Chapter 13

The next morning, Pei Ming was reading a book when his maid reported that the second lady had returned. Not long after that, a gentle woman in her early thirties came to the door.

Before waiting for her to say hello to the young lady, Pei Ming opened the door on his own initiative, and his eyes were filled with tears.

‘Little mother...’

This is Pei Ming’s first time to call her like this.

Feng’s family was general Pei’s concubine. When he entered the house, Pei Ming was just born. Unfortunately, when Pei Ming was one year old, her biological mother, Mrs. Liu, died of illness, and then there was Wang’s sequel.

In Wang’s eyes, there is only her own daughter. How can she care more about her front children? Thanks to Feng’s virtuous, she takes good care of Pei Shuo and Pei Ming, especially Pei Ming, who is supposed to be the eldest daughter, so she is very considerate.

But in my last life Pei Ming didn’t take Feng seriously until she died.

Not to mention the Feng family, even the Jinzhan and Yinpan were quite surprised. The young lady always called the second lady 'a Feng'. When So close?

Feng's heart, aware of her haggard and abnormal intimacy, 'Miss?'

Pei Ming tried to endure tears, and his heart was even more sore. Such a good little mother was really poor in her last life. If she can live a few more years, when Pei's family pushes herself into the fire pit, at least there will be someone for her.

A while ago, Feng's old mother passed away. Wang authorized her to go home for her funeral, so she came back today.

Of course, Wang's move is just for the convenience of poisoning Pei Ming.

Pei Ming took Feng's hand and took her to the room. 'My little mother should call me mingniang. Come and sit inside.'

Feng had never been given such preferential treatment. For a moment, he was at a loss and had to ask her carefully what had happened.

Pei Ming is ready to answer, and suddenly he has a plan. In the blink of an eye, they think of a good game, not complex, only win in the good time. Other people can't predict, but she has the best chance.

We have to seize this opportunity to suppress Wang's arrogance, otherwise we will not be able to exercise our muscles and bones in the future.

Only wronged little mother, right and when a horse before death.

‘Little mother, I’m afraid...’ Pei Ming was lying in her arms, with tears in his eyes. ‘After you left, the eldest lady poisoned me. I don’t know what to do.’

Feng’s heart is very distressed. No matter how gentle and modest she is, if the eldest lady starts Pei Ming, she can go out and fight for understanding. She immediately turns around and rushes to qingfengyuan.

Everything is as Pei Ming expected.

Feng rushed to Mrs. Wang and asked why she wanted to poison the eldest daughter of the general’s house.

When did Wang see this concubine so bold and aggressive? She was so angry and flustered that she was tied up by someone.

Feng is a brave man. Even if he is not a quarrelsome person, he refuses to bow down. It is dereliction of duty to say that the eldest lady, as her own mother, does not take good care of her children. Not only that, she also wants to harm her eldest daughter, which is a further crime.

Wang can not, when immediately ordered to Feng family punishment.

The family style of generals in the general’s mansion is fierce, and their family skills are more fierce than those of ordinary people. They are not beaten with sticks, but with iron whip.

Looking at the cold iron whip, Feng couldn’t be afraid, but she didn’t compromise, ‘if you beat me to death today, it’s your own crime! When the Lord comes back, I will ask you

Wang hated Feng the most, but he was respected by general Pei. He didn't say a word. The whip really hit Feng on the back.

Poor Feng was screamed by the iron whip and drowned in the thunder.

Pei Ming came and cried, 'little mother!' He fell on Feng's back.

At that time, the iron whip was about to fall again. Seeing that it was going to crack Pei Ming's skin and flesh, the Feng family instinctively protected her. Just as the end of the whip fell on the back of her thin hand, the skin and flesh turned out, and the bones showed.

Pei Ming immediately blushed and angrily denounced Wang: 'are you going to kill people? You have to kill me before you give up!'

Wang Shi is also not polite, 'if you don't speak disorderly, this cheap concubine also doesn't need to suffer, want to blame to blame yourself!'

