

I'm Richer Than My Billionaire Ex-husband Chapter 123

"Come out with me!" The moment he got up, he said in a very bad tone to Alina.

Vanessa, "Alina, you eat this."

Obviously, that's a clear sign of protection.

Caleb glared fiercely at Alina. He could not do anything to his mother, but not this woman.

However, Alina didn't even look at hi, but buried her face to eat.

At this moment, not to mention Alina suspected that Caleb was not biological, even Caleb himself suspected that he was not biological.

Finally, Caleb left in anger

Alby glanced at Vanessa and said with a sigh, "Do you not want to see him again?"

Vanessa thought in her heart, she just never wanted to see that son again.

She felt ashamed because of him.

Luckily she was not fond of going out, if she did, there was no telling how many people would be waiting to see her joke.

And what she said was also true, the Collins family for generations never abandoned their wives, but Caleb did those things three years ago.

How could she accept that her son was such a scumbag?

Now Caleb was gone even, but the next scene was no better, after it was all over, in the back garden, Chester looked at Alina, "Did you really divorce him?"

He looked at her with serious eyes.

Alina nodded"

She felt Chester, Caleb's elder brother, was even colder than Caleb and even more ruthless in his business tactics.

Those eyes look like prey, no matter what he sees.

Whenever there is a desire to hunt in his eyes, it seems that no matter who it is, there is no escape from his grasp.

He looked at her deeper.

Alina, "Chester, I'll go back first."

"Wait." As Alina turned, his tone grew serious.

There was even a sense of command.

Probably because this man is used to calling the shots in business, even if he is rarely in Ingford, but his name was definitely loud.

Alina turned around respectfully and obediently, "What's it, Chester?"

"You and Andre have a complicated relationship, since there is no possibility or keep distance, do not let people misunderstand."

At the sound of his voice, her body stiffened.

"You investigated me?"

The tone of Alina's voice was tightened at this moment, although she always knew that this man seemed to hold everything in his hands.

But now, she didn't feel good about it.

Meeting his eyes eyes, Alina uttered, "Chester!"

Chester, "It's good to divorce him!"

He turned around and left, and his back looked so cold and frightening that Alina felt shiver all over.

She had felt Chester was colder.

How dare he investigate her and Andre?

And when she thought of this, Alina felt that Chester was a deep-hearted person, and if Caleb was also so cautious, he wouldn't have made such a big joke with Andre.
