

I'm Richer Than My Billionaire Ex-husband Chapter 131

The child was very skilled in combing the doll's hair, and after the past few days Alina had found that the child had a particularly strong concentration and observation.

However, even so, for this child to be able to come to Ingford alone, Alina was still shocked.

Looking apprehensively at her daughter who was brushing the doll's hair!

"Mummy."

"Yes?"

"What do you want to say?"

This child was good at her perception.

It was obvious that she was brushing the doll's hair, yet she could tell that Alina wanted to speak to her?

Having a daughter like this, It's a blessing but also a headache.

Alina took a deep breath, now is not the time to dwell on the child, only to hear her say, "After birthday, we will go back to Shirling, okay?"

Of course, there were many things she had to do in Ingford!

But the child can't stay here.

Although Grandpa in Shirling started a new family! But that was the healthiest family that Alina had ever seen!

Since childhood, the child has grown up in a healthy environment.

Alina still cares after all.

What Emma had said was telling the truth.

This child was not liked by her father before she was born, and Alina would always remember that.

That day in the study, Caleb and Nova said the words 'abort the child! At that time, those words made all her reasoning collapse.

He did it for Emma! Even if the time of the child's birth can't wait any longer.

The child put down the doll's comb in her hand and looked at Alina, her big eyes with scrutiny!

Alina was a bit weak from the look! Damn, it was only a child, but she was trembling from her gaze!

“Penny.” Alina called softly, with a tone of pampering.

However the child didn’t take her words and asked instead, “Who is my father?”

Alina’s brain was blank

“Penny.”

“Children at Sunflower Kindergarten are picked up by their mothers and fathers.”

Sunflower Kindergarten? Is that the early childhood centre she attended before?

Once upon a time, it’s not that Alina didn’t think she would have to face such a problem sooner or later, but she just didn’t expect it to come so soon!

Of course, what had been expected was after the schooling of Penny.

Before she went to school, her environment was basically the same

The Lawson family often send Andre out.

Andre is not a big communicator, so it’s unlikely to happen at all.

But after school, her circle of people is changing! So a lot of things have to be faced.

Especially since this child is so smart, the problem came faster than Alina expected.

At the moment, listening to such questions from children, she was stunned

“Mummy?” Seeing that Alina did not say anything, the child called out.

Alina came back to her senses and looked at the child.

In such a penetrating gaze, Alina could not help but feel a panic in her heart.

Subconsciously, she said, “Dead!”

Penny, “Dead?”

At this moment, Alina clearly saw what emotions flashed in the child’s eyes! There was bit of guilt, and even more panic.

He took several deep breaths before saying, "Penny let's not talk about this, okay, Mommy is sad."

She then made a sad face.

As expected, this is very useful to her daughter! The child thought her father was really dead, so Alina made such a sad face.

If anyone had asked who the father of Alina's child was, she would not have a good attitude.

But when it comes to her daughter, she can't get angry!

But deep down, she was still subconsciously reluctant to face the fact that Caleb was the father of her child.

What qualifies that man?

He didn't deserve to be a father! It was the thing she regretted most in her life, the thing she chose least.

If she had known that Caleb was that kind of person, she would never have had a child with him.

"Okay, mummy, don't be said, I won't ask anymore." Penny looked at Alina who was trembling and stood up.

Hugging Alina who was sitting on the ground, And smelling her body, it instantly calmed Alina's heart.

"Penny."

"Mummy."

"After your birthday, you must go back to Shirling and never come back, okay?" Alina really does not want to face the problem between them.

And the child stays here, it still has chance to meet the Collins.

So Alina was sometimes worried.

"Okay."

This time the child was good, and Alina was relieved.

.....

In the evening.

Alina and Penny are at the table and they came a message.

It's Caleb!

"Come out!" Only two simple words .

Alina's hand, which was holding the phone, trembled.

He is again!

Looking at Penny who was eating well, Alina sent a message, "I am sleeping!"

"Then I'll come in!"

At this moment, Alina really annoyed. Caleb was so self-centered.

Three years ago, she could still feel his responsibility for her.

But now, what she felt more than anything else was this man's brutal dominance, which was annoying!

Eventually, "Give me a minute!"

Letting that man in? How is that possible?

Alina would never let him see the child.

Who knows if there will be any accidents? Alina does not want to have any mistakes.

"Penny, Mummy's going out for a while, be a good girl and eat."

"Okay."

Alina stood up, kissed Penny on the cheek, and then explained a few words to Lucy and went out.

Doorway!

Caleb's Phantom didn't come in, so it was clear that there was a psychological shadow from the scene before when Alina brutally rammed Emma's Pagani with her car.
