

## I'm Richer Than My Billionaire Ex-husband Chapter 73

It's about Grandma.

After all, Megan has been very good to her since she returned to the Lawson family of Shirling.

She has been recuperating since she returned to the Lawson family of Shirling because of her choking, and suffered a lot when she gave birth to Penny, and after the baby was born, she was taken care of carefully.

And during that time, Megan was very attentive to her, not only to her, but also to Penny. Because the baby was born prematurely again.

Megan simply can't trust a professional baby sitter, almost with her hands-on.

Penny's health is poor and she is often sick, and Megan has aged more than ten years since she first returned to the Lawson family of Shirling, all because of Penny.

This is why, in many cases, Alina could not blacken her face even when she knew that her mother and grandmother were suffering because of Megan.

"Grandma is a delicate person and very good at putting herself in other people's shoes, she won't blame you."

"Okay."

When she heard Andre say this, Alina's heart felt better.

After all, it was someone who was good to her, and Alina didn't want her to be sad.

"Alina ."

"Yes?"

"In fact, back then, you should not listen to one side of the story, grandpa and grandma's divorce, probably not only grandpa's reasons."

"They didn't say anything."

Alina said.

Mom and Grandpa hardly ever talked about Grandpa, otherwise how could she not have known he was still alive after Grandma died?

And after coming back to the Lawson family in Shirling, Grandpa kept his mouth shut about what happened back then.

But it is also to keep his mouth shut about all this, she saw the grandmother's hatred for her grandfather, but from the Lawson family, she saw a different side of story.

"It's all about the previous generation, you shouldn't be too stressed."

Alina nodded her head.

But she is really stressed out. Every time she sees Megan being nice to her, she is actually under a lot of pressure.

And she's nice to Penny, too.

If Megan had been ruthless or not accepting her, she would have had a reason to lash out over her mother and grandmother's hatred.

But Megan was nice to her.

Andre, who is her grandson, and Luna Barker, the daughter she had with her ex-husband before she got together with her grandfather, are also super nice to her.

In the midst of this chaotic family relationship, yet it was so harmonious, something she did not expect.

"Come on, don't think about it." Andre rubbed her head and said in a doting tone.

"Got it."

Alina is already very nervous about relationships.

In such a chaotic family relationship, she should be heartless.

Otherwise, it really feels suffocating.

"Go back to Ingford to get things in order as soon as possible. Grandpa is getting on in years."

"Yeah, got it." Alina nodded.

Just now at the breakfast table, she clearly felt Grandpa's reluctance.

So what she also wants is to come back as soon as possible.

When the plane landed, Caleb received the news that Alina had flown back to Ingford an hour before.

“Alina, I’m not finished with you.” Gritting his teeth, he wanted to tear the flesh off Alina’s body.

If you’re going back to Ingford, what are you doing back here? Just sleep with Andre for one night? Thinking about the night she spent with Andre last night at Shepford Apartments here, he got pissed off.

In the end, Caleb didn’t go straight back to Ingford, but to Andre’s company.

Andre was surprised to see him there.

“What are you doing here?”

“I think I need to remind you of something.” Caleb dropped the briefcase in his hand with flourish and tugged at the tie around his neck in annoyance.

Andre secretly clenched his fist.

However, Caleb did not mean to fight, but irritably pulled out the chair opposite him and sat down to light a cigarette.

He took a hard puff and flicked the ashes on the ashtray.

And then he looked at Andre and said, “You and she have a clear relationship, did you forget that I am legally married to him?”

Clear relationship?

Is he talking about the divorce papers Alina bought him on line?

Thinking of the girl’s evil deeds, Andre inexplicably wanted to laugh, but looking at the face of the Satanic cold Caleb, he still held back.

“And you know it’s only legal?” He said coldly.

As his words fell, the air in the office went cold.

Caleb looked at Andre with a biting and mocking look, and Andre didn’t understand what Caleb meant by looking at himself with this look.

What is there for him to mock?

And sure enough, the next moment, Caleb’s poisonous words uttered.

“It seems that no matter how good you are, you can’t escape the genetic inheritance.” These words were spoken with the utmost mockery.

Andre, "What do you mean?"

Why is it still about genes?

Caleb's sarcasm increased at the corners of his mouth as he took a drag from his cigarette, then pushed the butt into the ashtray and looked at Andre.

And then said, "Your grandmother, back then, was also a third party."

Andre just felt his brain explode, buzzing.

He jerked up and looked sharply at Caleb.

"You think what she did was holy and glorious?"

"Caleb, you bastard." Andre instantly burst into anger, just now he thought Caleb was here to fight.

And now, he wanted to fight him.

The scene was instantly intense.

No matter how many things happen to him, he can cope with it, but his grandmother is involved, Andre can't stand it.

The two men are on par with each other, and both are down for the count. After all, it is in Andre's company. The securities were to help, but Andre stopped them.

The scene, for a time, was intense. Since Andre became the president of this international company, he has always given the image of being stable and serious.

This is the first time they've seen such a thunderstorm against someone with a ruthless hand, and the staff of the secretarial department who followed the closest around were in cold sweat down their spines.

Those female employees, however, only felt that their president seemed more handsome.

Management ability is super, and now he could even fight with force.

"Caleb, I thought you were disgusting back then when you did what you did, and now I think you're even more disgusting."

An hour later, the two stopped.

Andre looked at Caleb sarcastically.

Caleb, "You can't judge what I did with her back then."

"You're just disgusting."
