

C61

Everyone was stunned. Seeing that Ji Tianxiang was already fully dressed, they also quickly started to move.

However, there were only four people who went out at the end, so Lin Fei didn't go.

There was no Lin Fei at dinner last night, nor did they know the women Xue Ruhai and the others were talking about. They didn't want to join in on the fun.

It would be terrible if he got himself into a shitty situation.

Lin Fei sat on the bench proudly as he continued to read the anime happily.

Soon, they arrived at the place where they had dinner yesterday, the chrysanthemum restaurant.

Chang Yue definitely did not want to submit to Lee Meng. She was short and ugly, she did not want to give her body to such a man.

Even though Lee Meng's family background was very good, he had a lot of money and power.

She didn't want to either.

Her father had so many people looking for her, but still couldn't solve this issue. Then she would have to rely on herself. She had to collect evidence in the chrysanthemum restaurant, get the video of Lee Meng flirting with her yesterday, and sue Lee Meng in court.

She didn't believe that Lee Meng could cover the sky with one hand in front of the law.

However, when they arrived at the chrysanthemum restaurant, they found that the video from yesterday had been taken away already.

There was no helping it, Chang Yue could only call the boys she knew yesterday over and see if there was anyone who could help her.

Sure enough, Chang Yue was crying while Qin Shui and Wang Xue were comforting her in low voices.

"Chang Yue, we're here to see you." Xue Ruhai said.

"Chang Yue, you don't have to be too sad. This is a legal society, so the whales wouldn't dare to do anything too excessive." Wang Fugui said.

But if that was the case, then who knew if Lee

Meng could be so powerful that the rule of law couldn't stop him. After all, the boss of Whale Group, Li Gang, was not an ordinary person.

"Yeah, why don't we call the police and capture them. We can testify for you." Lee Ming said as if he was imagining things.

Chang Yue flew into a rage when she heard Wang Fugui and Lee Ming's words.

His family background must not be too great in these two poor competition. They definitely couldn't help him, so he had no choice but to spout bullshit.

"What do you know? "Just think blindly. Lee Meng's dad is too amazing, there's no way he can fight against them." Chang Yue said angrily.

She had thought of all the solutions she could think of. At the beginning, it was also the same as Wang Fugui and Lee Ming.

Lee Meng and Lee Meng's father, Li Gang, had already blocked the road ahead of her. The two of them had a good relationship.

The only thing left was to have no way out and suffocate her to death.

At this moment, although Chang Yue's words

were blunt, she was no longer as arrogant and despotic as she was yesterday.

She looked haggard, her hair was a mess, and her pretty eyes were bloodshot. He just sat there, tears streaming down his face.

Ji Tianxiang was looking at a pitiful person.

"Find someone else, see if you can find someone to talk to. I'll help you ask them if they have any connections in Beidu when I get back." Xue Ruhai thought for a while and said as if he was acting cool.

He didn't want to lose face in front of a beauty.

To be honest, although Chang Yue had a violent temper, her looks and body shape really suited Xue Ruhai's taste.

One day, if he could catch Chang Yue, no matter how fierce the girl was, she would still be a obedient little kitten under him.

When Chang Yue became his woman, he could still use Chang Yue to seduce Ji Tianxiang. From yesterday till now, Ji Tianxiang's gaze had never changed when he saw Chang Yue.

Ji Tianxiang would die from anger if he was deceived by the money.

"Yeah, I'll ask again." Qin Shui and Wang Xue both came from decent families. Their parents were both close to each other, and even though they had asked quite a number of people about Chang Yue, they expressed their helplessness.

But all the sisters had a fight and tried their best.

"Mm, don't worry, your family will definitely be fine. This storm will soon be over." Ji Tianxiang said after thinking for a while.

"You came too!"

Hearing Ji Tianxiang's voice, Chang Yue raised her head and stared coldly at Ji Tianxiang:

"Hmph, you still have the face to come."

Instantly, the person in question was stunned.

"Chang Yue, Tianxiang only came here because he was worried about you. It's not appropriate for you to say that." Qin Shui pursed her lips and said.

"Hehe, you're concerned about me? If it wasn't for him yesterday, would I have met Lee Meng? Can I be held up by him? How could something like this happen to my family? I can be threatened by Lee Meng? "

The more Chang Yue spoke, the more resentful she became. She walked towards Ji Tianxiang and pointed at him. She wanted nothing more than to slap him down.

"This ..."

The crowd also felt that Chang Yue was right and didn't know what to say anymore.

Chang Yue thought for a while and actually attacked. Luckily, Ji Tianxiang dodged it quickly.

"Ji Tianxiang, what are you dodging for? It's all because of you. You still have face. Since you came, you should receive a slap from me." Chang Yue said angrily.

As he said this, he wanted to slap them, but Qin Shui and Lee Ming stopped him.

"Tianxiang, hurry up and leave. Chang Yue has lost her mind." Qin Shui said.

"Yeah, Tianxiang, hurry up and leave this place." Lee Ming also said.

Ji Tianxiang smiled and didn't say anything. He knew that it was useless to say anything and no one would believe him.

Forget it, let's just leave.

If he didn't get slapped, he would really be caught in the crossfire of the city village.

Xue Ruhai and Wang Fugui's eyes darkened. They didn't want to let Ji Tianxiang go so quickly. They chased Ji Tianxiang to the door.

"Tianxiang, everything Chang Yue said just now was just an infuriation. Don't hold a grudge. She still has some interest in you. After all, no matter who it is, they will find someone to vent their anger on." Xue Ruhai said.

"Well, I know, I won't take it to heart."

Ji Tianxiang said, "Go back and comfort her."

"Don't, our consolation is useless. You go and console them." Wang Fugui received the hint from Xue Ruhai and said.

"No need, Chang Yue hates me the most when she sees me right now. I don't want to be slapped like this." Ji Tianxiang said bitterly.

With that, Ji Tianxiang left.

Xue Ruhai and Wang Fugui looked at each other. Seeing that they really couldn't stop Ji Tianxiang this time, they went back.

At this moment, in the chrysanthemum hall.

"I don't want to see that pauper anymore."
Chang Yue was still angry. She took out her phone and started to search for her contacts on her contact list. Was there anyone stronger than her who saw her high school classmate, Cheng Ao? "I remember now. I'm Cheng Ao's high school classmate, and his family is also quite influential. I'll call him and ask if I can help."

On the other side, Qin Shui and Wang Xue also started to call their parents. Although they knew it was useless, they still needed to do something.

C62

Xue Ruhai had already said it in front of Chang Yue. Even though his family didn't have any background, he didn't know any powerful people. He also took out his phone and started to play around with it.

Wang Fugui looked at Xue Ruhai strangely. What kind of phone call from Ru Hai? Wasn't his family's environment very ordinary?

He was about to say something when Xue Ruhai glared at him.

Lee Ming didn't know anyone else, he was just a kid from a poor family, so he saw everyone making calls and stood there awkwardly without saying anything.

At that time, Ji Tianxiang had left.

He took out his cell phone, thought for a moment and dialed a number.

"Beautiful housekeeper."

The call connected.

"Master Young Master Ji, what orders do you have for me?" Shen Xiaoxiao's voice was gentle, but it also sounded very respectful and

polite.

"Yea, you didn't take care of this matter with Li Gang and his son Lee Meng of the Whale Group that I called you yesterday." Ji Tianxiang said, "They've found the Chang Clan again. Let's go and take care of them. We have to clean them up a little this time."

"Okay, Young Master Ji, I will go and deal with it now. I was careless yesterday, I will definitely give you a satisfactory result today." Shen Xiaoxiao said seriously.

"Mm, that's good. Then that's it. I'll hang up first." Ji Tianxiang said.

Shen Xiaoxiao, who was on the other side of the phone, suddenly said: "Wait, Young Master Ji, there are a few of the old sects in Beidu City. They want to see you, when do you have time?"

"This ..." Ji Tianxiang hesitated.

"Young Master Ji, you can't drag this on any longer. Meeting them earlier is beneficial for your future work." Shen Xiaoxiao lowered her voice.

"Alright, alright, then tell them next Wednesday night, we'll meet at Tianxin Garden." Ji Tianxiang was speechless.

Delaying it again and again was indeed out of the question. Even the beautiful butler was a bit annoyed.

However, it was time for them to meet again. A lot of things had happened in the past few days, and it was her housekeeper who had always troubled them.

He couldn't always look for Shen Xiaoxiao in case something happened to her, right? It was time to get to know some people and make plans for the future.

Hearing that Ji Tianxiang was willing to meet the old school in Beidu City, Shen Xiaoxiao's voice of saying goodbye became a bit happier.

However, before hanging up, Ji Tianxiang reminded him again: "Hurry up and get rid of the matter between the Whale Group and Chang Clan."

When Ji Tianxiang hung up the phone, Shen Xiaoxiao had already used the internal communication within her family to inform Beidu and Ouyang Mansion.

In Beidu City, a surge of energy immediately became busy.

First of all, it was the call from the SU bureau

chief's office. When the number came through, the sheriff put down the documents in his hand and answered the call, "Hello, I'm on a felony basis."

"I'm Ouyang Feiming."

"Mr Ouyang, hello, hello. Sorry for the disrespect."

"Recently, there seem to be some people in Beidu City that are unruly and are jumping up and down. I think they're called the Whale Group, ah ..."

After that, Ouyang Feiming hinted at what Ji Tianxiang had said.

"Don't worry, Mr Ouyang. I'll go deal with it immediately."

He put down the phone, left to get the car prepared, and went to the Whale Group to deal with the matter.

"Chief, the money is waiting for you outside. I'd like to pay my respects." The assistant came over and said.

"Let him come back tomorrow." Yu Zhitong waved his hands impatiently.

"But Director Qian said he's been waiting for

you for almost an afternoon."

"I said tomorrow would be tomorrow." Yu Chong Sin glared at the assistant.

Money was nothing, after all, money was the most important thing. Yu Wei was a man with great abilities, outstanding abilities, and a profound background; even the strongest person in Beidu City would have to pay respect and pay seventy percent in front of him.

Although this statement was a little exaggerated and it was a little overboard to tell others about it, but in reality, only after witnessing it with his own eyes did Yu Chong barely believe it.

Ouyang Feiming was truly amazing!

According to what Ouyang Feiming had just told them, the Whale Corporation was oppressing the Chang Clan and the Chang Clan's Four Seas Corporation.

Four Seas Corporation was a small company. Although he didn't understand that a big shot like Mr Ouyang would speak for such a small company and even personally make the call to arrange for him, he still did as he was told.

It was time to give the Whale Group a good beating. During this year, the Whale Group

had indeed become a little too arrogant, causing them to give a small lesson to calm down.

Therefore, Yu Zhong wanted to personally pay a visit to the Whale Group and warn someone.

At this moment, Ji Tianxiang had returned to the school and was sitting alone in the woods.

It was very quiet here. It was a deep and quiet little path with rows and rows of lush green leaves. Waves of cool breeze blew past, making people's faces feel uncomfortable. Occasionally, they would hear the cries of birds and smell the smell of earth.

Ji Tianxiang suddenly felt that being single was pretty good. In the past, when he was with Wu Yuhan, Wu Yuhan would look for him every day for small matters. It was a bunch of crap as well.

If he didn't do it, Wu Yuhan would be angry, and if she was angry, she would just ignore him for a few days. At that time, Wu Yuhan was really the only one he cared about, and he was afraid that she would be unhappy, and he was even more afraid that she would be angry, and even more afraid that he would ignore him.

It could be said that at that time, Ji

Tianxiang's entire life was centered around Wu Yuhan.

Like a dog, very obedient.

Now that he suddenly quieted down, he felt a lot more relaxed and at peace. Ji Tianxiang felt that it was good to be alone in this world.

The gentle breeze in the small forest made Ji Tianxiang feel really comfortable. Slowly, he unconsciously closed his eyes.

Suddenly, a beautiful and pure face appeared in his mind.

It was Qiu Yi's.

Qiu Yi smiled shyly as she looked at him, slowly moving closer to his lips.

Just as he was about to kiss her, his phone rang.

It was from Qiu Yi.

