

I'm Richer Than My Billionaire Ex-husband Chapter 223

Vanessa, "Yeah, I know."

Julia, "I didn't expect Alina's tactics to be so great." At this moment, Julia's tone was full of admiration.

When they watched Caleb and Emma together, they were all secretly angry for Alina.

They only felt that she was being bullied too hard.

They even felt that they had really gone too far.

And they didn't expect that three years later, Alina would fight back.

"Alina still doesn't plan to stop, I have learned that the lawyer hasn't even received the relevant application to withdraw the case until now."

After such a big incident, there was no intention to withdraw the case, so it could be seen that Alina was really determined to sue Emma.

"Why should it be withdrawn?"

Vanessa asked with dissatisfaction.

Was it withdrawn because Emma was forced to?

Julia, "If this were anyone else, they would have been scared by the scene and withdrawn, afraid that there will be something wrong."

"Emma will return all of it to her, then she will fine, but she chooses that extreme path, she just does not want to give up the glory and fortune obtained."

"We do understand, but does Caleb understand?" Julia also understood.

Emma is very smart, and what she is doing now is just for Caleb to see.

The actual invoices that Caleb had purchased for Emma were known to Alina.

Now the evidence was overwhelming.

If they were to be repaid according to the amount on the invoices, then right now, Emma would not be able to repay them.

Now no matter what Caleb takes to fill this vacancy of Alina, it is all filled with common property.

As long as Alina bites down on this point, then no matter what price Caleb pays on her, it's useless.

The key is that Alina just won't let up now, no matter what Caleb does now, she won't let up either.

This was the scariest part for Emma, and this was the part that had Emma most distraught.

"Well done, really well done."

Julia was practically on an emotional high.

Vanessa, "Come on, what's the point of being happy?"

"I just love to see Emma being tortured. She always looked like she was going to enter the Collins family."

That look made people feel sick just thinking about it.

But now it was good.

The situation was in a mess.

"Hmph, she is dreaming."

Vanessa's eyes were full of disdain.

Now this scene was very lively, Vanessa already had people to cover up all the news, obviously to guard against Emma.

Before, this woman had once started a public opinion war against Alina, but now Vanessa's move is to give her no place to start this public opinion war.

.....

Emma was badly hurt. Although she only fell from the second floor, her leg is completely ruined because she is physically disabled.

Caleb was also badly injured, "The doctor said that you must not force yourself to stand up again now."

Tomas' voice was tight.

"Where is she?" Caleb's eyes were cold, as if he hadn't heard Tomas' words.

Tomas knew that he was asking about Alina.

He said apprehensively, "She's at Werland Villa."

At Werland Villa.

No matter what time of day it was, she was always at Werland Villa?

In the past, he didn't see how much she loved to be Werland Villa, but now, she's always at Werland Villa and doesn't come out?

Thinking of this, Caleb's eyes darkened.

"How is Emma?"

Tomas, "Not good."

Emma didn't even make a fuss, she jumped straight down.

"She saw that document?" Caleb looked sharply at Tomas.

Tomas, "I think so."

This time, Alina was pressing hard. Was it a response to Caleb's previous tactic of forcing a remarriage.

Yes.

This was Alina's response to him.

What Alina hated most was someone using force on her, and she had originally come back for the matter of her grandmother.

Or rather, she hadn't wanted to have any entanglement with Caleb.

And yet now.

Caleb, "Go and get the divorce done."

Since she must get a divorce, then divorce.

It can be seen that Caleb is somewhat helpless.

If this continues, there's no telling what kind of commotion Alina will make.

This woman, after three years, was too good at making a scene.

Thinking about the commotion that Alina had made during this period of time, Caleb felt his brain hurting.

He would settle the scores with Alina when his legs were healed, now he has nothing to do with her.

Tomas had sweat on his forehead when he heard that.

“What?”

“Now, I’m afraid that Lady Alina will not rest in peace.”

Since things had now completely flipped, when she brought up a divorce before, Caleb did not agree.

So now, if he wanted to get a divorce so easily, in Tomas’ opinion, it would not be that simple.

Caleb already had a headache, and now when he heard Tomas’ words, he was angry, “What the hell does she want?”

“She wants Miss Bell to give everything back.”

How many things had he given away over the years? Besides, since a man gave something to a woman, how could he ask for it back?

Alina was really becoming more and more unbelievable.

At this moment, Caleb really wished to hang Alina, who had such a knack now.

At all times, there was always a way to piss him off to the point of delirium.

Just as the two of them were about to say something else, the nurse came to say Emma had woken up, interrupting Caleb and Tomas’ words.

Caleb’s face still didn’t look good.

At one time, it was probably because Alina was so well behaved that Caleb thought that as long as it was about her, it would be easy to solve.

But not it was difficult.
