite stones, and in this small area, the news of the battle at the gate of the Eight Palace Town had spread. Everyone knew that the “Straw Hat” organization in front of them was definitely the real deal in selling exquisite stones.

“He has already sold six exquisite stones, and there’s more?”

“You must be joking!”

“Suspected, Passive Points +2,480.”

However, no matter how much doubt they had in their hearts, the fellows who were upset that they didn’t get the exquisite stones couldn’t help but look forward to it.

“Expected, Passive Points +2,261.”

“...”

As expected, the information bar was flooded with messages.

Xu Xiaoshou was not in a hurry either.

After everyone’s restlessness had subsided, he slowly took out two more exquisite stones from his chest.

“F\*ck!”

This time, even Xin who was in the air felt that his eyeballs were sent flying.

Lan Ling’s body in the air swayed abruptly, almost doubting her life.

Was this the exquisite stones sent out by the Red Coats?

Which fellow sent it?

Could it be that he had used his connections?

Needless to say, the people below him.

“Marveled, Passive Points +2,666.”

“Envied, Passive Points +2,410.”

“Loathed, Passive Points +2,298.”

“...”

“Everyone...”

Xu Xiaoshou said with a smile. Before he could say anything, a cold and elegant voice came from above.

“There’s no time left for you to trade. Hurry up and enter the array. The teleportation portal will be closed immediately!”

Xu Xiaoshou looked bitter and raised his head. “Can’t we wait just a little longer?”

This time, even the people around looked over with hope.

One wanted to sell, and a group of people wanted to buy.

How good would it be to have the best of both worlds!

“No.”

“...”

Lan Ling suddenly felt that she had become a sinner. Those resentful eyes almost dismembered her on the spot.

However, rules were rules. Even if the masked man in the straw hat took out ten exquisite stones, it was still impossible for him to break the rules.

“Hurry up and go in!”

As she spoke, she turned her gaze to the other people.

“As for the rest, as long as you are Spirit Array Casters above the Master Stage, immediately follow me to another position.”

“Remember, you can also go in. However, before the “Thirty-six Heavens Sealed Array” is unsealed, you are not qualified to leave the Red Coats and move around as you please.”

“Follow me!”

With that, Lan Ling flew up, and the attention of the people below her was immediately diverted.

In an instant, a large group of unknown Spiritual Cultivators from all over the world followed her with the mentality of participating in the battle and being lucky enough to break the formation and gain their freedom.

Xin stayed where he was and picked up an array talisman.

His gaze fell on Xu Xiaoshou.

He was just short of this guy who was stalling for time.

“Let’s go!”

Xu Xiaoshou waved his hand helplessly.

It was over.

This wave of leeks could only be harvested until here.

He moved his foot.

The cold voice from above immediately struck down.

“Two exquisite stones. You can only bring one more person!”

Xu Xiaoshou immediately stopped in his tracks and looked behind him.

Indeed, he had only brought Mu Zixi one human alone. There was nothing wrong with that!

However, such a terrifying truth could not be said directly.

Without saying anything else, he nonchalantly threw out four exquisite stones and disappeared at the entrance of the spirit array along with everyone in the “Straw Hat” organization.

“F\*ck, what did I just see?”

Although it was only for an instant, the four stones flew up as if four blazing suns had suddenly risen in front of their eyes. It was so glaring.

Everyone was stunned.

“Four?”

“How many did he sell just now?”

“Three?”

“Yes, he also sold three at the entrance of the town.”

“Does that mean that this guy alone has at least ten exquisite stones?”

“Oh my God...”

With a few thuds, those fellows who were still stuck at the entrance of the spirit array and could not enter directly offered up their knees.

“What the f\*ck is going on? How can it be so infuriating?”

“One person taking ten White Cave quotas?”

“Is this something a human can do?”

“Who exactly is this guy?”

The entire place was silent.

Suddenly, a rebuttal that didn’t fit in rang out in the arena.

“Actually, this guy isn’t even the most disgusting one.”

“Do you know, I heard that in Tiansang Prefecture, Tiansang City, there seems to be an even more terrifying freak.”

“What’s wrong?” Someone asked.

That person swallowed his saliva and said uncertainly, “He alone took eighteen White Cave quotas!”

“Hiss!”

Xin felt the coolness of the air and rolled his eyes. He pinched the array talisman in his hand and the teleportation portal was instantly closed.

His figure also disappeared in an instant.

“Eighteen White Cave quotas?”

“Who are you kidding!”

“Even the Eighth Sword Deity wouldn’t dare to be so awesome!”

..

There was a small path in the ancient city, where snakes and insects hid in the withered grass.

Three figures slowly walked out of an unknown abandoned city gate in the desolate area.

The last rays of the setting sun shone down, and the blood stains on the bodies of these three people could be vaguely seen.

The leader was a masked man who had clothes tightly wrapped around him, as if he was afraid of being cold.

Even as he walked his eyes were narrowed, as if he was suffering from a serious illness.

His eyes were turbid and yellow, as if he was about to die.

“I really didn’t expect that this shabby place could hide people!”

“And this famous sword, its name is really impressive.”

“Crazy Eagle Sword, hehehe...”

Next to him was a man who was holding an ancient book in one hand that was covering his mouth as he laughed softly. In the other hand he held the sword and sized it up curiously..

A man?

The person was wearing a long red gauze skirt. Even his long and slender fingers were curved and well-defined, looking very delicate and pretty.

His makeup was very elegant, with willow-like eyebrows and eyes that seemed to be filled with water.

Continue looking down, and one could see he had a graceful chest and a slim figure.

Even when he spoke, he looked like a young lady from a noble family.

If it wasn’t for the protruding Adam’s apple at his neck that couldn’t be concealed, perhaps everyone would have a wrong understanding of his gender.

“Storyteller, can you shut up for me? I’m freaking out just listening to you.”

“Why did you come back? Isn’t the Central Region fun? Did you have to come and get involved?”

“I’m here. Isn’t that enough?”

The person by his side was an old man with a small axe at his waist, who was enduring the goosebumps as he roared.

This old man looked very ordinary, and there was nothing much to say.

All the woodcutters on the mountain looked like this.

“You dead woodcutter, what would you know?”

The man in the red dress who was holding an ancient book in his hand tilted his head slightly and gave the old man a look. Then, he said coquettishly,

“Aren’t I just worried about Big Brother’s safety?”

“If Gou Wuyue hadn’t come to the Eastern Region, would I have had to suffer so much?”

As he spoke, he moved closer to the masked man and gently placed his delicate hand on him. Only then did he exhale gracefully, “Big Brother, don’t you agree?”

“Cough Cough Cough!”

The masked man violently coughed a few times, and the air immediately began to smell of blood.

The two people beside him immediately panicked.

The old man cursed angrily, “Storyteller, get your dirty hands off him!”

The man in the red dress instantly became angry. He pointed a finger at the old man, his decibel rising.

“Cen Qiaofu, you damned ghost, what did you say! ?”

“How am I dirty?”

“I even took a bath after I killed someone just now. It’s fine if Big Brother didn’t join me, I don’t mind.”

“You old fart, you haven’t even washed up, and you’re calling me dirty?”

Even though he was angry, his eyes were still like autumn water and his eyes were filled with tears.

No matter how high the pitch of his voice was, the volume of his voice was not loud at all. Instead, it was as if he was being bullied and was about to conveniently fall on the masked man.

“Big Brother, the old woodcutter is bullying me…”

No matter how sick the masked man was, he still quickened his pace by a step.

Thump!

The man in the red dress who trusted his “Big Brother” so much was not prepared at all.

He had planned to lean all his strength on the latter's body. He was caught off guard and fell to the ground.

Cen Qiaofu looked straight ahead as if he did not see this person at all. He stepped on his chest.

"Eh? What is this? A stone? Why is it so hard?"

"You!"

The man in the red dress was so angry that his face turned red. He panted and said, "You old fart, I will fight you to death!"

After saying this, he flipped open the ancient book in his hand.

With a boom, the void directly exploded. The surging heaven and earth spiritual energy was instantly sucked dry.

In the blink of an eye, countless glowing hieroglyphs converged within the book.

"Roar!"

Accompanied by an angry roar, the words merged and transformed into a dark dragon head. It passed through the boundary of the book and whistled towards Cen Qiaofu.

For a moment, the heaven and earth were blocked, and the sunset faded, directly entering the night sky.

"A mere insect dares to be so arrogant?"

Cen Qiaofu coldly snorted. He did not dare to hesitate and directly took a few steps back, pulling out the small axe at his waist.

However, the moment he raised it high, the dragon head that was hundreds of thousands of feet in size exploded and turned into endless light spots that scattered.

Cen Qiaofu's old face did not even have the time to be stunned.

With a "puke" sound, the red-dressed man who was still lying on the ground spat out a mouthful of blood.

He pointed at the old man in front of him in disbelief.

"You, you actually launched a sneak attack?"

Tch!

Before he could finish his words, the clothes on the red-dressed man's heart directly split open. He suddenly clutched his chest.

"Big Brother, save me!"

The masked man was in front. Even through the mask, one could see that his face was twitching.

A hint of gloominess flashed in his eyes, but it was replaced by helplessness.

"Stop fooling around," he said weakly.

Cen Qiaofu shivered. His body trembled, but he did not say a word. He returned the axe to his waist and directly walked away from the two of them.

“Big Brother.”

The man in the red dress saw the masked man turn his head, and his pretty face turned bitter. He covered his chest and cried, “It hurts...”

“Get up.”

“I can’t get up.”

“Get up!”

“I can only get up if you pull me.”

He reached out his hand.

The masked man took a deep breath, stepped forward, and slowly extended his hand.

The man in the red dress then broke into a smile. He carefully avoided the thumb and held the masked man’s hand.

The intoxicating temperature spread, and his pores relaxed.

“Hm~”

“Get up!”

“I can’t get up unless you pull... Ungh!”

The masked man suddenly pulled, and the red-dressed man felt that his wrist was almost broken. Even his breathing broke for a beat.

“Big Brother, you...” his breathing was rapid, and he suddenly smiled sweetly. “You’re so powerful.”

The masked man: “...”

He left without turning his head back.

“Hey, wait for me!”

The man in the red dress picked up the ancient book and rubbed his aching wrist. “Humph, devil!”

Seeing that the person in front had no intention of stopping, he put his elbows near his chest and jogged over.

“Brother, this place is so far away from the White Cave. Do you want me to carry you on my back and fly?”

“No need.”

“But, it will take a long time to walk!”

“No rush.”

“I will be tired!”

“That’s your business.”

“Humph! I won’t talk to you anymore!”

The red-dressed man put his hands on his waist and added, “I won’t talk to you for fifteen minutes!”

It had not even been a second. Seeing the masked man’s footsteps, his heart ached so much that he spoke again.

“Big Brother’s injuries haven’t recovered yet? You’ve already fallen to the Spiritual Cultivation Eighth Level.”

“It won’t recover.”

“Later, I’ll treat Big Brother, it should be able to stop the decline. At the very least, you’ll be able to return to the Innate Stage, and we’ll be able to fly together!” He jumped up in joy.

“No need.”

The masked man shook his head. “If we walk over like this, when we reach the White Cave, it’ll be just about time to pick up the other party.”

Chapter 456: Do You Want to Form a Team, Little Yu?

Early morning.

A strong wind was blowing and the clouds were high up in the sky.

The lovely people who woke up early to work hard for their lives sensed that something was wrong as soon as they stepped out of the door.

In the sky, the whistling sounds were as deafening as the sound of meteors brushing against one’s scalp.

“What’s going on?”

Looking up, tens of thousands of soldiers in silver-white armor, who looked like divine troops, flew past at lightning speed.

“Holy Divine Guards?”

Those who had some experience were shocked.

The Holy Divine Guards were the representatives of the combat strength of the Holy Divine Palace..

They usually did not move.

The moment they moved, it meant that a great change was about to happen.

And this time, tens of thousands of Holy Divine Guards were mobilized. The answer to what it meant was self-evident.

“Is the sky going to change...”

The people who raised their heads did not even have time to relax.

After the tens of thousands of disciplined Holy Divine Guards flew past the sky in an army formation, a group of White-clothes followed closely behind.

Compared to the Holy Divine Guards in front, these people could be said to be more than a level of laziness.

There were all kinds of strange postures, such as those that were upside down, those that were lying down, those that were tired from flying and needed someone to support them.

Their numbers were also miniscule compared to the people before them. There were only a few dozen of them.

However, the crowd below was even more shocked.

“White-clothed(s)?”

“My God, first tens of thousands of Holy Divine Guards, then a dozen small teams of white-clothed(s). What are these people going to do?”

“This is the Eastern Region of the Holy Sword Land, it’s not the Southern or Northern Region, how can it be so chaotic?”

“I haven’t seen such a commotion in decades!”

The bugs that had woken up early on the ground were truly frightened by the birds in the sky.

They were each carrying daily necessities, fresh fruits and vegetables, as well as various cultivation resources. However, they looked at each other and could not move their feet at all.

“Looking at the direction they are heading towards, the Eastern Sky Realm?” Someone muttered.

“What happened in the Eastern Sky Realm? I remember that there should still be a few months before the start of the trials in Dongtianwang City, right?”

“That’s true, but have you forgotten that it is widely rumored that the ‘Fourth Sword’ is in the ‘White Cave’?”

That fierce sword the “Fourth Sword”? The sword of the Eighth Sword Deity? Is that true?”

The people beside him were speechless.

Even though most of them thought that like before, it was just a rumor.

Even though it was confirmed by a Red Coat, but the distance was too far. After being tempted, only a small number of people were able to take action.

However, looking at the scene of the White-clothed making their rounds, perhaps a once-in-a-hundred-years event had really happened in the Eastern Sky Realm?

“Look! That’s...”

As everyone was deep in thought, they only heard a call before they were involuntarily attracted by the final figure in the horizon.

It was a middle-aged man dressed in a light blue robe. He was dressed as a swordsman, and his black hair fluttered in the wind. His aura was otherworldly.

There was a blue and white bandage on his forehead. His eyebrows were straight, and his nose was straight. His eyes were slightly filled with a dull luster, as if he had seen the endless vicissitudes of life that only existed in the human world.

What attracted the most attention was not only his deity-like swordsman aura, but also the three-foot golden-pink sword that he carried on his back.

This sword could be said to be exceptionally bewitching. The light-pink color was mixed with a small amount of golden spots. The entire scabbard, including the armguard and the hilt of the sword were carved in an extremely luxurious manner. The wanton postures of a hundred demons in the human world were carved on it.

This person carried the sword and walked, shrinking the ground into inches. He clearly only took a step forward, and the distance between his steps was extremely small.

However, he was perfectly at the end of the line. No matter how the person in front rushed forward, he would not be left behind.

“Buzz –”

When this person walked over the top of the city, almost all of the swordsmen’s swords below buzzed in unison.

The sound was so magnificent, as if it was welcoming the return of the true Master of the Way of the Sword.

“No way! Am I Dreaming? !”

Some swordsmen held their swords and tears welled up in their eyes.

“In my lifetime, I can actually witness the true appearance of the Seven Sword Deity?”

