

I'm Richer Than My Billionaire Ex-husband Chapter 258

It is a hint to Caleb that everything Alina has now was given to her by another man.

Caleb was already angry in his heart, and now when he heard Emma say such things, he was even more furious.

"Tomas."

"Yes."

"Get ready, go to Eglinton." When saying these words, Caleb's tone was full of gritted teeth, wishing to crush Alina completely.

Emma heard the anger in it, and her heart flashed with amusement.

Go and see what Alina really is and how she really fawns in the face of those big shots.

The clearer he saw it, the quicker he gives up.

Emma realised Caleb had more than a heart for Alina.

But it's time to let it all go, Emma thought.

She could no longer leave Caleb, and she clearly realised that once she left Caleb, she would really have nothing.

And how could she bear that kind of pain?

So from now on, no matter how important a place Alina has in Caleb's heart, she will have to pull it out bit by bit.

"Caleb, it's not that I have to say such things, but Alina is really indiscreet."

"..."

"You forget that she has a daughter between her and Andre, and now she's involved with Chester, she's trying to trample the whole Collins family's face on the ground."

Something in Caleb's world completely collapsed at this moment.

Emma didn't know exactly what kind of enchantment Alina had put into the group at the Collins family, but she couldn't care less now.

Previously, she thought that the Collins family was not to be messed with, but at the moment it seems that no matter how good or bad they are.

She must stay with Caleb.

...

Alina had just returned from outside with Chester, and Brandon came to her, his face full of gloom.

“What’s wrong?” For Brandon to look like this, it usually meant that something was going on.

For this point, Alina was now suffering from a pain in the brain.

Brandon, “He’s on his way here.”

“Caleb?”

“Yes.”

Hearing that Caleb had come, Alina’s face went sullen.

Whenever she was working, Alina disliked people disturbing her the most, especially Caleb.

She was now annoyed to hear from him.

Because every time there is Caleb, there is definitely no peace in her world, and who knows what is going to happen again?

“Where is Emma?”

In her opinion, Emma and Caleb were definitely a pair. They were both inviting disaster and misfortune to her.

How much trouble did Emma make at that big show in Oklens?

“She didn’t come.” Brandon shook his head.

Hearing that Emma hadn’t come, Alina was kind of relieved.

“That’s good.”

If she hadn’t come, there would have been less trouble on her side because of it.

Alina looked at Brandon, “He didn’t give you a hard time, did he?”

After all, three years ago Brandon volunteered to pick her up and eventually took her away with him, and Caleb is supposed to be a man who holds a grudge.

“Don’t worry, no.”

Alina had paid him the termination fee, so Caleb had no reason to make things difficult for him.

Although it is true that Caleb is not to be messed with, but in these years, Alina is not a good fighter either.

“Don’t mind him.” Alina said after thinking about it.

She didn’t expect that Caleb would still have the spirit to come here at this time, it seems that Emma didn’t cry much?

When she thought of Emma, the corners of Alina’s mouth lifted up in a cold smile.

Back to the room, Alina then picked up Penny’s call, “Mommy, when are you coming back to see me?”

On the other side of the phone, the child’s tone was sad.

Now they had to be apart for so long.

Alina, “Be good, mommy will be back when I am done with works.”

Then, never to part.

Alina felt as if she was quite unproductive in this way, once she was someone with big dreams.

Now, however, the biggest dream is to be by her daughter’s side.

But there is always something to do.

...

In the Werland Villa, Emma’s day was much better because Alina was not there, although Caleb was gone.

She doesn’t have to worry about anything, everything is already arranged on Caleb.

Especially without Alina around, although Lois and the others were still unhappy with her, they still didn’t dare to do anything outwardly.

She must be treated with respect and dignity.

“Lois, I don’t blame you for what happened before, but from now on I want you to understand who will be the mistress of this place from now on.”

Emma is a person who holds grudges, and she has long been discontented with the way Lois treated her because of Alina.

But at this time, in the end, nothing more was said.

Lois gave Emma a disgruntled look and didn’t say anything.

Obviously, not bothering to pick her up.

Emma was in no hurry, “Humph. Go, cook some fruit tea for me, the kind of flavor Alina used to drink.”

She must occupy all of Alina’s thing? Even to erase all traces of Alina’s presence here.

“Go on.” Seeing that Lois was standing still, Emma said viciously.

Lois eventually, nodded, however, the moment she turned around, only to hear Emma continue, “After it’s cooked, go and throw all her things out, she won’t be coming back here.”

Lois, “Miss Bell, it’s not appropriate for you to do this, is it?”

Lois wouldn’t have put up with her.

Especially since Lois was originally asked by Vanessa to come to Werland Villa to look after Alina, who left from here three years ago.

But Lois has been here all this time, the entire Collins family thought Alina would come back again.

But if Alina really wouldn’t come back to Werland Villa, then Lois wouldn’t continue to be in this place either.

Emma was only there because Alina tossed her around, and if she left, Alina would only be more bored.

On the word ‘Miss Bell’, Lois bit particularly hard. Emma instantly looked at Lois with cold eyes.
