

C51

Five minutes, ten minutes, twelve minutes passed. There were only three minutes left.

Qian Duoduo and the others looked at each other and smiled proudly. It seemed that the so-called lawyer was just a pretense to stall for time.

Just as Qian Duoduo and the others were rejoicing, Ji Tianxiang received a call: "Really? You've come up? "Alright, I'll wait for you on the spot."

As expected of Shen Wansan's descendant, the butler chosen by his Ji Family was very efficient.

"Shabi, what are you so happy about?" "No matter how fast your lawyer comes, the time is almost here. Why don't you just enter the police station and steal something when you stole something? Why are you putting on an act like that?" Qian Duoduo sneered.

"Student Ji Tianxiang, you stole someone else's things and you've been caught red-handed, how could you still have the face to smile? Student Qian Duoduo is right, time is almost up. I think you should go to the police station and explain your innocence." Seeing

Ji Tianxiang's smile, Mentor Mu couldn't help but frown. Why was this male student so shameless? He didn't even have a heart of shame like before.

"Ji Tianxiang, just admit it. Although I can't see that you're a person at all, and you even learned how to steal, but no matter what, we still think it's better for you to turn yourself in to the police station."

"That's right, Ji Tianxiang. We're all classmates. You go and turn yourself in, and then let Qian Duoduo speak up for you in the name of your classmate. He'll try to make you stay in the cell for a few days less."

"However, I never expected that you would steal something just because you don't have money. Sigh, to think that we have a whole new level of respect for you."

When the students saw Qian Duoduo's watch being taken out of Ji Tianxiang's bag, they were all shocked. When they heard the teacher admitting that Ji Tianxiang stole Qian Duoduo's watch, they all believed it without a doubt.

Although Ji Tianxiang was poor, he had never stolen anything from others. No matter what, he was still a descendant of the Zhou Dynasty's royal family. No matter how poor

he was, he couldn't lose the dignity of a descendant.

No, how do they say they steal because they have no money?

A few days ago, he didn't tell everyone that he had won several hundred thousand gold coins and even invited his classmates to dinner. Why did they think that he had no money?

Ji Tianxiang looked around the class and saw Wu Yuhan sneering at him, just like how she used to look down on him and mock him for being poor.

Right, before he came to school, he was cheated by Wu Yuhan's lover for 150,000 yuan. That 150,000 yuan, he told Ma Qiangwei and Wu Yuhan it was his last money.

Wu Yuhan must have spread the news that he didn't have any money.

No wonder Qian Duoduo dared to come and frame him. No wonder everyone thought that he, Ji Tianxiang, was broke and wanted to steal Qian Duoduo's watch.

Lee Ming and Zhang Mangmang could only watch helplessly as Ji Tianxiang was slandered to death. They couldn't do anything to help him retort. Now, other than a strong evidence

to prove Ji Tianxiang's innocence, they had no other choice.

After all, Qian Duoduo's watch was really in Ji Tianxiang's school bag.

What kind of words can I use to say something for Ji Tianxiang?

Actually, even if a lawyer came, it couldn't directly prove Ji Tianxiang's innocence. At most, it would only be able to defend Ji Tianxiang.

"Teacher, I believe that Ji Tianxiang wouldn't do such a thing. A few days ago, he spent over a hundred thousand yuan to invite everyone to eat at Tianxin Garden." But even so, he couldn't just do nothing, right? Lee Ming stood up and said with a low voice.

It was enough for all the students in the classroom to hear.

"Yes, teacher. I can also prove that classmate Ji Tianxiang did not steal Qian Duoduo's watch. A few days ago, he just bought a house in the sales office in the blue sky. He paid for it in full." Zhang Mangmang pouted and stood up as she spoke.

"What?" Buying a house in the blue sky? "

"Oh my god, buy all the blue sky houses?"

"How rich must they be!"

"If that's the case, then Ji Tianxiang is very rich, there's no need to steal Qian Duoduo's watch."

"In that case, could it really be that someone is going to wrongly accuse Ji Tianxiang?"

"Shh, shh, stop it."

Zhang Mangmang's revelations had shocked all of the students in the class, including the Annihilation Master-in-Law, who was standing at the door.

Buying a house with a blue sky in it, what kind of concept was that? This was a house that she had never been able to buy even after working all her life.

Qian Duoduo rolled his eyes at Zhang Mangmang. This damned woman had ruined his plans. Damn it.

Ji Tianxiang glanced at Lee Ming and Zhang Mangmang gratefully. He must make them feel better in the future.

There were about 40 to 50 people in the class, only Lee Ming and Zhang Mangmang didn't add insult to injury, they even stood up to speak on his behalf.

Therefore, Ji Tianxiang was especially grateful to Lee Ming and Zhang Mangmang.

Qian Duoduo, Zhang Hao, Xue Ruhai, and Wang Fugui were all cautiously looking at each other while whispering to each other.

It was like stabbing a spine.

Especially Qian Duoduo's face, it was extremely pale, it was as ugly as it could be.

"So what if you buy a house in the blue sky?

"I can't hide the fact that Ji Tianxiang stole my watch. Everyone also saw that the watch is in his bag, this has already explained the problem, what more do you still want to argue about?" Qian Duoduo looked coldly at everyone as he spoke.

Qian Duoduo's words had changed the course of events again.

Some students stood in formation for Qian Duoduo, while others remained silent.

Ji Tianxiang looked at everything with cold eyes. He didn't say a single word and just let them say whatever they want. They were just a bunch of snobbish people anyway.

"Teacher, it's time. Ji Tianxiang's lawyer

didn't come, so you can send Ji Tianxiang to the police station." Xue Ruhai looked at his watch and warned.

"Student Ji Tianxiang, do you have anything else to say this time?" "Come with me." "Yes, master," Master Duo nodded as she spoke to Ji Tianxiang.

Just at that moment, the classroom door was opened with a bang.

Two people walked in. One was an extremely beautiful young woman, from head to toe she was a limited edition luxury, under her exquisite makeup, she had a noble and inviolable temperament. The other man, who looked like a middle-aged uncle, was much worse than the other woman, not just in terms of clothes, but also in terms of temperament.

The woman was Shen Xiaoxiao, and the man was the Principal of Beidu University.

"President, principal, why are you here?" When she saw the man, she was flabbergasted.

The principal indifferently glanced at her and coldly asked, "I heard that someone in your class is stealing something. Who is it?"

"Principal, it's him. A classmate named Ji Tianxiang stole Qian Duoduo's watch." Zhang

Hao pointed at Ji Tianxiang and said.

C52

"This student, did I ask you? If you want to say something rude here, Teacher Wu Mei, tell me what the situation is like. "

The principal bluntly sneered at Zhang Hao as he turned his head to give the order.

Shen Xiaoxiao walked in front of Ji Tianxiang and whispered, "Young Master, are you alright?"

Everyone's gazes followed Shen Xiaoxiao's body. When they saw her talking to Ji Tianxiang, they became faintly curious.

"Shh, Xiaoxiao, don't call me that. Just Tianxiang." Hearing Shen Xiaoxiao's shout, Ji Tianxiang quickly pulled her over and said.

"Hmm, Tianxiang, you're fine. Who was the one who wronged you for stealing my watch?" Shen Xiaoxiao said obediently.

"Heh, what does this beauty say? What do you mean wrongly accusing him of stealing his watch? It was clearly him who stole the watch, alright? " Wang Fugui said unhappily.

