

chapter 28

After an eventful night, me and wanda have a lie in. Spending most of the morning and a noon in bed. We spent it wrapped up in eachothers arms. Never letting eachother go. Never wanting to get out of bed.

"Baby?" Wanda says, tracing circles on my back. "Hmm?" I repond, too sleepy to talk. "Im scared" she honestly states, my heart shattering at the sound of her breaking voice. "I know, me too my love."

"Hes coming, i can feel it."

↵

"I know, he knows that i wouldnt go through with it. Hes not stupid. Which is why this plan wont work. He knows that only I can kill him. He knows that i will steal the stones from him."

"Baby this will work. Stop overthinking it"

"I know. Thanos will be dead by the end of today my love. I love you wanda, so so much."

She smiles, cupping my face kissing me passionatly "i love you too y/n so much. I will always love you"

I smile happily taking in all her beautiful features. Her bright, gorgeous smile and her eyes that let me see straight into her pure soul.

"I need to talk to my father, to finalise the plan. But ill come straight back to you. I will not leave your side until Thanos is dead."

She nervously nods. "I love you"

"I love you"

I see tony sitting by the window in the lab. "Hey Tony, can we talk? He turns to face me, his facial expression changes to a smile when he locks eyes with me. "Of course kid, whats up?"

"I just... I just wanted to tell you that i forgive you. I forgive you for making wanda flip my switch. I know that i have not been kind to you. Or anyone else for that matter but im honoured to be fighting by your side today father."

He stands up tacking me into a sencere hug "i love you kid" i hug him back tighter. "I love you too dad. Your a good father and im sorry for not seeing that sooner"

"I will always be here for you kid" i close my eyes, letting myself relax into my fathers arms.

"Y/n look out" Tony shouts. My eyes shoot open to see a spaceship headed straight for us. It shoots repeated bullets at us. But tony places a sheild in the way, guarding us both.

"I have to find wanda"

He nods in understanding, letting me find my girl.

"Wanda!"

She runs towards me jumping into my arms "im here" i kiss her quickly "we have to go."

"I know, everybody else is on the feild. Thanos is here y/n and hes strong"

"I know baby, lets show him what we got"

-

The battle was at a loss. Out troops were struggling to fight back anymore. I did what i promised and never le wandas side. But they were too strong. Tony was trying ti take the gaultlet from thanos but i wasnt working. I needed to get over there.

"Go y/n. I can reas your mind go" wanda shouts, blasting our enemies le , right and center. "Im not leaving you alone"

"Im fine go"

She proves her point by knocking out a few men.

"Okay, i love you maximo , give em hell" i say with a smirk.

"I love you too."

I race to my father to help him. But hes still to strong even for me. "Your pathetic" thanos spits, throwing me accross the feild. Tony, steve and thor are all fughting him but he knocks thor and steve unconscious.

"Guess its just me and you kid" tony says.

"I knew you were too weak to betray them. I saw it. I saw the future. I know your plan and its pathetic. You see i have the mind stone now. Your troops are weak. All it takes is one snap" he looks at the gaultlet, placing the mind stone into it. Then he blasts us further away. Tony is down and he aint getting back up. Oh hes not going to see this coming. 'Wanda grab his sword' i say telepathically.

She hears my voice grabbing it and sending it to me. I quickly grab the sword, stabbing it into my chest. I see his eyes widen as he grips onto his chest.

"You..." He screams, before collapsing down on the ground. A few moments later the stones bust, due to the gauntlet breaking. You see the gaultlet can onky be weilded by someone who is alive. As soon as thanos died, the stones became too powerful for his lifeless body. All those stones together was too powerful causing an explosion. Thanos is dead, my work here is done. My eyes flutter closed, as the pain stops.