“Seven Sword Deity?”

Those who were not swordsmen were shocked. “This is the Seven Sword Deity?”

“Are you blind? Who else could it be but Moonless Sword Deity of the Seven Sword Deities?”

The swordsmen were all enraged. It was as if it was a sin to be unable to recognize the legendary Seven Sword Deities in the Eastern Region, even if you weren’t a swordsman.

“It’s fine if you can’t recognize the person’s face, but don’t tell me you don’t know about the sword behind his back?”

“That’s...”

“You pig!”

“How do you live in the Eastern Region? This is the Holy Sword Land. Can you please go and die? !”

“That’s the seventh sword on the list of famous swords, the Voice of Nulan!”

“You’ve never heard of the Demon Sword?”

“Oh my God, so that’s the Demon Sword...”

After this round of explanation, those who still did not understand were all stunned.

There were actually not many well known swords among the 21 famed swords.

Most of them had been passed down since ancient times.

Their fame and stories were probably only heard in the history books or by some old people’s rumors.

However, the Demon Sword was completely different!

“The Voice of Nulan, if I remember correctly, the previous sword wielder was the legendary...”

Even if the person who spoke was not a swordsman, when he thought of that name, his entire body could not help but tremble.

“The Eighth Sword Deity?”

“That’s right, it’s the Eighth Sword Deity!”

Everyone below was so excited that their faces turned red. Their discussions were pushed to the peak.

“The Eighth Sword Deity had been active for three years. He carried five swords, four of which were famed swords, and one a chaos divine instrument.”

“The Voice of Nulan is the most famous one apart from ‘Qingju’ and the ‘Fourth Sword’.”

“Bazhun’an is as tall as a feet of the sky, who would dare to claim even half of Qingju? The Demon Shadow of the Wind Mist is nowhere to be found, and the voice of the soul song of midnight is cold...”

Someone directly sang with a nostalgic expression, “The last two sentences are about the Demon Sword, the Voice of Nulan!”

“Yes, Bazhun’an is as tall as a feet of the sky ... your sentence has brought me back to that era.”

“At that time, when the Eighth Sword Deity only had Qingju and the Voice of Nulan, he could already suppress the Eastern Region with his sword...”

“Sigh!”

“I really made a fortune by waking up early today. I didn’t expect that in my lifetime, I would still be able to see the figure of a Seven Sword Deity and the shadow of the Demon Sword... I can die without regrets now!”

Dong!

“Eh?”

“Holy Shit, old sir, old sir, What’s wrong with you? Quickly get up!”

“...”

Gou Wuyue lightly smiled and shook his head.

He knew that even though he was now one of the Seven Sword Deities, and the ruler of the Holy Divine Palace and even carried the reputation of the Demon Sword Voice of Nulan.

Once mentioned, the discussion every time would not last longer than a few sentences before the topic strayed.

“Bazhun’an, oh, Bazhun’an...”

With a low sigh, he touched the Demon Sword on his back, and he could feel it trembling slightly as well.

Gou Wuyue’s slightly narrowed eyes turned cold. He directly broke through the void and looked at an unknown place in the distance.

“So, are you still there?”

“Senior Wuyue!”

A White-clothed stood in front of him and cupped his fists.

“Speak.”

Gou Wuyue put down the Voice of Nulan.

The White-clothed straightened his face and said with admiration, “Dasheng’s team has indeed sensed the traces of the storyteller of ‘Saint Slave’. The fellow has indeed escaped to the Eastern Region. Senior’s judgment is indeed correct.”

Gou Wuyue chuckled. “‘Saint Slave’ should only have three strongholds in the Central Region. I took one down more than ten years ago and killed them all. Only the leader escaped.”

“Now, these fellows have become vigilant.”

“With just the sound of the wind, they immediately dispersed and retreated. The sword has yet to move, but the people have already escaped the Central Region.”

“Heh, they’ve improved.”

The White-clothed could not help but laugh when he heard this. “They’re just stray dogs.”

Gou Wuyue instructed, “Continue to track them. Remember, the moment you discovered him, he must have also discovered you.”

“It’s possible that he had already begun deceptive military deployment. Therefore, don’t completely believe in your spirit techniques.”

“Yes.”

“And...”

Gou Wuyue paused for a moment, and a doubtful look appeared in his eyes. "The White Cave?"

The White-clothed was momentarily taken aback.

He didn't know what senior Wuyue meant, but his reaction was very clever. "Yes, our purpose for this trip is the White Cave."

"The Fourth Swords were also reborn there. Senior, are you worried about something?"

Gou Wuyue lightly shook his head.

So what about the "Fourth Swords"? That wasn't his original intention.

His main purpose for this trip to the Eastern Region was to uproot the "Saint Servant"'s second stronghold in the Central Region.

If he could capture the leading storyteller, it would be an even greater achievement.

But now, all the clues and directions were pointing to the White Cave..

Gou Wuyue couldn't help but raise his hand and gently touch his chest.

It wasn't that he was powerless in that battle more than ten years ago, or that the second-in-command of the Saint Servants had fled in advance when he heard the news.

On the contrary, the latter had escaped even after fighting with him.

"Sleeveless, Red Scorched Hand..."

Through his clothes, Gou Wuyue could still feel the scorched wound on his chest, which had not yet faded away.

Would that guy be here?

He slowly raised his head and looked into the distance. However, he asked softly, "Little Yi, do you know what else the White Cave has given birth to besides the Fourth Sword?"

"What?"

The White-clothed called Little Yi asked in puzzlement.

Gou Wuyue sighed.

"That's right. All of you are still too young to come into contact with it."

"Hundreds of years ago, an extradimensional space was born from the place. However, the level of danger was too high, so it was quickly sealed. Along with the information about it was also directly sealed."

"At that time, it wasn't called the White Cave."

"Then it was..." Little Yi was still confused.

"Infernal Hell Sea."

Little Yi's pupils immediately constricted. "The Seven Breaks?"

The Seven Breaks were the most terrifying forbidden Grounds on the Continent.

The reason why they were so terrifying was because they had a recurrence rate.

Even if it was sealed, it could break free of the restrictions and then reopen.

Moreover, the locations where these forbidden grounds would recur were completely irregular.

The last time it was open, it could have been in the Eastern Region.

Then the next time, it could have gone directly to the Central Region or even the other three Regions.

In fact, the danger levels of them would even increase again.

It was simply impossible to guard against!

However, the current situation where the Seven Breaks opened at the same location twice in a row was something that had never happened before.

Therefore, it was nonsense to say that the White Cave was an enhanced version of the Infernal Hell Sea.

At the very least, after the Red Coats' examinations, the difficulty of the White Cave was only average, excluding the Fourth Sword.

Thinking till this point, Little Yi suddenly understood why a mere White Cave would have the Fourth Sword.

Perhaps, this thing did not belong to the White Cave in the first place.

Its existence was used to suppress the extradimensional space before the White Cave, the Infernal Hell Sea.

"That's right, it's the Seven Breaks."

Gou Wuyue's expression also pulled away from his memories. "Demi-Saint Infernal of the Holy Palace also came from there."

He slowly put down his hand that was touching his chest and sighed as he felt the unforgettable aura there.

"I hope it won't be like this."

"But, it's exactly the same..."

..

The White Cave.

"Tch~"

The scorched air evaporated the ground until it was filled with dry steam.

Not a single blade of grass grew here, and the land was dry and barren.

Even the air was exuding an indescribable heat.

After breathing for a long time, even the trachea in ones body would feel burning pain.

“Cough, cough.”

Xu Xiaoshou finally regained his senses and coughed dryly a few times.

His “Breathing Technique” had the special nature of absorbing foreign spiritual energy without any discrimination.

He immediately used his spiritual source to filter it and he felt better, though barely.

“Cough, cough, cough...”

A violent cough followed closely behind him.

From the sound of it, it seemed like the person was going to cough his lungs out.

It was obvious that no one felt good as they were caught off guard.

As Xu Xiaoshou was a Master, he was only slightly affected.

The one behind him was really tortured.

“Little junior sister, you’re really weak...”

Xu Xiaoshou turned around with a smile and was about to tease her.

However, after his eyes settled, he was completely stunned.

“You are...”

The veiled woman with a pair of starry eyes behind him, if she wasn’t Yu Zhiwen, who else could it be?

But!

Xu Xiaoshou was dumbfounded.

Where was Mu Zixi?

Where was Aje and Xin Gugu?

Weren’t those three following him?

Yu Zhiwen had entered for a short period of time. What the hell was going on?

“Random teleportation?”

When he realized this, Xu Xiaoshou’s heart turned cold.

This is too f\*cking conniving!

I came in with four exquisite stones, and you split us up.

Then what's the point of me calling out Aje in advance to prevent the bounded realm from launching a sneak attack?

When he thought of Aje, Xu Xiaoshou's heart sank even further.

"I'm done for!"

If it was random teleportation, Aje should have been separated from Xin Gugu and Mu Zixi.

The last two didn't matter.

One was a big shot who had the ability to protect himself.

The other was very mysterious. If she didn't take the initiative to attack, she shouldn't be in any danger.

But Aje was different!

The fellow was a ticking time bomb. If it met a militant, it might just kill him.

If he were to encounter a Red Coat or a White-clothed.

"F\*ck!"

Xu Xiaoshou had never expected that he would fall for such a small detail that was probably known by everyone.

"So that's why Elder Qiao asked me to be the team leader... There should be a spiritual weapon in the Spirit Palace that allows communication after entering the White Cave, right?"

Thinking of communication spiritual weapons, Xu Xiaoshou immediately picked up the communication jade scroll from Jiao Tangtang.

"Du —"

A busy tone sounded.

Obviously, this thing was not suitable for extradimensional spaces.

"Hehe."

Xu Xiaoshou was speechless. He looked up at the sky and let out a long sigh, giving up on struggling.

The White Cave had not even started, and he was already tricked?

Forget it.

With "Perception", he could still survive. Next, he could only find his team mates by chance.

...

"Hello, is there anything I can help you with?"

After coming back to his senses, Xu Xiaoshou immediately turned to look at the lady in front of him.

Yu Zhiwen didn't seem to be in a very good state.

The girl's cultivation wasn't very high. She seemed to have the fluctuations of a Master, but in reality, she was only at the peak of the Innate Stage.

Her strength had probably reached the threshold but she was probably just like Zhang Xinxiong, in a suppressed state.

With Xu Xiaoshou's current experience, he could tell the result at a glance.

However...

Was it this uncomfortable to enter the White Cave at the peak of the Innate Stage?

"Cough cough..."

The other party didn't reply. She glanced at Xu Xiaoshou and lowered her head again.

But then, as if shocked, her head twitched twice and she looked over again.

"Cough Cough Cough! !!"

"Suspected, Passive Points +1."

Xu Xiaoshou: "..."

Am I that scary?

"Xu Xiaoshou?"

Yu Zhiwen's heart skipped a beat.

Should she call this karma, or a vile spawn?

What the hell? Xu Xiaoshou was teleported to where she was?

"Are you Alright?"

Xu Xiaoshou hesitated for a moment, but he still felt that he needed to show some basic concern for women like a gentleman. He immediately went forward and asked,

"I see that your breathing seems to be very rapid. Do you want to take off your veil first so that you can get some air?"

Yu Zhiwen was stunned for a moment. "Cough, cough, cough!"

"Cursed, Passive Points +1."

"No need."

"Really?"

"No."

Yu Zhiwen found it very difficult to speak.

But she still replied to this fellow. It was out of basic respect and fear.

“What a pity...”

Xu Xiaoshou sighed and grabbed the girl’s hand. He then extended his spiritual source towards her.

“What are you... Cough Cough!”

Yu Zhiwen was so angry that she almost fainted.

“Feared, Passive Points +1.”

“What are you afraid of? I’m not going to eat you. Why are you so timid?”

“What are you doing entering the White Cave if you’re timid?”

“It’s one thing for you to come in, but you still dare to recklessly try to absorb the Heaven and Earth spiritual energy here?”

Xu Xiaoshou immediately understood after a single survey.

This girl did not have a fire attribute constitution. On the contrary, she had a feminine constitution that belonged to the opposite side.

However, the scorching fire element particles in her body were many times higher than those that were absorbed with normal breathing.

Clearly, this girl had tried to use the Heaven and Earth spiritual energy here to cultivate the moment she entered this place.

The answer was obvious.

No.

“Should I say that you work hard, or that you have sinned?”

Xu Xiaoshou was amused. He held her hand and brought it to his mouth.

“You!”

“Feared, Passive Points +1.”

Yu Zhiwen was terrified.

Her big eyes were filled with panic, and even her ears were red.

The most shocking thing had indeed happened.

She actually had to be alone with Xu Xiaoshou.

It was one thing for her to be alone with Xu Xiaoshou, but this fellow was indeed dodgy?

It was another thing for him to be dodgy, but her hand was being held, and she couldn’t pull it out even if she wanted to!

“Resisted, Passive Points + 1.”

“Hiss!”

In the end, Xu Xiaoshou only sucked her had once before putting it down.

“Let go of me...”

Yu Zhiwen felt that her thoughts were completely out of line with reality.

She only started to speak after her hand was put down.

But when she said it, she felt that her body was a little different.

With a probe of her spiritual source, the violent fire energy elements that had been absorbed into her body due to her attempt at cultivation but couldn't refine were all gone.

“Huh?”

What kind of method was this?

Yu Zhiwen blinked her eyes.

She was completely dumbfounded.

Xu Xiaoshou sighed.

“I'm a good person. You don't have to be so afraid.”

“It's fate that we meet by chance. I'm just relieving you of your pain first. Don't do anything reckless in the future, understand?”

Yu Zhiwen's face blushed. It was obvious that the other party immediately knew what stupid thing she had done just now.

“Mm.”

Her voice was like a mosquito's.

“It smells so good.”

Xu Xiaowei recalled it again.

“Ugh!”

Yu Zhiwen immediately turned her head. Her neck was dyed red. She felt that her head was blank and she could not speak at all.

“Do you want to team up, Little Yu?”

Xu Xiaoshou invited.

“Mm.”

“Hm?” After casually replying, Yu Zhiwen immediately realized that something was wrong.

How did the channels change so quickly when this guy was talking?

"I don't..."

"You don't want to team up with me?"

Xu Xiaoshou's face darkened. "I've already treated your pain. It's my business to not ask for anything in return. How can you pretend like nothing happened?"

"So you're this kind of person..."

"I'm not!" Yu Zhiwen felt like crying.

At that moment, she really wished that Cheng Xingzhu was by her side!

She couldn't handle Xu Xiaoshou all by herself!

"So you're saying that you want to team up with me?"

"... Mm." Yu Zhiwen felt wronged.

Xu Xiaoshou's eyes lit up. "I'm not familiar with the White Cave, so it's fate that we met. I've agreed to team up with you."

Yu Zhiwen: ???

Since when did it become me wanting to team up with you?

She opened her mouth slightly and suddenly realized that just now, Xu Xiaoshou had already changed the concept.

Forget it.

Let's just shut up.

