## Chapter 19

Pei Shuo and Xu Yi are sent to the gate of Chongwen academy to say goodbye to Pei Ming. Xu Yi is reluctant to go in.

‘Mingniang, our marriage After I pass the exam, I will try to find a way. I will never fail you

Pei Ming sneers in his heart, won’t he fail her? He doesn’t even have the qualification.

Pull out a smile that is not sincere, let him concentrate on the exam, ‘after all, it’s up to heaven, if it can’t be forced...‘

Xu Yi is in a hurry. He is about to say something when he steps down the stairs. Suddenly, he is startled by the people who rush to him.

Xue tingji pushes Xu Yi to stagger. He just stares at Pei Ming and holds her by the wrist.

‘Why! Why do you have to be him! You are still in my arms in the morning, and now you are involved with him. Are you like this to everyone? ‘

The Grand Prince, even in front of the world’s test son, blatantly roars, or pulls a daughter’s family to say that, I don’t know what kind of uproar it will cause.

Xu Yimu was stunned, Pei Shuo had different ideas, and others were talking about it.

Pei Ming, looking at Xue Ting's angry expression, thinks that he was imprisoned by him.

When he comes back from Beidi, he becomes suspicious and violent, even if he just sees her and Xu Yi say a word, he will pull her angrily to question.

Isn't that what she hates most at this moment

When the grievances of that year came to mind, she responded to Xue tingji's equally amazing move.

A slap, especially loud.

'What do you have to do with me? Why do you doubt me?'

For a moment, the crows were silent

She looked at Xue tingji's face, but her eyes were red.

Xue tingji was stunned by this slap, and then he was more furious. But at the moment when he turned to stare at her, he saw her tears.

So desperate.

He wants to comfort him, but Pei Ming no longer gives him a chance.

When she turned around, her tears fell to the ground. She swore that this was the last tear for Xue tingji.

Come on, since rebirth can't change him, just stay away from him, away from the man who let himself love and hate together.

She really doesn't want to And be tortured endlessly.

All the way back to the mansion, Pei Ming wiped away his tears and ordered his servants to come back later. All of them refused to see him.

'Ha ha, but he shouldn't come again. It's very good. We can get rid of each other!'

Since then, Xue tingji has never been here. Pei Ming is very happy. He takes marigold to practice martial arts every day. He wants to train her to be a forbidden assassin. There are many things that can use her in the future.

On the day after the examination, Pei Shuo came to her with a gift box. Pei Ming asked with a cold face, 'what's the matter with the gossip outside? They're all saying I don't know how to keep up with them.'

Pei Shuo scratched his head. 'His sixth Highness has put this matter down. No one dares to talk about it any more. Moreover, his sixth highness asks me about you every day.'

Pei Ming was lying on the couch with his back to him. 'He's afraid that I'm going to hook up with people outside. Tell him that I have nothing to do with him.' With that, he stopped talking to people.

Pei Shuo couldn't, so he had to leave bitterly. He went to the door and heard Pei Ming shout, 'throw out the broken things he sent!'

After a while, the maid timidly reported, 'Miss, the sixth Prince is at the door, bringing a word.'

Pei Ming didn't listen at all. It happened that the Feng family came and went into the room to comfort him.

'Your father is a general in the court. In fact, there are many obstacles. Your sixth highness is the prince. If you really get angry and tell your majesty, even if you are reasonable, it will be difficult for your father to do.'

'So he can do evil and humiliate me at will?'

Feng Yu choked, thought about it, patted her on the back, 'do you think, why is the sixth highness so angry?'

Pei Ming pouted, 'because he is suspicious and paranoid, just like a madman!'

Feng shook his head, 'it's not like this...'

As the sun sets, Pei Ming finally comes out of the room and asks his sixth highness what he said.

The maid replied, 'he said he knew he was wrong. Please don't be angry. If you want to relieve your anger, you can beat him.'

Pei Ming's face is really relaxed. Let's make it hard for him to see him.

But Xue tingji had already left. He didn't dare to pester her too much for fear that she would be more disgusted.

But Pei Ming was a little upset. After all, she slapped someone in the face, didn't she? If Xue tingji doesn't come any more, she Are you really strangers to him?

After tossing and turning all night, Xu Yi came to the door the next day. His eyes flickered. Pei Ming knew at a glance, ‘Your Highness asked you to come?’

Xu Yi shook his head stiffly, ‘I’m here to invite you to visit the lake. I don’t know Can your highness six go with you?’

Pei Ming suddenly looks up at him and wants to ask if Xu Yi has the backbone to be a lobbyist for Xue tingji. Is it really because of his childhood love? ‘What day?’

‘Tomorrow?’

Pei Mingmo took tea to see off the guests for a while, ‘OK, I’ll see you by Taiming lake.’

## **Chapter 20**

Xue tingji was very happy, more nervous, and repeatedly thought about how to get her forgiveness.

Compared with his uneasiness, Pei Mingquan seemed to have nothing to do. He practiced martial arts with marigold at night, but his face was very heavy.

The little mother is right. Xue tingji also admits her mistake. She can't accept the grievances of her last life in vain. If she really gives up revenge, she is really not reconciled.

Determined, continue to supervise marigold practice, this girl has a little foundation, learn fast.

It's just that she's in a bit of a hurry. She doesn't work hard when she flies. She's about to fall down.

Fortunately, Pei Ming just recovered, subconsciously rushed to the past, can hold the marigold, but he lost the focus.

