

I'm Richer Than My Billionaire Ex-husband Chapter 312

"I've been nice to her before, I think, she will give me back the favor." Originally, Lois was reluctant to go to Alina.

But the thought of Emma continuing to spend time here,. She wanted to get Emma away from here.

"No."

As soon as she heard that Lois wanted to go to Alina because of her, Emma turned agitated.

Thinking of the contemptuous look she gave herself when she was begging Alina before, it was something she would never forget in her life.

Alina was really heartless.

She is a person without a heart, what would you get even if you went to beg her? What else would you get but her humiliation?

"You can't go to her, did you hear me?"

Seeing that Lois did not speak, Emma said word by word, even with a slight warning.

Lois looked at her eyes with more worry.

"I've already begged her a lot."

So much begging that she felt pain in her knees.

It hurt so much that she no longer wanted to bow down in front of Alina.

Just thinking about all the humiliations Alina had given herself before, she would never forget them in her life, and would never forgive Alina.

Those, all of them, were the pain of her life.

.....

When Alina returned to Waterside Villa, Chester went out.

Seeing Hector looking at her in a stony and uncomprehending manner, she put on a smile, "I am making their hearts all in turmoil."

Caleb's heart is in turmoil, how is that enough?

Naturally, she wanted the people involved in this matter to have their hearts all messed up, then the next thing will progress better.

It was not expected that Alina's mind was so well thought out.

She expected that something must have happened behind Emma, yet with such a failure to catch evidence, Alina now naturally had to find a way to turn all of these things over.

Hector, "What about Master Chester?"

"I will speak to him."

Now, dealing with Emma is all about internal and external cooperation, so she naturally had to discuss with Chester.

After all, everything Chester was doing now was helping her.

She wanted a speedy solution to this matter.

Therefore, at the moment, she needed to put in more effort.

When Hector saw Alina say this, he nodded in agreement, "I believe this matter will be over soon."

Hector could see it.

Previously, Alina had been pestered by Caleb, and at that time, she was bent on getting rid of Caleb.

Plus, she felt that Emma was disgusting and couldn't deal with this matter wholeheartedly.

But now it was completely different.

Now, the marriage between her and Caleb was considered to be over.

So what will happen next is completely different.

For example, today's incident.

Now whether it's Caleb or Emma, these two people are actually having a very bad time inside, but right now, these are the things they should bear.

.....

Dinner time.

Chester came back, he looked at her with deep and grave eyes.

Alina, "Why are you looking at me like that?"

"Caleb and that woman's wedding has been postponed."

Her heart stuttered.

Caleb prepared it very hastily, and all kinds of things were done in a short time.

Tomorrow is the wedding, now suddenly it is postponed?

"What's wrong?"

"Probably something to do with what you did today." Chester said.

After all, the documents that Alina brought with her today were like a bomb that bombarded Caleb and Emma.

Whether it was Caleb or Emma, they were not in the mood to face the wedding now, right?

When Alina heard that it was because of today's incident, the corners of her mouth lifted up into a smile.

"If these two can't even accept this, then in the future, they will really have to suffer."

Alina said.

Now, she knew how hysterical Emma really was.

She had been waiting this day for so many years, but it failed in the end, Emma must be crazy.

"Both of these two's hearts are in turmoil now, we need to hurry up." Chester said as he looked at Alina.

Alina nodded, "Yes."

It was time to hurry up.

After all, now Chester could see what exactly the intention of the documents she brought today was.

He believed that Caleb and Emma would have no time to care about what they are doing.

Caleb's heart was killing him.

And because Emma could not marry Caleb, her heart was naturally not happy.

Everyone's heart is in turmoil, so if Chester does something at this time, Caleb will probably be unable to react.

.....

After dinner.

Alina's phone vibrated, it was Emma calling, finally still couldn't resist it.

Alina picked up, "Say it."

"Are you satisfied?" Emma finally still couldn't suppress her emotions.

No one knew exactly how she had come through this day, every minute had been so torturous for her.

She had never imagined that things would come to such a state one day.

She had waited for Caleb, she was about to wait, and then...

It was because of Alina, it was all caused by Alina, no one knew how much Emma hated Alina now.

Alina spoke lightly, looked at her nails and said, "I think so."

Emma was so angry that her heart kept heaving.

Hearing that heavy breath over the phone, Alina gave a bright smile, "It is just a beginning."

"How can you be so cruel?" Emma finally still couldn't help but roar.

"Cruel?"

When she heard this word, Alina's smile intensified.

Emma could feel it, "It is not a big deal compared to what you did three years ago."

"....."

"Emma, I thought I had no grudge against you three years ago, yet you tried to force me to die."

"....."

"Now, you say I'm cruel?"