Yu Zhiwen, don't you know what you're capable of? You can't even outtalk him yet you want to refute him?

Be obedient!

Yu Zhiwen's heart was tired.

"Cursed, Passive Points +1."

Xu Xiaoshou patted her shoulder.

"Very good. Next, we'll be comrades fighting side by side."

Yu Zhiwen shrunk with fright and quickly retreated.

She didn't say anything and just stood there, staring straight at the other party with her big eyes, trying to cause embarrassment to the other party.

Xu Xiaoshou was taken aback for a moment and glared back.

"What are you looking at me for?"

“You want me to take off my mask?”

“Sure, one for one. I’ll take it off you as well.”

“That’s not it.” Yu Zhiwen was flustered. She took a step forward, intending to stop Xu Xiaoshou’s actions.

However, the other party was faster than her. With a raise of his straw hat and a tug on his face, that familiar face appeared once more.

His face was slightly gaunt, but it was also very angular and sunny.

His smile was brilliant, but it also made one feel anxious, making it difficult for one to take action.

Yu Zhiwen’s hand that was stretched out in the air paused.

If she were to go any further, she would not be stopping the other party’s actions, but touching his face.

She pursed her lower lip, and tears almost burst out of her eyes.

“That’s not what I meant.”

“What?”

Xu Xiao was glared at, and his smile disappeared. “I’ve already taken it off. Aren’t you going to take it off? Are you lying to me?”

“I...”

Yu Zhiwen retracted her hand and protected her face. “I...”

“You want me to help you?”

“No, no, no.” She was so frightened that she immediately pulled herself away from him by several metres.

She looked up and saw that there was no one in Xu Xiaoshou’s direction.

A horrifying scene was transmitted through her spiritual sense.

Xu Xiaoshou was right beside her and slowly extended his hand..

“AH –”

A sky-ripping scream was heard and the sand and dust on the ground trembled slightly.

“Shocked, Passive Points +1.”

Xu Xiaoshou was really shocked.

He immediately jumped away.

“I’m just playing with you.”

“Little girl, you’re so timid. I don’t understand why the Holy Divine Palace would let you out to play alone.”

Xu Xiaoshou stared at the veil that she covered with her life and said suspiciously, “Don’t tell me you’re some kind of melodramatic princess or Holy Maiden who got tired of staying at home and sneaked out?”

“I’m not!”

Yu Zhiwen’s answer this time was very firm.

However.

“Deceived, Passive Points +1.”

### **Chapter 457: White Bone Giant**

Xu Xiaoshou:” ...”

A Holy Maiden?

Was she a Holy Maiden from a branch of the Holy Divine Palace, or was she a Holy Maiden of the Palace Headquarters in the Central Region?

Xu Xiaoshou pondered.

His intuition told him that this simple-minded girl in front of him might not necessarily just be of the same status as Cheng Xingchu.

After all, other than being a little simple-minded, her equipment throughout were all of tip-top quality.

Her appearance, figure, cultivation..

All these didn’t matter.

The most fatal point.

Was those pair of Star Eyes!

Xu Xiaoshou stared at Yu Zhiwen’s eyes for a long time till the girl lowered her head to avoid his gaze, then only did he ask in puzzlement:

“I’ve always been very curious. For such beautiful eyes, could they have some special ability? For example, the ability to see through things.”

Yu Zhiwen was obviously stunned for a moment. Her earlobe burned, and she hurriedly said, “It’s not x-ray vision.”

“Then, does that mean that it does indeed have some other special ability?”

“Uh, no...”

The girl wanted to deny it, but Xu Xiaoshou’s eyeballs glared, and she could not say anything.

“A child shouldn’t lie!”

“Your first answer was ‘it’s not’, not ‘don’t have’. That explains the problem.”

“Do you really think I’m stupid?”

“We’re already teammates. If you hide it like this, if something unexpected happens and I don’t know your ability, I won’t be able to judge your specific strength, right?” Xu Xiaoshou said sincerely.

Yu Zhiwen’s fingers toyed with her dress, and her expression suddenly became conflicted.

Xu Xiaoshou’s words made a lot of sense.

Since they were already teammates, it was indeed not good to lie to him.

However, the “Pearl Gem Star Eyes” was her biggest secret.

Her master had also said that this couldn’t be revealed to even her closest person .

How many days had she known Xu Xiaoshou?

It had been less than a day, so how could she say it?

“You’re not going to say it?”

Xu Xiaoshou’s expression became dejected, as if he had been hit by a blow.

“I can’t tell you.”

Yu Zhiwen’s tone was a little apologetic.

“Sigh, I understand.”

Xu Xiaoshou did not force her. After pondering for a moment, he said, “If you can’t tell me, can I guess? If I guess correctly, will you nod?”

Yu Zhiwen was stunned.

It could still be tackled like this?

“Suspected, Passive Points +1.”

Seeing that she had no reaction, Xu Xiaoshou boldly said, “Give me a direction first, and I’ll guess?”

“I...”

Yu Zhiwen thought to herself that she didn’t want to give it to him, but then she remembered that she had already rejected her teammate’s request once.

It was already difficult for her to reject him, and after feeling guilty, it was even more impossible for her to reject him again.

“Spirit Array Caster,” she said helplessly.

Xu Xiaoshou’s eyes immediately lit up.

“Spirit Array Caster?”

“You’re from the Holy Divine Palace, right?”

Yu Zhiwen nodded. “Mhm.”

There was nothing to deny.

Anyone could tell at a glance, and she had no intention of hiding it.

After all, she was a person who had run away from home and still had to rely on her own family’s influence to survive..

Xu Xiaoshou stroked his chin and his head moved left and right. He narrowed his eyes and sized up Yu Zhiwen.

Yu Zhiwen was amused by his expression and couldn’t help but feel interested.

She didn’t believe that with a mere hint of “Spirit Array Caster”, Xu Xiaoshou would be able to come up with anything.

“Divine Secrets?”

When it came to the Holy Divine Palace, Xu Xiaoshou didn’t think that this girl would be related to a Spirit Array Caster.

At the very least, she had to be a Divine Sorceress to be worthy of her identity.

Yu Zhiwen was surprised. She didn’t nod, but she didn’t deny it either.

“Amazing!”

“Are you really a Divine Sorceress?”

Xu Xiaoshou had seen Fu Zhi study the Divine Secrets before, but that guy had learned it by himself relying on the Cardinal Wheel.

At best, he was only half a bucket of water.

He didn’t expect that the girl in front of him was really an honest-to-God Divine Sorceress?

“So, Dao Qiong... ugh, Hallmaster Dao, what’s your relationship with him? He can’t be your Master, right?”

Xu Xiaoshou was shocked by his own thoughts.

After all, there weren’t many people in the world who studied the Divine Secrets. The most famous one was the current Hallmaster of the Holy Divine Palace, Dao Qiongcang.

“We are not related.”

Yu Zhiwen lowered her eyelids and slowly shook her head.

“You’re lying!”

Xu Xiaoshou was resolute and decisive.

Looking at the girl's expression and her eyes which were avoiding his, she was definitely lying.

"I..."

"Hallmaster Dao is either your Master or your Master's Brother. At the very least, he must have taught you Divine Secrets."

Xu Xiaoshou took a step forward, bent down on her and forcefully said, "If you say the two of you have no relations, it's definitely impossible!"

"This..."

Yu Zhiwen was so shocked that she retreated continuously.

Because they were in close proximity, Xu Xiaoshou could even vaguely see the outline of her slightly parted lips under her veil.

"I was right."

Xu Xiaoshou chuckled.

Yu Zhiwen pursed her lips and did not speak.

She suddenly did not want Xu Xiaoshou to continue guessing.

In front of this person, she actually felt as if she was naked, completely unable to hide her thoughts.

Xu Xiaoshou raised his head and looked at the sky.

In the White Cave, there was no day, no night, and no stars.

However, with his hands behind his back, he seemed to see the countless connections behind the shining star.

Xu Xiaoshou seemed to understand something. He sighed and paced back and forth.

"Pearl Gem of the Heavens, Star marked destiny."

"The Order of the Great Path is actually just like that. You can see the essence of things through its appearance. Everything operates under the established rules."

"Heaven and Earth are like that, and so is the Galaxy."

"I think..."

Xu Xiaoshou turned his head and fixed his eyes on Yu Zhiwen.

"Since the Holy Divine Palace choose you to be the Holy Maiden, then either they will give you the best resources, or you have enough talent."

"Therefore, these pair of Star Eyes are either used to crack the Divine Secrets and even the Heaven and Earth Order."

"Or they can analyze the truth and help you comprehend the Path, so that you can cultivate the Divine Secrets better?"

Yu Zhiwen's eyes widened.

"That's not right."

After holding it in for a long time, she finally managed to come up with such a sentence.

"Sigh."

Xu Xiaoshou saw her reaction and knew that even if he guessed wrong, it was probably not far from the truth.

"Little girl, how old are you? After all these words, you're full of lies. Who taught you that?"

Yu Zhiwen's pretty face turned sullen. She turned her head and did not dare to speak.

She realized that she could still speak in front of outsiders.

But when it came to Xu Xiaoshou, sometimes she couldn't even say a complete sentence for a long time.

This was because the fellow could either answering his own questions or hit the nail on the head. He could treat other people's words as his own.

But..

"Even though you deduced wrongly, I want to ask, how did you deduce it?"

Yu Zhiwen looked back at him again.

She carefully examined Xu Xiaoshou's head and was very curious about its internal structure.

How did this guy grow?

Cheng Xingchu had also indirectly asked about her origins and the secrets of her Star Eyes, but when she said "I can't tell", the other party was silenced.

On the other hand, Xu Xiaoshou..

She couldn't say it, but he could!

And he could make it sound reasonable!

Yu Zhiwen was unhappy.

Earlier on, her Master had said that in this world, there were indeed people who could use their brains to kill.

In the past, she didn't understand, but now she understood.

The fellow standing in front of her probably didn't even need a brain. With just a mouth, not only could he kill people, he could also stab hearts.

"The hint Spirit Array Caster, didn't you say that you're a Spirit Array Caster?"

Xu Xiaoshou was puzzled.

“That’s it?”

Yu Zhiwen was dumbfounded once more. “Nothing else?”

“What else could there be?”

Xu Xiaoshou retorted, “You are so stingy, did you give any other hints?”

Yu Zhiwen:”...”

“Cursed, Passive Points +1.”

“Respected, Passive Points +1.”

“Let’s set off!”

She took a step forward and directly walked past Xu Xiaoshou, heading deeper into the desert.

She couldn’t stay here any longer.

If they continued talking, Yu Zhiwen felt like even her eighteen generations of ancestors would all be stripped clean by that young man.

They had only known each other for a short while...

“Feared, Passive Points +1.”

Xu Xiaoshou looked at her back in amusement.

The girl seemed to have gone all out.

Her emotions from being unable to say anything turned into another energy. When she walked, she even stomped her little feet hard.

However, the habit of being dignified could not be changed in a short period of time.

It seemed to have a unique style.

Xu Xiaoshou could not help but laugh as he followed.

“It’s a little cute.”

..

The White Cave is not white.

Under the hot energy, even the ground was slightly red.

When he reached the end of the barren bumpy land, Xu Xiaoshou realized that he was at an extremely remote cliff.

Nothing happened inside the cliff, let alone encountering any accidents.

It was like that this was not the White Cave, but an ordinary place without a name.

“We’re here.”

Yu Zhiwen in front stopped in front of a black array pattern.

Xu Xiaoshou stopped as well.

He had already sensed something was wrong along the way.

It was too quiet here.

It was as if it was protected.

Or rather, it should not be said that it was “as it”, but “indeed”!

The array pattern in front of them was the final answer.

“Those who have the exquisite stone will be randomly teleported to the designated protective spirit arrays in the beginning. This is the Red Coats’ method to prevent the sheep from entering the tiger’s mouth (facing danger) as soon as they enter.”

“Those smugglers won’t have this benefit.”

Yu Zhiwen glanced at Xu Xiaoshou’s expression and raised her eyebrows. “You don’t know?”

Xu Xiaoshou:” ...”

I should’ve asked Elder Qiao for some basic information first!

“Hehe, there’s actually something you don’t know?”

Yu Zhiwen burst into laughter and hurriedly covered her mouth with the back of her hand. His face turned red.

She and Xu Xiaoshou didn’t have such a good relationship, right.

How could she let down her guard?

With a serious expression, she stepped into the black spirit array and waved her hand. “Come in.”

As Xu Xiaoshou walked, he asked, “You shouldn’t have been to the White Cave before, so how did you know that there was a spirit array here?”

He walked all the way, but he didn’t even see it.

If he hadn’t gotten close and discovered this thing with his “Perception”, he might have had to study for quite a while before even knowing he was inside a protective barrier.

The Spirit Arrays of the Red Coats were indeed impressive.

“You can see it?”

The girl in front of him did not say a word, so Xu Xiaoshou asked once more.

Yu Zhiwen’s eyes were fixed on Xu Xiaoshou. She did not even blink as she watched Xu Xiaoshou approach.

“What are you doing?”

Xu Xiaoshou was frightened by the stare.

“Nothing. Come in.”

Yu Zhiwen waved her hand.

Her eyes curved into a smile as she realized how effective this move was.

As long as she didn't pay any attention to Xu Xiaoshou, didn't feel guilty, and didn't shift her gaze.

This fellow would seem to be at his wit's end?

“Why are you looking at me...”

Xu Xiaoshou frowned. His 'Perception' was able to see that there wasn't anything special on his face. He hesitated for a moment before stepping into the spirit array.

The spirit array was very small, and it was only able to squeeze one more person in. That was the limit.

The air suddenly became quiet.

Yu Zhiwen couldn't hold on any longer.

She immediately looked away, and her intense heartbeat sounded.

“Let's go.”

She took out the exquisite stone and glanced at Xu Xiaoshou again. She found that this guy was looking at her.

Yu Zhiwen's mind was in a mess, and she connected with her spiritual sense.

Whoosh!

The two light figures disappeared.

..

“Roar —”

It was completely different from the quiet small space just now.

It was clearly not a teleportation, they had only transferred from inside the spirit array's protective barrier to outside, and a series of noisy roars sounded in his ears.

Xu Xiaoshou suddenly lost the mood to play around, and his mind was on high alert.

“Roar!”

Another earth-shattering roar, and even the ground shook.

Grabbing a small mound in front of him, Xu Xiaoshou lowered his body.

Yu Zhiwen did the same.

She was even more flustered than Xu Xiaoshou.

However, as her spiritual sense scanned the surrounding environment, she said something that seemed to have been prepared beforehand to avoid embarrassment after coming out.

“That protective barrier can be used as long as one has the exquisite stone.”

Her voice became weaker. “If we encounter danger and have the exquisite stone, we can hide in it again.”

“Huh.”

“...”

“Cursed, Passive Points +1.”

Xu Xiaoshou’s focus was not on this at all.

In the scene that he saw with his “Perception”, there were dozens of White Bone Giants that were each thirty to forty feet tall. Each of them held a bone saber and a bone staff, and they were hacking at each other.

From the looks of it, it seemed like two small squads were fighting each other, and they had a deep grudge against each other.

