

I'm Richer Than My Billionaire Ex-husband Chapter 124

Alina turned around and saw Tristan. Unlike Caleb and Chester, Tristan was a very sunny child.

The smile on his face always gives him a pure and healthy feeling.

A healthy heart is probably the only way to have such a pure laugh!

And how long had it been since she had smiled like that?

“Are you going back, Alina?”

Alina nodded indifferently .

Tristan nodded, “Careful on your way back.”

“Okay.”

When she came out of the house, Alina came out with bags of gifts.

Walter personally escorted her to the car.

“Here are some that Madam has prepared for you.” Walter explained to Alina .

Alina nodded, “Many thanks.”

“Careful on the road.”

“Okay.”

Alina got into the car and Walter stood there and watched Alina leave the car before turning inside.

Her trunk was full, and when she was leaving, she realised that Chester had brought her a lot of things back from abroad.

Almost half of the trunk was from him!

When she thought about the time in the backyard, his words made Alina actually difficult, but it would be rude to refuse.

In the end, Alina pulled them all away.

When she came out to turn the corner, she was so scared that she braked sharply. A loud bang was sound, it was her car that hit a man's phantom.

At this moment, she felt her brain buzz!

Tomas got down from the car and respectfully helped Caleb pull away from the car, full of cold and chilly as Caleb got down from the car.

When Alina saw him, she could not contain her anger.

However, Tomas pulled open her passenger door for Caleb to get in the car, while he calmly drove the Phantom away.

Alina, "The cost of repairing the car is on you!"

Nothing good can come from meeting this man.

"Who do you think is to blame if the police is to decide?"

But he parked his car in mid of the road.

Alina glared at him fiercely. The phantom costs a lot of money for a small piece scratch.

She had hit it so hard, and the repair was obviously a huge price.

"On me then, you get off!" Alina said with a grunt.

Although the price was astronomical, she could afford to pay it.

Caleb looked at her with a sharp look in his eyes.

"You're very rich?"

"That's right!" Alina said without good grace.

But in those dealings between her and Caleb, this man had never been able to use money to threaten her.

"Drive!" His face was sullen.

Alina thought he surely would try to make her go bankrupt.

Alina looked at Caleb, "What, you're not happy about the family dinner! Want to take it out on me?"

When it comes to family banquets, it seems to have nothing to do with Caleb.

Since when, exactly, was that place no longer half warm to him, even between brothers.

“What did you do to them?” Caleb spoke in an icy tone, and Alina froze.

So, what he’s saying is that he has no place in that family is because of her?

Alina gave Caleb a fierce glare, “Not everyone is like Emma!”

The discontent in her tone was now fully evident.

The look in Caleb’s eyes was even darker at the moment.

The phone vibrated, Alina looked at the number, her heart missed half a beat, and hung up the phone.

Grandpa’s phone call came it.

Alina’s heart twitched with a feeling of unease as she picked up the phone, “Grandpa.”

“Alina, Penny is missing.” The caller coughed violently before he could finish his sentence.

Her brain went blank

“I got it.” After saying that, she hung up the phone in a hurry and then clicked on the number of the phone watch.

After the last incident with the child, she gave Penny a phone watch.

And Grandpa called her at this time, apparently the child wasn’t answering the phone at home.

Now Alina was anxious and a horrible impulse, that was to beat the child!

Penny picked up, “Mum.”

The soft voice of the child came, and at that moment Alina felt like she was going to have a heart attack because of this child.

“Where are you?”

“Airport!”

Alina, who was already feeling irritated, felt that her anger were about to rise up now.

“Wait, I’ll be right there.” Alina suppressed her anger in her heart.

She took a look at Caleb, “Get out of the car!”

There was anger in her voice.

Exasperated by the child, Alina completely blamed it on Caleb! The father is a bad person and the child pissed her off.

“You’re just going to let me off in the middle of nowhere?” Caleb’s tone was Cold.

And Alina had no time to dwell on him now, and shouted angrily, “I’m going to pick up my daughter, what the hell are you? I don’t care where you are!”

The man’s face was dark as this.

Alina was out of her mind.

Worse words could have come out of her mouth by now, not to mention scolding Caleb.

“You are so rude, Alina.” Caleb’s brain hurt with anger.

Alina got out of the car, went around the front of the car to the passenger side, pulled open the door and was about to pull Caleb down.

However he was already in the driver’s seat.

Alina’s brain was hurting, “Caleb, I don’t have time to mess with you right now!”

“Get in, I’ll give you a lift.”

“I don’t need to, can you get out of my car please?”

“If it’s any later, you might lose her!” His attitude was faint.

Alina got into the car the next moment.

Obviously, she was afraid of losing the child.

The car rushed forward!

In the car.

Alina called Shirling to tell her that she had the child, and Grandpa was grunting on the phone, obviously furious.
