

I'm Richer Than My Billionaire Ex-husband Chapter 46

Tomorrow, it's off to Oklens.

Alina, as she told Caleb last night, was waiting in front of the Civil Affairs Bureau at 8,00.

At 9,50. Alina couldn't resist sending him a message, "I've been waiting for you for almost two hours, don't forget."

Yesterday, it was him said they will divorce at ten.

Caleb was still in his office at the moment, and when he saw Alina's message, the executives in the room felt the air pressure drop instantly.

Facing each other, they all held their breath.

"That's all for today." The man's icy sentence made those present flee as if they had been granted amnesty.

So, men in the relationship some times can not be too greedy, even if having an affair can not be blatant.

Once you can't solve the problems, it's a headache.

Tomas came in.

Caleb was seen with a dark face, as if he was owed a billion dollars.

"Tomas ."

"Yes."

"What do you think women are up to to be so calculating?" He thought Alina while making a fuss about divorce, while pestering Collins Castle, making the public opinion all over.

He had never seen a woman with such a deep mind.

After so many years of reigning in the mall, it's the first time he's seen this kind of calculating woman, a tactic that even he admires.

"You mean Lady Alina, right?" Cold sweat had broken out on Tomas' spine.

Caleb raised his eyebrow and gestured for him to continue.

Tomas said, "By all rights, if she really wants a divorce, she shouldn't still continue to entangle with your parents. So the only explanation for Lady Alina's such behavior is not willing to divorce."

"No willing to?"

"Yes."

"Then she made such a fuss, isn't she worried that I'll really agree to divorce with her?"

Caleb also felt that she was getting so close to Collins Castle that it was simply not the right thing for a woman who wanted a divorce to do.

"She's not afraid." Tomas was, at this point, really going crazy.

Why should he, a man who is not married and has no girlfriend, analyze this?

Is it really good to stand in a different position and see from a different angle?

"Not afraid?"

"Think about it, no one over at Collins Castle likes Miss Emma, and your mother used to didn't like Lady Alina, but she was definitely on Lady Alina's side."

This is something that Caleb also sees.

Julia and Alina are like sisters.

The only one who doesn't like Alina was his mother, however, even that cold attitude shows the preference for Alina.

Now Caleb is wondering if he's not his own son.

This is not just a request from the old Ms. Cook to take care of Alina, this is exactly like treating her like family member.

"So, why she dares to be so reckless?"

"It's hard to say. But in accordance with Lady Alina's nature, she's not someone who will fool around, especially three years ago..." Tomas paused.

Three years ago, to the untrained eye, it was Caleb who went too far.

Tomas is really getting confused.

After all, they know what kind of nature Alina has, so what she has done recently is just revenge, isn't it?

Caleb's eyes darkened.

Tomas felt the air pressure continued to drop, and said apprehensively, "Or, you coax her, try to know what's going on."

"Coax?"

"Yes, women are definitely disgruntled if they make a scene."

"If she can't be coaxed, then she must want a divorce." Tomas didn't know any better, but Caleb believed it.

The sun is getting bigger and hotter.

Alina watched the couple coming in and out, all with happy smiles on their faces, she thought marriage should be like this.

However, in retrospect, it seems that between her and Caleb, they did not even get a marriage license in person.

Their marriage was arranged, in the end, all went wrong.

So, marriage are to choose their own. If it is to be arranged, it is seemingly perfect as if a picture.

However, it is only a painting in the eyes of outsiders, actually nothing is in it.

When it was almost eleven o'clock, Alina had anger in her heart.

She took out her phone, "Master Caleb has always been a punctual man, don't break the rules on divorce."

Alina was really pissed off.

Feeling that only his time is time? Other people's time are worthless? Yesterday it was him said the divorce at ten o'clock.

Now he does not come, does not reply her message, what is the meaning?

She was so angry that she called directly to ask some questions.

Soon, the other side picked up, "Hello."

The man's low voice came.

Hearing this voice, Alina felt even worse.

“What the hell is wrong with you? You said it yourself last night.”

“Oklens, right?” The words were not finished before the man on the other side of the phone interrupted her directly.

Alina, “What do you mean? Are you threatening me?”

This man’s attitude now is like a threat.

Oklens’ competition has not started, but it has been a lot of chaos.

At this moment Alina was so angry.

“I’ve booked a flight and will be there with you tomorrow at ten.”

“What do you mean?” It’s not enough to trip her up here, but he wants to trip her up on the spot.

Caleb said, “I’ll accompany you to the competition and see with my own eyes how you stand on the world’s high platform and dazzle the crowd.”

How does it sound so ironic?

Alina has no idea that Caleb is now coaxing her.

Hearing him say such words, only to feel all the sweat hairs stand up, creepy, eerie.

“Caleb, I don’t have a grudge against you, do I? If you want to talk about hate, it’s me who hates you more.”

So, now this man is going to chase her to retaliate until when?

First, Andre.

Now it’s Oklens. It’s never ending, is it?

“I’ll send Tomas to pick you up.” Naturally, Caleb, who has always been a workaholic, has no idea about Alina’s brain.

He just thought she might still be having a tantrum.

“No, I’ll wait for you here, there is still half an hour before the end of the day, you hurry up and come to the divorce.” She waited for hours here.

This man had not yet come, which simply pissed her off.

“Then take taxi to Mulherd Manor first, and I’ll come over later to accompany you to lunch.”

Alina wondered what this man had in mind.

Just when she could not bear to swear at the man, the phone had already hung up.
