

chapter 18

He smirks placing a hand on my shoulder "I want you to help me to find the mind stone"

"I know where it is. I can get it. I just need to go back to the avengers compound"

"What's your plan little one?"

"I'll trick them just how they tricked me. I'll make them think I've forgiven them and when they least expect it I'll strike. I'll kill the vision and take the mind stone"

He looks at me with questioning eyes "how do I know I can trust you?"

"You don't. But you can trust that I want the avengers gone. All of them. I won't fail this"

He nods "Okay. I trust that. You better get going. I need that stone in the next week. While your getting that stone I will be finding my daughter to help me to get the soul stone"

"1 week? Okay. See you then"

He nods using the gauntlet to teleport away. Guess I'll make my own way back to the compound then. Luckily for me I can speed walk. ^a

When I get back to the compound I take a deep breath before entering to be met by all 5 the avengers. My heart aching when I see wanda's blood shot eyes. But I quickly shake off my feelings. She betrayed me.

"Y/n your back. I'm so sorry please can we talk?" Wanda whimpers out. I scoo "now you want to talk. Why didn't you talk to me before and tell me the truth. I have nothing to say to you. I'm here for Tony not you" I angrily reply. Shoving past her to my father.

"Tony we need to talk. I have a plan to kill thanos" I lie. Needed to gain his trust back.

"Look kid I'm sorry"

"Don't. That's not why I'm here. I just don't want half the universe to die. Tell me how we can stop him"

He sighs shaking his head looking towards the ground. "I just have to make sure you know that I didn't want your emotions back so you would do this. It was partly the reason but I wanted my daughter back. That's all. I would never let you die. I hope you know that"

His words quickly make me second guess my choice. Is it the right thing to do? To work with thanos. At the end of the day he has never been a good father and he made wanda lie to me. I can't forgive that. I won't let my guard down again. ^a