“Roar!”

When one of the heavy bone hammers struck the opponent’s skull, the White Bone Giant that was hit suddenly let out a painful cry.

For a moment, the ground shook, and dust fell from the small mound.

It was obvious that the two sounds just now came from the same way.

“What is this?”

Xu Xiaoshou was stunned.

He thought that the so-called extradimensional beings would at least be special humanoid monsters, right?

After all, the grey mist figures were born here. When he saw them then, they looked acceptable.

But these White Bone Giants..

They clearly had nothing to do with the gray mist figures even for eight lifetimes!

Look at the height, the width..

These guys indeed did not have any muscles, but just a small arm bone was as thick as a tree trunk!

“White Skeleton.”

Yu Zhiwen looked at Xu Xiaoshou curiously.

This guy was really strange!

It was as if he could only fly and could not run.

The more basic something was, the less he knew about it. On the contrary, the more difficult and profound something was, the more he could comprehend it in an instant?

“These are White Skeletons?”

Xu Xiaoshou was a little surprised.

He had heard of the name of the White Skeleton.

He also understood some of the most basic common sense.

However, this was completely different from the skinny “White Skeleton Spirits” in his impression!

“Judging from the strength of this attack, it should be at least at the peak of the Innate Stage... This body, it can’t be at the Innate Physique level, right?”

Xu Xiaoshou was a little suspicious.

He could see the familiar presence of the Infernal energy from the slightly red White Skeletons.

“Can these guys attack from a distance?” Xu Xiaoshou asked.

“No.”

“That it’s still okay. They’re invincible in close combat, but they can’t kill people from a distance. As long as we don’t get pulled within their attacking distance, it’s fine.”

“But some can.”

Yu Zhiwen added.

Xu Xiaoshou froze and slowly turned his head. He saw a flash of craftiness in the girl’s eyes.

The corner of his mouth twitched. “What do you mean?”

Yu Zhiwen smiled and said,

“These guys should be the most basic White Cave beings.”

“At least, I didn’t even see any energy cores in their bodies. I guess they just have pure fighting desire, not even intelligence.”

“The truly powerful ones should have shrunk in size instead. Their mobility and execution are higher, and they have both melee and ranged abilities.”

Xu Xiaoshou’s heart clenched.

Even the most ordinary ones already possessed a strength close to that of an Innate Physique, and it even possessed the combat strength that could definitely kill an Innate in close combat.

If they were to go any higher, wouldn’t that mean that the rest would at least be Masters?

With this, he suddenly understood why the Red Coat lady had to advise and stop the group of people who had been sucked into the sky when the White Cave was opened.

Without an Upper Spiritual Stage cultivation or a Master Stage cultivation, it would really be difficult for one to establish a foothold here!

“Group living creatures?”

Xu Xiaoshou looked at the two obvious factions below and asked.

“Uhuh.”

Yu Zhiwen nodded. “Group living.”

Terrifying!

It was one thing for them to be powerful, but to live in groups?

Xu Xiaoshou estimated that if he was to confront them, he should be able to send each one flying with a single punch.

However, if Yu Zhiwen were to be discovered, wouldn't she be killed on the spot?

“You...”

He turned around and asked in a daze, “How do you know so much? Or is this the basic level? Are the others actually the same as you?”

“No.”

Yu Zhiwen's smile blossomed. “I'm the stronger one. When the others come in, they'll probably be the same as you. They won't know anything!”

“Oho, you're getting arrogant?”

Xu Xiaoshou was amused. He pointed at the two parties fighting below and said, “Isn't it fine as long as you have hands?”

“Huh?”

Yu Zhiwen was taken aback.

After Xu Xiaoshou finished her sentence, he flew out amidst the flames of war and dust.

“Ha!”

With a loud cry, the dozens of tall White Bone Giants below stopped in their tracks.

With cracking sounds and a difficult turn of the head, all the White Skeletons turned their heads and saw the man standing in the air. Sparks appeared in their eyes.

It was really sparks!

Yu Zhiwen's heart skipped a beat.

She was only at the peak of the Upper Spiritual stage.

If she didn't use the Divine Secrets, it would be difficult for her to even face a single White Skeleton.

But Xu Xiaoshou charged out just like that?

Yu Zhiwen knew that he was very strong, but she was still slightly disappointed.

This was very similar to those guys who would crazily try to stand up for themselves the moment they saw her.

She hated this feeling.

This feeling of purposeful performance.

Xu Xiaoshou didn't have so many thoughts.

He only had three purposes in coming to the White Cave.

One was the Fourth Sword, which was dispensable to him and belonged to the type that followed fate.

The second was the Passive Points. This was the main purpose. Even if he could only find the 'Advanced Infernal Fire Seed', he had to level up his Passive skills and become a Master!

As for the third..

"There are no rules in the White Cave!"

Xu Xiaoshou clearly remembered Elder Sang's words.

With his 'Perception', he could see that there were no Red Coats nearby.

If he did not release his combat strength at this moment and see what cultivation level he had, wouldn't he have wasted this trip?

Fighting to his heart's content was his third goal!

This kind of White Bone Giant had such a high body solidity, and it was completely in line with Xu Xiaoshou's combat standards.

Plus it was the most satisfying kind!

..

"Kill!"

"Roar! ! !"

Both sides ignited the flames of war almost at the same time. They stepped on the accelerator and went head-on without looking back.

Yu Zhiwen, who was behind the small mound, immediately felt her scalp go numb.

"Forty-five, forty-six..."

“Nearly fifty White Skeletons. Xu Xiaoshou, have you gone mad?”

The scene was too shocking.

A mere human figure that looked like an ant directly going against of nearly fifty howling White Bone Giants?

He did not even bother to dodge the attack. He faced the white fist that looked like an ancient cauldron and Xu Xiaoshou released a punch.

“Bang!”

The air surged, and the hot air swept through the small mound, causing it to explode.

Yu Zhiwen couldn't crouch still any longer. She stood up in shock.

The White Bone Giant, which was dozens of feet tall, had paused for half a breath after Xu Xiaoshou's punch.

In the next instant, with a whoosh, it was sent flying into the air.

On the other hand, Xu Xiaoshou..

Didn't move at all!

“This...”

Yu Zhiwen's pupils constricted.

She knew that Xu Xiaoshou was very strong, but wasn't this punch a little too unreasonable?

Such a huge White Bone Giant had such high bone density. Just its weight alone was enough to crush an ordinary Innate to death!

Xu Xiaoshou, with one punch...

It was sent flying?

“This is the Master Physique?”

“Is the Master Physique that strong?”

While her mind was in a daze, the battle below did not stop.

Xu Xiaoshou sent the White Bone Giant flying with a single punch. Relying on his 'Toughness' and 'Recoil', he did not even budge for half a step.

However, the intense vibration that came from his body that he had not felt for a long time made his blood race.

“This is a battle that a real man should have!”

His hot blood back-flowed, and Xu Xiaoshou became excited.

Facing the giant hammer that was coming from the left and the giant axe that was coming from the right, he abruptly raised his palms.

“Clang —”

A loud sound that sounded like a clash between weapons rang out. Xu Xiaoshou actually blocked the giant hammer and axe with his bare fists.

“Good stuff!”

His gaze instantly froze.

The bone hammer and the bone axe seemed to be more than just weapons that the White Skeletons were holding.

On the contrary, Xu Xiaoshou could see from his ‘Perception’ that these things were not separated from the White Skeletons’ bodies!

“Connected?”

The weapons were connected to the bodies, but the energy contained in them was many times higher than the energy contained in the bodies.

Obviously, most of the energy in the bodies of these White Skeletons was used to nurture their weapons.

Xu Xiaoshou was shocked.

He dodged the next few attacks and moved to the top of the head of the White Skeleton with the heavy hammer.

“Boom!”

The White Bone Giant raised its head and roared, as if it wanted to shake Xu Xiaoshou off.

Xu Xiaoshou was disappointed to find that this guy was still a bit rational and would not smash its own head with the hammer.

Since that was the case..

He raised his fist and punched downwards.

“Boom!”

The air currents that swept across not only scared Yu Zhiwen silly, but even the group of White Bone Giants stopped moving.

The armor-like white bone skull exploded into pieces after one punch.

Pieces of white flew out. Some even shot into the cracks on the other White Bone Giants’ bodies, such as their eye sockets and ribs..

“In awe, Passive Points +1.”

Xu Xiaoshou was shocked. He thought that it was the bone giant who had sent out the notification. That would be simply too good.

However, when he looked back, he saw Yu Zhiwen's lifeless eyes.

The girl's eyeballs were about to fall out.

"So this is Xu Xiaoshou?"

Yu Zhiwen was truly shocked.

Only then did she realize that he seemed to be completely different from those fellows who wanted to stand out in the past.

Xu Xiaoshou wasn't trying to stand out at all.

This was just a warm-up, right?

One punch and it was sent flying?

One punch and its head was gone?

Who was the real White Bone Giant?

Xu Xiaoshou, you're the White Skeleton, right? And those fellows are your younger brothers, right?

"Suspected, Passive Points +1."

"Feared, Passive Points +1."

### **Chapter 458: Xu Xiaoshou, the Enemy of Mankind!**

"Sizzle~"

After the White Bone Giant's skull exploded, the stream of red and white sticky energy that flowed in its brain and spurting out.

"Brain matter?"

Xu Xiaoshou was dazed for a moment.

It was made of white bones and didn't even have muscles, so how could there be brain matter?

Soon, he realized that something was wrong.

The energy contained in this spurting viscous liquid was a little too majestic.

Xu Xiaoshou even felt that this thing was even better than pills like the Origin Court Pill.

If it was condensed into a nucleus..

"Energy nucleus?"

Yu Zhiwen's words just now suddenly flashed through his mind.

“That’s right, this should be the source of the White Skeletons’ energy. It’s similar to a Spiritual Cultivator’s... energy reserve?”

Xu Xiaoshou immediately waved his hand. As the spirit threads revolved, a simple Spirit Gathering Array appeared.

“Whoosh!”

The air current revolved and the reddish white viscous liquid gathered in his palm.

It was boiling hot, sticky, and emitted a burning smell.

“Infernal aura...”

Xu Xiaoshou frowned.

He could actually sense the aura of the same lineage from this liquid. It was not much, but it did exist.

“Elder Sang said that the Advanced Infernal Fire Seed appeared here, and now this thing here also has the Infernal aura.”

“Could it be that the Infernal Fire Seed and the like all came from here?”

Xu Xiaoshou suddenly understood.

If it was the “energy nucleus”..

Wasn’t the nucleus the “Infernal Fire Seed”?

The energy fire seed which had tortured him to death back then was obtained from the White Cave?

Or was it obtained from the head of the White Bone Giant which was of a higher level than the current one?

When Xu Xiaoshou realized this, his eyes immediately turned grim.

He had originally thought that the Ember Spark was a special existence which could only be produced in an extradimensional space.

However, he did not expect that the cultivation resources of the Infernal lineage seemed to have come directly from the White Cave.

But...

“Didn’t the White Cave only open up a few years ago?”

“If the ‘Infernal Fire Seeds’ that the Infernal lineage needs to cultivate came from here...”

“How did Elder Sang rise up?”

Xu Xiaoshou knew that the probability of repetition for the extradimensional spaces in this world was almost zero.

However, at this moment, he felt that his understanding of this world was slightly deviated.

“There’s a problem.”

“There’s definitely a problem!”

Originally, Xu Xiaoshou already felt that Elder Sang’s mission indicators were very strange.

At this moment, he was even more certain.

Elder Sang definitely had some special and unspeakable goal by letting him into the White Cave!

...

“Roar!”

A roar interrupted his thoughts.

Xu Xiaoshou jumped and easily dodged the attack of another giant axe behind him.

To others, these White Bone Giants might be invincible in close combat.

But to him, whether it was their attack, reaction, speed, or even defense...

They were really his younger brothers.

“Bang!”

He turned around and swept his leg across like a whip. With a bend of his foot that contained a terrifying amount of strength, he directly made intimate contact with the skull of the White Bone Giant with the giant axe.

In an instant, another skull exploded.

Yu Zhiwen, who was outside, was already dumbfounded.

If it was said that she didn’t understand the punch just now, then the kick at this moment really made her realize it.

Xu Xiaoshou was indeed able to crush such an existence just by purely using physique strength.

“Sizzle~”

An obscure spirit array aura appeared. Behind Xu Xiaoshou’s body, Yu Zhiwen frowned.

She could feel that this fellow seemed to be hiding something from her, using some kind of spirit array power.

Soon, that familiar scene appeared.

The energy liquid that had clearly splashed out, had inexplicably gathered in front of him when Xu Xiaoshou turned around.

She couldn’t see it, but it didn’t stop Yu Zhiwen’s curiosity.

“Open.”

She gently raised his eyes. Under the pair of Star Eyes, everything in the world seemed to have become the texture of an array.

Even Xu Xiaoshou, this person, had become an existence outlined by dense threads.

“It’s really a spirit array?”

Yu Zhiwen saw the small spirit array in the person’s hand at a glance.

It was a very simple “Spirit Gathering Array”.

However, no matter how simple the spirit array was, it was at least in the Tenth Grade.

The grade of the spirit array used by Xu Xiaoshou seemed to be quite high. Otherwise, it would really be impossible to absorb the dense energy liquid.

Yet, this fellow was able to cast a spirit array that was close to the Ninth Grade in an instant?

“Suspected, Passive Points +1.”

Yu Zhiwen was marveled.

Just who was this Xu Xiaoshou?

Even within the Holy Divine Palace, such geniuses weren’t common, right?

Not only was he of Master Physique and a Master Swordsman, he was even able to cast a Ninth Grade spirit array in an instant?

“Could he also be a member of an aristocratic family that ran away from home and refuses to reveal his identity... The Higher Void Families? Demi-Saint Families?”

Yu Zhiwen pondered.

“Xu...”

“I’ve never heard of this surname before?”

“Could it be that even his surname is fake?”

“Suspected, Passive Points +1.”

...

After the kick was finished.

The carefree feeling of release from his body was transmitted over. With a flash, Xu Xiaoshou landed on the right arm of the headless White Bone Giant.

He had already confirmed that the Infernal energy liquid was indeed the energy pump in the body of these White Bone Giants.

Since he could explode them with a punch, it meant that there were almost fifty of them here, and each of them probably all had this energy.

“I’m rich!”

At first glance, fifty portions of energy liquid seemed to be a lot.

In fact, this was an extremely large amount!

Not everyone had the combat strength to fight fifty at once. To fire-type Spiritual Cultivators, these could be said to be the energy to cultivate precious treasure. But it would most likely be extremely difficult for them to obtain even one portion.

Xu Xiaoshou was truly an exception.

He did not dare to use the “Breathing Technique”. Instead, he tried to swallow a portion, and the burning feeling in his body hit him.

Violent, destructive, rampant..

All sorts of things that he had expected to happen had happened, but for a someone of the Master Physique, it was a piece of cake.

“I can endure it!”

Xu Xiaoshou’s eyes lit up.