So she was stupid. She didn't see Pei Ming's show off at all. The play was not finished yet. At this time, there was a second thunder in the sky. I think that person must have arrived at the door of qingfengyuan.

Pei Ming protected Feng with tears in his eyes. 'You are not my biological mother, but my father is not here. You cover up the sky like this. Who else can I talk to! Why don't you poison me all at once!'

The thunder came down for the third time, and the rainstorm came down. Thank you for the curtain.

Wang could see clearly that from outside the gate of the garden, he walked into a big figure. Under the electric light, he was majestic and dignified.

The real head of the family, general Pei, is back.

Pei Changyuan, a senior general of the second grade auxiliary country, is always away from home. His habit on the battlefield is never to let people know where he is, because he can't predict every time he goes back to his home.

One advantage of this is that you can see the most real situation in your home, rather than the illusion that you made early to meet him. From this we can see that general Pei did not trust his wife Wang very much.

So it happened that general Pei saw Wang's fight against Feng's family, and he had a posture of death.

At this time, Pei Ming just knelt in the rain in a thin shirt, showing a lot of emaciation.

For the appearance of the Lord, Wang was so stunned that he didn't know what to do. Pei Ming followed her eyes and was 'surprised' to find that his father came back.

Chapter 14

Pei Changyuan takes great steps to help Pei Ming up in person, and then sees the severely injured Feng family, whose face is like ice, 'what's the matter?'

Wang wants to explain, but Pei Ming takes the lead. She immediately rushed to her father's arms, crying very sad.

Miss Pei has inherited the general's style since she was a child. She is resolute and never shed tears. This time, however, it's not normal. Instead, Pei Changyuan doesn't feel proud of her, but realizes that something has happened.

Feng's body to endure the injury kneel to admit, 'I dereliction of duty, did not protect miss.' I told Pei Changyuan about it on May 10.

Wang's face became whiter than lightning, and he could not care about the heavy rain. He had to explain when he stepped down the stairs.

But when I thought about it, I denied it.

After all, there is no evidence. Pei Ming is useless even if he complains. Besides, the Wang family has been kind to Pei Changyuan. He can't do anything about himself.

Pei Ming choked at the right time and looked very aggrieved. 'Father, forget it...'

Just at this time, the silver plate is only on the front, saying, 'Lord, your Highness the sixth Prince has come.'

Xue tingji comes with a lot of gifts to make amends for Pei Ming.

Before the people came, he secretly anticipated the words for a while, but he turned his head, and unexpectedly, general Pei came with a murderous face.

Pei Ming followed him, his eyes were red, and he was all wet. Rao was in front of the general. Xue tingji couldn't help but concern himself, 'what's the matter?'

His action made Pei Changyuan's brow jump and salute him, 'I don't know why his highness six came here?'

Pei Ming took the initiative to explain the reason, while the silver plate chimed in. 'Last time, the sixth highness found a doctor to diagnose the young lady's pulse. When the eldest lady saw it, she said that our young lady seduced her highness.'

Pei Changyuan's face can't be more ugly. He bites his teeth and asks Xue tingji if there's something wrong with it. Xue tingji looks at Pei Ming secretly. Pei Ming nods innocently. Then he denounces Wang's insidiousness.

'If I hadn't noticed, your daughter would have died long ago, and she didn't dare to let outsiders know. Was she threatened by your main room?'

Even the sixth prince said so. Pei Changyuan's forehead was about to burst. He took a deep breath, lifted his robe and knelt down to Xue tingji. 'Your Highness's help to my little girl will be remembered in my heart.' Then he knocked three heads.

Although Xue tingji is the prince, Pei Changyuan doesn't have to salute him as a second-class general guarding the border, which shows his love for Pei Ming.

Kowtow, he did not talk nonsense, directly turned to find Wang. Xue Ting didn't dare to say a word by staring at the bleeding on his forehead. He didn't breathe until Pei Changyuan walked away.