Beautiful girl, don't you try to confuse us, this poor competition can only pretend to

be pitiful and coax a girl's sympathy. In fact, people are too lazy to bother with it, he just stole our classmate Qian Duoduo's watch and still hasn't admitted it. Why did he say fifteen minutes and his lawyer had already arrived, but in the end, fifteen minutes passed and there wasn't even a shadow of him. Xue Ruhai said.

His eyes were fixed on Shen Xiaoxiao's face, flickering non-stop.

Yeah, Ji Tianxiang said he wanted to invite a lawyer, but the lawyer didn't come, but someone else did.

Xue Ruhai's words woke everyone up from their stupor and they started to talk among themselves.

"Who said he didn't have a lawyer? I'm his lawyer." Shen Xiaoxiao shot a cold glance at the crowd and said in a domineering manner, "Every word you say will be used as evidence in court. If there is any falsehood, I will pursue it to the end for my defender. Return my defender's complete innocence."

"What?"

"Ah ..."

Everyone looked at Shen Xiaoxiao with their

mouths agape and then looked at Ji Tianxiang.

He opened his mouth, wanting to say something, but he didn't know what. He was beyond astonished.

This extremely refined beauty was actually Ji Tianxiang's lawyer?

This was too unbelievable, too unbelievable.

Qian Duoduo and the rest were shocked speechless. They never thought that Ji Tianxiang would actually be able to hire a lawyer.

But so what if he hired a lawyer?

Everyone still saw his watch in Ji Tianxiang's bag. If he didn't steal the watch, then who did?

Qian Duoduo took a few steps back, turned around and made a phone call. He hurriedly said a few words and then hung up.

On the other side, the principal already knew the general situation of the situation. He rolled his eyes at Martial Aunt Zeng. Did Ji Tianxiang steal anything?

He is a relative of Shen Family Miss Shen, who is he? Those who were rich couldn't be rich, and those with power couldn't be powerful.

How could he steal a broken watch!

Just by thinking about it, Pig Brain knew that Ji Tianxiang was framed. And the people that framed Ji Tianxiang were the ones that led the group of people to say that Ji Tianxiang stole the watch.

He had been the principal of Beidu for dozens of years, so what kind of person had he not seen before?

And how could the profound Shen Family Miss Shen, who had a hundred years of foundation and a deep background, be unable to tell?

"Who's the one who lost the watch?" Shen Xiaoxiao said.

"It's me." Qian Duoduo stepped forward.

Shen Xiaoxiao walked in front of Qian Duoduo: "You lost your watch. Are you sure it was this classmate who stole it?" Are you sure? "

"I, I'm sure." Shen Xiaoxiao repeated her question, her eyes looking straight at Qian Duoduo. She couldn't help but feel a chill down her spine as she asked nervously.

"Student Qian, I advise you to speak the

truth." Even the headmaster said so.

Qian Duoduo's heart trembled even more. He was so nervous that he started to sweat profusely, as if they had just found out something.

"I-I'm speaking the truth. If you don't believe me, you can ask them, ask everyone, or ask the teacher. They can all testify for me, but is my watch in Ji Tianxiang's bag?" Qian Duoduo said somewhat guiltily.

"Good, very good. I have a recording pen in my hand, and everyone here who says what you hear, I will leave evidence for you, whether it is the truth or not, and all of it will go to court, and there will be a fair statement. Of course, every word you say is not the truth, but a lie, but it will be punished by the law, and it will affect your college career and your career." Shen Xiaoxiao said emotionlessly, but each and every word she said shocked everyone present.

Those who wanted to testify or speak up for Qian Duoduo didn't dare to make a sound.

Even Zhang Hao, Xue Ruhai, and Wang Fugui, who were with Qian Duoduo, lowered their heads in guilt.

But how could Qian Duoduo be willing?

He glanced at the principal and suddenly recalled something.

"Principal, hello. I don't know if you recognize me. I'm Qian Daqiang's son, Qian Duoduo. My dad often talks about you. You're an old friend of his." Qian Duoduo suddenly said.

"Oh, so it's Qian Daqiang's son." The principal smiled playfully, walked to Qian Duoduo's side and patted his shoulder.

Qian Duoduo smugly smiled at Ji Tianxiang and Shen Xiaoxiao. After saying his father's name, even the principal had to stand by his side.

"Principal, my dad has been talking about you at home recently. He always wants to have a chance to play cards together and talk. Do you think you have time this week?" The so-called playing cards for an appointed time was nothing more than sending gifts to the principal. It was still very useful against him.

"Sure, I'll definitely go if I get the chance." The principal replied with a smile.

"Principal, can I ask you a favor? "I'll have to trouble you to help me take care of my son. At least you can help my father." Qian Duoduo suddenly leaned close to the principal's ear

and whispered something cute.

Ji Tianxiang glanced at Shen Xiaoxiao worriedly. Shen Xiaoxiao nodded and assured Ji Tianxiang in a low voice, "Don't worry, Principal knows who to offend, who not to offend, what to do, and what not to do."

After Ji Tianxiang heard this, he relaxed a lot.

However, it could also be seen that Qian Duoduo wanted to help the principal wrongly accuse Ji Tianxiang by persuading him to do so.

Qian Duoduo thought that the principal would agree readily, but he didn't expect the principal to suddenly change his expression at this moment, and scolded loudly: "Qian Duoduo, you actually dare to bribe me. I think you've eaten your heart and guts, you're just a college student, it's not easy to do proper work, but you just want to do all these dirty things. If I'm your dad, I'm really disappointed for him."

C53

"Principal, what do you mean?" How can you say that about me? My father is your friend. " Qian Duoduo said.

The principal frowned, "I'm afraid I can't help you with what you need. Even if I have some friendship with your father, it won't change what I need to do today."

"On the contrary, I came here to help him clean up the crime of stealing things."

"What?" How is this possible? Principal, my dad is friends with you. Ji Tianxiang is a pauper, what right do I have to let you help him, and what right do I have to have you help him? " Qian Duoduo was getting a little anxious. "Principal, don't forget how my father treated you all these years. If you don't help me this time, how are you going to repay the friendship between you and my father?"

I will treat this matter fairly today. Moreover, even if your father is standing in my place today, he will definitely do the same thing. Even if you are my son, I will still treat you this way. With that, the principal turned around and walked in front of Shen Xiaoxiao and Ji Tianxiang.

"Miss Shen, what do you think we should do?"
The principal asked respectfully.

The reason the Principal didn't agree to help Qian Duoduo was partly because he was afraid of the power of Shen Family, and partly because of this incident of stealing things.

Even if he wanted to help, he wouldn't be able to.

If you had to blame someone, you could only blame it on Qian Daqiang's son, Qian Duoduo!

Qian Duoduo was extremely angry and he was scratching his head in hatred.

A fuerdai like him was f * cking no match for a pauper like that. Wasn't this way too f * cking hilarious?

Since the principal couldn't handle it, he called his father over.

Just as he was about to reach for his cell phone to make a call, the police came.

"May I ask if there was a theft here? A male student called Ji Tianxiang stole a watch worth over a hundred thousand yuan. Which classmate would like to come with us to the police station?" said the policeman.

He came at the right time. Qian Duoduo couldn't help but feel happy when he saw the police.

The heavens truly helped him.

"Wait a minute, the police are just taking them away, isn't that a bit too hasty?" Shen Xiaoxiao said.

The two policemen heard her and knew that things were not that simple. Something must be amiss. They looked at each other and said, "Young lady, if you have something to say, please say it."

"Uncle police, stop bullshitting with them. He just stole my watch. Everyone here can testify." Qian Duoduo ran in front of the policemen and grabbed one of them by the hand as he said this.

The police then asked the people present, only to find that there was a period of silence.

