

I'm Richer Than My Billionaire Ex-husband Chapter 176

Alina was really horrible.

Compared with tonight, those means Alina did on Emma during this time was really nothing.

With Alina here, Emma didn't dare to stay here. She was afraid of being killed by Alina in the middle of the night...

She was just afraid.

Although she threatened Caleb with her life before, in fact, she didn't want to die.

What happened tonight also made Emma clearly realize that Alina would definitely do that kind of thing.

She just stuck the syringe needle in Nova.

Even just thinking about it, Emma still felt so terrifying.

"Lois, please." Eventually, Emma said to Lois so humbly.

Lois had been worked in Werland Villa for so many years. How shrewd she was. Hence, when she heard Emma's words, she knew that she was frightened by Alina tonight.

Lois said ironically, "After waiting for so many years, you finally waited for it. So just stay here obediently."

That was so ironic.

Stay here?

Stay here with Alina?

She didn't dare.

"Lois."

"With such the flower of the youth, you can do anything. Why do you just want to ruin others' marriage? Sooner or later, you will answer for what you've done."

"Being a mistress is really bitchy and mean."

Lois said angrily.

Emma's already pale little face was now even more bloodless. She was trembling.

Now, everyone could ridicule her like this.

Why? Because they all liked Alina.

"Even if you like her, you are not qualified to trample on me like this." After enduring for one night, now Emma finally couldn't help but broke out.

No one was qualified to trample on her like this.

Was she wrong?

What the hell did she do wrong? She just wanted to come out of that small town and completely take root here. She just wanted her family to be glorious because of herself.

This was what her parents taught her since she was a child, but was it really wrong now?

Why? Why did everyone disdain her now?

"Huh." Lois sneered and walked away.

The lights were also turned off.

The room went completely dark. Emma trembled in the darkness. Lois of course didn't tell Caleb that Emma wanted to see him.

Caleb said Werland Villa was the safest place for her now. However, his men didn't take good care of her, but they even dared to humiliate her wantonly.

Now this was what Emma felt like. From Lois's words, she felt a strong sense of humiliation.

In the end, Caleb also went back to the room. He knew Alina wouldn't listen to him no matter what. But he had to let her know that no matter what she did right now, she couldn't leave Werland Villa.

Alina sat in the living room and didn't calm down for a long time.

Although she got revenge on Nova tonight, it was just the beginning.

Since Caleb just wanted to be entangled with her like this, she just played it with him to the end.

Lois stepped forward, "Lady Alina, are you going to rest? I have cleaned up the guest room."

Guest room?

Lois seemed to see that Alina was very reluctant to be alone with Caleb now, so she cleaned up the guest room for Alina.

Alina looked at Lois with more relief in her eyes.

“Thank you.”

“My pleasure. You haven’t eaten anything at night. Shall I cook you a bowl of noodles?” Lois said in a gentle voice.

Not only did she not eat anything at night, but she didn’t eat anything at noon.

If she hadn’t been angry, she would have felt a strong hungry by now.

Alina nodded to Lois, “Okay.”

Hearing Alina say this, Lois smiled.

Before, Lois put in a word for Caleb, but now, she just gave up directly.

Seeing Emma here, Lois also felt that Caleb was really too much.

Soon, the noodles were done.

“It’s so yummy. Lois, you’re still so awesome.” Alina said.

Lois, “As long as you like it.”

Seeing that Alina was finally willing to eat, Lois was relieved. Alina couldn’t figure out what Caleb wanted to do.

Why did he have to let her stay in Werland Villa?

Why was Emma in Werland Villa again?

Undoubtedly, after calming down, Alina also thought of the key points.

But it wasn’t the reason for her to understand Caleb. There couldn’t be such understanding between them.

After eating, she called Andre.

When Andre knew that Alina was living in Werland Villa now, especially Emma was also there, he was in a rage.

“What? I didn’t understand.” Andre directly couldn’t figure it out.

What was Caleb doing now?

At least, Andre definitely couldn’t understand it now.

Alina, “Brother.”

“Huh?”

“In that case, then... let’s get started.”

Andre immediately got Alina’s meaning.

Three years ago, Alina hated Caleb’s guts.

She only hoped that she didn’t have to meet him anymore.

As for revenge or something else, as long as she saw Penny who was growing up healthily around her, she wouldn’t think about it.

No matter how much she suffered, she could let all of it go as soon as she saw Penny.

Andre asked, “Why?”

Alina was so calm before. Why did she change her mind now? What happened to her by Caleb’s side?

Alina, “It’s so annoying.”

Annoying?

“Since these people don’t want things to be over like this, I...”

When she said this, she paused.

Then what?

Caleb actually did such a thing. So Alina wouldn’t just ignore it.

Before, she ignored it, but these people still pestered her. So these people deserved it.

“I see.” Andre understood.

Alina only wanted to be with Penny, as long as things were smooth in Ingford.

There was no intersection between her and them at all. She didn't want to pursue that past, either.

After all, the most important stuff to her was still here.

However, what Caleb or Emma did didn't seem that they wanted that thing to be over.