‘General Pei It’s really brave. ‘

Suddenly Pei Ming sneezes, which reminds him that the girl’s house is still wet and standing here. He subconsciously unties his coat and is about to put it on her. Unfortunately, the silver plate is already available.

Pei Ming took leave with his collar folded. Xue Ting repeatedly told him to change his clothes and come, ‘I’m waiting for you here. You must come.’

Pei Ming, who turns his back, stealthily raises his lips.

I don't know if it was her intention to tease or what. Xue Ting waited for her for an hour. ‘Your Highness, please forgive me for the delay.’

Without waiting for her to explain, Xue tingji first ordered someone to present the gift, ‘you look bad again, I bought you a lot of tonics.’

Pei Ming thanks. Seeing that he still has something to say, he waits quietly. Xue tingji talked about yesterday after much deliberation.

‘In fact, I’m not a violent person. I just see that you have been bullied and resent the prince all the time -‘

as soon as I said this, my lips suddenly covered with a slight chill. Pei Ming covered his mouth, ‘Your Highness, how dare you say this!’

The royal brothers are the cruelest. It would be fatal to let others know which Prince complained about the prince.

Xue tingji can't bear to let her take it away. She thinks of her mother's words again. The Pei family supports the prince. The Pei family's daughter and his prince are doomed to have no fate.

I couldn't help but hold her hand tightly.

'Do you say it for the prince or for me?'

Pei Ming blinked and connived at his frivolous behavior. 'Of course, it's for your Highness's sake.'

Xue tingji is very satisfied and kisses her palm. Pei Ming pulled back his hand like a fish, turned his head red and looked at the backyard.

My father is back. Some things can't be so blatant.

Her carefulness undoubtedly gave Xue Ting great encouragement and restrained his ecstasy, 'then you are no longer afraid of me.'

Pei Ming said: 'Your Highness is the prince. Shouldn't you be afraid of me?'

greatly disappointed, as like as two peas, she was just like the last one. 'I will never frighten you anymore, but you must not be afraid of me.'

Pei Ming fanned his long eyelashes, tilted his head and looked at him with a smile. At last, he only vomited: 'I really want to be afraid of you. Can you stop me?'

After that, he pushed away Xue tingji and asked the silver plate to collect the tonic for dinner.

Touching the chest she had just touched, Xue tingji felt hot all over. 'Come on, if there are any good things in the world, please find them for the prince!'

After two days and one night's heavy rain, it finally stopped in the evening. Under the eaves, there was a special charm. In the air, there was the smell of fresh grass. Everything was so pleasant.

As Pei Ming expected, the Lord gave an order. From now on, the Feng family will be Bi Ping's wife and will be in charge of all the affairs of the house. The Wang family will not be allowed to step into Jinwei garden and Linjie garden, and will not interfere in food and daily life.

This is completely overhead Wang, but also to the status of Feng.

Pei Ming, contented with ginger soup, leans on his father's arms.

Once under Pei's long-term protection, she was very happy and stable. Unfortunately After he went to the battlefield, he never came back. Since then, she lost her dependence, and Wang had the courage to harm her.

She didn't believe that her father died in the war, and she suspected that it was Xue tingji, but later she thought that the prince was the most likely one.

But she can't control the battlefield. She doesn't know who the traitor was. It seems that she can go to the barracks in person. Of course, it's not urgent right now.

Chapter 15

One night later, Pei Ming's cold became more serious. He was ill for four or five days, but he recovered some spirit.

Pei Changyuan is very busy. He goes out early and comes back late every day. On this day, he goes home early and asks her solemnly: 'mingniang, do you want to marry Xu Yi?'

Pei Ming's brain exploded, and he didn't reply for a long time. Pei Changyuan also knew that it was suddenly said, but Xu Taifu still wanted the two children to get married as soon as possible.

'There are some things Taifu told me. I don't blame you. Although his sixth highness saved your life, he was young and indulgent after all. He didn't have the sense of propriety, which made it difficult for you and Xu Yi?'

