

## I'm Richer Than My Billionaire Ex-husband Chapter 216

Alina completely fell out with Caleb.

The police came.

It said that Alina had to go and make a relevant record note.

The moment Alina left from Werland Villa, Caleb was sitting in the hall, watching her get into the police car.

Tomas looked at Caleb worriedly, "It seems that Lady Alina will not be willing to stop."

When she saw Nova earlier, she had changed into a different person, and now, this change was even more so obvious.

Everything involved in the scene was tense.

Caleb's eyes were shining with a dark light.

The heavy footsteps of Chester coming down from upstairs and the scent on Caleb's body were even more tightly connected.

Caleb, "Don't come to Werland Villa again."

"Alina is here."

There was never a time when Caleb was like this now. He wanted to throw Alina out of Werland Villa.

Chester came to Caleb and looked askance at him from above.

Both of them had a strong kingly aura on their bodies, neither of them gave in half a step. Chester smiled with disdain.

In his eyes, there was even an endless cold glint.

"Caleb, you have done wrong things. So don't blame her." He uttered.

Today this incident standing in the man's perspective, Alina is really ruthless, then what exactly turned her so ruthless?

Chester walked away.

Caleb sat in the same place for a long, long time.

“So what are we going to do now?” Tomas looked at Caleb with some concern.

Caleb, “There is more than just Andre pushing this matter.”

“You mean, Collins Castle?” When he thought of Collins Castle, Tomas drew a breath of cold air.

Three years ago, the old man was aware of this matter.

Also, there was evidence of it.

And why was it eventually suppressed by Caleb? In short, it was because of that incident that Caleb was not allowed to go back to the Collins family.

It can be seen that in order to suppress this matter at that time, Caleb was very angry in it.

In the past few years, Caleb rarely went back to Collins Castle, making people think that Caleb was not born to the Collins family.

But who would have thought that this matter would still be brought up by Alina now? As Caleb said, it was suppressed three years ago.

But this matter has not passed. Now that people behind Alina had come out.

“It’s not just Collins Castle.” When he said this, Caleb’s tone was more dangerous.

Not only Collins Castle?

Instantly, Tomas understood.

Obviously, Chester did something in the back too.

When he thought of this, he couldn’t help but shiver.

It was a real headache.

“Then Nova...?”

“Don’t do anything at the moment.” Tomas didn’t finish his words before he was interrupted by Caleb.

Obviously, no matter what they did at this time, it would anger Alina and make things even more troublesome and complicated.

Especially for Alina, her attitude made Caleb helpless.

Now no matter what was said to Alina, she was like a bomb.

“Tomas.”

“Yes.”

“I always feel that there’s more to it than that.”

If she hated Emma, Alina had hated her for what happened three years ago. At that time, her reaction was not even that intense.

How could it be that after meeting Nova?

“I remember that after meeting Nova, it was only a very intense reaction to Nova, and it didn’t rise to...”

That’s right.

It didn’t rise to Emma.

In that case, it meant that there must be something wrong with this matter.

Tomas frowned.

Obviously, it also came to mind.

That night, Alina had reacted violently, but the next day, his reaction to Emma had not been so violent either.

Why was that?

What had happened? To make Alina return of her own accord even after she had left Werland Villa, which had always disgusted her?

And her return was clearly because of Emma.

This moment it had clearly occurred to Tomas as well.

“Go and find out exactly why.” At this moment, Caleb’s mind was also becoming clearer and clearer.

People say that when a person loses their mind, especially when they are angry, they will not be able to think of anything as a result.

Isn’t Caleb just like that?

Before, he was really angry and couldn’t think of anything, but now, he can think of it.

It wasn't just because Nova was the trigger, there had to be something else going on behind the scenes.

And it was happening right under his nose, and he hadn't even noticed anything.

"Yes."

Tomas nodded.

"Be quick."

"Yes." It had to be quick, and this matter was even more urgent than the matter on Nova.

After all, no one had expected things to turn out the way they did.

There was clearly something behind this, and now that Caleb had noticed it.

.....

Emma came down.

The two of them are both in wheelchairs, no wonder Alina was taunting Caleb earlier, this looks like a really good match for Emma.

When he thought of Alina's sarcasm, Caleb's eyes darkened.

Emma reached out and tried to take Caleb's hand, but before she could touch it, it was coldly avoided by him.

Such an ice-cold attitude made Emma's heart chill.

"You are blaming me." In saying these words, Emma's tone was filled with sadness.

However, the moment Caleb looked at her, his eyes were full of coldness.

Emma was a bit shaken by such a look.

Even after taking several deep breaths, she could not suppress the stuffy weight in her heart.

"Why do you have to be so heartless to me? I have nothing left." Emma looked at Caleb pitifully.

As if, she was the one who had been let down.

And Caleb said, "I remember, what exactly was between the two of us before, I told you very clearly."

“All these years, what should be given to you has also been given to you.” As long as it’s what Emma wants, Caleb is meeting her.

But all these years, he has been very distant.

However, this coldness in his attitude made Emma feel even more like her heart was so suffocating.

“But I can’t have them now.” Once this man said that he would give her a future.

However, she really can’t want it.