Qian Duoduo was stunned for a moment. How could no one say anything? He looked at Zhang Hao and the others: "Tell me, the person who saw Ji Tianxiang was the one who stole my watch."

"Teacher, say something, didn't you see it as well?"

Qian Duoduo liked to bully people, and now everyone was on his side.

Qian Duoduo liked to use his authority to suppress others, and now the principal and teachers were standing on his side.

What else did Qian Duoduo have to rely on?

The answer is, nothing.

"Heh." Qian Duoduo was not convinced and looked coldly at Ji Tianxiang: "You're the only one who has a lawyer, do you think I don't have one? I'll call my dad and bring a lawyer. "

With that, Qian Duoduo turned around and called Qian Daqiang again, but no one answered the other end of the phone.

Qian Duoduo called again. The phone kept ringing, but no one answered.

Qian Duoduo panicked. Dad, hurry up and pick up my phone, hurry.

Ji Tianxiang looked at the flustered Qian Duoduo and laughed: "What's wrong? "I haven't been able to get through yet."

"Who said I can't get through. My dad is busy with work, so he forgot to bring his phone

with him." Qian Duoduo said as if he was trying to be brave.

Qian Duoduo made a few more calls, but still, no one answered. He was so anxious that he almost stomped his feet.

He couldn't get through. There really was no other way. Qian Duoduo rolled his eyes.

"Sir, you've already seen him stealing my things, but you still refuse to admit it. He's brought so many reinforcements, and now he's bullying the young. You can't be fooled by them." Qian Duoduo said right and wrong.

Then, he walked in front of Zhang Hao, Xue Ruhai, and Wang Fugui, giving them a meaningful glance while threatening in a small voice: "You guys better speak up and testify for me, don't think that I'm the only one who can handle this, and it's not just me who can do it, if you want to die, then we can all die together. Don't forget, I was the one who settled Zhu Yilong's matter for you, and the last time we ate at Tianxin Garden, it was also I, Qian Duoduo, who also paid for you, so each of you guys still owe me tens of thousands of yuan."

"Mr Qian, it's not that we don't want to help you, it's just that Ji Tianxiang is too amazing." Zhang Hao said with a troubled expression.

"Yeah, Mr Qian, we didn't think that Ji Tianxiang would be so cunning." Xue Ruhai rubbed his nose, glanced at Ji Tianxiang and felt a little guilty.

Wang Fugui was so timid that he became a b*tch: "Mr Qian, why don't we just forget about it this time. If it really gets into the police station, we can't say for sure."

"Hehe, alright. Since all of you agree, then immediately return the money to me." Qian Duoduo laughed coldly.

"This ..."

"What's this, even if something really does happen, I'll make my dad take care of it for you guys." "What's more, no matter how strong Ji Tianxiang is, how can he be stronger than my dad?" Qian Duoduo lured.

However, Qian Duoduo was right, even if Ji Tianxiang was powerful, he wasn't as good as Qian Daqiang. He glanced at Ji Tianxiang, Shen Xiaoxiao, the principal, and the police, and bit his gum: "Mr. Police, we can testify that Ji Tianxiang stole Qian Duoduo's watch."

"Our teachers can testify as well. All the students in the class can testify as well. At that time, it was the teacher who led the search for Ji Tianxiang's bag. Everyone saw it with their

own eyes, but for some reason, none of them are willing to admit it." Xue Ruhai said.

C54

"Yeah, Ji Tianxiang is a poor guy who can't afford to eat. Our Mr Qian is a rich second-generation, so we had a bad idea. We wanted to steal Mr Qian's watch and sell it for a few hundred thousand yuan." Wang Fugui said.

Qian Duoduo then turned to the students in the class and said, "Students, let me ask you a question. Did you see the teacher search Ji Tianxiang's bag for my watch?"

Everyone looked at each other, unwilling to speak.

"Students, don't be afraid. Just answer my question, yes or no. Do you all want to be cowards? I just wanted you to say that you saw it with your own eyes. As a university student of the present, how can you be worthy of your own conscience if you don't even have the courage to say the truth!" Qian Duoduo asked in a deep voice.

Following that, one student after another made a sound, as if they were all inspired by Qian Duoduo.

"I saw it."

"Yes, we saw it all."

Although they were afraid of the lawyer hired by Ji Tianxiang and the rights of the principal, they couldn't compromise their lives in fear and fear. After all, they really saw the teacher search Ji Tianxiang's bag, and they did indeed see Qian Duoduo's watch.

"Mr. Police, that's enough. I have already proven my innocence. It was Ji Tianxiang who stole my watch. Everyone saw it with their own eyes. You can arrest him now." Qian Duoduo looked at everyone with a satisfied expression as he said this.

"This... If that's really the case, then please come with us, this student. " It was also hard for the police to determine the truth, it seemed like Qian Duoduo was closer to the truth.

"Wait." Shen Xiaoxiao said in a low voice, "You have to be honest with your captors. Can you prove it with just a few words of incitement?"

"Comrade Police, stealing things is related to the reputation of Beidu Academy. We cannot be too reckless." The principal, who was standing beside Shen Xiaoxiao, wiped the sweat off his forehead and advised.

"I really didn't steal Qian Duoduo's watch, and there's no need to. If you don't believe me, you can use this watch to check the fingerprints. See who else's watch belongs to other than Qian Duoduo's." Ji Tianxiang stepped forward, looked at Qian Duoduo and the others, and suggested.

"This method works." The principal agreed.

A fingerprint? Then what's the point?

Xue Ruhai's expression became strange. He felt weak in his heart and felt a chill on his back. That watch was placed on Ji Tianxiang's table by him. If there was a fingerprint on it, didn't that mean he stole it?

The watch wasn't stolen by him, it was Qian Duoduo who told him to take it. When the result came out, besides Qian Duoduo's, there would also be his fingerprints, and without a doubt, he would also have the reputation of stealing things and going to jail. From then on, he would lose face in front of his classmates, and even then, he wouldn't be able to raise his head in school anymore.

He did not want to go to jail, did not want to carry the reputation of a thief, and even more so, did not want to be expelled. It was not easy to enter Beidu University, and they were all

proud of him.

The more Xue Ruhai thought about it, the more scared he became. The more he looked at his watch, the more flustered he became.

The two policemen also thought that this method was feasible. As they were about to put on their gloves and place their watches in the bags, they suddenly heard a voice.

Xue Ruhai hurriedly pointed out, "I put that watch in Ji Tianxiang's table, but it was Qian Duoduo who ordered me to do it. If you don't believe him, you can ask Zhang Hao, and Zhang Hao will also be involved."

"Xue Ruhai, what nonsense are you talking about?" Zhang Hao's eyes flashed as he retorted.

"Bullsh * t, when did I, Qian Duoduo, order you to do this?" Qian Duoduo gritted his teeth and cursed.

However, Xue Ruhai didn't care about anything since he had already said it. If they were to die together, there was no way Xue Ruhai could be the scapegoat.

Ji Tianxiang sneered as he glanced at Xue Ruhai and Qian Duoduo. The fight was about to begin.

"How could this be?"

"Oh my god, this is too unbelievable."

"I didn't expect it to be Zhang Hao, Xue Ruhai's doing it. Zhang Hao and Ji Tianxiang are not being dealt with, everyone knows why Xue Ruhai does have a relationship with Ji Tianxiang, and it isn't to say that he has a good relationship with Ji Tianxiang." Why did he do it too! "

The truth was revealed. People who didn't know the truth were finally able to eat the real melon.

Without saying anything, the two policemen stepped forward and arrested Zhang Hao and Xue Ruhai.