Xu Yi is really cowardly, but Xu Taifu is not so easy to talk about. Xue Ting's actions are so eye-catching that he can't bear it. So let the two families get married as soon as possible. On the one hand, it breaks the sixth Prince's mind, and on the other hand, it shows loyalty to the prince.

Pei Changyuan also thinks it's appropriate, but he doesn't arbitrarily arrange the marriage directly. It's also his intention to come back and ask his daughter what she means.

Pei Ming's answer is also very happy.

'Good.' Without hesitation.

She knew very well that with Xue tingji, the marriage could not be completed in any case, and it was not in vain that she had worked hard for him several times.

Pei Changyuan is very pleased, while he is in the Imperial City, to marry his daughter.

Xu Taifu over there was even more anxious. He not only made preparations for the bride price, but also publicized it all over the Imperial City, for fear that a certain highness would not know that his grandson would marry Miss Pei.

No matter how overbearing you are, you can't rob other people's daughter-in-law!

The news quickly spread to the sixth Prince's residence. The messenger's servant shivered and told him. Xue tingji tore the book into pieces while listening.

Of course, he won't rob other people's daughter-in-law, because with Xue Ting, the Xu family can't welcome Pei Ming into the door!

'Where are they now?'

The attendant rolled his throat. 'Ask, ask the name. It's time to prepare for Naji. Xu Taifu is already looking for the best diviner in the city.'

Naji is a divination of the suitability of the fates of men and women. Although it is only a form, it is also easy to obstruct it.

‘Go and find out all the diviners in the city. The prince has a word to bring to them...‘

Eyes fall on the desk pen, a transparent Hosta is inserted in the most prominent place, will take out the Hosta play, Xue Ting by laughing unkindly.

‘Where is Xu Yi worthy of you? You’d better be my prince and concubine!’

The next day, Xu Taifu invited Master Zhang, the most famous master in the city, and handed over the birthday stickers of Xu Yi and Pei Ming. He waited for the master to say something auspicious, and the event was completed.

Xu Yi doesn’t want to show his face, so he just hides in the inner hall and waits for news. At the thought, he will be able to be honest with mingniang immediately, and his heart is finally happy.

It’s very dangerous. I didn’t get the sixth Highness’s lead.

Master Zhang’s eyes were green, like he didn’t sleep well all night. When he took the birthday post, he was a little shivering, and his palms were full of sweat.

He didn’t dare to disobey the sixth Prince’s threat, but he couldn’t afford to offend the two adults. If he was found to have lied, his head I can stay in the Taifu mansion today.

Is tangled, the side of the small road boy from please for the master set up the hexagram plate, no doubt in warning him not to show timidity.

This child It’s Xue tingji’s staff.

The sweat of the forehead drops, Master Zhang heart a horizontal, for the family wife and children can only sacrifice himself!

But soon, he found that he was afraid in vain, because -

‘I will tell you that the fate of master Xu and miss Pei is different.’

Hearing this, Xu Yi’s face suddenly froze with a smile. It’s not only him, but also Xu Taifu and Pei Changyuan who are looking forward to it.

‘This, this What are you talking about?’

Mr. Zhang got up to complain, but there was no fraud in the hexagram. The two noble men’s fates did not match.

‘Miss Pei’s life is extraordinary. She will be very valuable in the future, while Mr. Xu Can not suppress Miss Pei, and will be In a word, it is not suitable to marry! My Lord, forgive me

After that, he knelt down on the ground like a sieve chaff, and refused to say more than half a word.

This is an unexpected result. Xu Yi can’t accept it and runs out to ask what it means.

‘What would I be? What will happen with Miss Pei? Say it

Master Zhang didn’t dare to speak. He was picked up by Pei Changsheng before he faltered and said, ‘Xu Mr. Xu will be Miss Pei’s disaster and miss Pei’s disaster But the late scenery is not prosperous....’

This is a thorough enemy. If we get married, we are afraid that both families will inevitably suffer.

Xu Yi's expectations have failed.