After realizing that this thing was indeed not as harmful as the “Infernal Fire Seeds”, he used the “Exhale Technique” to secrete the energy liquid and sucked it back into his mouth.

“Hiss!”

The spiritual source in his energy reserve instantly surged, and a large wave of energy entered.

“Too full, Hnn...”

Xu Xiaoshou moaned in comfort.

The figure standing on the White Bone Giant’s right arm almost lost its balance and fell off.

With a stomp of his foot, he once again avoided a series of attacks. Due to his usage of his strength, his cells vibrated with joy, and it almost made him ascend to heaven on the spot.

“It’s worth at least three to five Origin Court Pills...”

“To a fire-type Spiritual Cultivator, it’s even more priceless!”

Xu Xiaoshou instantly made a judgment.

Origin Court Pills were already grade seven pills. If he could get his hands on a pool, a lake, or even a sea of this Infernal energy liquid..

“Tsk tsk.”

Xu Xiaoshou’s scalp went numb.

The White Cave was so big, and as the most basic being here,.

There should be a lot of White Bone Giants, right?

A greedy look appeared in his eyes.

The surrounding White Bone Giants were already frightened by this fellow's violent attacks.

They had never thought that this puny human in front of them would actually show the expression that only they would show when they saw a human. They were instantly enraged.

"Roar!"

"Roar! !"

They raised their heads and roared angrily.

However, Xu Xiaoshou, who had finished testing his own combat strength, no longer had the mood to play around.

With a flick of his finger, his sword cognition attached itself.

Xu Xiaoshou's eyes were slightly narrowed. At this moment, it was as if his entire being had merged with the Way of the Heavens.

Sword Will rose, and gravel rolled.

The ground within a thousand feet instantly cracked.

"This is..."

Yu Zhiwen's pupils constricted.

This was the first time she had seen such a terrifying Sword Will from Xu Xiaoshou.

Could it be those that the fellow displayed at the entrance of the Eighth Palace was only the tip of the iceberg?

She held her breath and focused. Even if she was on the sidelines, she could feel that everything in the world seemed to slow down.

"No!"

"It's Xu Xiaoshou who has become fast!"

Her Star Eyes weren't switched off.

Therefore, Yu Zhiwen could see Xu Xiaoshou's two extremely exquisite finger points even more clearly.

With just a sweep after lowering his body, the White Bone Giants that had raised their heads to roar could not even lower their heads before the sonic boom that could be heard from thousands of feet away.

"Boom!"

As the boom fell, then only could the Star Eyes see the white sword energy that was released in a circle. It was like a silk thread that cut through in a circle before reaching its point of impact...

The land of sonic booms!

“This speed...”

Yu Zhiwen felt a chill down her spine.

If she had not opened her Star Eyes, she felt that she wouldn't even have been able to withstand the reactions of the White Bone Giants.

And the speed of Xu Xiaoshou's attack was even much faster than the White Bone Giants' furious roars?

“Dong Dong Dong –”

There was no follow-up.

Almost all of the White Bone Giants were dismembered after the Two-finger Point Circle swept past.

Their heads and bodies fell to the ground one after another. The terrifying weight caused the ground to shake.

“So strong.”

Yu Zhiwen clenched her fists.

Without looking at anything else, just the physique combat strength and Sword Will that Xu Xiaoshou had displayed during this battle could sweep away all the geniuses that she had seen in the Eastern Region..

All the them!

It was clear that he could crush his opponent to death with a single method.

This fellow had multiple roles!

Could a mere Tiansang Prefecture really cultivate a person with such methods?

Yu Zhiwen's heart pounded wildly.

She suddenly had a thought.

Her master must have known that she had sneaked out.

After all, her Master was an old lady with great powers and knew everything in the world.

Even if she had acquiesced to her private activities, she would definitely be punished when she returned.

But what if she could bring back such a young and talented guy to the Holy Divine Palace?

“Good idea.”

It was the first time that Yu Zhiwen had the idea of recruiting talents.

It was not that the young people she had met before were not strong.

It was really that Xu Xiaoshou was too eye-catching.

This guy's whole being was almost perfect except for his talkative mouth.

Such a figure would definitely have a place even in the headquarters of the Holy Divine Palace.

Tiansang Prefecture was too small!

It could not suppress this dormant dragon.

One day, he would definitely walk out of there. If that was the case, why couldn't he be on the same side as her, the Holy Divine Palace?

"But..."

Yu Zhiwen was conflicted in the next second. She bit her lips tightly. "How should I say it?"

...

"So powerful!"

Xu Xiaoshou was shocked as he looked at the scattered corpses of the White Bone Giants.

The 10 Sections of the Finger Sword's power was so terrifying that it could probably even cut open a bounded domain after he had cultivated to the Master Sword Will plus the sword cognition that came with the Sword Observation Manual.

"As expected of a sword move created by the Eighth Sword Deity. Such power is completely unstoppable!"

Xu Xiaoshou knew that as his Sword Will and Sword Cognition increased, this spirit technique of his had no upper limit.

This was what it meant to win a move without a move!

Those spiritual techniques that were limited by their grades were bound to be outdated and left behind someday.

However, his 10 Sections of the Finger Sword could accompany him for a lifetime.

"Too strong..."

After coming back to his senses slightly, sharp spirit threads shot out of Xu Xiaoshou's ten fingers toward the skulls that had fallen to the ground.

However.

"Clang Clang..."

Even if they were dead, the skulls of the White Bone Giants were not something that ordinary spirit threads could destroy.

Xu Xiaoshou paused for a moment, but did not change his move. Instead, he shot out another round of spirit threads.

However, this time, each spirit thread was accompanied by the strand of sword cognition that he had cultivated.

“Sizzle...”

Like cutting tofu, the spirit threads easily pierced through the skulls.

Xu Xiaoshou was shocked again.

“So easy?”

The solidity of these white bones was extremely shocking, but it was still unable to withstand his sword cognition.

Xu Xiaoshou hesitated.

The stronger he was, the more he could feel that the people and things around him were not simple.

“Sword cognition...”

This kind of terrifying attack completely went against common sense. Even a genius ancient swordsman would not be able to cultivate it easily.

He might not even be able to figure out how to cultivate it.

However, the ‘Sword Observation Manual’ was an ancient book about the cultivation of the sword cognition that could be used as a standard answer from the beginning till the end.

That uncle had simply slapped it in front of him at that time?

It was as it wouldn’t make sense if he didn’t learn it?

“So annoying.”

Similar to being unable to figure out Elder Sang’s intentions.

Sometimes, Xu Xiaoshou really couldn’t understand the thoughts of these big shots.

But he only ridiculed them in a wave, and he immediately let it go.

The damn old man was right. Before he became the chess master, it was his best effort to obediently do his part as a chess piece.

“Sizzle, sizzle~”

Nearly fifty portions of Infernal energy liquid returned to his hand, and Xu Xiaoshou was happy again.

He had specially segregated a small portion of the space in his ring to store almost a bucket of it. Only then did he withdraw his gaze in satisfaction.

..

“Whoosh!”

Yu Zhiwen was finally willing to fly over.

There was a hint of awe on her face, as well as the little joy she felt when she could secretly come and enjoy the benefits after her teammates had wiped out their opponents.

Naturally, Xu Xiaoshou would not give the Infernal energy liquid away.

Although they were on the same team, the girl didn't put in any effort, so she definitely wouldn't be able to get anything good.

But he wasn't stingy either. He pointed at the big corpses below and said,

"I took all the energy liquids. We're teammates, after all, so I'll give these corpses to you. They're also some good stuff."

The joy on Yu Zhiwen's face froze.

She had never thought of getting anything, but it was fine if Xu Xiaoshou didn't say anything. Once he said it, she freaked out a little.

Everything had been taken away, and there were only corpse left. What value could they have?

Xu Xiaoshou seemed to be able to see through her thoughts.

He landed on the forearm of the heavy hammer giant from before, squatted down, and knocked on its wrist joint.

"Dong Dong!"

"Da Da!"

One was a crisp sound, while the other was very solid.

Obviously, although the heavy hammer was connected to the White Bone Giant, its density was many times more than the main skeleton of this fellow.

Xu Xiaoshou, who had never been hit by a single blow, found it difficult to truly feel the difference.

However, the moment he held the hammer and axe just now, he was certain that if this thing landed on anyone who was not a body forger.

The effect was probably exploding!

"This is something good."

Xu Xiaoshou swiped with his fingers, pinching the gap between the skeleton's arm and the handle of the hammer, separating the White Bone Giant from its weapon.

"Boom!"

A heavy punch landed, and the ground suddenly exploded.

However, even with the force exerted on the handle of the hammer, there was not even a trace of a crack.

"This?"

Yu Zhiwen wanted to ridicule, but she had already knew about Xu Xiaoshou's physique strength.

With a punch from this guy, even a spiritual weapon would be shattered.

The bone hammer could actually withstand it?

Seeing Xu Xiaoshou pick up the bone hammer and swing it around wantonly after jumping into the air .

The whistling sound of the wind blew her black hair into the air, and her clothes rustled. One could imagine how terrifying the attack power of this thing was.

"It's indeed a good thing."

Yu Zhiwen was only happy for less than a second before she became dejected.

But this hammer, she estimated that only Xu Xiaoshou could wield it as if it was light as a feather?

"Envied, Passive Points +1."

"Try it?"

In the air, Xu Xiaoshou could clearly see the envy in Yu Zhiwen's eyes.

He chuckled and threw the big hammer in his hand over.

"Huh?"

Yu Zhiwen's pupils dilated when she saw the huge object smashing towards her head.

"I..."

"Cursed, Passive Points +1."

This unexpected sneak attack made it too late for her to fly away even if she wanted to.

The mouth of the heavy hammer was facing her. It was as if a heavenly pillar had fallen. Even the ground was covered in darkness.

"Can she do it?"

Xu Xiaoshou was a little worried, but he suppressed the urge to make a move.

He did not believe that Yu Zhiwen only had this bit of ability that she would be smashed to death with a single hammer.

As expected.

Under his "Perception", the girl raised her eyes, and her pair of Star Eyes seemed to come to life. They were flowing with light and brilliant stars.

The galaxy hidden deep in her eyes seemed to have exploded with endless energy in an instant. Xu Xiaoshou suddenly felt that even the void seemed to have stopped for a moment.

"A misconception?"

“Restricted, Passive Points +1.”

The information panel told him that this was not an illusion.

Just now, the entire space-time had really been frozen!

The power in this girl’s eyes could actually affect space-time?

Xu Xiaoshou’s heart was filled with shock.

Before this, the highest quality Innate Elemental Power that he had witnessed was Ye Xiaotian’s space attribute.

But Yu Zhiwen’s move, which did not show any other abilities, she only opened her eyes and it was space-time restriction?

Bang!

The bone hammer landed on the ground and dust filled the sky.

The ground was directly split open.

“Xu Xiaoshou!”

While he was still in shock, Yu Zhiwen’s angry cry was already transmitted from the ground.

His eyes turned and he laughed out loud in joy.

One could see that Yu Zhiwen, who had even run to the side and avoided the attack, was still covered in dust and sand under this smash.

If she had not used her spiritual source to protect herself in time, she would have been able to shake something out of her clothes.

“Sorry, Sorry, I really didn’t do it on purpose.”

“Hehe.”

Xu Xiaoshou hurriedly landed on the ground. His gaze turned to the bone hammer and changed the topic, “Since you can’t take this thing... Should I take it?”

“Humph!”

“Cursed, Passive Points +1.”

As if he didn’t see the girl’s angry expression, Xu Xiaoshou immediately took the ‘Humph’ as ‘yes’.

“Wouldn’t that be embarrassing for me? After all, I’ve already taken so much energy fluid, and now I’m taking all these weapons away. That’s not nice!”

“We’re teammates, you should take even just a little.”

Xu Xiaoshou picked up the bone hammer again and positioned himself as if he was about to throw it.

Yu Zhiwen was shocked and quickly dodged. Her spirit source was surging, as if she was facing a great enemy.

“Ahem, I’m just kidding, I won’t really throw it.”

Yu Zhiwen:”...”

Xu Xiaoshou, the enemy of mankind!

“Cursed, Passive Points +1.”

“You really don’t want it?”

Xu Xiaoshou really felt embarrassed.

He really wanted to share the happiness.

“No need!”

Yu Zhiwen said in a muffled voice.

“Take one. Treat it as a souvenir. Treat it as a gift from me.”

“I don’t want it!”

“You can exchange it for money...”

“I have money!”

Good Heavens!

Xu Xiaoshou was amused by the angry girl.

What did it mean to be impervious to all temptation?

This was what it meant to be impervious to temptation!

She didn’t even want the treasure that was delivered to her door. She was really mentally ill!

He cheerfully waved his hand, “Forget it if you don’t want it.”

After saying that, he threw this thing into his Yuan mansion and then ran towards another White Bone Giant, beginning his journey of harvesting corpses and treasures.

Yu Zhiwen was so angry that she was trembling.

Why did it feel like she was chocking till she panicked if she wanted something that belonged to Xu Xiaoshou.

And even if she didn’t want it, it was still so uncomfortable?

“Cursed, Passive Points +1.”

“Missed, Passive Points +1.”

“Come over and help?”

Xu Xiaoshou shouted from the side, "Even if you don't want it, can you give some effort to help me the wrists off? This is too much, there are more than forty of them."

Yu Zhiwen held her breath and slowly relaxed.

Ignore this person, ignore this person..

She shouldn't even reply.

"Come over!"

"It's not good to just stare. Can't you come over and do some exercise?"

Thud!

Another heavy thud was heard. Xu Xiaoshou was so busy that he forgot himself.

Yu Zhiwen didn't even have the slightest desire to move her feet.

If it was anyone else, even if she didn't want anything, she would still go up and help.

But Xu Xiaoshou..

He He!

"You don't have gaming experience here. You're already in the White Cave. Are you just going to watch the whole time?"

"You're not going to fight, you're not going to enjoy the spoils, and you're just going use your eyes to watch the whole time?"

"Don't you know that it's easy for you to get eye fatigue that way?"

Eye fatigue?

Yu Zhiwen's eyes twitched violently.

She had always thought that she was someone with a good temper, but at this moment she almost turned around to argue

However, just as she tried to calm herself, the voice behind came again.

"Let me tell you, with abilities like yours, don't open it simply."

"I know a friend. His surname is Yu. He has the Gou Jade in his eyes. He's also very powerful."

"But if you use your eyes too much, they'll bleed and they might even go blind in the end. Take it easy."

"Cursed, Passive Points +1."

Yu Zhiwen could no longer hold it in.

Her body trembled with anger as turned back around abruptly. She was about to say something when she suddenly saw Xu Xiaoshou looking at her in terror.

“What are you looking at?” She was momentarily taken aback.

“Not you.”

Xu Xiaoshou shakily stretched out a finger and pointed behind her. “Behind you! Behind you... There’s something.”

“Ha, trying to lie to me again?”

Yu Zhiwen took large strides forward. However, when the moment she stopped, she could suddenly feel the violent shaking of the ground.

This...

Her heart tightened. She steadied her body and looked at Xu Xiaoshou’s expression. It did not seem like he was faking it?

