

I'm richer than my billionaire ex-husband novel

chapter 15

When Alina was freed, she almost immediately moved away from Caleb and looked at him warily, "Go."

"Alina ." He spoke, as calm as ever.

However, in the midst of this calmness, Alina felt what seemed to be an unprecedented danger.

Andre's departure was a calculated move by Caleb.

So was her return also in the man's calculations?

This possibility flashed through her mind, Alina's heart was already completely walking on the edge of collapse, and her face turned white as she looked at Caleb.

Caleb got up and came to her side, and she looked at him nervously.

The man's long fingers raised Alina's jawbone, and Alina's anger was aroused.

"What the hell do you want?"

"What do you say?"

"You have a fiancée. Your fiancée is Emma."

This incident made Alina feel painful for a long time, and even now, she can't get out of the shadow of that year.

How could Emma be that kind of person?

And she became her ex-husband's fiancée?

What an irony.

The words fell, and the man's grip on her jawbone heaved, "Do you really not know why she became my fiancée?"

Two years ago, he even tried to kill her when she was pregnant to save Emma.

"I don't want to know all your nasty and dirty things."

The man let go of her, did not take her words, but his tone was more than just hard and harsh a lot, he said, "Divorce papers have been given to Andre to sign."

"What?"

She knew Caleb was bossy before, but she never bothered.

Now Alina completely realized how terrifying this man was.

"He won't sign." Without waiting for Caleb to say anything, Alina gritted her teeth fiercely.

And hearing her words, the man laughed, seemed to taunt them with something.

He said, "He will."

He must have used some underhanded trick again.

He did not get the desired results from her and at that moment Andre left Ingford, now it came the divorce agreement. Alina knew this man must have a way to get Andre to sign.

But a divorce agreement was never enough to break off the relationship between her and Andre.

Alina coldly looked at the man who was already sitting on the sofa, "What else are you afraid to do?"

"You probably misunderstood, I'm not the one who will take a loss."

So she had to accept the compensations?

"I had a new car for you and it will be delivered tomorrow."

"I don't need that." Alina got even angrier.