Pei Changyuan is silent, but Xu Taifu thinks it's Xue tingji who did it. 'Come on, go and find all the diviners in the city. No, there are other places, but all the diviners you can find!'

He didn't believe it. If Xue Ting could buy one or two, could he buy the whole world.

But unexpectedly, all the conclusions are the same as master Zhang's, not only that, because this huge movement, on the contrary, let the two people's fate incompatibility be publicized, spread all over the city. Xu Taifu was so angry that he couldn't even go up to the court, and the whole Taifu mansion didn't dare to go out. Pei's family is not so good either, half happy and half sad.

The happy thing is that their family has an extraordinary daughter, but the sad thing is that Pei Ming can't get married.

What is indescribable? It may be the empress. Can anyone who marries Pei Ming become the emperor?

Who dares to ask her for marriage in the name of usurping the throne?

Some dare. It's Xue tingji.

Chapter 16

Originally, he just wanted to stir up Huang Peiming's engagement with Xu Yi. Unexpectedly, he worked out such a result. He spent the whole night happily and went to the general's house the next day.

Unexpectedly, he was taken out of the door. He didn't even see Pei Ming.

Silver plate pleaded guilty to explain: 'Miss said, she now no one.'

Xue tingji choked several times, feeling that he lifted a stone and hit his feet. 'Let her worry less, just come out and see me!'

Not long after that, Pei Ming came out with a face full of complaints and asked, 'did you direct me?'

'Yes.' Xue tingji readily admitted, 'but the hexagram is true. They didn't lie.'

Pei Ming is noncommittal, 'but now my father is very distressed. Mr. Xu and I have been appointed since we were young, but now...'

Xue tingji doesn't like that she is hurt because she can't marry Xu Yi. She steps forward and sees her reflection in her eyes.

'Don't you want to marry Anyone else?'

Pei Ming pretends to be confused, which makes him very dissatisfied.

‘I’m more talented and powerful than Xu Yi. I’m favored by my father and the emperor. I’m so beautiful. Why don’t you marry me?’

He didn’t care whether his words would be heard or not. Even if general Pei was here, he said so.

However, he did not expect that Pei Ming and he had no heart to heart relationship at all.

There was no sign of shyness and joy in his imagination, but his face was full of fear and consternation. Pei Ming knelt down with a plop and asked him to take back what he had just said.

‘If your highness is crowned with the intention of usurping the throne, I can’t afford it.’

Xue tingji vaguely understood something, and his heart beat very fast. He asked her anxiously: ‘just talk about your selfishness, you Are you interested in me?’

Pei Ming didn’t answer, and his anger was even stronger. ‘You’ve been so intimate with me and blushed for me. Are you all faking?’

What she was waiting for was this sentence. She looked up at him innocently, ‘Your Highness, don’t you want me to make amends? Your Highness has the grace to save her life. How can she disobey your highness?’

It was his wishful thinking that made Xue Ting laugh in anger? Miss Pei didn’t have that idea at all, and he thought about her every night with a smile and anger.

But when you think about it, she never took the initiative to get close to him, and even avoided him. It turned out that she clearly hated him, but only recited ‘help me’ to repay him.

‘Well, well, you Pei Ming, you are so devoted and virtuous. OK, I don’t want to be sentimental. I’ll see how Pei Ming can marry him Xu Yi!’

With that, he angrily led the people away.

The silver plate carefully helped Pei Ming up, ‘Your Highness will not come in the future, will you?’

Pei Ming put away her innocence just now and was so happy with her smile. She knew this man’s virtue so well that she would not come to her again, but he would not let go.

In a few days, he will try his best to see her again.

In qingfengyuan, Wang also heard about it. First, he laughed at Pei Ming for not getting married. Then he took his daughter Pei Yu and complained, ‘look at your father, you only have your sister in your eyes.’

Pei Yusu hated his mother’s nagging, but choked: ‘if you didn’t poison yourself, would your father leave you in the cold? It’s just plain that I’m involved.’