There are many tiger thorn plum in Jinwei garden, which Pei Ming likes. Just as its name is, its stem is full of spines.

Pei Ming just fell into the tiger thorn plum cluster!

Marigold hurriedly picked her up and saw the young lady's face in the light. She even had the heart to thank herself.

Pei Ming's cheek is marked with a few bloody spots, especially at the corner of her eye. If she is more inclined, her eyes will be lost

First of all, pacify the guilty Jin Zhan. Pei Ming has a headache. He is going to see Xue tingji tomorrow, but today he destroys his face. But temporary shirking will cause misunderstanding.

It seems that I have to work hard on the dress up tomorrow.

Her mother and daughter in qingfengyuan are also upset. Pei Ming specially invited Pei Yu in the daytime. Tomorrow, their sister and Mr.

Xu will go to the lake together. Without waiting for Pei Yu's refusal, Wang's decision will be made.

Pei Yu won't, what is she going to be, the foil of her sister?

However, Wang's lips were pulled up grimly, 'you just go, mother will help you pave the way.'

The next day, the weather is beautiful. It's rare to have such a good sun on a rainy March day. Xue tingji has been waiting for a long time by Taiming lake. Xu Yi stands behind him, with his sleeves closed and his eyebrows down.

It took a long time to see the zigaibao car. Without waiting for Pei ming to show up, Xue tingji stepped forward first. It can be seen how much he was looking forward to seeing her.

Unfortunately, Pei Ming let him down, because Pei Yu appeared first.

A smiling face breaks down in an instant. Xue Ting somehow maintains his posture, asks Xu Yi to help Miss Pei Er down, and then pretends to wait for his beauty to show up.

After a long time, Pei Ming lifted the car curtain and came out, but he turned black.

Well, what's she doing with a fence over her face, so she doesn't want to see him?

Pei Ming couldn't see his depression. He got out of the car and bowed his knees to salute, 'Your Highness, you're all right.'

Xue tingji didn't know what she meant and replied, 'I'm very ill. I feel guilty every day. I just want to apologize face to face, but also There's no way.'

He apologized so sincerely that Pei Ming was distracted. He couldn't help looking up. Even though he was across the fence, he felt his eyes.

'Face Does it still hurt?'

Xue tingji was secretly pleased, 'if you can forgive me, you will not feel pain.'

The gust of wind blew up Pei Ming's fence. Xue Ting could see her face under the white veil. For a moment, it seemed that everything around her was dim.

Today's Pei Ming is very beautiful. She has pink cheeks, vermilion lips and gold powder around her eyes. Thanks to her beautiful eyes, she is not gaudy at all.

But Pei Ming didn't let him see so much about his beautiful dress. He gathered up the fence and walked to the lake.

That is to say, Xue tingji was so obsessed with her cover up that she was ashamed to expose herself for the sake of pleasing herself? For whom?

Xu Yi, or him?

It's a rare sunny day. There are a lot of tourists by the lake. Xue Ting thinks about how to talk to her and carefully turns her head. Only then can she find that she stops and looks at the center of the lake. She has an idea when she follows her eyes.

Pei Ming looks at the rippling water of the lake and feels familiar with it. They seem to have been here in their last life, and What is going on ?

‘Do you want to take a boat ?’ All of a sudden, the voice in her ear startled her, and the clue finally disappeared. Xue tingji didn’t know, ‘if you like, I’ll accompany you.’

Pei Ming readily agreed, but four people had to ride together, which made Xue tingji neither angry nor dare to speak.

But just as she beckoned to Xu Yi, Yu Guang suddenly caught a glimpse of a reflection. Despite the blink of an eye, he was absolutely right.

She remembered that they were swimming in the lake like this. When they were on the boat, they almost killed her. Although they could not escape, they took Xue tingji down the lake together.

It was this that made her and Xue Ting move each other’s heart and get out of hand.

She made up her mind after weighing it.

There are so many people here that it’s hard for the assassins to start. She calmly boarded the boat and stood at the bow of the boat, carefully recalling when she was hit by the arrow.

Xue tingji warmly surrounds Pei Ming. Although Xu Yi doesn’t speak much, his eyes are always on her.

Pei Yu see in the eyes, gradually clenched his fist, sister this is deliberately show off, laugh at her this not valued sister. But Pei Ming didn’t have this idea. He was thinking about it when the boat suddenly shook.

Xu Yi wanted to hold her, but he hesitated to withdraw his hand. Xue tingji has no worries and protects her steadily. 'Be careful, don't stand too close to the side.'

Pei Ming thanks and mocks Xu Yi's cowardice. Looking at his side face, I remembered that he had stood by her again and again, and that he had killed her and killed her son. If he died, she would be avenged.

It was at this time that a cluster of dark light came flying fast!

Isn't he going to let her down with his words? In this case, let him block the difficulty for himself!

## Chapter 21

It takes about two minutes for the arrow to fly. After catching a glimpse of the cluster of arrows, Pei Ming quickly hides himself. Seemingly inadvertently, he blocks Xu Yi in front of him.

But when Feiya approached, she saw Xue tingji again.

If there is no Xu Yi, there will be no obstacles for Xue tingji. She can't let Xue tingji get her easily. Otherwise, how can the injustice of the last life be solved.

Lightning flint, she finally opened Xu Yi, anyway can't hurt the key, let Xue tingji heartache.

I never thought that there was a person who was more agile than her. After all, the arrow didn't hit her.