She abruptly turned her head back.

Behind her, the dust cloud was hundreds of feet high as if it was a sandstorm that was sweeping through the sky. If it wasn’t a White Bone Giant in the lead, what else could it be?

“This number...”

Yu Zhiwen was shocked.

Was it because of Xu Xiaoshou?

This time, there were hundreds and thousands of them?

However, after she saw the true appearance of the beings behind her, the white light that shone from the sandstorm almost swept across the entire horizon.

Yu Zhiwen was shocked.

It was not limited to hundreds and thousands of them!

This was a beast tide!

### **Chapter 459: Xu Xiaoshou, Come With Me!**

“Why are there so many White Skeletons?”

Even Xu Xiaoshou was feeling somewhat panicked in the face of the White Skeleton Beast beast tide.

He was confident that he had a chance at the fight if he used all his strength as long as no Sovereigns attacked him first.

But as the old saying goes, it was hard to fight four hands with two fists.

In the current situation, it was probably more than 4000 or even 40,000 hands.

Under such circumstances, if Xu Xiaoshou was still thinking about how to obtain a wave of Infernal energy liquid, then he must have gone crazy.

Yu Zhiwen's eyes were also slightly flustered.

With her current cultivation, if she were to fight in close combat, one White Skeleton might be enough to overturn her.

After this beast tide, it would probably be difficult to even find her corpse fragments.

"So, the shockwaves from the battle just now were too great and attracted these guys?"

"No."

Xu Xiaoshou immediately denied it.

If one were to say that the battle sounds were loud, when the two groups of White Skeleton Giants clashed, the battle sounds were many times louder than when he entered the arena.

On the contrary, the moment Xu Xiaoshou entered the arena, the battle was resolved at lightning speed.

Therefore, this wave of White Skeletons could not have been attracted by the battle.

Taking ten thousand steps back, even if they were attracted here due to the battle, it was impossible to attract so many!

"Something is strange."

Xu Xiaoshou's first reaction was that he had fallen into a trap.

However, on second thought, everyone had been teleported randomly. Moreover, the White Cave had only just begun, it was impossible for anyone to use any tricks yet.

Then, perhaps the purpose of this group of White Skeletons was not the two of them but something else?

"Run!"

The riddle that could not be solved was temporarily put aside.

Come what may, Out of thirty-six plans, the best was to get away at once.

As Xu Xiaoshou said this, he was about to fly up.

However, Yu Zhiwen had a bitter smile on her face.

"Can you run away?"

Her beautiful eyes looked mournfully at the approaching White Skeleton beast tide which came even closer in the blink of an eye.

According to this momentum and aura, perhaps only when a Sovereign would be able to run away under such a speed?

"Yes."

Xu Xiaoshou looked at Yu Zhiwen firmly and said.

He had “Take the Easy Way Out”. With the large amount of medicinal pills, it was entirely possible for him to escape from the direction of the beast tide.

Yu Zhiwen’s eyes suddenly had hope.

Before she could speak, Xu Xiaoshou knew that this girl had misunderstood.

“I can escape.”

He added, “But I might not be able to bring you along.”

Yu Zhiwen’s beautiful eyes instantly widened.

“Cursed, Passive Points +1.”

At a time like this, this fellow still had the mood to joke around?

Xu Xiaoshou was really speaking the truth.

But at this moment, he had to let this girl escape by herself. To be honest, he couldn’t live with his conscience.

Even though it was only a casual invitation when he invited her to form a team.

But Xu Xiaoshou still had his principles.

“Send her into the Yuan Mansion?”

Xu Xiaoshou frowned.

This was a good choice.

But once the Yuan mansion was revealed, his last layer of protection in front of the girl would be gone.

Yu Zhiwen was not scary.

What was scary was the other people in the Holy Divine Palace.

For now, Xu Xiaoshou had accepted the Greedy the Cat Spirit, and made friends with Xin Gugu, which was equivalent to being at least halfway on the opposite side of the Holy Divine Palace.

Even if he didn’t admit it or think so.

At least, that was how it seemed to others.

Therefore, Xu Xiaoshou didn’t think that it would be a good thing for him to reveal the information that his Yuan Mansion had been successfully restored.

At least, if Cheng Xingzhu found out, it would definitely cause unnecessary trouble.

“Fly?”

Xu Xiaoshou looked up at the sky.

Could the White Bone Giants fly?

Just looking at the two groups of White Skeletons fighting each other just now, it seemed that they couldn't.

In that case, if the two of them flew, wouldn't they be in an invincible position?

Yu Zhiwen shook her head directly.

Before she could speak, Xu Xiaoshou saw the flying White Skeletons amidst the dust in the sky.

"White Skeletons with wings?"

Xu Xiaoshou had a headache.

Yu Zhiwen nodded bitterly, "Wings are the weapon of this kind of White Skeletons."

"What about underground?"

"Underground!"

The eyes of the two suddenly lit up at the same time.

If they couldn't fly up into the sky, then it seemed possible that going underground was the solution?

Xu Xiaoshou saw that Yu Zhiwen had the same thought and immediately understood that there might not be any White Skeletons that could burrow into the ground with its huge size.

In that case, as long as they burrowed deep down enough and used their spiritual source to protect themselves, they should be able to survive this wave of White Bone beast tide.

He did as he thought.

"Hold on!"

Xu Xiaoshou instructed and immediately pulled out Hidden Bitter.

Yu Zhiwen's gaze was fixed on the black sword sheath that she had not been able to obtain at that time.

However, the situation was urgent at the moment, so she did not say anything.

With both hands on the sword, Xu Xiaoshou's gaze suddenly stabilized.

The image of his fight with Gu Qingsan in the banquet hall flashed across his mind.

If one were to ask what kind of single-target attack was the strongest in the world, which could instantly open up a vertically downward small tunnel that was hundreds of feet long?

There was no doubt.

"Point of Path!"

The Point of Path from the 3,000 Ways of the Sword was an ancient sword skill that dealt the most explosive damage from a single point that Xu Xiaoshou had seen so far .

He did not know this sword skill, but it did not stop him from imitating it at this moment.

The sword will from his entire body condensed at the tip of the sword. When the sword cognition attached itself to it, Hidden Bitter instantly let out an excited buzz.

“Ha!”

With an explosive roar from Xu Xiaoshou, It seemed that he wasn't using any strength, but a black line that was condensed from pure white sword energy suddenly shot out from the tip of the sword.

“Boom!”

Almost at the same time, a hole dozens of feet deep was created on the ground.

“This...”

Yu Zhiwen was instantly confused.

Was such a huge hole meant to trap the White Bone Giants and sleep together?

“Cough, cough. Sorry, there was an accident.”

As expected, the compression of sword will couldn't be done with such a simple attempt.

And for such single point damages, the further one went, the harder it would be to compress.

When would he be able to be like Gu Qingsan and blast out a passageway that only allowed one person to enter and exit.

The power of this sword skills could perhaps even be increased by several folds.

But at this moment...

“I can't care about that anymore.”

Xu Xiaoshou waved his hand and surveyed the depth of this strike.

The width was not satisfactory, but the depth was still acceptable.

Under the accumulation of power, it should be several hundred feet.

The further down they went, the smaller the width.

It was clear that this blow had been struck into a cone shape.

“Go down first. I'll use a spirit array to seal the top. It should be able to withstand it.”

Xu Xiaoshou said and jumped down first.

With the White Bone beast tide advancing like this, it was impossible for anyone to stop and say that they wanted to dig a hole.

Even if those in front wanted to stop, those who followed closely behind would not give them a chance.

In other words, they would not dare to stop even if they wanted to.

Under such circumstances, the beast tide could not be stopped once it started.

If anyone ran too slowly, they would probably be trampled to death by their own kind.

Therefore, as long as they could withstand the pressure from above, the two of them would be able to endure this attack.

“Swoosh!”

A light figure landed beside them.

When Xu Xiaoshou saw Yu Zhiwen descend, spirit threads immediately appeared in his hands.

“Let me do it.”

However, Yu Zhiwen stopped him.

She gently lifted her delicate hands. Not a single spirit thread could be seen, but the ground on top suddenly began to wiggle.

As though it was being pulled, the ground began to heal on its own at this moment. Even the hole on top was a few feet wide, it was quietly restored to its original state before the White Bone beast tide arrived.

It was as if a small spherical space had been opened up underground for the two of them to live in. Everything else was restored to its original state.

Xu Xiaoshou was shocked.

He could not see anything with his naked eye, but his ‘Perception’ could see that Yu Zhiwen was not using spirit threads, array wheels or anything solid like that.

Instead, she was truly controlling the Path and changing traces of the world.

Although it was only a small change in the pattern of the land.

But the methods used, if extended, was simply shocking.

A mere human could actually change the Way of the Heavens and then affect the state of the real world?

“This is the ‘Divine Secrets’?”

Xu Xiaoshou instantly felt that Fu Zhi’s Divine Secret was extremely weak.

That fellow was still stuck at the mindset of a Spirit Array Caster while studying the Divine Secrets.

Thus, after researching and researching, he could only create a few layers of nested structures.

Although in the three-dimensional dimensions, it was indeed completely beyond the level of a Spirit Array Caster.

But at that level, strictly speaking, he had not even touched the surface of the Divine Secrets!

“What level is your Divine Secret?”

Xu Xiaoshou’s horizons were greatly broadened, and he asked curiously.

“There isn’t any level.”

Yu Zhiwen merely controlled the Path to change some traces, and her face had already become much paler. She was drenched in sweat, and even her hair was wet.

“The Divine Secrets starts from the Master Stage, because only Masters can barely come into contact with the Way of the Heavnes.”

“That’s why the Divine Sorcerers who don’t become Masters are all fake,” she explained.

Xu Xiaoshou nodded thoughtfully.

He glanced at the spirit threads that were sticking out of his hand and realized that his thoughts were also limited.

“The Great Path exists objectively. It’s just that it can’t be seen with the naked eye.”

This conclusion was what he had gained from the fantasy realm of “Weaving Expertise”.

However, it was precisely due to his stereotyped impression, that when he set up spirit arrays, he still chose to use spirit threads to replace the array patterns.

“But why can’t I just use the Way of the Heavens to replace the array patterns?”

Xu Xiaoshou felt as if a door to a new world had been kicked open.

‘Weaving Expertise’ included the ‘Divine Secrets’. This was something he was certain of.

However, ‘Weaving Expertise’ did not tell him how to learn the ‘Divine Secrets’.

Or to put it another way, he had already grasped all the basic experience and knowledge of the ‘Divine Secrets’, but he did not know how to use them.

If that was the case...

Xu Xiaoshou raised his eyes slightly and looked at the soil above him.

In his line of sight, apart from the elemental light spots, there was a faint trace of the Path that he could barely see with his ‘Perception’.

“Unity of Man and the Heavens?”

Yu Zhiwen was surprised.

Just by answering a question of the other party, Xu Xiaoshou had directly comprehended to this level?

Just how terrifying was this fellow’s talent!

She didn’t even begin to explain a single word related to the ‘Divine Secrets’.

And this fellow had already touched the threshold of the ‘Divine Secrets’?

“He doesn’t even have the ‘Pearl Gem Star Eyes’...”

Thinking of this, Yu Zhiwen was even more shocked.

“Respected, passive value, + 1.”

However, even though he had an insight, Xu Xiaoshou still did not succeed.

Without Yu Zhiwen’s pair of Star Eyes, he could not see the Way of the Heavnes with the naked eye. This was indeed the biggest injury.

At the moment, he still could not achieve true Unity of Man and the Heavens.

In other words, he still could not go into the state of Unity of Man and the Heavens whenever he wanted to.

This was actually also what all Masters yearned for but could not achieve.

Since they couldn’t enter the insight state of Unity of Man and the Heavens, no one could see the Way of the Heavens. Naturally, there was no way for them to change the Way of the Heavens.

However, after trying it out a little like this, Xu Xiaoshou felt that he already had a chance.

He had the foundation of the Divine Secrets, what he was lacking was the Star Eyes.

However, the Star Eyes’ ability to see the Way of the Heavens could be replaced by one thing.

“Perception!”

That’s right, it was “Perception”!

“Perception” at Master lv. 1 could only allow Xu Xiaoshou to vaguely see a little of the traces of the Path.

However, with this direction, Xu Xiaoshou estimated that the subsequent upgrades of this passive skill would definitely develop towards the path of clear traces of the Path.

And as long as his cultivation reached the Master Stage, his “Perception” rose to the Sovereign Stage.

“I’ll be able to achieve Divine Secrets in one go!”

The sudden burst of light in Xu Xiaoshou’s eyes startled Yu Zhiwen.

“Are you alright?”

She comforted him with concern, “It’s normal for you to be unable to see anything on your first try. It’s already pretty good that you managed to enter the state of insight with one try. There’s no need...”

The more Yu Zhiwen said, the more she felt something was off. Words like “there’s no need to be sad” were also cut off and swallowed back into her stomach.

Xu Xiaoshou did not look even the slightest bit sad.

This fellow looked as if his inability to comprehend the Way of the Heavens was something worth rejoicing over.

He was simply too happy!

It was as if failure made him happier than success.

“As expected of a weirdo...”

“Criticized, Passive Points +1.”

“What are you thinking about? Be quiet for a bit.”

Xu Xiaoshou placed both hands above his head, and did not dare to even use his spiritual source. He relied solely on the strength of his physique to block the huge force above him.

The surroundings shook and trembled even more violently.

Clearly, the White Bone beast tide was already infinitely close to the top of the two of them.

Yu Zhiwen no longer let her imagination run wild. She raised her head slightly and stared at the soil above her head with a similarly grave expression.

“Can you withstand it?”

She lowered her voice and asked.

The two of them did not dare to use their spiritual source. Once they used it, the group of berserk fellows above them would definitely sense it.

Although the possibility of them digging underground was not high, but what if?

“Humph!”

In response to her, when the tremor reached its peak, Xu Xiaoshou could not help but let out a muffled grunt.

Yu Zhiwen looked over worriedly, only to see Xu Xiaoshou’s face flushed red. Veins bulged on his forehead and neck, and bean-sized beads of sweat instantly dripped down.

Her heart tightened.

It was a scene that she could imagine:

The White Bone beast tide whizzing past above their head.

The two fellows hiding at the bottom could only rely on their physical bodies to forcibly prop up the group of White Bone Giants that were already extremely heavy.

The most important thing was that Yu Zhiwen realized that she couldn’t help at all!

If she used the Divine Secrets, she would definitely be noticed.

But just watching...

Yu Zhiwen couldn’t bear it.

She hesitated for a moment, then slowly stretched out her hand and tiptoed to support the soil above her.

The pressure that Xu Xiaoshou felt didn’t decrease in the slightest.

Clearly, this girl had also used her full strength.

But her full strength... was like a drop in the bucket.

“What are you doing?”

Xu Xiao’s voice buzzed, and he was almost amused.

With your little hands and feet, what can you help with?

“I...”

Yu Zhiwen’s pretty face turned red. “I want to help.”

“Your help is like nothing.”

“...”