Wang Teng got up, pointed to her nose and scolded her for having no conscience. ‘If I didn’t do it for you, I would have to work hard! When your father gives all the power of the family to Pei Ming, you will be happy?’

As a result, her voice was so loud that Pei Ming, who was passing by, heard her. It happened that Pei Changyuan had just come back. When she heard this, she was going to scold Wang.

Pei Ming holds him and persuades the eldest lady to be angry, which is normal. In his heart, he has another calculation.

You can't let her father divorce Wang. Otherwise, how can she retaliate in the future?

The next few days, as Pei Ming guessed, were calm and calm, and the engagement crisis receded faster than she thought, because the Xu family didn't have time to tangle in this matter. At present, all the students in the world are busy.

Because the triennial examination is coming.

The general examination is divided into civil and military examination, and the first in the civil examination is a successful official career, while the military examination is an important way to select the generals in the court.

In Pei's family, there was a man who was asked to do well in the martial arts test.

That's Pei Ming's elder brother, Pei Shuo, who is 20 this year.

It's a pity that as the only son of the Pei family, Pei Shuo is a waste. Let alone catching up with Pei Changyuan, Pei Ming can't catch up with half of his martial arts skills. Behind Pei Changyuan's back, he always calls himself a young man. In front of his father, he looks like a cat cub.

Pei Changyuan doesn't expect him to be in the first place. He just asks him not to lose too much and give the Pei family a disgrace!

Is training words, a maid to report, 'the sixth prince came.'

Pei Changyuan frowned, 'looking for my mingniang again?'

'No The maid replied, 'Your Highness said he came to find the eldest son.'

In his father's cannibal eyes, Pei Shuo goes to see Xue tingji. Xue tingji is very unhappy with his face, and his attendant gives him a hard note.

Chapter 17

'Mr. Pei, our Highness has set up a martial arts school to invite all the heroes who took part in the martial arts test to compete with each other.'

Pei Shuo knows that his highness Liu must have another purpose. First he thanks his Highness for his kindness, and then he waits for him to speak.

Sure enough, Xue tingji waited for a long time, but he didn't wait for the person he wanted to see. He cleared his throat discontentedly. 'My highness, is there no communication in your house?'

What a Pei Ming. He knew he was coming, but he turned a deaf ear to him.

Pei Shuo was embarrassed and said, 'go back to your highness, mingniang Out of the door.'

Xue tingji's face was slightly coagulated, and he was not comfortable with his negative hand. 'I didn't ask her! OK, you will live in the guild martial arts school from tomorrow, and your family members can visit at will. Do you understand?'

'I understand, I understand.' Pei Shuo wiped his sweat and sent his sixth highness away. As soon as he was relieved and straightened up, Xue tingji turned back, 'Ming Where's your sister? What a good girl's family looks like outside all day long.'

But even so, he didn't go straight to Dongshi. He scolded Pei Ming a hundred and eighty times in his heart. Sooner or later, he wanted her to make amends!

All the attendants searched Dongshi and found Pei Ming. However, at the first sight, Miss Pei whipped her whip as if nothing had happened. 'This is good. I'll take it.'

Surrounded by a large number of people, he could still act as if nothing had happened. He gritted his teeth and pressed her hand. 'Miss Pei also wants to enter the examination, but she doesn't accept women.'

Pei Ming looked at him and said, 'I'm going to pick a weapon for my brother. Does your highness have any objection?'

'You --' Xue Ting pulled back his hand, but stroked the back of her hand. She got angry, but he had something to do with Pei Ming.

He approached her deliberately, trapped her in front of the table of the weapon shop, and came close to her ear. When he saw her small and round earlobe, he suddenly felt a move.

I really want to have a taste

'Does your brother have to try this year? If you make me unhappy, I can't guarantee that your brother will have any trouble.'

He's threatening her. Pei Ming is funny. Now that he's posted it, she'll give it back.

Deliberately provocative, she turned her head and let out a light, air swept on his lips, thin itching.