But straight into Xue tingji's shoulder.

She watched Xue Ting rush to protect herself, lock his brow and fall forward after he was shot, but even at this time, he was afraid that she would fall into the water, so he resisted the force of inertia instead of pushing her down, but kept her in front of her.

All the dangers, he has blocked for her.

'Your Highness!'

Xue tingji's servant was the first one to exclaim. Today, he only brought two people. One came to escort him, and the other went ashore to chase the assassin.

Pei Ming holds Xue tingji, his hands full of blood.

'Tingji...' The voice was too small for him to hear, but she cried out.

But Xue tingji raised his eyes to her and made her heart tremble.

However, before she thought about it much, he suddenly got a strong push on his waist.

At the moment of falling off the boat, she turns to see Pei Yu's resentful eyes. She doesn't expect to escape Mingjian, but she still can't escape her sister's plot.

When the lake was over her head, Xue tingji roared, 'Pei Ming!'

In my heart, I was a little happy.

In fact, just falling into the water can't hurt her at all. She has a good water quality and can get on the boat by herself.

However, she wanted to see how they would react if she was really on the verge of drowning. Would Xue tingji be desperate to save her

So take a breath, hold your breath, let yourself gradually sink.

The water is getting smaller and smaller by the boat. Pei Yu shrinks and retreats. She doesn't dare to see her sister floating in the water. Xu Yi can't find anything to save her. She can only stand by the boat and ask others to help.

Only Xue tingji was crazy and was about to dive into the water, but he was held by the servant, 'Your Highness, you can't go down. There are still arrows on your shoulders!'

He couldn't pull out the arrow at will, otherwise it would endanger his life, but he didn't even think about it. After pulling out the arrow with his backhand, he jumped into the water, so fast that the servant couldn't stop him at all.

His blood dyed the lake red, and it was very difficult to see Pei Ming in the turbidity. He was not good at water, so he could not get close to her for a long time. On the contrary, he made his injury worse quickly.

Pei Ming regretted it. He knew that he would drown before long. He swam to him and wanted to hold him. At this time, two more people jumped into the lake.

One is Xue tingji's servant.

The other is Pei Yu.

In the end, Pei Ming and Xue tingji are both saved. Xue tingji, who is on the verge of death, never forgets to tell him to suppress the incident, otherwise he will push Pei Ming into the limelight again.

Pei Ming was surprised that Pei Yu didn't show any doubt about what he did. He sincerely thanks her for her help.

Pei Yu shook his head with a guilty heart, 'no, don't thank me...'

Xue tingji is escorted back to the sixth Prince's residence. He secretly calls the imperial doctor to treat him. Pei Ming asks Xu Yi and Pei Yu to go back first. Xu Yi wants to stay with her, and so on.

Pei Ming ridicules without any cover up. He can't help. What's the use of staying?

Xu Yi blushed and had to leave.

Finally quiet down, Pei Ming holding his arm to guard the door, nose still residual blood, thick enough to make her afraid, eyes repeatedly is he struggling to swim to her embarrassed appearance.

Can't help murmuring: 'fool, don't you die...'

After a long time, the imperial doctor opened the door. Pei Ming immediately stepped forward and was relieved when he heard that his highness was OK.

Fortunately, the arrow didn't hurt the muscles and joints, otherwise, the whole arm would be useless.

Pei Ming was afraid of it. He knew that it didn't matter what shot he took. He didn't care about the etiquette. When he stepped into the room, Xue Ting, with a light breath of linen wrapped around his body, should have gone to sleep.

Standing beside the bed, she watched his sleeping face, so pale that she could not see the ferocious appearance of being overbearing.

She just wanted to hold his hand quietly, but before she touched it, Xue tingji took a deep breath and woke up, 'you - cough, you are hurt.'

Pei Ming doesn't understand. When he stares at his face, he reacts. In order to cover up the scar, his makeup has gone long ago, but he sees it after all.

'Last night, I fell into the flowers and hurt myself.'

Xue tingji weak smile, 'tiger thorn plum?' ? You are too careless

On the day of Taifu's birthday party, he smelled the fragrance of tiger thorn plum on her body. The delicate, fragrant, firm and prickly tiger thorn plum is very similar to her. Pei Ming wanted to laugh and scold him, but he didn't have the heart. He gently took his hand and said, 'I owe you so much. It's really not over.'

He held her back, thought for a moment, and said sorry.

‘I was wrong that day, but I’ll make amends this time.’

Pei Ming was stunned for a long time. He couldn’t figure out the man. He was so unreasonable when he was rude, but he always apologized to her humbly.

She blurted out, ‘why? You don’t have to be so careful with me.’

Xue tingji did not have the strength to speak. He only held her hand and did not let it go.

Pei Ming’s eyelashes tremble, thinking of his mother’s words, Xue tingji is so impulsive because he is jealous of Xu Yi’s official career.

She thought Xue tingji was carefree when she was young. It turned out that he was not so unruly.

When she was absorbed, she suddenly heard his smile. Is Miss Pei going to stand in front of his bed all the time?

‘Do you want to go back to rest, or do you want to make do with me?’

Pei Ming is not in the mood to joke with him. ‘I’m not so kind. I’m waiting for news.’

If she wants to know where the assassin is going, it’s not long before the servant reports to her outside the door.

The assassin was caught alive and confessed that he was ordered by Wang to take Pei Ming’s life.