"Qiu Yi, did you call me? I had a hard time finding you. I couldn't get through to you even if I called you a few days ago, so I went to the academy to inquire about your news. I heard that your family was busy, so I asked for leave and went back." Ji Tianxiang sounded a bit excited.

"Tianxiang." After hearing Ji Tianxiang's voice, Qiu Yi shouted softly and tears started streaming down her face uncontrollably.

Hearing Qiu Yi's voice, Ji Tianxiang felt that something was wrong and asked anxiously, "Qiu Yi, what's wrong? Are you crying? Did something happen? You tell me. "

"Tianxiang, my dad is sick and doesn't have any medical fees to pay for it. The hospital said that they want to kick my dad out." Qiu Yi said one after another with a sobbing voice.

"Uncle's medical expenses? You don't have to worry about that, I'll pay for it. "Where are you right now? I'll go find you." Ji Tianxiang frowned and said in heartache.

C63

"I'm at Sanren Hospital." Qiu Yi said.

After hanging up, Ji Tianxiang immediately ran out of the west gate of the school through the woods. He walked towards his red QQ, took out the car keys from his pocket, pressed it, opened the car door, got into the car and started the engine, then drove towards Sanren Hospital.

On the way, Ji Tianxiang called Qiu Yi again, comforting her while driving.

Qiu Yi's mood improved before she hung up the phone.

Sanren Hospital.

As Ji Tianxiang got off the car, he saw Qiu Yi squatting on the steps of the hospital with her arms tightly wrapped around him.

"Qiu Yi, I'm here." Ji Tianxiang walked over and pulled Qiu Yi up.

"Tianxiang." Lili could not stand it any longer and rushed into Ji Tianxiang's arms.

It was too sad.

The burden on her shoulders was really heavy. These few days, she had been earning money desperately, earning money, and raising medical fees for her father, but it was not enough. She worked 20 hours a day during the day and night for a few part-time jobs, but the money she earned was still far from enough for her father to stay in the hospital to treat his illness.

But he was really tired.

He really wanted to find someone to rely on so that he could rest for a bit.

However, if he rested, what about his father's medical expenses? He was really good and useless, he couldn't even afford his father's medical expenses.

"Qiu Yi, don't be afraid. I'm here."

Ji Tianxiang could feel Qiu Yi's emotional fluctuations. He also saw the tiredness on Qiu Yi's face. He also felt the tiredness and tiredness on Qiu Yi's face. He also felt the pain of being suppressed by a heavy burden on her heart.

Also, blame yourself.

Qiu Yi's heart ached even more when she saw her current state. Of course, it was more

because she wanted to wipe away the pain and hardships from Qiu Yi's body.

So he came.

"Tianxiang, I'm really tired. I really want to sleep, but I can't sleep. Dad's medical expenses are still waiting for me to collect." At this point, Qiu Yi lowered her eyelashes, looking very sad, "Tianxiang, am I really useless? I called you over, and seeing my negative look, you must be extremely annoyed. I'm really sorry."

Hearing that, Ji Tianxiang's heart felt like it was being pierced by needles, causing him even more pain.

This little girl, she's already like this, yet she still wants to forcefully resist. Why is she so stubborn?

If something like this happened and it was so difficult, why didn't she come find him earlier?

No matter how much the medical fees were, Ji Tianxiang could afford it with his current identity and the black card in his pocket.

"Come, come with me!"

After saying that, Ji Tianxiang pulled Qiu

Yi's hand and walked towards the ATM near Sanren Hospital.

"Tianxiang, where are we going?"

Qiu Yi was stunned for a moment, then asked as she looked at Ji Tianxiang holding her hand.

"Aren't we going to have to pay the medical fees to get the money? I have plenty of money to pay." Ji Tianxiang said in anger.

"One hundred thousand." Qiu Yi said subconsciously, then reacted, "No, even if you had the money, I still wouldn't want it."

"Qiu Yi, your father's life is more important, so it's better to argue with me here. Pay the medical bills first, and we'll talk about the rest later." Ji Tianxiang said.

This time, Qiu Yi didn't speak any further.

Yes, his father's life was more important, or else he would really be chased out of the hospital. At this critical moment, Ji Tianxiang was the only one who could help.

Ji Tianxiang swiftly took out a sum of money from the ATM and put it in a black plastic bag that he had prepared at any time.

Qiu Yi widened her eyes in shock.

How could there be so much money?

"Qiu Yi, let's go and pay the medical fees for your dad. That should be enough money. If it's not enough, I'll go get more." Ji Tianxiang weighed the black plastic bag in his hand and said.

"There's no need to take it, that's enough. This is enough money."

"Qiu Yi, let's go and pay the medical fees for your dad. That should be enough money. If it's not enough, I'll go get more." Ji Tianxiang weighed the black plastic bag in his hand and said.

"There's no need to take it, that's enough. This is enough money."

Qiu Yi quickly pulled Ji Tianxiang over. With so much money, she even instructed him, "Keep the money well. This area is not safe."

Ji Tianxiang nodded in understanding. He kicked the black plastic bag into his pocket, closed his jacket and put his hands in his pockets, pretending to be normal.

The two of them exited the ATM and walked to Sanren Hospital.

After entering Sanren Hospital, Qiu Yi led Ji Tianxiang to her father's ward.

Ji Tianxiang looked and found that there were so many patients in the ward. Counting them, there were ten beds in a 30-square-meter ward, not to mention the one at the door.

The gap between the sickbed and the sickbed was quite large. Placing a stool and walking on it was very spacious. However, it was now extremely narrow. It would be great if a person could walk in there alone.

Can this patient recuperate comfortably?

Can the nurse, the doctor can go in, give the patient an injection to take medicine?

Ji Tianxiang shook his head. His intuition was scary.

"Dad, we have money. We have money. Your medical expenses, your hospitalization expenses, now you don't have to worry about them. Your illness can definitely be cured this time." Qiu Yi walked to the bed closest to the wall and held the hand of a middle-aged man.

"Yi Yi, where did you get so much money?" The middle-aged man looked at Qiu Yi in surprise.

"Me." Qiu Yi pursed her lips, not knowing what to say.

Yu Guang glanced at Ji Tianxiang unnaturally. If his father found out that it was Tianxiang who helped them, he would definitely not agree.

"Hello, Uncle. I'm Qiu Yi's classmate. My name is Ji Tianxiang."

Ji Tianxiang seemed to be able to see Qiu Yi's dilemma and stepped forward to greet her.

"Hello, little classmate. How was Qiu Yi at school?" "No trouble." Qiu Yi's father asked kindly.

"Uncle, don't worry. Qiu Yi is very hardworking and outstanding at school. All the teachers and students like her a lot."

Ji Tianxiang said with a smile.

"That's good, that's good." Qiu Yi's father patted her hand in gratification.

"Qiu Yi, I'm thirsty. Can you get me a cup of water?"

Qiu Yi's father seemed to have something to say to Ji Tianxiang and sent Qiu Yi away.

After Qiu Yi left the room with the water glass, Qiu Yi's father waved for Ji Tianxiang to come over. "Can I call you Tianxiang?"

At that moment, three to five nurses walked in from the ward.

He looked around the ward and then walked towards Qiu Yi's father's bed. Without saying anything, he went up and lifted Qiu Yi's father's bed and placed it on the stretcher.

"What are you guys doing?" Qiu Yi's father shouted in panic.

The five nurses looked at Qiu Yi's father lazily and said nothing.

"What are you guys doing? Without the patient's permission, where do you want to take the patient?" Ji Tianxiang stood in front of the five nurses.

"Who are you? This bed has been diverted to other patients. "

C64

"If you want to look for trouble, go find the dean to argue with him. We can't make the decision."

The two nurses looked at Ji Tianxiang in disdain and said with a nasty tone.

Ji Tianxiang frowned: "Put it down, you can't do that. Don't you see that patients need this bed more? It is not right to misappropriate the patient's bed. What you are doing is in violation of the hospital's rules. "

"Hehe, why is this kid so funny when he speaks? It's not like we have to do this. It's all the rules above, don't you understand?"

"You can talk to the dean if you have the ability. The director can talk to her. Although the hospital is a place where saving the dying and helping the injured can only be done, it's not a refugee shelter. Wanting to stay in the hospital without money is too much of a joke."

"Hurry up and get out of the way, don't disturb us. We still have other things to do later, don't mess around here."

Some of the nurses, both male and female,

started to vent their anger on Ji Tianxiang.

At the same time, there was a wave of laughter from the other patients.

How could it be possible to settle the score with the principal?

The hospital had its rules, and no one could change it.

Therefore, in the nurse's eyes, what Ji Tianxiang said was laughable. In the patient's eyes, what Ji Tianxiang said was even more laughable.

"I said put it down, you didn't understand." Ji Tianxiang was a bit angry and refused to let go of the stretcher.

This way, the nurses were thoroughly annoyed and started fighting with Ji Tianxiang Nong.

In the eyes of those nurses, Ji Tianxiang was just a poor person without money. He was making a ruckus here in order to attract everyone's attention and cause trouble in the hospital.

However, they had seen many of these people, so they didn't mind. As long as their attitude was even more vile than the other party's,

they would immediately retreat.

However, Ji Tianxiang's aura was very different from those people they normally met. There was a fierce look in his eyes and he did not dare to move.

Also, there were eight or nine patients in the ward. It was not good for Qian Ge to overdo things.

"Hurry up and get out of the way, stop bothering me, the hospital still has a lot of work waiting for us. If you keep pestering us, don't blame us for calling the police." A nurse began to threaten him.

"Then call the police. I think we're right about what happened today, whether it's your hospital or us." Ji Tianxiang said.

"Besides, today is the deadline for ward 202. If you can't pay the hospital admission fee, you'll have to be taken out." A nurse said.

What?

Medical expenses.

Ji Tianxiang smacked his forehead. How could he forget about this? He didn't have the time to pay medical fees to Qiu Yi's father. No wonder these nurses talked like this.

"So it's because the medical fees and hospitalization fees have not been paid. You can let go of this patient now, I'll go and pay now, how much money is it?"

"Heh, this kid is bragging again. Seeing his poor appearance, can he afford the medical fees?" a nurse mocked.

"Just tell me how much it is." Ji Tianxiang was a bit unhappy.

"Even if you don't take into account the medical fees that patient 202 owed you, you still have to pay sixty thousand yuan. Kid, can you afford it?" The nurse said.

It's only sixty thousand yuan, isn't it too much?

When Ji Tianxiang was about to take out the 300,000 yuan that he just took out from the ATM, the nurses thought Ji Tianxiang was afraid of not being able to take out the money. They looked at each other and said that Ji Tianxiang was not paying attention, so they lifted up the stretcher and walked out.

"Hey, what are you guys doing?!" Didn't I already tell you, are you going to pay the medical and hospital bills now? " Ji Tianxiang took out the black plastic bag from his armpit,

picked up the heavy three hundred thousand and ran to stop him.

"Sure, then we'll have to wait for you to pay for the hospitalization fee before we can bring him back. There are too many patients, so the bed won't wait for anyone." The nurse mocked.

She still felt that Ji Tianxiang wasn't able to take out the money and was just trying to stall for time with them.

In the corridor of the hospital, there were many people coming and going, causing a commotion.

The head nurse came out of a ward and saw the scene in the corridor.

"What happened?"

Chief nurse, you came. Not only is patient 202 in arrears with the hospital's medical expenses for half a month, but the hospital fees are now due, and the regulations say that all patients who can't afford to pay the hospital fees will be carried out. And this man is causing trouble here, and he even wants to beat us up. A nurse was standing at the front of the group.

"Sir, this is the hospital's rule. I hope you can

cooperate."

The head nurse frowned and said to Ji Tianxiang.

"I've already told you, to be able to afford it means to be able to afford it. It's all your fault for not believing me." Ji Tianxiang was really annoyed this time. He felt that these people were not only open-minded towards money and had no sympathy, they even refused to keep their promise and turned right and wrong.

So he took out sixty thousand dollars from the black plastic bag, and he really wanted to throw the money at the nurse's face. Hm? You can put my uncle down now. "

The head nurse's expression immediately changed when she saw the money in Ji Tianxiang's hand. She happily pulled on Ji Tianxiang's arm: "Sir, since you have the money to pay for the hospital, let's have a talk and not be so stiff."

"Let them put my uncle back." Ji Tianxiang said.

