

## I'm Richer Than My Billionaire Ex-husband Chapter 102

The wind was blowing hard.

Andre was soon retaliated against by Caleb, and the trip to Ingford that had been scheduled, naturally, did not take place.

Alina was about to send the child back, but then there was a development with Grandma.

"Lady Alina, it was really a mistake." Lucy looked at Alina with apprehension.

The child had fallen and had a big bump on her head, the child was in pain and was crying a lot.

Alina, "It's okay."

In fact, Alina's mind was so confused. Now the consequences of this was unthinkable.

At the table, Alina had no appetite whatsoever.

The child was fed something.

"Mummy, eat." The child said, very sweetly.

Looking at her innocence, Alina felt that her brain really hurt, this child didn't even know what she had done.

"Okay, mommy eat." When the child fed herself the corn, Alina took a bite and ate it with little taste.

Later.

She had to go, but she didn't feel at ease leaving the child at home, even though Lucy and the housekeeper were there.

Caleb was a madman now, though he hadn't been here since yesterday's rage.

But he could come here at any time, after all, Caleb had always been a mad.

And he does the most incomprehensible things.

Alina had no choice but to take the child with her, as well as Lucy

At the police station, Alina saw a couple of screenshots of videos of "A man entered the ward at the time before Erica's accident."

Alina's heart was in her throat when she saw the picture of the heavily wrapped man entering her grandmother's hospital room.

There was dense pain in her heart.

"Did you find out how it was?" The moment Alina spoke, her lips trembled.

At this point in time, things have naturally become clear, Grandma's death was really tampered with.

When she thought about it, Alina was more than choked up.

"Not yet, now check the people who entered the hospital on that day, after all, it is a high-end hospital, there are not too many people in and out every day."

"....."

"The hard part is that it's been so many years!" The person said to Alina.

They had been still looking for the entry and exit files, and if they could find the entry and exit registers, then they would be able to find out.

Alina, "We have to find that person!"

Her heart was heaving.

"Of course!"

Alina was in a trance and sat in the car for a long time, unable to recover.

She had grown up with her grandmother, she was not a bad person.

The misfortune of her marriage had already split her life, but when it came to the end, she still suffered.

The death of her grandmother had someone behind, and it was natural for Alina to think of the car accident that happened to her parents.

Why Grandma was in hospital?

She was in hospital because her parents had died in a car accident and she couldn't cope with the shock.

She lost all her family.

Everything seemed normal, and now it turns out that Grandma's death was abnormal.

Instantly!

What had seemed normal was like a web of mystery that enveloped Alina.

Alina felt her heart hurt so much.

“Lady Alina.” Lucy called out to Alina in a worried voice.

When she came out of the room, her mood had changed and she looked very gloomy.

Alina took several deep breaths, but could not suppress the heavy weight in her heart, and she asked, “Lucy.”

“Yes, Lady Alina.”

“Is my grandmother a bad person?”

“She is very nice to everyone around her..”

“All good?” If she was such a good person, why would anyone want to harm her?

What a mess!

Alina’s mind was completely confused at this point.

She obviously didn’t expect things to go this far.

No matter what, the person behind this must be found out, no matter who he is, he must be found out.

At this moment, Alina was so determined.

Did she hated it?

Of course she did! At this moment, Alina hated the person behind the accident more than anyone else, if even her parents’ car accident was a conspiracy.

When she thought this, Alina’s heart was overwhelmed by the pain of losing everything, and if it was all premeditated!

Eighteen years of a perfect life had been turned upside down, and her heart had been so well protected, had been tarnished with hate.

Alina didn’t know how she got back to Mulherd Manor, but the child climbed onto the sofa and touched Alina’s face.

Alina instantly looked back at the child in front of her.

“Penny .”

“Mummy, don’t be sad.” The last two words were a bit tongue-in-cheek.

And it was this soothing voice that gave Alina peace of mind for a moment.

How could she not be sad?

It was as if her heart had been filled with cotton when she knew that that gentle and elegant grandmother had suffered so much in the last days of her life.

No matter who it was!

She had to find that person and make him pay a great price.

“Mummy.”

“Yes?”

“I miss you.”

It was hard to imagine that such a child, who missed her mother, would come all the way to Alina’s side.

“I know.” Alina hugged the child.

Smelling her smell, Alina felt more comfortable at that moment.

No one knew what she was feeling right now.

It hurt so much.

And it’s a good thing Penny was around at this time. What would have happened to her if Penny hadn’t been there!

Lucy had made special food for the child.

The elderly knew what the child should eat at what stage! And with Lucy, Alina doesn’t have to panic so much.

“You’re a good eater.” Lucy is particularly fond of Penny because she is such a good eater.

Alina smiled and looked at the child with a look of affection and tenderness in her eyes.