Pei Ming knew this, so he was not surprised. Xue tingji stood up and was pushed back by her.

Xue Ting clenched his teeth and ordered his servant to catch Wang, ‘give me Skin the wicked woman.’

Pei Ming is not allowed. The wife of the general’s main room can’t move at will. Xue tingji doesn’t care about it, but Pei Ming laughs maliciously.

‘I have my own plan. Don’t worry, I’ll do it for myself.’

## Chapter 22

Nearly two, Pei Ming returned to the house, silver plate, etc. in the micro court outside, said that two Miss has been waiting inside.

Pei Ming knew clearly, as if nothing had happened, and went into the room, ‘you are also shocked today. Why don’t you go to rest so late?’

Pei Yu stood up, holding the corner of his clothes, and he wanted to cry. His voice was like a mosquito and a fly. ‘I’m sorry, sister...’

She really admitted her mistake. At that time, she just wanted to make Pei Ming suffer. But when she saw that her sister was really drowning, she still didn’t dare to do it.

But she didn't dare to tell the truth, so she had to apologize again and again.

Pei Ming is soft hearted. Her younger sister has a conscience. In fact, when you think about it carefully, although Pei Yu really wanted to poison her at the beginning, it was instigated by Wang and Yinpan. It's not that the crime is unforgivable.

If she can settle down from now on, it's not that she can't be forgiven. It's also a sisterhood to arrange a good home for her.

His hatred subsided and his tone softened. Seeing that his sister didn't blame him, Pei Yu finally sniffed, 'that How is your highness now?'

Pei Ming knew that she was afraid that Xue Ting would find out something. He said, 'it's a pity that the assassin didn't catch him alive.'

She didn't miss Pei Yu's happiness, and she asked if the palace would trace. After thinking about it, he shook his head and said it was impossible.

After all, the assassination of the prince should not be publicized. I'm afraid Xue Ting has offended many people by his domineering nature. Now that there is no evidence to prove his death, he can only calm down.

Pei Yu finally relieved, no longer disturb sister rest, Pei Ming put away smiling face, stretch a waist, go to bed safely.

I have to go to Dongshi tomorrow.

In the second half of the night, it began to drizzle. In the morning, I opened the door. I don't know if it was psychological or not. I always felt the smell of blood in the air.

Dongshikou, a body is hanging in the most prominent position, in the early spring cold wind, fragmented, chilling.

Pei Ming, sitting in the carriage, lifted a corner of the car curtain and looked at the corpse. He made the driver move on without expression.

At the entrance of Tiepu alley, a new clothing store was opened. The landlady yelled at Pei Ming twice, 'Miss, there's new rust red material in the store. Do you want to have a look?'

Pei Ming immediately realized the three characters of rust and red, and walked into the shop with her lips hooked. Sure enough, there was another mystery behind her, and she could go straight to the iron shop, so that every time she came to tielao, she would not be doubted.

The blacksmith shop's usual heat wave was a little irritating, and the fire reflected in her eyes, which made her feel cold.

'It's a good job. Mr. tie is bothering. Do the people at the bottom know how to do it?'

Iron old half kneel salute, 'all right, all by Miss Sun dispatch.'

Pei Ming nodded with satisfaction. In this way, her plan was easy to carry out.

The last time she asked tielao to do it, she recruited people in Dongshi for her use. She knew that tielao had a lot to say in Dongshi, and Dongshi was far from a fair.

People who do business, inquire about business information, and even kill people and steal goods. Here, money can make kids push the mill. It's more convenient if they have power again.

She also knows that there are always some people who are not so honest. It's just that Wang's family has contributed to her. The assassin is a warning. Let all people in this business see clearly and dare to attack Pei Ming. That's the end.

In addition, the weapon made for Jinzhan has been completed. Besides the short arrow and dagger, there is also a set of jewelry with different mechanisms, which is absolutely invisible to others.

Pei Ming thanks tie Laoxin. Next, he needs his help to do the second thing.

‘Get some businessmen, preferably Those shady deals.’

Iron old slightly surprised, immediately should next, don't ask the reason. Pei Ming left calmly and stopped when he passed a jade shop.

We should repay the kindness of saving lives and buy a gift for Xue tingji.

Pei Ming was directly introduced to Xue tingji's bedroom in the sixth Prince's residence. He could not get up yet. Fortunately, he was in a better spirit, but his face was pale. When he saw her coming, he was ruddy.

‘I had a good sleep last night. I didn't have nightmares after falling into the water.’ He asked.

Pei Ming shakes his head with a smile. When he comes to his bedside, he is despised!

Without hesitation, Xue tingji reached for her forehead and wiped her cheek by the way. He didn't know whether it was intentional or unintentional.

But he was magnanimous, 'fortunately, I didn't have a fever. I'm afraid you'll fall ill and don't sleep at night. But you should take care of yourself at home. Why do you have to work hard here?'

Pei Ming sits on the bench beside the bed, opens the brocade box in his hand and takes out a piece of jade town paper.

'Thank you. Please accept it.'

Xue tingji was very happy. He took it with one hand and looked at it very carefully. It was like a treasure. After a while, he gathered it to his side. 'I will treasure it well.'

He raised his hand and wanted to hold Pei Ming's hand. He stopped at the airport. Pei Ming pressed down his hand with a smile, 'don't move when you are injured.'

The hand had been covering the back of his hand. It was not warm enough, but it was enough to make him happy.