"Okay, okay, no problem. You guys hurry up and put him back." The head nurse shouted at the nurses.

"Yes, it's the head nurse." The nurses nodded in panic.

"Wait, you have a VIP ward?" Ji Tianxiang asked after thinking for a while.

The head nurse nodded. "Yes, of course, sir, you want to ..."

"That's right, give my uncle a VIP ward. No, it should be a super VIP ward, do you have it?"

"Yes, of course. "However, in our super VIP ward, the admission fee is around 10,000 yuan a day." The head nurse looked at Ji Tianxiang doubtfully.

He could afford to pay for the ordinary hospital admission fee, so he could afford to spend 60,000 yuan, but if he wanted to stay in the hospital's super VIP ward, he would be in trouble.

The nurses looked at Ji Tianxiang with their mouths agape. They couldn't help but wonder how could this guy manage to open such an expensive ward for his uncle, who didn't look like a rich man at all.

It must be bragging, yes, it must be bragging.

Ji Tianxiang didn't say anything. He directly opened the black plastic bag and revealed the

money inside: "I don't need the money. I just want to check in."

"If this amount of money is not enough, then this card should be enough to pay for your VIP ward, right?"

Immediately, the entire corridor quieted down. Regardless of whether it was the patients who were watching the show in the ward or the ones who were still standing in the corridor, they were all dumbfounded.

The matron opened her mouth, closed it again, blinked, and rubbed it with her hand.

Looking at the black card in Ji Tianxiang's hand, was this the legendary black card owned by a super rich person? There was an endless amount of money inside it.

C65

Yes, that's right. Ji Tianxiang revealed his black card, and that was how they became like.

Ji Tianxiang looked at everyone's shocked and shocked expressions with an indifferent expression, disagreeing with them.

The black card was indeed something that ordinary people could not see.

"Mister, how should I address you?" I'll take you to the front desk to do some new work. " The head nurse smiled warmly.

A super VIP ward is good. Introducing a patient to stay in would earn her a lot of commission.

Furthermore, the identity of the person with the black card must not be simple. Do not offend them.

Perhaps, in the future, their hospital would need this big shot to invest in something.

My name is Ji Tianxiang, by the way, you're the head nurse, right? You saw what those little nurses did just now right? I think it's too much, and it caused a certain amount of

mental damage to my uncle and me.

Ji Tianxiang glanced at the nurses and sneered.

The head nurse was a sensible person. She immediately understood the meaning of Ji Tianxiang's words. She turned her head towards the nurses and scolded them, "How do you all do things? Are you trying to mess around just because you don't understand the patient's situation?" Have you done it at the hospital? I don't dare apologize to this patient. "

"Sister, it's not that you want us to ..."

"Shut up, you still dare to talk back to me, right? You don't want this month's salary anymore, but you still don't want this job anymore." the head nurse snapped.

Several nurses lowered their heads in fear, "Head nurse, we dare not, dare not."

"I don't dare, hurry up and apologize to patient 202." the matron said.

"I'm sorry, I'm sorry. It was a mistake on our part. I didn't understand the situation. I hope you can forgive us."

"I'm sorry."

"I'm sorry."

About five young nurses walked in front of Qiu Yi's father and apologized. They apologized again in front of Ji Tianxiang. They were polite and kind, completely different from before.

At this moment, the nurses sincerely regretted not believing Ji Tianxiang's words. Otherwise, they wouldn't have been scolded by the head nurse and their wages would have been deducted.

Sigh, this really shouldn't have happened.

He felt rather bitter in his heart, but he still had to break his gums and swallow it.

Who told them to have eyes but not see Mount Tai? Who made them look down on him? But who would have thought that an average looking man would actually be so rich?

If they really drove this patient 202 away, the principal or the director would find out and lose a lot of money. If they didn't get scolded to death by the head nurse, they would be scolded to death by the principal or the director.

At that time, work would be the real problem.

Qiu Yi's father looked at the scene before him in surprise. He was slightly surprised in his heart. The young man standing in front of him had not expected Qiu Yi's classmate to be so rich and imposing.

He had also almost misjudged her.

"What are you standing there for? Hurry up and send patient 202 to the super VIP ward!" Are you waiting for me to send you off?" the head nurse shouted angrily.

The head nurse increasingly despised the young nurses. Not only did they have no brains, they didn't even know how to look at people. She would always wipe her butt.

A few nurses quickly obeyed in fright.

Ji Tianxiang watched the entire time indifferently as the head nurse scolded the nurses. He didn't say a word, and should teach them a lesson.

"Uncle, you should go to the ward to recuperate first. I'll pay the hospital admission fee to you." Ji Tianxiang said.

Qiu Yi's father nodded.

Since the hospital was running water and had to queue up, Qiu Yi came back to find that her

father was no longer in the ward.

He suddenly became anxious. Thinking that he was driven away by someone from the hospital, he hurriedly ran out of the hospital and bumped into Ji Tianxiang, who had just paid the hospital's entrance fee and medical fees.

"Qiu Yi, what's wrong with you? You're in a hurry." Ji Tianxiang stopped Qiu Yi and asked.

"Tianxiang, my dad is missing. He must have been chased away by those people in the hospital." Qiu Yi's anxious voice changed.

"Haha, Qiu Yi, don't be so anxious. Listen to me. Uncle didn't get beaten up. He went to another ward." Ji Tianxiang laughed lightly and comforted Qiu Yi, "Let's go. I'll take you to uncle's new ward now. We've found the doctor who is going to treat your father's illness. You can have surgery after recuperating for a while."

The Super VIP ward was on the middle floor of the hospital. Qiu Yi felt a little different as she took the elevator up.

When they reached the door of the ward, Qiu Yi looked at the words Super VIP and excitedly said to Ji Tianxiang, "Tianxiang, you ..."

"Qiu Yi, I know what you want to say, but let's

talk about it in private. Let's go in and see uncle first. He should be getting impatient." Ji Tianxiang said with a faint smile.

Tears welled in Qiu Yi's eyes as she nodded vigorously.

When Qiu Yi entered the ward, she saw Qiu Yi and her father hugging and crying.

"Dad, it's great that you're fine."

"Dad, we don't need to worry about not having enough money to pay for the hospital fees in the future. The medical expenses, you can treat him properly now ..."

Ji Tianxiang smiled with satisfaction and walked out of the ward.

Leaning against the wall of the corridor, he felt an indescribable happiness in his heart. So he was actually this happy to help Qiu Yi.

A genuine pleasure.

Ring, ring, ring. His cell phone rang. It was his elder sister Guan Yu.

"Hello, Sis. What business do you have with my little brother? If I can help, I definitely won't refuse." Ji Tianxiang said heroically.

On the other side of the phone, Guan Yu burst into laughter: "My silly little brother, so cute, sister has something to talk to you about, but it's not a brawl, she wanted to call you to go drink at the bar where Beidu is located, and she also wanted to bring you to meet some of my friends."

"Drinking, making friends. Sis, of course there's no problem, but I might have some small matters to take care of here. I'll go over later, do you think so?" Ji Tianxiang glanced at Qiu Yi in the ward and said after thinking for a while.

"Sure, as long as you have the right time. Elder sister will be waiting for you at the bar." Guan Yu said loudly.

It was similar to the feeling of a big sister in the martial arts world. It was straightforward and grounded, giving people a comfortable and comfortable feeling.

Ji Tianxiang hung up the phone. When he turned around, he found that Qiu Yi was already standing beside him.

"Qiu Yi."

Thank you so much for helping us solve our emergency. But don't worry, my dad and I won't think that it's natural for you to help us.

If you have any problems in the future, just ask us for help. Qiu Yi said seriously.

It was an extremely pure face, yet it was so stubborn. This stubbornness was coming from the depths of his bones.

C66

Ji Tianxiang's heart ached, but at the same time, he admired Qiu Yi.

If anything happened to him in the future, he would definitely ask Qiu Yi and the others for help. As for the money, there was no need to pay it back.

He, Ji Tianxiang, was still waiting for Qiu Yi to be his girlfriend and his future wife.

Besides, he didn't want Qiu Yi to repay the money. Otherwise, how would they contact each other in the future? How would they be tied down?

After chasing a wife, he had to use his brain.

Not only did he protect Qiu Yi's self-esteem, he could also foster a relationship with her. At that time, it would be a matter of time before he would become Ji Tianxiang's wife!

Ji Tianxiang couldn't help laughing out loud as he imagined it so beautifully.

"Tianxiang, what are you laughing at?" Qiu Yi looked at Ji Tianxiang strangely.

"Um, how about this? Qiu Yi, if you really

want to repay me, then you can just be my living assistant. I'll give you fifty thousand yuan a month as your repayment fee." Ji Tianxiang rubbed his nose awkwardly and said.

"This." Qiu Yi hesitated.

Living assistant, 50,000 yuan per month, this was way too much, such a sky-high salary.

Originally, he would have to spend half his life to pay it back. But at this rate, wouldn't he be able to pay it back in less than a year?

"Don't worry about it, it's a deal. Qiu Yi, I still have things to do, so I have to go. I'll bid my farewells to uncle first." Ji Tianxiang touched Qiu Yi's hair and walked into the ward.

After bidding farewell to Qiu Yi's father, he left.

Qiu Yi looked at Ji Tianxiang's back and an indescribable feeling started to grow in her heart.

Walking out of the hospital, Ji Tianxiang got on his QQ, turned on his navigation system, and headed to the bar's location. Walking on the road, he got stuck in a traffic jam. He looked at the time and the appointed time with Ms Guan.

It had been an hour since he arrived at the bar. Ji Tianxiang arrived in his red QQ car.

"Brother, here." Guan Yu had been waiting at the door for a while.

"Sis, I'm sorry for making you wait so long. There's a traffic jam." Ji Tianxiang looked at Guan Yu apologetically and explained.

Guan Yu cared nothing about these things, as long as Ji Tianxiang came safely. She patted him on the shoulder and said, "No crap, go on in. Everyone is waiting to see you."

With Guan Yu leading the way, Ji Tianxiang walked into the bar and arrived at a special area. There were quite a few people sitting on the sofa, and both men and women were dressed similar to Guan Yu.

"This is my brother, Ji Tianxiang."

"This is my friend, Xiao Qiang, Zhang Guang, Li Dai, Ling Ling, Jian."

Guan Yu pulled Ji Tianxiang down and introduced him to everyone.

"Hello, brother." The five of them greeted each other warmly.

"Hello, Brother Qiang, Brother Guang,

Brother Dai, Sister Ling Ling, Sister Jian." Ji Tianxiang replied enthusiastically.

"Not bad, you know how to call people. Furthermore, you have quite the guts. You don't recognize them at all. I like it." Xiao Qiang said.

"I also like this little brother. Since he is Guan Yu's little brother, he will be our little brother from now on. Come have a toast to celebrate our meeting." Zhang Guang said.

Ji Tianxiang originally thought that these people were difficult to get along with. He didn't expect them to have the same character as Guan Yu: straightforward, straightforward, and grounded. They also quite liked these people.

He raised his glass and joined the others in a toast.

In another section of the bar, however, sat a group of men and women who had just come in.

Ma Qiangwei, his two friends Ren Hao, Sun Lei, Wu Yuhan, and her two roommates.

"Come, everyone, let's order some wine to drink first. The wine here is not only delicious, it's also not cheap. But tonight, I will treat

everyone." Ma Qiangwei said, "Everyone, we won't leave until we're drunk tonight."

"I don't believe it, this bar looks normal, but how delicious can the wine be? Even the price might not be comparable to a Tianxin Garden bar." Zhang Xinlan held her breath, disbelief written all over her face.

Wu Yuhan said that she would bring her and Li MengRui to the bar to finish. Out of the three girls that had been agreed upon, three boys had suddenly appeared.

One of them was Wu Yuhan's boyfriend. Th, they couldn't say anything about it. They just had to play then. However, Ma Qiangwei was a man that they looked down on.

Every time Wu Yuhan said that her rich second generation boyfriend treated her to a meal, they would end up going to a cheap place like that. This time, she actually believed that drinking very expensive wine was enough to treat them to.

At most, a bottle would cost a few hundred dollars, or at most, the most expensive would not cost tens of thousands.