"Zhang Hao, Xue Ruhai, I didn't expect you two to do this kind of thing. You almost caused me to wrongly accuse Ji Tianxiang. It's really disappointing teacher." She said.

"Zhang Hao, Xue Ruhai, the school will give you a penalty for doing this kind of thing, and expel you from Beidu University immediately. Beidu University will not allow you to do this kind of heinous thing." the headmaster said.

Zhang Hao and Xue Ruhai were both

panicking and scared. They immediately went to look at Qian Duoduo, and when they saw that Qian Duoduo wanted to sneak away, they quickly shouted, "Mr Qian, we agreed that we would all die together. Don't leave us alone!"

"Mr Qian, you told us to do this."

Qian Duoduo's body stiffened once again. He clenched his hands and cursed the bunch of idiots in his heart.

He was so stupid that there was no saving him. He could be taken out in a few words.

What mouth? To say that Ji Tianxiang didn't have fingerprints, that was just wearing gloves. Wasn't this a f * cking self-confession?

"Mr. Police, haha, so it turns out that they stole my watch. I have a pretty good relationship with them, maybe they just did something stupid without thinking. I can understand that, so we'll settle it in private. Sorry for troubling you to make another trip." Qian Duoduo pretended to be calm and said.

"Classmate, I didn't expect you to be the main culprit. Since the main culprit is much more serious than the accomplice, why don't you come with us to the police station?" The policeman said with a serious expression.

C55

"Master Young Master Ji must be joking. This is what I should do." Shen Xiaoxiao said.

"Oh right, should I call you the beautiful housekeeper or the beautiful lawyer from now on?" Ji Tianxiang teased.

Initially, he thought that his beautiful butler would directly send a lawyer over, but he didn't expect that the lawyer would be Shen Xiaoxiao. How could he not be shocked?

Shen Xiaoxiao chuckled. "I'm fine with anything as long as young master likes it. I was the one who took the bar exam when I was in university."

"I didn't expect my beautiful housekeeper to be so amazing. Listening to what you said, it seems that you have other things to test for." Ji Tianxiang asked casually.

"Mm, notes, finance, jewelry appraisal, level 1 chef ..." Shen Xiaoxiao thought for a moment and listed more than twenty certificates.

Ji Tianxiang smacked his lips. He never thought that his beautiful butler would be so powerful!

Admirable, admirable.

With that, Shen Xiaoxiao took a phone call and left.

Following that, Qian Duoduo, Zhang Hao, Xue Ruhai, and Wang Fugui didn't come to school for a week. No one came looking for trouble, so Ji Tianxiang finally felt free for a few days.

Aside from class, he was also lying on the bed. He felt very uncomfortable.

In such a quiet week, Ji Tianxiang had thought of contacting Qiu Yi, but no one answered his call. Even when he went to Qiu Yi's class, he didn't see anyone.

Today was the weekend, Ji Tianxiang could lie in his bedroom and sleep all day. Suddenly, he received a call from Xue Ruhai.

"Tianxiang, have you eaten?"

"Nope, I didn't. You ... what, you have something to talk to me about?" Ji Tianxiang wanted to ask if you came out so soon and thought it was inappropriate, so he said.

He came out after a week. It seemed like Qian Duoduo had some connections. No, it should be Qian Duoduo's father, Qian Daqiang, had some connections.

"Alright, let's have dinner together tonight. We've been roommates in the chrysanthemum restaurant for several years and haven't had a meal together in private. Fugui and I will apologize for last week's incident as well." Xue Ruhai said sincerely.

Ji Tianxiang was sincere when he heard this. Was it really that kind to Xue Ruhai and Wang Fugui to apologize to him?

With a doubtful expression, he asked, "Alright, what time is the evening? I'll go over."

"Any time is fine. The main thing is your time. Fugui and I will wait for you there early. That's right, don't forget to call Lee Ming." Xue Ruhai reminded him.

Xue Ruhai hung up the phone. Qian Duoduo, Zhang Hao, and Wang Fugui had gathered together. "How was it?"

"He agreed."

"Good, Ru Hai, you have done well. As long as he comes, I will make him lose all face." Qian Duoduo said fiercely.

Since he couldn't take revenge, Xiao Chou could still take revenge. If it wasn't for his

father stopping him from making any more mistakes and delaying a big business deal he had recently discussed, Xiao Chou needed to keep up.

Otherwise, he wouldn't be so low-key.

But Ji Tianxiang caused him to go to jail for a week, how could he not be angry?

It is not a gentleman to be avenged.

After hanging up, Ji Tianxiang called Lee Ming. Since Lee Ming wasn't in the dorm, he would go to the school's student cafeteria every Saturday to do part-time jobs and give the students food. He didn't care about the monthly salary of several hundred yuan.

Lee Ming: "Alright, I'll be getting off work soon. Let's gather at the school gate. Let's go together."

Ji Tianxiang got off the bed and casually put on his clothes before leaving the room. After he gathered with Lee Ming at the school gate, he casually caught a taxi.

"Tianxiang, let's go eat. There's no need to take a taxi." Lee Ming stopped him.

"It's fine, just take a taxi. I'll pay for the car myself, so don't worry." Ji Tianxiang said.

Lee Ming's family situation was not particularly good. He saved a lot of money every month, but he was not a bad person. He was very kind and dependable. Ji Tianxiang was willing to spend a little more money by car.

Seeing Ji Tianxiang get into the taxi, Lee Ming could only follow him up as well, "Car money, how can we let you go alone?"

"No need, treat me to a meal later." Ji Tianxiang tactfully refused.

"That's fine. I'll make a reservation in advance as to what you want to eat when the time comes." Lee Ming asked excitedly.

Ji Tianxiang rolled his eyes. "We'll talk about it when the time comes. By the way, do you think there's any other reason why Xue Ruhai called us here for dinner?"

After all, Xue Ruhai and Wang Fugui will definitely hate you because of what happened last time. However, if you don't eat, it will cause too much trouble. We're in the same room, and we still need to spend a year or two together. Lee Ming analyzed rationally.

Ji Tianxiang also felt the same way and nodded as if he was thinking about something.

Lee Ming thought that Ji Tianxiang was in a bad mood and said nothing more.

The distance from Beidu University to Xue Ruhai's so-called eating place, the chrysanthemum restaurant, was actually quite far, not inferior to Tianxin Garden at all. This was because they were all in the city center, while Beidu University was in the suburbs.

Beidu was the capital of the entire country. No matter what, the school's expenditure was very high.

When they arrived at the chrysanthemum restaurant, Ji Tianxiang paid the driver and the two of them got off the car. They walked into the chrysanthemum restaurant.

As soon as he entered, he saw Xue Ruhai. There were two or three girls sitting across from Wang Fugui, chatting extremely happily. When he raised his head and saw Ji Tianxiang, he greeted him enthusiastically, "Tianxiang, Ji Tianxiangson, you've finally arrived."

"Sorry to keep you waiting, but there's a traffic jam." Ji Tianxiang glanced at the girl on the table and said.

"You guys came at the right time. These are the beauties we just met, Chang Yue, Qin Shui, and Wang Xue."

"This is Ji Tianxiang, Lee Ming, my roommate." Xue Ruhai moved closer to Ji Tianxiang and asked with winking eyes, "How is it? "He's a lot more handsome than Wu Yuhan, isn't he?"

The girl on Chang Yue's left was called Qin Shui. She was not bad looking, with tender white skin and big watery eyes. She looked very pretty, but the girl on Chang Yue's right was called Wang Xue. She was wearing a snow-spun skirt with long black hair and was dressed in an elegant dress.

To sum it up, these girls did look pretty good on the surface.