After a while, Dr. Zhang came to change the dressing for his highness. Xue Ting asked Pei ming to go out and wait. Otherwise, the wound would appear and she would be scared. Pei Ming disdains that the general's daughter is not so delicate. What does she dare not see.

Xue Ting made fun of him. Did miss Pei miss his beauty? Said, really pulled open his own belt.

As a general daughter's family, Pei Ming had already fled. But Pei Ming had children with him. She didn't have to be shy and she didn't have that interest.

Sink face to let him not move, 'don't make trouble, don't see your injury with my own eyes, I don't trust.'

Xue tingji heard the words and said nothing more. He never dared to look at her again.

Dr. Zhang began to untie the linen, exposing the skin and flesh of the terrible wound, and some adhesion with the linen. When he tore it off, Xue tingji still couldn't help humming.

When Pei Ming saw the sweat on his forehead and the blue veins, he said that it was false that he didn't feel distressed, but he felt a bit of revenge.

When she was tortured by Wang's poisoning and killed in the delivery bed, she suffered a hundred times more than that. Where is the culprit?

Xue tingji, do you know the pain

Xue Ting, who didn't know her mood, gasped for breath, caught a glimpse of her red eyes and gave a wry smile. 'They said that you don't have to look. Why do you scare yourself?'

Gathering his mind, Pei Ming asked him, 'why did you save me, your highness?'

Xue Ting was relieved by biting his teeth and waiting for Dr. Zhang to apply the ointment. He sneered and said something stupid.

The understatement makes Pei Ming feel sour again. Why should he not hesitate.

Doctor Zhang wrapped clean linen around Xue tingji again. Xue tingji sat up straight. After a while, his ears turned red.

‘That Miss Pei, would you please turn around

His whole upper body, but It’s really a reward that Pei Ming’s girl’s house stares at those who don’t wear inch wisps.

## Chapter 23

Pei Ming couldn’t help laughing. When he turned his back, he thought that his body now is really not good. After training in the battlefield in the future, it would be very different.

After a while, I finally cleaned up and took care of my hair. I don’t want to be too embarrassed in front of her.

Half leaning on the soft pillow, he still held the jade town paper in his hand. ‘It will be noon in a moment. Let’s stay for dinner.’

Pei Ming nodded. Seeing that his collar wasn't turned properly, he helped him to tidy it up. Accidentally, his fingertips touched his neck, which was very hot.

She didn't think much, thought he had a fever, the next moment, knuckles were gently grasped by him, moved to the lips.

Surprised by the warm touch, she jerked back her hand. After all, it was too ambiguous for her to respond.

Fortunately, Xue tingji also knew that he was abrupt, and he wanted to explain it, so he had to clear his throat and have nothing to say to her.

After awkwardness for a long time, lunch finally came. Xue Ting was supposed to be served by his maidservant, but he waved away.

Pei Ming understood that he wanted her to feed.

Seeing that she didn't want to, Xue tingji chuckled, 'I'm kidding you. You use it first. I'm not hungry.'

Pei Ming hesitated, not polite to him, but just as she sat at the table, another dish came to her.

But it made her eyebrow jump.

The golden silk lamp is a royal special one. Xue Ting prepared it for her. It's obvious that he wants her to be his princess

Xue tingji secretly observes her expression, expecting and worried. However, he finds that Pei Ming seems to be angry.

Of course, she was angry, because she was no stranger to this golden cup.

In her last life, Xue tingji gave her a vow of love, and the golden light never broke, but what happened later ?

As soon as she saw it, she thought of her cold heart at that time.

Tengdi got up, she saluted coldly, ‘the courtiers still don’t disturb your highness, leave.’ Then, regardless of Xue tingji’s consternation, he went straight out of the bedroom.

Xue tingji wanted to go down to the ground and was pressed down by the steward. ‘Don’t move your highness. I told you you were in a hurry. Miss Pei thought you were bullying. Listen to me, I’ll have to do it slowly.’

‘But she --’ Xue Ting couldn’t do anything by looking at Pei Ming’s leaving direction. She was so frustrated that she didn’t struggle any more. ‘She couldn’t figure it out. She didn’t know what to do.’

The steward tucked in the quilt for him. His highness, who is a little funny and ignorant, still has some worries in the future.

Pei Ming was not very comfortable when she came out of the sixth Prince’s house. When the carriage passed by Taifu’s house, she suddenly had a bad heart.

At the same time, she also bought a jade finger to give to her brother. If not, let Xu Yi help.

The guard of Taifu mansion saw her and was about to go in to inform her, but Pei Ming said no.

She deliberately stood at the door of Taifu’s house, enlarged her voice and said, ‘this jade finger is a gift for Mr. Xu. I’m not biased. I’ll treat you equally.’

The two guards looked at each other, puzzled by Miss Pei's intention, and Pei Ming didn't say much, so he left quickly.

She dares to guarantee that this words can definitely spread to Xue Ting's ears, let him be jealous, but it depends on whether he will throw it at her!

When the carriage was about to reach the gate of the general's house, it was suddenly blocked by a man. When Pei Ming, who was already agitated, heard the words of wine outside, he was so angry that he lifted the curtain of the carriage

I didn't expect that the drunkard was no other than her brother Pei Shuo.

Look at him like this. The son of a grand general is staggering around with a wine pot. He can't even recognize his own door. What's the point of being seen!

But he also followed two little fellows to salute Pei Ming, 'Miss, forgive me, young master, he We can't control me.'