'Thank you for your kindness. Unfortunately, my elder brother It's not going to work.'

She laughed in her tone. Seeing Xue Ting's weakness, she was satisfied. She gave a salute and left without a hurry.

Xue tingji gnashed his teeth, 'stop!' Then blocked Pei Ming's way, 'since make amends, can't you so perfunctory, today this prince wants you to accompany me to stroll east city.'

Pei Ming did not resist, 'so you can compensate?'

'you want to be beautiful, when will you pay for it?' has the final say.

After thinking about it, Pei Ming agreed, but he said that she was not the only one who offended his highness. If you want to make amends, why don't you ask Master Xu to do it together?

Xue tingji was not angry with her to vomit blood, but finally let her swagger back. A servant came up to comfort her, 'Your Highness, Miss Pei is very rude, so don't worry about her.'

He looked back and snapped the servant's back. 'I like it.'

The next day, Pei Shuo was rushed to Huiwu school. Pei Ming saw him off. Unexpectedly, he met Xue tingji outside the school.

She came forward on her own initiative, but Xue tingji sneered, 'Miss Pei, don't be wrong. I'm here to find your brother.'

'So.' Pei Ming is quite sorry, 'Chen Nu originally wanted to ask, when will your highness let Chen Nu make amends again? Chen Nu also has a preparation.'

Xue tingji didn't hide the surprise, so he almost grinned, 'today is OK, I just have a place to go.'

'That's fine.' Pei Ming unexpectedly cooperated, but the second half of the sentence was not right. 'I'm going to ask Mr. Xu to come and make amends for you. But now I'm going to have a test. I'm afraid Mr. Xu can't get away.'

Xue Ting understood that she had to win Xu Yi. Didn't she help them both!

'OK, don't let you compensate. Write it off. You don't owe me anything!'

‘Thank you very much, your highness.’ Pei Mingxi smiles and makes Xue tingji suddenly lose his mind.

This is the first time that she smiles so brightly in front of him. She is not arrogant at all. How can he not like such a good-looking appearance.

Pei Ming just didn’t see his obsession. He wished his elder brother a smooth training in the hall. ‘On the day of the examination, my younger sister will personally send you to the meeting hall.’

The speaker is interested, but the listener is more interested. Xue Ting takes notes in silence and pats Pei Shuo’s back happily after watching Pei Ming leave.

‘I’ve arranged the best food and clothing for you. It doesn’t matter if you can’t pass the exam. There’s the prince here.’

Pei Shuo understood that he was relying on his sister to climb the high branch.

I don’t know that Pei Ming had expected that his thoughts would be of great help in the future.

Chapter 18

On the day of the examination, Pei Changyuan got up before the fourth watch. Although he wanted to watch his unpromising son compete, he could only pack up.

Pei Ming was extremely reluctant to give up. 'Can't we wait a few more hours?'

Pei Changyuan put on his armor and touched his daughter's head. 'Military orders are like mountains. You can't delay for a moment. You can live and work in peace and contentment for your father and defend your country. It's just I'm afraid you'll be bullied.'

Pei Ming knew that he was talking about Xue tingji. 'My daughter is not a soft persimmon. Don't worry about my father.'

Pei Changyuan died in the west at that time. There should be no accident when she went to the north this time, but she was still worried and couldn't bear to go back until she was sent to the palace city.

At this time, it is still early to dawn. Seeing his father's figure hidden behind the palace gate, Pei Ming stands in the night, thinking about the regret that he failed to keep filial piety for his father in his last life. He is so immersed that he doesn't realize that he is a latecomer.

When she reacted, a heavy cloak was put on her shoulder. Xue tingji's voice was rare and quiet, 'how can I be here alone?'

Unexpectedly, Pei Ming held the hand that tied her cloak.

When she learned of her father's death in the last life, she and Xue tingji were in the north. They couldn't go back to the Imperial City, and they

couldn't even kowtow. He was the only one who stayed with her all the time. That was his last tenderness.