That's right, I wonder how his personality is when we get along.

"Hello everyone."

Chang Yue was not very enthusiastic, but she still greeted Ji Tianxiang and the others. Her attitude was normal and neither cold nor hot.

On the other hand, Qin Shui was quite friendly as she smiled at Ji Tianxiang and Lee Ming and greeted them in a soft voice.

Wang Xue was a bit too cold.

C56

"Tianxiang, Lee Ming, what are you two standing here for? Hurry up and sit down. Today, we'll have a table meal together with the beautiful ladies." Wang Fugui said happily.

"Yes." Suddenly, Wang Fugui pulled Ji Tianxiang back and whispered, "These girls are quite righteous. Didn't you break up with Wu Yuhan? I saw you were sad a while ago, so it's good for you to find a girlfriend. These girls, whoever you like, just do it yourself."

"Lee Ming, you have to perform well as well. You can't not have a girlfriend in the entire university."

"Really!"

Immediately, Ji Tianxiang and Lee Ming were unable to repress the excitement in their hearts.

The three girls, regardless of appearance, figure, or temperament, were all of the highest quality among girls. If they were to become one, then it would truly be a scene of bliss.

The three beauties were all rich second generations, daughters of wealthy families. If

people are really nice, especially Ji Tianxiang. You don't know how nice he used to be to his ex-girlfriend. He didn't want to eat or wear anything, so he used the money to buy things for his girlfriend."

"Then why did he break up with his ex-girlfriend?"

"Eh, it's because his ex-girlfriend is too materialistic. She's fallen for someone else again."

"Heh, but that's because you're poor, so you're dumped. Which girl isn't material now, and which boy is so extravagant, and gets the good that isn't precious, and what's material is only right. Otherwise, when the time comes, girls will suffer a lot."

Xue Ruhai couldn't win against Chang Yue, so he had to turn around and say Ji Tianxiang.

"Tianxiang, didn't you buy a new set of clothes? "Why didn't you wear it today? She's a beauty, and is very particular about taste. Your clothes are like trash picking up trash, you're really affecting her image."

Ji Tianxiang looked at the clothes he was wearing and felt a bit cold. He wore an old shirt and washed off his coloured jeans. The sides of his shoes were a bit dirty and he

forgot to clean them.

"I forgot to change when I rush out." Ji Tianxiang said.

"Un, alright. In a bit, you should perform well. Bro has already said all the good words for you. You have a good grasp of it." Xue Ruhai said.

A trace of malice flashed in his eyes.

As long as Ji Tianxiang dared to strike up a conversation, he would be ruthlessly ridiculed.

Those girls looked strange and easy to get along with. In fact, all of them were intelligent people who despised the poor and loved the rich. The children of poor families were the ones they looked down upon the most.

Those who didn't know what was good for them approached them.

The table was filled with people. Four boys and three girls sat in a row, facing each other.

Ji Tianxiang had wanted to talk to the girl a few times, but he felt awkward when he realized she didn't pay attention to him. After a while, she stopped talking.

Seeing that Ji Tianxiang did not say anything, Lee Ming also did not say anything, but the girl called Qin Shui beside him continued to tease Lee Ming.

Lee Ming was shy and awkward, so he could only nod in agreement.

Not long after the dishes were served, Ji Tianxiang saw that everyone was still chattering and chatting enthusiastically. He consciously opened his chopsticks and went to eat.

"Oh, it's fine if some people are poor, but that's not strange. After all, my parents gave them to me, but they didn't even show the least bit of courtesy when eating? This is too disgusting." Chang Yue said with a look of disdain.

Ji Tianxiang, who was holding onto a piece of vegetables, stopped. He raised his head and glanced at Chang Yue. He wanted to say something, but he held himself back.

Good men don't fight evil women.

He put down his chopsticks and remained silent.

"The dishes, come on up. Everyone, don't talk anymore. Hurry up. Eat, eat." Xue Ruhai tried

to smooth things over.

However, he couldn't stop himself from feeling happy. Serves you right, who told you to be so quick, who told you to taste good?

Just when everyone was about to start eating, Ji Tianxiang also wanted to go and get some food, but was held down by a pair of chopsticks and was unable to move.

Ji Tianxiang looked at the owner of the other pair of chopsticks. Chang Yue, what's the meaning of this?

This girl had always expressed her displeasure from the start, but there was no need to be so hateful. She didn't even let him eat.

"Classmate, I seem to have seen you somewhere before. Oh, I remember now, you're that male waiter who stole the cell phone of a female customer from a Chinese restaurant." Chang Yue said thoughtfully.

"Ah, how could it be you." Wang Xue looked over and also said in surprise.

Wang Xue took a closer look at Ji Tianxiang's face. She seemed to recall the scene where she had eaten in a Chinese restaurant and saw Ji Tianxiang holding a cellphone in his hand. A beauty had called him a thief.

Ah!

Everyone was stunned.

For a moment, no one spoke.

He didn't know what to say.

Everyone closed their noses and looked at each other in concern. Finally, they all set their gazes on Ji Tianxiang.

Hey!

They really did come without any trouble. Before they even started looking for an opportunity to deal with Ji Tianxiang, they already had someone helping them.

Xue Ruhai and Wang Fugui looked at each other, their eyes full of conspiracy and ridicule.

"Tianxiang, what's the matter? "Since when did he steal a phone? He just stole Qian Duoduo's watch last time, why did he steal someone else's phone again?" Wang Fugui said.

Xue Ruhai pretended to glare at Wang Fugui, "Fugui, what nonsense are you spouting!"

"What I said was the truth. Ji Tianxiang did steal Mr Qian's watch last week. That watch cost over a hundred thousand." Wang Fugui said disapprovingly.

"Wealth ..." Wu Tie snapped loudly. Wang Fugui then shut his mouth.

"What?" You stole a watch before? "
Chang Yue's expression became even more contemptuous.

C57

"How could your roommate be that kind of person!" Wang Xue, who had been silent all this time, also said.

"Could there be a misunderstanding?" Qin Shui asked rationally.

Lee Ming looked angrily at Wang Fugui and Xue Ruhai, the two of them obviously did it on purpose, "Don't believe Wang Fugui's words, Tianxiang isn't that kind of person. He didn't steal Qian Duoduo's watch, and he didn't steal someone else's phone. He was framed."

In the end, it was Lee Ming who spoke up for Ji Tianxiang.

Ji Tianxiang was really touched. Every time, whenever there was a place like Lee Ming, Lee Ming would be the first to stand up for him whenever something related to him happened.

It was truly rare to have such a friend.

Therefore, Ji Tianxiang had confirmed Lee Ming's friend, Lee Ming.

"Mr Ji, do you want to explain?" Qin Shui said gently.

Ji Tianxiang looked at Qin Shui gratefully and said, "It's indeed a misunderstanding. I, Ji Tianxiang, have never stolen from others. If I wanted it, I would have just bought it directly."

Qin Shui blushed slightly and lowered her head in embarrassment.

"Tsk, what are you bragging about, you ..."
Chang Yue looked Ji Tianxiang up and down with disdain.

"Yes." Ji Tianxiang snorted confidently.

"This student, stealing something is the same as stealing something. It's fine if you know your wrongs, but don't try to be brave." Wang Xue said unhappily.

Qin Shui, who was the most reasonable out of the three girls, frowned in dissatisfaction.

"Alright, alright, let's not talk about this anymore. Let's hurry up and eat. Stealing from Tianxiang is already a thing of the past." Xue Ruhai tried to smooth things over.

