

# I'm richer than my billionaire ex-husband novel

## chapter 12

Chapter 12 Thanks to you, I'm getting revenge!

Alina looked to Caleb coldly, this moment she only felt this man so funny.

"Don't worry, I'll make it up to you what you deserve from your marriage to him"

The implication was that she and Andre were divorcing and that she got nothing from the marriage.

Alina smiled, "Mr. Collins, you are so generous, tell me, what can I do for you?"

The words fell, and the man's body shook.

So now in her mind, whenever he gives her the benefit, she is needed.

Once, he and Alina's marriage was arranged by his grandfather, but in Alina's heart, he was an example of a good man.

Respectful of each other, he was also extremely responsible for her.

He was her husband, someone she could trust, and she had no defenses against him after the marriage.

However, in the end, he failed her trust.

"Alina, back in the day..."

"Do you know what Andre's assets are?"

Before the man could finish his sentence, he was directly interrupted by Alina.

Obviously, she didn't want to hear the story of the year.

Those things were in the past for her, and what she faces now is brand new, including getting back everything that belongs to her.

At the moment, she just looked at Caleb.

Who was he to facilitate the evolution of her relationship with Andre?

Caleb's face sank and he leaned down in her direction.

As Alina tried to hide, he habitually cupped her chin, "The relevant compensation will be in your account tomorrow, and I must hear about your divorce from him this afternoon"

After that, without waiting for Alina to say anything else, he let go of his hand and turned around to get into the car.

Alina stood in place, watching the headlights disappear from her sight, the corners of her mouth raised in mockery.

He was as dominant as ever.

Alina did not know when Andre came back, but saw him at the breakfast table.

While eating the porridge, he asked Alina, "Did Caleb come by last night?"

"How do you know?"

"There were cigarette butts at the door, who would be so bored standing at the front door smoking so many cigarettes?"

Andre has always been sensitive and meticulous.

She didn't expect to be able to analyze Caleb's visit just by the cigarette butt.

She nodded, "Yes:

"What for?"

"Let me divorce you and I get nothing.

"Looks like he's treating you well" His tone was somewhat flirtatious.

Alina's hand holding the spoon was tight.

Andre was not joking, "Thanks to you, as your husband, I am now subject to his revenge"

Alina, "Revenge?"

"Yeah, he has tampered with several projects on my side, and I never thought he would have done that for you."

Andre made it sound easy, but when he was talking about several projects, Alina knew there must be a lot of losses.

And Caleb's tactics must also make troubles for himself.

And why did he do that?
