

## I'm Richer Than My Billionaire Ex-husband Chapter 138

Outside.

Emma continued to curse. She was just like a shrew. When Alina came out and saw her like that, she was angry. But when she Emma's ugly face, she calmed down in an instant.

She just glared at Emma coldly.

Seeing Alina finally come out, Emma continued, "Alina..." She gritted her teeth.

It was like that she was going to tear Alina apart.

Alina and Pola stepped forward.

Then, Alina fiercely slapped the marriage license on Emma's face, "See it clearly. Who is the shameless bitch."

Emma caught what suddenly fell on her and looked at it clearly. When she saw it was the marriage license, she almost collapsed.

She flipped it open and looked at it.

When she saw that it was Caleb and Alina inside, she was short of breath.

The remarriage date was today.

Today?

They got remarried.

They actually got remarried.

Caleb came to her last night, then he remarried Alina today?

"Snap." The marriage license was smashed on the ground by Emma. She was full of anger.

She almost collapsed.

"How can you remarry? Alina, where is your dignity?"

"Dignity? That's a good question." Alina looked at Emma coldly, "Everyone is qualified to say that they have dignity, but you don't."

When Emma heard it, her already pale face was even more pale. She was trembling.

She had no dignity?

Why?

Alina didn't want to use Caleb, the asshole, to stimulate Emma, but this woman always came to provoke her.

Especially when Caleb asked her who was pregnant to save Emma three years ago, she showed off in front of her again and again.

From that time on, Alina swore that she wouldn't easily let others bully her anymore. So she just stared at Emma.

She said, "By the way, last night, you were in Werland Villa, right?"

Emma didn't know how to refute.

"So you were ready to give yourself to him, right? But he doesn't seem to want you." Alina deliberately said this to piss off Emma.

Alina didn't do the stuff before, but now, she still did it.

So people were so weird.

They didn't want to do that, but they had no choice. When they got so much hurt, they would gradually do that.

"You were waiting for him inside, but he and I were in the car..."

Emma probably also knew what they were doing in the car when Tomas went in.

Sure enough, upon hearing such words, Emma was mad and her face turned pale, which was full of hatred.

She wanted to kill Alina.

"But it's normal for him and me to do that stuff, after all, we are legal. But what about you.?"

"If he really does that stuff with you, what will that be?"

"Whoring?" Alina looked at Emma sarcastically.

Emma was fuming.

This moment, she collapsed. She just glared at Alina, unable to come back to her senses for a long time.

What Alina said were the facts. They were legal and had always been.

What about her?

What was she?

Even if things came to this point, Emma didn't want to throw in the towel in front of Alina.

She said, "You seem to have forgotten that three years ago..."

"Well, well, three years ago? Do you really know what happened three years ago?" Alina looked at Emma sarcastically.

Emma couldn't say a word.

She was even more trembling terribly.

How did she survive three years ago? Of course she knew it. However, seeing Alina look at her with such questioning eyes, she was flustered. It was as if Alina knew everything.

It was as if Alina was interrogating her, leaving her with nowhere to hide.

"Shut up. Shut up."

"Pola."

"I'm here, Miss."

"Kick this woman out." Alina looked at Emma and said word by word.

She would teach this woman a lesson. Once she respected her, but what about her?

She never cherished. So now, Alina could only use such ways.

Besides, Emma repeatedly came to harass her, which made her so annoyed.

Only by dealing with her in such ways could make her remember it for a long time.

"What did you say? You dare." Emma panicked when she heard that Alina was going to kick her out.

After all, she was in the wheelchair. She simply didn't have any advantages.

But Alina didn't seem to just bluff.

After giving the order, she turned around and went in.

There was the fighting sound from behind, which showed how strong Pola was.

“Ah, ah. Let go of me. Let go of me.” Emma’s panicked screams were so loud. She was struggling.

However, she couldn’t struggle at all.

The sound was getting farther and farther away.

Seeing Pola’s action, Emma’s driver didn’t dare to step forward. This was just a fight between women.

He hurriedly called Caleb.

Caleb was in the office at the moment. When he heard Emma being beaten in Mulherd Manor, the first thought came into his mind was why she went Mulherd Manor again?

This was clearly that Emma asked for it.

Today, Alina was in the worst mood, but Emma came to her at this moment.

Without thinking about it, Caleb knew that Alina would take out all her anger on Emma.

“Take her to the hospital.” Caleb said it lightly and then hung up the phone.

Tomas clearly heard the talk on the phone. He didn’t expect Emma to dare to mess with Alina now.

How shameless she was....

The matter was already clear last night. What did she go to Alina to do today?

Alina even beat her. It could be seen that Emma had gone too far which pissed off Alina.

.....

In Mulherd Manor.

Emma was beaten away. Pola stroked her beautiful nails, “The reason why you asked Mr. Francis to let me come over is just to help you fight?”

Her tone was not good.

Alina used to think that Pola was a cold beauty, but now....

“Hmm.” Alina nodded. Sure enough, the next moment she saw the cold beauty’s face was even colder.

“That, me.”

Pola looked up at the time on her watch and said, “I still have some things to do here. Since the trouble is solved, you don’t have to wait for me to eat at noon.”

“Okay.”

Who the hell was the boss between them?

But seeing Pola’s action of standing up, Alina felt that she was so sassy.
