

I'm Richer Than My Billionaire Ex-husband Chapter 199

The reason why Alina would just have her lawyer come over was because she knew too well that with someone like Emma, it was impossible to expect her to hand it all over on her own.

Too lazy to waste that time, so go straight to the point.

“Do you think his heart will be in you just because you do this?”

“Do I care?”

Now Emma was driven to desperation, and thus was using all sorts of methods, attacking Alina.

However, the current Alina was different from three years ago, now she was as if she was someone who didn't care about anything.

She was numb and cold as if she had no feelings whatsoever, and no matter who wanted to hurt her, they could only fail.

That's what's so terrifying.

.....

Give it back to Alina?

Those properties, the cars were the reason she was not willing to leave Caleb, though she knew Caleb did not love her.

Because Caleb was able to give her a privileged life no matter what time it was, no matter if he had a heart for her or not.

And during the years of being by Caleb, it seemed that Emma had gotten used to everything Caleb had given her.

Now, she was going to have nothing.

How could she?

Even just thinking about that kind of life now was so terrifying.

That's why, if a person stands on high ground for too long, simply cannot go back to life at the bottom.

She had worked so hard to get out of the mountains and had a life today.

How could she be left with nothing?

“But allow me to remind you, if you sign it yourself, this matter is considered quiet. No one will know you have nothing.”

“Once the lawsuit is really successful, then the matter about you will also be made a big fuss, then you probably will be humiliated.” The moment Alina got up, she thought of something and turned back to remind Emma.

Emma looked at Alina fiercely, “You must force me like this, right?”

“Force you?”

Alina laughed.

How ridiculous.

“If you hadn’t done these things, who would have forced you?” Emma was the one who had done something wrong.

Whether she admitted it or not, but those things were all done by her, weren’t they?

Therefore, Emma could not deny.

“Now, it feels like I am forcing you?”

She used to be so aggressive, that was terrifying, wasn’t it?

Alina turned around with a cold laugh.

Going upstairs, she said, “You came out of the big mountain, the road was originally relatively smooth, but it was you who came to this dead end.”

But the sad thing was, up until now, Emma hadn’t even thought about turning back.

And that was the scariest and saddest part of it all.

Her profession is considered very good. Together with the resources Alina would give with, she was able to go smoothly on this journey.

Even if she did end up with nothing, it was her own fault, and at this point, no one could be blamed.

.....

Alina went up.

Emma sat in the same place, for a long, long time did not come back to consciousness, but her body was trembling.

“Force me? Must you force me?”

Why did Alina have to do this to her?

Emma really hated her.

However, how could she just let others slaughter her like that? Was she that kind of person, someone who would easily admit defeat?

Alina wanted to take everything back from her, that also depended on the fact she would say yes or not.

She took effort to get those things, so, she will not easily give everything out.

.....

In the afternoon.

Joanna came.

Joanna, at this moment, had a dark face, obviously because she had just seen Emma.

“Caleb is really stupid!”

Alina’s face was not really good.

Only Caleb could do such a thing, right?

“What the hell is he thinking?” Joanna really couldn’t stand it anymore.

Alina, “Chester is going to get Emma to North Eglinton!”

“That ruthless?”

Joanna directly drew a breath of cold air, for people hadn’t grown up in that place since she was a child, it was impossible for people from outside to survive.

The climate there was so harsh that even those who were generally physically well enough to go over there wouldn’t necessarily be able to adapt.

“She brought this on herself.” Alina said.

Joanna, “Even if there was such a reason, she should not live with you.”

“Doesn’t he know that you and Emma are against each other?”

In Joanna’s understanding, this was how Alina and Emma’s relationship was today.

No matter how good the two had once been, but at least right now they were enemies!

Alina, “He knows that.”

“Then he

Anyone knows that Alina and Emma were definitely at war with each other, and it was impossible for Caleb to not know.

However, even though he knew, he still did such a thing.

“Caleb is really crazy!”

“Then you also show your queenly demeanor. What does he think he is, not only hold on to you, but also bring back that woman?”

Even if there is no love at all between a couple, there should be respect.

However, Caleb showed no respect to Alina, which was simply unbearable.

And Joanna still didn’t know that Alina and Emma’s story before.

But Alina would not give Emma a good time.

As Andre said, she won’t kill Emma, but she would do anything to torture Emma.

“Okay, Joanna, I know what to do.” For this topic, Alina did not want to mention it at all now.
