

chapter 17

I knew what I needed to do. There not my family it was all a lie. I needed to get as far away as possible. I couldn't be around them anymore. I didn't give a damn about anyone or anything. All I know is wanted the avengers gone. They all knew. Wanda knew. She lied and lied. Told me I was a monster multiple times and plated with my feels just so I'd turn my humanity back on so Tony would have me fight thanos. Fuck them. I wont fight thanos. Better yet I'll Join him.

I goto the one place I know I can find one of his followers. Dr stranges house. I head there instantly. Not stopping when I see tra ic almost running ms over. Instead I move any car I see out of the way. Don't worry not killing anyone. I didn't turn my humanity back on just to turn it o because of wanda. I need this rage to finish the job. I want to see the look on all of their faces when I betray them.

When I get to stranges there's already distruction everywhere and two alien dudes. One is skinny and really tall. The other is massive but very dumb looking. I walk over to them and they turn to face me.

I sco "No dumbass I'm here to join him. Not worship him"

"You?" He asks mockingly looking me up and down unamused.

"Look I could kill you both with my eyes closed. Just show me where the big guy is"

So it's probably a good idea to let it. Once I get to the top I look around not seeing anyone or anything. Its pitch black. Then I head foot steps making me a little on edge.

"Look I'm here to join thanos" I shout. But no one replies. The silence is deafening.

"You got guts kid. I'll give you that. So you want to join me?"

"I want the avengers extinct"

He smirks Evily "you'll get what you want. But first I need to your help"

"Anything"
