

I'm Richer Than My Billionaire Ex-husband Chapter 308

The atmosphere in the office was tense.

As he looked at Alina again, his eyes devouring her.

Alina, "See what I mean?"

"How dare you?" Even if he dared to say yes, would she dare to take it?

Alina, "I didn't expect Grandpa Max to be so kind to me either."

Caleb was pissed off at this.

"Haven't you always wanted to get rid of me? What? Now you want to be tied to me for life in such a way?"

Looking at such a document, Caleb was in disbelief and did not expect that his grandfather would take that agreement that he had signed with him back then.

That is, after that 'initial capital injection association agreement', no matter what he did, there would be share of his grandpa.

Now if Alina did not take it out, he would almost forget it.

He hadn't thought about it that much back then since Max was his grandfather.

His grandfather had already passed away.

So now this agreement should have ended here, but he had never expected that grandfather would transfer this agreement to Alina before he died.

How much did his grandfather hate him? How could he do such a thing?

Alina, "Grandpa Max gave it to me, why wouldn't I dare take it? Are you threatening me now?"

This agreement is much more violent than the previous one, the so-called equity book.

Alina could give up her shareholding, but not this one.

Plus Caleb always made a scene, Alina should be on guard.

For a long time, Caleb could not suppress his anger.

"Alina, I advise you to your ass out of here."

At this moment, Caleb was completely angered.

His grandfather personally put shackles on his whole life.

No matter what the relationship between Caleb and Alina actually was, as long as Alina did not want it, then she would be the shackle of this man for the rest of his life.

No matter when or how far it goes, she will be over this man.

Alina stood up and looked at the exasperated man, the corners of her mouth raised in a gloating smile, "Take care."

"....."

"Don't let me know what tricks you're playing, or else I will simply declare bankruptcy of AIG."

"Get out."

A cup directly flew towards Alina.

However, when that cup was about to smash on Alina's head, Caleb's heart was raised to his throat.

Alina didn't expect this man to suddenly go crazy, and when she thought she couldn't avoid it, a force suddenly came to her arm.

After a spin, there was a thud, the sound of a cup hitting the wall, and the sound of Hector pulling her smoothly out of the way.

Alina, who had avoided the danger, looked at Caleb.

Especially when she saw the flash of panic under the man's eyes, the smile at the corner of her mouth became more sarcastic.

Alina no longer said anything.

Turning around, she uttered "Hector, let's go."

After saying that, without bothering to look at the man's face, she just turned around and walked away.

When Caleb was left alone, no one knew what kind of anger was flickering within the man's heart at this moment.

"Alina!"

Before, she was so hysterical to get clear the relationship with him? What does she mean by this?

Caleb, who always thought he knew Alina very well, could not understand this.

An hour later, only then did Caleb's heart calm down.

In the end, he dialed Alina.

"Hello."

"Just say you don't want me and Emma to get married, you don't need to make this up."

Alina was so speechless.

Caleb was so displeased at such a reaction from Alina.

"Say it."

Alina, "So you think this is what I want?"

"Or what?"

Women was just hypocritical as hell.

In many cases, it is clear that they are not willing, but they have to put on the appearance that they do not care, and wait until the man really turns around, they got anxious.

Just as Caleb was thinking to himself how hypocritical Alina was.

What responded to him was the direct sound of the phone hanging up.

Hearing such a response, Caleb's heart turned even more upside down.

"Damn." Obviously, he couldn't understand this whole scene that Alina had pulled.

In the past, Alina was not like this, so now, what the hell is she doing here?

Caleb was furious and obviously didn't know what to say about this woman.

.....

After leaving AIG, Alina was originally supposed to go directly back to Mulherd Manor or Waterside Villa.

As a result, she went straight to Werland Villa, and at Werland Villa, when Emma saw this copy, her heart was even more constantly heaving.

She wanted to say something.

However, at this moment, Emma couldn't say anything at all.

Alina, "Haven't you always wanted to stand on my head? I'm sorry, I'll be Caleb's top boss for the rest of my life."

At this moment when she heard Alina's words, her heart sank into a low valley in this instant.

The whole life she will be Caleb's top boss?

Then what is she in front of Alina?

A lowly bitch?

"All these years, you've been going to great lengths to climb on top of me and even trample me into the mud, looks like you're going to be let down." Alina said in a sarcastic tone.

And every word of that sentence was stimulating Emma's nerves.

"Shut up."

She couldn't listen anymore.

Before, when it was said that AIG had half of Alina's shares, she felt that Max was crazy to give her so much.

Now it was so hard to get her and Caleb to split everything clearly, yet she did not expect that there would be this invisible document.