Zhang Xinlan recalled the bottle of tens of thousands of dollars worth of wine that she drank at Tianxin Garden and felt like drinking

it all. That's why, compared to Wu Yuhan's ex-boyfriend, Ji Tianxiang, Ma Qiangwei was far worse.

Even Li MengRui agreed with Zhang Xinlan's words.

Hey, don't believe me, the wine here is something that only the legendary imperial concubines can drink. A bottle of wine is worth at least 10,000 yuan, and if I'm not a member of this place, then the wine would be even more expensive.

"How is this possible? This bar looks very ordinary." Li MengRui answered.

I don't understand, right? I can tell that you girls have never seen each other, and this restaurant is not for ordinary people, but for the descendants of the rich and powerful Shen Wansan of the Ming Dynasty. With a hundred years of history and background, it has developed to the point where no one, no matter if it is power or wealth, is able to match him.

"This bar, is the one they opened, and that bottle of wine is brewed from a secret recipe passed down through their Shen Family for a hundred years. On the market price, a bottle of wine with the starting price of at least fifty thousand. Look down at the sofa under your butts, and the table." Ma Qiangwei pointed

mysteriously.

Everyone looked over.

"Do you know how much this sofa is made of?"

"The leather sofa cost 300,000 yuan and the blankets cost 60,000 yuan. This table is even more expensive. It's specially custom-made from France and can only be used on refrigerators, 1 million yuan."

"With this set, I can buy a pretty good house in Beidu."

Wu Yuhan and the rest sucked in a cold breath, "Even if he is Shen Wansan's descendant, he shouldn't be wasting his money like this. Aren't he afraid that the bar will be full of people and ruin everything?"

You think too much, go to a bar, why do you call that a bar, that's because only people with status and power can come in to spend it, even if it's broken, they have the ability to compensate, if you don't dare to compensate, unless your family's business wants to close down, do you think the Shen Family people will let you go?

"Oh, by the way, do you know how much we charge for an hour sitting in the special area?"
Ma Qiangwei said in a suspenseful manner.

At the same time, he also felt the happiness of dressing up. Looking at the three women looking at him with both shock and adoration, the man's vanity swelled up.

C67

And the reason he dared to boast and say that he would be treating, was all because his father wanted to cooperate with Shen Family and gave him a sum of money, which would at least amount to five hundred thousand, to spend at the Shang Guan Bar. His goal was to find out more information regarding the inner workings of Shen Family.

Otherwise, how would he dare to bring this group of loopholes here to squander his money?

"How much is an hour?"

"Ren Hao, Sun Lei, tell them, how much is an hour?" Ma Qiangwei leaned on the sofa proudly and crossed his legs.

"We sit in this special area. Compared to the people who are standing at the dance hall and drinking, the people who are drinking at the bar counter and the people who are sitting at the small table, there are at least three to four times more people in an hour."

"How much is that? It couldn't be thousands of dollars, could it?" Wu Yuhan intentionally glanced at Zhang Xinlan and Li MengRui as she spoke.

Just now, Zhang Xinlan and Li Meng Rui mentioned the matter of Tianxin Garden eating, and obviously looked down on her and her boyfriend Ma Qiangwei.

It's great now, they finally got back on their feet. Her boyfriend, Ma Qiangwei, had invited her roommate to come to such a high-end bar for a meal. It was many times more extravagant than Ji Tianxiang.

Sun Lei glanced at Wu Yuhan, stretched out his hands and revealed eight fingers. "Sister-in-law, you're right. It's almost ten thousand yuan. 8,000 yuan an hour."

"Aiyo, Brother Qiangwei, why did you bring us to such a high-end place to spend? How can you be so embarrassed?"

Wu Yuhan said coquettishly while lying on top of Ma Qiangwei.

Zhang Xinlan and Li Meng Rui were shocked. The rich second generation was indeed the rich second generation. Not only did they have a wide range of vision, but they also had money and confidence to such an extent.

It seemed like they couldn't underestimate Wu Yuhan's boyfriend anymore.

Below, Zhang Xinlan and Li MengRui were also much more enthusiastic about Xiao Qiang and Sun Lei. They thought to themselves that since Ma Qiangwei was a fuerdai, his friends would naturally not be that bad.

After all, the rich liked to play with the rich. Otherwise, how could they afford to go to such a high-end clubhouse?

Even if he just ate and drank for free, he felt inferior.

"Eh, look who that is. It looks a little like Ji Tianxiang." Zhang Xinlan pointed to the area opposite them and said.

"How could it be him? How could that poor competition come to such a grand place? Xinlan, you must have seen wrongly." Wu Yuhan retorted immediately.

He felt that Zhang Xinlan's words were extremely laughable.

"I saw it too, it's Ji Tianxiang." Zhang Meng Rui also said.

"It really is that kid!" Ma Qiangwei also looked over and snorted with a smile, "Go and call him over, we can properly teach him a lesson."

Ji Tianxiang, Guan Yu and a few of her friends were almost done drinking. It was time to leave.

He called the waiter and calculated the bill for their area. Ji Tianxiang originally wanted to pay for it, but he was stopped by Guan Yu and the others.

"Little brother, we met today. How can I let you pay for it? It's good that we're here."

"Guests, here is your bill, a total of 630,000. Do you want to swipe your card or transfer your money?" The waiter handed over a list.

What?

630,000 yuan just for a short while? That much?

Ji Tianxiang, who was slightly drunk, woke up in an instant.

What kind of bar was this? The cost was so high!

Guan Yu and the others saw Ji Tianxiang's doubt, and explained: "This is a bar opened by a hundred year old family's Shen Family, all the things here are very valuable, just sitting in the special area for an hour and eight thousand yuan, liquor, snacks and the like are

even more extraordinary."

"One round of spending is pretty expensive, so people don't want you to spend it."

In the eyes of Guan Yu and the others, no matter how rich Ji Tianxiang was, he wasn't as rich as them, who had a family and business, so it was better not to let a student pay.

With the hundred years of history of the clan, Shen Family, and also Shen Wansan's descendants, these businesses must have been managed by Shen Xiaoxiao.

"It's alright, Sis. I can afford it. Rest assured." Ji Tianxiang smiled calmly.

Even though he had spent 630,000 yuan, which was more than ten times what he had spent in normal bars and nightclubs, in his opinion, it was still a small sum that he could afford.

Just when Ji Tianxiang was about to pay, a group of uninvited guests walked over.

Wu Yuhan intimately held Ma Qiangwei's arm and walked in front of Ji Tianxiang. She pretended to be as tall as a person and asked, "Eh, isn't this the Ji Tianxiang who collects trash in our school?"

Ma Qiangwei looked down at the empty table and sneered: "You left so quickly, why don't you order some wine and food? You can't possibly be out of money, after all, you can't afford to spend that little money, so stop pretending to be fat, it's hilarious."

Oh, but I also understand you. We're both men, and if you want to show off in front of your friends, then you can go to my reserved area if you can't afford it. With a high class seat, I'll open your eyes to the world. Ma Qiangwei said proudly.

Ji Tianxiang ignored him. He just taught him a lesson a few days ago.

"What, you feel inferior and don't dare to go over?" After being ignored, Ma Qiangwei was a little angry.

"Sure." Since someone was treating him to a meal, it wasn't like Ji Tianxiang was spending his money.

"But you don't mind if I call my friends along, do you?"

"How can that be? I, Ma Qiangwei, am not that young. Let's go, let's go together."

Ji Tianxiang turned around and glanced at Xiao Qiang and the others. Everyone

understood the purpose of Ma Qiangwei's visit and quietly nodded.

As soon as they sat down, Zhang Xinlan said anxiously, "Ji Tianxiang, why did you come to a place like this? There's a lot of food here and you can't afford it. You should leave immediately."

"That's right. Ji Tianxiang, you should leave quickly with your friends. Ma Qiangwei and the others said that they want to do something to you ..." Wu Yuhan's eyes were glowered at him, and Li Meng Rui stopped what she was about to say.

"In short, you all should hurry up and leave." Zhang Xinlan advised.

If he wanted to mess with him, it was better to play with him. Let's see what Ma Qiangwei would do, he had to make the best of it: "It's fine, it's not like I'm the one who's paying today, it's all Ma Qiangwei's treat. Do you guys think this is a waste?"

And sure enough, after Ji Tianxiang said this, those people who wanted to see Ji Tianxiang show off had expressions of contempt.

Even Zhang Xinlan and Li Meng Rui, who had a little conscience, felt disdain towards Ji Tianxiang's words.

How did Ji Tianxiang become such a person?

C68

Not at all grand, not at all manly, not only not listening to their advice, but also thinking of taking advantage of them.

As a result, his impression of Ji Tianxiang instantly dropped to%.

"Tsk, what a pauper, making people feel disgusted just by looking at him. Aiya, Mr Ma, my head hurts. It must be because of this poverty-stricken me. Quickly come and comfort me." Wu Yuhuan said with a disdainful expression.

Guan Yu was a little angry and was about to get angry, but she was stopped by Ji Tianxiang. He didn't want to blow the whole thing up so quickly, he still wanted to wait for Ma Qiangwei to do something so that he could retaliate.

It was not yet certain who would be teaching who.

Ma Qiangwei patted Wu Yuhuan's back to comfort her for a bit. He then said to Ji Tianxiang with a bottle of Imperial Consort Wine, "Do you know how much this bottle of wine costs?"

"Hmm, I don't know. "Then how much does this wine cost?" Ji Tianxiang pretended to be ignorant as he asked.

In fact, he, Guan Yu and a few of Guan Yu's friends had already been drinking this kind of wine in that special area. If he remembered correctly, it should be called Imperial Consort Wine, which was eight thousand yuan per bottle.

As for him, Guan Yu and the others, they had not only ordered this type of wine, they had also ordered other types of Monarch Wine and Queen's Wine ... Some of the more expensive wines.

"Even you, a country bumpkin, don't know that this wine is called Imperial Consort Wine, and it costs 8,000 yuan to fill it up." Aren't you short on money? Do you dare to make a bet with me? " Ma Qiangwei's eyes flashed a hint of calculation as he smiled sinisterly.

"What bet?" Ji Tianxiang asked cooperatively.

"If you dry this bottle of wine, I'll give you eight thousand dollars. If you dare to dry this entire table of wine, I'll give you fifty thousand yuan. How about it?" Ma Qiangwei sneered.

Ji Tianxiang smiled lightly: "Ma Qiangwei,

are you sure you want to bet with me?
When the time comes and we lose, don't act shamelessly. "

"Heh heh, how could I act shamelessly? Weren't there people present who were all testifying? "If you dare to drink this, I, Ma Qiangwei, will keep my promise. I'll give you as much as you drink, but I also have a condition. If you can't drink it, then you have to pay me double, what do you say?" Ma Qiangwei smiled in disdain.

Ji Tianxiang took the wine from Ma Qiangwei's hand and gulped it down. "How is it?"

He poured the wine into the bottle, but not a single drop flowed out.

Ma Qiangwei and the rest were stunned.

"What the hell? This was a top grade Imperial Consort Wine, it was easy to get intoxicated. How come there was nothing wrong with him drinking it? Did you make a mistake? " Ma Qiangwei looked coldly at Sun Lei. Xiao Qiang said, "It's clear that this wine was ordered by the two of them, and their idea was also suggested by the both of them."

Sun Lei and Xiao Qiang were both stunned.

"How could that be?" Mr Ma, we did order the strongest wine. It was the top quality Imperial Consort Wine. If you don't believe us, look at the name on the bottle." Sun Lei frowned and said.

"Did you put the wrong wine in the wrong bottle?" I'll try a bottle too. " Xiao Qiang said in confusion. Seeing that there was a bottle of Imperial Consort Wine on the table, he picked it up and blew on it.

Chuckling.

"Good wine." Before he finished the wine, he had already fainted.

Even Xiao Qiang was drunk, it seemed like the top quality Imperial Consort Wine was not wrong.

"Ji Tianxiang, how did you do it?" Wu Yuhan frowned and asked.

Ji Tianxiang ignored her and just reached out his hand towards Ma Qiangwei, "Mr Ma, you should pay now. You said that as long as I finish a bottle of wine, I will give you 50,000 yuan for one time. Don't be shameless."