Ji Tianxiang turned his head to look at Xue Ruhai, his eyes cold: "Ru Hai, is this what you call an apology? "I really do suspect that you didn't come out to eat today just to watch me make a fool of myself."

"Hey!" No matter what, you've made us all go to jail, right? What do you mean by not apologizing, we've already written off all our grudges, and what's more, you know the temper of those rich people, if you don't let them vent, they might come looking for you in the future. "

"Sigh, Tianxiang, don't say that I didn't help you. For the sake of getting along with your roommate, you might as well let all the grudges between the rich and the rich be completely vented. It'll be easier to get along with you in the future. What do you think?"

"Tianxiang, I know you don't believe me now. Wang Fugui and I did some things that were unfair to you, and that wasn't our intention. It was Qian Duoduo who threatened us, and you know the identity of his father, Ji Tianxiangson. Beidu University is a university that me and the rich barely passed, our family's conditions are only so, how can we go against Qian Duoduo? Furthermore, we are indeed a little conceited, which is why we set foot on the road to letting you down. However, don't worry, Fu Gui and I have come to terms with this. In the future, we will support you, Tianxiang. Xue Ruhai quickly leaned in close to Ji Tianxiang's ear and said a long sentence.

Ji Tianxiang was moved by Xue Ruhai's words.

If Xue Ruhai and Wang Fugui truly wanted to be friends with him, then he would very welcome them and become Ji Tianxiang's friend. He would absolutely not treat them unfairly.

Unlike Qian Duoduo, who was acting like a dog and reprimanded them, they felt like brothers instead and enjoyed all the benefits.

Glancing at Wang Fugui again, Ji Tianxiang thought about Xue Ruhai's words and agreed with him.

Rather than making Wang Fugui worry about him, it would be better to let him vent his anger. Otherwise, it would be extremely difficult to find fault with him endlessly in the same dorm room.

What's more, Ji Tianxiang didn't have that much time to spare to deal with Wang Fugui.

He glanced at Wang Fugui and fell silent. Then, he picked up his chopsticks, took a bite of the dish and placed it in his mouth, chewing on it.

He bit into a piece of soft food and spilled some oil on Chang Yue's dress.

"Ji Tianxiang, you, are simply going too far." Chang Yue looked at her dress in shock and

said in a flustered manner.

Without waiting for Ji Tianxiang to apologize, Chang Yue had already stood up and ran out of the door.

"Chang Yue, where are you going?" Wang Xue shouted.

"Let's go find Chang Yue." Qin Shui said.

Although she had a good impression of Ji Tianxiang, but a short time together was not enough to match up to her several years of playing with her sister.

Wang Xue and Qin Shui followed after Chang Yue.

Chang Yue took her handbag and left the dining room. She was in a terrible mood.

She had been wearing a new dress today, so she went to the barber shop to make a new hairstyle. The purpose was to meet up with a rich and handsome young man when she was with her sisters.

In the end, Gao Fujun didn't meet any of them, but he did meet a lot of diaosi.

Originally, she didn't think much of Xue Ruhai and Wang Fugui. If it wasn't for them saying

that someone would come later, not only would they be tall, handsome, and especially rich, but they would also spend money on their girlfriends.

Ai, what f * cking bad luck.

Chang Yue had only taken a few steps when a male student suddenly blocked her path.

This boy wasn't too tall, but he was dressed very shamelessly. He had a pink top and bright yellow pants, and he also had a very rustic appearance. He wore a big earring that glittered with golden light, making him look like a big boss.

Looks like, uh, it's hard to explain in one sentence.

However, it had to be said that this boy should have quite a lot of money in his family.

Chang Yue sized up the watch from top to bottom and also saw the golden watch in the boy's hand.

"Beautiful girl, my friends and I think that you look very good. Can I invite you over to drink a cup with my brothers? Can I reward you?"

The way the boy spoke sounded somewhat

roguish. It seemed that he was usually very arrogant.

Although Chang Yue liked to be friends with rich people, that didn't mean that she would be friends with all kinds of rich people.

After all, she was a rich and beautiful woman herself, and did not lack money.

Furthermore, she was not in a good mood right now. She was even in an extremely bad mood because of Ji Tianxiang.

"No."

Chang Yue said coldly.

The boy looked at Chang Yue with a mischievous smile. At this moment, he suddenly became embarrassed.

He thought that the beauty would agree to his request, but to think that she would reject him without giving him any face at all.

Furthermore, his attitude was already very good and sincere. If it was anyone else, they would have no need to ask. However, if they didn't drink, they would have to drink.

Ruhai who came out of the box also saw this. Just as they were about to help, Chang Yue took advantage of the moment the boy was stunned to leave.

When Chang Yue came out of the bathroom, she noticed that everyone was standing in front of the door. She frowned and asked, "What are you guys doing in the toilet?" "Could it be that you think that I'm going to leave you stingy? Hehe, you think too much. I, Chang Yue, have always been a very magnanimous person. It's just my clothes being oiled by someone, it's not enough to make me leave."

Chang Yue walked in front of Ji Tianxiang and rolled her eyes.

Ji Tianxiang rubbed his nose awkwardly. He didn't know what to say. He just felt that this woman was really pretty, but she was the kind of person who wouldn't forgive others.

He wanted to apologize, but it seemed like he didn't need to.

In order to avoid saying too much and making mistakes, he had offended his grandaunt.

When they returned to the private room, no one said a word. The atmosphere was very depressing, to the point where they had to look

up and see each other. It was a bit awkward.

Ji Tianxiang also knew that this embarrassment was caused by himself, so he found an excuse to go to the toilet.

Just as Ji Tianxiang left, a few men came to the room looking for Chang Yue.

"Brothers, it's this woman. Just now, she hit me. All of you go and catch her." The boy saw Chang Yue at first glance, pointed at her with his hand, and said angrily.

Xue Ruhai and the rest were also stunned.

Chang Yue was a little scared now. She shouted at Xue Ruhai and the others, "You guys are still men from time to time. If you see me being bullied, why don't you hurry up and do it?"

"Oh, okay." Xue Ruhai came to his senses, walked up to the men and blocked their way: "What are you doing? The baldy Hua Ri is arresting people, but he's breaking the law. Be careful that I call the police and let the police arrest you. "

"Heh heh, is that so? I'm so scared by what you say. What should I do? I was so afraid the police would come after me. " The boy's expression changed as he said timidly.

Xue Ruhai was very happy. He thought he had intimidated the boy, so he said in a proud tone, "I'm scared. Hurry up and get out of here."

Pow!

The boy quickly gave Xue Ruhai a slap and swore, "Afraid your mom will compare, do you know who I am? You dare to threaten me? You're asking for a beating. "

It directly stunned Xue Ruhai on the spot. Chang Yue saw that Xue Ruhai was not good enough and quickly called for Wang Fugui, but Wang Fugui was not as good as Xue Ruhai.

He was so scared that he hid under the table, trembling and did not dare to come out.

"Bro, bring that girl back to me. See how I'll deal with her."

The guy's buddies walked over and grabbed Chang Yue easily.

Chang Yue slapped the boy, her nails slicing through his skin. She struggled non-stop, but was unable to break free.

Qin Shui and Wang Xue couldn't bear to see Chang Yue be taken away by the male voice.

They also went forward to help beat up the male student.

The sound of soprano came from the room. Ji Tianxiang walked out of the toilet and slowly walked into the room. Hearing this sound and hearing other men's cursing, he felt something was wrong.

He immediately ran downstairs to look for the manager and called for the security guard.

The manager brought the security guards to the room where Ji Tianxiang and the others were. However, he didn't follow them. Instead, he stood in the aisle nearby and listened to the situation inside.