This time, even Yu Zhiwen’s snow-white neck was dyed red. For a moment, she did not know whether to stop or not to stop.

“Stop your supernatural powers.”

Xu Xiaoshou’s eyes were smiling.

The White Bone Giants were indeed a little heavy, but he had “Strengthen”, “Recoil”, and “Toughness”. With the ground under his feet as a fulcrum, there were very few people in the world who could bend his knees.

These beings didn’t even have intelligence were obviously not included in this list.

Yu Zhiwen obediently stopped.

For a moment, she didn’t know what to do. She looked at the indomitable Xu Xiaoshou in a daze, and her heart began to beat faster.

There were clearly deafening roaring sounds above her, but she felt that she could even hear the thumping of her own heart clearly.

Bean-sized beads of sweat dripped down from the young man’s forehead, past the corner of his brows, and into the rim of his eyes. However, they seemed to be unwilling to continue falling, and instead, they accumulated in his eye sockets.

When the next drop fell and converged, it suddenly drilled into Xu Xiaoshou’s eyeballs.

In an instant, the feeling was so sour that the crow’s feet at the corner of this fellow’s eyes started to form.

The corner of Yu Zhiwen’s lips curled up.

“What are you laughing at?”

Xu Xiaoshou immediately noticed it.

The space in the small pit was too narrow, but his “Perception” could see it so clearly.

Let alone Yu Zhiwen's accelerated heartbeat, he could even detect the sound of her breathing.

She was so close.

However, he glanced at the information panel.

He wasn't 'mocked'?

Then what was she laughing at?

"Nothing."

Yu Zhiwen didn't know why she wanted to laugh, but seeing the seemingly invincible Xu Xiaoshou defeated by his own sweat, she wanted to laugh.

She hesitated for a moment, then slowly reached out her hand again.

"What are you doing?"

"Don't do anything rash!"

Xu Xiaoshou was on guard. It was fine if this girl wasn't honest, but she still wanted to take advantage of him?

It was fine if you were sent flying, but if they were discovered by those guys above them, they would all die together!

"Sneak attack!"

Yu Zhiwen snorted. The hand that had already reached Xu Xiaoshou's face opened up, revealing a small handkerchief inside.

"You..."

Xu Xiaoshou was stunned.

The words "how dare you" came to an abrupt stop. He stared blankly at the girl in front of him who was seriously wiping the sweat off his forehead.

Thump thump...

Thump thump...

He did not know whose heartbeat it was, but it was magnified infinitely in his "Perception".

"Cared for, Passive Points +1."

"Taken Care of, Passive Points +1."

"..."

For the first time, the information bar showed a side of warmth. And for the first time, Xu Xiaoshou felt the uncomfortable feeling of wanting to say something but being unable to say it.

"Xu Xiaoshou."

Yu Zhiwen suddenly called out in a low voice.

Xu Xiaoshou fixed his eyes on the girl in front of him. For the first time, he realized that this girl was actually very good-looking.

Her thin willow-like eyebrows were flat and her jade-like brows were warm, and her eyes were warm and gentle .

Even though the veil covered the lower half of her face.

And even if he directly ignored the most eye-catching pair of Star Eyes.

The combination of Yu Zhiwen's facial features was also comforting to the extreme.

Just a glance was infinitely gentle.

"What?"

Xu Xiaoshou could not shift his gaze away.

Yu Zhiwen's hand that was wiping away sweat paused slightly. Her lips and teeth were slightly open, as if she was somewhat embarrassed to speak.

Her face was flushed red. She slightly shifted her gaze away, not daring to look at him. Only then did she use her toes to exert force.

"Xu Xiaoshou, come with me!"

Crack!

The scene instantly quieted down.

"Seduced, Passive Points +1."

Boom!

Xu Xiaoshou's feet shook, and his hand became unstable. The soil above poured down, drenching Yu Zhiwen into Yu Chitu (a fish eating soil).

"..."

"Cursed, Passive Points +1."

"Missed, Passive Points +1."

"You seduced me!" Xu Xiaoshou said emotionlessly.

Yu Zhiwen instantly rolled her eyes.

She stretched her neck and tilted her head, "What I mean is! After we get out of the White Cave, do you want to come with me and return to the Holy Divine Palace? !"

"Tiansang Prefecture is too small. The Central Region is your stage."

"If you spend too much time in this kind of place, it will only waste your talent!"

Xu Xiaoshou looked at her increasingly excited expression and pursed his lips, "Lower your voice."

"Oh."

Yu Zhiwen also realized that she had lost her composure. She immediately took a step back with a red face and stuck herself to the mud behind her.

"Exhale ~"

"Inhale~"

The pit quieted down in an instant. The booming sound from the top was extremely ear-piercing at this moment.

"What do you say?"

Turning her head away, Yu Zhiwen did not dare to look at him.

Thinking of the sentence "you seduced me" just now, she was unable to vent her anger. However, after hesitating for a moment, she still asked.

"Do you really, only mean that?" Xu Xiaoshou asked.

"I..."

Yu Zhiwen paused for a moment before nodding her head. "Yes."

"You hesitated."

Xu Xiaoshou said bluntly, "You paused for half a breath's time. You're lying."

"..."

"Cursed, Passive Points +1."

"Xu Xiaoshou!"

"Shh."

"..."

"Cursed, Passive Points +1."

Crack Crack!

The sounds of Yu Zhiwen's clenched fists suddenly rang out.

The two of them lowered their heads at the same time. The girl hurriedly pulled her hands behind her back and buried them into the soil.

"You want to beat me up?"

Xu Xiaoshou's expression did not look good.

He had worked so hard to hold up a world, but his fellow comrade wanted to beat him up instead of thinking about repaying the favor to him?

“No.”

Yu Zhiwen’s face turned red again. “I’m didn’t.”

“Deceived, Passive Points +1.”

“Hehe, woman!”

“I...”

“Is this your sincerity? Using your fists to recruit me?” Xu Xiaoshou sneered.

“No, listen to my explanation.”

“There’s no need to explain. It’s impossible for me to go with you.”

Xu Xiaoshou pretended to be confused and decided on this matter.

He had heard similar invitations countless times.

The masked man, Luo Leilei, Xin Gugu..

Almost everyone who had some power behind them wanted him.

But how could he, Xu Xiaoshou, answer?

He had tried all kinds of apparent rejections, but the results were not very good each time.

Moreover, with Elder Sang watching him from above, how could he go?

There was no way out.

Yu Zhiwen’s eyes widened. She could not believe that Xu Xiaoshou really rejected her just because of such a small fist.

“You, you can consider it carefully.”

She pursed her lower lip. “I’m serious.”

“He he, woman.”

“...”

“Cursed, Passive Passion +1.”

Tired.

Yu Zhiwen felt that her heart was very tired, and she did not have the strength to continue wiping Xu Xiaoshou’s sweat. She leaned against the back wall which supported her legs.

Her back was drenched in sweat, and she felt a chill.

This was the first time she had tasted rejection. To be honest, she felt very uncomfortable.

It was as if the sky had collapsed, and everything was silent.

“Huh?”

Yu Zhiwen did not hold on for long before she felt that something was wrong.

“It’s really quiet?”

The noisy roars on the top suddenly became quiet?

“The White Skeletons have passed?”

She asked in surprise.

Xu Xiaobei also sensed that something was wrong. He compressed his “Perception” to become longer and swept it upwards.

It was a dense mass of White Bone Giants!

“They haven’t passed.”

He swallowed his saliva and forced himself to calm down. “They’ve stopped.”

With a thud, Yu Zhiwen felt her heart skip a beat.

“Stop where?”

“Above our heads.”

“What do they want?”

Xu Xiaoshou did not respond.

How would I know what they want?

Could it be that these beings’ goal was really the two of them?

But something was not right!

How could the two of them be attractive to these White Skeletons?

Yu Zhiwen did not have this possibility.

He...

A little!

But even if he had the Infernal aura, he didn’t have the Infernal energy core, nor did he have the emergency syrup!

What the f\*ck were they chasing after!

“No!”

“They’re not chasing us...”

Xu Xiaoshou's pupils suddenly constricted.

Before the White Bone beast tide arrived, why were the two groups of White Bone Giants fighting here?

Was it a coincidence?

If it wasn't for this beast tide, it might have been a coincidence.

But at this moment..

"For the treasure!"

Xu Xiaoshou's breathing instantly became heavy.

To be able to attract the White Bone teams to fight and to attract the White Bone beast tide, it must be a fire type supreme treasure!

Then, where was the supreme treasure?

Xu Xiaoshou's "Perception" looked at the White Bone Giants that were hovering above and slowly closed his eyes.

He had misjudged.

Since these guys stayed here, the supreme treasure must also be here.

So, where is it?

#### **Chapter 460: A Famed Sword Under Their Feet at the Start**

"Under our feet?"

Yu Zhiwen was obviously very smart as well. She immediately thought of the same thing as Xu Xiaoshou.

Since the two of them were destined to not attract such a White Bone beast tide.

Then, these sensitive guys must have smelled something powerful enough to make them stronger, which was why they swarmed over.

The two of them lowered their heads. Yu Zhiwen first sent her spiritual sense down, but found nothing.

Xu Xiaoshou had an even stranger expression.

Before he opened the hole, he had already compressed the range of his "Perception" and scanned the area below.

He was afraid of encountering a terrifying mutated species — the version of a White Bone Giant excavator.

But just now, let alone the White Skeleton, there wasn't even a strange stone that emitted special spiritual energy.

How could this treasure be hidden under their feet?

"Could it be that it's even deeper?"

His heart trembled.

Sensing that the area above had quieted down, creating a wave of White Bone beast tide that seemed to be like the calm before a storm, Xu Xiaoshou didn't dare to let his imagination run wild.

He once again compressed the range of his "Perception" and extended it in a linear shape, rapidly striking downwards.

He still found nothing!

"This..."

In the pit, the man and the woman looked at each other, speechless.

Yu Zhiwen had even secretly used her Star Eyes, but other than calmness, there was nothing else.

"Could it be that the beast tide is tired, so they stopped to rest?"

She blurted out these words in a daze.

After saying that, her face began to blush.

Had she been with Xu Xiaoshou for too long and was she infected?

Such absurd words were actually coming out of her mouth..

Xu Xiaoshou was not in the mood to joke anymore.

Unable to see the movements below, he immediately returned his attention to the pile of white bone giants at the top.

The beast tide was too huge!

Even though his perception range was great, he still could not completely cover it.

One could only imagine how spectacular the number of White Skeletons that had come to surround them this time was.

Xu Xiaoshou could not understand the situation in a large area.

However, he could clearly see the movements in small areas.

Xu Xiaoshou held his breath and focused his attention, quietly waiting for the following actions of the White Skeletons above him.

As expected, after the group of Giants rested for a moment, they really did have follow-up actions.

It could be seen that the White Skeletons, who were usually irritable and sometimes even began to fight just because they looked at each other.

At this moment, they were completely silent while squeezing around and did not make a single sound even if their feet were crushed due to the squeezing.

In the end, after some pushing and shouting, finally, many toes were left in the middle of the beast tide, and a small space was made.

“Roar, Roar, Roar...”

Surrounding this small empty space, the White Skeletons roared hoarsely. Their bodies seemed to be moving rhythmically, as if a group of barbarians who were surrounding a bonfire and getting ready to dance.

This scene which looked sacrificial was really too eerie.

Xu Xiaoshou felt a toothache as he watched.

When he suddenly came to, he realized that he was using his “Perception” to probe upwards.

In other words, this small piece of empty land was directly on top of the two of them?

“I’m a little scared...”

Yu Zhiwen, who had opened her Star Eyes, obviously also saw this scene.

The girl was really panicking.

Even if the White Bone Giants dug and wanted to scratch the two of them out, it might not be as horrifying as this scene.

After a wave of beast tide, they stopped their encirclement and began a sacrificial ceremony?

“That’s not right!”

Xu Xiaoshou’s pupils suddenly constricted.

The White Bone Giants would definitely not start such an act for no reason.

And if it was a sacrificial ceremony, these guys did not even have an altar.

On the contrary, looking at this group of excited and expectant big guys who occasionally looked to the ground..

“What are they waiting for?”

Xu Xiaoshou suddenly felt his heart stop beating.

White Bone Giants, fire-type supreme treasure, underground, waiting..

“The f\*ck, it can’t be a volcanic eruption, right?”

Xu Xiaoshou was terrified.

He suddenly saw the big cuties jumping up and down above suddenly stop moving together. As if they were frightened by some special aura, they retreated again.

“Ambushed, Passive Points +1.”

This sentence suddenly appeared on the information bar.

At this instant, even without this reminder, Xu Xiaoshou could feel a scorching energy rising from the depths of his feet.

The speed was so fast that it was rarely seen in the world!

“Not good!”

Xu Xiaoshou pounced, hugged the girl in front of him, and hid her under his arms.

With a collision!

With a “Bang”, the two of them instantly flew several feet away from the side of the deep underground.

Yu Zhiwen was stunned.

She had naturally felt the same burning energy.

Just as she was about to react, Xu Xiaoshou had already flown away with her in his arms!

This was the first time she had fallen into the arms of an unfamiliar man.

To be honest, the throbbing feeling of dizziness had directly impacted her perception of the outside world.

Xu Xiaoshou’s embrace... Yu Zhiwen’s heart was beating wildly.

She completely did not feel the feeling of warmth and gentleness described by novels and stories which would come with protective desire.

On the contrary, there was only the intense pain that came back from the impact of her body hitting the ground in an instant.

But even under such circumstances, Yu Zhiwen knew that Xu Xiaoshou was already doing his best to deflect the force.

Otherwise, the other party might unconsciously exert a force, catching them off guard, and she might shatter on the spot.

..

“Charge –”

Almost at the instant that Xu Xiaoshou pounced and flew, the pillar-shaped lava light energy from underground rose rapidly from the spot where the two of them had originally landed.

In less than half a breath’s time, it completed the leap from the Abyss to the Heavenly Court.

“Boom!”

The moment it broke out of the ground, the lava light pillar instantly overthrew a group of White Bone Giants who thought that they had already retreated far enough, and connected to the sky.

At this moment, almost the everyone in the White Cave had discovered this Heaven and Earth phenomenon.

The mountains shook and the earth shook, and the four seas buzzed.

The burning and scorching aura spread out in all directions, instantly melting the nearest White Bone Giant into ashes.

“Roar!”

The brainless, physically well-developed cuties panicked.

Stepping on one another’s feet and their shoulders rubbing against each others’, they wanted to leave.

Even if it meant putting their companions under their feet, they would not hesitate.

But it was too late!

After the lava light pillar reached its highest point, it finally could not suppress the energy of the light beam and exploded horizontally.

“Rumble...”

At this moment, it was as though a disaster had arrived.

Lava poured down, and a fiery rain fell from the sky.

The dust within a radius of tens of miles instantly exploded, followed by a fiery lava wave that could be seen with the naked eye.

It was as though it had been struck by a Deity’s heavy hammer. This kind of destructive energy spread out, and the Earth was destroyed on the spot, the void suddenly split open.

A black hole enveloped and swallowed everything.