"You, kid, you're ruthless." Ma Qiangwei was quite trustworthy and took out his phone to transfer 50,000 yuan to Ji Tianxiang.

However, he would not let Ji Tianxiang go just like that. He still wanted to make a comeback. He must make Ji Tianxiang pay his five thousand yuan and still owe him a debt.

Ji Tianxiang received the money and was about to leave when Ma Qiangwei suddenly said, "Wait, since the gambling started, who would leave after one round? Then come again, do you dare to challenge the remaining wine on the table?"

"Hmm? Mr Ma, are you sure? " Ji Tianxiang raised his eyebrows and snorted.

He thought that Ma Qiangwei would back off after seeing how amazing his alcohol skills were, but he never expected that Ma Qiangwei would want to continue betting with him.

Isn't this asking for trouble?

He was a descendant of the Xia Dynasty's royal family and had tasted all kinds of fine wine from a young age. Some were fragrant, some were sweet, and some were strong.

Because of this, he had honed his ability to keep a cup of wine dry.

"Where did all this nonsense come from? Do you dare to drink it? It's just a matter of

words." Ma Qiangwei roared impatiently.

Ji Tianxiang shrugged his shoulders and said indifferently: "I dare. As long as Mr Ma dares to bet with me without any regrets, then I, Ji Tianxiang, will dare to continue drinking."

When Ji Tianxiang picked up the liquor on the table, Guan Yu and the rest started to worry.

"Tianxiang, I think so. Forget it, don't bet with them anymore. If you continue like this, you'll really get drunk." Guan Yu said.

"That's right, old bro Tianxiang, don't go against them. If you go against them, you'll have to enter the hospital."

"When the time comes and my stomach is bleeding, then I'll be in great pain."

"Stop drinking, stop drinking, isn't it just a small amount of money? This person can't afford to lose, so just return the money to him. "

"If you're not willing, then elder sister will take out this money later. The money you're giving is more than the fifty thousand yuan."

Guan Yu's friends, Xiao Qiang, Zhang Guang, Li Dai, Ling Ling, and Jian, were all worried about Ji Tianxiang and tried to persuade him.

Ji Tianxiang's heart warmed. He felt that coming to the bar this time was not in vain. Making friends with these people was truly a great blessing in life.

"Don't worry, this wine is nothing to you, believe me." Ji Tianxiang said confidently.

"Tsk, he's just bragging again, how could he be fine? It's not like he's drinking beer, he wouldn't get drunk even if he drank more than ten bottles. These are all top quality palace wine." Wu Yuhan said in shock.

"Mr Ji, Yuhan's right. These wines are not like normal ones. It's impossible for you to drink them. It's better not to try to be brave." Li MengRui tried to persuade him, but her eyes were filled with disdain, just like Lili's.

"Ji Tianxiang, listen to everyone's advice. Don't bet with Mr Ma. You can't beat him." Zhang Xinlan also turned against him.

If Wu Yuhan was the only one who dared to beat him down, he would know the reason. Unexpectedly, even Wu Yuhan's two roommates also stood on Ma Qiangwei's side.

That was an accident.

It seemed that Ma Qiangwei had conquered

these women through his ability to show off.

Sadly.

How pathetic.

Just as Ji Tianxiang was ready to move out, Ma Qiangwei suddenly said, "Wait a moment."

Then, he ran over to the DJ, turned off their music, and snatched their microphone, "Everyone quiet down, we need to make a bet, here's the bet, someone wants to challenge fifteen bottles of the highest quality palace wine, to see if he can succeed, after all, everyone knows how strong the palace wine is, there's never been a person who can drink so much, and still can't fall down, so I want to suppress this person, so it's impossible for me to succeed in challenging him."

C69

"I'll bet first that it's impossible to succeed with a hundred thousand dollars."

"Wow, who is this? He's so powerful, and yet he dares to challenge the royal palace's hard liquor, and he even dares to drink ten bottles. He's courting death."

"Oh, this gambling house is a little interesting. I also bet ten thousand, it's impossible for him to challenge me."

"I don't think so. If he succeeds, I bet that he will succeed. Five thousand is fine."

After hearing what Ma Qiangwei said, the customers that were still at the bar immediately boiled over with excitement.

Wu Yuhan and the rest were even more happy and made a bet. They bet that Ji Tianxiang wouldn't succeed in the challenge and even bet all of their living expenses on it.

They waited for Ji Tianxiang to fail, then they doubled their money.

Guan Yu and the others looked at each other. Although they didn't believe that Ji Tianxiang could challenge more than ten bottles of

palace liquor, but they couldn't let others destroy their prestige and prestige because of that, the five of them bet tens of thousands on Ji Tianxiang.

Ma Qiangwei stood on the stage, looking down at Ji Tianxiang from above. He snickered and thought in his heart: "This time, I will make you look bad and make it known to everyone."

Ji Tianxiang looked coldly at the scene of Ma Qiangwei blowing up the gambling house. Without saying anything, he picked up the wine on the table and started blowing on his mouth in a heroic manner. Bottle after bottle, he blew without panting.

Everyone was stunned when they saw this.

When Ji Tianxiang finished all the liquor on the table, Ma Qiangwei panicked. Sun Lei panicked. Wu Yuhan panicked. Zhang Xinlan and Li Meng Rui also panicked.

All the customers who were paying attention to Ji Tianxiang were stunned.

Quickly after, everyone returned to reality and burst into applause again and again. Everyone yelled in admiration, "Young Master Ji is domineering, Young Master Ji is fierce."

Ji Tianxiang put down the wine bottle and

slowly walked out of the special area. He then slowly walked to the music station of the DJ. He picked up the microphone and looked at Ma Qiangwei: "Mr Ma, I've finished my wine. Accept your loss?"

"This, I ..." Ma Qiangwei's face became extremely awkward. He bit his gum and said, "Ji Tianxiang, you must have cheated. The alcohol quality isn't that high at all. I refuse to accept this."

"Oh, okay, since you are unwilling, then I will convince you wholeheartedly. At the same time, I will get everyone here to testify whether I, Ji Tianxiang, am lying or not." Ji Tianxiang glanced at Ma Qiangwei mockingly.

Ma Qiangwei, this time, I'll let you have a good look at what the domineering Young Master Ji looks like. He's absolutely unstoppable.

"Ma Qiangwei, the bet this time is decided by me, Ji Tianxiang. Do you dare to bet with me? I will compete with you. Whoever finishes the top-quality palace liquor first will not get drunk, so whoever wins, how about that?"

That wouldn't do, his alcohol tolerance wasn't that good.

Ma Qiangwei hesitated for a moment.

"How about this, I'll have you guys drink together with me. As long as you guys can finish this, and as long as you're not drunk, I'll also return the money you lost to me." Ji Tianxiang said casually.

"No, if we finish the wine and I'm not drunk, I want you to pay me back for my money, and I want you to pay me twice as much." Ma Qiangwei said fiercely.

"No problem, let's begin. I'll let you drink first." Ji Tianxiang jumped down from the DJ platform and came to Ma Qiangwei's special area.

Ji Tianxiang alone had dozens of bottles of liquor. Besides Ma Qiangwei, Sun Lei, Wu Yuhan, and even Zhang Xinlan and Li Meng Rui had joined the bet.

"Tianxiang, are you crazy? You've already drunk so much, how can you still drink? Even if you're not drunk, your body can't take it anymore. Besides, how can you bet with those stupid people that you can even make people drink? Aren't you giving them money for free?" Guan Yu frowned, thinking Ji Tianxiang was confused.

He waved his hand and comforted Guan Yu, "It's fine, don't worry about me. I still know

about my physical condition, you guys just wait and watch the show and then open the gambling house. You guys just need to bet that Wu Tie will lose miserably and that I will win. I guarantee that everyone will earn a lot tonight."

"I say, all of you drink faster. With how slow you are, I'll catch up to you guys in a short while." Ji Tianxiang shook his head in disappointment.

He waited for Ma Qiangwei and the others to finish half of the palace's liquor before starting to drink.

In less than half an hour, Ji Tianxiang had already drunk the ninth bottle. As for Ma Qiangwei and the others, they had not even drunk the entire bottle of wine in their hands when they were already almost drunk.

Everyone held the wine bottle in their hands, facing the bottle absent-mindedly. Carefully and with great difficulty, they sipped the wine.

"No, I can't drink anymore." Sun Lei was the first to raise the white flag, saying that he had surrendered.

He was a fuerdai and did not lack money. Even if he were to bet with someone, he could not risk his life. His purpose in coming here was

nothing more than to pick up a virgin and bring her to the hotel to shoot her.

Not only did he have this goal, but even Ren Hao had it.

The two roommates Ma Qiangwei's girlfriend brought with her looked like they just passed, but they had a pretty good figure.

Although Ma Qiangwei wasn't lacking in money, he had to drink to his heart's content in order to win the bet. Otherwise, not only would he lose so much money, he would also lose a lot of face.

The reason why Wu Yuhan and the others drank so hard was purely to win back all the living expenses they had lost from the previous bet.

As he vomited and drank, Ma Qiangwei finally couldn't take it anymore and stopped drinking. Meanwhile, the three women were drunk to the point that they were unconscious.

Although Ma Qiangwei did not call for help, the outcome of the battle was obvious.

Ji Tianxiang lazily glanced at Ma Qiangwei and the others. After finishing the rest of the wine, the whole venue started churning again.

"Mr Ma, how is it? This time, I must admit defeat." Ji Tianxiang said with a calm face and a calm heart.

He looked like a normal person who had never tasted alcohol before. Even after drinking so much, he still didn't feel the slightest bit intoxicated.

This was too abnormal.

Ma Qiangwei looked at Tianxiang in shock, unable to say a word.

Not only Ma Qiangwei was shocked, even Guan Yu and the others were shocked. The other customers in the bar were also surprised.

He had never seen such a terrifying person who could drink.

The key point was that after drinking so much, he was not drunk, and was even more sober than if he did not drink at all.

"Mr Ma, give me the money, I calculated it just now, no more, no less, I drank 30 bottles of wine, plus you haven't drunk any alcohol that goes against my bet, so you have to pay me 1.216 million."

C70

"Forget about the six thousand, forget about the change. For the sake of Mr Ma sacrificing his life to accompany his master, forget about it. Mr Ma only needs to transfer one million and two hundred thousand to me. Are you going to swipe your card or check?"

Ji Tianxiang said with a smile.

The moment Ji Tianxiang finished his words, Ma Qiangwei squatted down on the sofa and was completely dumbfounded.

1.2 million, how could he have that much money?

His father only gave him five hundred thousand and was spending it at the Shanghai Bar. That was to gather information on Shen Family, and not to get him to do business and make a bet for others.

What about this one million yuan? If his father were to know about it, he would definitely die.

The more he thought, the more worried he became.

This time, Ma Qiangwei was truly worried.

"I don't have any money, whoever has the money can have it. You can ask whoever wants it. I have to leave first." Ma Qiangwei wanted to act shamelessly.

No matter what, he wouldn't give Ji Tianxiang a single cent from his own pocket.

"Ma Qiangwei, if you want to act shamelessly, then we'll have to see if you can get past us." Guan Yu took a step forward and said.

Behind her were three men and two women.

"Sh-Guan Yu, I'd advise you to not meddle in other people's business. Don't forget that your dad and dad are friends." Ma Qiangwei glanced at the two men behind Guan Yu and said in fear.

He was afraid of Guan Yu. He was also afraid that the three men behind Guan Yu, Xiao Qiang, Zhang Guang, and Li Dai were all tall and big, looking very aggressive.

If they were to fight, he would definitely not be a match for these three men, and Guan Yu would definitely not show mercy.

"So what? "My dad can't say anything when I'm dealing with my brother. If you don't take out the money I owe my brother, I'll give you

a big fist." Guan Yu's face sank.

"Ms Guan, my brothers, let me handle this first." Ji Tianxiang stopped Guan Yu and the others.

Guan Yu and the others looked at Ji Tianxiang in confusion. "Brother, how do you want to deal with him?"

"Hehe, I have my ways." Ji Tianxiang chuckled and walked in front of Ma Qiangwei, "Mr Ma, it's not that you don't have money, but you don't want to pay."

He had already expected Ma Qiangwei to be so shameless. Luckily, he had someone else to deal with him and was able to play with Ma Qiangwei.