"Get out of here, you know who I am? Do you know who my father is?" the boy said angrily.

"Guest, we don't care who you are, please don't harass other customers in our store, otherwise don't blame us for being rude. Security, send these boys to the police station." the manager said bluntly.

Let go, all of you let go, my dad is Li Gang, my dad is Li Gang, do you hear me? Let me tell you, if you dare to touch me, Lee Meng, today, you will be blamed for a lot of work in this shop. Lee Meng clamored.

"Li Gang, is he the boss of Whale Group? Are you the crown prince of the Whale Group?" The manager suddenly shouted.

Whale Group had a huge reputation in Beidu City. Those who were in the business circles of Beidu City knew about Whale Group, and even the boss of Whale Group, Li Gang.

The manager was a smart person. Since he knew Lee Meng's identity, he immediately brought the security guards to apologize.

On the other side, Ji Tianxiang frowned. The prince of Whale Group, whose father was called Li Gang, looked really powerful.

Although this woman didn't like the sound of her words and despised his appearance, it was still a fortuitous occasion for her to have a meal. Moreover, that man really went too far. It was better for him to lend a hand.

In any case, doing one more good deed wasn't bad at all. It could be said that he had done himself a great service.

Turning around, Ji Tianxiang called the beautiful housekeeper Shen Xiaoxiao, explained the current situation, then left.

Not long after Ji Tianxiang left, the manager of the chrysanthemum hall also received a

phone call. The continuous praise for Lee Meng suddenly came to an end. He wanted to let Lee Meng do whatever he wanted, but after this phone call ended, he didn't hesitate anymore.

Lee Meng was stunned. Why did the manager change his attitude so quickly? He even said that his father was Li Gang and remained indifferent.

The manager asked the security guards to chase Lee Meng and the others out of the chrysanthemum restaurant. Lee Meng was naturally unwilling to do so and threatened angrily, "What a great chrysanthemum hall. I will definitely not let you off."

The manager was in a difficult position. He couldn't afford to offend Lee Meng, so it was hard for him to stay in the middle. Thus, he said a person's name and made Lee Meng not dare to continue being arrogant.

The name that came out was Beidu City's Chief Officer Zhang Tao.

Lee Meng was stunned on the spot, then he shook his hand and left.

Chang Yue and the others only dared to come out after Lee Meng had left.

The next day, it was almost noon.

C59

Xue Ruhai and Wang Fugui finally returned.

After separating with Chang Yue and the other two girls yesterday, they went to report to Qian Duoduo about Ji Tianxiang's situation. Naturally, they didn't dare to say the truth and only said that Ji Tianxiang had started to slowly take the bait.

After Qian Duoduo heard this, he was happy to spend the night at the nightclub with Xue Ruhai and Wang Fugui.

He also found two beauties to accompany Xue Ruhai and Wang Fugui for a night.

Initially, when Xue Ruhai and Wang Fugui started to play, it was a little unnatural and a little guilty.

The two of them wanted to invite those girls out next time, call Ji Tianxiang, and have a meal together.

After Ji Tianxiang was seduced by Chang Yue, they could start their next plan. Xue Ruhai would catch Chang Yue and take advantage of her to punish Ji Tianxiang.

"You're all back!" Li Fei winked at Xue Ruhai

and Wang Fugui and said, "Where did you two go yesterday? Did you guys get that imprint on your neck?"

Xue Ruhai and Wang Fugui tensed up and subconsciously covered the mark on their neck. They laughed and said to Li Fei, "Haha, it was bitten by a mosquito."

"Tsk, how come I didn't know that the mosquito was so big that it could bite out a strawberry, unless it was a mutated mosquito?" Li Fei joked.

"Sigh, you're really right. It's just a mutated mosquito." Xue Ruhai said.

Li Fei shrugged and immediately felt that it was meaningless.

They were all adults, they had never eaten pork, and they had never seen a pig run before.

He somewhat despised Xue Ruhai and Wang Fugui.

Xue Ruhai took off his shoes at random. Without washing his feet or brushing his teeth, he tiredly got on the bed. As a result, he saw Ji Tianxiang lying on the bed, playing with his cell phone freely.

She suddenly recalled that Ji Tianxiang was not present when she met with mishap in the chrysanthemum garden yesterday.

F * ck, he must have heard something was wrong and ran away.

The one who stood up for Chang Yue was not Xue Ruhai, nor was the one who got beaten up. It was Ji Tianxiang.

As he thought about it, a hint of jealousy flashed across Xue Ruhai's eyes.

"Tianxiang, why did you leave yesterday? I waited for you in the private room for a long time and still didn't come back, but Chang Yue felt that she had talked too much and went out to apologize to you alone. In the end, when you couldn't find her, you met the Crown Prince of the Whale Group, Lee Meng." Xue Ruhai said emotionally with a hint of self-blame in his eyes.

"Tianxiang, to be honest, you left without saying anything yesterday. That's not right. Chang Yue is a little interested in you, otherwise, she wouldn't have come to find you personally yesterday. Think about it, she's a rich and beautiful woman."

Wang Fugui also said, "Tianxiang, I also feel that you're too unkind. No matter what, you

have to find some time to properly apologize to other girls and come along."

Ji Tianxiang was lying on the bed with his phone in his hand. The phone was covering his face and he couldn't see it from the angle of Xue Ruhai and Wang Fugui. He glanced at the two of them and a cold smile appeared on his face.

Hehe.

The one with your mother.

Damn, this Xue Ruhai and Wang Fugui really know how to f * cking lie.

He was going to be in the same class as them for three years soon, so how could he see that the two of them were lying?

"Tianxiang, why aren't you saying anything? Chang Yue has already done this for you, don't you want to say anything?" Wang Fugui said, glancing at Xue Ruhai, making eye marks.

Tianxiang, I see that you're pretty good with Chang Yue. Whatever Chang Yue has done for you, show some respect. If you can, this bro will help you arrange a meal for her a little while longer. When the time comes, you can just forget about me and the wealth. Xue Ruhai said.

Ji Tianxiang didn't even look at them and said coldly, "No need, I don't have any feelings for Chang Yue. It's been hard on you."

"Oh right, there's also Wu Tie. I think that Qin Shui is also interested in you. Last night, she kept on talking to you, and when that time comes, I will set up a trap with Fugui. You and Tianxiang will come together, and we will interact as much as yesterday."

"Mm, it's a deal then. I'm so tired, I'm going to sleep now."

"Alright, I'll go to sleep first."

Xue Ruhai pretended not to hear Ji Tianxiang's rejection and directly said his piece before making his decision.

He even dragged Lee Ming along.

Why did Xue Ruhai and Wang Fugui pull in Lee Ming? It was all because of Lee Ming ruining their good fortune every time. When they viciously punished Ji Tianxiang, they always had to add a foot to the fire, which made the matter that Ji Tianxiang wanted to succeed very difficult.

Since you, Lee Ming, are so helpful and willing to help Ji Tianxiang, then don't blame

them for being impolite, including you and Ji Tianxiang.

Xue Ruhai and Wang Fugui lay on the bed, scheming in their hearts and fell asleep.

At this moment, Lee Ming's face was half red. He pursed his lips and wanted to retort. Those women didn't even care about him and Ji Tianxiang, but Xue Ruhai and Wang Fugui didn't give him the chance to speak.

Lee Ming glanced at Ji Tianxiang on the bed with difficulty. He wanted to tell Ji Tianxiang about what happened yesterday, so he didn't want to believe Ji Tianxiang and Wang Fugui's words. Seeing that Ji Tianxiang had also fallen asleep, he had no choice but to give up.