Xue tingji thought that she didn't want to give up general Pei. He braved her and hugged her. Unexpectedly, instead of pushing him away, she leaned on his arm.

The time before dawn is the most vulnerable time for people. Pei Ming forgets that the time has changed and is used to cuddling with him.

But soon she came back to herself.

Xue tingji didn't touch her too much, so she could be pushed away easily. In the hazy sky, she seemed to see the tears of her stars.

'Sorry, I didn't mean to be frivolous.' He said.

His gentleness at this time makes Pei Ming not know how to face him. 'It's the minister's daughter who lost her honor. How can your highness be here?'

It turns out that today's examination, all the princes want to enter the palace to listen to the emperor's instructions, but Xue tingji is always the first to enter the palace.

'It's still early. I'll take you back to your house first.'

Pei Ming doesn't want to deal with him. He replies that it's good to go back by himself. He remembers that his cloak is about to be untied, and Xue tingji holds her hand.

He asked if she hated him and didn't want to see him.

‘Is it because you are afraid to face me that general Pei left you so sad?
I I don’t want you to be afraid of me.’

Pei Ming is speechless and selfish. He wants to be greedy for the warmth for a while. He smiles for a long time. ‘If the courtesan are not afraid of you, your highness can’t blame the courtesan for offending you.’

Xue tingji, who had been angry for so many days, was finally happy and urged her to go back. He would ask for the cloak later.

However, they didn’t notice that in the hidden corner under the palace wall, a little eunuch saw the scene clearly and quietly retreated into the dark

After daybreak, the imperial city became lively. All the families surrounded the men to chongwenyuan, and Pei Shuo was also on the road.

Pei Ming saw him off. He was still telling the rules of the martial arts test. When he passed Taifu, he just met Xu Yi’s chariots and horses.

‘Mr. Xu, it’s better to go all the way.’

Xu Yi hasn’t seen Pei Ming since his engagement was put on hold last time. Compared with Pei Ming’s calm, he is much more cramped.

‘Ming, Miss Pei.’ Since it’s not an engagement relationship, it’s against the rules to call it intimacy again.

Pei Ming pretends not to care. Since he was a child, he has always called it this way. He is not used to it.

This makes Xu Yi very happy, along the way also flexible a lot, Pei Ming bear hate false flattery, wish him a gold medal.

However, the expectation of yuyuelongmen is not everyone can have. In the deep palace, Zhao Jieyu, who has always been good-natured, is on fire.

‘Do you know what you’re doing! I told you not to worry about Pei’s daughter. You are looking for death!’

When the tea cup broke, Xue Ting knelt in the hall and clenched his teeth.

‘Mother, my son has no other intention. He just wants Pei Ming.’

His eyes were red as he raised them.

‘I’m not the crown prince, so I can’t run the country, and I can’t form a clique for personal gain. My son admits it, but I’m bound to marry a wife!’

‘Yes, just not.’ Zhao Jieyu clasped his shoulder and said, ‘if you are a daughter of another family, your mother will do as you like, but the Pei family can’t do it. Besides, Pei Ming is the daughter-in-law of the Xu family. Why do you want to rob her?’

Xue Ting broke away his mother’s hand and said, ‘the marriage between Xu Yi and Pei Ming can’t be completed. They --’

‘so what if they don’t match?’ Zhao Jieyu immediately let his heart cold a thorough, if you really want to get married, this little excuse is nothing, as long as the examination is over, the Xu family’s direct grandson has an official position, Pei Ming, will still be carried into the Xu family

Xue tingji realized that many things were not as simple as he thought.

He left the palace in despair. When he passed Chongwen college, he met a large number of students, thinking that Xu Yi's knowledge should be the best one. But the more he thought about it, the more jealous he was. Xu Yi can take part in the test, but he can't be an official.

Xu Yi has the support of two adults, and he can marry Pei Ming, but he doesn't have the help.

Only Pei Ming's gentleness made him reluctant to let go.

But then, in the crowd, he saw the situation he didn't want to see.