"I really don't have any money. If you don't believe me, you can search me." Ma Qiangwei was exposed by Ji Tianxiang and decided to not admit it no matter what.

"Fine, you have a reason. Since you can't give me the money, then let's use something else as collateral. As long as you step onto that DJ stage and perform a striptease for everyone, I will buy and sell the money that you owe me today. Mr Ma, you should be able to do this." Ji Tianxiang said indifferently.

"What?" You f * cking want me to strip, get lost, I won't do it. " Ma Qiangwei cursed directly.

"Oh, okay then. Since you're unwilling, then you're unwilling as well. Don't blame me for not being polite." Ji Tianxiang raised his eyebrows helplessly.

Turning around, Ji Tianxiang ran onto the DJ platform again, picked up the microphone and said with some melancholy: "Hello everyone, it's my honour to meet you all on this beautiful night." Turning around, Ji Tianxiang then ran to the DJ platform, picked up the microphone again and said with some melancholy: "Hello everyone, it's my honor to meet you all on this beautiful night.

"Damn, that guy actually dared to act so shamelessly. He really isn't a man. He can't even afford to play with this."

"That's right, the money I bet on him has already been lost by tens of thousands. What am I still saying? In the end, he actually went back on his word."

"Speechless, so speechless. Young Master Ji was even willing to give him a way out. Who would have thought that he would be so shameless?"

"How about this, how about this? Let's go and scare that guy, and also play around with him to make him happy. Otherwise, everyone will lose so much money. It's really quite depressing."

Ji Tianxiang hadn't even said anything before he came to a decision. A bunch of people went to Ma Qiangwei.

Ma Qiangwei's butt, which was on the sofa, slid to the ground when he was surrounded.

"You, what are you doing?!" I didn't offend you guys. "

Humph, you scoundrel, you caused us all to lose so much money, and also caused us to lose a free one that we can buy. Of course, we don't lack this money, but we just don't like you, Ma Qiangwei.

"I'll give you two choices. One, go on stage and help us strip. The second, we'll help you strip before you go on stage to strip, hahaha." What do you think? Have you decided which to choose? "

Everyone stared at Ma Qiangwei like a tiger staring at its prey. Ma Qiangwei was so scared that he was trembling. He wanted to put the matter of the past aside. If someone dared to threaten him like this, he would have already

done so.

However, he didn't dare to do it now. What kind of people would come to the bar? People who were either rich or wealthy, maybe they would have ten times more money than his Ma family.

"You, what are you doing?!" I didn't offend you guys. "

However, he didn't dare to do it now. What kind of people would come to the bar? People who were either rich or wealthy, maybe they

would have ten times more money than his Ma family.

If he were to offend her, he wouldn't be able to avoid death if he went back to find his father.

"I, brothers, look. We're all here to play, isn't it inappropriate to make such a request?" Ma Qiangwei said carefully.

However, how could he do something like agreeing to a striptease that would damage a man's dignity?

If word of this got out, how could he continue to be in your circle in the future?

"You still want to bargain? There's no door. We had to strip him first, so we let him go to the DJ Stage for a striptease. That would be the easiest thing to do."

The moment the man's voice fell, everyone reached out to take Ma Qiangwei's clothes. Ma Qiangwei resisted with all his might.

"No, let me go."

The wailing sound was like that of a pig being butchered. It was so unpleasant to hear.

"My dad is Ma Qiangfei."

"Who is Ma Qiangfei?" "I don't know him."

C71

"An unknown nobody dares to report his name. Don't you think this kid is embarrassed?" "Do you think that just because his dad is Li Gang, we don't dare to make a move?"

In the end, he even brought out his dad. After hearing that, everyone expressed that they didn't know each other, and they even joined in the ridicule, still not wanting to let Ma Qiangwei go.

Ji Tianxiang was standing at the side. When he heard Ma Qiangwei call out his father's name at the end and then heard that everyone else didn't know him, he couldn't help but burst out laughing.

Even Guan Yu and the rest couldn't help laughing.

At the same time, he was also impressed by Ji Tianxiang's methods. This move was truly vicious. He borrowed a knife to kill someone, and it was clean and efficient.

In the end, Ma Qiangwei was stripped clean. There was not a single piece of clothing left on his body. Even the most private part of the man was not covered by a cloth.

"Someone come, you're the manager who's still working at the bar, where the hell did you go? You don't care about the people who treat your customers like this?" Ma Qiangwei roared in anger as he held the object tightly with both of his hands.

Everyone was stunned. That's right, why didn't the people from Shang Guan come out to deal with this?

Logically speaking, it was forbidden to cause trouble in a bar. If someone caused trouble, it would be curbed immediately. Since things had already developed to this point, no one dared to stop them.

They still remembered the last time someone made a scene here, the people from Shang Guan directly sent them to the police station and locked them up there for ten days to half a month.

But this time, it was a little unexpected.

In fact, in the backstage of the bar, someone had issued an order that no one would harm Ji Tianxiang, regardless of what happened outside.

In other words, even the bar was on Ji Tianxiang's side.

As the housekeeper of Ji Family, Shen Family had already sent a picture of Ji Tianxiang in every enterprise of the Shen Family family, regardless of size.

Therefore, the moment Ji Tianxiang entered Shang Guan's bar, he was noticed by the manager.

Everyone looked around the bar and found that those who were still seated had no intention of paying any attention to them.

If that was the case, then it would be great.

The fact that they were still in the bar showed that they had consented to this behavior.

Ma Qiangwei, right? Now, we are giving you two choices. One, we will invite you to DJ Platform for a striptease dance, and two, you can walk over and do the striptease dance on your own. Of course, you can choose nothing. That person threatened like a scoundrel.

Ma Qiangwei looked at the group of people with a sense of humiliation. He knew that he had met a tough opponent tonight and would not be able to escape no matter what.

When this matter was over, Ma Qiangwei swore that he would definitely show Ji

Tianxiang what he had done and make Ji Tianxiang taste something that was a hundred to a thousand times more humiliating than what he had experienced.

"No need for you guys to invite me, I'll go by myself." Ma Qiangwei said coldly.

Clutching the object beneath his body, he walked step by step to the DJ platform. He then started to twist his body in humiliation, looking at the people below the stage all laughing at him, mocking him and insulting him with harsh words.

It was the first time since he was young that Ma Qiangwei experienced such an embarrassing thing. The few times he wanted to stay, he was forced to repress his tears.

He even added the fact that he was bullied onto Ji Tianxiang's head. At this moment, Ma Qiangwei hated Ji Tianxiang to death and wanted to find someone to kill him.

Ji Tianxiang was standing not far from Ma Qiangwei. Out of the corner of his eye, Ma Qiangwei saw Ji Tianxiang also laughing at him. He couldn't help but rush towards Ji Tianxiang with suppressed hatred.

"Ji Tianxiang, I'm going to fight it out with you. It's all because of you that I ended up like

this." Ma Qiangwei shouted.

"Quickly, protect Young Master Ji" the bartender ordered from the shadows.

"Tianxiang, be careful."

But luckily, everything came at the right time.

Just when everyone thought that Ji Tianxiang was about to be attacked by Ma Qiangwei, there was a bang on the DJ platform. Ma Qiangwei tripped over the electric wire on the DJ platform and fell to the ground.

Ma Qiangwei fell onto the ground in an incomparably miserable manner. Everyone couldn't bear to look at him directly. Some people were so unlucky to be able to drink water that their teeth were stuck in their teeth.

Sigh, it seems like the Old Territory does not favor Maqiang.

Ma Qiangwei struggled up from the ground in frustration. He wanted to continue charging forward, but he forgot that he wasn't wearing any clothes at all.

There were still girls below the stage, which immediately attracted a lot of criticism.

"Shameless."

"You scoundrel."

"What a freak."

"There's a Ding Ding. That's amazing. If you don't cover it up, do you believe that I won't cut that thing off and feed it to the dogs?"

Coincidentally, the police walked in and saw Ma Qiangwei running naked on the stage. He was so shocked that he immediately took out his gun: "That naked pervert on the stage, don't move. If you move again, we'll fire."

The police came at the right time.

Yes, that's right. Ji Tianxiang had already predicted that Ma Qiangwei would retaliate against him, so he gave the policeman a call when no one was paying attention.

Ji Tianxiang told the police uncle, "Hello, Mr. Police, I want to report someone. In the Shanghai Bar, there is a pervert who insisted on running around in the bar naked, scaring a lot of girls in the bar. His influence is especially good, I hope you can come over and settle it."

The police went up on stage and quickly pushed Ma Qiangwei down with their hands

and feet. Then, they took out handcuffs and arrested Ma Qiangwei.

Ji Tianxiang didn't forget to praise him in his heart: "As expected of the people's good police, the way to catch bad people is so skillful, decisive, clean, and handsome."

"Ji Tianxiang, did you do it? You must have called the police, right?" Ma Qiangwei suddenly looked at Ji Tianxiang as if he was an intelligent person and roared in hatred.

Ji Tianxiang glanced at Ma Qiangwei in ridicule, but he remained indifferent to Ma Qiangwei's angry roar.

"Beat him up, you crazy man. If you don't believe me, I'll beat you up." The police officer said in disgust.

"No, I was framed by someone. It was him. He must have framed me. Let me go. I want to get revenge on him. I want to kill him." However, Ma Qiangwei was infuriated by Ji Tianxiang's indifference. He struggled like a madman, trying to break free from the restraint of the police.

The police looked in the direction Ma Qiangwei pointed. Seeing a few pretty women in front of them, he started to despise Ma Qiangwei.

"Damn, not only is this fellow a exhibitionist, he's also a lunatic. Hurry up and take him away. If we continue, we will scare the people."

"How can a few beautiful women frame him? It must be because this exhibitionist thinks too highly of his girl. He must be a pervert in his heart. Even if he had to die, he would drag a beautiful girl as a scapegoat."

The two young policemen said in succession.

Then, when Ma Qiangwei said something else, the policemen didn't believe him anymore and tightened their grip on Ma Qiangwei's body.

C72

No matter how furious Ma Qiangwei was, no matter how crazily he struggled or tried to explain, it was all useless.

Ji Tianxiang looked at the back of Ma Qiangwei being taken away by the police and felt great inside.

He had finally gotten rid of the dregs.

As the saying goes, if one is a foot tall, one is a foot high while the devil is a foot high. If you, Ma Qiangwei, want to fight with me, Ji Tianxiang, you are still too young.

As a descendant of the Zhou Dynasty's royal family, how could a nobody like you scheme against me? I, Ji Tianxiang, don't have any brains.

Guan Yu and the others looked at Ji Tianxiang's scheme and thought that he was a big shot. They thought even more highly of Ji Tianxiang.

Not only did he admire Ji Tianxiang's alcohol tolerance, he also admired Ji Tianxiang's shrewdness.

After Ma Qiangwei was taken away by the

police, the crowd that gathered to watch the fun also dispersed. Ji Tianxiang went to the bar to settle the bill, but was personally received by the management of the bar.

"Greetings, Young Master Ji. You came to the bar, but I didn't receive you at the first moment. I'm really sorry."

"You are?" Someone from the Shen Family? " Ji Tianxiang frowned and guessed.

"Yes, Young Master Ji, I am from Shen Family, my name is Shen Bei."

"En, nice to meet you Shen Bei. You did well today, I'll help you speak up for Xiaoxiao." Ji Tianxiang said in understanding.

"Young Master Ji, don't say that. As long as Young Master Ji is satisfied, this is my duty."

Shen Bei lowered his head and said humbly.

Ji Tianxiang could hear the sincerity in Shen Bei's words, just like how Shen Xiaoxiao treated himself. As expected of someone with Shen Family, he trained so well for just one or two people.

"Shang Guan is a business under Shen Family. When I first came in, I had already faintly guessed it. Today, Shang Guan should have

lost quite a bit because of me betting with someone else. Just pay whatever you need to, no need to be courteous." Ji Tianxiang patted Shen Bei on the shoulder and said.

Shen Bei looked at Ji Tianxiang and shook his head: "The business under Shen Family is owned by you, Young Master Ji. You are playing around at home, how can you pay? If Miss Shen knew about this, she would definitely scold me.