Not long later, Xue Ruhai's phone suddenly rang.

Xue Ruhai was woken up and cursed in annoyance, "F * ck, f * ck, whose phone is ringing? Hurry up and turn it off."

After waiting for a while, Ye Zichen's phone started to ring. It didn't seem like it was going to stop ringing at all.

It also woke Wang Fugui up.

"Whose phone is that? Hurry up and turn it off

for laozi. Do you know who else is resting?"

It was so noisy that Xue Ruhai couldn't sleep anymore. He angrily sat up on the bed: "Who's phone number? Who's phone number is that little bastard? Is Li Fei yours?"

Li Fei shook his head, "It's not mine. Then my phone is here, it's not ringing."

"Lee Ming, is it yours?"

"Wait a moment, let me see." Lee Ming said in panic.

Quickly getting off the bed to look for his phone, Wang Fugui thought it was Lee Ming's, so he cursed loudly without saying anything: "You son of a bitch, don't you know your grandpa is sleeping? The phone is ringing non-stop, it's screaming. "

"It's not mine." Lee Ming raised his phone.

"Is Ji Tianxiang yours?" Xue Ruhai frowned and said, "If it's yours, quickly turn off your phone. This is a public place, so don't disturb everyone's rest."

"If we're talking about affecting everyone's rest, then it's you who affected everyone, not me." Ji Tianxiang said.

Ye Zichen took out his phone from the black screen and shook it.

C60

"What do you mean?" Xue Ruhai was a bit unhappy.

He could say that to others, but not to himself.

Ji Tianxiang was too lazy to argue. He just pointed at the phone underneath Xue Ruhai's bed while spitting.

Xue Ruhai looked over and his expression changed.

"Ru Hai, this is what's wrong with you. Your phone rang, yet you wrongly accused others. It truly makes one speechless." Lin Fei said in dissatisfaction.

When Wang Fugui saw that it was indeed Xue Ruhai's phone, he felt embarrassed to say anything. After all, he had just scolded him indiscriminately.

Xue Ruhai quickly got off the bed and picked up the phone on the table. He didn't even look at it and just rejected the call.

However, it didn't stop for a few seconds before calling again.

"Who is it? Does anyone know that if someone

else doesn't pick up the phone, it means that they are resting? Call me, what are you calling me for? It's Cao Nimabi's call." Xue Ruhai cursed angrily.

"Ah, it's Qin Shui. Sorry, sorry. I thought it was a friend of mine who called me. I didn't know it was you. Don't be angry, I'm really sorry."

All of a sudden, Xue Ruhai heard the voice on the other end of the phone and changed his attitude.

"What?" Okay, where are you? We'll catch up.
"

After hanging up the phone, Xue Ruhai's face turned a lot darker. He looked at Ji Tianxiang on the bed and said, "Something bad happened to Chang Yue and the rest."

"What happened?" Ji Tianxiang asked.

As it was Qin Shui's call, Ji Tianxiang was still reciting about the matter that Qin Shui had helped him to solve yesterday. Since Qin Shui had met with an accident, no matter what, he had to express his concern and greetings.

"Ai, Tianxiang, I'm going to blame you for this. Yesterday, when Chang Yue went out to look for you, didn't she run into a bunch of

guys?" Xue Ruhai said.

"That's right, that guy seemed to want to pull Chang Yue to drink with them. Chang Yue rejected him, but they came looking for me instead. No matter what, they just had to drag Chang Yue to drink with them."

"Right, and they even brought a lot of people over to take him away."

Wang Fugui and Lee Ming thought about what happened last night and said.

"You're all wrong. That guy was slapped by Chang Yue before he was beaten in front of so many of his friends. He came here because he felt embarrassed after being hit by a woman." Xue Ruhai said, "You say that Chang Yue has a fiery temper. How can she hit someone so easily? Do you know who that guy is?" But the prince of the Whale Group, Li Gang's son, Lee Meng, is extremely famous in Beidu City.

Not only that, they already came to our door yesterday. To protect Ji Tianxiang's girlfriend, Chang Yue, Ru Hai also received a slap in vain, insisting to take Chang Yue away. We couldn't stop them no matter what.

"Tianxiang, it's a good thing that Ruhai did that to you. It was all because of you that Chang Yue was saved. No matter what you say,

you should remember what Ruhai did to you." Wang Fugui took this opportunity to ask Ji Tianxiang for help.

Ji Tianxiang looked indifferent as he watched Xue Ruhai and Wang Fugui singing the same tune without saying anything.

He had seen the situation yesterday clearly, and he knew it as well.

What Chang Yue met to find him was Lee Meng, what Xue Ruhai was slapped by Lee Meng for him, all of them were f * cking lying.

"Tianxiang, why aren't you saying anything? Don't tell me that what we did became unnecessary? That is the Lili that you like. If it wasn't for you, I would have left with Fugui." Xue Ruhai was displeased to see that Ji Tianxiang didn't say anything.

"I'll remember Brother Hai's help. Thank you so much. In the future, if you need any help, I'll definitely help." However, he still had to deal with it.

Although he didn't know why Xue Ruhai had always wanted to seduce Chang Yue and him, it wasn't hard to guess that Xue Ruhai's goal was definitely impure. He must be plotting something against him.

Let's just settle the score first and see what Xue Ruhai is planning.

"Alright, this is what you said. I'll remember your words." Xue Ruhai said with a smile.

Ji Tianxiang nodded and lay back on the bed without saying anything.

"Tianxiang, what are you doing? Hurry up and get up, let's go meet up with Chang Yue and the others. Although Chang Yue is also rich and beautiful and her dad has businesses and knows quite a lot of people, they are still far from being able to match up with the whale group. Yesterday, after Lee Meng went back, he told his dad to investigate Chang Yue's background, and this morning, he sent two people, Chang Yue's family, to start messing with her family.

"Holy shit, he's so powerful, he must have met a tough opponent." Lin Fei said with his eyes wide open.

Father Chang Yue scolded Chang Yue, and was even slapped a few times, I think Chang Yue was probably crying. His father, Chang Bo, is still looking for people everywhere, and the result is that he couldn't do anything but bring Chang Yue along and prepare a lot of gifts to apologize to me personally. In the end, Lee Meng made an even more excessive

request, which is to let Chang Yue play with him for a month. Xue Ruhai continued.

"How can this person be like this?" They should be the ones in the wrong. How can they be so excessive with a girl? " Lee Ming was also a bit angry. He was unhappy with Lee Meng for bullying a girl like this.

Is this Lee Meng that bad?

Wasn't it the beautiful butler Shen Xiaoxiao who called him yesterday to let him settle this matter?

What's going on?

Lee Meng even came looking for him.

What Xue Ruhai said was half true and half false, but it might not be completely believable either. Ji Tianxiang was silent and did not speak.

Even if it was true, it had nothing to do with him if something happened to Chang Yue.

However, thinking about how he was bullied to this extent by Lee Meng, who was like a bully, by a girl and a family, it was really too much.

"Ji Tianxiang, why are you not saying

anything? It can't be that you don't even want to go see Chang Yue. After all, she was looking for you, so she encountered such an accident." Wang Fugui said.

Ji Tianxiangson's firm stance was also swayed by Xue Ruhai and Wang Fugui. He glanced at the silent Ji Tianxiang and said, "Tianxiang, let's go and see Chang Yue. She's too pitiful right now. If you hadn't left yesterday, perhaps you would have been fine."

"I didn't say that I won't go. I'll get up now and go take a look." Ji Tianxiang sat up from the bed, picked up the clothes hanging from the railing and put them on, then got off the bed and put on his shoes.
