

I'm Richer Than My Billionaire Ex-husband Chapter 251

Tomas is gone.

When it was just Alina and Caleb were left, Alina was in a slightly better mood after venting on Emma.

She said to Caleb, "Why don't you believe it?"

"Because of that emotional entanglement with my parents and with Lexi Cooper, I know that all too well."

"Then you know that after leaving your father, Lexi was not really as good as it could have been after marriage."

"Then it was only my mother she was going to kill, not my father, wasn't it?"

Although this relationship is messy.

But now Alina's mind is unbelievably clear, not in the least affected by Caleb, she is really too sensible.

She was aggressive when it came to knowing about her parents and grandmother, but she took every step with exceptional clarity.

"How do you know that she won't hate your father along with her."

"Caleb, I don't think you've cleared up."

"I recognised her."

In that case, then whatever evidence is now in front of her is absolutely false.

Everyone understands the truth, yet three days ago, Caleb was insistent on three days.

Alina stood up and looked at Caleb with a cold smile, "When you bought her time with me three days ago, I knew you would give me this result."

If it's not the Cooper family, it'll be someone else.

Anyway, this matter, under Caleb's manipulation, must not be Emma.

She is not the fool she was three years ago.

"You think I manipulated the information on purpose?"

At this point, Caleb sort of heard it.

Because she was sure it was Emma, she would not believe a word of whatever outcome was now put in front of her.

And amidst the man's questioning like this, the corners of Alina's mouth only lifted up in a smile.

At this moment, Caleb finally realized that if things were allowed to go on like this, they would definitely get out of hand.

Just at the moment when Alina turned around, he in a tight tone, "I agree."

Alina asked, "What?"

Was there something in her that she needed him to agree? Didn't he think too highly of himself?

"You and Chester."

The air was instantly frozen.

Chester.

Chester was the untouchable bottom line here in Caleb.

And time and time again, Alina was getting so close to Chester and was angering Caleb time and time again.

He cares very much.

Every time he saw a scene like that between Alina and Chester, he wanted to tear Alina apart completely.

Now he agreed her and Chester?

The smile on Alina's face intensified.

"What do you want?" She asked meaningfully.

In fact, at this moment, Alina already had the answer in her heart, but she still wanted Caleb to say it, she wanted to see what kind of things this man could do for Emma.

Caleb, "Everything ends here."

"In exchange for my future with big brother?" Alina asked, as if it was sarcastic or was humiliating Caleb.

He could even give his former wife to his older brother for the sake of a woman on the outside.

Should she say that this love is earth-shattering?

Or should she say he is really shameless?

“Do you have to put words in your mouth like that?” Caleb’s face sank.

The sarcastic smile that was already on Alina’s face was now thicker when she heard Caleb say such a thing.

“Hahaha.”

“...”

“Caleb, do you know what a phrase is used to describe a woman?”

The aura, moreover, is shrouded in danger.

Alina put away the smile on her face, “You are hypocritical.”

Caleb’s already not so good face is now even more gloomy.

And what Alina said was true, wasn’t Caleb such a person now?

On the one hand, he has to defend Emma, and on the other hand, he has to make people think how noble he is.

There is no such thing in this world.

Alina has gone upstairs.

Standing at the entrance to the stairs, she opened her mouth, “Caleb, I’ve said it before. Don’t just interfere in this matter, so everything that follows is yours to bear.”

After saying this, he lifted his steps and left.

And Caleb sat where he was, covered in a storm.

She’s really mad.

And according to Alina’s current temperament, Caleb knew that this matter would definitely not be drawn to a halt easily.

Soon.

There was movement from upstairs.

And then he saw Alina coming down with her suitcase. Caleb was already unsettled inside, and now he saw Alina was leaving, his brain was about to explode in an instant.

“What are you doing?”

“Didn’t you want to fulfill me and your big brother? Sure I am moving to Waterside Villa.”

“You...” His heart was instantly heaving.

Even the moment he opened his mouth, his tone was shaking uncontrollably.

Just as Alina was walking out with her suitcase, Caleb said, “Stop.”

“What else do you have to say?”

“Are you sure this thing is over?”

“So, do I still need your permission to move to Waterside Villa?”

She said ironically.

A sarcastic comment about Caleb taking himself too seriously.

However, he was nothing in Alina’s world three years ago, so what was now?

“This is something you better not end. Otherwise you’ll regret it.”

After saying that, without waiting for Caleb to say anything else, Alina lifted her steps and walked away.

And it was clear that she meant that the matter would not end there.

At this moment, Caleb’s body was more than simply enveloped in a storm.

...

This night.

There is so much happening.

Especially with Alina’s tough and brutal attitude like that, so it makes people overlook a lot of things.

So at the breakfast table the next day, Caleb saw Emma with a face full of bruises.

“She hit you?”

Why didn't Tomas take her to the hospital?
