

I'm Richer Than My Billionaire Ex-husband Chapter 175

After this mess, Nova finally left.

In fact, maybe the person who called Nova here tonight was just stupid or he just really didn't know these grudges between Nova and Alina three years ago...

Alina wasn't willing to stay here. Nova's arrival completely tore apart the fake peace.

Emma was very proud just now. When she saw it with her own eyes that Alina stuck the syringe into Nova with a smile, she was dumbfounded.

Alina's smile was so pure. But what she did was just like a demon.

Undoubtedly, Caleb also saw it.

After a long time, Caleb looked at Alina. He moved his lips to say something, but he still didn't say anything in the end.

Undoubtedly...

What Alina did tonight was shocking.

"Lois."

"I'm here, Master Caleb." Lois stepped forward.

Lois and the others also saw the scene just now. They couldn't believe that Alina had done such a thing.

But why? People who didn't know the fact all thought it was because Emma appeared here.

Emma was the problem between them. Now Caleb still brought her here. No women could stand it.

Therefore, as women, they all understood why Alina did such a thing.

"Take Miss Bell up." Caleb thought for a moment and said.

Everyone was shocked.

Apparently they didn't expect that even if such a thing just happened, Caleb still let Emma stay here.

What about Alina?

Lois glanced at Alina. She was afraid of her just now. But now it seemed that she could understand Alina.

Although Lois didn't want to do it, she still had to listen to Caleb's orders and stepped forward to take Emma away.

After seeing Nova being treated by Alina like that, Emma didn't dare to say a word or didn't even dare to look at Alina.

"Emma, I'll take you up." Lois said in a hurry. Then without waiting for Emma's reaction, Lois directly took her away.

Emma was still in shock.

It was really horrible.

Why? Why did things come the way they were?

What did Alina look like before? Emma tried to think about it, but she couldn't think of anything.

She remembered it.

Before, Alina was so beautiful.

But just now, although Alina also looked beautiful, that beauty was ultimately an illusion...

With such a beautiful face, she did such a thing. How horrible was she.

Emma was taken away.

When there were only them two left, Caleb stared at Alina.

He tried hard to see through her, but he couldn't.

After a long time, Caleb still asked, "Why?" He was looking at Alina with some bewilderment.

Alina raised her eyebrows and looked at him, "Incredible?"

It was incredible.

Who would have thought that Alina, who seemed so nice, could do something like that?

Just now, she did it so quickly. Her smile was so gentle and perfect. But with such a face, she actually did such cruel things.

"I just want to see if it hurts." Seeing that Caleb didn't speak, Alina said nonchalantly.

Caleb was already shocked. Now when he heard Alina's words, he was dumbfounded.

So, she did such a cruel thing, just to confirm whether it hurt?

“Do you think I’m cruel?” Alina seemed to see his mind and looked at him sarcastically.

That look made Caleb feel suffocate.

His handsome face was even more gloomy at this moment.

Without waiting for him to speak, Alina said, “Dr. Nova is not pregnant yet. Too feeble. She actually can’t stand such pain.”

Caleb was speechless.

He didn’t know what to say.

Upon hearing Alina’s words, Caleb knew that she was taking revenge. After she came back, because of the old Cook, she had always been endured it. So she didn’t care about what happened between them.

Alina didn’t seem to have done much more than stay away from him. Now, it was different.

Tonight, the appearance of Nova completely stimulated her.

Nova probably didn’t expect that Caleb would let her come to Werland Villa when Alina was also here, right?

Actually, Caleb didn’t know either.

So when Nova appeared, he was shocked. Then he began to pay attention to Alina’s changes.

He knew what happened three years ago was an unbearable memory for Alina. No one wanted to think back.

Alina was unwilling.

In fact, Caleb was unwilling too.

“I know you have a grudge. Just come at me.”

“Who do you think you are?”

“The murderer?”

Alina looked at Caleb with a chuckle. The look in her eyes was so deep, yet so dangerous.

Alina, "I won't let anyone of you guys go."

She wouldn't let go of anyone who was related to that thing.

Because of Penny, she didn't want to bring up old grudges again. Since Caleb didn't think so, she could only take actions.

Since he couldn't wait to see such a scene, how could she let him down?

...

Upstairs.

After Lois pushed Emma into the room, she didn't show any good attitude to Emma, which also made Emma feel unprecedented contempt.

It was not feeling good to be looked at like this.

Why did she always want to be with Caleb? It was because she wanted to be superior than others.

But now...

She just felt so upset.

Unexpectedly, everyone around Caleb disdained her. Even if Caleb was there, these people dared to do this to her.

"I want to see him." When Lois was about to turn off the lights and go out, Emma couldn't help but said.

Lois frowned and looked at Emma, "Couldn't you just take the hint?"

"Lady Alina is still here. Besides, what time is it now?" The sarcasm in Lois' tone was so clear.

Emma listened more clearly.

Her already pale face was even paler at the moment. Emma didn't dare to live here. She wanted to leave.

Before, she wanted to live here so much. But now with Alina here, she was so scared.
