

Chapter 23

Once we are settled in our rooms I switch on the TV. Trying to find something good to watch. Vision is currently being set up for the mind stone removal. It's happening first thing tomorrow morning. I have a cool room. It's got a view of the whole city. It's stunning. ⁴

I've been thinking a lot about my place in all this. I still don't know if I'm doing the right thing by betraying them. I was so angry when I went to thanos. But now, I'm not so sure if I am. I mean I know me and wanda hate eachother right now but deep down i dont think thats true. What am i doing?

I shake o my doubts once more. They forced me to turn my humanity on. Just to help. Not because my father wanted a relationship with me. Neither did wanda. It was a task. Thats all.

A knock on the door pulls me from my thoughts. I slowly walk over to the door, opening it to reveal the gorgeous red head in front of me. "Is everything okay?" I ask, searching her eyes for any problems. "Shut up and get on the bed" she replies with a smirk, placing her finger on my chest. Pushing me gently into the room. ⁵

Her lips are instantly on mine, making me moan in response. Her hands snake around my waist, digging her nails into my flesh. She kisses me fiercely, pushing me closer to the bed. Once the back of my legs touch the bed, I sit down. She straddles my hips, never breaking the kiss. Her hands move to my top, li ing it up and over my head. Revealing my perky breasts. She cups both of my breasts, sucking and biting hard on the flesh. Definitely leaving marks. But I didnt care. I was in euphoria. I let my head fall back and sucumb to the pleasure only she could give me. I flip us around so im on top of her. Pulling her further onto the bed. I unbutton her oversized shirt that she stole from me, admiring her naked body.

"Your so pretty" i murmur, kissing her breasts so ly. I dont know why i was being so so but i didnt want to be angry with her anymore. I wanted to make love to her. She bucks her hips in response, gripping onto the bed sheets as my hands snake around her wasit. Letting my hand glide down her thigh. Letting my nails dig in on the way back up her thigh. Inching closer to her core.

"Y/n. I.. Please" she moans, gripping onto my hair, pulling me into a kiss. She flips us back over, removing my boxers to reveal my hard dick. She places hickies along my neck, stroaking my member, making me moan loudly. "Wandaa" i moan, making her smirk in response. "I dont hate you, you know that right" she asks, stopping her movements and cupping my face. A wave of releif washes over me. I didnt realise how much i needed to hear that. I roll us over. Onto our sides. Putting her leg on my waist, kissing her so ly. "I dont hate you wanda. Im sorry" i admit, kissing her so ly. She shakes her head "im sorry. So sorry darling."

I kiss her passionatly, putting all my emotions into the kiss. Letting my fingers travel to her dripping pussy. "Your always so we for me baby" i mutter against her lips. She bucks her hips, biting my lower lips. Her pupiles are darkee than ever before. "Just take me y/n. I need you inside me"

I slip my two fingers in hsr cunt. Curling them to hit her g spot. Pumping into her as fast as i can. She holds onto my shoulder for support. Kissing me hard. I remover my fingers from her cunt and olace them on her swollen clit. Rubbing it harshly, while slipping my cock into her. The position we are in is so intimate. She cuddles me while i pump into her. Making me feel closer to her than i have to anybody before.

Her hips buck uncontrollably against me as her orgasm approaches."y/n im.. Oh god im... Dont stop" she pants, her face burys into my neck as i feel her hot breath on my neck. I redouble my e orts making her crash over the edge. I thrust into her letting her ride out her high which triggers my own. As i ride out my high she kisses me so ly. "Just like thst y/n. Does that feel good" "yeesss" i whimper, releasing my seed into her. ⁶

"Your so sexy when you come" she whispers against my lips. I smile kissing her so ly. "Will you stay with me tonight?" She nods, cuddling up to me pulling the duvet on top of us. "I hate how quickly i fall for you y/n"

"Me too maximo . I fall for you more and more each day, no matter how hard i fight it. I fall right back into you"

"I dont want us to fight anymore" she admits, making my heart painfully clench. I cant betray her. I wont. I will kill thanos. I will make this right. "Me neither wanda. I cant loose you." ⁷