A small part of the White Bone beast tide was directly destroyed, and not even their ashes could be seen.

The rest, who had resisted the energy shockwave, were also swept hundreds of miles away.

..

“My God...”

Yu Zhiwen watched all of this happen in a daze.

She didn’t understand, this kind of energy, which was enough to kill a Sovereign, had just exploded a mere few feet away from her.

How did she survive?

Not only did she survive, but she was also unharmed? !

She stood up shakily.

As far as the eye could see, it was like the end of the world.

Under the black void, countless black-spotted pythons made of the black and red lava moved around wantonly.

Clearly no intelligence could be sensed from them, yet they seemed to be alive as they moved their shockingly huge bodies.

An abyss that was dozens of miles wide spread out from the center of the lava light pillar.

The scattered pieces of the White Bone Giants' corpses fell randomly, indicating that the world was no longer the same as before.

"I'm still alive?"

Yu Zhiwen felt that it was extremely absurd, as if everything was a dream.

The sudden beast tide, the sudden two-persons' world, and the sudden outbreak...

Her heart was suddenly in turmoil.

"Oh right, where's Xu Xiaoshou?"

At this moment, a ray of golden light appeared at the bottom of her eyes along with the disappearing black void.

Only then did Yu Zhiwen realize that she was no longer underground. Instead, she had flown into the sky.

No.

Not Flying?

The sense of solidity at the bottom of her feet when she touched an object would not lie.

Yu Zhiwen was stunned as lowered her head. Shockingly, she saw that she was also stepping on a layer of golden light.

She finally realized something.

She looked back.

She raised her eyes.

A red-eyed golden giant?

At that moment, Yu Zhiwen was shocked beyond words.

In the absurd world of Doomsday scenery behind her, a golden giant was protecting her with both hands?

And the scene she saw just now was the world between the giant's fingers?

Yu Zhiwen would probably never forget this scene for the rest of her life.

She stared blankly at the face of the golden giant. After a long time, she finally saw a familiar trace. She immediately cried out in shock,

"Xu Xiaoshou?"

..

“Called, Passive Points +1.”

Xu Xiaoshou’s spiritual altar trembled. Finally, he found a life-saving straw in the endless sea of pain.

Grasping the source of the sound, he managed to pull his consciousness back from the brink of collapsing.

“Crack crack –”

The Berserk Giant’s body cracked. After a slight tremble, it exploded with a bang.

Xu Xiaoshou, who was covered in blood, could no longer hold on and fell directly from the sky.

“Whoosh!”

Yu Zhiwen was quick-witted and caught him in a flash. She slowly landed on the ground and helped him up. Only then did she ask in surprise and concern,

“Xu Xiaoshou?”

It seemed that other than repeating these three words, there was nothing else that could express her shock and bewilderment.

That golden giant...

What kind of spiritual technique was it?

Xu Xiaoshou could actually transform into such an existence with his Innate cultivation and then receive such a violent attack?

“Heaven and Earth phenomenon...”

Yu Zhiwen smiled bitterly.

She knew about the Heaven and Earth phenomenon.

This was a special phenomenon that would only occur when a peerless treasure that was parasitizing on the Heaven and Earth’s nutrients was born.

Basically, every time it appeared, a nearby city or even a prefecture would be wiped out.

However, Yu Zhiwen never expected that in her life, she would actually encounter a situation where a Heaven and Earth phenomenon would explode beside her.

If one were to say that this was bad luck, perhaps the number of people in the world who would encounter such a situation could be counted on one’s fingers.

But if one were to say that it was extremely good luck...

Yu Zhiwen knew that without Xu Xiaoshou, she would have already been dead at this moment.

The treasures that accompanied the Heaven and Earth phenomena were indeed powerful.

However, under the circumstances of losing one's life, who would dare to talk about good or bad luck?

"I owe you my life..."

Yu Zhiwen muttered with some grief.

She hugged Xu Xiaoshou's cold head and looked at the desolate world. Finally, she could not suppress the sadness in her heart and buried her chest and sobbed.

However, only after a while the sobbing sounds rang, a trembling groan came from her chest.

"Stuffy..."

"Eh?"

Yu Zhiwen's sobbing stopped.

She let go of Xu Xiaoshou slightly and did not dare to make any big moves in case she hurt him again.

Then, she was shocked to see that this guy's broken body was being repaired at a speed visible to the naked eye.

If she hadn't left so quickly, perhaps even her own body would have been repaired!

"This..."

"Suspected, Passive Points +1."

"Xu Xiaoshou, you're not dead?"

Yu Zhiwen wiped her tears.

She didn't expect that Xu Xiaoshou would be able to protect her under such a strike, and that he himself wasn't dead either?

That was an injury that even a Sovereign couldn't have withstood!

Xu Xiaoshou looked up in confusion until he regained some consciousness. Then, he moved his head to the outside and saw Yu Zhiwen's tearful face.

He abruptly realized something and turned his head back.

"I can die a little longer."

"You."

Yu Zhiwen was instantly angered to the point of laughter.

She directly pushed away the head of the fellow that was trying to take advantage of her. Then, she said blushing, "Looking at the situation now, and you're still not serious?"

With a "thump" sound, Xu Xiaoshou fell to the ground.

In the past, he had only experienced the situation where one of his passive skills "High Spirits" was completely empty.

But now, he had tasted everything.

Just the fact that his head fell to the ground was enough to make him grimace in pain. He was unable to speak for a long time.

This explosion was too strong. It almost crippled Xu Xiaoshou.

He had bombed many people back in the day, so he was going to be bombed eventually?

Xu Xiaoshou was speechless.

Yu Zhiwen saw his head hit the ground and panicked again.

“Are You... Are you alright?”

She wanted to help him up, but Xu Xiaoshou pushed her hand away in annoyance.

“I’m fine.”

“I saved your life. Is this how you repay your Savior?”

“I’m fine. I’m very well. My head, my hands, and my entire body don’t hurt at all!”

Yu Zhiwen:”...”

She looked at Xu Xiaoshou struggling with his head in his hands and suddenly broke into a smile.

“You’re like a child.”

Xu Xiaoshou was instantly enraged.

“You’re the one who’s like a child! You’re like a child from head to toe!”

His gaze suddenly stopped. “Except for this...”

“Aiyo!”

After being slapped in the face, Xu Xiaoshou who managed to struggle up halfway was pushed to the ground by Yu Zhiwen again.

After the girl finished her attack while her earlobes were burning, she realized that she had used too much strength.

“Are you, are you alright?”

Xu Xiaoshou:”...”

Did this girl had short term memory loss?

This sentence again?

“I’m fine.”

“I saved your life. Is this how you repay your Savior?”

“I’m fine. I’m very well. My Head, my hands, and my whole body don’t hurt at all.”

Xu Xiaoshou's tone didn't even change a bit.

Yu Zhiwen's beautiful eyes blinked. She vaguely felt that these words were familiar.

On second thought, wasn't this what Xu Xiaoshou had said just now?

Word for word?

"Good Lord!"

Her smiling eyes immediately curved. She raised her fist and threatened, "Keep talking nonsense!"

"You want to beat me up again?"

Xu Xiaoshou glared at her.

Yu Zhiwen had already learned not to accept any of Xu Xiaoshou's rhetorical questions. She raised her chin and pursed her lips.

"Yes!"

"Deceived, Passive Points +1."

Xu Xiaoshou's flirtatious words were suddenly interrupted by the information bar.

The lava light pillar was still shooting up into the sky beside his ears.

The black hole sizzled, and the space was quickly repairing itself.

The White Bone Giants' screams rang out and died down one after another, which was probably what the scene of apes on both banks could not stop crying would sound like.

And within the apocalypse, the scene that the two of them had frozen in place seemed to have really quieted down.

Xu Xiaoshou looked with some infatuation at the girl who was holding her fist and feigning anger.

The cherry lips were like a touch of vermilion on her oval face, and her messy black hair fluttered in the noisy wind.

She had bright eyes and white teeth, the traces of tears on her face were slightly cold.

There was a trace of anger that had risen from being provoked on the face of the weeping beauty, just like how there was still some peace and quiet left for the two in this apocalypse.

"You're quite good looking, why wear a veil?"

Xu Xiaoshou retracted his gaze and pushed away her fist.

Feeling that his body had recovered a little, he slowly stood up.

"What do you mean by pretty, veil..."

Yu Zhiwen was puzzled. Suddenly, her beautiful eyes widened and her palms patted on her cheeks in a panic.

With a touch, she knew that the veil was gone.

“You!”

There was no sunset glow, but Xu Xiaoshou had seen this girl blush countless times during this short period of time.

Was she not too shy?

He smiled as he said, “I thought there would be some unique scars or marks left behind from your insensible youth, but in the end, there were none.”

“You’re so beautiful. Why are you wearing a veil? Are you afraid of provoking other girls?”

“I...” Yu Zhiwen’s pretty face turned red again.

She could tell that Xu Xiaoshou was praising her.

But why did the words coming out of this guy’s mouth sound so awkward?

“Shut up!”

She cupped her face and turned her head away.

The scene of the Apocalypse seemed to be more beautiful than Xu Xiaoshou at this moment.

Yu Zhiwen’s heart pounded wildly. She knew that there was a spare veil in her ring, but she suddenly couldn’t remember it.

Xu Xiaoshou laughed but didn’t say anything. He didn’t continue to tease the girl, but instead shifted his gaze to the lava light pillar that had blown him away.

His reaction was very quick.

When he realized that this thing would explode again, he had actually thought of taking out his Yuan mansion.

But at that point, it wasn’t that it was impossible for Yu Zhiwen to find out about the situation of his Yuan Mansion.

It was that he didn’t know if the Yuan Mansion space couldn’t withstand this attack and shatter.

Then, would he, who was in an extradimensional space, die on the spot, or be exiled into the void?

Or...

Be transported again?

Xu Xiaoshou could not afford to gamble.

His academic qualifications were not high.

In regards to space and physics, he only knew the simple maxim “give me a fulcrum”. He could not even remember the next sentence.

Something like three-dimensional, four-dimensional, or folded space theory..

He couldn't figure them out.

Since he couldn't figure them out, the best way to receive this attack was to use his body!

Therefore, after putting on a layer of turtle shell from Elder Sang, he grabbed the bronze shard.

As expected, the turtle shell was blown away in an instant.

He had no choice but to transform into the Berserk Giant and then barely protect Yu Zhiwen.

"So, where's the Big Bathtub?"

Xu Xiaoshou's "Perception" spread out and finally found the square cauldron that had been blasted into the ground far away.

Unexpectedly, there was not a single crack on this thing.

"As expected of that old fellow's thing..."

Xu Xiaoshou used his sword will to control the big bathtub to fly back.

It was because the explosive force was too strong and he could not pull onto the big bathtub anymore.

Otherwise, if they were really covered by this thing, he might not have been injured so badly at this moment!

He quietly put away the bathtub.

Yu Zhiwen was also silently watching from the side.

The two of them did not speak.

At this time, the energy of the lava light pillar seemed to be about to be finished releasing.

A faint shadow appeared in the light pillar.

Xu Xiaoshou did not dare to use his perception to probe.

It was too hot.

He felt as if his soul was burned at the touch.

This aura seemed to be even hotter than his Infernal aura.

Even if Elder Sang came, he might not be stronger than this flame aura.

"What is it?"

He frowned and narrowed his eyes. Before he could see the faint shadow clearly, the ground in the surroundings suddenly began to tremble.

"This is..."

Yu Zhiwen and Xu Xiaoshou looked at each other. Both of them were surprised.

“Sword will?”

The shadow hidden deep in the lava light pillar was actually a sword?

“The Fourth Sword?”

Xu Xiaoshou blurted out at the first moment. This time, he even had the urge to pull out the Black Scabbard to check it out.

“No.”

However, Yu Zhiwen shook her head directly.

Her pair of Star Eyes became lively as she stared straight at the lava light pillar. Finally, she could not help but cover her red lips in shock.

“What is it?”

Xu Xiaoshou asked.

“The Flame Python!”

Yu Zhiwen’s voice contained unconcealable shock.

“The Flame Python... What is it?”

Yu Zhiwen tilted her head and looked at Xu Xiaobei in shock and disbelief. Only then did she slowly exhale and say,

“Famed sword, third place!”

“Famed sword?”

Xu Xiaoshou’s heart suddenly tightened.

He had seen famed swords before!

Su Qianqian’s Epitaph of City Snow, Lei Shuangxing’s Divine-beating Crutch, Sword-hugging Swordsman’s Yuelian, the Swordsman with nine swords’ Bewitching Demon...

But those were not his swords!

As a swordsman, it was not a lie to say that he could cultivate “Hidden Bitter” into a famed sword relying on his own heart energy.

Xu Xiaoshou really thought that he could.

But similarly, as a swordsman, when he saw that the other swordsmen could hold famed swords in their hands, but he could only hold a mere eighth grade spiritual sword from one of the sheaths of the Eighth Sword Deity’s previous swords...

He would be lying if he said he wasn’t sad.

Xu Xiaoshou needed a sword.

One which would allow him to not have to give up on his strongest sword skill, and turn to use the Way of Spiritual Cultivation and the Way of the Forged Body under the circumstances where “Hidden Bitter” couldn’t be used.

At this moment, in the Heaven and Earth phenomenon that had exploded beside him and blew him into pieces that he almost died on the spot.

Fire type!

Famed Sword!

Wasn’t this made for him?

Xu Xiaoshou was ecstatic.

This time, he could not calm down.

He wanted the “Fourth Sword” because although the sword was known for its ferocity, it was not listed as a famed sword. It was a peerless existence which surpasses the famed sword.

And at this moment, he had a second path.

A simplified version of the path!

That was to completely give up on fighting for the “Fourth Sword” and completely abandon all the risks that he might encounter. Instead, he would choose the one in front of him...

A famed sword!

“Flame Python...”

Xu Xiaoshou looked at the wriggling pythons in the surroundings that were formed from the black and red lava. For the first time, he felt what “a blessing in disguise” meant.

“Are you a swordsman?”

He suddenly turned his head and looked at Yu Zhiwen.

Yu Zhiwen was taken aback.

She immediately thought of Xu Xiaoshou’s Black Scabbard.

If she was not a swordsman and an admirer of the Eighth Sword Deity, why would she want the black falling scabbard? Why did she have to go through so much trouble to come to this small place of Tiansang Prefecture and suffer?

“No.”

She shook her head with a smile, and spirit patterns jumped out from between her fingers. “I told you, I’m a Divine Sorceress.”

“Deceived, Passive Points +1.”

Xu Xiaoshou’s excited mood paused.

He swore.

If this information did not appear in the information bar, even the self-proclaimed Master Xu who had the absolute ability to see through people's hearts, would not be able to tell that Yu Zhiwen was actually lying with a smile.

After taking a deep look at the girl, Xu Xiaoshou said solemnly, "The famed sword is mine. In the future, if there's anything you want, tell me."

"Okay!"

Yu Zhiwen agreed immediately. She tilted her head slightly and smiled like a flower. "That's a famed sword. In the future, I won't hold back on my request."
