

I'm Richer Than My Billionaire Ex-husband Chapter 111

Here on the plane.

Andre was serious, but when he saw how serious even the girl was, he became ease, and felt a headache for Penny.

“Okay, now can you tell me what’s going on in my phone?” There was so much going on at Ingford.

There hadn’t been time to ask the girl, but now it was different.

Andre had to know what was going on.

The child looked at him with big, innocent eyes, not saying a word.

“Penny !” Andre’s tone was heavier when he saw how silent the child was.

This was something that had to be cleared up, otherwise it would be too late to prevent it.

Andre had spent a lot of time with the child over the years and had been a very good uncle, but this is a very good uncle, who doesn’t know that this child, who can’t even speak clearly, is capable of such things.

Her journey to Alina’s side was so smooth.

Whatever her ability, whatever her intelligence, there had to be a full explanation for this now, and she must not be condoned.

That’s what Andre was thinking now.

“Tell me, okay?”

“Uncle booked my ticket.”

Andre let out a breath of cold air, so she was going to blame him.

If she said that in front of his grandpa and grandma, it was going to kill him.

Andre doesn’t remember anything about that night, he’s drunk out of his mind! He didn’t know anything about what happened when he went back.

So when he saw the records on his phone, he felt like his world was spinning.

He didn’t have the guts to tell his grandmother and grandfather anything, so he went straight to Ingford.

If grandpa and grandma found out about this, they would have scraped him alive.

Penny, "It's Uncle!"

No matter what Andre asked, the child had only one answer.

"Penny, after what happened here, I already know you're very smart, but I need to know about.!"

"It is Uncle."

Andre, "....."

What else could he say!

It was uncle no matter what he asked,

"I'm telling you, if you want your uncle to live, don't say that to Great-grandma and Great-grandpa!"

"It's Uncle."

Andre, "....."

It's all uncle.

But he doesn't remember anything now and has no idea what really happened then.

The look in the child's eyes was all the more bizarre for that.

It's good for children to be smart, but when they're too smart, it's a headache for parents.

And Andre has a lot of trouble with this kid, he doesn't know what to do.

It's like she's not going to stop until he's dead. Just thinking about it makes him feel headache.

Ingford.

Alina was taken to the car by Caleb, then she found out that Caleb's plans had been changed and Tomas had taken Emma to Billy Gibson!

Billy Gibson was a close friend of Brooklyn's because he was very interested in him.

In terms of medical expertise, he was only second to Brooklyn.

So when she found out that Caleb was sending Emma to Billy, Alina knew that she was going to fail.

Billy was the same kind of eccentric as Brooklyn, and he would have been irritated by this!

But she didn't say anything.

Caleb drove her back to Mulherd Manor and when he got out of the car, the man looked at her with a hesitant look!

Alina didn't want to talk to him, and the moment she got out of the car, she walked straight inside, but later Caleb behind her said, "Make things right with Andre, or.!"

Caleb's tone was so dangerous when he said that.

Alina turned around and looked at Caleb coldly, "What do you mean?"

"Alina, I need to get something back, I don't want to be stigmatized, so get rid of that shit between you and Andre!"

Alina, "....."

Her heart sank.

What did he mean? It was clear to Alina now.

She had thought this man was crazy before, she hadn't wronged him at all.

"We're divorced!" She said through gritted teeth.

Caleb's mouth lifted in a sneer, "Deal with him and don't leave Ingford!" he said, brutally.

The exhaust from the rear of the car didn't wake Alina up from her spot, and for a long moment the air was silent with only the sound of birds chirping.

Alina stomped her foot in place, "Caleb is a psycho!"

Not just a psychopath, but a very sick one.

She got a message.

It was a very long list of VIG's secret projects.

Alina, "....."

One glance, and her pupils clenched.

So what was Caleb's deal with Andre before? Almost as if he'd held back, just given a warning?

And now, to put this in front of her, he was threatening her?

Yes, it was to threaten her.

Her heart was heaving!

At that moment, Alina felt like her world was falling apart.

“Caleb!” She said through gritted teeth.

This man was more than a madman, he was insane.

These were not enough to vent her anger, but now she was really mad.

Lucy was shocked to see Alina back, “Lady Alina.”

“Lucy !”

“.....”

“I’m.” Alina cried out of anger.

Although Andre was definitely a formidable and tough image in her mind too!

Even this list doesn’t threaten her at all, but Alina knows very well that these two doing this was absolutely terrifying.

She was being torn apart by the relentless agony inside her.

After calling the airport trust to have the car sent out, Alina went limp on the sofa for two hours.

By the time the car arrived, she drove over there!

On the way there, Alina was in an endless wave of emotions, saying to Andre that she could do it.

But could she?

When she arrived, the one recognized her at once, after all, it was her parents who accompanied her here to report the crime, “Have you found him?”
