

I'm Richer Than My Billionaire Ex-husband Chapter 135

Alina insisted on going back to Mulherd Manor. After she used all kinds of means, Caleb finally promised to drive her back tomorrow morning.

At night, whether it was taking a shower or doing something else, Alina was in terrible pain!

Caleb tried to help her, but was pushed away by her and eventually was kicked out of the room.

In the study!

There was a deep light flashing in the man's eyes. Tomas came over, "It's all done."

"All in the prison?"

"Yeah, we'll probably see the relevant reports tomorrow." Tomas said.

Undoubtedly, none of the people involved in the matter tonight could escape. Caleb was different from others.

He had always hated the dirty tricks at the parties.

Whether it was a man or a woman, they had to be willing. That night when he was with Emma, he hated it...!

Now!

Thinking of Alina limping to the bathroom just now, Caleb fiercely pressed the cigarette butt into the ashtray.

"Go to Green Lake Apartments."

Green Lake Apartments!

Emma lived there now.

Tomas was stunned.

But he didn't dare to question Caleb, so he quickly nodded, "Okay!"

Alina tossed and turned in the room, even turning over was painful, which showed how much she was injured. The fear in her heart faded.

She cursed Caleb in her heart.

The sound of the car engine outside came to her ears. Alina got out of bed with difficulty. Lois was still downstairs. When she saw Alina, she greeted, "Lady Alina."

Hearing it, Alina frowned.

Lois hurried forward, "What can I help you?"

"Lois, help me arrange the driver."

"Lady Alina, don't embarrass me. Master Caleb asked me to let you have a good rest when he went out just now."

"Where did he go?"

"This..." Lois looked at Alina with some embarrassment. Seeing it, Alina probably understood.

When Caleb carried her in just now, although she was already asleep, she actually seemed to hear Emma's voice.

So was he going to appease Emma?

Bastard!

Asshole!

Green Lake Apartments was one of the upscale apartments in Ingford. Caleb gave one to Emma, which was worth a lot of money.

Caleb was really generous to Emma.

In the huge European-style living room.

Emma looked at the man smoking with pulling a long face. Tomas was at the door. Caleb was guarding against her?

Emma glanced in the direction of Tomas. The hint in her eyes was obvious, but Caleb seemed to pretend not to see it.

A flash of dissatisfaction flashed in Emma's eyes!

Then she looked away and looked down. Her tone was full of grievances, "There is nothing you want to say to me?"

Although it sounded very aggrieved, there was also some obvious questioning. She was questioning Caleb that he should give her some explanation.

Caleb took a heavy puff of cigarette, and then asked, "It wasn't you that night, right?"

Although it was a question, the tone was full of affirmation.

Emma originally lowered her head, but at this moment, when she heard Caleb's words, she looked up at Caleb. She stiffened.

She was stunned!

Her face was even more pale.

Even Tomas, who had been standing there, looked at the two of them shockingly because of Caleb's sudden words!

His gaze kept lingering on the two of them.

Emma asked, "What did you say?"

She looked at Caleb in front of her!

Her lips trembled violently.

The man's eyes were sharp, with oppression, while Emma looked at the man in front of her tremblingly.

It was as if the time was still!

The breath of confrontation was constantly shuttling back and forth between the two.

After a long time, Emma said, "Even if you don't want to be responsible for me, you don't have to find such a reason!"

"Caleb, do you want me to tell you again what you did that night?" Emma roared.

She was angry, but it was feigning anger!

In fact, she was so nervous

She stared at him! How would he know? He couldn't know! He wouldn't know!

But now...!

She was still trembling.

How would he know?

No! He didn't know! He was just testing her! After thinking about it, Emma quickly found this reason.

Caleb must be testing her. For so many years! How could he...!? Then the next moment, she only heard Caleb say, "Okay, tell me again!"

Emma was dumbfounded.

Tomas was stunned.

What?

He...!

Emma trembled all over, but Caleb was cold. His face didn't change at all.

Emma tried hard to see some flaw on his face, but at the moment she couldn't see anything.

There was not the slightest flaw on his face.

He didn't have any doubts! He really got it? Otherwise, why would he be able to ask such a question so calmly?

Emma didn't know anything about that night. How could she possibly say it!?

She couldn't say anything.

"You, you..." Emma looked at Caleb tremblingly, very emotional.

"If you really don't want to be responsible, then just go! Leave me alone!"

Go?

No way!

"Never mind. Think about it, if I really did something to you, I would definitely be responsible, huh?"

The man's tone was full of oppression.

For such oppression, Emma only felt that her whole body was trembling. She... was scared.

This man was too scary!

When she provoked this man, she knew it, but at that time, she really had no way.

She had no choice!

“Even if it wasn’t me that night, two years ago...”

“You admitted it?” The look in Caleb’s eyes was even more scary.

Tomas was so shocked. He looked at Emma in disbelief, and couldn’t believe his ears!

Was it really not her?

If this was really not her, this thing would be too terrifying.

What a horror!

At this moment, Caleb exuded a cold danger all over his body, and that danger was like a black hole, which would suck people into it at any time.

Once a person was sucked in, he would be definitely in an abyss.

Tomas looked at Emma in disbelief..... She was really too bold! She even dared to do such a thing!

Then what else in this world did she dare not do?

The two looked at each other. Seeing the look in the man’s eyes, Emma trembled even more. She wanted to deny it.

However, facing his question and the look in his eyes, she didn’t even have the courage to deny it.
