

I'm Richer Than My Billionaire Ex-husband Chapter 82

Vanessa picked up the cup of tea in front of her and took a sip, "It's late, go back."

Vanessa has no answer to Alina's question, which makes Alina a bit confused.

When Alina got out of Collins Castle, she called Andre, who said, "I'd like to have that son too, if I were in the place."

"Is that case?"

"That's for sure."

If her son was like this, she would hate not to have one.

But as a mother, she didn't take her son's side on this point, so it's clear that Vanessa is still very much on her feet when it comes to the big issues.

This alone makes Alina admire her.

"Before Grandpa Max left me a lot of fortune, I do not want that, now this share..."

And Vanessa totally looked like she was just responsible for passing it on to her.

"Then be a good chairman."

Alina remembered that Grandpa Max was the chairman of AIG before, and now the shares are completely given to her?

"I just don't want to get involved with him."

"Just think of it to defeat Emma."

Alina was instantly speechless. If Emma knows Alina will become the chairman of AIG, she will be pissed off.

This also means that Caleb has little equity left, which was not evident before when Grandpa Max was alive.

But if she did get involved, Emma would be overwhelmed.

Just thinking about that face, and Caleb's face, makes Alina feel better.

"But don't I have to be busy?" It's not like she doesn't have her own thing to do right now, she simply doesn't have time to play.

Andre, "Just go to a meeting, piss them off, why do you need to take it seriously?"

That made Alina feel a lot more relaxed in an instant.

"Well, I'll do as you say."

Now, she is really comfortable in her heart.

What she doesn't know is that Andre's idea was a bad one, and Caleb was even more unkind to him when he found out about the fake divorce papers.

Now if he knows that Alina is about to take up the chairmanship of AIG, he will not have time to find trouble with her.

Alina went back to Mulherd Manor with a happy heart.

In the dim light, the man's Phantom was parked dominantly there. For Caleb's visit, Alina just felt annoyed to death.

Seeing the man sitting on her couch with that sullen face again, Alina was not nice, "What are you doing here?"

Did he know about the shares?

Originally in the time of getting that share, Alina still feel very tricky, but after Andre said, she changed her mind.

Caleb and Emma had done so much wrong before, she had to give them something back to return the favor.

"Go ahead, what's the request?" The man asked in a cold tone.

Alina raised her eyebrow.

"Nothing." She replied dryly. It is impossible for him to take that share.

Caleb looked over at her sternly.

Alina, "How much does the company make a year now?"

"What are you asking that for?"

Apparently, they were not on the same page at all, and Caleb didn't understand Alina's sudden question about the company.

Alina, "As the largest shareholder of the company, shouldn't I know the group's annual profit?"

The air was still.

This moment, as if a pin dropped on the ground can also be heard clearly.

Caleb, "What did you say? Shareholder?"

Alina, "You don't know yet?"

Then what did he mean by the conditions he just mentioned? Didn't he want to take back her shares and let him be the complete controller of AIG?

Alina took the share transfer out and handed it to Caleb.

It's signed and sealed by Grandpa Max and his lawyer, and it's a transfer document with absolute legal effect.

Before, Caleb didn't think much of it because his shares were in his grandfather's hands, even after his death.

It's not enough that Grandpa gave Alina his personal property, but now he gave her all the shares of the company.

Caleb looked at Alina and his eyes darkened.

Alina jerked the document over, "Don't doubt it, it was given to me by your mother herself, it's absolutely true."

"From now on, I am your boss, got it?" Looking at the man's darkened face, Alina couldn't tell how happy she was inside.

Although she and Caleb are not a slave and master, but now there is really feeling of unrestrained pleasure.

The next moment, a force came to her wrist, and without waiting for her to react, the man's clear fresh breath approached.

And then he circled her in his arms.

Alina struggled.

The man's kiss, however, was more vicious.

Caleb punished the woman in his arms. Who gave her the guts?

Looking at her arrogance, Caleb wanted to punish her so badly.

Alina was so dizzy that she felt her brain was about to explode.

It took a while before Caleb let her go.

Alina, "Caleb, you're an asshole, I'm your big boss now, how are you do this to me?"

"Yes, Boss, remember to be at the company tomorrow for the board meeting." The corners of the man's mouth curled up.

His smile gives Alina the feeling that there is a trap.

Caleb in her world is never a good man.

"Okay." Alina wasn't afraid of him.

Looking at her exasperated look, the smile on the man's face grew thicker.

Looking at this smile, Alina was more exasperated.

And he even kissed her.

Thinking of this, Alina is very angry, rushed to the bathroom to washed her mouth.

When he came out, she saw Caleb, full of chills, still in.

His character is so unpredictable.

"Why aren't you leaving yet?" Don't ever tell her that this man is still going to live here.

It was as if the man had read her mind, and the next moment, he said, "Do I need to remind you of our current relationship?"

Speaking of this relationship, Alina got angry.

She believed in Isabel's ability and she would help her clear up this relationship in the shortest possible time.
