

## I'm Richer Than My Billionaire Ex-husband Chapter 309

Then what are those previous divisions? What is Caleb's development after that, even if he left AIG?

Emma felt that no matter what Caleb does in this life, he cannot escape Alina's shadow, and no matter what that man does, she will take a large share.

And what about her?

"Do you think that by marrying Caleb, you've really robbed me of everything and even stepped me into the mud?"

"....."

"Now, how does that feel?"

Emma tore up the papers like a madman, smashing the pieces on the ground fiercely.

She had finally reached the point where she couldn't stand it anymore, obviously not expecting it to turn out like this.

Alina looked at Emma's madness, stood up and looked at Emma who was in a mess, "It's alright, it's just a copy."

At hearing these words, Emma's body even trembled.

The hatred under her eyes was even more monstrous.

.....

When he received the call from Lois, Caleb was even more furious and almost smashed the phone.

How dare she bring that document to Emma?

What the hell was she up to?

He'd give her whenever she asked. Yet, why did she keep posing away from him?

"Tomas."

"Yes."

"Go back to Werland Villa."

He wanted to go back and see what the hell was going on.

Alina was really going to scare him.

During this period of time, Alina had always been very close to Chester, and even had a relationship with Andre.

Thinking of Andre, he was angry.

The two of them have nothing to do with each other.

.....

Alina came out from the villa and saw Lois at the door with worry written on her face, "Lois, thanks for your hard work during this time."

Lois, after all, was Vanessa's person, so Alina still respected her.

Plus, when she was here before, Lois had indeed taken well care of her.

When she said this, Lois took a sigh, "Miss Hughes, no need to say that."

At that, Alina raised her eyebrows and looked at Lois, obviously not understanding what she meant by this.

"Lois?"

"You and Master Caleb are over, from now on, you should stay away from each other." Lois persuaded.

So, is this a good word for Caleb now? Or was it a good word for Emma?

Alina had always been a sensitive person, so when she looked at Lois now, there was a bit more sharpness and scrutiny in her eyes.

And Lois, being looked at by Alina like this, felt a bit timid.

She took several deep breaths and said, "After all, you and Master Caleb are over, so if you continue to dwell on it like this, you're just delaying your time."

Alina gave a smile, shook her head.

In the end, he ignored Lois' words.

When Lois passed by her, she almost fell to the ground.

She had to say that the feeling of oppression that Alina was giving off right now really made people feel like they had nowhere to run.

She was really scared.

This kind of sharpness was completely different from before here.

Lois didn't know how she got inside and looked at the pieces torn all over the floor.

"Emma." Lois stepped forward and was about to hold Emma in her arms in distress.

However, the moment she touched Emma, she felt Emma's body tremble almost in that instant.

She said viciously, "I'll kill her, I'll kill her."

Hysterically, she shouted.

That hatred, moreover, was constantly surging at her eyes, why? On what basis?

Why did Alina have to flaunt her power in her own world?

In this life, no matter what Caleb did, she had a part in it, right?

"Calm down first, Master Caleb will be back soon." Worried that Caleb might hear, Lois persuaded Emma.

Just now, had heard what kind of documents Alina had brought, Lois, so she hurriedly called Caleb.

After all, tomorrow is the wedding of these two people, and at this time, Alina brought such a document to the door to stimulate Emma.

What kind of heart is this?

How come she didn't see before that this Alina was so vicious?

"She wants to press down on me for the rest of her life, you see? Is this my fault? Is it really my fault?"

"It's not your fault, you're a good girl." Lois was now truly heartbroken for Emma.

Thinking about what was in that agreement of Alina's, it was really impossible for an ordinary person to bear this, and Emma naturally couldn't accept it.

Unexpectedly, none of them expected Alina to be so ruthless.

Originally, Lois had brought back the news that Hope was unwilling to see her, and this news was irritated enough for Emma.

However, who would have thought that now Alina would bring such news as well?

“Hope, she still won’t even see me, all because of Alina, she’s a demon.”

Emma said fiercely.

Obviously, she blamed all her misfortunes on Alina.

Lois was even more heartbroken when she heard this.

“Stella is really ignorant.” Hope was not even willing to come to such a big event as her sister’s wedding.

No matter what Lois said, it was only one sentence, “I won’t be there.”

Lois did not want to talk about the indifference of her attitude at that time.

She was worried that it would irritate Emma even more.

Now, Lois looked at Emma and said, “Alright, alright, don’t feel bad.”

“She’s going to have this relationship with Caleb for the rest of her life, so what should I do?” Even if they were married, it was useless.

“She’s already rich beyond her means, you know that, Lois?” Emma said with a mixture of grief and anger.

They couldn’t even count how much Alina’s assets were now.
