

## I'm Richer Than My Billionaire Ex-husband Chapter 84

Alina and Caleb went to the conference room together, and Emma, who had been waiting for Caleb, saw the scene.

As Tomas was about to follow him in with the papers, Emma grabbed him, "Why is she going to the conference room?"

That's Alina.

Emma was already unhappy with Alina, and now when she saw the two of them together at work, she felt a choking sensation in her heart.

Obviously, it is completely unacceptable for her what is happening now.

Tomas looked at her apprehensively and said, "It's the board meeting."

"So what's Alina doing in there?" Don't ever tell her that Alina still has something to do with this group.

If that's the case, she might see Caleb at work day in and day out in the future.

Emma's face looks very bad when she thinks about it.

"If there is no surprise, Miss Hughes will be the chairman of this group."

Boss of Caleb? How could it be? How could this happen?

Alina came back in silence, but now, Emma always felt that Alina had a feeling of settling scores.

For Oklens big show, she didn't move at all, so it's totally here for her?

As she thought this, Emma's face grew whiter and whiter.

The session lasted until noon.

Alina, somewhat wearily, and Caleb emerged from the conference room, followed by a large group of shareholders.

Looking at the image of the two walking together, at that moment, Emma didn't know what it was like to have a storm sweep over her sanity.

This shameless woman.

When in the underground garage, Alina didn't agree to have lunch with Caleb, and after the meeting was over, she was in a hurry to leave.

However, she met Emma in the underground garage.

“You shameless woman.” Emma couldn’t help but yell at Alina.

At her words fell, Alina slapped Emma’s face so hard that Emma felt her temples popping.

Alina is not the silent person she used to be.

So now she all the time fights back.

Emma looked at her with bitterness, “You hit me?”

“I’m going to give that words to you, and I think I have a fact to inform you about.”

“.....”

“Although I don’t care for the marriage between Caleb and me, every penny he spent for you during the life of my marriage to him was half mine.”

“.....”

“I’ll see my lawyer in a moment, I have the right to pursue my property, so you wait for the lawsuit.”

Later, Alina went straight to her car.

Emma stood in place with a chilled body, never at that moment, felt such a sense of humiliation now.

When Alina took her for?

Caleb’s mistress?

So, what is Alina doing now? Falling out with Caleb and pursue her?

Not to mention Caleb, Emma has never seen Alina at this state before.

She is, indeed, too ruthless.

Emma stood in place, and for a long, long time could not come back, feeling suffocating.

Alina went straight to Isabel.

She looked so adorable, but it can make others scandalized.

It was as if hearing this name would mean losing everything.

“Mr. Collins won’t agree to divorce you yet.” Isabel said as she took a sip from the coffee cup in front of her.

Alina, “He had to, he was the one who cheated.”

Alina said fiercely.

Isabel’s hand holding her coffee cup paused.

And then she looked at Alina and said, “He said it was before the marriage, and he didn’t admit it during the marriage.”

“Deny it? But that evidence...”

“There is no they are in bed.”

Alina, “What do you mean?”

Meaning that the evidence is not solid enough?

She doesn’t like this result.

How to take a pictures of them in bed?

Does she expect Caleb to give it to her himself?

Isabel put down the coffee cup in her hand, “Now there are two problems, first, Mr. Collins does not want to divorce. Second, Mr. Collins won’t admit he cheated on you.”

“What do you mean?”

“In that case, it’s not easy to get a divorce.”

“I just want to know if I can divorce.”

Isabel, “Yes.”

“Good, no matter how much it costs, I need the divorce.”

Alina said very firmly to Isabel.

Isabel looked at the determination in Alina’s eyes and nodded, “Okay, I know.”

When she went to Caleb today, he seemed pretty confident that he thought Alina was making a fuss.

But now he saw that she want a divorce for real.

So, no matter how good a man is, there are times when it is better not to be too presumptuous.

Once the woman gives birth to the idea of divorce, that is, must be divorced. But do not think that she is in a temper tantrum.

Alina, "One more thing."

"What?"

"Half of the money he spent for Emma was mine, and I'm pursuing it."

Not only does she want Caleb get nothing, but she also wants the third party to pay them back.

This is a first for Alina. Isabel has been in so many lawsuits, but this is the first time she saw Alina has been so aggressive.

"She's spent a lot of money from Mr. Collins over the years, hasn't she?" Isabel said, pretending she didn't know Caleb well.

Alina, "That illness alone should have millions, her house and her care are his."

Those, and the credit cards, the jewelry were things that could definitely be checked.

And all are worth a lot, so to let Emma return them, Alina is letting Emma go bankrupt.

She is really very ruthless.

"Since these are your requests, I will add them for you."

"Okay."

Alina's heart finally felt better.

How indifferent she was during the previous trip to Oklens, then how ruthless she is now.

Before she was all heart to enter, and now is to settle the scores little by little.