Pei Shuo still knows his sister and cries to let mingniang help him.

'Your brother, I failed in the test again. I must be reprimanded by my father. You have to help me stop it.'

Pei Ming secretly dislikes Pei Shuo and drags him back home. Pei Shuo, who wakes up a little bit, still doesn't have a good brain. He asks Pei ming to help him find a way out.

Otherwise, with his ability, I'm afraid that he won't succeed until his father dies.

But as soon as he said this, he was splashed with hot tea. Pei Ming's gloomy face frightened him. 'If you dare to say this again, I can't let you stay at home.'

Pei Shuo just wiped her face and flattered her. 'Good sister, please help me. Isn't the sixth Prince very kind to you? Can you say something nice for me?'

His elder brother, in his last life, was a softie who only knew how to benefit himself. When the Pei family was exterminated, he was the one who cried the most. In this life, he was still so hopeless.

But it's convenient for Pei Ming to control him. After all, he's very useful. Pei Ming's eyes turned and his smile was very pure.

'The younger sister should help the elder brother. After all, the elder brother is the only son of his father. Don't worry about it.' Pei Shuo is very happy. He will protect Mingniang when he is successful.

Looking at his back, Pei Ming's smile suddenly turns chilly. She has a good job waiting for her brother

In the afternoon, I had a light sleep. At dinner time, a maid said that the sixth highness had sent someone to give me a present.

Pei Ming had a pain in his temple. 'If it's a bell, throw it out for me.'

The maid didn't dare to laugh, but said no, 'the people who were sent said that, your highness ordered, they can't go back until they see you.'

Pei Ming put down his chopsticks and hurried to the flower hall.

However, he was frightened by the mountain gift box. 'Why, is he moving?'

The Chamberlain made a quick apology. These are their Highness's apologies. He said that at noon he just lost his mind and didn't mean to urge you to marry down. Please forgive me.

His fingertips suddenly itched, as if the temperature of his lips were still there. Pei Ming felt guilty. If his father heard this, he might have misunderstood it.

He did it on purpose!

'When I go back to your hall, I dare not blame him. I can't afford the gold calico. I just hope that he will recover soon, so as not to be suspected that he is not strong enough.'

The attendants looked at each other. They had to smile and sneak back to the sixth Prince's residence. Xue tingji could wait.

'Well, is she still angry?'

'Should it's no use The Chamberlain did not dare to guess, and he did not pass on Pei Ming's words. Xue tingji was not surprised and left his brush.

A pair of tiger thorn plum's fine brushwork is lifelike, he gazes at the picture scroll, suddenly has the idea, joyfully climbs the eyebrow.

'Or send that one!'

## Chapter 24

‘Are those weapons easy to use? Practice well, and then you’ll have to fight yourself.’

Pei Ming twists the fragrance carefully. He seldom steals a moment’s leisure.

She has a good life these days. She gives the details of Dongshi’s contacts that tielao has prepared for her to Yinpan to memorize. Occasionally, she goes to the backyard with Peiyu to relax. Only Jinzhan can’t relax.

Fortunately, Jinzhan is more and more agile. Now it’s time to go to the west market to ask the thief for advice. Pei Ming secretly follows the thief to see if he can use it.

She has a good eye. The thief is reliable. At first, she only let Jin Zhan watch secretly and let her start when she has a chance.

But Jin Zhan was unfamiliar and caught by someone because of her mistake. The thief helped her escape and made herself beaten, but there was no complaint.

Marigold felt very guilty, but the thief didn’t care, ‘if I take your money, I have to do a good job. How can I let you be beaten? Besides, you are still a girl.’

Pei Ming’s eyes are shining in the dark. He is a loyal man. He can’t give in to talent.

At sunset, marigold leaves in a new suit. The thief pats his ashes and goes back to his shabby house to prepare for the tooth beating ceremony.

As soon as he sits down, his nose starts to stir up and he looks up again. It turns out that he is the woman who wore the curtain fence last time.

Pei Ming threw the roast chicken in his hand to him, 'as a reward.'

The thief was so happy that he didn't care to pretend to be in front of the gold Lord. He tore off the chicken leg and gnawed it.

Pei Ming doesn't dislike his vulgar appearance. He asks if she wants him to be rich all his life, will she follow her faithfully?

The thief was stunned, then wiped his oil hand on his pants, knelt down and nodded like pecking rice. Pei Ming appreciated his pragmatism and cleverness, and asked him his name. But he didn't want the thief to smile, 'dog dunghill, they all call me that.'

..... This is not the name of a person. Pei Ming sipped his lips and thought, 'Guizhe, Qiye, from now on you will be called aguei. As long as you are capable, I guarantee you will become a great one.' Then he left in a hurry.

I don't know that after a while, Agui responded. Tears rolled in his eyes, he kowtowed three times to the door, giggled and murmured: 'I have a name, my name is Agui...'

On the way back, Pei Ming thought about the next layout. Suddenly the carriage stopped and lifted the curtain to see that it was the team of the six kings' mansion.

Can Xue Ting go out? What's more, it's a toss.

No accident, he came to see her again. As soon as the silver plate was finished, Pei Ming got out of the carriage. He didn't see him during his inspection. Unexpectedly I'm a little disappointed.

'Your Highness wants my father to be charged with corruption.'

But the servant's manner was a little cramped. He only led a little boy with a low head to go in, and then turned to leave. Pei Mingzheng is puzzled, that small Si just had smile to raise a head.