"Alright, since you have a way, then I won't waste any more time. I still have to leave first." Ji Tianxiang also understood the meaning behind Shen Bei's words, and left without saying anything more.

Shen Bei escorted Ji Tianxiang's back all the way to the door, then disappeared into the night before turning around and entering the car.

"Miss Shen, I've already done what you told me to do. Young Master Ji is safe and sound, and..."

Walking into his office, he called Shen Xiaoxiao and reported Ji Tianxiang's situation at Shang Guan tonight.

When Shen Xiaoxiao heard this, her eyes flashed with astonishment, admiration, and

deep appreciation.

On the vertical day, Ji Tianxiang woke up in a five-star hotel, and happily went to Beidu Academy to teach.

After class in the morning, he called Qiu Yi to inquire about her father's health. After hearing about it, he was relieved to hear that nothing had happened and hung up the phone.

After the afternoon class, he planned to go to the hospital to find Qiu Yi and meet up with her father.

As soon as the afternoon class was over, Ji Tianxiang got a call from Ma Qiangwei. I'm Ma Qiangwei, well, I'm sorry about what happened yesterday, and I wanted to apologize sincerely to you, but I don't feel sincere enough not to say it in person, so Tianxiang, I want to ask you out for a meal of apology and then apologize to you. "

Faintly!

Dark!

So fast?

He already knew that a wise man was a genius so quickly?

Logically, that shouldn't be the case. Ma Qiangwei isn't the type of person to apologize to others, could it be that Shen Bei did something?

Ji Tianxiang thought for a while, and without a doubt, he left for Ma Qiangwei's appointment.

After Ma Qiangwei hung up the phone, he revealed a vicious expression. With the phone in his hand, he forcefully broke the phone into two.

It could be seen how much he hated Ji Tianxiang!

However, it was a person who thought of what happened yesterday. Not only was he stripped of his clothes in public, he was also caught by the police. All of this was caused by Ji Tianxiang. No one hated him at all.

The person he hated the most was Ma Qiangwei.

He had experienced it himself.

After Ma Qiangwei was captured by the police, he was ruthlessly taught a lesson in the car. When he arrived at the police station, he was even mocked by people crazily. No matter

what, he couldn't get through to his dad.

In the end, the call connected and his father came. Seeing that he was completely naked, he didn't even listen to his explanation and fiercely beat him up again.

His dad was a lot more ruthless than the police, his punches and kicks were even like the fact that he, Ma Qiangwei, was not Ma Qiangfei's biological son.

In addition to that, the police had made things worse, and his father had beaten him beyond recognition.

And his dad could have paid bail and taken him away, but because of what the police said, your son was a pervert in the bar, stripped off all his clothes, and started naked men harassing women.

His father took the money back and told the police to lock him up for the night.

Ma Qiangwei spent the whole night in jail. It was the first time in his life that he, Ma Qiangwei, had experienced so many troubles in so many ways. He was the only one who knew how bad of a feeling he had.

Therefore, he, Ma Qiangwei, swore to show Ji Tianxiang who he was after leaving the

prison.

Therefore, after Ma Qiangwei came out of prison and told his father the truth, such a scene immediately happened. He called Ji Tianxiang and asked him out in name, wanting to teach him a lesson.

With his father, Ma Qiangfei, supporting his son, what was there to be afraid of?

"Dad, you have to avenge me this time. It's all because of that brat."

"Son, don't worry. When that brat arrives, I will definitely teach him a lesson and kowtow to you."

The father and son duo sat together as they spoke with deep affection.

Ji Tianxiang got off the car and soon arrived at the hotel mentioned by Ma Qiangwei. It was neither big nor small. From the outside, it looked very elegant, but what he saw inside was even more so.

It seems like Shen Bei did something that opened Ma Qiangwei's eyes and made him apologize to him.

"Young Master Ji."

A middle-aged man with an extraordinary temperament, wearing a Chinese tunic suit, shouted excitedly when he saw Ji Tianxiang.

Ji Tianxiang was shocked, he looked at the middle-aged man in confusion: "You are?"

No matter where he went, he would be recognized by everyone. How many people did Shen Xiaoxiao publish his photo to?

"Young Master Ji, I am from Shen Family, my name is Shen Dong."

"Oh, then Shen Bei Shen Xi, Shen Nan must be your brother." Ji Tianxiang joked.

C73

"Hey, Young Master Ji, how do you know that? Shen Nan is indeed my brother. Could it be that you have already met them?" Shen Tong stared at Ji Tianxiang in shock and excitement.

It was as if seeing Ji Tianxiang was an exciting thing to do.

"I've only seen one before, Shen Bei. It's the same bar as yesterday." Ye Zichen looked at Shen Dong, who was in front of him, and found that he did look a bit similar to Shen Bei.

"Then are you satisfied with his care? "Oh yeah, Young Master Ji, why did you come to our hotel, it's Miss Shen who brought you here?" Shen Dong suddenly thought of something and said.

Hearing Shen Dong say that, I guess it's the manager of this hotel, and he has the same position as Shen Bei.

"It's not Xiaoxiao. It's another friend, but not exactly a friend. He's just a nemesis. He suddenly realized something and invited me here for a meal. He's apologizing to me right now." "Ji Tianxiang said after thinking for a

Shen Dong blinked, "Oh? "Then who is Young Master Ji's friend?"

"Ma Qiangwei."

"Ma Qiangwei's son?" Shen Dong's expression suddenly turned anxious.

"You know them too, so why don't you lead me there? I haven't been able to find a room to eat for a long time. It doesn't look that big on the outside, but it does look quite big on the inside." Ji Tianxiang touched his nose embarrassedly.

Young Master Ji, you can't go, that Ma Qiangwei doesn't want to apologize to you sincerely. Just now, when I passed his room, Ma Qiangwei brought his father and a bunch of people to discuss how to teach you a lesson. I think it's a Hongmen feast, in fact, it's a dog fighting meat buns. Shen Dong said anxiously.

"Dog meat buns?" I have already been liberated by the clan and have regained my authority. My position and money, how can I be afraid of a petty person, if I am afraid, how can I be worthy of the Ji Family's surname? I am in a meditative state regarding this matter, but it is not a dog fighting a meat bun, it is more like catching a turtle in a jar. " Ji Tianxiang said in amusement.

"But ..." Shen Dong still wanted to say something, but was stopped by Ji Tianxiang: "Shen Dong, you don't have to persuade me. Since Ma Qiangwei wants to fight with your father, then I, as a descendant of Ji Family, will see who will be the last to laugh."

"Alright, since Young Master Ji is interested in meeting with them for a while, then the young Shen Dong will stand at the door at any time to protect Master's safety." Shen Dong said enthusiastically.

Ji Tianxiang nodded with satisfaction and gave a thumbs up to Shen Dong. "Not bad, you can have this."

room 3.

Shen Dong led Ji Tianxiang here and pointed to the room, his eyes indicating that Ma Qiangwei and Ma Qiangfei were both there.

Ji Tianxiang nodded with a smile. He waved to Shen Dong, signaling for them to leave. Then, he calmly opened the door.

Two bodyguards followed behind him. They were sent by Shen Dong to protect Ji Tianxiang from harm just in case.

"Ma Qiangwei, I'm here. Apologize to me

now. This should be enough to show your sincerity." Ji Tianxiang said.

"Do you want to f * * king compete? Let's see if I can't kill you, little brat." When Ma Qiangwei saw Ji Tianxiang, he was even more mad than a mad dog. He picked up something from the table and threw it at Ji Tianxiang.

However, it was easily dodged by Ji Tianxiang.

Wu Junyi felt indignant and wanted to personally take action, but he was scared off by the bodyguard behind Ji Tianxiang.

"Wei, sit down and be quiet. Mr Ji is a guest, how can he be rude to us?" Ma Qiangfei stared at Ji Tianxiang and reprimanded him without losing his composure.

Ma Qiangwei sat down obediently and became a lot quieter.

When Ji Tianxiang saw this, he didn't need to guess to know who the man commanding Ma Qiangwei was. Wasn't it Ma Qiangfei?

When Ma Qiangwei was in trouble, he used his father's name.

Seeing him today, it was indeed not a simple matter. With a single glance, it was clear that he was a cunning pig spirit.

"Greetings, uncle. I've always heard Mr Ma mention your name outside. I've admired you for a long time, and now that I've met you today, your demeanor is indeed extraordinary."

Ji Tianxiang temporarily flattered Ma Qiangfei to make him happy.

"Oh? "When did Wei talk about me?" Ma Qiangfei suddenly grinned.

"Hmm, Mr Ma would always shout out your name when he is in trouble and has no time to wipe his ass. Do you want to hear how he calls you? "Uncle?"

"Uncle, that's what Mr Ma calls you. Don't come over, do you know who I am? Do you know who my father is? My dad is Ma Qiangfei. " Ji Tianxiang performed very vividly.

After the performance, he intentionally asked back with a forced smile, "Uncle, Mr Ma, look if I'm learning it or not."

"F * ck, your mom actually dares to speak like me? F * ck your mother, how dare you compare with me?" Ma Qiangwei's temper immediately rose.

Like an enraged dog, he barked and rushed in front of Ji Tianxiang.

When Ma Qiangfei heard Ji Tianxiang's words, he could only endure the rage in his heart. He was waiting for it to erupt at any time, but his son beat him to it.

Wu Tie originally wanted to find trouble with Ji Tianxiang, but who knew that this foolish son of his would drag him down alive.

What a failure.

When he got home, he must beat up Sabi's son.

The two bodyguards standing behind Ji Tianxiang stepped forward and stared at Ma Qiangwei ferociously with just one eye. Ma Qiangwei, who was shouting crazily a moment ago, immediately became weaker.

"Heh." Ji Tianxiang sneered and glanced at the bodyguards on his left and right.

The two bodyguards standing behind him were not ordinary people. Each of them had their own unique techniques, such as the Ancient Fist Art of Spring, the Praying mantis, and the Five Battles.

These two bodyguards were specially sent by

Shen Dong to protect him. One of them was called Shen Chao, the other was called Shen Han.

Not to mention revealing his skills, just his firm arms, chest, and body was full of vigor. No wonder Ma Qiangwei was scared.

"Wei, what are you doing? Why aren't you sitting down? I already said that the guest is coming, is there anyone who treats their guest like this?" Ma Qiangfei glanced coldly at Ma Qiangwei.

Crack.

Ma Qiangfei walked up and slapped Ma Qiangwei.

"Dad, I ... didn't you agree to help me teach this brat a lesson? "Why?" Ma Qiangwei was stunned for a moment as he looked at Ma Qiangfei with a wronged expression.

Ma Qiangfei was also shocked and thought to himself: Brat, consider yourself to have dodged it quickly.

Originally, his slap was aimed at Ji Tianxiang, but Ji Tianxiang unexpectedly dodged it. The force of his slap was withdrawn, and it just happened to land on his son's face.

C74

Seeing his son being so infuriated made him angry. No wonder he was no match for this fellow.

"Kid, do you know who I am? To bully my son like this, do you have any respect for me?" Ma Qiangfei no longer played the game of bluff, and directly pointed out the purpose of his visit.

"Uncle, of course I know who you are. Aren't you Ma Qiangwei's father, Ma Qiangfei? Mr Ma has often mentioned you. Your reputation is like a thunderclap in the ears of the juniors. They can't not remember you."

"Also, uncle, you just said that I bullied Mr Ma, then you've wronged me. It was clear that Mr Ma always bullied me, but I just happened to be counterattacked. But what kind of person is uncle? I, Ji Tianxiang, came from a village and have seen too little of the world, so how could I not take uncle seriously?"

Ji Tianxiang casually glanced at Ma Qiangfei and said casually.

Every word he said was full of sarcasm and sarcasm: "Ma Qiangfei, who do you think you are? I just don't put you in my eyes."

"Good, what a poor understanding of the world." Ma Qiangfei was really angered this time, his cunning face finally revealed an angry expression, and he sneered: "Brat, I've been in society for so many years, but no one has ever dared to speak to me like this before. Today, you are the first one, since I gave you face, then don't blame me for being rude, I will pinch you to death like you are an ant."