'I haven't seen you for a few days, but you miss me?'

Pei Ming didn't speak. He wanted to deny it. Looking at his face, he couldn't help lifting his lips. 'Your Highness is very brave.'

The injury is not good. What are you doing here in disguise.

Regardless of everything else, Xue tingji resisted the impulse to hug her. 'If you want to see you, you'll come, or you won't be able to sleep tonight.'

The air swept over her face, so hot that she couldn't help but think of the kiss that fell on her finger. Pei Ming didn't turn his head and tried to restrain his blushing.

Be promising! What does he have to make you excited.

'Cough Why did your highness come here in person?'

Xue tingji took a close look at her expression and couldn't restrain her joy. He took out a small porcelain jar from his arms and said, 'this is for you.'

Look at his precious expression, like a child. Pei Ming took it. There was dark red powder in the jar. The fragrance she was most familiar with.

‘It’s tiger thorn plum.’ Xue tingji is very proud. He made the powder himself. Is it sincere enough?

Pei Ming was really surprised, and then frowned, ‘you’re injured. I didn’t say I’m angry. Why be so careful? When that time comes, you’ll be more seriously injured. Do you count it on my head?’

Xue tingji was more happy. He raised his hand and wanted to order some powder for her. He hurt the wound and bared his teeth to cover his shoulder.

Pei Ming quickly helped him to sit down. ‘I’ll see if it’s bleeding. Didn’t I bring the doctor out? Can’t you be honest for a few days, in case something happens to you - ‘

‘are you worried about me?’ He interrupted her, eyes full of light, holding her hand does not let go, at this time and here, appears particularly ambiguous.

Without waiting for Pei ming to break free, his next move was astonishing. His Royal Highness the sixth Prince pulled open his own belt and collar in person, holding her before Pei Ming got angry.

‘Don’t you want to look at the wound for me? Come on, Miss Pei

This man No shame!

Pei Mingcai didn’t bother to entangle with him, but Xue tingji didn’t let go and was pulled to the shoulder by her action. It really hurt.

Seeing this, Pei Ming didn't care any more. When he opened his collar, the linen inside was already red.

This can't delay any longer, she hastens to urge Xue tingji to go back, he is still reluctant, 'then you come to see me, make me daydream.' Pei Ming's mouth is shriveled. His injury has not been publicized, but he often runs to the sixth Prince's residence. What does it look like?

However, she finally agreed to meet him after he recovered.

Xue tingji is finally obedient, and his face is satisfied. I don't know what happened with Pei Ming. As soon as he stepped out of the gate, Pei Shuo came to catch up. Baba asked Pei Ming if he had mentioned him.

Pei Ming turned his head and looked at him, quietly hiding the porcelain pot on the tea table into his sleeve, so that he would not have to ask again.

'Don't worry, I'll count.'

Back to the room, sitting in front of the dressing table, holding a porcelain can to look back and forth, silver plate brought in the dinner, teasing miss, this is finally moved by the sixth highness?

Pei Ming was angry that she was talkative, so she ordered some perfume powder on her wrist. The powder was not delicate, the color was strange, and even the fragrance was not strong enough. But she liked it, so I'll use it next time I see him.

However Her joy turned into anger at night. Pei Ming, who stayed up all night, scratched the skin of her wrist and gnashed her teeth.

'What did Xue Ting do with you?'

Two days later, Yinpan came to see her royal highness Liu to convey some words to her young lady.

He must have known that Pei Fu had a doctor for her these two days. As for the illness

‘I have a rash all over my body, itching and swelling. It’s just that I can’t visit your highness these days.’

Xue tingji asked what was going on. The silver plate thought about it and asked boldly how the fragrant powder was made. Of course, he said, just dry and grind the flowers.

The corner of the silver plate’s mouth twitched slightly, ‘Miss said, don’t bother your highness to spend this heart in the future.’

Xue tingji still didn’t understand. The silver plate had to sigh. Her young lady was allergic to the perfumed powder

‘Our young lady finally said that she was not angry, really.’

Chapter 25

After seven or eight days, Pei Ming's allergy finally recovered, and Xue tingji's shoulder injury also healed. He sent someone to send a message, intending to meet the beauty.

Then the servant told her that Miss Pei was not at home.

Xue tingji, who was full of expectation, said with a smile, 'where are people?'

'She...'

The servant swallowed his saliva and said, 'I've gone to Taifu.'

With a click, the best wolf's hair is folded into two sections. Then he flatters Pei Ming. Xue tingji is always the overbearing prince. He is very angry, and no one dares to show his arrogance.

He took two deep breaths and squeezed a few words out of his teeth. 'What does she want?'

Pei Ming didn't want to do anything but come to Taifu to see Xu Lixue.

To tell you the truth, Pei Ming treats Li Xue more than Pei Yu. He also wants to make up for the regret of his last life, so he treasures the boudoir time with her.

Unfortunately, Xu Lixue has been waiting for Pei ming to call her sister-in-law, but she is disturbed by the engagement

'Mingniang, you don't know. My elder brother has been very sad since I've been married to you for a while.'

When Pei Ming heard the speech, he hid his disdain for Xu Yi. It seemed that he remembered something, 'Oh, by the way, I still have to trouble him.'

As soon as she found Xu Yi, her subordinates came to report that the sixth hall had come down. Pei Ming sneered in secret. This person is really defensive.

Xue tingji came in with a black face and negative hands, as usual.