"Aiyo, aiyo, I'm scared. Uncle, what are you going to do to the younger generation? It can't be that you want to kill them to keep your mouth shut, right? Although the younger generation are poor and have no money or influence, you can't do this to me. Today is a legal society, so the things you do are illegal and criminal, and you are going to be arrested." Ji Tianxiang pretended to be scared and said.

"Haha, now do you know how to be scared? Little brat, quickly kneel down and kowtow while begging for mercy. Call me grandpa." Seeing that Ji Tianxiang was scared, Ma Qiangwei immediately said proudly, "I beg for mercy. Maybe I am happy and can let my dad spare you."

"Heh, boy, what you're thinking is so simple. You think that I can't do anything to you because I'm not related to you? I've investigated you, an orphan with his parents

dead, with no relatives behind him, and only relying on scrap picking and part-time work to support himself, wouldn't it be easy for me, Ma Qiangfei, to kill you? Who would investigate a poor kid who has no money and no power? Even if you die, no one will pay too much attention to you. "

Ma Qiangfei let out a cold snort. His face revealed a hint of ruthlessness.

Even if I don't kill you, at least I will cripple you so that you won't be able to go to university. In the future, you can only be a beggar by the roadside, what great age, what great ideals, what social ambitions, for you, Ji Tianxiang, they have all turned into a dream. Don't blame me for being so ruthless to you, but if you want to blame yourself, you should blame yourself for offending someone you shouldn't have.

At the beginning, Ma Qiangfei only wanted to teach Ji Tianxiang a lesson, telling him to be more careful in the future. However, he didn't want to be looked down upon and despised by a poor brat.

This made Ma Qiangfei, who had been in society for such a long time, angry with his current status.

Ma Qiangfei hated him being looked down on

by someone who was inferior to him the most. Since Ji Tianxiang had crossed his bottom line, then he might as well give him a painful lesson.

Destroying someone so easily meant that he had some ability.

Ma Qiangfei also noticed the two bodyguards behind Ji Tianxiang. Indeed, they had a strong momentum. Judging from their momentum, they must be quite skilled. However, compared to the people behind him, they were nothing.

The group of people behind him were all Level 1 thugs that he had hired from the underworld, and each of them attacked quickly and viciously.

Therefore, Ma Qiangfei did not take the two bodyguards behind Ji Tianxiang seriously.

Ji Tianxiang glanced at Ma Qiangfei indifferently and thought in his heart, "Don't say it, it really does look like it happened that time."

"Uncle, I really know how to joke. I was almost scared by you, but I still want to remind you. Are you sure you can kill me? I, Ji Tianxiang, am not the one who killed you?" Ji Tianxiang sneered.

"Hahaha, this is too funny. Dad, this trash actually said he wanted to kill us. Why does he know how to pretend and compete? Is there any use in struggling when he's about to die?" Ma Qiangwei mocked.

"Brat, even if you're bragging, it still depends on your ability. How can a poor student like you shake me, Ma Qiangfei?" Even Ma Qiangfei mocked.

"Yeah, you can still shake my dad? If you can shake it off, I'll go eat shit with Dad." Ma Qiangwei answered.

As well as a bunch of big gangsters behind Ma Qiangfei, they all laughed and mocked Ji Tianxiang.

"Brat, do you think that you're the male lead of this novel? You have such an incredible background, why don't you take a piss and see what you look like?"

In their eyes, Ji Tianxiang was just bragging and boasting. He was just struggling in the face of death. There was no way he could beat Ma Qiangfei.

F * ck Ma Qiangfei, this is like eating people while talking about dreams.

Ji Tianxiang's expression changed as he stared

coldly at Ma Qiangfei and the rest, "Since you don't believe me, then this sh * t is yours."

"What's the point of talking so much nonsense? Go ahead, beat this brat who doesn't know his limits to death." Ma Qiangfei instructed.

"Dad, take off that rotten leg and arm of mine. Only then will I be relieved of my anger." Ma Qiangwei said.

"Let's see who dares to attack." All of a sudden, the door to the room opened with a swoosh, and a thick, husky male voice came through.

"Brother Dong, why have you come?" Ma Qiangfei asked in surprise when he saw the person.

"Ma Qiangfei, what were you doing just now?" How can you mess around in my shop? " Shen Dong said coldly.

Ma Qiangfei heard this and laughed: "Brother Dong, we didn't do anything just now, we were just joking and chatting. No matter what we do, we wouldn't dare to mess around in Brother Dong's territory."

"Hmm?" With a look from Shen Dong, Ma Qiangfei was so scared that he hurriedly said

the truth, "Brother Dong, you might not know, but this brat messed up my son Wei yesterday, so I wanted to teach him a lesson. Wei, quickly call you Uncle Dong, this is Uncle Dong's territory, if someone bullies you, Uncle Dong will definitely make the decision for you."

"Hello, Uncle Dong. I'm Ma Qiangwei. You can call me Wei." Ma Qiangwei shouted smartly.

When Ji Tianxiang saw this scene, he laughed secretly in his heart.

Wanting to rope in Shen Dong to back them up, they really thought about it beautifully. They didn't even know who Shen Dong was, yet he dared to say that.

"Don't call me Uncle Dong, I'm not familiar with you. Do you guys want to teach this person a lesson?" Shen Dong said.

"Yes." Ma Qiangfei and Ma Qiangwei hurriedly nodded.

Bang.

A loud sound came from the ground. Ma Qiangfei was kicked to the ground by a burly brute behind Shen Dong.

"Cao Nima, I'm going to fight you guys. You

actually dared to hit my dad." Ma Qiangwei roared and also rushed forward.

Bang.

C75

Another loud sound came from the ground. Ma Qiangwei was kicked to the wall by another muscular man behind Shen Dong.

"F * ck your mother, you dare to treat your ancestors like this, do you know who my father is? "My dad is Ma Qiangfei, I want my dad to kill all of you." Ma Qiangwei cried out in pain.

Ma Qiangfei looked coldly at Ma Qiangwei. How could he have such a stupid son.

Ma Qiangfei had been beaten to such a state, could he still endure it?

The answer was, of course not, so he signaled the underworld thugs behind him to go up and fight with them.

However, the gang of gangsters standing behind Ma Qiangfei, seeing this situation, no one dared to go forward.

They all sighed in their hearts, [This is an expert, this is a true expert!]

Compared to them, these hooligans were simply a bunch of rookies.

"Who else dares to challenge him?" A burly man stepped forward and stamped his feet, his muscles trembling.

Standing beside Shen Dong were two burly men. Behind him were a bunch of crows' heads. Each of them was ferocious and skilled.

The underworld thugs were so frightened that they quickly bowed and flattered, "That 'bro', we went into the wrong place. We still have things to do, so we left earlier."

"Hey, don't leave. My dad invited you here for a long time and spent a lot of money. Leaving without doing anything is against the rules, right?" Ma Qiangwei covered his back and shouted, "Dad, look at them, they are leaving. Later on, you have to tell Boss Lin that punishing these people, what are they doing? They became useless even before the fight."

He was useless, so he was useless. He didn't even look at what group of people were standing across from him.

Even if their Boss Lin knew about this situation, he would definitely not let them offend him. After all, Shen Dong, who was in the Shen Family, had heard of this in the underworld.

He couldn't afford to offend him, and he

couldn't afford to offend him either.

They also did not plan on bickering with their boss.

"Lei, isn't it too boring for you to leave like this? In any case, I have quite a good relationship with your Boss Lin, and I have also given you many benefits ..." Ma Qiangfei narrowed his eyes and said unhappily.

"Hehe, so what? To go against someone from the Shen Family, not only do we not have the ability to offend him, even our boss does not dare to offend him. Lei looked at Ma Qiangfei in disdain and left decisively.

"Don't go, who will chase you away, I want to call your boss Lin and tell him what you guys have done ..."

Seeing that he was about to leave, Ma Qiangfei got anxious. Once they left, no one would support them anymore.

The underworld thug panicked and kicked Ma Qiangfei away without any hesitation.

"Fuck your mom, don't drag us down with you if you want to die."

"Brother Dong, I'm sorry for offending you. You guys have settled your matters. As

for us small fries, we won't dirty your eyes anymore."

"Brother Dong, don't worry, we definitely didn't listen to Ma Qiangfei's words and went to teach this mister a lesson." Lei explained, feeling both scared and helpless.

Seeing Shen Dong remain silent and expressionless, beads of sweat the size of bullets started to roll down from Shen Dong's forehead.

"Brother Dong, can we go now?"

However, he still asked this question brazenly, because if he didn't leave now, he was worried that he might piss his pants in fright.

This was the helper that Ma Qiangfei had hired. He looked quite manly, but he was just a coward. He was even more cowardly than Ma Qiangwei. However, he was much more cowardly than Ma Qiangwei.

Forget it, let them go. After all, this had nothing to do with them. It was Ma Qiangfei's, Ma Qiangwei and his son's responsibility.

The reason why he wanted to seek revenge was also because of Ma Qiangfei and Ma Qiangwei.

"Puchi." Ji Tianxiang could no longer hold back his laughter. "Shen Dong, let them go."

"OK, Young Master Ji." Shen Dong nodded and let the gangster go.

"Eh? "Ma Qiangfei, Ma Qiangwei, I didn't say I would let you go. Shen Dong, stop them. No one is allowed to go." Ji Tianxiang sneered.

"No problem, Young Master Ji." Shen Dong waved his hand and the people behind pulled the father and son duo to the center of the room. They were surrounded by a group of strong men and couldn't go anywhere.

"Uncle Dong, why did you help this smelly Sabi? I'm your nephew." Ma Qiangwei said the same thing.

"Brother Dong, I'm also curious as to why you're biased towards this kid. Could it be that my friendship with you ..." Ma Qiangfei said unwillingly.

"Don't call me, I'm not familiar with you." Shen Dong cut off the relationship.

Ma Qiangfei's expression changed as he said angrily, "You ..."

"Haven't you seen anything up to this point? Shen Dong is one of my men. As long as I give

the order, do you think you'll die? " Ji Tianxiang cupped his hands in front of his chest and confidently walked in front of Ma Qiangfei.

"Ji Tianxiang, what are you doing here? Why are you f * cking boasting here? Look at how I won't rip your mouth off." Ma Qiangwei was even more of a pig as he blindly shouted.

He really thought that his father was here and wasn't afraid of anything.

At this time, Shen Dong said in a very cooperative manner: "Young Master Ji, Shen Dong and the Shen Family people behind you, at your command at any time."

Ma Qiangfei was shocked. What's going on?

Young Master Ji, who are you calling?

Could it be Ji Tianxiang?

Ma Qiangfei looked at Shen Dong and then looked at Ji Tianxiang. No matter how he thought about it, he just couldn't figure it out.

He found out that Ji Tianxiang's identity was indeed that of a poor kid who had no money or background, how could he have a relationship with Shen Family?

"You're all mistaken, who are you calling

Young Master Ji? There's no Young Master Ji here, there's only a retard called Ji Tianxiang." Ma Qiangwei said.

"Ma Qiangwei, you idiot, shut up." Ma Qiangfei roared in exasperation.

"Dad, why didn't you let me say it?" Ma Qiangwei looked at Ma Qiangfei in confusion.

Ma Qiangfei put a big ear on it, "Wei, are you still not awake? "Ji Tianxiang is Young Master Ji."

"Dad, why did you hit me again?" Ma Qiangwei was a bit unhappy. Suddenly, a sentence flashed across his mind and he shouted, "What?"

Since when did Ji Tianxiang become Young Master Ji.

But seeing that Shen Dong's group was led by Ji Tianxiang, they had no choice but to believe it.

If that was the case, then he couldn't afford to offend someone his father couldn't afford to offend.

"Ma Qiangwei, I seem to recall that you said something like that before. It's ..." Before Ji Tianxiang could finish his words, he was

interrupted by Ma Qiangfei.

"You little brat, what kind of person is hard to mess with? You actually dare to provoke someone I can't afford to offend? Young Master Ji, I'm sorry, but I'm still going to beat you to death. Young Master Ji, I'm sorry, but a child is still immature and immature, I'm sorry for offending him. I'll teach him a lesson right now to vent your anger." The more Ma Qiangfei thought about it, the angrier he got.

"Dad, stop hitting me. It hurts." Ma Qiangwei's face swelled up all of a sudden, and a trace of blood flowed out of his mouth.