Pei Ming's vision falls on his shoulder unconsciously. Is his injury really good? Is there any sequela? Will it still hurt?

Xue tingji didn't miss her unintentional concern, so he wiped the corners of her eyes in front of Xu Yi's face. 'Fortunately, I didn't leave a scar. I'm ignorant about the perfume, and you suffer.'

In fact, both of them are secretly watching Xu Yi. Sure enough, except that his face is stiff, Xu Yi has nothing to say.

Pei Ming thought that master Zhang, the diviner, was really accurate. No matter how many times she was reborn, Xu Yi would not be her lover.

Xue tingji didn't dare to question anything any more, so he had to ask Pei Ming carefully in a soft voice. But Pei Ming raised his eyes and was surprised by his change.

He really I'm afraid she'll get angry again and change her suspicious nature?

No, he's just in the mood for her. He was gentle in those years. Once something happens It's bound to be the same.

With a cold heart, she asked his highness to avoid for a while, 'what I want to say to Mr. Xu, your highness is not allowed to participate.'

Xue tingji was about to get angry, but Shengsheng held back his temper and said, ‘what can I not listen to?’

Xu Yi wants to say something, but Pei Ming takes the lead. She winks at Xue ting. She is very cute.

‘Your Highness, after all, you are the prince and should not interfere in officialdom. I’m here to ask for the help of Mr. Xu for my elder brother, but I dare not let your highness take the liberty to disobey you.’

The first is her and the second is her inability to engage in politics. These two things are the most unforgettable pain for Xue tingji. Pei Ming deliberately poked him in the heart.

Sure enough, Xue tingji’s face cooled down by three points, but he let Pei ming down. He really wanted to hear it. What’s rare!

No, Pei Ming had no choice but to follow his orders, but when he didn’t exist, he just faced Xu Yi and said, ‘my brother He failed in the martial arts test, but he can’t spend it all the time. Can he ask for your help, so that he can show his face in front of the new officials of the central government and make some relations?’

Xu Yi is clear and agrees immediately. Pei Ming bends his knees to thank him, and his smiling face is gentle.

Xue tingji saw it in his eyes, and suddenly he was jealous. He bit and bit again, and finally he held back his anger.

‘Do you think the prince can’t even have a party in private? You still need to find a grandson, a foreign minister who has never been in the officialdom?’

Pei Ming doesn't understand and looks at him. 'It's because Mr. Xu hasn't entered the officialdom that he avoids suspicion.'

Xue Ting chokes. Without waiting for him to say anything more, Pei Ming leaves him in a hurry. However, when he passes by, he looks at him intentionally or unintentionally.

At this glance, Xue tingji stopped pestering. Does she have something to say to him?

With the previous lesson, he didn't rush to catch up. After chatting with Xu Yi, he pretended to leave leisurely. However, the carriage went straight to the general's house, which revealed his urgency.

Before he even got to the door, he stopped Pei Ming's carriage on the road and got into it, which made Pei Ming laugh and cry.

'Your Highness, this is the key to get the minister's daughter to be gossip.'

'So what.' Xue tingji was unreasonable and sat opposite her. They were isolated from the hustle and bustle, but the carriage was in front of the eyes of the passers-by.

It's rather obscure.

Dissatisfied with her distraction, Xue tingji leaned forward and forced her in front of her, 'look at me.'

Pei Ming did as he did. He saw a flood in his eyes, as if he could drown her.

He said, 'I can help you with this.'

Pei Ming just took it in. For a moment, he didn't know what he meant. Xue tingji thought she was going to refuse and couldn't wait. He was tall and couldn't stand up straight in the carriage. He just leaned over Pei Ming's head and covered her in front of him.

It was his breath that came. Pei Ming forgot to push him away. He repeated that he would help.

His heart beat and the movement outside the car mingled in her ears. She tried to calm down for a long time before she pressed Xue tingji's chest and separated from him.

'I don't mean to be angry with you, but the prince is most taboo to collude with foreign ministers. Even the examiners will be on guard. You really don't need to get into trouble.'

She really wants Xue tingji to be jealous of Xu Yi, but she doesn't want him to be watched by the prince. First, she doesn't expect that things will change in her life.

In addition

She doesn't want Xue tingji to end his ease as a prince early. After all, there are many hardships waiting for him, so let him Have a good time.

This truth is not fake. Xue tingji also felt it. He held her hand against his chest and tried very hard, but did not dare to hurt her.

'I can. I can give you whatever you want, and I'm not afraid of being reprimanded by my father.' Then he said, 'it's not for your kindness! I just want to do something for you, really.'

His heart beat even made Pei Ming feel it through his palm. It was so powerful that she couldn't ignore it. The carriage was not bright enough, and her vision was completely blocked by him. Besides him, she could see nothing.

After a long time, she suddenly lowered her head and began to smile. Xue Ting, who didn't know why, lowered his head to see her expression. Unexpectedly, Pei Ming raised his head again and rubbed his nose.

They were so stunned that they didn't dare to breathe.

Xue tingji is finally willing to sit back honestly. He sits upright, but his blush spreads from his ears. Pei Ming looks at it and wants to laugh.

She remembers that this man is not so shy.

But to get back to the point, Xue tingji still insists on taking this matter for Pei Ming, but Pei Ming has a better idea.

‘Since your highness and Mr. Xu are good friends, why do they oppose each other?’

Xue tingji understood her meaning and frowned again and again. ‘What do you mean...’
